null mutation in ciliary neurotrophic factor gene, patients with schizophrenia, erratum, 4963
observations of preparation & conduct of web-based conference to create algorithms for depression & schizophrenia, experts in several fields, 803
obstetric complications & age at onset of schizophrenia & gender, commentary reply, 1627
obstetric complications & age at onset of schizophrenia & gender, commentary, 1617
obstetric complications & other prenatal & perinatal risk factors in & vulnerability stress models of schizophrenia, 4945
obstetric complications at birth, prediction of drug treatment outcome, 1st-episode schizophrenic 14–39 yr olds, 25140
obstetrical complications as etiologic mechanisms, risk of schizophrenia, children followed to age 22, 14545
obstetrical complications, early age onset of schizophrenia, patients with childhood onset schizophrenia vs siblings, 37380
occurrence of depression during longitudinal course of schizophrenia, patients with schizophrenia vs schizoaffective & major depressive disorders (mean age 23 yrs), 4.5 & 7.5 yr followup, 14578
occurrence of symptoms of restless leg syndrome & periodic leg movements during sleep during treatment with olanzapine, 41-yr-old male with residual-type schizophrenia, 38267
olanzapine dosage, dopamine D-2 receptor occupancy & extrapyramidal side effects & therapeutic response, schizophrenic 19–55 yr olds, 25211
olanzapine dosages, extrapyramidal symptoms & other side effects, 39–59 yr old patients with schizophrenia & schizoaffective disorder, 21888
olanzapine for treatment-refractory schizophrenia or schizoaffective disorder, 22–44 yr old patients responsive to & intolerant of clozapine, 3 mo followup , 28510
olanzapine induced obsessive-compulsive disorder, males with schizophrenia, 21929
olanzapine overdose in suicide attempt, 38 yr old female with schizophrenia, 31632
olanzapine treatment following clozapine induced granulocytopenia, patients with chronic schizophrenia (aged 26–38 yrs), 15344
olanzapine vs haloperidol, symptomatology & parkinsonian side effects, patients with treatment-resistant schizophrenia, 15280
olanzapine vs risperidone treatment, course of depressive symptoms as predictor of relapse, patients with schizophrenia, 28 wk study, 31705
olanzapine vs risperidone, mood & subsequent quality of life, 18–65 yr olds with schizophrenia or schizophreniform or schizoaffective disorder, 18748
olanzapine, cholesterol & triglyceride levels & weight gain, 27–67 yr olds with schizophrenia, 16 mo average followup, 35020
olanzapine, clozapine discontinuation symptoms, adult in- & out-patients with schizophrenia treated with clozapine, 9+ wk study, 38319
olanzapine, delta sleep & sleep efficiency, schizophrenic patients (mean age 33.6), 28492
olanzapine, hospitalized 31–49 yr olds with treatment-refractory schizophrenia, 12232
olanzapine, thioridazine induced neuroleptic malignant syndrome, 37 yr old male with schizophrenia, 25173
olanzapine-induced reversible neutropenia, 81 & 44 yr old patients with chronic schizophrenia, 35025

olanzapine-induced thrombocytopenia & idiopathic thrombocytopenic purpura, 30 yr old female with paranoid schizophrenia, 2274
olfactory identification, patients with treatment-refractory schizophrenia, 21159
olfactory sensitivity to isoamyl acetate & androstenone before vs during treatment with neuroleptic drugs, patients with first episode schizophrenia vs psychotic disorder, 25224
origin & course & treatment of schizophrenia, commentary, 4937
outcome oriented approach to long term antipsychotic drug treatment of schizophrenia, 38270
P300 subcomponent abnormalities & relationship with positive & negative schizophrenic symptoms, patients with schizophrenia, 11413
P300 topography & presence of temporal abnormalities, 18–55 yr old male patients with schizophrenia or manic psychosis, 11337
panamesine, plasma cytokine & soluble cytokine receptor levels & blood cell counts in 18–44 yr old patients with schizophrenia & sleep changes in healthy 22–29 yr old males, 12169
parasympathetic & sympathetic & pituitary-adrenal functions & postoperative ileus or hypotension, 40–69 yr olds with chronic schizophrenia, 21144
parental role & premorbid characteristics & social adjustment, patients with schizophrenia who became parents vs remained childless, 11405
partial frontal lobe seizures, 85 yr old female who underwent bilateral frontal lobotomy for presumed schizophrenia, 5688
participation in work-related rehabilitation program, quality of life, 20–60 yr olds with schizophrenia, 9267
passage through blood-brain barrier & occupancy of striatal D2-like dopamine receptors of panamesine EMD 59983 metabolite EMD 57445, patients (aged 30–55 yrs) with schizophrenia, 38251
pathophysiological processes in neuropsychiatric disturbances of schizophrenia, 21133
pathophysiology of eye tracking abnormalities, 1st-episode treatment naive schizophrenic patients, test of frontal eye fields hypothesis, 1623
pathways to care & rates of compulsory admission on 1st vs repeated contact with psychiatric services, White vs African-Caribbean vs Asian patients with schizophrenia, 20-yr study, 19012
patient & caregiver & relationship characteristics, caregiving tasks & distress, caregivers of persons with schizophrenia or chronic psychosis, 9181
patient & family characteristics, adherence to behavioral family vs relatives' group therapy, schizophrenic patients (mean age 26.8 yrs) & their family, 34797
patient characteristics & needs & reoffending & violent behavior, 21–58 yr olds patients with schizophrenia formerly treated in medium security, 10 yr study, 21125
patient demographic & clinical characteristics & degree of staff criticism & rejection, inpatients with treatment-resistant schizophrenia & staff treating them, 32139
patterns of antipsychotic drug therapy, Medicaid patients with schizophrenia, 38281
perceived needs & negative symptoms, patients with chronic schizophrenia, 4938
perception of emotion & neurocognitive functioning, treatment-resistant schizophrenic patients (mean age 37 yrs), 1598
perceptions of social support role of extended family network, patients with schizophrenia & affective disorders, 1474
performance on Sentence Arrangement subtest of Wechsler Adult Intelligence Scale-Neuropsychology Instrument as evidence of cognitive deficits, 20–55 yr olds with schizophrenia, 37361
performing selective attention task, PET scans of anterior cingulate gyrus activation, patients with schizophrenia (mean age 35.7 yrs), 21128
performing selective attention task, PET scans of anterior cingulate gyrus activation, patients with schizophrenia (mean age 35.7 yrs), 21158
pericentric inversion of chromosome 9, mother & son with schizophrenia, 4947
period- vs cohort-related factors in changes in age-specific incidence of schizophrenia, Ss born in 1954–1965 & followed from 16–26 yrs, Finland, 30752
personal experiences of illness & explanatory models used to give coherence to their experiences of psychosis, 18–55 yr old outpatients with schizophrenia, 17924
personal experiences of illness & explanatory models used to give coherence to their experiences of psychosis, 18–55 yr old outpatients with schizophrenia, commentary, 17905
personal reflections on challenges & satisfactions associated with current schizophrenia research, comment, 30756
personal reflections on challenges & satisfactions associated with current schizophrenia research, 30705
personality dimensions & variability of insight, patients with schizophrenia or schizoaffective disorder, 5- & 12-mo followup, 11426
personality traits & coping & negative consequences in affect regulation model of comorbid substance use, patients with schizophrenia or schizoaffective disorder (mean age 42 yrs), 11401
personality traits & symptoms, male patients with schizophrenia or schizoaffective disorder, 17876
pharmacokinetic profile of clozapine & metabolites norclozapine & clozapine N-oxide in red blood cells, 18–48 yr olds with chronic schizophrenia, 8903
pharmacokinetics & efficacy & safety & quality of life & economic benefits of olanzapine, patients with schizophrenia, 15348
pharmacological treatment of refractory schizophrenia, 38222
pharmacological treatments of schizophrenia & mood disorders, 37285
phenomenological approach to & positive & negative symptoms in cycloid type schizophrenia & differentiation from core schizophrenia, 11439
phenotype of schizophrenia as disruption in cortical-thalamic-cerebellar-cortical circuit & resulting cognitive dysmetria, 37347
phosphorous magnetic resonance spectroscopy, assessment of phospholipid metabolism, schizophrenic patients on medication, 14573
pimozide augmentation of olanzapine, symptoms, 44 yr old male with schizophrenia & drug-resistant psychosis, 21962
place of residence & clinical & social morbidity & carer distress, schizophrenic 16–64 yr olds who were living with their families at time of initial study, 15-yr followup, 4934
planum temporal abnormalities, patients with schizophrenia, 11422
plasma concentration & outcome after acute clozapine overdose taken in suicide attempt, 19 yr old schizophrenic female treated with clozapine, 5608
plasma glutathione peroxidase in antioxidant defense system & symptom severity, 25–49 yr old males with schizophrenia, 21167
plasma homocysteine & methylenetetrahydrofolate reductase C677T gene variant in schizophrenia, 19–76 yr old schizophrenic inpatients, 30757
plasma homovanillic acid, healthy 1st degree relatives of individuals with schizophrenia, 21122
plasma levels of cytokines & soluble cytokine receptors, 18–83 yr old inpatients with major depression or schizophrenia or other psychiatric disorders, implications for immune system pathogenesis, 37266
plasma levels of S-100b protein, 19–58 yr old patients with schizophrenia, 21166
platelet intracellular calcium response to glutamate, schizophrenic patients, 17896
platelet levels of monoamine oxidase B, male Hispanic smokers vs non-smokers with schizophrenia, 14581
platelet serotonin & plasma cortisol & dexamethasone suppression test, 18–55 yr old male patients with schizophrenia, 21150
polydactyly associated with functional psychosis, adults with familial schizophrenia or psychosis, comment, 24281
poor antisaccade performance as indicator of disease liability in schizophrenia families, schizophrenic probands & 1st & 2nd degree relatives, US vs Micronesia, 11430
poor P50 suppression during paired-click auditory evoked response paradigm, schizophrenic patients & their clinically unaffected 1st-degree relatives, 8136
positive & negative affect & attributions of controllability, schizophrenic relapse, family members of persons with schizophrenia, 21146
positive & negative symptom correlates of prepulse inhibition deficits, 21–57 yr old male schizophrenic patients, 17899
positive & negative symptoms & relative regional cerebral perfusion, 20–41 yr old antipsychotic-naive patients with schizophrenia or schizophreniform disorder, 30734
positive & negative syndrome dichotomy vs tripartite syndrome models of psychopathology in schizophrenia & quantified EEG findings & symptomatology, 16–65 yr olds with schizophrenia, 37366
positive symptoms of schizophrenia, neurocognitive functioning for language and memory, hospitalized patients (mean age 36 yrs) with schizophrenia, 34165
possible dynamic imbalance of neocortical–subcortical interactions in etiology of early-onset schizophrenia, 37358
post-hospitalization suicide, 16–65 yr olds hospitalized for schizophrenia, 1913–1940, 11445
preattentive visual fixations during scanning of human faces & symptomatology, inpatients with chronic schizophrenia, 4956
precision of phonemic perception & processing, patients with schizophrenia, 11408
precision vs decay of short-term auditory sensory memory measured by backward masking, adult schizophrenic inpatients, 11427
preconscious parallel auditory processing, 19–49 yr olds with schizophrenia, 30743
predictability of model of caregiver burden & infectious illnesses, caregivers of persons with schizophrenia or schizoaffective disorder, 31972
predictability of model of schizophrenia caregiver burden & infectious illnesses, caregivers of 21-58 yr old persons with schizophrenia or schizoaffective disorder, 31974
prediction of quality of life from symptomatology in schizophrenia at exacerbation & stabilization, patients with schizophrenia, 24243
prediction of response to clozapine after olanzapine, treatment-resistant schizophrenic patients (mean age 38.9 yrs) , 27659
predictive validity of DSM-III-R vs ICD-9 vs ICD-10 vs CATEGO S+, prediction of 13 yr outcome, schizophrenic 15–54 yr olds, England, commentary, 14549
predictors of drug treatment response, patients with first-episode schizophrenia or schizoaffective disorder, 18730
predictors of residential independence, outpatients with schizophrenia (mean age 42.1 yrs) living in intermediate housing vs housing with no supervision vs supervision for 6 hrs a day, 17907
preexisting fetal abnormality & labor-delivery complications, patients with or at genetic risk for schizophrenia, 30733
prefrontal cortical dysfunction & altered GABA neurotransmission, patients with schizophrenia, 34170
prefrontal regional cerebral blood flow during rest or activation using SPECT, acute unmedicated schizophrenic female patients, 1610
premature labor induced by ECT, 29 yr old female with schizophrenia & depression, 12263
premorbid educational attainment & symptomatology & quality of life & cognitive performance & neurobiologic correlates of improved outcome, patients with schizophrenia , 1622
premorbid functioning & symptoms & neuroleptic responses, patients with atrophic & static schizophrenic psychoses, 24255
premorbid MMPI scale cluster profiles, prediction of paranoid & nonparanoid schizophrenia diagnosis at 25 yrs, adolescents at high genetic risk, 27657
premorbid social adjustment in childhood & adolescence, 16–50 yr olds with schizophrenia vs bipolar disorder, commentary , 24162
prenatal & perinatal complications, development of schizophrenia & bipolar disorder, 37260
prepulse inhibition of auditory ERPs as measure of sensory gating at hospital admission & discharge, schizophrenia patients, 8–21 wk followup, 19010
presence of heterozygous CYP2D6 with single allele mutation & neuroleptic metabolism, incidence of tardive dyskinesia, schizophrenic patients, 4946
prevalence & sex ratios & clinical symptomatology of schizophrenia, patients with schizophrenia in Micronesia, 11449
prevalence & sociodemographic correlates of schizophrenia & schizoaffective disorders & severe cognitive impairment, 15+ yr old city residents, Ethiopia, 34163
prevalence of comorbid personality disorders & prognostic significance for outcome, recovered vs nonrecovered schizophrenia patients (mean age 37.1 yrs), 24298
prevalence of depressive symptoms, adults in early course of schizophrenia, 5 yr study, 11451
prevalence of HLA-DR1 & DR4 genes, Japanese adults (mean age 38 yrs) with schizophrenia vs without, 21156
prevalence of obsessive-compulsive disorder & symptoms & patient prognosis, patients with schizophrenia, 37353
prevalence of obstetric complications & family history of schizophrenia, deficit vs non-deficit schizophrenic patients, 1579
prevalence of PTSD symptoms & relation to psychosis & involuntary hospitalization, 21–63 yr old schizophrenic & delusional patients, 24215
prevalence of smoking, 1st-episode patients with schizophrenia or schizophreniform disorder with less than 30 or no previous exposure to antipsychotics, 27694
prevention & treatment of adverse effects of antipsychotic treatment for schizophrenia, 25186
previous knowledge about & contact with severe mental illness & enrollment in short-term education course on severe mental illness, attitudes about schizophrenia, college students (mean age 37.6 yrs), 30719
proactive interference, evoked potentials & performance on cued recall of paired associatively learned material, Ss with schizophrenia, 14577
problem solving ability, patients with schizophrenia vs unilateral prefrontal lesions vs temporal lobectomies, 24283

processing of auditory stimuli during visual attention, 36–55 yr old males with schizophrenia, 8129
processing of neutral face vs non-biological complex geometric figure, eye movements, 24–51 yr old schizophrenics, 37374
production of interleukin-2 & interferon gamma and IL-10 & production responses to neuroleptics, paranoid vs nonparanoid chronic schizophrenic patients (mean age 32 yrs), 5611
professional identity & provocation of objective vs subjective scientific attitude during treatment of schizophrenia vs severely personality disordered patients, psychiatrists, comment, 35429
professional identity & provocation of objective vs subjective scientific attitude during treatment of schizophrenic vs severely personality disordered patients, psychiatrists, 15783
professional identity & provocation of objective vs subjective scientific attitude during treatment of schizophrenic vs severely personality disordered patients, psychiatrists, commentary, 28885
professional identity & provocation of objective vs subjective scientific attitude during treatment of schizophrenic vs severely personality disordered adolescent & adults, psychiatrists, comment, 32137
professional identity & provocation of objective vs subjective scientific attitude during treatment of schizophrenic vs severely personality disordered patients, psychiatrists, commentary, 28884
professional identity & provocation of objective vs subjective scientific attitude during treatment of schizophrenic vs severely personality disordered patients, psychiatrists, comment, 32150
prognostic significance of cognitive impairment in schizophrenia & relation to disease course & recovery, implications for cognitive rehabilitation effectiveness, 24289
propranolol, polydipsia, inpatients with schizophrenia, 8915
psychiatric & forensic disability factors & need for care, schizophrenic patients in high-security hospital & long-stay medium-secure provision vs high-dependency rehabilitation service, 38571
psychiatric & neurological symptoms & ward behaviors & course of violence behavior, 18–55 yr old hospitalized patients with schizophrenia or schizoaffective disorder, 30730
psychiatric adjustment & prevalence & onset of neurobehavioral deficits, 14–21 yr old offspring of schizophrenic parents, 30712
psychiatric hospital-based & vertically-integrated case management program for inpatient & outpatient & partial hospitalization, inpatients with schizophrenia, 28676
psychiatric nosology of schizophrenia & bipolar disorder from 1896–1930, 37269
psychoeducation medication management training & cognitive therapy & key-person counseling & patient characteristics, treatment outcome, schizophrenic patients, 2 yr followup, 21656
psychometric properties of Sustained Attention Test & correlations with measures of learning and social skills acquisition, patients with schizophrenia , 3331
psychopathy & violence, patients with schizophrenia or schizoaffective disorder, 24277
psychopharmacologic & psychological & patient management issues in switching to newer atypical antipsychotic medications, outpatients with schizophrenia, 8960
psychosis & positive & negative symptoms & posthospital functioning as risk factors for suicidal activity, patients with schizophrenia vs schizoaffective disorder, 7.5 yr study, 21140
psychosocial factors, suicide attempts, patients with schizophrenia-spectrum disorders, 1591
psychosocial occupational therapy vs social skills training, outpatients with persistent forms of schizophrenia, commentary, 31740
psychosocial occupational therapy vs social skills training, outpatients with persistent forms of schizophrenia, comment, 31741
psychosocial occupational therapy vs social skills training, outpatients with persistent forms of schizophrenia, commentary, 31730
psychosocial occupational therapy vs social skills training, outpatients with persistent forms of schizophrenia, commentary, 31728
psychosocial occupational therapy vs social skills training, outpatients with persistent forms of schizophrenia, commentary, 31731
psychosocial occupational therapy vs social skills training, outpatients with persistent forms of schizophrenia, commentary reply, 31736
psychosocial rehabilitation program, psychosocial functioning, Black adults with schizophrenia vs affective disorder vs schizophrenia & substance abuse, 2 yr followup, 19029
psychostimulants & hyperdopaminergic states in schizophrenic illness phases, patients with schizophrenia (mean age 40 yrs), 27689
psychotherapeutic perspective of schizophrenic process & emergence of consciousness in recent history & phenomenological causality, 18538
psychotherapy without psychotropic medication & therapist's role in treatment, 19-yr-old female with schizophrenia, 31423
psychotic symptomatology & prevalence & response to olanzapine & prediction of outcome, patients with schizophrenia (mean age 38.6 yrs), 30699
psychotic symptoms & failure to maintain cognitive set & motor coordination & stereotypy & global functioning & IQ, lexical choice decision RT, schizophrenic patients, 4967
pyramidal neuron size in hippocampus & correlates with total cell count & degree of cell disarray, schizophrenic probands, 34161
qualitative & quantitative meta-analytic review of olfactory dysfunction in schizophrenia, 30736
quetiapine monotherapy, 14-yr-old male with refractory schizophrenia, 2400
race differences in brain morphology & neuropsychological function in schizophrenia, review of psychiatric journals, 1994–96, 14562
radioimmunoassay of CSF chromagranin A vs B vs C in synaptic dense-core vesicles, 16–54 yr old schizophrenic inpatients, etiological implications, 27688
rates of schizophrenia diagnoses in White vs Black African-Caribbean vs Black inpatients from other countries of origin, Black Jamaican vs White British psychiatrists, UK, comment, 35426
rates of schizophrenia diagnoses in White vs Black African-Caribbean vs Black inpatients from other countries of origin, Black Jamaican vs White British psychiatrists, UK, 35422
rates of schizophrenia diagnoses in White vs Black African-Caribbean vs Black inpatients from other countries of origin, Black Jamaican vs White British psychiatrists, UK, comment, 35424
reasons for non-prescription of clozapine, male inpatients (mean age 42 yrs) with treatment-resistant schizophrenia or schizoaffective psychosis, 38317
reasons for taking neuroleptics & ways of self-regulating medication, 18–56 yr olds with schizophrenia, 2386
recent adverse life events & completed suicide, victims with vs without schizophrenia, 30717
receptor binding of muscarinic antagonist [3H]AF-DX 384 in caudate putamen, deceased schizophrenic patients, 17903
recognition memory patterns for words & faces, male vs female schizophrenia patients with active vs withdrawn syndromes vs who were in symptom remission, 24258
recommended dosing schedule for risperidone, inpatients with diagnoses of schizophrenia or schizoaffective disorder, conference proceedings, commentary, 28478
recommended dosing schedule for risperidone, inpatients with diagnoses of schizophrenia or schizoaffective disorder, conference proceedings, commentary reply, 28455
reduced haloperidol, psychopathology improvement & extrapyramidal adverse effects, 19–59 yr old patients with acute schizophrenia, 35029
reduced volume of hippocampus & parahippocampal gyrus, patients with 1st episode vs chronic schizophrenia, 27701
reflexive & voluntary saccadic orienting for overt & covert attentional shifts, chronic schizophrenic inpatients, 1605
reflexive saccades & antisaccade abnormality, schizophrenic patients & their nonpsychotic 1st-degree relatives from multiply affected families, 8137
regional cerebral blood flow, Ss with schizophrenia (mean age 34.9 yrs), 24237
rehabilitation & drug treatment compliance, patients with schizophrenia, 38581
relation between dissociative experiences of depersonalization & fantasies & self-reported coping behavior, 17–76 yr olds with vs without depression vs anxiety vs schizophrenia, 11343
relation between gray matter volume & clinical & neurocognitive measures, males vs females with 1st episode vs previously treatment schizophrenia, 37365
relation of sensory integration & other neurological signs to eye tracking disorders, patients with schizophrenia, correction, 17919
relationship between affect expression & recognition, clinically stable & medicated male veteran inpatients (mean age 42 yrs) with schizophrenia, 27708
relationship between anhedonia & depression, patients with major depression &/or deficit schizophrenia, 27535
relationship between auditory ERP & disability in daily life, patients with schizophrenia (mean age 40.6 yrs), 24264
relationship between auditory ERP mismatch negativity & quantitative EEG & CT & psychopathological ratings, 18–44 yr old schizophrenic patients before & after neuroleptic treatment, 37370
relationship between childhood behavior problems & adulthood schizophrenia-related psychoses & comorbid substance abuse, offspring of parents with schizophrenia or affective disorder, 25 yr follow up, 17749
relationship between family burden & sociocultural context, Euro-American vs Latino adults with schizophrenia or depression & their family members, 11327
relationship between family burden & sociocultural context, Euro-American vs Latino adults with schizophrenia or depression & their family members, comment, 24128
relationship between insight into mental disorder & suicidality, 18–70 yr old patients with schizophrenia, 24285
relationship between neurocognitive variables & social functioning, outpatients with schizophrenia (mean age 40.1 yrs), 2 yr followup, 24252
relationship between prefrontal neuronal pathology & dopamine activity, patients with schizophrenia vs monkeys, 14534
relationship between premorbid adjustment & performance on word association & sentence completion tasks & 3-syndrome model of symptoms, schizophrenic 20–65 yr olds, 11438
relationship of catatonia to schizophrenia symptoms & diagnostic classification, 8135
relationship of genotypes to sensitivity to & selective involvement in environmental risk factors for schizophrenia & other illness, implications for role of molecular genetics, 4966
relative density & laminar distribution of dopamine axons in prefrontal cortex, postmortem brains of humans with schizophrenia & monkeys treated with haloperidol, 37345
reliability & validity & diagnostic efficiency of the Rorschach Schizophrenia Index, patients with DSM-IV diagnosed schizophrenia or other psychotic disorder vs other personality disorders, 3317
reliability & validity of Clinical Assessment of Schizophrenic Syndrome, patients with schizophrenia, 13080
reliability & validity of Knowledge About Schizophrenia Questionnaire, 18–58 yr old inpatients with schizophrenia, 17895
reliability & validity of Medical Outcomes Study Short Form Health Survey & perceived functioning & well-being & short-term effects of olanzapine vs haloperidol, schizophrenic patients, 32657
repeated ingestion of grapefruit juice, plasma concentrations of haloperidol & reduced haloperidol & clinical status, 37–71 yr old females with schizophrenia receiving haloperidol, 18753
repeated reading of & answering questions about research protocol, comprehension & informed consent, adults (mean age 46.5 yrs) with schizophrenia in randomized clinical trials, 2409
repertoires of functional brain microstates during rest state, acute & neuroleptic-naive patients with schizophrenia, 34167
repetitive transcranial magnetic stimulation, side effects & negative symptoms & cognitive impairment, outpatients with chronic schizophrenia (mean age 39 yrs), 31729
research on antipsychotic drug use in schizophrenic treatment, workshop summary, 25157
response monitoring & priming task performance & event-related brain potentials, patients with schizophrenia (mean age 31.4 yrs), 21143
response to neuroleptic treatment, White vs African American vs Hispanic 18–65 yr olds with schizophrenia, 28488
review of 3 studies of ERP correlates of attention & RT in selective listening tasks, adolescents at high risk for schizophrenia , 8153
risk factors & management of suicidal patients with schizophrenia, 4955
risk for violent victimization & HIV, females with schizophrenia & co-occurring substance use disorders, 37224
risk of preterm birth & low birth weight & intrauterine growth retardation, women with schizophrenia, 34145
risk of tardive dyskinesia with conventional medications & efficacy & safety of long-term maintenance with olanzapine, patients with schizophrenia, 15305
risperidone effectiveness, treatment cost & outcome in public mental health setting, 18-65 yr olds with schizophrenia, 1 yr study, 12234
risperidone treatment for exclusively negative symptoms, 31 yr old male schizophrenic, 12199
risperidone treatment, relatives of patients with schizophrenia with patterns of negative symptoms & neuropsychological deficits , 21969
risperidone vs haloperidol, RT & manual dexterity & gross motor & motor sequence learning, inpatients with treatment resistant schizophrenia, 2346

risperidone vs haloperidol, schizophrenic symptoms & plasma levels of norepinephrine, patients with schizophrenia, 25222
risperidone vs haloperidol, verbal learning ability & strategy & retention, patients with treatment resistant schizophrenia, 25181
risperidone, D-fenfluramine induced central 5-HT responses, patients with schizophrenia, 2342
risperidone, development of major depression & obsessions, 29 yr old male with schizophrenia , 28475
risperidone, extrapyramidal symptoms, 60 yr old or older inpatients with schizophrenia or schizoaffective disorder, 18708
risperidone, P50 suppression deficit & clinical correlates, outpatients with recent onset schizophrenia, 1628
risperidone, serum prolactin levels & adverse clinical sequelae, patients with chronic schizophrenia, 12195
risperidone-induced involuntary perioral & tongue movements, female 21 yr old with schizophrenia, 31654
role of cholinergic system in pathophysiology & therapeutics of positive & negative symptoms, patients with schizophrenia, 14586
role of clozapine in aleviating dysfunction in dopaminergic mediated mesocorticolimbic reward system, patients with comorbid schizophrenia & substance use disorder, 15297
role of combined psychosocial & pharmacologic treatment, comprehensive management, persons with schizophrenia, 8769
role of corollary discharge systems & integration of brain motor systems of thought with sensory systems of consciousness in schizophrenia, comment, 34143
role of corollary discharge systems & integration of brain motor systems of thought with sensory systems of consciousness in schizophrenia, 14548
role of corollary discharge systems & integration of brain motor systems of thought with sensory systems of consciousness & relation to auditory hallucinations in schizophrenia, commentary, 30711
role of dopamine & norepinephrine & acetylcholine in core cognitive deficits of schizophrenia, therapeutic implications, 12170
role of emotion in schizophrenia, 11447
role of emotion in schizophrenia, comment, 24241
role of emotion in schizophrenia, reply, 24297
role of mitogen activated protein kinases in cerebellar vermis, postmortem brains of 42–82 yr old schizophrenic patients, 34169
role of muscarinic receptors via muscarinic agonist, rats & mice, animal models of schizophrenia, 10398
role of neuroconnectivity & synapse-enriched proteins in Alzheimer's disease & temporal lobe epilepsy & schizophrenia, 14401
role of prenatal & perinatal complications in etiology of schizophrenia & other psychoses, 24247
role of serotonin & dopamine in schizophrenia & new antipsychotic agents, 5661
RT to visual stimuli & P300 ERPs, treatment-resistant schizophrenic patients, 27704
safety & efficacy of amisulpride, schizophrenic patients with predominance of positive or negative symptoms, 34965
safety & efficacy of clozapine vs chlorpromazine treatment, geriatric veteran inpatients with schizophrenia, 12 wk study, 12190
safety & efficacy of clozapine vs chlorpromazine treatment, geriatric veteran inpatients with schizophrenia, erratum, 22687
sample characteristics, 16–25 yr olds at risk for schizophrenia, 27676
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary reply, 27682
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary, 27660
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary, 27667
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary, 27681
sample characteristics, 16–25 yr olds at risk for schizophrenia, commentary, 27683
schizophrenia & substance abuse & brain morphology, schizophrenia patients, 11435
schizophrenia defined as cognitive deficit vs by phenomenology, 34140
schizophrenia defined as cognitive deficit vs by phenomenology, comment, 34146
schizophrenia developmental trajectory & disease course & amelioration by antipsychotics, 4968
schizophrenia phenotype, 17–52 yr olds with schizophrenia with vs without velo-cardio-facial syndrome, implications for establishing DSM-IV diagnosis, 37378
schizophrenia symptoms vs neurocognitive measures as predictors of community functioning, 20–50 yr old schizophrenic patients, 14567
school performance, children who developed schizophrenia in adulthood, 21127
seasonality of hospital admissions, patients with schizophrenia , 12486
seizure duration & safety & effectiveness of concurrent clozapine & ECT, 25 yr old male with schizophrenia, 15083
selegiline augmentation to antipsychotic treatment, negative symptoms & overall functioning, 40 & 41 & 61 yr old patients with schizophrenia in continuing day treatment program, 15299
self esteem & empowerment treatment model, coping skills & self esteem & psychiatric symptoms, adults with schizophrenia, 6 mo followup, 28299
self- vs physician-ratings of patient attitudes toward their illness, 18–69 yr olds with schizophrenia vs other psychotic disorders, 14533
self-assessed Quality of Life Scale scores, 21–87 yr old schizophrenic patients living in their own apartments vs hospitalized vs receiving community treatment vs living in a group home , 1609
self-care & health related practices & status, outpatients with schizophrenia, 24261
self-report vs interview-based quality of life measures, 20–50 yr olds with schizophrenia, 1583
semantic memory & priming, healthy adults with schizophrenic language disturbances, 10124
sensorimotor gating abnormalities & thought disturbances measured in close temporal proximity, 24–53 yr old males with schizophrenia, 14571
sentence verification task as measure of semantic memory & delusional thought, 18–55 yr old schizophrenic patients, 1615
serotonergic basis of antipsychotic drug effects in schizophrenia, 8922
serotonin 5-HT2 & D2 receptor occupancy of clozapine & risperidone & olanzapine, 19–54 yr olds with schizophrenia, 12192
serotonin-2A receptor promoter polymorphism incidence as marker of genetic predisposition, schizophrenia patients (mean age 43.7 yrs), 17917
sertraline added to haloperidol treatment, positive & negative symptoms & pharmacokinetic interactions, inpatients with schizophrenia, 2356
serum level of interleukin-2 soluable receptor alpha & interleukin-6 & interleukin-1 receptor antagonist before vs after neuroleptic administration, schizophrenic patients (mean age 34.4 yrs), 24238
serum levels of autoantibody to nerve growth factor, 25–50 yr olds with paranoid- vs recurrent/progressive- vs slowly progressive schizophrenia, 30728
serum testosterone level & criminal behavior, male patients with schizophrenia or personality disorders, 30632
services & treatment outcome, families of adults with schizophrenia, 1 yr study, 12395
severe akathisia during olanzapine treatment, 31–60 yr olds with schizophrenia, 5639
severity of substance abuse & social functioning & legal problems & violent victimization & medical problems & depression & anxiety, male vs females with schizophrenia or schizoaffective disorder, 7989
sex & race & weight & smoking status & dose & age at 1st assay, prediction of steady state clozapine plasma concentration, patients with schizophrenia, 2378
sex & size & fiber composition of anterior commissure, postmortem brains of individuals with schizophrenia, 21138
sex &/or age of illness onset, frequency of hallucinations, drug-free schizophrenic vs schizoaffective inpatients (mean age 32.3 yrs) in acute episodes, 24287
sex differences & early disease course, patients with schizophrenia, 12 yr study, 4942
sex differences in incidence & age of onset of schizophrenia, males & females followed between 16 & 28 yrs of age, 21153
sex, neurobehavioral laterality indices across motor & sensory & language vs spatial & verbal vs spatial memory domains, patients with schizophrenia (mean age 33.9 yrs), 14574
sexual offenses & antisocial sexual behavior, 19–49 yr old male hospitalized patients with schizophrenia, 19021
short & long term memory performance & potential effects of clinical variables & study characteristics on research results, schizophrenia patients, 34139
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28465
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28487
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, commentary reply, 28400
short-term efficacy & safety of risperidone vs clozapine, 18–65 yr olds with treatment-resistant chronic schizophrenia, comment, 28419
shortcomings of drug models in study of pathophysiology of schizophrenia & relation to NMDA antagonist model for schizophrenia with focus on ketamine, 4089
side effect as qualitative indicator of plasma concentrations of chlorpromazine &/or its metabolites, 19–50 yr old schizophrenic patients, 15288
significance of age of onset & brain size & hand-eye & hand-foot crossed dominance, schizophrenic in- & outpatients (mean age 27 yrs), 27707
single-cell physiological approach for examination of functional brain architecture in monkeys & relation to working memory & disordered cognition in schizophrenia, 34156
site of nerve damage responsible for motor dysfunction, patients with schizophrenia, 14558
skin conductance responses as measure of electrodermal activity during short interstimulus interval stimulation, patients with schizophrenia, 11424
sleep disordered breathing & limb movements, older patients with schizophrenia (mean age 59.6 yrs), 21123
smoking & therapeutic response to clozapine in 21–56 yr old patients with schizophrenia, 28463
smooth pursuit vs saccadic eye movements, cerebral activation, 25–45 yr olds, implications for schizophrenia, 504
smooth visual pursuit tracking eye movements, patients with schizophrenia (mean age 41.2 yrs), 37386
social & pharmacologic & psychological factors in long-term treatment, adult male with schizophrenia, 9004
social & sexual functioning before vs after onset of illness, White vs Afro-Caribbean males with schizophrenia who have committed contact sex offences, 27709
social anhedonia, development of schizophrenia spectrum disorders, college students, 10 yr followup, 1601
social functioning & community psychiatric care needs, 17–58 yr olds with schizophrenia or paranoid psychosis assessed for 15 yrs after 1st hospitalization, 14593
social functioning, 17–58 yr olds with schizophrenia or paranoid psychosis assessed for 15 yr after 1st hospitalization, 14594
social perception & social skill, outpatients with schizophrenia, 1594
social support as predictor of long-term survival, deceased schizophrenic inpatients, 15588
social support as predictor of long-term survival, deceased schizophrenic inpatients, commentary, 15602
social support, outcome in 1st episode schizophrenia, patients, 5 yr study, 1584
socio-demographic characteristics & mental health service development of resident area & utilization & cost per patient of mental health service, 16–45 yr olds with schizophrenia, Spain, 2564
sociocultural factors in etiology of schizophrenia & relation to problems with mental health care delivery & psychiatric diagnosis & treatment, African-Caribbeans in Britain, 31379
sociodemographic factors & medical comorbidities, self ratings of physical & mental health & symptoms & quality of life, patients with schizophrenia, 30706
sociodemographic variables & psychiatric history & insight into symptoms & other factors, violence prediction, inpatients with schizophrenia or schizoaffective disorder, 30694
source monitoring deficits & autonoetic agnosia, patients with schizophrenia, 34164
spatial working memory & clinical symptoms of schizophrenia, acutely psychotic schizophrenia patients (mean age 34.8 yrs), 4 mo followup, 30741
spatial working memory & neuropsychological & oculomotor correlates, schizophrenia patients (mean age 35.7 yrs), 30750
specificity of developmental precursors of schizophrenia vs affective disorders from epidemiological studies of birth cohorts, 24171
specificity of word & tone working memory deficits, outpatients with schizophrenia, 8160
SPECT, assessment of visual fixation & cerebral blood flow, 20–50 yr old schizophrenic patients vs comparison subjects, 27692
speech disturbances & family psychiatric history in parents, schizophrenic outpatients & their parents, 8139
spontaneous magnetoencephalographic activity, male schizophrenics treated with clozapine (mean age 28.3 yrs) vs haloperidol (mean age 31.3 yrs) , 18737
stability of cognitive function & relationship between cognitive performance & clinical symptoms, first-episode & recent-onset schizophrenia patients (mean age 24 yrs), 5 yr study, 34155
stability of deficit syndrome diagnosis, outpatients with schizophrenia or schizoaffective disorder, 17894

stability of neurological soft signs in relation to psychopathology & drug therapy with typical vs atypical neuroleptics, chronically hospitalized Ss with schizophrenia or schizoaffective psychosis, 11441
stage of "readiness" to change & acceptance of problem, outpatients with schizophrenia & substance abuse, 17748
stimulus control treatment strategies for auditory hallucinations & delusions, inpatients with schizophrenia, 6 wk study, 8809
stimulus-onset asynchronies & contrast thresholds in spatial frequency masking, 26–42 yr old schizophrenic outpatients with positive vs negative symptoms, 11440
striatal & temporal cortical D2/D3 dopamine receptor occupancy by typical antipsychotic drugs, 25–58 yr old schizophrenic patients being treated with antipsychotics, 34961
striatal D2 dopamine receptor occupancy of neuroleptic & clozapine & occurrence of extrapyramidal side effects, inpatients with schizophrenia, 5607
striatal dopamine-2 receptor occupancy, 19–54 yr old schizophrenic patients treated with olanzapine vs clozapine vs haloperidol, 12245
structural & functional asymmetries of brain & disturbances in schizophrenia, 14572
structural brain abnormalities & schizophrenia outcomes, 24290
structural brain abnormalities as marker for genetic liability for schizophrenia, schizophrenic patients (mean age 37.5 yrs) & unaffected first-degree relatives, 4959
structural brain neuroimaging of abnormalities in schizophrenia, 34184
structure of dorsolateral & medial & orbital regions of frontal lobe & cognitive function & symptomatology, 18–40 yr old males with schizophrenia, 24240
subcortical basal ganglia & thalamus MRI volumes, neuroleptic-naive & treated patients with schizophrenia, 8904
subtype diagnoses of schizophrenia, Japanese vs European psychiatrists, 21162
suggested minimal effective dose of risperidone based on positron emission tomography measured dopamine & serotonin receptor occupancy, 18–52 yr old patients with schizophrenia, 25202
suicide rates, patients with schizophrenia or schizoaffective disorder with vs without clozapine treatment, commentary, 8946
suicide rates, patients with schizophrenia or schizoaffective disorder with vs without clozapine treatment, commentary reply, 8936
suicide risk & schizophrenia & clozapine treatment, 25195
superior efficacy of clozapine & moderate D-sub-2 receptor occupancy, schizophrenic patients, comment, 28464
superior efficacy of clozapine & moderate D-sub-2 receptor occupancy, schizophrenic patients, commentary reply, 28407
symptom patterns, hemispheric specialization in verbal & spatial information processing, male schizophrenics with perceptual aberrations, 4969
symptom profile, 16–50 yr old White vs African-Caribbean schizophrenic patients, England, 24262
symptom reduction & outcomes & quality of life in patients with schizophrenia, 14566
symptomatology during 1st episode & symptom dimensions across life span, patients (mean age 11.8 yrs) with childhood onset schizophrenia, 42 yr study, 37355
symptoms of obsessive-compulsive disorder & comorbidity with schizophrenia & selective serotonin reuptake inhibitor treatment, commentary, 37363
syndrome asymmetry relations & drug influences on functional neuropsychophysiological asymmetry in schizophrenia, 14551
T-cell counts & CD4/CD8 ratio, patients with chronic vs first episode schizophrenia, 30751
temporal stability of neurological abnormalities, 26–45 yr old 1st episode patients with schizophrenia, 5 yr follow up, 34174
Terminator movie, self mutilation with stainless-steel needles inserted into the body, 53 yr old male patient with schizophrenia, 27655
test–retest reliability on self-report questionnaires of symptoms & personality related to social functioning & quality of life & treatment outcome, schizophrenic inpatients, 9869
tetrabenazine, psychotic symptoms, adult male with treatment-resistant schizophrenia, 2324
the role of serotonin in schizophrenia, 8157
theory for disorganized & reality-distortion schizophrenia as disturbances in multiple constraint organization between neurological subsystems in brain, 34185
theory of mind skills, schizophrenic vs psychotic vs depressed Ss during acute episode vs post-recovery, implications for C. D. Frith's neuropsychological theory of schizophrenic metarepresentation, 1581
therapeutic window of serum haloperidol levels, 19–59 yr old acutely psychotic schizophrenic vs schizoaffective patients, 5677
thought disorder & psychosocial functioning, occupational functioning, patients with schizophrenia or manic bipolar disorder or nonpsychotic depression 7–8 yr study, 21692
thought disorder associated with cognitive mechanism in semantic priming, patients with chronic schizophrenia, 8130
thought disorder associated with semantic processing abnormalities, schizophrenic patients , 8141
thought disorders, ketamine-induced healthy Ss (mean age 35.2 yrs) vs patients with schizophrenia (mean age 33.4 yrs), 37344
timing of 1st administration of antipsychotic medication after 1st onset of psychotic symptoms, symptoms & clinical course, patients with schizophrenia or schizophreniform or schizoaffective disorders, 5630
transcranial magnetic stimulation of left temporoparietal cortex, presence of auditory hallucinations, 30- & 34- & 40 yr old patients with schizophrenia, 27677
transtheoretical model for treatment of substance abuse, schizophrenic patients, 9228
treated vs untreated smoking abstinence, psychotic symptoms & medication side effects, cigarette smoking outpatients with schizophrenia or schizoaffective disorder, 28764
treatment compliance & social behavior & subjective quality of life as factors of social adjustment, outpatients with schizophrenia or schizoaffective disorder, 2-yr study, 11442
treatment compliance with neuroleptic medication, 20–65 yr old schizophrenic patients, 31693
treatment costs, adults with schizophrenia, 1 yr study, 8715
treatment effectiveness of low vs standard dose of loxapine, 17–56 yr olds with schizophrenia, 21926
treatment program designed to teach fundamental workplace skills, employed persons with schizophrenia & affective disorder, 6 mo followup, 35298
trends in neurodevelopmental hypothesis of schizophrenia, 24244
twin concordance for schizophrenia, cerebral ventricle brain ratio, monozygotic twins, 4953
type I errors & power & bias & confidence interval widths of Pearson vs Spearman vs Kendall correlation coefficients in analysis of scores on 7 rating scales, inpatients with schizophrenic disorders, 16404
types of helping contact & delays in subsequent treatment, adults with first episode psychoses & schizophrenia & depression, commentary, 14464
typical antipsychotic drugs vs risperidone, quantity & quality of sleep, patients with schizophrenia, 38235
ultrastructure of synaptic contacts in immunocytochemically identified dopaminergic neurons in substantia nigra, patients with schizophrenia (aged 66–75 yrs at time of death), 21142
unimanual vs bimanual vs dual task conditions, attentional processing capacity in performance on 2 motor tasks, 27–55 yr olds with schizophrenia, 30708
unique vs combined influence of individual & illness & functional & milieu variables, self-esteem & distress & life satisfaction, adults with schizophrenia or schizoaffective disorder, 17898
unitary pathogenetic hypothesis as schizophrenia as progressive developmental disorder, 8161
unreported side effects of olanzapine, African American male 27 & 37 yr olds with schizophrenia, 21972
urban birth & later schizophrenia diagnosis, live birth cohorts from 1942–78 in the Netherlands, 4950
urban place of birth & residence, risk of adult schizophrenia onset, birth cohorts (maximum age 23 yrs), 37375
urinary bombesin-like peptide levels, cigarette smokers with vs without schizophrenia, implications for development of lung cancer, 8372
urine specific gravity, incidence of polydipsia & hyponatremia, hospitalized patients with schizophrenia, 34162
use of alternative phenotypes for linkage analysis in complex genetics of schizophrenia, 14550
use of clock drawing tests, assessment of cognitive function, patients with schizophrenia, 14553
use of neurochemical & magnetic resonance imaging techniques for examination of biochemistry of schizophrenia, 34191
use of newer antipsychotic agents with first-episode schizophrenia & dual diagnosis & elderly & children & adolescents with schizophrenia or other psychotic disorders, 5648
use of own abilities to form self-authored community & importance of day-to-day relationships, individuals with schizophrenia, 27654
use of risperidone for treatment of schizophrenia, Canada, 2335
use of utility-based measures of health-related quality of life to evaluate efficacy of psychosocial treatment & antipsychotic medications, patients with schizophrenia , 26153
usefulness of PCP administration as a potential animal model of schizophrenia, 10595
utility of maternal recall for obtaining history of obstetric complications, mothers of schizophrenic patients, 1573
validity of Allen Cognitive Level Test, persons with schizophrenia living in long-term psychiatric hospital vs community, 8145
validity of Five-Minute Speech Sample as measure of expressed emotion, family members of 15–65 yr old schizophrenia patients, Japan, 35909
valproate & haloperidol, patients with nonmanic schizophrenic or schizoaffective psychosis, 5619
value of phase III clinical trials for assessment of efficacy of novel antipsychotic drugs in treatment of schizophrenia, 38242
variables associated with high levels of expressed emotion or expressed emotion subscales at admission, relatives of patients with acute episode or relapse into schizophrenia, 3.8–9 mo study, 11402
velocity discrimination & impaired eye movements, patients with schizophrenia, 11406
venesection & normalization of hematocrit, polycynaemia rubra vera, male with acute episode of schizophrenia-like psychosis, 30740
verbal & spatial working memory, 9–20 yr olds with childhood-onset schizophrenia & ADHD, 4874
verbal memory impairments & work performance, patients with schizophrenia, 1572
visual & motion perception, patients with schizophrenia, 11407
visual backward masking, vision task performance & cortical oscillation, schizophrenia patients, 34157
visual evoked potentials & alterations in electrophysiological responses to attentional stimuli, male patients with schizophrenia, 1569
visual information processing deficits, performance, adult patients with schizophrenia, 30748
visual memory disturbance in schizophrenia, Rey-Osterrieth Figure Test performance, acute & chronic & remitted schizophrenic patients , 1618
vitamin B3 & corrective diet & hypoglycemia, 24900
volumetric abnormalities in frontal lobe subregions of superior frontal gyrus & anterior cingulate gyrus & orbital frontal region, 1st-episode schizophrenic patients, 17922
volumetric MRI study & clinical & cognitive correlates of the cerebellum & vermis, schizophrenia patients (mean age 37.6 yrs), 27690
white blood cell monitoring programs aimed at reducing rate of agranulocytosis in clozapine therapy for treatment-resistant schizophrenia, 25139
whole brain & bilateral temporal lobe & temporal gyrus volumes & laterality correlates of auditory hallucinations, schizophrenics (mean age 33.2 yrs) with history of auditory hallucinations, 37372
willed actions & advance information for movement preparation, performance on RT tasks, schizophrenic patients, 21136
winter pregnancy, Ss with schizophrenia, 27671
Wisconsin Card Sorting Task & Tower of Hanoi as measures of planning & problem-solving capacity, patients with schizophrenia, 17901
Wisconsin Card Sorting Test performance & prefrontal cortical function, adults with major depression vs schizophrenia, 21040
withdrawal from clozapine, rebound phenomenon of psychotic exacerbation & anticholinergic effects, 31–64 yr old treatment-resistant schizophrenic patients, 34967
within-trial & across-trial interrelationships between auditory ERP components & RT, schizophrenic patients, 1564
Wnt-1 expression in hippocampus, postmortem brains of 45–73 yr old schizophrenic patients, 30735
word recognition & discrimination accuracy & decision bias, positive & negative symptoms, patients with schizophrenia, 1571
zinc & manganese deficiencies, schizophrenia, 24280
zuclopenthixol, 19–64 yr old chronic neuroleptic-resistant aggressive schizophrenic vs psychotic oligophrenic patients, 2326

Schizophrenia [See Also Acute Schizophrenia, Catatonic Schizophrenia, Childhood Schizophrenia, Hebephrenic Schizophrenia, Paranoid Schizophrenia, Schizophreniform Disorder]—Books

Overcoming addictions: Skills training for people with schizophrenia, 32056
Prenatal exposures in schizophrenia, 24301
Psychosis in the inner city: The Camberwell First Episode Study , 17925
Schizophrenia in a molecular age, 24302

Schizophrenia [See Also Acute Schizophrenia, Catatonic Schizophrenia, Childhood Schizophrenia, Hebephrenic Schizophrenia, Paranoid Schizophrenia, Schizophreniform Disorder]—Chapters
Apperceptive Personality Test profiles of schizophrenics, 30766
Atypical antipsychotics in schizophrenia, 25259
Biological approaches to psychiatric disorders, 17851
A biopsychosocial approach to treatment of schizophrenia in late life, 31478
Cannabis and schizophrenia: An overview of the evidence to date, 17798
Cognitive behaviour therapy for psychotic symptoms in schizophrenia, 14597
Cognitive behavioural therapy of psychosis: Complexities in engagement and therapy, 14596
D_3 receptors and the actions of neuroleptics in the ventral striatopallidal systems of schizophrenics, 26871
Disability income, cocaine use, and contingency management among patients with cocaine dependence and schizophrenia, 18098
The Dutch famine studies: Prenatal nutritional deficiency and schizophrenia, 24308
Environmental interventions in schizophrenia 1: The individual and the domestic levels, 34766
Environmental interventions in schizophrenia 2: The community level, 34765
Epilepsy, schizophrenia, and the extended amygdala, 27505
An evolutionary approach to psychiatric disorders: Group-splitting and schizophrenia, 11453
Functional neuroimaging in schizophrenia: Symptoms, treatment, and etiology, 24309
The group as therapist for psychotic and borderline personalities, 15224
Group therapy with schizophrenic and bipolar patients: Integrative Approaches, 15225
A harmony in three parts: Utopian treatment for schizophrenia, 34757
Heat shock proteins and autoimmune mechanisms of disease in schizophrenia, 24316
Identifying genetic risk for psychopathology, 1630
Implications of early sensory processing and subcortical involvement for cognitive dysfunction in schizophrenia, 24307
Interaction of genes and prenatal exposures in schizophrenia, 24312
Latent inhibition in animals as a model of acute schizophrenia: A reanalysis, 36320
Mesolimbic activity associated with psychosis in schizophrenia: Symptom-specific PET studies, 27718
Modulation of cell firing in the nucleus accumbens, 27719
Molecular biology and antipsychotic medications, 24315
The multidimensional phenotype of schizophrenia, 24311
Neurodevelopmental origins of schizophrenia, 1629
Neuroleptic dosing in Hispanics and Asian patients with schizophrenia, 28532
Neuropsychology of schizophrenia and related disorders, 24306
New directions in family intervention programs for psychotic patients: Implications from expressed emotion research, 25098
The patient's view of antipsychotic pharmacotherapy, 25258
Plausibility of early nutritional deficiency as a risk factor for schizophrenia, 24304
Plausibility of prenatal rubella, influenza, and other viral infections as risk factors for schizophrenia, 24303
Prenatal development of the brain, 24313
The psychopharmacology of negative symptoms, 25254
Psychosocial treatments for individuals with schizophrenia and related disorders, 31487
Reincarnation and identity with schizophrenic psychoses, 34198
Review of neuroleptic dosage in different ethnic groups, 28521
Rhesus incompatibility and schizophrenia, 24310
Risperidone in the treatment of Hispanic schizophrenic patients, 28520
Schizophrenia among Hispanics, 27717

Schizophrenia: Evidence for a "cascade" process with neurodevelopmental origins, 24317
Seasonality, prenatal influenza exposure, and schizophrenia, 24318
Startle-response measures of information processing in animals: Relevance to schizophrenia, 36386
Suicide and schizophrenia, 8036
The therapeutic community and schizophrenia, 15605
Treatment of the African-American patient with novel antipsychotic agents, 28535
Treatment-resistant schizophrenia in African Americans, 28522
Ventromedial temporal lobe pathology in dementia, brain trauma, and schizophrenia, 27506
What does "community" mean for persons with mental illness?, 35206
Schizophrenia (Disorganized Type) [See Hebephrenic Schizophrenia]
Schizophrenia (Residual Type) [See Schizophrenia]
Schizophreniform Disorder—Serials
central nervous system infection Lyme disease, 42 yr old female presenting with schizophrenialike disorder, 15013
diagnosis of schizophreniform disorder, 37-yr-old woman, 6 mo followup, 24268
induction of schizophreniform disorder & other psychiatric symptoms, 52 yr old treated with spinal cord stimulator following perineoscrotal pain, 12349
prevalence of smoking, 1st-episode patients with schizophrenia or schizophreniform disorder with less than 30 or no previous exposure to antipsychotics, 27694
Schizophrenogenic Family—Serials
nosologic structure of psychosis, data from adults with schizophrenia or affective illness, commentary, 27664
nosologic structure of psychosis, data from adults with schizophrenia or affective illness, commentary reply, 27684
poor antisaccade performance as indicator of disease liability in schizophrenia families, schizophrenic probands & 1st & 2nd degree relatives, US vs Micronesia, 11430
Schizotypal Personality—Serials
attention & executive functioning including abstract reasoning & cognitive inhibition & working memory & verbal recognition memory, 20–55 yr old schizotypal personality vs schizophrenia patients, 21024
auditory P300 amplitudes, 19–35 yr olds with vs without schizotypal personality trait, 24366
Diogenes syndrome & hoarding, 86 yr old male patient with schizotypal personality disorder & obsessive-compulsive disorder & 80 yr old female patient with schizoid personality disorder, 27547
electrophysiological correlates of language processing for visually & aurally congruent vs incongruent sentences, 23–53 yr old males with schizotypal personality disorder, 27746
factor structure of JSS Schizotypal Traits Questionnaire for young Adolescents, 13–18 yr olds, 26136
incidence of schizotypy, 23–53 yr old members of New Religious Movements, 21221
individual differences in self-reported anomalous experiences & thinking styles & schizotypal traits & self-efficacy & intolerance of ambiguity, 18–39 yr olds, 30532
intrinsic vs extrinsic orientation to religion & schizotypal personality traits, 18–49 yr old college students, 37432
masking & masking task load, latent inhibition as function of schizotypality level, 18–45 yr olds, 1664
maximum covariance analysis of schizotypy construct measure robustness & latent taxonic structure, college students, 11423
minor physical anomalies & dermatoglyphic asymmetries & cortisol levels, adolescents with schizotypal personality disorder vs other personality disorders, 17967
morphologic abnormalities as indicators of nonoptimal fetal development, 11–18 yr olds with schizotypal personality disorder, 24300
MRI abnormalities of temporal lobe gray matter, 18–55 yr old males with schizotypal personality disorder, 21132
negative schizotypal traits & relation to divergent thinking & personality & perception as dimensions of creativity, 17–24 yr old college students, 30491
nicotine & caffeine & alcohol use, positive symptomology of schizotypy, undergraduate student smokers vs nonsmokers, 21145
role of neuroticism & schizotypy in self reported dissociative experiences & victimization, 18–58 yr olds, 8182
schitotypy & creativity–divergent thinking & reduced cognitive inhibition assessed by negative priming, 17–47 yr olds, 20910
skin-conductance orienting deficits & increased alcoholism, schizotypal criminals vs criminals & schizotypal noncriminals, 13 yr study , 21047
smoking status & schizotypy, auditory & visual latent inhibition & Stroop effect & negative priming, adults 24–46 yrs old, 17906
spontaneous movements & risk for schizophrenia, adolescents with schizotypal personality disorder (mean age 15.1 yrs) , 34193
Structural Analysis of Social Behavior Intrex questionnaires, differentiate features of borderline or schizotypal or no personality disorder, nonclinical young adults, 24369
structure & etiological constituents of schizotypal disorder, 18–30 yr old pairs of twins, 24361
thalamic size & shape & metabolic activity, patients (mean age 38.3 yrs) with schizotypal personality disorder or schizoaffective disorder, 30716
use of moment-by-moment perceptions as continguity cues vs learned regularity as contingency cues, causal decision making, young adults with high vs low schizotypy, 20918
verbal learning & memory as measured by California Verbal Learning Test, adults (mean age 35.9 yrs) with schizotypal personality disorder vs other personality disorders, 8236
Scholarships [See Educational Financial Assistance]
Scholastic Achievement [See Academic Achievement]
Scholastic Aptitude [See Academic Aptitude]
Scholastic Aptitude Test [See Coll Ent Exam Bd Scholastic Apt Test]
School Accreditation [See Educational Program Accreditation]
School Achievement [See Academic Achievement]
School Adjustment—Serials
adjustment during transition to high school & changes in coping autonomy & stressors & support & belonging & GPA & attendance, adolescents (mean age 13.7 yrs) & parents, 1-yr study, 15972
Afrocentric world view & adjustment to college, 18–28 yr old African American students attending predominantly White university, 2947
after-school programs, 1st grade adjustment, 5.8–7.5 yr olds, 25799
age, perceptions of challenges & obstacles to academic success, 20–58 yr old male vs female college students, 6233
asthma & allergic disorders, learning ability & school adaptation, children with asthma &/vs allergies, 28004
autonomy & school experience, Hispano students, 1920–1963, 25792
characteristics of friends & quality & stability of close friendships, school adjustment, students, 12702
college International Peer Program, adjustment to college environment, newly admitted international graduate & undergraduate students, 9500
consultations with school & family & phases of Adlerian play therapy, preadolescent boy experiencing trauma in home environment & school problems, 34814
counselor role in cognitive & psychosocial & behavioral & educational interventions, school adjustment, students with brain injuries , 3000
development & psychometric properties of Student Behavior Survey, student adjustment & behavior problems, kindergarten–12th grade special & regular education students, 3367
development & validity & reliability of Resident Assistant Self-Efficacy scale, assessment of beliefs about ability to positively influence student development, college resident assistants, 28984
development of aggressive & hyperactive–inattentive behavior problems & probability & nature of school adjustment problems, behaviorally disruptive kindergarten students, 6247
developments in collective & personal self esteem & residence hall membership, prediction of academic & social adjustment, 1st yr college students studied at beginning vs end of academic yr, 38859
early social relationships at home, prediction of social functioning in kindergarten or 1st &/or 2nd grade, children from urban low-income families, longitudinal study, 15988
emotional & cognitive patterns in development, 12–17 yr olds with school difficulties, erratum, 36814
ethnicity & family educational background, social & academic integration & academic success, Asian American vs Hispanic vs White college students, 32302

listening to lecture & own vs provided notes & review, effect of working memory & verbal ability & prior knowledge on quality of lecture notes & summaries & lecture recall, college students, 25771
management of cognitive resources to reduce cognitive load during spelling acquisition in text production, 2nd graders, implications for learning spelling, 15945
maternal adjustments in scaffolding in school-like vs home-like learning tasks, low-income Latino mother–child dyads, 20752
need for strategies for effective research on teaching & learning of writing, 15867
patterns of change in strategies for solving mathematical equivalence problems, 3rd & 4th graders, 7371
perceptions of using writing as component of science learning, students, 4 yr study, 15984
personal frameworks for science learning & cognitive engagement with peers during collaborative knowledge-building tasks in science classrooms, 8th graders, 9479
personal practice theory for science learning & role of teacher–student interactions, 6th grade teacher, 15891
phenomenographic study of process of metacognitive awareness & constructivist models of learning & recontextualization of student conceptions, 1st yr university students, 28961
pictures & sentence stimuli, learning of preposition words, 4.8–6.3 yr olds, 9452
politicians' statements & research findings on class size reduction & student learning, 9535
predicting quality & evaluating learning & usability heuristics & synergy in educational software, classrooms, 32237
prior mathematics conceptions & approaches to learning & perceptions of present studies & course grade, students in 1st yr university mathematics course, 2905
psychological factors & performance in virtual classroom & use of multimedia communications systems, model of learning through technological devices, nursing students, 6028
relationship among subject matter knowledge & teaching experience & mental models of student learning, Israeli 7th grader English teachers, 6130
residential learning communities, learning & intellectual development & involvement, college freshman, 28965
role of elaborate analogy in learning major concept from science text, 10–14 yr old 6th & 8th grade students, 9427
role of school disciplines & social representations in didactics of history & geography & civics, classroom practice & pupil learning, 19239
science class experiences with inquiry learning, middle school students, 9433
self-regulated learning during classroom writing & portfolio activities, 2nd & 3rd graders, 9488
standardization & validity of Learning Behaviors Scale, differential patterns of classroom learning, 5–17 yr olds, US, 26106
Strategic Content Learning approach to promotion of self-regulated learning, 19–48 yr old postsecondary students with learning disabilities, 9543
student decision making & learning in inclusion style of teaching, 5th graders, 2848
student design of hypermedia document as tool for classmate learning & development of critical standards, 6th & 7th graders, 2 yr study, 9425
student vs classroom level opportunity to learn, science achievement, 8th graders, 2924
teaching with traditional textbook & lesson discourse, definitions & explanations of astronomy concepts after 2 mo & 4 yrs, 5th graders, 2857
use of computer technology for facilitation of culture learning in foreign language education, 38808
use of cooperative learning methods in heterogenous social studies & science classes, urban 9th & 10th graders & teachers, 6160
views toward active learning in basic education, teachers & adult female immigrant students, 25797
visual-spatial thinking in science education & learning, 9385
vocabulary learning & story comprehension, K–2nd grade students taught in small groups with vs without inclusion of 5–8 yr old student with intellectual disabilities, 29032
volition, intention & attempts to learn, college students, 2911

School Learning—Books

Dialogic inquiry: Towards a sociocultural practice and theory of education, 35451
Electronic collaborators: Learner-centered technologies for literacy, apprenticeship, and discourse, 2880
The Enneagram intelligences: Understanding personality for effective teaching and learning, 12628
Facing learning disabilities in the adult years: Understanding dyslexia, ADHD, assessment, intervention, and research, 34472
Learning and studying: A research perspective, 6222
Learning through children's eyes: Social constructivism and the desire to learn, 28916
Pathways to success in school: Culturally responsive teaching, 19275

School Learning—Chapters

Abilities as aptitudes and achievements in learning situations, 6225
Academic literacy and the new college learner, 38856
Activating the zone of proximal development in school: Obstacles and solutions, 9537
A design theory for classroom instruction in self-regulated learning?, 22524
Designing constructivist learning environments, 22479
Designing instruction for constructivist learning, 22488
Inviting students to join the literacy conversation: Toward a collaborative pedagogy for academic literacy, 15950

Learning and mentoring: Electronic discussion in a distance learning course, 2899
Learning communities in classrooms: A reconceptualization of educational practice, 22546
Learning conflict management through peer mediation, 28954
Models of asynchronous computer conferencing for collaborative learning in large college classes, 2885
Open learning environments: Foundation, methods, and models, 22478
Productive science teaching for inner-city African American students, 19320
Psychology applied to education, 12632
Relating ethnic and racial identity development to teaching, 22416
Research foundations to support wide reading, 15949
Searching for learner-centered, constructivist, and sociocultural components of collaborative educational learning tools, 2884
Systematically using powerful learning environments to accelerate the learning of disadvantaged students in grades 4–8, 22493
Teaching and learning for understanding, 22492
Teaching conflict and conflict resolution in school: (Extra-)Curricular considerations, 28953
Teaching mind in society: Teaching, schooling, and literate discourse, 9463
Teaching talk about writing: Student conflict in acquiring a new discourse of authorship through collaborative planning, 15953
Transcending traditional school learning: Teachers' work and networks of learning, 12631
Types of peace education, 28955
The use of computer-mediated communication: Electronic collaboration and interactivity, 2828
Vocabulary teaching and learning in a seventh-grade literature-based classroom, 15922

School Libraries—Serials
presence of school librarian & community environment, reading literacy, 3rd graders, 2917

School Organization [See Educational Administration]

School Principals—Serials
acceptability of curriculum based vs staff in-service vs schoolwide student screening program for prevention of adolescent suicide, high school principals, 22412
attitudes toward educational inclusion of students with mild disabilities, school principals & special education teachers, 28920
cannabis-related incidents, management in secondary & intermediate schools, principals & Board personnel in New Zealand, 9501
crossover of psychological stress or strain between principals and teachers (mean age 39.58 yrs) , 25717
opinions of most important factors considered when hiring first time teachers, school principals & superintendents, 22400
perceived influence of internal & external organizational factors & personal & professional characteristics, effective leadership role, principals in independent schools, Canada, 25708
recognition & understanding of high ability & decategorization of highly able students, comprehensive & primary school teachers & principals, Scotland, 29042
self-perceived competence to serve as school leaders in collaborative-based educational programs serving students with vs without disabilities, secondary school principals , 28922
stages of leadership succession & leadership behaviors & impact on educational setting, 43-yr-old male principal of a middle school, 22415

School Psychologists—Serials
collaborative school counselors & psychologists & other educational personnel working in student services, 9569
demographic characteristics & employment settings & profession practices, school psychologists, 19125
epidemiology of HIV/AIDS & role of school psychologist, children & adolescents & young adults, 28087
ethically challenging situations & professional role conflicts & ethical vs legal liability dilemmas on the job, members of National Association of School Psychologists, 19199
etiology & prevalence & role of school psychologist in assessment & treatment of recurrent headaches, children & adolescents , 27995
experiences with & views of due process hearing system for special education, school psychologists, 12612
familiarity with & use of dynamic & other nontraditional assessment techniques, school psychologists, 22918
how school psychologists can help enhance home-school partnerships, 28906
identification of current stressors in work lives of urban school psychologists, faculty trainers vs practitioners, 12613
legal & ethical issues for school psychologists as expert witnesses, 19126
patterns of clinical supervision, school psychologists, 35390
positive vs negative framing of decision alternatives, number of risky choices, 22–53 yr old doctoral students in school psychology vs educational administration , 23089
provision & use of self-help intervention programs for school-age children, school psychologists, 16030
school psychologists' role in management & prevention of chronic health problems of children & at-risk youth & health & education reform, 28822
use of special education teachers & school psychologists in intervention assistance team models, student retention & rate of special education placement, elementary schools, 35541

School Psychologists—Chapters
Common factors of school-based change, 12762

School Psychology—Serials
article types & frequency of publications for male vs female authors of school psychology journals, 19138
collaboration vs directive/prescriptive/expert school-based consultation, commentary, 25831
collaboration vs directive/prescriptive/expert school-based consultation, commentary reply, 38920
collaborative vs directive/prescriptive/expert school-based consultation , 25835
culturally sensitive school psychology practice, students of diverse backgrounds, 35576
ethnographic analysis of learning how to consult, graduate students in school psychology, 12637
IDEA Amendments of 1997, special education reform, implications for school psychology, 12723
summary of Task Force of General Assembly of European Federation of Professional Psychologists' Associations on training & practice, educational psychologists, 28852

School Readiness—Serials
item response based development & validity of Readiness Inventory, assessment of readiness for 1st grade, preschoolers with vs without intensive readiness preparation training, 22917
maternal responsivity & involvement & control style, preschool competency, preschoolers born at medical risk & their mothers, 7700
nervous system processes & mental efficiency & school maturity, psychophysiological school readiness, 4–7 yr olds, 22537
single parenthood, school readiness & achievement, 6–7 yr old children of White vs Black vs Hispanic 21–31 yr old mothers, 32264

School Readiness—Chapters
Readiness for academic achievement in preschool children, 6670

School Refusal—Serials
anxiety & depressive disorders in mothers & fathers of separation anxiety induced & phobic disorder based school refusers, 27539
child behavioral assessment & cognitive–behavioral interventions in treatment of school refusal in schools, 35574
interrater & test–retest reliability & experience level & theoretical orientation & other clinician variables, clinical judgment on reinforcement function of child school-refusal behavior, clinicians, 30812

School Retention—Serials
Bristol primary exclusion project to provide support to primary school age children on the verge of permanent exclusion, 6158
correlates of grade retention, African American males aged 13–17 yrs, 12709
correlates of grade retention, African American males aged 13–17 yrs, erratum, 32296
federal Student Support Services program, retention, participant vs nonparticipant disadvantaged college students, 3 yr study, 2999
grade retention & early school performance & gender & parental school participation & school transfers, school achievement & competence & delinquency, low-incomed minority 14 yr olds, 7 yr followup, 38873
grade retention, achievement & socioemotional health & dropping out of school & future employment outcomes, retained vs normal vs low-achieving but promoted students, 21 yr study, 38867
use of special education teachers & school psychologists in intervention assistance team models, student retention & rate of special education placement, elementary schools, 35541

School to Work Transition—Serials
application of person-environment fit theories to the transition from school to work process, 25847
applying career development theories to the school-to-work transition process, 25842
career development & the school-to-work transition process in theory & practice, commentary, 25837
career development theories & the school-to-work transition process, 25827
developmental model of the school-to-work transition process of youth, 25846
developmental–contextual perspectives & culture in career maturity & school-to-work transition, 20–29 yr olds, 3048
health behaviors during school to work or further education transition,15–16 yr olds, 2444
impact of mediation on outcome of transition from school to employment, 18–24 yr olds with mild mental retardation , 29019
perceptions of school to work transition & school integration & development of & strategies needed to reach & hindrances to future goals, adolescents with acquired brain injury & their parents, 35539
school-to-work transition & the learning theory perspective of career counseling, 25840
significance of family legacies in home-leaving transition, rural high school girls & mothers & maternal grandmothers, 38862
social cognitive career theory perspective of the school-to-work transition process to promote students' career development across the school years & after work entry, 25841
theoretical perspectives of career development on the school-to-work transition process, commentary, 25838
transition & postschool outcomes & adjustment, students with emotional/behavioral problems, 25819

School to Work Transition—Books
From education to work: Cross–national perspectives, 16040

School to Work Transition—Chapters
Creating new pathways to adulthood by adapting German apprenticeship in the United States, 16056
Diverse directions: Young adults' multiple transitions, 14076
From education to employment: Occupations and careers in the social transformation of East Germany, 16049
From systems to networks: The reconstruction of youth transitions in Europe, 16043
Institutional networks and informal strategies for improving work entry for youths, 16046
An international perspective on school-to-work systems and the participation of persons with disabilities, 24610
Job-entry patterns in a life-course perspective, 16057
Multiple life-sphere participation by young adults, 14058
New perspectives on adolescent work and the transition to adulthood, 4512
Parents, professionals, and the transition process, 24614
School-to-work transitions and postmodern values: What's changing in Canada?, 16058
Social and geographical mobility 20 years after high school, 16041
The subbaccalaureate labor market in the United States: Challenges for the school-to-work transition, 16045

School Transition—Serials
adjustment during transition to high school & changes in coping autonomy & stressors & support & belonging & GPA & attendance, adolescents (mean age 13.7 yrs) & parents, 1-yr study, 15972
framework for educational success & student interaction in transitional newcomer school vs traditional bilingual class, administrators & home school teachers & non-English-speaking Latino 4th graders, 9430
parent education level & Transition Demonstration membership, parent self-efficacy beliefs & child's academic abilities, former Head Start kindergartners & their parents, 22462
patterns of academic functioning & mental health from 2nd grade to middle school & transition to high school, 8th graders, 10 yr study, 19309
practices related to transition of children to kindergarten, kindergarten teachers, 35535
risk & moderating effects of protective factors, marijuana & alcohol & tobacco usage, 11–17 yr old urban African Americans during transition from middle to high school, 1 yr study, 20612
risk factors of & methods for dealing with potential difficulties associated with school transitions, children who transfer to new schools, 9533
subjective experiences & coping with threatened identity during transition to programmes of professional higher education, mature female students in social work & health care education , 35397
teacher demographic & classroom structural characteristics, kindergarten teachers, implications for facilitating children's transition to kindergarten, 9392

School Truancy—Serials
parental involvement, academic achievement & school truancy & drop-out rates, 8th graders, 2 yr follow-up, 38845

Schools [See Also Boarding Schools, Colleges, Elementary Schools, High Schools, Kindergartens]—Serials
adolescent characteristics & school violence, implications for counseling, 30809
anti-racist perspective in preparation of urban teachers for schools & communities, 17467
Baltimore model of school-based mental health services, 35570

changing social condition in subcultural model of school deviance , 24401
community based study on ADHD prevalence & medication among elementary school children as catalyst for formation of regional school health coalition, 19215
creating climate for collaborative consultation in school across cultures, primarily Mexican students & Latino & White & Black teachers, 9394
development & models of & impact of school counseling on & by school-community partnerships, school counselors , 25849
ecologically oriented school-based mental health services, implications for service system reform, 35573
effectiveness of school-based youth violence prevention project, high school students, 28627
effects of managed care on service delivery in schools, implications for speech-language pathology, 2971
evolution of legal climate for school mental health services under Individuals with Disabilities Education Act, 35577
experiences of school as meeting ground & conflicts between groups, 25 yr old recounting early days as quiet student Sweden , 2819
fear of criminal victimization vs social control vs differential association, firearm possession in school, 13–20 yr old high school students, 34407
peer & parent & school influences, trends in substance use, 7th–12th graders, 30912
perceived influence of internal & external organizational factors & personal & professional characteristics, effective leadership role, principals in independent schools, Canada, 25708
philosophical & political & implementational dilemmas of outcomes-based education curriculum reform in South African schools, commentary, 19254
philosophy & activities & achievement of egalitarian adult education school, Spain , 38785
policy theories of school choice, commentary, 2809
policy theories of school choice, commentary, 2823
preferences in school choice & values in education, parents of children in kindergarten through 8th grade in inner city vs suburban school districts, 2821
prevalence & impact of peer sexual harassment in schools, implications for prevention, 27790
psychopharmacological treatment of diagnostic entities & behavioral symptomatology & school-based mental health services, 35569
reference & reframing in school consultation in multicultural settings, 9405
role of social science in school choice debate, commentary, 2813
school choice options & policies, tradeoffs among liberal goals of equality of educational opportunity & social diversity & parental rights & relation to student academic outcomes, commentary reply, 2811
school choice options & policies, tradeoffs among liberal goals of equality of educational opportunity & social diversity & parental rights & relation to student academic outcomes, 2812
scope of practice & caseload size & characteristics & delivery of services, speech-language pathologists in schools for deaf vs local school programs, 5987

Schools [See Also Boarding Schools, Colleges, Elementary Schools, High Schools, Kindergartens]—Books

Assessing schools of hope: Methods, norms, and case studies, 32177
The educator's guide to substance abuse prevention, 35496
Morale, culture, and character: Assessing schools of hope, 32178

Schools [See Also Boarding Schools, Colleges, Elementary Schools, High Schools, Kindergartens]—Chapters

The inclusion of students with disabilities in school reform and restructuring: An analysis of five local school districts, 2980
Mental health services in schools: Expanding opportunities, 3010
School and community influences on human development, 19222

Sciatic Nerve [See Spinal Nerves]

Science Achievement—Serials

assessment of knowledge & comprehension levels of science achievement using concept maps, 7th grade students, 1 yr study, 9489
classwide peer tutoring with vs without reinforcement, spelling performance & intrinsic interest in science, secondary school students, 32281
conceptions of lunar phases before vs after scientific perspective instructional period, 3rd graders, 19312
construction of pre & postlab concept maps, understanding of chemistry concepts in chemistry labs & achievement, 1st yr college students, 2915
contextual conditions leading to local item dependence in science performance assessment responses, elementary school students, 26224
gender differences, performance on National Educational Longitudinal Study of 1988 multiple-choice vs constructed response science test formats & item content, high school students, 2913
mental models of derivation of conceptual linkages among particle & aggregate & algebraic models of electricity, 10th or 11th graders, 35504
performance accomplishments & vicarious learning experiences, mathematics & science self-efficacy & career interests & goals & actions, career-undecided college students, 15978
role of elaborate analogy in learning major concept from science text, 10–14 yr old 6th & 8th grade students, 9427
science achievement & everyday experience & domain-specific control beliefs & attribution patterns, technical problem solving, 10 yr olds, 2901
sex & academic self concept & attitudes & expectations & values & goals in goal vs expectancy-value theories, effort & science achievement, 15–16 yr old males vs females, 15935
sex & grade level, interpretation of everyday phenomena involving light & sight, 9th & 10th grade students, 28972
sex, performance on categories of biological labeling errors, Caribbean 11th grade students, implications for science teachers, 32301
sex, science achievement, senior high school students, United Arab Emirates, 1987/88–1996/97, 28962
situated cognition & assessment of competence in science education about simple machines, Grade 6–7 students, implications for measurement process & assessment, 6215
student vs classroom level opportunity to learn, science achievement, 8th graders, 2924
students' science concepts, promotion of teachers' professional growth & science knowledge, teachers, 32189
traditional vs group earth science instruction, science achievement & student attitudes, 15 yr-olds, Taiwan, 35477
Vygotskian perspective on learning science in 1st grade, 32266

Science Achievement—Chapters

The influence of personality on artistic and scientific creativity, 7961

Science Education—Serials

relationship between classroom practice & conceptions of biology & teaching science, prospective elementary science teachers, 22450
accounts of gender equity project in high school science class, 2852
action-oriented research on higher-order cognitive skills-oriented teaching of organic chemistry, college freshmen & sophomores, 22472
affirmational journal writing, scientific literacy, 8th graders, 35484
alienation & reification & commodity fetish in laboratory activities, social processes & opportunity to learn, students in teacher education biology course, 28918
analogy creation, retention of factual knowledge of protein synthesis on traditional vs nontraditional assessments, male vs female 8th graders, 12666
assessment of student learning in gender inclusive tertiary mathematics & physics education, commentary, 6195
assignments developed & used in undergraduate & graduate science teacher education classes, feminist science & teacher educators, 2871
attitudes toward science, Northern Irish 13–16 yr old students attending Protestant vs Catholic grammar schools, 32285
beliefs toward Problem-Solving Demonstration Classroom in-service program, in-service elementary school teachers, 19233
benefits of computer-based law encoding diagrams for science & engineering instruction, 22427
character of action research seminar designed to provide prospective science teachers with conceptual change conceptions of teaching science, 22467
classroom discourse & interaction in science education based on teaching goals, urban 6th graders, 19269
classroom environment, perceptions of science education project, 14–15 yr old secondary students vs science teachers, 6248
classroom intervention involving instruction in intellectual roles with vs without audience role assignments, engagement in science lessons, 4th graders, 15872
collateral learning theory as explanation for coping with disparate worldviews between everyday culture & science education, students, implications for science teaching, 32175
comprehensive approach to solving communication problems during science & mathematics education, blind students & their sighted instructions, 19351
computational framework of life-like pedagogical agents for mixed-initiative problem solving in constructivist learning environments & implementation into science class, 7th graders, 32291
computer simulation & learning support approach to physics education, college freshmen, 22431
conceptions about greenhouse effect, 11 & 12 yr olds, teaching implications, 32222
conceptions of descriptive &/vs causal understanding in history &/vs science, 10 yr old students, implications for teacher planning, 22515
conceptions of lunar phases before vs after scientific perspective instructional period, 3rd graders, 19312
declarative metacognitive knowledge of higher order thinking skills, junior high & high school science teachers, 25718
description & analysis of teaching for conceptual change in 2 science methods courses at elementary & secondary levels, teachers, 22444
design-based modeling approach, understanding of biomechanics of human arm, 3rd graders, 9439
development & validity of questionnaire to assess cultural learning environment in relation to science attitudes & teacher–student interactions, secondary science students, 32284
diagrammatic representations for science instruction & understanding of scientific laws & framework to characterize problem solving & learning, 32206
experience with & ability to use science tools & related discourse, mediation of learning about electric circuits, 9th grade science students, 12648
factors that affect decisions to enter science and engineering fields, adult minority female engineers, 35591
fieldwork, attitudes toward & understanding of concepts & principles of ecology & defense of studied ecosystem, 14–16 yr old students, 19301
findings of a complex study of a science teacher education program, 22438
framework for considering biology science teacher education in the context of constructivism & teaching for conceptual change & reflective practice & action research, 22437
free recall of science text as test of reading comprehension, 6th & 8th graders with learning disabilities, 15996
gender differentiation during science fair, 1st–6th graders, 2 yr study, 2844
gender inclusive science education, 2869
gender-based differential item functioning on a constructed-response science test, 12th-grade students, 26225
generation of summaries vs diagrams during science text reading vs reading alone, understanding of concepts & spatial/static & causal/dynamic aspects of science domain, 5th graders, 12658
genetic course, change in conceptions of genes from epistemological & ontological & social/affective perspectives, grade 10 students, 2878
ideological & pedagogical resistance & sociotransformative constructivism for multicultural education & counterresistance, Anglo-European preservice science teachers, 6126
in-service program for development of pedagogical content knowledge, upper-secondary school chemistry teachers, 6132
influential experiences on development of professional knowledge within context of reflective science teacher education, female preservice elementary teacher, 19225
instruction & learning & writing in scientific genres, 15830
intentional dimension of interdisciplinary assessment of projects in physics & mathematics & mathematical statistics, male vs female college students in inclusive educational program, 6252
learning processes & control of variables to enhance learning in computer-based biology environment, college biology students, 35485
model progression vs assignments as support for computer simulated oscillation, definitional vs intuitive knowledge, 1st yr physics students, 6164
multidimensional framework for analysis of negotiations of meaning in physics classroom interactions, students & teacher, 22513
music vs science education in the National Curriculum in the UK, implications for curriculum development & student achievement, 19257
national evaluation of science curriculum effectiveness, growth of integrated science process skills, high ability 4–6th graders, 2998
participation in constructivist-based graduate science methods course, knowledge of science & science pedagogy, elementary & middle school science teachers, 2835
perceptions of appropriate science courses for oneself & opposite gender, 9–13 yr old males vs females, 9513
perceptions of nature of science, final year undergraduate science students, 19310
perceptions of using writing as component of science learning, students, 4 yr study, 15984
personal frameworks for science learning & cognitive engagement with peers during collaborative knowledge-building tasks in science classrooms, 8th graders, 9479

personal practice theory for science learning & role of teacher–student interactions, 6th grade teacher, 15891
perspectives on teaching elementary science methods to females, male science teacher vs female coresearcher, 2864
relationship between classroom practice & conceptions of biology & teaching science, prospective secondary science teachers, 22443
research apprenticeships views of the culture and practice of science, high school students in summer research program, 35449
rigid boundaries between disciplines & masculinization of research & legacy of E. L. Thorndike & William James & John Dewey as barriers to science of education & factors promoting change , 32172
scaffolded explanation-based approach to collaborative discussion, understanding of photosynthesis, 4th & 5th graders, 9423
school & family environment & attitudes toward science, 17–24 yr old students, South Africa, 2937
science class experiences with inquiry learning, middle school students, 9433
science information presentation in learning cycle vs traditional text passage, concept comprehension, 13.3–18 yr old 9th & 10th graders at different reasoning levels, 12665
science teaching based on inquiry approach & concept substitution strategies, cognitive & affective changes & evolving conceptions of heat & temperature, male 11th grader, 12659
scientific question-posing capabilities, 10th graders studying air quality, 19296
scientific text variables, comprehension & recall & problem solving, 10th graders, 6166
self explanation vs elaborative interrogation, retention of scientific facts, college students, 2918
service learning curriculum in science & advisory classes, service learning & self-esteem, 6th & 8th grade students, 25728
sex & grade level, interpretation of everyday phenomena involving light & sight, 9th & 10th grade students, 28972
sex, performance of hands-on activities & science attitudes over the school year, 5–8th graders in performance-based science classrooms, 2950
situated cognition & assessment of competence in science education about simple machines, Grade 6–7 students, implications for measurement process & assessment, 6215
sociocultural analysis of perspectives on teaching controversial science–technology–society topics, teachers, 15885
sociocultural approach on social construction of science lessons & interactions with peers & teachers, females in 8th vs 9th grade, 6244
students' science concepts, promotion of teachers' professional growth & science knowledge, teachers, 32189
task-sampling variability in students' scores as source of measurement error in science performance assessments, 22520
teaching with traditional textbook & lesson discourse, definitions & explanations of astronomy concepts after 2 mo & 4 yrs, 5th graders, 2857
traditional vs group earth science instruction, science achievement & student attitudes, 15 yr-olds, Taiwan, 35477
understanding of teaching & learning & knowledge & its influence on approaches to inclusive science teaching, 21–37 yr old preservice elementary teachers, 15897
use of cooperative learning methods in heterogenous social studies & science classes, urban 9th & 10th graders & teachers, 6160
views & practices toward lesson planning, secondary school science teachers, 19265
visual-spatial thinking in science education & learning, 9385
Vygotskian perspective on learning science in 1st grade, 32266
world views & practices & beliefs with respect to health regimens & marine-related activities & their role in learning & teaching of school science, rural villagers, Trinidad & Tobago, 7647

Science Education—Chapters

Beyond constructivism in the life sciences, 25703
Developing a discourse community: Teaching biochemistry using the World Wide Web, 25752
Field dependence contextual learning and academic achievement in engineering education, 25788
The law of free fall as an "exemplary theme" for mathematicizability of certain natural processes, 38838
Open experimenting: A framework for structuring science teaching and learning, 38837
Productive science teaching for inner-city African American students, 19320

Sciences [See Also Biology, Chemistry, Eugenics, Geography, Mathematics, Medical Sciences, Neurosciences, Physics, Psychobiology, Social Sciences]—Serials

acquisition of new knowledge in integrated science & social studies unit on Antarctica, elementary school students, 15940
analysis of grounded theory from predictionist & accommodationist views & issue of inference, 22808
attitudes toward science & environment, 9th graders, implications for science & environmental education, 38869
conceptions of descriptive &/vs causal understanding in history &/vs science, 10 yr old students, implications for teacher planning, 22515
conceptualizations of nature, 9th grade science students, 22530
constructivist & enactivist interpretation of development of knowledge-building processes in self-directed classroom building science projects, secondary science students, 25730
contributions to visual psychophysics & other areas of vision science, M. Alpern, 19135
historical account & psychological experiment & direct observation & computational modeling approaches to study of science, 29451
influential disciplines & scholars & books in study of intercultural relations, 1983–1986 vs 1991 surveys, 36938
institutional links between APA & American Association for the Advancement of Science, 9296
intentional dimension of interdisciplinary assessment of projects in physics & mathematics & mathematical statistics, male vs female college students in inclusive educational program, 6252
interplay of science & stories in the study of humans, 16288
legacy of G. Frege's antipsychologism, views of language in 20th century philosophy of science & new theories of meaning, 35847
legend of Galileo's persecution by Roman Catholic Church as example of scientific folklore, implications for scientific ideology & culture, 22814
math self-efficacy & ethnicity & math & science career interest, male vs female 11th graders, 19333
need for infrastructure & method & research agenda in & theory construction of disunified science of psychology, 9767
perceptions of clients' educational preparedness & aptitude for & barriers to career entry into science & engineering, rehabilitation counselors, 2719
perceptions of nature of science, final year undergraduate science students, 19310
presentation of metallic bonding in 1974–98 Act for Education vs General Act for the Education System compliant high school chemistry textbooks, Spain , 25723
Protestant vs Catholic vs Jewish religious tradition as context for patterns of historical creativity, 19th & 20th century achievers in arts vs sciences, 17648
psychosomatic research as threat to theory of science, 25283
role of creativity in scientific giftedness, implications for gifted education, 2993
role of philosophy & science & technology & intuition in study of verbal behavior, 33546
social & historical studies of visualization in science, 6857
taxonomy of responses to anomalous scientific data, college students, implications for science education, 6142

Sciences [See Also Biology, Chemistry, Eugenics, Geography, Mathematics, Medical Sciences, Neurosciences, Physics, Psychobiology, Social Sciences]—Books

Brain mystery light and dark: The rhythm and harmony of consciousness, 30082
Communicating uncertainty: Media coverage of new and controversial science, 17172
Women in science: Meeting career challenges, 4668

Sciences [See Also Biology, Chemistry, Eugenics, Geography, Mathematics, Medical Sciences, Neurosciences, Physics, Psychobiology, Social Sciences]—Chapters

Being scientific about our selves, 19905
Effective explanation of uncertain and complex science, 17181
The importance of understanding audiences, 17180
Ontogeny, phylogeny, and scientific development, 36650
Organizational coping, failure, and success: Academies of Sciences in Central and Eastern Europe, 29157
Public reponses to uncertainty, 17175
Radical behaviorism: B. F. Skinner's philosophy of science, 6534
Science and polemics on population, 27115
Scientists, journalists, and the meaning of uncertainty, 17174
Using systematic thinking to choose and evaluate evidence, 17176

Scientific Communication—Serials

'triangular' conference of scientists & resulting Tokyo Declaration on work-related stress & health in European Union & Japan & US , 35683
analysis & coding of articles published in Journal of Personnel Evaluation in Education, 1987–99, 25707
analysis of content of Journal of Homosexuality, 1974–93, 17522
anticipation & correction of technical writing problems in manuscripts submitted for publication, 28823
article types & frequency of publications for male vs female authors of school psychology journals, 19138
attitudes & themes in psychology & legal professional writing on & prosecution of child sexual abuse, 1900–1975, 29274
author productivity & network structure of collaboration, authors of consumer behavior articles, 9671
author productivity & network structure of collboration, authors of consumer behavior articles, 25987
characteristics of & analysis of function served by ethnopsychological writings during community interethnic strife, prominent psychiatrists, Croatia & Serbia, 1990–98, 30301
clarity in defining concepts used in educational research, commentary, 6094
clinical guidelines for non-cancer chronic pain management in older persons, commentary, 12284
clinical guidelines for non-cancer chronic pain management in older persons, commentary reply, 12276
commentary on & reanalysis of 1911–1927 data of F. A. Beach's 1950 article "The Snark was a Boojum" regarding animal psychology in journals, 6944
comparison of practice of ECT in England & Wales with the standards derived from the Royal College of Psychiatrists' handbook, commentary, 2429
computerized application for facilitation between statements of fact & opinions in research reports, undergraduate psychology students in methodology courses, 15902
content analysis of journal articles, degree of indigenisationof psychology, Turkey vs former USSR, 36945
content analysis of Journal of Counseling & Development Volumes 67–74, 1988–96, 32092
content analysis of research & publication patterns in "Journal of Counseling Psychology", 1973–1998, 38650
correlates of interreviewer agreement & manuscript acceptance & author & manuscript characteristics at Personality and Social Psychology Bulletin, 10722
early editorial policies of Journal of Comparative Psychology, 6945
editors of American Psychological Association's primary journals, 28806
evaluation of use of exploratory factor analysis in psychological research, 'Journal of Personality & Social Psychology' & 'Journal of Applied Psychology', 1991–95, 29436
evaluations of educational seminars & workshops with alcohol-abuse & -dependence content, clinicians & reachable public, 9320
evidence & ideology of scientific papers & literary theory, research dissemination among nurses, 38662
evolution of media effects research in "Human Communication Research" academic journal, 23640
evolving guidelines for publication of qualitative research studies in psychology & other social sciences, 38735
expert consensus guidelines on treatment of PTSD, 34735
failure of placebo-controlled trials to distinguish between placebo & active drug, consensus meeting of European College of Neuropsychopharmacology, 16425
feminist perspectives on psychological method & report writing, analysis of content in 4th edition of Publication Manual of APA as it were fundamentalist bible, commentary, 27240
feminist perspectives on psychological method & report writing, analysis of content in 4th edition of Publication Manual of APA as it were fundamentalist bible, 27244
feminist perspectives on psychological method & report writing, analysis of content in 4th edition of Publication Manual of APA as it were fundamentalist bible, commentary, 27234
general characteristics of histiography of psychiatry & professional relations between psychiatrist historians & professional historians, 14
grounded theory analysis of qualitative research on interpersonal communication in "Human Communication Research" academic journal & for construction of model, 23645
guide to assist health education researchers match manuscript submissions to most appropriate journals, 22308
history & problems in scientific communication & arguments against standardization of transcription systems, 17158
history & publication trends of behavioral assessment section of Behavior Research & Therapy journal & avenues for future assessment research, 19567
impact of 'alcohol & alcoholism' among substance abuse journals, 12565
importance of communication of & insightful listening to narratives about patients in Balint groups, doctors, 15699

influence of Jung's father complex & resulting deprivation as revealed in early Zofingia Lectures & their relation to his subsequent work, 11264
institutional sources & primary contributors & program affiliations of contributors in publication patterns of ''The Personnel & Guidance Journal''/'Journal of Counseling & Development', 1978–93, 2178
issues of & critique protocols for in scholarly interactions for improvement of theory & practice of human resource development, 35603
magnitude & scope of journal publications of psychology research at liberal arts colleges, 22314
measures of effect size magnitude, articles published in Exceptional Children, 13145
methodological trends in ''Journal of Personality'' articles, 1970–1995 , 1281
misconceptions & improvements to descriptions of single-S experiments in research texts written for undergraduate students, 13150
multiple authorship & contacts & bonds & bonding number in scientific disciplines, 5997
need for placebo-controlled trials in psychiatry & alternative approaches to establishing clinical efficacy of pharmacological drugs, consensus meeting of European College of Neuropsychopharmacology, 16426
network-analytic model, normative vs social constructivist processes in allocation of researchers' citations in science, 9293
new social practices & scientific texts as dynamics of scientific knowledge & application to autism research, 36737
origination & interplay of written & spoken word in clinical papers & publication of psychoanalytic works, 27443
origination & interplay of written & spoken word in clinical papers & publication of psychoanalytic works, commentary, 27451
p values & likelihood ratio & strength of experimental evidence in scientific communications, 124
parallels between narrative tradition in novels & paradigmatic discourse in psychology, commentary, 9294
parallels between narrative tradition in novels & paradigmatic discourse in psychology, 7272
parallels between narrative tradition in novels & paradigmatic discourse in psychology, commentary, 9303
parallels between narrative tradition in novels & paradigmatic discourse in psychology, commentary, 9298
peer review & decision-making processes & interrater reliability, editors vs reviewers at British Journal of Psychiatry, commentary, 5992
peer review & decision-making processes & interrater reliability, editors vs reviewers at British Journal of Psychiatry, commentary, 5993
peer review & decision-making processes & interrater reliability, editors vs reviewers at British Journal of Psychiatry, 5994
perceptions of quality of journals related to health education, health educators, 18884
positive-outcome bias & publication in peer review journal, research submitted for presentation at scientific meeting, errata , 2730
pragmatic-rhetorical analysis of sequential structure & argumentative patterns & rationality & progress in historical economic scientific correspondence, T. R. Malthus & D. Ricardo, 33543
presentation of ethical issues in published reports of psychiatric research, 32085
proposed guidelines for & explanations of statistical methods in psychology journals, 28896
psychoanalytic perspective on process of writing for psychoanalytic literature, 27431
quality of reporting research ethics in publications involving nursing homes residents, 1992–96, 12476
recommendations to report effect sizes & confidence intervals & values that bear on results for improved analytic practice & replicability in research & reporting of statistical measurement, 19139
recommendations to report effect sizes for improved analytic practice & replicability in research & reporting of statistical measurement, commentary response, 19140
recommendations to report effect sizes for improved analytic practice & replicability in research & reporting of statistical measurement, commentary, 19127
research evidence to support severe depression as separate illness category, consensus meeting of European College of Neuropsychopharmacology, 17878
role of health promotion research in diffusion & institutionalization of effective health interventions, 18882
sensitivity & precision of Medline vs PsycINFO in retrieving articles describing outcome studies of group-based psychotherapy, 13164
standards & recommendations from the Panel on Cost-Effectiveness in Health & Medicine , 15483
statistical significance & reliability analyses in recent 'Journal of Counseling & Development' research articles, 20
summary report of American Psychological Association journal operations for 1998, 28802
topics & issues & trends in ''Elementary School Guidance & Counseling'' journal, 1977–1997, 19375
trends & changes in authorship & subject characteristics & tests & techniques used in research published in 7 issues of Journal of Personality Assessment, 1937–1997, 17637
trends in content & design & analysis in Personality and Social Psychology Bulletin & Journal of Personality and Social Psychology, 1976–1996, 11185
use of statistical significance testing in quantitative research articles, 1990–1997, implications for use of research in clinical practice, 12575

Scientific Communication—Books
American odyssey: Letters and journals 1940–1947, 22316
Civilization and its discontents: An anthropology for the future?, 14379
The strategic grant-seeker: A guide to conceptualizing fundable research in the brain and behavioral sciences, 12578

Scientific Communication—Chapters
Designing qualitative research reports for publications, 25585
Detecting causal inconsistencies in scientific text, 32948
Focus chapter: **Publishing and communicating research findings: Seeking scientific objectivity, 12581**
Integrating social identity and social cognition: A framework for bridging diverse perspectives, 11095

Scientific Methods [See Experimental Methods]

Scientists—Serials
'triangular' conference of scientists & resulting Tokyo Declaration on work-related stress & health in European Union & Japan & US , 35683
circaseptennian pattern of birth-year distribution, 19 founders of statistical sciences , 4010
comparability of rewards for research productivity, male vs female doctoral-level biochemists & earth scientists & physicists & physiologists, 1970s, 6288
contributions to fields of electrophysiology & neurophysiology, Alan Hodgkin, 10429
description of life & work of cognitive psychologist J. Requin, model of motor preparation & neuron classification & cortical organization, 2731
information processing & social deficits consistent with diagnosis of Asperger syndrome in sexologist A. Kinsey, 34427
issues in study of creativity & genius in arts & sciences, 1350
lifetime creative productivity in scientific fields, male 1943 graduates of California Institute of Technology, 1348
personal reflections on challenges & satisfactions associated with current schizophrenia research, comment, 30756
personal reflections on challenges & satisfactions associated with current schizophrenia research, 30705
processes of finding employment in high-technology companies of Silicon Valley, Indian- & Mexican-born engineers & scientists, US , 20698
sex, research productivity, male vs female scientists, 9307
use of creativity in scientific work, H. Poincare & A. Einstein, implications for giftedness, 1335

Sclera [See Eye (Anatomy)]

Sclerosis (Nervous System) [See Also Multiple Sclerosis]—Serials
auditory selective attention, 45–69 yr old patients with amyotrophic lateral sclerosis, 21614
cigarette smoking & other risk factors, 30–80 yr olds with amyotrophic lateral sclerosis, 28167
cognitive & behavior & language changes in motor neurone disease with dementia or aphasia & relationship to frontotemporal dementia & dysfunction, 31180
comorbidity of autism/pervasive developmental disorders & tuberous sclerosis & relation to infantile seizures & mental retardation & gene mutations, 1415
cortical sclerosis with dementia after pituitary surgery complicated by hyponatremia, 53 yr old female, 31268
frontal dysfunction & language impairment in & frontotemporal dementia preceding amyotrophic lateral sclerosis, 45–73 yr olds, 31331
intellectual & language abilities & behavior problems & health & health services, 5 yr olds with tuberous sclerosis, 13–19 yr study, 2037
mood & psychological well-being as a predictor of disease outcome 6-mo later, 26–85 yr olds newly diagnosed with amyotrophic lateral sclerosis/motor neurone disease , 21465
neuropsychological assessment & course of fronto-temporal dementia, 58 yr old male with amyotrophic lateral sclerosis/motor neuron disease, case report follow up, 37839
role of superoxide dismutase enzyme in motor neuron dysfunction & abnormal motor behaviors, normal vs sclerotic-prone vs transgenic mice, 36382
skin thickening as predictor of appearance esteem & effect of appearance esteem on reaction to stress of disease-caused physical change & psychosocial adjustment, adults with systemic sclerosis, 24709

Scopolamine—Serials
actions of scopolamine vs dopamine vs 5-HT vs adrenoceptor vs histamine for discrimination of clozapine, female mice, 7198
affect of scopolamine on 2 related forms of long-term habituation, crabs, 20261
bilateral microinjections of carbacholine & scopolamine into striatum, signal differentiation, dogs, 3913
blockade of muscarinic receptor by scopolamine, cerebral blood flow responses to somatosensory stimulation, male rats, 33460
delta-9-tetrahydrocannabinol vs scopolamine vs MK-801, performance on operant spatial signal detection task, male rats, 10640
estrogen, working vs reference memory &/vs scopolamine-induced amnesia in radial maze, female rats, 13721
galanin pretreatment, effects scopolamine vs novel environmental exposure on extracellular acetylcholine release in ventral hippocampus, male rats, 17107
generality of cholinergic action in attention shifting as assessed by effects of scopolamine on RT on cued target detection task, rhesus monkeys, 13712
GM1, memory impairment induced by scopolamine, male rats & mice, 10662
huperzine A, scopolamine induced or naturally occurring spatial working memory deficits, young adult vs aged rhesus monkeys, animal model of drug therapy for Alzheimer's disease, 16958
intra-amygdala scopolamine, conditioned place preference vs spatial radial maze task performance, male rats, 712
mecamylamine &/vs scopolamine, response accuracy & RT on continuous performance attention task & event related potentials, 20–40 yr old males, 30017
post-training glucose injections, scopolamine-induced memory deficits on bar-pressing task, Balb/cAnNCrIBR vs Balb/cbyJ mouse strains, 716
remoxipride vs scopolomine, toluene induced hyperactivity, male rats, implications for inhalant abuse potential, 10648
saline vs methylscopolamine vs scopolamine, lamb odor recognition memory, parturient ewes, 10572
scopolamine methylbromide vs hydrobromide, conditioned trace jaw movement responses & hippocampal activity, rabbits, 13813
scopolamine, EEG activity in nonstimulus condition & during photic stimulation & Wechsler Memory Scale scores & physiological changes, 24–31 yr old right-handed males, 23525
scopolamine, non-nmestic cognitive performance & impairment, healthy 20–64 yr olds, implications for contribution of cholinergic system to senile dementia of the Alzheimer's type, 4234
scopolamine, regional cerebral blood flow changes during classical eyeblink conditioning, 22–30 yr olds, 23486
scopolamine-produced learning & memory impairment, morphine tolerance & dependence, rats, 30072
tacrine &/or milameline, behavioral efficacy & continuous performance during scopolamine-induced impairments, rhesus monkeys, implications for treatment of Alzheimer's disease, 26743
thioperamide & scopolamine or diphenhydramine or methysergide, memory, male albino mice, 26822

Scopolamine Hydrobromide [See Scopolamine]

Score Equating—Serials
assessment of multidimensionality, item response theory true-score equating method, 35854
Brief Psychiatric Rating Scale vs Brief Symptom Inventory, 24–76 yr olds with chronic mental illnesses, 84
effects of differently weighting interview scores, acceptance vs rejection of admission, minority medical student applicants, 15722
error rates of 1990 vs 1994 versions of Self-Directed Search, 15–19 yr old high school juniors & seniors, 6272
item response theory vs Thurstone method of vertical scaling in assessment of educational achievement & measurement error & multidimensionality & scale shrinkage, reply, 19649
linear programming model for test assembly & observed-score equating, 6565
psychometric equivalency & score equating of booklet vs computer-based MMPI & MMPI—2, 9834
Short Form 36 Health Survey Questionnaire vs EuroQol for assessment of health-related quality of life & surgical effectiveness, 16+ yr old cosmetic surgery patients, 31797
utility & validity of computerized vs full vs short form of baseline literacy measure & prediction of reading achievement, 4–5 yr olds entering school, 1 yr followup study, 16379
utility of psychodiagnostic interview in MMPI–2 screening scales in prediction of drug abuse, mental health outpatients (mean age 33.22 yrs) without primary diagnosis of drug abuse, 9906
validity of Peabody Picture Vocabulary Test-Revised as a surrogate for the Wechsler Adult Intelligence Test-Revised, intelligence quotients, brain-injured adults, 79

Scores (Test) [See Test Scores]
Scoring (Testing) [See Also Cutting Scores]—Serials
administration & clerical & scoring errors of WPPSI—R & impact on IQ values, graduate student examiners, 19232
age & education & gender corrected scores, ability of Halstead-Reitan Neuropsychological Battery to differentiate participants, 37–44 yr olds with brain lesions, implications for scoring, 102
artificial neural network vs discriminant function analysis in modeling career counseling decisions on basis of aptitude test scores of 9th graders, 12784
calibration & scoring of educational tests with multiple choice & constructed-response item types, students in Grades 3 & 5 & 8, 3361
comparison of 2 regression approaches for modeling expert judgment in scoring performance assessment of patient-management skills, medical students, 123
correlations between Angoff ratings of minimum passing levels & observed item difficulty for borderline certification examinees, judges, 9813
expert raters vs automated scoring systems, generalizability of scores on computer-delivered performance assessment of physicians' patient management skills, 26077
instruction/scoring condition, sex effect size in multiple-choice test scores, male vs female 16–21 yr olds, 32574
instructions & scoring that discourages vs encourages random guessing on multiple choice tests, omissions & reliability estimates & numbers of right vs wrong answers & scores, high school students, 26084
internal consistency & time consuming coding system of hand vs computer written imagery on Thematic Apperception Test, 18–50 yr olds, 3295
interrater reliability of the Advanced Psychodiagnostic Interpretation scoring system for the Bender Gestalt Test, personality & neuropsychological measure raters, 35886
interscorer reliability of hand-scoring MMPI-2 protocols True Response Inconsistency Scale & Variable Response Inconsistency Scale, assessment of malingering, male prison inmates, 11209
method for calculating response segment chance agreement & kappa coefficients in determining interrater reliability for scoring Rorschach Comprehensive System, psychiatric patients & nonpatients, 22934
MMPI-A profiles & effect of scoring with standard vs Archer MMPI-A norms, 13 vs 14 yr old psychiatric inpatients, 6589
race & gender & educational level, Boston Naming Test scores, African American vs Caucasian male vs female 18–59 yr olds, 25
reliability & psychometric properties of 9 scoring rules for clinician-administered PTSD scale, 44–51 yr old male Vietnam veterans, 19632
similarities & differences in mental models used for human vs automated scoring of Architect Registration Examination, experienced human graders, 26089
statistics test scores & defense mechanisms, college students, 4787
use of online scoring systems in computer based educational context, 2824
utility of K-correction to adjust for defensive response set on MMPI, defensive vs nondefensive patients with end-stage lung disease undergoing psychological evaluation for transplantation, 13104
Scoring (Testing) [See Also Cutting Scores]—Books
Essentials of CAS assessment, 9830
Essentials of WAIS-III assessment, 9851
The new rules of measurement: What every psychologist and educator should know, 9804
Scoring (Testing) [See Also Cutting Scores]—Chapters
Behind the scenes: Using new measurement methods on the DAS and KAIT, 9805
Development of an interactive video assessment: Trials and tribulations, 16394
Empiricism and the Thematic Apperception Test: Validity is the payoff, 32622
Linking personality and "scientific" psychology: The development of empirically derived Thematic Apperception Test measures, 32628
Six decades of the Bellak scoring system, among others, 32663
What can Rasch-based scores convey about a person's test performance?, 9807
Scotland—Serials
factors affecting & promotion of health & healthy eating, 14–60 yr old & older island residents, Scotland, 5800
practice & policy of identification of specific learning & reading difficulties, Scottish local authority psychological services, 16028
prevalence & presentation of psychopathic personality disorder, male 16 yr olds & older, Canada & US vs Scotland, 11495
recognition & understanding of high ability & decategorization of highly able students, comprehensive & primary school teachers & principals, Scotland, 29042
survey of local education authorities' attitudes about government policy on & implementation of national baseline reading & literacy assessments, Scotland, 19234
use of electroconvulsive therapy, adult vs elderly patients, Scotland, 1992–1997, 28537
Scotopic Stimulation—Serials
age, scotopic contrast sensitivity functions, 20–88 yr olds, 36175
Screening [See Also Drug Usage Screening, Health Screening, Job Applicant Screening]—Serials
assessment factors in screening for medical & neurodevelopmental disorders, professional counselors, 29406
behavioral screening of essential loci, assessment of visual genetic disorders, zebrafish mutants, 36392
combined informant report & cognitive testing, increased accuracy of dementia screening, 62–98 yr old patients of geriatric hospital or memory clinic, 83
construct & discriminative validity & reliability of Memory Impairment Screen for Alzheimer's disease & other dementias, aged patients, 9923
controllability & predictability & information-seeking style, interest in seeking predictive-genetic testing, 23–60 yr old professionals working in educational system, 35149
depression screening using automated Spanish- & English-language voice recognition vs live interviews, English & Spanish speaking females (mean age 33.7 yrs) from women's clinic, 26151
development & assessment of FEAR generalized anxiety scale as rapid screening measure in primary care settings, 65–92 yr olds, 9893
development & preliminary validity of Iowa Personality Disorder Screen, 22–76 yr old nonpsychotic psychiatric inpatients & outpatients, 16342
effectiveness in risk factor modification of & patient response to & physician willingness to adopt computerized coronary risk profiles, physicians & their 30–74 yr old patient, 3–6 mo followup, 2514
ethical questions about screening used to identify children & families at high risk of having difficulty with some aspect of development or learning or behavior or family interaction, 19
ethical questions about screening used to identify children & families at high-risk of having difficulty with some aspect of development or learning or behavior or family interaction, commentary, 17
evaluation of mini-Geriatric Depression Scale & Center for Epidemiological Studies Depression Scale, detection of depression, 70–97 yr old hospitalized patients in emergency wards , 29361
evaluation of random alcohol screening & breath testing & sobriety checkpoints, motor vehicle crashes & fatalities & injuries, 14750
factor structure of Beck Depression Inventory screening scores, prisoners, 9873
factor structure of revised version of Screen for Child Anxiety Related Emotional Disorders, 8–13 yr olds, 6621
HIV risk behaviors & likelihood of testing for HIV status & repeated testing, Ss before & after entering methadone maintenance treatment, 1979
interviewer experience & positive predictive value & cost of telephone screening, research assistants vs senior investigators screening 19–82 yr olds for chronic depression clinical trial, 18491
latent class analysis of classification errors in screening & clinical diagnosis as alternative to classification analysis, 9957
methodological factors affecting screening for suicidal ideation, children & adolescents of depressed vs well mothers, 5025
normative data on Yale Children's Inventory & factor analysis & transferability of scale constructs from US data, screening for attention deficits and behavior problems, 8–11 yr old boys, Norway, 24596
origins & goals of National Depression Screening Day program for screening for & educating about depressive disorder, implications for identifying suicide risk, 11363
physical examination & laboratory screening & differential medical diagnosis as part of postdoctoral training in psychopharmacology demonstration project, 43 yr old female with mania & neurosyphilis, 25602
prevalence of somatic indicators of distress, patients with diabetes mellitus, 8485
provision of & focusing on positive vs negative information, decisions about genetic testing for heart disease or breast cancer, 20–75 yr olds, 12292
psychometric performance of Center for Epidemiologic Studies-Depression Scale &/vs General Health Questionnaire-12 for depression screening, 60–99 yr olds, 24218
psychometric properties of Trauma History Screen, measure of frequency of & age at which trauma occurred, females with trauma-related psychiatric disorders, comparison with 3 other measures of trauma , 29354
reliability & predictive accuracy of Violent Offender Treatment Program Risk Assessment Scale, violent offenders, 10 yr followup, 9908
scope of alcohol use disorders in US & development & purpose & implementation of National Alcohol Screening Day as community based public education & screening & treatment referral program, 15621
screening for alcoholism using NIAAA criteria for alcohol drinking frequency & number of drinks per occasion, 21–60+ yr old injured trauma center patients, 2655
screening for presence & severity of adjustment disorder & depressive mood or major depression, 25–87 yr olds with stroke, 4-mo study, 21520
screening questions during health care maintenance visits that predict subsequent violence-related injury, 15–17 yr olds, median follow up 5.5 yrs, 24723
sex & training & specialty, intimate partner abuse screening & intervention practices, primary care physicians (mean age 46 yrs), 30839
symptom screening & intervention & role of Psychiatric Mental Health Advanced Practice Nurse in primary care setting, 18–35 yr old females with depressive symptoms, 2436
symptoms identifying need of screening for depression, primary care medical patients, 8091
use & feasibility & impact of psychological behavioral screening service on primary care treatment decisions, 4–18 yr olds, 1 yr study, 35957
use of clinical criteria & biological markers & functional imaging in early diagnosis of Parkinson's disease vs Lewy body disease, 5315
use of parental concern to screen for developmental & behavioral problems, children, implications for early intervention, 25339
utility of Beck Depression Inventory for Primary Care as major depression disorders screening tool, 12–17 yr old medical outpatients, 22883
utility of health belief model for predicting intent to use carrier screening for cystic fibrosis, 18–45 yr old males & females, 25354
utility of the General Health Questionnaire, detection of short-term psychiatric disturbances, female prisoners, 35963
validity of self-reported hepatitis B serostatus, adult drug users, 11611
viability & use of SF-36 health-related quality of life questionnaire, screening for need for social work assessment of psychosocial needs, 65 yr old & older primary care patients, 9872
Screening [See Also Drug Usage Screening, Health Screening, Job Applicant Screening]—Books
Assessing and screening preschoolers: Psychological and educational dimensions (2nd ed.), 7341
ChIPS, 30642
Screening [See Also Drug Usage Screening, Health Screening, Job Applicant Screening]—Chapters
Group psychotherapy for hard-core smokers, 12547
Issues and practices in the screening of preschool children, 8035
Legal and ethical issues in preschool assessment and screening, 9377
The principles of screening for eating disorders, 18205
The problem of prevention in clergy sexual abuse, 37986
The SCL-90-R, Brief Symptom Inventory, and Matching Clinical Rating Scales, 26172
Severe physical trauma in adolescence, 37423
Screening Tests [See Also Psychological Screening Inventory]—Serials
accuracy & effects of delirium detection in 75+ yr old medical inpatients by standardized screening protocol & application of change theory to usage usage of protocol & research results by nurses, 28034
age & PRIME-MD as screening & diagnostic tool, psychiatric diagnosis & intervention, 24–89 yr olds, commentary, 8062
age & PRIME-MD as screening & diagnostic tool, psychiatric diagnosis & intervention, 24–89 yr olds, 8082
attitudes toward hearing screening in newborns, 22–45 yr old parents, 22099
clinical & functional & sociodemographic variables, results of Clock Drawing Test used for cognitive screening, 60–96 yr olds hospitalized for rehabilitation following hip fracture or stroke , 32017
comorbidity of anxiety & depression & prevalence of subclinical PTSD & utility of PTSD Checklist-Civilian Version as PTSD screening instrument, 22–54 yr old mothers of childhood cancer survivors, 8189
component structure & score distribution of parent & teacher completed Diagnostic Rating Scale, screening for ADHD symptoms, 6–12 yr old boys vs girls referred for school-related problems, 32661
construct validity of French version of Dissociative Experiences Scale, rape victims (mean age 23.6 yrs), scale appended, 19615

correlation of WISC Full Scale IQ scores & information & picture completion dyad & screening measurement accuracy, 6–14 yr olds referred for gifted certification, 19652
decision aid for preparing patients of late maternal age for prenatal genetic testing & counseling, knowledge level & decision conflict & anxiety & method acceptability, 30–44 yr old women & spouses, 31826
development & assessment of FEAR generalized anxiety scale as rapid screening measure in primary care settings, 65–92 yr olds, 9893
development & predictive validity of short screening scale for DSM-IV PTSD, 18–45 yr olds, 22857
development & reliability & validity of Feeling-Tone Questionnaire, screening instrument for depressive symptoms, elderly patients with dementia in long term care institution or psychiatric hospital, 9907
development & reliability & validity of Tobacco Dependence Screener, measurement of tobacco/nicotine dependence according to ICD-10 & DSM-III-R & DSM-IV, adult smokers, 19622
development & validation of Indicators of Abuse screen, caregiver abuse, 55 yr old & older community dwelling care receivers, 5884
discriminant validity of Upper Preschool Level of Differential Ability Scales, discriminating between normal & at-risk preschoolers (mean age 57.28 mo) with developmental disabilities, 11695
Early Reading Screening Instrument, assessment of reading readiness & risk of reading failure, end-of-year kindergartners, 1 yr followup, 26229
effectiveness of integrated screening method for Down's syndrome risk in affected vs unaffected pregnancies, 31006
effectiveness of integrated screening method for Down's syndrome risk in affected vs unaffected pregnancies, comment, 30999
efficacy of Alcohol Sensitivity screening Test questionnaire, assessment of frequency of alcohol drinking related symptoms & estimation of aldehyde dehydrogenase atypical genotypes, factory workers, Japan, 1206
efficacy of TWEAK, screening instrument to identify women who are at risk drinkers, pregnant women (mean age 30.2 yrs) in prenatal setting, 19646
internal & external validity of Whiteley Index & construction & validity of 7-item Whiteley scale & Illness Conviction & Worrying subscales, screening for hypochondriasis & somatization, 18–65 yr old primary care vs neurological patients,
International Personality Disorder Examination vs Standard Assessment of Personality, assessment of personality disorder, outpatients, 34241
predictive validity of Strengths & Difficulties Questionnaire vs Child Behavior Checklist in ability to distinguish high vs low risk samples, 4–7 yr olds from psychiatric vs dental clinics, 13065
Problem Oriented Screening Instrument for Teenagers, assessment of family functioning, clinic referred 12–19 yr olds with behavior problems including drug use & their parents, 21000
psychometric properties & screening suitability of Even Briefer Assessment Scale for Depression, elderly patients in geriatric care in German vs English speaking countries, 26161
psychometrics of Symptom-Driven Diagnostic System Scale & Sheehan Disability psychiatric screening tests, assessment of depression & panic disorder, 18–70 yr old primary care patients, 37279
rapid assessment instruments vs Substance Abuse Subtle Screening Inventory, substance abuse screening, public welfare & Child Protective Service clients, 21337
reliability & validity of Brigance K & 1 screen, identification of children in need of more comprehensive evaluation, 52–69 mo olds attending a preschool Head Start program, 9827
reliability & validity of developmentally-oriented screening for basic social interaction capacity in at risk 2–5 yr olds, 6569
reliability & validity of HIV-risk Screening Instrument & effect of confidentiality on disclosure of HIV risk behaviors, primary care vs blood donor vs methadone vs STD clinic patients, 5263
reliability & validity of Screen for Child Anxiety Related Emotional Disorders, 9–18 yr olds with anxiety disorders, 35921
reliability & validity of Toddler Behavior Screening Inventory & its utility in differentiating clinical from nonclinical samples, mothers of 12–41 mo olds, 35947
reliability & validity of Writing Essential Skill Screener-Upper Elementary Version, 3rd–6th graders, 26101
screening & assessment instruments for alcohol & drugs, 37569
screening & validity of performance on Center for Epidemiologic Studies-Depression Scale, community dwelling 60–99 yr olds with vs without dementia, 9898
screening measure for psychosocial risk factors for identification of poor prognosis & work absenteeism, 22–63 yr olds with acute or subacute back pain, 6 mo follow up, 3354
self report vs Substance Abuse Subtle Screening Inventory vs urine toxicology screening, cost effective drug screening, pregnant females (mean age 22.1 yrs), 38455
sensitivity & specificity of 16th item from vs shortened 15-item Geriatric Depression Scale, 72–99 yr old female nursing home residents, 7601
sensitivity & specificity of CAGE vs TWEAK screening tests, identification of alcohol dependence, 18–50+ yr old ER vs primary care patients vs general population, 1763
sensitivity of ten-point clock test, screening for cognitive impairment of early stage Alzheimer's disease, patients with Mini-Mental State Examination scores greater than 23, 26149
sex & ethnicity & health services utilization, sensitivity of CAGE vs TWEAK in screening for alcohol problems, white vs black vs Hispanic adults vs adults from other minority groups, 32632
sex & ethnicity, response patterns to cognitive screening test developed to predict educational placement & academic performance, African American vs Hispanic vs White preschoolers & kindergartners, 29422
sex & injury status & level of acculturation, performance of screening instruments for alcohol problems, Hispanic adult emergency department patients, 9929
use of Farnsworth Lantern test for determination of type & severity of red–green color deficiency, color deficient adults, 8696
use of Mood Module of Primary Care Evaluation of Mental Disorders screening instrument for detection of depression, 19–69 yr old patients in low income rural areas, 22877
use of screening instruments in detection of subthreshold depression & anxiety, 60 yr olds & older, 32649
utility of Attention Deficit Disorders Evaluation Scale & Conners Abbreviated Symptom Questionnaire screening measures, 7–12 yr old special education pupils diagnosed with parent interview, erratum, 9874
validation of self-administered screening test, detection of alcohol or other substance abuse before or during pregnancy, 13057
validity of alcohol screening questionnaires & ethnicity & race, males vs females, commentary & commentary reply , 6612
validity of alcohol screening questionnaires & ethnicity & race, males vs females, commentary & commentary reply, erratum , 9884
validity of Amharic version of Reporting Questionnaire for Children, screening for behavioral disorders, data from mothers of 5–15 yr olds, Ethiopia, 32655
validity of CAGE & MAST screening questionnaires vs disguised assessment using Trauma Scale, detection of hazardous alcohol consumption, 18–64 yr old surgical & medical general hospital inpatients, 8376
validity of combined screening tests in identification of risk for behavior problems in school setting, kindergarten–6th grade students, 36036
validity of time & change test in screening for dementia, 70+ yr olds, 8627
written vs computer assisted telephone interview methodology of Symptom Driven Diagnostic System for Primary Care, screening for mental disorders, primary care patients (mean age 45.7 yrs), 19623

Screening Tests [See Also Psychological Screening Inventory]—Books

Brief Alcohol Screening and Intervention for College Students (BASICS): A harm reduction approach, 12535

Screening Tests [See Also Psychological Screening Inventory]—Chapters

Psychological tests in screening for psychiatric disorder, 27499
Screening instruments and brief batteries for assessment of dementia, 32694

Scripts [See Schema]

Seasonal Affective Disorder—Serials

assessment & causes & phototherapy treatment & clinical implications of seasonal affective disorder, psychiatric nurses & children & adolescents, 17865
bright light treatment, patients with winter depression, 2419
bright vs infrared light prophylactic treatment, symptom developments, patients with seasonal affective disorder, 28540
dose-response relationship of phototherapy for seasonal affective disorder, meta analysis, 31735
endogenous melatonin & serotonin 1A receptor partial agonist ipsapirone hydrochloride, core temperature & hypothermic response, patients with winter depression, 2394
epidemiology of seasonal affective disorder, residents of Chiang Mai Municipality (mean age 48.07 yrs), 27634
fluoxetine vs light therapy treatments, patients (mean age 41.1 yrs) with seasonal affective disorder, 5474
Ginkgo biloba extract, prevention of symptoms of winter depression, patients with seasonal affect disorder, 31737
growth hormone response to baclofen challenge before & after light therapy, patients with seasonal affective disorder, 12265
latitude & behavior problems, seasonal affective disorder symptoms, male vs female 7th & 9th graders, 37338
light therapy with vs without citalopram treatment, 35–60 yr old females with seasonal affective disorder, 1 yr study, 31385
light therapy, hot flushes, 35 yr old female with seasonal affective disorder, 21984
melatonin suppression by dim light, 23–72 yr olds with bipolar vs seasonal affective vs major depressive disorder, 30678
mirtazapine, 21–55 yr olds with seasonal affective disorder, 12186
morning vs evening light treatment, 25–61 yr old patients with winter depression, 2423
natural bright light exposure in summer vs winter, 20–44 yr olds with vs without seasonal mood variations, 2422
paroxetine & LSD platelet binding & symptom severity before & after light therapy, 26–69 yr olds with seasonal affective disorder, implications for role of serotonin receptor functioning, 14505
role of genetic factors & serotonergic transmission in etiology of seasonal affective disorder & seasonality, 27629
scores on NEO-Five Factor Model inventory before vs after light treatment, outpatients with seasonal affective disorder vs bipolar disorder, 34111
season, mood improvement after light therapy, adults (mean age 44.2 yrs) with seasonal affective disorder, 2427
seasonal affective disorder, adults with ADHD, 27930
sex & season, glycosylated hemoglobin levels, adult patients with seasonal affective disorder, 21100
temperament traits, 19–62 yr olds with major depression with vs without seasonal subtype &/or suicidal ideation, 27618
time of day for timed bright light & negative air ionization treatment, 18–59 yr olds with seasonal affective disorder, 2428
tryptophan depletion, episode of seasonal affective disorder, adults, seasonal followup, 37324
year & month & hours of sunshine & age & gender, depression, chronic pain patients, 5-yr study, 37311

Seasonal Affective Disorder—Books

Winter blues: Seasonal affective disorder: What it is and how to overcome it (rev. and updated), 1558

Seasonal Variations—Serials

age & teaching influences, astronomical explanations of seasonal changes, 3rd–9th graders, 9384
birth-month & familial risk factors, eye-tracking dysfunction, schizophrenia patients (mean age 32.3 yrs), 21141
food rations, season & size dependent predation risk taking, juvenile coho salmon, test of predictions from dynamic optimization models, 16737
gender- & season-specific hormonal & behavioral & coloration responses to social interactions with conspecifics, resident male lizards, 29741
geographic region, seasonality of early motor development, 7 mo olds, 7377
lesions of lateral portion of magnocellular nucleus of anterior neostriatum, seasonal regeneration of song, adult white-crowned sparrows, 454
location & season & prey availability, size selective predation of blue mussels, common eiders, test of shell mass minimization &/vs risk averse foraging hypotheses, 19987
monthly birth distribution of schizophrenic inpatients, 37381
natural bright light exposure in summer vs winter, 20–44 yr olds with vs without seasonal mood variations, 2422
relationship between season & menarche, female middle & high school students, 33588
season of birth effects, patients with unipolar or bipolar affective disorder, Ireland, 8093
season, mood improvement after light therapy, adults (mean age 44.2 yrs) with seasonal affective disorder, 2427
seasonal & temporal fluctuations, attempted suicides, 15+ yr old males vs females, 1990–92, Europe, 17997
seasonal birth patterns, 17–21 vs 22–39 yr old male vs female alcoholics in Army treatment program, 21323
seasonal distribution of acute myocardial infarction, patients with cardiovascular disease who have seasonal mood changes, 28110
seasonal prevalence of bipolar illness vs psychoses, 14–17 yr olds, 34063
seasonal shifts & day length & climate, food availability & intake & activity patterns that are evenly nocturnal & diurnal, mongoose lemurs, 19977
seasonal variation & bib size & cellular immune response during & outside reproductive season, male house sparrows, 29930
seasonal variation in field metabolic rate, White-crowned Sparrows, 33331

seasonal variations in mineral metabolism, 32–78 yr old males with moderate vs heavy self-reported alcohol intake, 11633
seasonal variations in plasma testosterone & oestradiol & dihydrotestosterone & corticosterone, territorial aggression, female mountain spiny lizards, 20045
seasonality of hospital admissions, patients with schizophrenia , 12486
seasons of year, plasma prolactin response to serotonergic agent d-fenfluramine, healthy 20–50 yr old males & females , 10499
sex & handedness & season of birth, 18–25 yr olds, 16928
sex & season, glycosylated hemoglobin levels, adult patients with seasonal affective disorder, 21100
social structure & behavior & seasonal variation, male vs female mongoose lemur, 19976
spectral composition of light, activity rhythm entrainment, bramblings vs redpolls in high arctic summer, 33328
variation between seasons of melatonin sensitivity to bright light, healthy 18–56 yr olds, 10521
winter pregnancy, Ss with schizophrenia, 27671
year & month & hours of sunshine & age & gender, depression, chronic pain patients, 5-yr study, 37311
Seasonal Variations—Chapters
Seasonality, prenatal influenza exposure, and schizophrenia, 24318
Seat Belts [See Safety Belts]
Seclusion (Patient) [See Patient Seclusion]
Second Language Education [See Foreign Language Education]
Second Order Conditioning [See Higher Order Conditioning]
Secondary Education—Serials
description & analysis of teaching for conceptual change in 2 science methods courses at elementary & secondary levels, teachers, 22444
diagnosis & treatment & cognitive style, 11–16 yr old males from special vs secondary schools with vs without behavior problems, implication for origins & treatment of problem behavior, 38903
effectiveness of Wessex Healthy Schools Award intervention in changing health promotion policy & practice & in influencing health-related knowledge & attitudes & behavior, secondary school students, 28939
methods of teaching of Shakespeare in secondary schools, teachers, 6135
peer victimization & physical & mental health, early vs late secondary school students, 4 yr study, 19337
perceived influences on attitudes towards foreign language & culture, grammar vs secondary school male vs female pupils in 5th year of studying French, 29006
reflective teacher–student interaction in secondary school, 6237
teachers & self concept & activities with parents & reading & sex & ethnicity & social class, school achievement, secondary school students, 3 yr study, New Zealand, 9486
types of available services & factors influencing access to mental health care, directors of mental health services at independent secondary schools, 12760
understanding & perception of role & function of teachers in guidance, secondary school students vs teachers, 6273
Secondary Education—Books
Fostering children's mathematical power: An investigative approach to K-8 mathematics instruction, 6174
Secondary Education—Chapters
Adolesent twins and secondary schooling, 33599
Building cultural diversity into the literature curriculum, 19277
The legacy of schooling: Secondary school composition and the beginning college writer, 15957
Secondary Reinforcement—Serials
blocked & overshadowed conditioned stimuli as blockers & 2nd-order reinforcers in Pavlovian fear conditioning, rats, 6976
rhinal cortex lesions, visual discrimination learning for auditory secondary reinforcer, rhesus monkeys, 16894
Secrecy—Serials
benefits vs drawbacks of revealing personal secrets, 30409
differential consequences & characteristics of shared vs nonshared emotional events, 15–75 yr olds, 1312
experiences with contraceptive methods & preferences for effectiveness & secrecy & return to fertility & side effects, women of reproductive age, Cambodia, 35104
relationship of interrupted memories of child abuse & secrecy of abuse, adults (mean age 43.4 yrs) with history of childhood abuse, 34265
relative intimacy hypothesis as motivation in secret transmission, 16–38 yr old college students, 33938
secrecy & negative affectivity & unhealthy stress-related behaviors, physical health & subjective well-being, 15–75 yr olds, application of inhibition theory, 24013
stigma concealment & thought control in stigma-relevant social interactions, female college students with vs without eating disorders, 31023
stigma of abortion & psychological implications of concealment, 14–40 yr old females, 1 & 2 yr followup, 33983
Secretarial Skills [See Clerical Secretarial Skills]
Secretion (Gland) [See Also Endocrine Gland Secretion, Lactation, Salivation, Sweating]—Serials
anal gland secretions, coding of family membership information, beavers, 7004
physiology of testosterone secretion & relationship between testosterone & major depression, aging men, 7137
Sectioning (Lesion) [See Lesions]
Security (Emotional) [See Emotional Security]
Sedatives [See Also Alprazolam, Amobarbital, Atropine, Chloral Hydrate, Chlorpromazine, Clozapine, Haloperidol, Heroin, Pentobarbital, Phenobarbital, Promethazine, Reserpine, Scopolamine, Thalidomide, Triazolam]—Serials
chlorpromazine & chlormethiazole, recurrent acute confusion, 46 yr old female with cycloid psychosis, commentary on case report, 2349
chlorpromazine & chlormethiazole, recurrent acute confusion, 46 yr old female with cycloid psychosis, reply to commentary on case report, 2281
development of sleep apnea after treatment with chlormethiazone for delirium, 73-yr-old male with dementia & history of alcoholism, commentary reply, 35026
development of sleep apnea after treatment with chlormethiazone for delirium, 73-yr-old male with dementia & history of alcoholism, commentary, 34978
drug use review intervention, subsequent sedative hypnotic medication use, 20–105 yr old Medicaid recipients, 5776
hypnosis with sedation & diaphragmatic respiration, ability to complete MRI procedure, highly claustrophobic 45 yr old male army veteran with history of panic disorder & somatic complaints, 16180
insensitivity to sedative effects of lorazepam on progesterone withdrawal, female rats, 723
Sedatives [See Also Alprazolam, Amobarbital, Atropine, Chloral Hydrate, Chlorpromazine, Clozapine, Haloperidol, Heroin, Pentobarbital, Phenobarbital, Promethazine, Reserpine, Scopolamine, Thalidomide, Triazolam]—Chapters
Medications of abuse and addiction: Benzodiazepines and other sedatives/hypnotics, 1819
Pharmacology of sedatives, hypnotics, and anxiolytics, 793
Psychological and psychiatric consequences of sedatives, hypnotics, and anxiolytics, 1823
Sedative-hypnotic and anxiolytic agents, 35035
Sedatives/hypnotics and benzodiazepines, 5684
Seduction—Serials
Freud's sexual abuse discoveries & development & abandonment of seduction theory, 35846
seductive strategies in blues lyrics, 17156
Seeing Eye Dogs [See Mobility Aids]
Segregation (Racial) [See Social Integration]
Seizures [See Convulsions]
Selection (Personnel) [See Personnel Selection]
Selection (Therapist) [See Therapist Selection]
Selection Tests [See Also Psychological Screening Inventory]—Serials
development & validation of selection test for staffing work teams, production employees in pulp mill & box plant, 22590
use of homogeneous vs unidimensional predictors in measures of personality traits in personnel selection research, 22587
validity of written selection tests of cognitive & mechanical/spatial abilities, prediction of training & job performance, firefighter candidates, 22583
Selection Tests [See Also Psychological Screening Inventory]—Chapters
Life experiences and performance prediction: Toward a theory of biodata, 29085
Selective Attention—Serials
access to internal representations of spatial information frames of reference in selective attention, patients with unilateral spatial neglect after right-hemisphere lesion , 8695
action-centered model of selective attention in virtual environments during visual movement displays, Os, 26454
activation of right & parietal cortices during sustained attention & selective vs nonselective monitoring for targets, healthy 28–48 yr olds, 7033
adapting luminance & number of display elements, inhibition & serial processing & attention in visual search latency functions, Os, 3459
age & bilingualism & attentional control & cognitive complexity, younger (mean age 4.2 yrs) vs older (mean age 5.4 yrs) children, 23680
age & N1 & P2 waves in electrophysiological processing of auditory stimuli under attended & unattended conditions, 22–86 yr olds, 33278
age related changes in processing auditory stimuli during visual attention, 19–30 vs 36–54 vs 57–82 yr olds, 30116
age-related differences in object-based attentional selection, young vs old adults, 14093
age-related hearing loss & selective attention to & ability to inhibit processing of distracting auditory stimuli, 17–29 vs 60–89 yr olds, implications for differences in auditory & visual processing, 13239
amplitudes & topographic patterns of mismatch negativity & N2b during selective attention task counting deviant stimuli, outpatients with schizophrenia, 11419
application of human selective speech perception knowledge to automatic speech recognition, 6435
attended vs unattended standard vs deviant visual vs auditory stimuli, ERP components, college students, 36492
attential selection of spatial location vs visual features vs whole objects, 36166
attention to distractors, negative priming in referent size-selection task, college students, 16690
attention, processing of visual motion in middle temporal & medial superior temporal visual cortical areas using identical sensory stimulation, monkeys, 33258
attentional bias for body shape & weight words in processing of supraliminally & subliminally presented words in computerized Stroop task, female high vs low restrained eaters, 1324
attentional bias for happy vs threat faces, 18–55 yr olds with generalized anxiety disorder, 37396
auditory laterality & selective attention on dichotic listening task, adolescents with early onset schizophrenia vs ADHD, 8075
auditory selective attention task with consonant-vowel & noise-burst targets, dichotic listening performance, 21–52 yr olds, 16547
auditory selective attention, 45–69 yr old patients with amyotrophic lateral sclerosis, 21614
auditory selective attention, ERPs to speech sounds during phonetic change discrimination, 20–39 yr olds, 23065
children's temperament & impulsivity & attentional focusing, post divorce threat appraisals, 9–12 yr olds & their parents, 13894
chronopsychophysiology, measurement of developmental changes in selective attention & mechanisms underlying age effects on speed of responding, 7156
cognitive discrimination of stimulus shape & color combinations, frontal & parietal & occipital visual evoked potentials, selectively attentive 19–29 yr olds, 13626
cognitive model for selective processing of & attention to threat in anxiety, 7921
components of attention & saccadic eye movement, patients with chronic schizophrenia (mean age 41.69 yrs), 37385
d-amphetamine, auditory selective attention & ERPs, 19–28 yr olds, 30031
differential selective-attention psychometrics, adults with obsessive–compulsive disorder vs panic disorder, 11460
direction selectivity of motion-based filtering & role of target direction cues in visual search for conjunctions of motion & form, 17–42 yr olds, 29509
dissociation logic approach to attentional processing in flanker recall & flanker validity effect, college students, 19831
distinctiveness of auditory irrelevant sequences, serial recall of visually presented verbal sequences, college students, 10196
distraction caused by alcohol-related vs emotional words on Stroop task, alcohol abusers vs (mean age 43.5 yrs) nonabusers, 1758
diversion of attention, awareness of changes in visual stimulus scenes, 22998
divided & selective attention, auditory signal detection & localization, adults, 23059
dynamic modeling of tecto-isthmo-retinal system & isthmo-optic nucleus as neural substrate for visual competition, Japanese quail, 29867
ERPs for visual selective attention to color vs pattern vs pattern with changing target vs dividing & switching attention between color & pattern, 18–32 yr old males , 16691
errors on Cancellation Tasks as measure of selective attention, 65+ yr olds with Alzheimers disease, 28118
event related potential indices of auditory selective attention, 18–27 yr olds with amphetamine dependence, 21328
eye movement registration as continuous index of attention deployment toward emotionally relevant pictorial material, spider anxious college students , 26453
feature-based selection vs object-based selection in visual selective attention, visual search, adults, 13212
FeatureGate model of visual selection & attentional gating, 32996
global vs local precedence in divided vs selective attention tasks, 6.7–16.7 yr olds with autism, 27934
intentional ignoring, priming effect for selection of overlapping visual stimuli, adults, 3609
interaction of visual-perceptual & response processes during selective attention, 18–30 yr olds vs 55–79 yr olds vs 80+ yr olds, 29503
interaural time differences, perceptual grouping & selective attention, 21–52 yr olds, 19882

interhemispheric interaction, global vs local interstimulus interference & selective attention, college students, 29611
narrowly focused vs broadly spread attention, self organization of unidirectional vs oscillatory motion patterns for visual elements, college students, 165
negative identity priming contingent on stimulus repetition vs stimulus novelty, college students, 6933
neuroanatomical basis for similarity of function in selectivity of attention & motor preparation & role of thalamus' reticular nucleus & prefrontal cortex in anticipatory behavior, 455
neuromagnetic fields in primary auditory cortex during auditory selective attention, 20–30 yr olds, 547
nicotine, intensity & selectivity features of attentional processing, 18–25 yr old college students, 36584
non-hypnotic context, relationship between hypnotizability & absorption, college students, 33013
object-based visual selective attention & perceptual organization in test of same-object effect, 18–30 yr old Air Force basic trainees, 10065
organizational processes of selective attention based on second feature-integration theory, college students, 36283
pattern structure, auditory selective attention during target detection, college students, 6810
perception of pictorial stimuli vs Mueller-Lyer illusory representation, formation of cognitive set & effect of set on selective attention & cortical electrical activity, adults (mean age 21.5 yrs), 16496
perceptual load, visual selective attention, 19–30 vs 65–79 yr olds, 7609
performing selective attention task, PET scans of anterior cingulate gyrus activation, patients with schizophrenia (mean age 35.7 yrs), 21158
performing selective attention task, PET scans of anterior cingulate gyrus activation, patients with schizophrenia (mean age 35.7 yrs), 21128
physiological limitations, ability of humans to identify components in odor mixture, 18–37 yr olds, 23316
relationship between creativity & selective attention, college students, 36282
relationships among salivary testosterone & mood & selective attention to threat, healthy men vs women (mean age 22 yrs), 29945
response conflict vs priming in attending to words, response times on word naming task, college students, 29659
review of 3 studies of ERP correlates of attention & RT in selective listening tasks, adolescents at high risk for schizophrenia , 8153
right ear attentional bias in dichotic listening, 8 yr olds, test of threshold effect hypothesis, 26992
selective accessibility models of hypothesis-consistent testing & semantic priming, anchoring effects & judgments, college students, 11161
selective attention & auditory distraction, 23159
selective attention & working memory & sensorimotor coordination & brain activity, 20–50 yr olds, 7073
selective attention assessed by visual search, 55–85 yr olds with Alzheimer's disease, 18373
selective attention cues & external random white noise, threshold contrast in location-cued orientation discrimination task, graduate student 0s, 3475
selective attention to color vs motion, visually evoked vs attentively modulated & evoked potentials, humans, 33281
selective spatial attention & visual display search with unilateral & bilateral stimulus displays, event related potentials, 20–31 yr olds, 29908
selective vs divided attention, implicit sequence learning, college students, 6911
spatial attention modulation of neuronal activity in human primary visual cortex during visual search, 23350
spatially directed attention to auditory or visual stimuli, regional cerebral blood flow in auditory cortex, 18–45 yr olds , 10387
stimuli at nonadjacent locations & simultaneous feature-based visual selection, college students, 19715
stimulus integrality, visual selective attention & dimensional integration, patients (mean age 66 yrs) with Parkinson's disease, 18371
Stroop & Garner interference effects in selective attention & comparative judgment of semantic vs physical size of number, college students , 6779
synthetic speech syllables, attentional effects on right-ear advantage for verbal dichotic listening task, 29519
task complexity vs qualitative differences in cognitive demands, selective attention in color-block vs color-word versions of Stroop test, younger vs older adults, 17403
task complexity, interference vs negative priming vs inhibition of return selective attention processes, patients with right vs left frontal vs posterior vs bifrontal brain damage , 31325
temporal & spatial interactions between top-down control of attention & bottom-up interference from salient distractor in visual search, 21–54 yr olds, 32999
top-down vs location-based visuospatial information inhibition in visual marking & cognitive mapping of & selective attention & reaction time to moving vs static stimuli, 18–33 yr olds, 32834
visual perceptual organization & selective attention, 18–30 yr olds vs 60–76 yr olds, 10035
visual selective attention & linguistic performance in letter cancellation task, 11–12 yr olds, 858
visual selective attention & response competition, 20–78 yr old patients with frontal lobe lesions vs with Parkinson's disease, 21572
visual selective attention ERPs, 7–18 yr old children of alcoholics, 7129
visual spatial selective attention, time domain ERPs & frequency domain EEG oscillations, 18–24 yr old females, 7120
visual stimulation with negative priming paradigms, inhibitory processes in selective attention to location vs identity of probe, 6–12 vs 18–22 vs 60–86 yr olds, 36767
voluntary attention to specific color discs, selective fading of discs in circular array, college students, 32824

Selective Attention—Chapters

Inattentional amnesia, 26431
Understanding sentences and scenes: The role of conceptual short-term memory, 26428

Selective Breeding—Serials

acute intragastric dry hypericum perforatum extract, ethanol intake & food intake & open-field & forced-swim behaviors, genetically selected Marchigian Sardinian alcohol-preferring male rats, 36603
behavioral profiles on elevated-plus maze & open field & forced swim tests, rats bred to display high vs low anxiety-related behavior, 3726
behavioral responses to management treatments of handling every 10 or 20 days & use of electric prod & restraint in head gate, dehorned vs polled calves, 23233
ethanol consumption as measure of saccharin–ethanol reciprocal-selection reliability, rats selectively bred for high vs low saccharin intake, 655
housing conditions & initiation procedure, alcohol drinking behavior before vs during puberty, selectively bred alcohol-preferring vs -nonpreferring vs high vs low alcohol drinking lines of rats, 713

Self Acceptance [See Self Perception]

Self Actualization—Serials

factor analysis of Brief Index of Self-actualization, undergraduate & graduate students, 4794
K. Horney's ideas of real self & self-realization & integration of Zen Buddhism into her theoretical conceptions, 14371
personality traits & values & self actualization & aesthetic preference as criteria of form for aesthetically oriented personality type, adults, 4795
self-development through caregiving journey, 34–83 yr olds caregivers of relatives with Alzheimer's disease, 31181

Self Actualization—Books

Personal psychology for life and work (5th ed.), 7874

Self Analysis—Serials

process of continued self-exploration stimulated by work with patients & private or shared self disclosure, psychoanalysts, 15734
reconstruction of Freud's self-analysis, 5583
theoretical perspectives on group phenomena & interpretive voice & self reflection & interpretive forms in group consultation work, 7825

Self Analysis—Chapters

Breast cancer in the analyst: Body lessons, 2269

Self Assessment [See Self Evaluation]

Self Care Skills—Serials

comorbid Diogenes syndrome & compulsive disorder, 48-yr-old female, 11324
demographic & battering patterns, changes in self-esteem & self-care & depression, adult females, 3.5 yr study, 11509
driving habits & community independence & recommendations, 62–75 yr olds with Alzheimer's disease, 21603
Drug Regimen Unassisted Grading Scale assessment of correlation between inability to take medication independently & presence of cognitive impairment, 72–93 yr old outpatients, 20983
expectations of & factors affecting life satisfaction & level of independence over lifespan, 25–65+ yr olds with spinal cord injury incurred between ages 25–34 yrs, 24829
factors associated with transition from fully supervised living to lower levels of supervision & perceived success of transition, 19–31 yr olds entering community after brain injury rehabilitation, 31282
goal attainment scaling in evaluation of 3 behavior interventions, self-care behavior, congenitally moderately intellectually impaired 19–39.1 yr olds, 16 wk followup, 28337
item wording & observability & clarity, discrepancies between nurse & patient ratings on Appraisal of Self-Care Agency scale, 35940
management & promotion of self care activities, primary care patients with irritable bowel syndrome, 2447
Medication Usage Skills for Effectiveness program of concrete cues & life skill techniques, medication compliance, severely mentally ill patients, 12391
motor & cognitive impairments & physical activities of daily living after stroke, 56–90 yr old stroke patients, 34598
NMDA antagonist memantine, tolerance & functional improvement & care dependence & activities of daily living ability, patients with vascular dementia or dementia of Alzheimer type:, 15437
node link mapping in therapeutic community drug treatment, self efficacy & life skills motivation, probationers, 32064
participation in state independent living program, housing & education & employment & financial self-sufficiency outcomes, 15–24 yr olds, 22137
patient characteristics in decision making regarding driving cessation & independent living & power of attorney, patients with dementia & their caregivers, 37922
prevalence of functional disability in instrumental &/or activities of daily living, elderly residents of urban & plain rural & mountain rural regions of Beijing, 36904
prior abusive relationships, self image & self care, low income White females with HIV, 30823
quantitative vs qualitative & single-case vs group research on improvement of well-being & independence & self-care skills, patients with dementia, commentary, 15491
research on improvement of well-being & independence & self-care skills, patients with dementia, 15508
research on improvement of well-being & independence & self-care skills, patients with dementia, commentary, 15489
self-care as a moral imperative for women psychotherapists, 38734
self-care behaviors during pregnancy, 15–43 yr old females, 2507
simulation training, accuracy & latency during performance of clean intermittent self-catheterization procedures, 5 yr old females with urinary problems, 25293
teaching money skills, individuals with mental retardation, implications for research & practice, 35540
utility of functional ability as index of pain & pain behavior, children & adolescents with sickle cell anemia, 28047

Self Care Skills—Chapters

The functional assessment of the older adult patient, 32709

Self Concept [See Also Academic Self Concept, Self Confidence, Self Esteem]—Serials

6-step models of behavior & pervasive victim self-image, individuals with antisocial personality disorders, 24370
acceptance & attributions of male vs female lonely vs nonlonely target, self-concept, lonely vs nonlonely college students, 17672
accessibility of internal working models of self & relationship to expectations for satisfaction in future relationship, female undergraduates, implications for cognitive view of attachment, 14284
acculturation & level of German proficiency, academic & appearance self concept & general & test anxiety, immigrant vs native Germans (mean age 9.7 yrs), 2.5 yr longitudinal study, 17370
actual vs possible conceptions of self during transition to fatherhood, 20–47 yr old 1st-time fathers, 1 yr study, 20763
age & positive vs negative self-concept, attribution of deviance to self & peers, 5th vs 11th graders, US vs Japan, 36792
age & sex & academic achievement, self concept of academic ability, 13–17 yr olds, 6210
analysis of social structure of self & quest for security & neurosis, 8192
analysis of social structure of self & quest for security & neurosis, commentary reply, 8191
analysis of social structure of self & quest for security & neurosis, commentary, 8201
assumption of analyst's identity & function of self-deception, male client in his early 40s, 30612
attachment style & feedback seeking & meta-accuracy of perception of romantic partner's positive vs negative model of other, male vs female 18–43 yr olds with positive vs negative self- models, 14261
attitudes toward elderly & stereotypes & self concept & relationship to outer & inner self, 15–30 vs 60–90 yr olds, Japan vs China vs US, 23815
authenticity of self in family therapy, 15 yr old delinquent male & parents, 28355
behavioral treatment, binge eating severity & self concept & dieting self efficacy & social support, 25–50 yr old obese females, 18 mo study, 34874
beliefs about being better than others on performance aspects of self, social loafing in individual vs collective task, college students, 7884
beliefs about how much others' beauty images are shaped by media, own self-concept, Black vs White 9th & 10th grade females, 27065

biological basis of development of self concept based on evidence for perceptual disorders & other neuropsychological findings in cases of focal brain injury, 14998
birth order & family relations & sentiment & self identity & reliance on parents vs siblings, 17–35 yr old 1st- vs middle- vs lastborn college students, 1128
breadth of perspective & creativity & complexity, individuality operationalized through photographic essays, 18–54 yr olds, 30492
career guidance & personal problems, working adults (age range 21–49 yrs), 38941
categories of possible selves & self esteem, male vs female 14–19 yr olds, 4481
clinical psychologist vs psychologist identity of scandal target & relevance vs nonrelevance to professional identity of S, opinion of scandal effects on self & public opinion, social psychologists, 15794
cognitive discrepancy models of self perceptions of body image vs ideal standards, 7th through 10th grade students, 17675
concept of individual agency in organizations, 1283
concept of self & personal identity & typology of reaction patterns, 54–84 yr olds with early stage dementia of Alzheimer's disease, 37849
concepts of developing self, 10731
conceptualization of self as complex dynamical system & as process-structure that is fractally organized, 35848
construct validity & psychometric properties of self-complexity component measures vs dimensionality statistic, college students, 19601
construct validity of general & academic self concept, commentary & reanalysis, 32720
constructivism & essentialism & identity formation & maintenance & cultural logic & metaphysical balance in Maya identity, 36937
constructivist & dialogical perspective of authoring & narration of moral selfhood & moral identity in autobiographies, 14360
content analysis of explanations for decisions in identity–intimacy dilemma scenarios, female vs male 15–18 yr olds, 7519
content of personal identity representations & cognitive representations of valued group identities, college students, 11147
control enhancing strategies & health, 65 yr olds & older, 4 yr study, 36878
cooperative vs competitive group tasks & ingroup vs outgroup composition, conflict styles & self-construals in work group settings, college students, 36944
correlates & antecedents of identity disturbance, patients with personality disorder, 8238
creativity & development & sense of self in making art, 8–11 yr old artists, 7428
cultural self-construal & worldview & emotionally expressive behavior & verbalization during dance/movement therapy workshops, European vs Taiwanese dance & mental health professionals, 38353
demographics & normative nature of orientation as seen in political involvement & religious attendance & marijuana use, community service & identity, high school seniors, 17388
development & maintenance of positive & negative self-beliefs, depression in older people, 30669
development of measurement questionnaire of cultural identity & relation to the self & mental distress, immigrants with connections with Indian subcontinent, 30482
development of self-concept differentiation & depressive symptomatology, normal 5th–8th graders & those with learning difficulties, 5-wk study , 17866
development of sense of coherence concept using structural equation modeling & factor analysis, 15–75 yr olds, 10862
developmental issues & choices & self-concept, Black gay male 25–31 yr olds, 7748
dialectic nature of self–other relationship & its psychodynamics in work organizations, 35650
dialogic approach to self & cognition & interactional structure in autobiographical narrative discourse, 14361
differences & interferences between self & role & ego states , 4760
discourse analysis of negative self-concept, 23–57 yr old males vs females with major depression , 21078
discriminant validity of Offer Self-Image Questionnaire, assessment of developmental problems, 13 yr olds, Finland, 32602
discursive analysis of narrative account of experience & construction of self & living with obsessive-compulsive disorder, 32 yr old female, application of social constructionist theory, 17942
dissociation & projective identification as reconstitutive symbolic metaphors & mythopoetic expressions in narrative reconstruction of Self in magical pre-Oedipal & pre-individuation processes, 11271
educational aspirations & identity, gifted 7th–8th grade females, 4 yr study, 6270
effects of early language development & socialization & types of educational placement on self-concept, deaf & hard of hearing students, 38900
ego & identity development as understood from continuity perspective & continuous nature of life themes as seen in life reviews, 68–98 yr old Catholic women religious, 27095
ego identity formation & perceptions of maternal vs paternal acceptance & encouragement of independence & years in college, prediction of career indecision, undergraduates, 16050
ego-resiliency & marriage & personality change & identity consolidation during early adulthood, females at age 21 vs 27, 17681
English vs Cebuano language response & sex & spontaneous self-concept, Filipino secondary school students, test of cultural accommodation hypothesis, 10888
epistemological dimension of representational dynamic & capacity for action & context, 33918
ethnicity & cultural identification & primary socialization theoryprocess, substance abusers, 4594
experience of illness & construction of self, patients with chronic illness, 21453
facilitated vs inhibited RTs as measures of mental representations of self vs in- vs out-groups vs relationship partners, college students, 23995
family macrosocial structures & proximate family settings & attributions of responsibility & self-concept, African adolescents (mean age 18.6 yrs), South Africa, 944
family social status & perceptions of proximal family environment & self concept, 18-yr-old high school students , 4788
fictitious feedback on schematic vs aschematic personality dimensions, satisfaction & perceived feedback accuracy & interest in further information, male college students, 20870
general cognitions & attributions of parent & self, abused or aggressive 6–11 yr olds & their mothers, 34267
giftedness as identity issue, 35558
global & content-specific identity development & perceived parental treatment & economic deprivation, drug use & delinquency & GPA & other behavioral outcomes, 8th graders living in urban poverty, 33647
heroes & heroines as sociocultural influences on personal identity, 11–16 yr olds, England, 33643
hierarchical levels of identity & human agency as revealed in expressions of parental identity, 30–42 yr old mothers, 27407
historical & other factors influencing identity development & experience, 23–79 yr old self-identified lesbian social drinkers, 30364
historical perspective of political psychology & psychologist & identity roles on peace & war, comment, 14179
hypochondriasis &/vs somatization & personality & attitudes toward self, primary care patients, 34037
identity & changing nature of work organizations, 19431
identity & relationship perceptions & interactions around identity beliefs & adolescent identity development, 11–16 yr old adjudicated females & their mothers, 10860
identity process in the identification with & beliefs toward political or ethnic groups, primordialist vs instrumentalist academics, 33915
identity salience & frame of reference on evaluation of injury & illness, female secretaries & male rugby players, 12332
identity semi-deterministic notions of intergenerational, transmission of abuse, mothers, 37453
impact of power & knowledge systems on self & body & gender identity of transgendered social actors, 24–68 yr old male transsexuals, 11071
individual differences in attentional resources in terms of processing speed & working memory, complexity of self-representations, 19–31 yr old females, 37150
individual life experiences & working status vs institutionalized retirement criteria, self identification as retiree, 55–75 yr old Black vs White vs male vs female nursing home residents, 33716
individual performance vs in-group's performance & individual-primacy vs collective-primacy orientation, in-group favoritism, college students, China vs US, 7788
individualism & collectivism & self construal, communication & decision making in culturally homogenous & heterogeneous groups, Japanese American vs European American college students, 4727
influence of gender roles on psychological well-being & depressed mood, comparison of actual behavior with gender-role ideal, 4653
internal consistency & test-retest stability as measures of reliability of subscales of Finnish version of Offer Self-Image Questionnaire, Finnish 13 yr olds, 2 wk study, 13044
interplay between identifications & identity & psychoanalytic technique to point out fluidity of identificatory processes, violent young male analysand, 15253
interpretative bracketing & existential-phenomenological methodology, self concept & etiology & experiences of violence & power & dominance & context associations, 28–51 yr old male batterers, 14697
interpretative bracketing & existential-phenomenological methodology, self concept & etiology & experiences of violence & power & dominance & context, 28–51 yr old male batterers, commentary, 14666
intimate partner relationships & sexual self-image, HIV seropositive adults, 8553
issues in structure & pathology of self, 4799
judgment of personality trait adjectives related to self vs well-known public figure vs social desirability vs number of syllables, PET of right &/vs left frontal brain activation, 19–26 yr olds, 10472
judgments of contentment & perceived comparison with peers, college students & 12th graders, 17607
K. Horney's ideas of real self & self-realization & integration of Zen Buddhism into her theoretical conceptions, 14371
K. Horney's theory of self, 27441
K. Horney's theory of self, commentary, 27435
language immersion & cultural & linguistic identities, 13 yr old male & 11 yr old twin females reared in 2 linguistic cultures, US & Canada, 33580
latent negative self schema & level of emotionality & risk for depression, well adolescents & adolescents at risk for psychopathology, 34067
leadership dynamics & role of follower self concepts in leader/follower relationship, 24029
literary representations of self definition in old age, 13854
loss & reconstruction of self, patients with chronic mental illness, implications for nursing, 2558
mathematical achievement & cognitive ability, mathematics self concept, male vs female 3rd vs 6th graders, Norway, 9482
meaningful employment, major depression & occupational & psychological stress & self concept clarity & self actualization & coping behavior & avoidance, 21–89 yr olds, 7947
methodology & results & validity & reliability of Pictorial Scale of Perceived Competence & Social Acceptance, measurement of self-concept, 3.1–5.6 yr old Lebanese kindergartners & teachers, 32596
Michelangelo phenomenon, perceived partner perceptual & behavioral affirmation & self-movement toward the ideal, heterosexual individuals in dating relationships & married couples, longitudinal study, 27280
model of identity development, 17–51 yr old gay & lesbian & bisexual & other college students of minority sexual orientation, implications for student counseling , 30362
model of self reflection & assignation of self & others to the same poles of bipolar constructs, 12–18 yr olds, 23750
models of identity & self & culture in educational analysis & anthropology of education, implications for multiculturalism & transcultural teaching & learning, 6097
modes of identity experience & integration, 18–81 yr old American Indians in Oklahoma, 7650
moral & religious & identity development in Christian liberal arts environment, 3 1/2 yr study, 17450
multiplex developmental disorders & role of communication in construction of self & language, children, 8437
music therapy, 53-yr-old female with depression & personal identity problems following husband's death, 38033
Narrative Processes theory of therapy & coding system for psychotherapy, implications for future research & practice, 37989
nature & functions of curiousity in development of self & object relations & in interaction with world & as schizoparanoid form, individuals in psychoanalysis, 18649
need for positive self-regard, Japanese, comparison with North American culture, 36939
negative self concept vs unstable self concept, prediction of wife assaulters, wife assaulting vs non-assaulting men (mean age 38.1 yrs), 37498
objectified body consciousness & actual/ideal weight discrepancies & body esteem, male vs female 17–32 yr olds, 4789
objective self-awareness & causal attributions for self-standard discrepancies, male college students who were high vs low in self-focus, 33960
oral contraceptive use, appraisal of stress & locus of control & self-integration & negative affect, women ages 18–48 yrs, 20363
ought & ideal & feared self-discrepancies as predictors of agitation- & dejection-related affects, college students, 24008
parental model of helping behavior, attitudes & perceptions of altruistic behavior & required service & self-image, male vs female 7th graders in a mandatory service-learning program, 22542
peer interventions, improved self-concepts & attitudes & school attendance & grades & reduced discipline referrals, 6th grade students with problem behaviors, 38928

perceived power of self vs friends vs parents, competitiveness of style of interaction with friends, 6–10 yr olds, 20551
perceptions of health & self image & substance use & experimental behaviors, 15–20 yr olds, 20564
personal & cultural identity & racial attitudes & attitudes toward socio-political change in South Africa, 13–19 yr old South African Blacks vs Whites vs mixed race individuals vs White Americans, 17378
personality characteristics, 17–63 yr old college students & self-proclaimed psychics, 27404
personally important & positive self aspects & social categorizations & construal of collective self, adults, 20941
perspectives of & emotional–motivational relevance in dual-factor conceptualization of self vs other vs significant other differences , 1241
philosophy of empowerment & self-concept development & internalization of racism & racial identity, Blacks in counseling & psychotherapy, 8770
physical & family & social & peer self-concept & transition through stages of to regular smoking, 12–17 yr olds, 36825
physical and/or sexual and/or psychological abuse, self concept, rural Mexican-American vs non-Hispanic White 13–18-yr-old males vs females, implications for psychotherapeutic nursing interventions, 11510
poetic construction of selfhood & relationship between narrative & self & cultural dimension of personal experience, 14356
possible selves mapping, assessment of personal & career expectations, 11–13 yr olds, 9829
prayer & identity & religious commitment, college students (aged 18–32 yrs), 20696
prior abusive relationships, self image & self care, low income White females with HIV, 30823
professional self concept, nurses, South Korea, 6043
propagation & social consequences of notions of authenticity & self-determination in construction of selfhood in counseling, 31460
psychoanalytic theory of self & reassurance in psychoanalytic psychotherapy, commentary, 27436
psychotherapuetic process of assimilation of voices into community of voices represented in self, 42 yr old female with depression, 38013
pubertal status & body weight & self concept & interaction, 7th & 8th grade males vs females, 17362
reclamation of self in leaving abusive relationships, 26–59 yr old female survivors of partner abuse, 17519
reconstruction of positive identity & meaning in recovery process, patients with psychiatric disabilities, 19044
relational identity & division of household responsibilities & hours devoted to employment & relationship satisfaction, 18–59 yr old married & unmarried couples, 37058
relational vs couple identity vs biological sex, relationship thinking & relationship satisfaction, 18–59 yr old married vs unmarried couples, 37045
relationship between collective self-esteem & independent & interdependent self-construals, 17–48 yr old college students, Canada vs Japan, 30305
relationship between identity & self & culture in anthropology, Pakistani man showing multiple contradictory identities, 36949
relationship between self-affirmation theory & survivors' reactions to unfair organizational downsizing, college students, 33937
relationship between self-image & ethnic identification, 18 yr old & older Afrikaans- vs English-speaking Whites vs Blacks, South Africa, 30297
reliability & construct validity of alternative measures of S. H. Schwartz's theory of values, assessment of values & individualism-collectivism & goal concepts, 17–30 yr olds, 49
reliability & validity of Self-Understanding of Interpersonal Patterns self-report measure, patients with major depressive or generalized anxiety disorder or cocaine dependence, 35929
religiosity & community service & identity, adolescents, 20623
religious practices of social isolation & rigorous meditation & voluntary silence, attitudes & self awareness & perceptions of external phenomena, 23–66 yr olds in 3rd yr of Buddhist retreat, Scotland, 30292
reputations & self-concepts & coping strategies, high school students with current vs former volatile-solvent use vs nonuse, 1779
role & manner of address of caregiver, self-evaluation of goodness or badness in interactions with caregiver vs nursery school teacher, Israeli 5 yr olds from town vs kibbutz, 13992
role of 'other' in self-conscious in shame, 1248
role of identity-orientation & identity-processing styles in shame & guilt, college students, 1331
role of perceived parental guides shared vs not shared with self-guides & self-representation in self-regulation, college students, 30513
role of sexual self-schema in healthy male & female sexual behavior & responsiveness & diathesis–stress model of sexual dysfunction, 27248
roles of ethnic & ideological identity in predicting fidelity, rural & low income African American & European American 15–18 yr olds, 27063
scholastic competence & self concept, 9th–12th graders with learning disabilities, 16001
self & social identity & past experience, intention & behavior of performing behavior, 17–59 yrs old community residents, 37172
self cognition, negative affect & self perceived competence, 7th graders, 2 yr study, 33646
self concept & academic performance congruence, high achieving 9th graders, 6221
self concept & self esteem & racial preference, academic achievement, 4.1–5.2 yr old African American preschoolers in Head Start program, 10858
self conceptualization & lived experiences, female educators & health care practitioners, implications for health care practice, 30481
self deception in perceptions of past & present & future happiness, adults, 17687
self discrepancy theory of effects of developmental shifts & socialization on & individual & sex differences in own vs other standpoints & internalization processes in self-regulation, 27385
self esteem & identity development as story in late life, 87–100 yr olds, 20 yr study, 36881
self image aspects & protocol of T. Burrow's group analysis, 28367
self perception vs ideal of masculinity, aggression, male college students, 24047
self resolution of alcohol problems as reinvestment in self, 37–66 yr old former drinkers, 2440
self systems during middle childhood, aggressive youth, 24405
self vs other as target & positive vs negative property & verifiability of act, frequency of self vs other characterization & level of abstraction in describing target, undergraduates, 14281
self vs situation congruity, perceived brand personality & preference, high vs low self-monitoring consumers, 16196
self- & goal-related motivation in social cognition & judgments & interactions, commentary, 23950
self- & goal-related motivations in social cognition & judgments & interactions, commentary, 23953
self- & goal-related motivations in social cognitions & judgments & interactions & motivated heuristic & systemic processing, commentary, 23947
self- & goal-related motivations in social cognitions & judgments & interactions & review of social psychological theories of social perception, commentary, 23946
self- & goal-related motivations in social cognitions & judgments & interactions & self-deceptive nature of some motivations, commentary, 23952
self- & goal-related motivations in social cognitions & judgments & interactions, commentary , 23955
self- & goal-related motivations in social cognitions & judgments & interactions, commentary , 23954
self- & goal-related motivations in social cognitions & judgments & interactions, commentary, 23956
self- & goal-related motivations in social cognitions & judgments & interactions, commentary, 23957
self- & goal-related motivations in social cognitions & judgments & interactions, commentary reply, 23949
self- & goal-related motivations in social cognitions & judgments & interactions, commentary, 23945
self-categorization & emotional reactions to ethnic minorities & ingroup stereotypes, 16–18 yr old ethnic Dutch secondary school students, 27082
self-concept & ego defense mechanisms & personality traits, delinquent adolescents (mean age 16.70 yrs), Thailand, 8403
self-concept & existential questions & adult contacts outside family in process of identity development, 16–19 yr olds , 17313
self-concept discrepancy & attributional style, coping with failure, male vs female 10th graders, 36821
self-concept profiles & social behavior & participant roles in bullying situations, 14–15 yr olds, 963
self-conception & discrepancy between actual self & personal standard, affective & cognitive reactions to positive vs consistent vs negative personality test feedback, college students, 27361
self-conceptualizations & self-discrepancies about own appearance in relation to peer evaluations of social behaviors, 4th–6th graders, 15963
self-deception strategies in moral hypocrisy, college students, 30451
self-flattering motivational influences on social cognition, 23986
self-image threatening feedback, activation of stereotypes in presence of Asian or African American target, college students, 1265
self-knowledge structures & physical appearance beliefs & coping strategies, females with high body dissatisfaction with vs without disordered eating symptoms vs low body dissatisfaction, 31022
self-perceived personality & impression management on NEO-Five Factor Inventory, 18-52 yr olds, 20939
self-presentational motives, potentially unhealthy behavior, college students, 33897
self-psychological view of tenderness & self-protectiveness & vulnerability & experience of selfobject relationship & deepening of curative process in group psychotherapy, implications for treatment, 8763
self-stereotyping self concept & high vs low ethnic identification level, ingroup bias, 18–44 yr old Iranians living in The Netherlands, 14257
self-worth theory of academic achievement motivation, Division I student athletes, 19311
sex & academic achievement, general self-concept, elementary school students, 9478
sex & cross cultural differences in possible self as parent scores, undergraduates, Canada vs Italy vs Japan, 27354
sex differences in self-concept dimensions, 1st–12th graders, 7 countries, 23792
sex, discussions & representations of sexual knowledge from television & identity, 6–7 vs 10–11 yr old children, 20577
sex, self-differentiation, spouses, 4784
sexual experience & esteem & body size & attractiveness & body image, 18–21 yr old females, 4682
sexual identity construction & reconstruction, lesbian members of Exodus International ex-gay ministries, 27250
shame & self, 45 yr old male in psychoanalysis, 25115
shame & self, 45 yr old male in psychoanalysis, commentary, 25120
shame & self, 45 yr old male in psychoanalysis, commentary, 25121
shame & self, 45 yr old male in psychoanalysis, commentary, 25123
shame & self, 45 yr old male in psychoanalysis, commentary, 25125
shame & self, 45 yr old male in psychoanalysis, commentary, 25127
shame & self, 45 yr old male in psychoanalysis, commentary, 25128
shame & self, 45 yr old male in psychoanalysis, commentary, 25130
shame & self, 45 yr old male in psychoanalysis, commentary, 25136
similarities of Buddhism & psychoanalysis in methods & approaches toward individuals & relation to insights into nature of being & self, 14368

Themes and issues in the self-regulation of behavior, 37129
Toddlers' understanding of intentions, desires and emotions: Explorations of the dark ages, 17218
The will in the light of object relations theory, 21752

Self Defeating Behavior—Serials

sex, depression & self-defeating & self-destructive behaviors as predictors of suicidal ideation, 18–60 yr olds, 17994
theory of intrapersonal dilemmas & concept of multiple selves, addiction & procrastination, 36231

Self Defense—Serials

development of the Dating Self-Protection Against Rape Scale & prediction of self-protective behaviors against sexual assault, heterosexual men vs women vs gay men vs lesbians vs bisexuals, 16324
generalization effects of coping skills training to stress management & self-defense training, college students, 6 mo follow-up, 37975
level of sexual abuse knowledge & self-protection skills, Chinese 11–15 yr old females with mild mental retardation, 18166

Self Destructive Behavior [See Also Attempted Suicide, Self Inflicted Wounds, Self Mutilation, Suicide]—Serials

24-hr crisis telephone consultation with psychiatrist, repetition of deliberate self harm, patients (mean age 32.9 yrs), 6 mo followup , 28662
accidental injury or self-poisoning as possible indication of suicidal intent, 5-yr-old male referred for psychiatric evaluation following 3 separate ingestions of medications, 30810
aggression & self injury & suicidal behavior & impulsivity, male vs female adolescent psychiatric inpatients, 24428
anticonvulsant lamotrigine, self-injury & bulimia nervosa, 23- yr-old male & 28-yr-old female with depression & treatment- resistant impulse tendencies, 21878
attachment theory to understand quality of attachment security to primary caregiver, 6–11 yr old male psychiatric inpatients with self-destructive behaviors, 1695
behavioral rehabilitation programming based on G. Paul's social learning approach, rates of aggressive & self-injurious behaviors, 21–59 yr old cognitively impaired chronic psychiatric inpatients , 12490
bilateral cortical aspirations, pemoline induced self biting behavior, prepubertal male rats, animal model of self injury, 13531
cessation of long term naltrexone therapy, self injurious behaviors, adult female with profound mental retardation, presentation of 2 & 4 yr followup data, 12158
characteristics of referrals to & operation of hospital deliberate self-harm service, patients, 32003
childhood sexual & physical & emotional abuse & subsequent deliberate self harm, 18–50 yr old female overdose patients, 8273
clinical & psychological correlates of compulsive vs impulsive vs absence of self-injurious behavior, 16–50 yr old outpatients with bulimia nervosa, 11739
correspondence between assessment outcomes of brief vs extended functional analysis, 20–68 yr olds referred for assessment & treatment of self-injurious behavior or aggression, 22946
development of Self-Harm Inventory to identify borderline personality disorder through self-destructive behaviors, adults, 28
divalproex sodium, aggression & self-injurious behavior, 20–63 yr olds with intellectual disabilities, 18732

enriched environment based on paired-choice preference assessment, self injurious behavior & negative affect, 23 yr old mentally retarded female with mood disorder, 15197
escape &/vs sensory extinction, self injurious behavior, 35 yr old autistic severely mentally retarded male with obsessive compulsive disorder in inpatient unit for self injurious behavior assessment, 15195
functional analysis & treatment of self-injurious behavior in classroom, 10-yr-old with severe/profound mental disability, implications for training teachers, 29039
functional analysis of effectiveness of variable-momentary differential-reinforcement-of-other-behavior schedules, self-injurious behavior, 28–50 yr old females with mental retardation, 24637
functional analysis, false-positive maintenance of self-injurious hand mouthing by access to tangible reinforcers, 26 yr old female with profound mental retardation, 24104
incidence & method of self-harming behavior, male patients in medium-secure hospital, 21274
labeling & access to care & self destructive behavior perceived as manipulation in experience of living with bipolar personality disorder, adult females, 34243
manual-assisted cognitive-behavior therapy, changes in symptoms & suicidal behavior, 16–50 yr olds at risk of recurrent self-harm, 12078
modified social attention condition, functional analysis detection of destructive behavior patterns, 6 yr old males with mental retardation, 11720
naltrexone, self-injurious behavior, 29 & 42 yr old females with profound mental retardation, 12173
noncontingent vs differential reinforcement using social attention, reduction of self injurious behavior, female 32 & 40 & 42 yr olds with developmental disabilities, commentary, 25065
noncontingent vs differential reinforcement using social attention, reduction of self injurious behavior, female 32 & 40 & 42 yr olds with developmental disabilities, commentary reply, 25070
operant extinction treatment, side effect prevalence of bursting & aggression, 5–54 yr olds with moderate to profound mental retardation treated for self-injurious behavior, 15196
parent–child relationships, families with depressed & self-harming adolescents, implications for suicide prevention, 23880
paroxetine vs naltrexone, self biting behavior, male rats, animal model of self injurious behavior, 33499
phenomenology & risk factors & incidence of fire setting & self mutilation & antisocial personality disorder & mood disorder, female remanded prisoners, 22292
pre & post migration variables predicting psychological distress & self-destructive behavior, 17–29 yr old Vietnamese Amerasians fathered by US servicemen & civilians during Vietnam War, 1097
pre- and postmigration cognitions & feelings toward American biological fathers, distress & self-destructive behavior, 17–29 yr old European vs African Vietnamese Amerasian males vs females, 27459
prior social context, aggressive & self-injurious & other aberrant behavior severity in analogue analysis assessments, female 8 & 32 yr olds with severe developmental disabilities, 37641
prompting & reinforcement & amount of object manipulation, stereotypic self injurious behavior, 33 & 46 yr old males with developmental disabilities who engage in self injurious behavior, 15198
rates of suicidal ideation & self-harm assessed in school vs at home, 13–14 yr olds, 5045
relationship of 5-HT2C & D1 receptors, neonatal 6-OHDA rat model of Lesch-Nyhan syndrome, 33359
role of empowerment in group approach to self-regulation therapy, reduction of self-destructive behavior & healing & recovery, incest survivors, 5555
self-mutilative aspects of severe onychophagia & relation to tension management & comparison with self-cutting, college students, 11571
sex, depression & self-defeating & self-destructive behaviors as predictors of suicidal ideation, 18–60 yr olds, 17994
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta-carboline norharman, 23–60 yr olds with mental retardation & stereotyped &/or self-injurious behavior, commentary, 34474
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta–carboline norharman, 23–60 yr olds with mental retardation & stereotyped &/or self-injurious behavior, commentary reply, 34478
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta-carboline norharman, 23–60 yr olds with mental retardation & stereotyped behavior &/or self-injurious behavior, 11724
teacher identification of & risk markers for & changes in potential self-injurious behavior, children aged less than 11 yrs with severe intellectual disabilities &/or autism, 24593
underestimation of non-accidental self-injurious behavior, suicide statistics of young people, implications for suicidal behavior as policy issue, 18002
use of brief vs extended functional analyses for identifying maintaining contingencies for aggressive & self-injurious behaviors, 2 male & 1 female adults with autism & profound mental retardation, 37646
use of ecobehavioral model in treating challenging behaviors, adults with psychiatric disorders and developmental disabilities, 8811
water mist punishment, self-injury & aggressive behavior toward staff, 50 yr old female with severe mental retardation, 31541

Self Efficacy—Serials

A. Bandura–s theory of self efficacy & current arthritis self efficacy research & measurements, commentary, 5225
academic self concept & achievement motivation & self efficacy & math anxiety, math achievement & effort, regular vs gifted & male vs female 6th grade students, 1 yr study, 15941
adjustment levels of self-liking & self-competence, college students living in collectivist vs individualistic cultures, Spain vs Wales, 27400
adolescent background & self concept & adult achievement, personal sense of mastery, 27–31 yr old African American males followed from ages 14–18 yrs , 17359
alcohol expectancies & drinking refusal self-efficacy, 18–65 yr old problem vs nonproblem drinkers, 8371
attitudes & social influences & self-efficacy, smoking cessation, smokers, implications for intervention strategies, 2686
attitudes & social norms & self-efficacy about refraining from sexual intercourse & age & gender & ethnicity & parental education, delay of intercourse onset, adolescents (mean age 15 yrs), 33644
behavioral treatment, binge eating severity & self concept & dieting self efficacy & social support, 25–50 yr old obese females, 18 mo study, 34874
bonuses based on end-of-period standards vs self-set goals, goal-setting & management performance & self-efficacy, graduate students, 36285
career choice development, career decision-making self-efficacy, college students (mean age 27.82 yrs), 19389
career exploration & decision making self efficacy, 11th & 12th graders from urban vs suburban high schools, 35521
career intervention & education program, career self-efficacy & congruence between career choices & occupational interests, 7th grade students at risk for vocational underachievement, 15888
career intervention, career decision making self-efficacy & career indecision, male vs female high school juniors, 4 wk followup , 25839
change in alcohol effect & self efficacy expectancies, 19–70 yr old inpatient drug & alcohol treatment patients, 4 wk study, 9231
changes in perceptions of supervisory alliance & changes in self-efficacy expectations & satisfaction with supervision, counseling trainees, 38689
child-centered play therapy intervention, classroom learning behavior & self efficacy beliefs, 5–9 yr olds, 12743
cognitive & experiential group therapy, self efficacy & perceptions of employability, women with chemical dependence (mean age 32.7 yrs), 21798
collective efficacy, team performance & coordination processes, college students, 37073
construct & measurement of collective efficacy & its relationship to team cohesion, volleyball players (mean age 19.7 yrs), 30414
construct & measurement of collective efficacy & its relationship to team cohesion, volleyball players (mean age 19.7 yrs), commentary, 30412
construct analysis of hope & will & ways & self-efficacy & optimism & general well-being constructs on Hope scale, 17–50 yr olds, 19599
construct validity of Task-Specific Self-Efficacy Scale & Skills Confidence Inventory as measures of vocational behavior, college students, implications for occupational guidance, 32725
construction & validity & reliability of childhood asthma self management scales, assessment of management barriers & treatment & asthma self-efficacy, parents & asthmatic 7–15 yr olds, 18811
content & construct & concurrent validity of Sexual Risk Behavior Beliefs & Self-efficacy scales, assessment of intercourse involvement & condom use, 9th–12th graders, 16297
Contraceptive Self-Efficacy Scale scores & contraceptive behavior correlates, female high school & college students, 7525
development & factor structure & validity criteria analysis of Biology Self-Efficacy Scale, assessment of college biology self-efficacy, 17–40 yr old nonbiology-majors enrolled in biology course, 22913
development & psychometric properties of 2 measures of self-care & problem solving self-efficacy, 30-85 yr old caregivers of cognitively impaired elders, 26124
development & situational structure of scales to measure stage of change & sex differences in confidence in safer sex & temptation for unprotected sex constructs, college students, 22906
development & validation of scale assessing self-efficacy for increasing fruit & vegetable consumption & ability of scale to discriminate Ss at different stages of change readiness, 21–60 yr olds, 26081
development & validity & reliability of Corrective Feedback Self-Efficacy Instrument, counselor trainees, 19162
development & validity & reliability of Resident Assistant Self-Efficacy scale, assessment of beliefs about ability to positively influence student development, college resident assistants, 28984
development of reliable & valid brief measure of coping self-efficacy, 20–67 yr old substance users, 25542
disease process & joint damage & health status & self-efficacy, patients with rheumatoid arthritis living in affluent vs less affluent areas, 28007
distal with vs without proximal goals vs instructions to do your best, performance & self-efficacy on moderately complex task, young adults, 29093
effects of dual intervention program to enhance moral reasoning & perceived efficacy, 5th & 6th graders, 15966
exercise intensity & change in self efficacy, anxiety reduction, healthy adults aged 60–75 yrs, 28638
exercise training & spouse overprotectiveness, improvement in self efficacy during cardiac rehabilitation, 30–70 yr old coronary patients, 38582
expertise & state self-efficacy & worry during administration of computerized job-related certification test, employees , 26240
exposure to traumatic events & social support & self-efficacy & ethnicity & gender, self-health assessments, 13–17 yr olds, 36788
falls self-efficacy, occupational adaptation in performance & experience, elderly, 33708
false negative feedback, efficacy expectancies & sexual arousal, sexually functional 20–50 yr old males, 14204
feedback, self-efficacy & performance & task choice in hurdles jumping activity, 18–24 yr olds, 19445
gender & Holland type as moderators of validity & interpretive utility of Skills Confidence Inventory, employed adults, 115
goal setting & strategy use, essay writing & self-efficacy, 12–15 yr old 7th–8th graders with writing & learning disabilities, 27957
goals & self-evaluation, self-efficacy & achievement & self-reported competence & use of self-regulatory strategies during computer skill learning, 18–39 yr old college students, 28967
grade-level & sex & writing self-efficacy beliefs, writing competence, 6th–8th graders, 38847
group social identity & efficacy beliefs regarding possible selves & self esteem & psychological well being, college students (mean age 19.2 yrs), commentary, 32293
group social identity & efficacy beliefs regarding possible selves & self esteem & psychological well being, college students (mean age 19.2 yrs) , 32280
health-promoting behaviors & hormone therapy self-efficacy, quality of life, 45–84 yr old female users vs nonusers of hormones, 31816
implicit theories vs social construal of ability in self-regulation & performance on complex group-management task, college students, 20871
incremental validity of General Confidence Themes of Skills Confidence Inventory, measure of vocational self efficacy & interest, employees, 36046
individual differences in self-reported anomalous experiences & thinking styles & schizotypal traits & self-efficacy & intolerance of ambiguity, 18–39 yr olds, 30532
individual variables & locus of control & beliefs about controllability of weight & value of health & self-efficacy to control weight, prediction of weight loss attempts & success, adults, 25357
individualism vs collectivism, performance feedback referents & self efficacy, managers, US vs China vs Czech Republic, 32358
job search clubs, acquisition of job search skills & career self-efficacy & vocational identity, 22–39 yr old international students, 35566
leader vs group self-reliance & coping style, group performance & satisfaction, adults, 9624
loneliness & social dissatisfaction & relation with self-efficacy for peer interaction, 9–11 yr olds, 27046
mediation of mastery-oriented coping by effort vs ability attributions, college students, test of incremental vs entity implicit self-theories, 30502
memory self-efficacy & locus of control, event- vs time-based prospective vs retrospective memory performance on laboratory tasks & memory capacity & stability & anxiety, 51–83 yr old Ss, 16653
mode of physical activity, changes in self-efficacy, formerly sedentary adults (mean age 65.5 yrs), 1 yr study, 36897
motivation to learn to use computers & experience with computers, computer anxiety & attitudes & self efficacy, college students enrolled in computer programming, 28982
neuroticism & extraversion & mastery or perceived control & general self-efficacy expectancies, functional ability & disability changes, low-functioning 57–93 yr olds, 1993–95, 17766
node link mapping in therapeutic community drug treatment, self efficacy & life skills motivation, probationers, 32064
operationalization & measurement of self-efficacy in relation to HIV-risk reduction research, 1978
organizational practices, development of role breadth self-efficacy, 16–69 yr old employees, 9609
parent education level & Transition Demonstration membership, parent self-efficacy beliefs & child's academic abilities, former Head Start kindergartners & their parents, 22462
participation in mentoring program, self efficacy & aspirations & possible selves, economically disadvantaged elementary & secondary school students, 12750
path model of relationships among androgyny & self esteem & self efficacy & career indecision, 15–19 yr old females, 30248
perceived & actual similarity & subordinate competence & self-efficacy & leader characteristics, exchange quality & subordinate satisfaction, 16–22 yr old subordinates & their 31–50 yr old supervisors, 35610
perceived or actual alcohol intake, perceived self-efficacy for avoiding HIV, females (aged 21–30 yrs), 37039
perceived social & academic self-efficacy & role in sociocognitive influences leading to depression, children (mean age 11.5 yrs), 1 & 2 yr followups, 11351
perceptions about meaning & implementation & expected behaviors of self-regulation as vehicle for learning in teacher education programs, Israeli vs Dutch student teachers & educators, 32191
perceptions of agency & means-end & control in social situations, older adults (mean age 75.4 yrs), 14243
performance accomplishments & vicarious learning experiences, mathematics & science self-efficacy & career interests & goals & actions, career-undecided college students, 15978

pessimistic & negatively biased content of self-focused ruminations, problem solving & efficacy expectations & willingness to implement problem solutions, dysphoric vs nondysphoric undergraduates, 37159
philosophical & practical & psychological aspects of mindfulness & critical self-reflection of physical & mental processes for improvement of patient sessions, practitioners , 38653
physical activity & knowledge & perceived barriers & self-efficacy, 55 yr old & older urban primary care patients, 18855
physical activity self efficacy & perceived barriers & life strain, participation in vigorous physical activity, 9th vs 11th grade males vs females, 19324
planned behavioral approach to self efficacy & perceived control in eating low fat diet, 17–55 yr olds, 11189
positive vs negative feedback & low vs high self-efficacy, acceptance of initial vs repeated performance feedback, undergraduates, implications for employee evaluation & training, 38962
process vs outcome vs shifting self-regulatory goals, writing revision skill learning & self-efficacy & self-reactions & intrinsic skill interest & GPA, female 9th–11 graders, 28976
prosocial values & self efficacy in delinquency & risky sexual behavior & drug use, male vs female racially diverse 12–19 yr olds, 21370
psychometric properties of Multidimensional Scales of Perceived Self-Efficacy, junior & senior high school students, 9828
pulmonary exercise rehabilitation, self-efficacy & quality of life & exercise tolerance, 33–83 yr olds with chronic obstructive pulmonary disease, 19036
ratings & explanations & perceptions of external factors influencing teaching efficacy, preservice (mean age 24.5 yrs) vs experienced teachers (mean age 37.5 yrs), 6121
responses to classroom misbehavior & confidence, concerns about misbehavior & use of support & management strategies & information needs, K–Yr 2 teachers, 25710
role of phase-specific optimistic self-beliefs in self-regulatory goal attainment vs threat appraisal processes in the adoption & maintenance of health behaviors, 18889
role of self efficacy vs psychotherapy effectiveness in changes in physical & neurological functioning, 34774
selection of sources of self-efficacy in physical education & sport, 8–14 yr olds, 2936
self efficacy & outcome expectations & fantasies, prediction of posttreatment drinking, alcoholics, 2692
self efficacy & reasons for & success attributions of smoking cessation during pregnancy & early postpartum period, prediction of continued postpartum abstinence, adult females, 31834
self efficacy & uncertain self confidence, test scores on easy vs difficult final exams, college students, 15947
self efficacy & work dysfunction & drug addiction, 18037
self efficacy as predictor of disease management, 60–93 yr old females with heart disease, 18328
self efficacy beliefs & source of efficacy information & outcome expectations in career interests & development, adolescents with learning disabilities, 16012
self efficacy, physical & psychosocial components of pain & disability & depression, patients with chronic pain, 21447
self- & collective efficacy beliefs as moderator of impact of work-related psychological & physical stressors, US army soldiers (mean age 25 yrs), 22688
self-concept vs self-efficacy in academic motivation research, 35502
Self-Directed Search responses & career self efficacy, high school students, 19384
self-efficacy & exercise-related affective responses, female college students, 17007
self-efficacy & motivation, academic success in mathematics, junior high school students, 35517
self-efficacy & other factors determining medication compliance, rheumatoid arthritis patients, 12317
self-efficacy & outcome expectations & dental health value, prediction of dental plaque preventive oral hygiene behavior, 22–72 yr olds, 25372
self-efficacy & self evaluative outcome expectancies & partner attitudes & reactions towards condoms as predictors of condom usage, 18–25 yr old African American vs white female college students, 1190
self-efficacy & self-disclosure of HIV-positive serostatus to sex partners, HIV seropositive males & females , 18308
self-efficacy as predictor of chronic fatigue syndrome, 5209
self-efficacy beliefs, onset of perceived functional disabilities & aging, 70–79 yr olds, 2.5 yr followup, 33714
severity of disorder & patterns of self efficacy for abstinence in future, 17–71 yr old inpatients with vs without comorbid alcohol/drug dependence & personality disorders, 4855
sex, self-efficacy & application of theory of planned behavior in career decision-making process & willingness to pursue sex-atypical careers, 5th-form students, 38940
sex, writing self-beliefs, 3rd–5th graders, 10789
simulated interparental conflict, affect & blame & self-efficacy, Latino 7–12 yr olds from homes with vs without family violence, 27827
single vs multiple measures of biofeedback & perceived control & self-efficacy, basketball free throw shooting, basketball players, 6357
social cognitive constructs of alcohol expectancies & self-efficacy in relation to social anxiety & alcohol consumption, college students , 23939
social cognitive factors of perceived behavioral control & intention & attitude toward condom use & 1st- & 2nd-order interactions as predictors of sexual risk behavior, HIV+ & HIV- homosexual males , 23927
social cognitive theory based worksite intervention, exercise self efficacy & self regulation skills & outcome expectancy values & adherence, employees, 2505
social support & coping style & perceived self efficacy, psychological health & distress, 65+ yr old victims of mistreatment living independently, 1 yr followup study, 33695
social support networks, self efficacy & condom use, female crack cocaine abusers not in treatment, 5088
social withdrawal & academic & social self efficacy & popularity & happiness, introverted vs extraverted 12–15 yr olds at risk for future maladjustment, 2959
social-cognitive theory of substance abuse that incorporates human agency & perceived self- & collective efficacy , 24511
social-evaluative tasks, social skills & outcomes & self-talk & outcome expectancies & self-evaluation of performance, 7–14 yr olds with social phobia , 21192
sociodemographic & environmental & intrapersonal factors, exercise self-efficacy & exercise outcome expectations, urban & lower-income patients aged 55 yrs & older, 35120
sociotropic vs autonomous personality, performance expectations, depressed vs nondepressed college students, 1539
stage of change & self efficacy to quit & nicotine dependence & perceived & actual smoking related illness, adult smokers, 25546
supervisory support, self efficacy & supervisor-rated performance & work output, insurance broker consultants, 6277
test item format & state self-efficacy & worry during high-stakes computer-based certification examination, male computer engineer candidates, 26246
test validity & efficacy beliefs at beginning of training vs end of preparation program, modified Teacher Efficacy Scale, preservice teachers, 112
theoretical framework for assessment of classroom environment, motivation & self efficacy & academic achievement & mental efforts, 3rd graders, 36035
traditional conceptualization of perceived behavioral control vs scheduling self-efficacy & perceived barriers to exercise, exercise class attendance & intention, elderly, 1309
union campaign strategies, self-efficacy & activism after campaigns end, workers , 6349
use of political considerations & rater self-efficacy & perceived organizational climate, performance appraisals, police officer raters, 35612
validity & reliability of Perceived Employability Scale, assessment of career self-efficacy, 17–59 yr old low-income culturally diverse females, 3012
validity & subject-matter-specificity of measures of self-efficacy & interests & outcome expectations & goals in math/science & art & social sciences & English, college students, 36042
validity & training & user attitudes of a computer self-efficacy scale, business undergraduates, 32615
validity of Efficacy-Based Change Model regarding internal processes toward educational innovations, practicing teachers, 32192
values & autonomy expectations as predictors of academic achievement, Western vs Asian international high school students, Hong Kong, 32270
videotapes of counseling sessions vs role plays with mock clients, self efficacy, students in prepracticum counseling classes, 28846

Self Hypnosis [See Autohypnosis]

Self Image [See Self Concept]

Self Inflicted Wounds—Serials

bodily self harm & experience of childhood abuse, female primary care patients (aged 18–49 yrs), 18020
challenge to others-healing ability & unusual bodily reactions explanations for deliberately caused bodily damage phenomena, commentary, 3621
continuous reinforcement &/vs punishment for alternative behavior, self-injury, 28–44 yr olds with mental retardation at day-treatment center, 38102
cyproterone acetate, self-injurious behavior, adult male monkeys, 20282
demographics & clinical characteristics & psychiatric comorbidity, 18–53 yr olds with self-injurious repetitive skin picking, 30861
distinction between extinction & punishment effects of response blocking, self-injurious eye poking, 41 yr old female with developmental disabilities, 38100
fluvoxamine, female 19–82 yr olds with psychogenic skin excoriation, 12141
functional analysis & non-aversive interventions, self injury, adult male with profound learning disability living in long-stay hospital, 8713
functional communication training & naltrexone treatment, self-injurious behavior, 12 yr old male with autism & severe communicative & cognitive deficits, 2145
known history of heavy drinking, assessed risk of suicide after deliberate self-harm & management by hospital accident & emergency department staff, patients aged 16 yrs & older, 38578
object relations perspective on self injurious acts as expression of latency age suicidal intentions, 8 & 12 yr old males from abusive homes, case report, commentary, 30849
puzzle feeders with 3 levels of maze difficulty, stereotypies & self biting, individually housed male monkeys with record of self-injurious behavior, 334
self-injurious behavior, 71–92 yr olds with dementia of Alzheimer's type or multi-infarct or vascular type, 18440
self-mutilative aspects of severe onychophagia & relation to tension management & comparison with self-cutting, college students, 11571

Self Instruction [See Individualized Instruction]

Self Instructional Training—Chapters

A Vygotskian critique of self-instructional training, 8031

Self Management [See Also Self Instructional Training]—Serials

achievement goals in mathematics & negative affect about making mistakes & self-regulatory beliefs & behaviors, 5th–6th graders, 9532
classification of deliberate strategies used for improving unpleasant affect, 17–55 yr olds, 20933
client choice of vs assigned cognitive or behavior change targets of self-management therapy, depressed 60–86 yr olds, 15156
cognitive vs behavioral vs cognitive-behavioral techniques, self-regulation of frequency & duration & intensity of anger, college students, 5488
construction & validity & reliability of childhood asthma self management scales, assessment of management barriers & treatment & asthma self-efficacy, parents & asthmatic 7–15 yr olds, 18811
cortisol reactivity & androgens & pubertal status & parental personality & family & peer dysfunction, behavioral self-regulation, 10–12 yr old boys at high vs low risk for substance abuse, 24518
development & evaluation of self management & group health education program, patients with HIV, 15396
effectiveness of Arthritis Self-Management Programme, perceived control & self management ability, arthritis patients (mean age 57 yrs), 35061
emotional self-management program, stress & emotions & heart rate variability & dehydroepiandrosterone & cortisol, adults, 5799
experiences of living & coping with & managing disease, 17–22 yr olds with diabetes, 18281
factors affecting willingness to pay for & give time to asthma self-management program, 18–34 yr old asthma patients, 31766
family & peer correlates of behavioral self regulation, 10–12 yr old males at risk for substance abuse & their fathers, 21303
family processes in development & maintenance of self-regulation & motivation, children, 10848
goal orientation & self-regulation tactics & sales performance, salespeople (mean age 38.63 yrs), 22600
importance of self-regulation skills in young children with Down syndrome, 1877
integrated assessment & psychotherapy for management of disease & improved glucose control & integration of psychology into primary care, adults with diabetes, 12308
intergenerational patterns of age at 1st birth & family & personal characteristics in childhood & adolescence & adult self-sufficiency, offspring & their mothers, 30 yr study, 838
isolation & confinement, maintenance of complex performance during spaceflight simulation, 31–37 yr old cosmonauts, 16218
major depression, self-maintenance & instrumental activities of daily living as measures of functional status, inpatients with coronary artery disease, 14991
mechanisms & limitations in ability to exercise conscious & intentional environmental control & nonconscious aspects of psychological life & forms of self regulation, 24006

motivation, self regulated strategy use, high vs low achieving college students, 12695
negative effects of benevolent care, nursing, 35196
patterns of mother–child interaction & private speech use & behavioral self-regulation, 3 & 4 yr olds with behavior problems, 34311
perceptions of division of responsibility for asthma management tasks in families, inner city 6–9 yr olds & their caregivers, 18842
process vs outcome vs shifting self-regulatory goals, writing revision skill learning & self-efficacy & self-reactions & intrinsic skill interest & GPA, female 9th–11 graders, 28976
psychological treatment of disease-related symptoms in asthma & diabetes & cancer & self-management & behavioral relaxation in asthma treatment, children & adolescents, commentary, 28577
repeated exercises of self-control & relation to self-regulatory strength over time, college students, 2 wk study, 29959
role of perceived parental guides shared vs not shared with self-guides & self-representation in self-regulation, college students, 30513
role of phase-specific optimistic self-beliefs in self-regulatory goal attainment vs threat appraisal processes in the adoption & maintenance of health behaviors, 18889
self discrepancy theory of effects of developmental shifts & socialization on & individual & sex differences in own vs other standpoints & internalization processes in self-regulation, 27385
self management perceptions & practices in organizational behavior, managers, 12864
self regulation behavior in unstructured situations & disinhibition & episodic memory, male patient with retrograde amnesia & ventral frontal dysfunction & self regulatory disorder, 31269
self resolution of alcohol problems as reinvestment in self, 37–66 yr old former drinkers, 2440
self sufficiency improvement programs, educational & financial outcomes & welfare received & pregnancy rates & maternal & child well-being & parenting outcomes, teenage mothers on welfare, 20750
self-control techniques for seizure control, 12–43 yr olds with intractable epilepsies, 5723
self-management anticoagulation therapy education program, accuracy of anticoagulation control & treatment related quality of life, patients receiving long-term oral anticoagulant treatment, 12341
self-management anticoagulation therapy education program, accuracy of anticoagulation control & treatment related quality of life, patients receiving long-term oral anticoagulant treatment, comment, 12313
self-management educational program, asthma knowledge & management abilities, 6–14 yr olds with asthma & their parents, 12310
self-management exercises in cases of nocturnal bruxism & excessive urinary frequency & unassertiveness & dog phobia, college students, 8807
self-regulated learning during classroom writing & portfolio activities, 2nd & 3rd graders, 9488
self-regulation model of relapse process, sexual offenders, 8404
self-regulation strategies, mood awareness & improvement, 18–43 yr old trainee teachers, 25069
senior center self management & disability prevention program, health & physical activity & functioning & healthcare & psychoactive drug usage, chronically ill frail 70 yr olds & older, 1 yr study, 2512
simplified cognitive behavioral approach to anger management in group setting, 27–64 yr olds with moderate to severe learning disabilities, 8796
sociodemographics & social support & interpersonal functioning & symptom variables, appropriateness of self care responses to symptoms, 65+ yr olds, 35124
Strategic Content Learning approach to promotion of self-regulated learning, 19–48 yr old postsecondary students with learning disabilities, 9543
strategies for preventing loss of control & maintaining mental health, patients with chronic mental illness, implications for nursing, 2546
transitional shelter services, reintegration & self-sufficiency, homeless families, 5870
treatment adherence & self management behavior, 12–16 yr olds with asthma, 9033
use of soothing & anxiety regulation techniques in psychotherapy & application to client learning of self regulatory abilities, 8781

Self-experimentation, 3420

Self Monitoring (Personality)—Serials

candidate self-monitoring & interviewer impressions of candidate personality, personnel recruitment decisions, 19–35 yr old graduate trainee candidates & their interviewers, 38944
Chinese Self-Monitoring Scale, assessment of ability & propensity to regulate self-presentation & correlation to Eysenck personality traits, undergraduates, 7851
deceptive self-presentation to initiate dating relationship, high vs low self-monitoring male & female college students, 1234
emotional dissonance & mediating role of self-monitoring & social support, organizational commitment & intention to turnover, retail customer service representatives, 29112
impression management & impression management demands in conversation probe role play test, paralinguistic & verbal & nonverbal social skills, outpatients with schizophrenia, 14569
self-monitoring & social competence & role of family support & autonomy variables, male vs female 17–19 yr olds, 27075
Self-Monitoring Scale, prediction of academic & social integration, high vs low self-monitoring male vs female 17–53 yr olds, 7899
sex & self-monitoring & perceived control & friendships, social vs emotional loneliness, African American college students, 11196
stigma concealment & thought control in stigma-relevant social interactions, female college students with vs without eating disorders, 31023
television & soap opera viewing & endorsement of dysfunctional relationship beliefs & self-monitoring, 17–42 yr olds , 30500

Self Mutilation—Serials
clinical correlates of self-mutilation, patients with DSM-IV axis I disorders characterized by aggression (mean age 40.58 yrs), 21008
clozapine, severe self-mutilation & aggressive behavior, 26–47 yr old female patients with borderline personality disorder & psychosis, 31627
genital self mutilation, 23 yr old female with mental disorders, commentary reply, 37216
genital self mutilation, 23 yr old female with mental disorders, commentary, 37240
genital self-mutilation, 23 yr old female patient with mental disorders, 27458
history of sexual or physical or emotional abuse &/or neglect, risk of suicide attempts or ideation or self-mutilation, psychiatrically hospitalized 12–18 yr olds, 11540
leg autotomy, competitive ability & development, intact vs injured male spiders, 16819
phenomenological presentation of self-portraits & poetry, 41-yr-old female who self-mutilates, 30843
prevalence of & role of childhood & adult traumas in self mutilation, 18–90 yr olds, 1676
rat-based autotomy vs other models of experimental traumatic mononeuropathy & application to mechanisms of neuropathic pain in humans, 7062
self-mutilative aspects of severe onychophagia & relation to tension management & comparison with self-cutting, college students, 11571
tattoo collecting & stages of becoming deviant, 24473
taurine supplementation, pain sensitivity & autotomy, rats, 627
Terminator movie, self mutilation with stainless-steel needles inserted into the body, 53 yr old male patient with schizophrenia, 27655
tongue auto-amputation after flupenthixol injection for psychotic symptoms, 21 yr old mentally retarded male, 18722
Self Mutilation—Chapters
Self-injurious behaviour and people with developmental disabilities, 30965
Self Observation [See Self Monitoring]
Self Perception—Serials
ability for self-reflection on communication skills & areas for improvement in health counseling sessions with patients, 24–50 yr old nurses, 12571
ability to imitate style & self-orientation of another person's actions, autistic clients aged 9 yrs 1 mo to 18 yrs 11 mo, 21387
accessibility of internal working models of self & relationship to expectations for satisfaction in future relationship, female undergraduates, implications for cognitive view of attachment, 14284
acculturation to Hispanic vs American culture, self-perceived competence in school & peer & family life spheres, 12–22 yr old Latino immigrants, 4467
age & major, attitudes toward elderly persons & perceptions of self at age 75, 19–54 yr old college students, 15980
age & sex, Dutch version of Harter's Self-Perception Profile for Children, 4th & 5th & 6th graders, 3304
applicability of varied research methods for study of the self as a control system, application of control theory, 27395
application of Q methodology to counselor education for giving meaning to transitive thought & deepening of self understanding & understanding feelings in thought, 28829
assessment of importance of geriatric teaching objectives & self-perceived abilities & experience in geriatric care, medical students, 35396
attachment to mother &/vs father, representations of self & socioemotional competence, 4–6 yr olds, 14050
attitudes toward living in poverty & socioeconomic status & self-perception & public messages, 5–13 yr olds living in low-income neighborhood, 4503
awareness of illness & subjective cognitive complaints, 24–47 yr old outpatients with bipolar I or II disorders in clinical stabilization phase, 27617
awareness of social & emotional competencies, patients with orbital vs ventromedial frontal lobe damage, 28176
behavioral & morphological & hormonal correlates of lesbian butch vs femme erotic role identification, lesbian & heterosexual women, 20793
belief in Protestant ethic, psychological well-being, women self-perceived overweight vs normal weight women, 27391
below-average effect & the egocentric nature of comparative ability judgments, undergraduates, 27327
biased imagery in observer perspective of self in anxiety-provoking social situations, patients with social phobia vs agoraphobia vs blood injury phobia, test of cognitive model of social phobia, 24347
body size estimation & body image disturbance, females with anorexia nervosa (mean age 23.8 yrs), 21431
Buddhist tradition of Samatha practice, implications for study of first-person experience of consciousness, 16729
career maturity, self-appraised problem solving ability, minority & disadvantaged premedical students, 28841
choice, performance confidence & subjective control perception during task, female college students, 37171
cognitive & behavioral & affective correlates of self-schemata in baseball, undergraduates, 25958
cognitive discrepancy models of self perceptions of body image vs ideal standards, 7th through 10th grade students, 17675
comprehension of self presentational display rules & association with second order mental representation, 4–6 yr olds, 17234
construct validity of Physical Self Perception Profile, male vs female physical education college students, 17665
content of personal identity representations & cognitive representations of valued group identities, college students, 11147
cross-cultural generalizability of Big Five to & factor analysis of self-rated Korean personality trait adjectives, university students, 33977
cued activation of attachment relational schemas during lexical decisions on stimuli that represented if-then contingencies if interpersonal acceptance & rejection, college students, 30392
cultural individualism-collectivism & self-construal, turn-taking & conflict behavior, European American vs Japanese college students in homogeneous vs heterogeneous groups, 7812
culture & self-discrepancies & self-satisfaction, Japanese vs Asian Canadian vs European Canadian students, 27372
daily vs retrospective accounts of coping during exams, undergraduates, 20943
delay & media effects & self- & object recognition in use of external representations, 3 vs 4 yr olds, 23735
description & modeling of psycho-phenomenology of intuition & intuition–insight distinction, implications for study of first-person experiences of consciousness, commentary reply, 16715
description & modeling of psycho-phenomenology of intuition & intuition–insight distinction, implications for study of first-person experiences of consciousness, commentary, 16703
description & modeling of psycho-phenomenology of intuition, implications for study of first-person experiences of consciousness, commentary, 16718
description & modeling of psycho-phenomenology of intuition, implications for study of first-person experiences of consciousness, 16714
developmental age group, ability to provide interpersonal explanations for self-presentational behavior of others, 6–11 yr olds, 10833
differential item functioning of Perceived Stress Scale, adults (mean age 42 yrs), 20900
discrimination of own vs other cry, facial behavior & nonnutritive sucking rate, 1–3 day olds, 10767
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, 27449
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, commentary, 27454
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, commentary reply, 27450
double intentionality of Self & ego with Ideas or essences in Jungian analytic psychology & expression of despair in constructivism, commentary reply, 27455
dream cognition & self-reflectiveness & rapid eye movement sleep in narcolepsy syndrome, females, 24825
Eastern meditative traditions & use in study of first-person experiences of consciousness, 16721
Eastern meditative traditions & use in study of first-person experiences of consciousness, commentary, 16702
education level, perceived health, 25–65+ yr old males vs females, 15388
egocentric bias in judgment of fairness of own vs others' behaviors, undergraduate students with high vs low just world beliefs, 37120
egoistic & moralistic biases in self-perception & interplay between personality & defenses, 7873
empathic priming of private self, helping behavior toward AIDS victims, college students, 1251
estimation of areas of function lacking in self-awareness of competency, adults with traumatic brain injury, 3 & 12 mo follow-ups, 15007
experiences of motherhood & postpartum depression, mothers, 21094
experiential self knowing through pictures of flowers, adults, 7914
facilitating students' self-awareness & personal growth & well-being as goals of medical education, 25616
factor analysis of ruminative vs reflective types of private self-attentiveness as measured in L. R. Goldberg list of trait adjectives & 5-factor personality model & self-consciousness scales, 9849
factor structure & reliability & convergent validity of Dutch version of Self-Perception Profile for Children, male vs female 4th vs 5th vs 6th graders, 19581
factor structure of Revised Self-Consciousness Scale, high school students, 23774
factor structure of Silencing the Self Scale subscales, ratings of self vs hypothetical well-adjusted person of same sex, male vs female adults, US vs Greece, 17670
factors influencing self-perceptions of physical competence & congruence with teachers' perceptions, college students in beginning physical education classes, 15960
fictitious feedback on schematic vs aschematic personality dimensions, satisfaction & perceived feedback accuracy & interest in further information, male college students, 20870
first-personness in study of conscious experience, commentary, 16698
gender & psycho-existential distress & problem behavior, 18–77 yr olds , 37108
gender stereotypes in items used to solicit self-ratings of education outcomes, male vs female college students, implications for predicting satisfaction with college, 9518
global self-perceived stress, effects of stressful daily events on mood states, 27–57 yr old male white collar workers, 7951
high vs low self-esteem, compensatory self-enhancement in the consideration of health risk, students, 27355
Husserlian notion of epoche in study of first-person experiences of consciousness, commentary, 16704
Husserlian reduction method for investigation of first-person psychiatric experience, commentary reply, 16709
Husserlian reduction method for investigation of first-person psychiatric experience, commentary, 16722
Husserlian reduction method for investigation of first-person psychiatric experience, 16710
identification of predictive factors of body dissatisfaction & implications for early prevention of eating disorders, 6–12th grade females, 21425
impaired self-awareness & finger tapping & rehabilitation outcome after brain injury, 18407
importance of dietary habits & leisure time exercise & smoking & alcohol consumption & body mass index on self-ratings of health, 18–75 yr olds, 28644
independent vs interdependent self-construal priming, cultural judgment differences, European-American vs Chinese college students, 30300
individual differences in attentional resources in terms of processing speed & working memory, complexity of self-representations, 19–31 yr old females, 37150
individual differences in personality & appraisals of stressor severity & coping strategy with stressful events, 35–55 yr old males, 17657
individual differences in social competence & salivary cortisol response measured before vs 20 vs 35 min after self presentation task, 7 yr olds, implications for socio-emotional development , 17374
individual experiences of seizures & epilepsy, 6–18 yr olds with idiopathic epilepsy, 5342
individual factors related to dietary behavior & perceived susceptibility to cardiovascular disease & high blood cholesterol, 30–64 yr old females, 25341
information on morality vs intelligence of perceived & social value orientation differences of perceiver, impressions & degree of expected & own cooperative behavior, college students, 27362
inseparability of body movement & mind functioning in conscious experience, 16701
insight & awareness into mental dysfunction & awareness of motor dysfunction, 24–58 yr old outpatients with schizophrenia or schizoaffective disorder & tardive dyskinesia, cross-sectional & 2 yr study, 27652
interaction with televised media & integration of mass media messages & expression of self & community via language & social role performance & household economy, Yucatec Maya, Mexico, 1104
interests & perceived competence in variety of academically & socially related domains & views on sex advantages in areas of interest, male vs female 2nd–5th grade students, US vs Japan vs Korea, 12705
intra-individual differences & relationship specificity of mentalising behavior about self & others in early adolescence, 12–14 yr olds, 27068
introspectionist & phenomenological & Buddhist approaches to study of first-person experiences of consciousness, commentary, 16696
introspective approach to study of first-person experiences of consciousness, 16728
introspective approach to study of first-person experiences of consciousness, commentary, 16706
introspective approach to study of first-person experiences of consciousness, commentary reply, 16727
judgment mechanisms underlying personal- & group-level ratings of discrimination & privilege based on gender group membership, college students, 11164

kindergarten experience, self-perceptions, White vs African American students assessed throughout kindergarten year, 12712
locus of control & perceived competence & relation to depression & academic & social adjustment, college students, 11221
meaning & awareness of & others' reactions to & blocks in experiencing spirituality, 30–57 yr old female helping professionals, 7325
measurement of self-perceptions & provision of four- vs two-factor models of Pictorial Scale of Perceived Competence & Social Acceptance for Young Children, kindergarten students, 20443
measurement of social competence & perception & cognition & interaction using self vs teacher/parent reports, 4–7 yr olds with conduct problems or oppositional defiant disorder, 13081
measurement structure & predictive power in instructional subjective lifetime personality variations, 26–64 yr olds, 7894
methodologies for study of first-person experiences of consciousness, commentary reply, 16720
methodologies for study of first-person experiences of consciousness, commentary, 16692
methodologies for study of first-person experiences of consciousness, commentary, 16711
methodologies for study of first-person experiences of consciousness, commentary, 16716
methodologies for study of first-person experiences of consciousness, commentary, 16717
methodologies for study of first-person experiences of consciousness, commentary, 16719
methods for study of first-person experiences of consciousness, commentary reply, 16725
mirror self-recognition, adult lowland gorillas, 19954
mood attributions, effects of mood on counterfactual thinking & coping strategies in hypothetical situations, college students with low vs high self esteem , 3613
mortality salience, illusory correlations & world view & perceptions of minority group behaviors, college students, 14270
mortality salience, terror management & desire to avoid self-awareness in self-focused state, college students, 1278
motivational pathways to phenomenological reduction method for study of first-person experiences of consciousness, commentary, 16699
negative life events & appraisal of physical health & psychiatric symptoms & stress-buffering effects of sense of coherence, 17–26 yr olds, 2 mo followup, 33981
objective self-awareness & causal attributions for self-standard discrepancies, male college students who were high vs low in self-focus, 33960
observing-self perspective in autobiographical memories, obsessive-compulsive vs non-obsessive-compulsive college students , 7944
overconfidence & miscalibration & variations in overconfidence as function of difficulty & individual differences in accuracy of confidence, college students, 33925
overestimation vs underestimation of academic competence & depression & anxiety symptoms, male vs female 3rd vs 6th graders, 3 yr study, 17816
parent management training, parent–child interaction & child disruptive behavior & self perceptions of parenting behavior, 4–10 yr olds with conduct problems & their parents, 34274
participation in service learning, perceptions of academic & personal & civic development, college students in service learning courses, 22449
peer vs teacher vs self-perceptions, assessment of aggression & withdrawal, elementary school students (mean age 10 yrs 4 mo), 6253
perceived academic & social & athletic competence & symptoms of irritable bowel syndrome & functional disability, male vs female 11–23 yr olds with recurrent abdominal pain, 24688
perceived social control as mediator of relationships in social support & psychological well-being & perceived healthy aging, 65–96 yr olds, 14079
perception of embarrassment felt by self or classmate during class presentations, college students, 10235
perception of own mothering practices, 20–41 yr old drug-abusing mothers, 21294
perception of self & adult age groups, 18–29 yr olds vs 61–94 yr olds, 7595
perceptions of life with epilepsy, textual analysis of health-related quality of life components, 6–10.3 yr olds with epilepsy & their parents, 37905
perceptions of uniqueness & similarity in own & others' romantic relationships & judgment of constructiveness vs destructiveness of responses to interpersonal incidents, college students , 33933
perfectionism & self-consciousness, patients with social phobia (mean age 33.6 yrs) vs panic disorder with agoraphobia (mean age 34.5 yrs), 30787
persistence of self identity, patients in middle- to late- stages of Alzheimers disease, 24851
person vs process praise & criticism, contingent self-worth & coping, 5–6 yr olds, 20575
personal account of learning racism & self hatred from father, Latino male, 10978
personal account of learning to hate one's race from school & embracing & accepting one's own culture, Puerto Rican male, 10989
personality factors & perceived health competence & health status, prediction of health behaviors, adults (aged 65–96 yrs), 22100
personally important & positive self aspects & social categorizations & construal of collective self, adults, 20941
phenomenological approach to study of first-person experience of present time consciousness in human temporality, 16723
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary reply, 16724
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary, 16707
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary, 16713
phenomenological approaches to study of first-person experiences of consciousness, commentary, 16708
phenomenological reduction method for study of first-person experiences of consciousness, 16697
physical symptoms & mood, perceived vs actual BP, male 35–78 yr olds with mild hypertension, 21517
prenatal health behaviors & family background & work status, descriptions of babies & self as mother, 24–34 yr olds in 4th mo of pregnancy, 5832
prevalence & age & IQ & observed disruptive behavior & internalizing & externalizing symptom severity, self- vs adult-identified 6–10 yr old males with ADHD, 24606
priming of private vs collective self cognitions, retrieval of private vs collective self cognitions, Native Americans, test of 2 baskets theory, 7946
private vs public self consciousness, differentiation & casual attributions & perceptions of interactions with patients, 4th vs 6th yr medical students, 15784
professional vs personal/peer relations context, gender & social identity of self vs ideal person, females vs males, 14302
professor vs student perceptions of student propensity to cheat in academic cheating & other moral situations, college professors & students, 6105
psychoanalytic approach to defensive function of fantasies & mental representations of self & anatomy in sexuality, human females, 30555
psychoanalytic approach to heroic self & projective & introjective identifications in creative process & personality, 30556
psychological-mindedness, adult perceptions of early parental rejection, college students, 7877
psychology research as means of studying first-person experiences of consciousness, commentary, 16693
public self-consciousness & ego-orientation & competence-valuation, self-report of mathematics self-concept & educational outcomes in math, 14–16 yr olds, 9483
public vs private self-consciousness as aspects of dispositional self-directed attention, female patients with social phobia vs bulimia nervosa vs panic vs obsessive-compulsive disorder, 34065
public vs private self-presentational differences & subsequent misperceptions in describing performance, Japanese vs European Americans, implications for judgmental & interpersonal consequences, 11188
quality of mother–child interaction at age 12 mo, self & mother feature knowledge, 20 mo olds, 23767
recall of positive vs negative public vs private self-referent vs other-referent words in anticipation of speech & rating of anxiety during speech, high vs low socially anxious college students , 20864
relational interpretation of & personal growth during & attunement in human–animal relations, 1329
relationship between identity & self & culture in anthropology, Pakistani man showing multiple contradictory identities, 36949
relationship between self-awareness & perceptions of 'transparency', college students, 33934
relationship between self-estimated & psychometrically measured IQ, male vs female college students, 30497
relationship between self-preoccupation & depressive symptoms, college students, 6 mo study, 11376
self & mate acceptance in sexual arousal & satisfaction & behaviors, married couples, 11075
self & other body size categorization & body image assessment using morphing instrument, females with anorexia nervosa, 18187
self & peer perceptions of dyadic interactions, aggressive vs nonaggressive 4th & 7th grade males, 4483
self awareness, consumption of full vs reduced vs no fat products, adults , 7938
self categorization & social identity theory in role of categorization & in-group norms in judgments of groups & group members, 15–22 yr olds , 1229
self concept & self esteem & racial preference, academic achievement, 4.1–5.2 yr old African American preschoolers in Head Start program, 10858
self conceptualization & navigation of developmental milestones & life course decisions in changing sociopolitical & economic context of post-Communist Russia, adolescents, 33664
self esteem, impact of positive vs negative events on feelings about self, college students, 11207
self perceived attachment characteristics & emotional intimacy between partners & social projection of & perceived attachment in partners, young adult dating couples, 14276
self perceived vs actual peer acceptance in childhood, as predictors of major depression in adolescence, 4th–5th graders, 14489
self perception & ability to control impression one makes on others & social stressor, cardiovascular response patterns, male 18–35 yr olds, 16998
self perception, writing apprehension, graduate students, 28994
self presentations of coping skills, adjustment, hemodialysis patients, 1 mo followup, 9025
self systems during middle childhood, aggressive youth, 24405
self- & other-blame & acceptance of responsibility in relation to illness attitudes & emotional adjustment, 19–80 yr olds with end-stage kidney disease, 24718
self- vs teacher- & parent-rated social skill ratings & patterns of neuropsychological ability, 10–12 yr olds with vs without arithmetic disabilities , 27958
self-acceptance & locus of behavior control & level of creative thinking ability, 13–14 yr old males vs females, 7930
self-awareness & depressed mood & life-event influences, adolescents, 7 yr study, 7498
self-awareness in terms of self-other rating agreement, emotional intelligence & managerial performance & transformational leadership behavior, 32–63 yr old managers , 35620
self-awareness of metarepresentation & relation between delayed video representation & current reality & mirror reflection, 3–4 yr olds, 13958
self-conceptualizations & self-discrepancies about own appearance in relation to peer evaluations of social behaviors, 4th–6th graders, 15963
self-deception strategies in moral hypocrisy, college students, 30451
self-definition & evaluation, 70–103 yr olds, 17406
self-enhancement bias in perceptions of own vs others' driving speed & skill, drivers, 3202
self-focusing &/or normative information concerning alcohol use, negative evaluations of drinking & problem recognition, college students (mean age 20.4 yrs) with heavy alcohol use, 33853
self-knowledge structures & physical appearance beliefs & coping strategies, females with high body dissatisfaction with vs without disordered eating symptoms vs low body dissatisfaction, 31022
self-liking & self-competence & perceived accuracy of feedback & feedback choices, male & female college students, 33956
self-perceived competence to serve as school leaders in collaborative-based educational programs serving students with vs without disabilities, secondary school principals , 28922
self-report of time management practices & time estimation of expected duration & retrospective & prospective tasks, 18–65 yr olds, 32778
self-reported sense of humor & use of humor at work & perceptions of supervisors' use of humor, business school graduates, 29132
self-reports of attachment style & perceptions & ideal representations of family cohesion & adaptability, 20–42 yr old husbands & wives, 17489
self-threat model & moderators affecting self-serving bias, 11195
self-verification in academic self-concept formation, 9–11 yr olds, 28989
sex & attitudes toward verbal communication ability & toward stutterers, 10th & 11th graders, 5185
sex & career progression & social support & perceived success & gender roles & family status variables, managerial career success, MBAs, 16082
sex & perceived pubertal timing, body image & self esteem & depression, Black vs White vs Asian vs Hispanic 12–17 yr olds, 33590
sex & sex role, self-estimates of multiple intelligences, adults, 33967

sex differences in perceived controllability for traits relevant to desirability to mates, adults, 1225
sex, affective links between body & self-perceived attractiveness & self-esteem, 17–36 yr olds, 34003
sex, writing self-beliefs, 3rd–5th graders, 10789
social & academic self-evaluations & self-enhancement & self-concept & emotional adjustment, 7th & 8th grade students, 940
social & interactional skills & self perception & loneliness & peer relations, children with specific language impairment, 11760
social desirability & perception of own vs others' willingness to share activities with handicapped vs ambulatory peer, 3rd–6th graders, 7532
Social Production Function theory as framework for clarification of subjective well being concept, 14319
social-identity & perceived-self & other sociological & psychological self-concept theories in metatheory of internal & external work motivation sources & processes, 35638
sociocultural beliefs in regard to perceived & ideal body image & body dissatisfaction in 15–65 yr old females, 24018
sociocultural perspective on processes of self redefinition following diagnosis, 26–48 yr olds with hepatitis C, 18260
sociostructural & psychological predictors of subjective physical health & global well being, 25–65 yr olds, US vs Germany, 11236
stage of "readiness" to change & acceptance of problem, outpatients with schizophrenia & substance abuse, 17748
stage of change for regular exercise & self perceived quality of life, 18–75 yr olds, 17638
stressful life events & internalized symptoms of stress & perceived competency & academic achievement, Hispanic 9th graders, 25762
study of first-person experiences of consciousness, commentary, 16700
subjective age, self-reported problem behavior & autonomy & peer relationships, male vs female 9–17 yr olds, 36799
subjective unity of streams of conscious experience in William James' theory of the mind, 16694
subjectivity of all observable phenomena & implications for empirical method in scientific research, commentary on articles exploring first-person experiences of consciousness, 16726
tendency to compare self to others vs to perceive self as better than others, academic achievement, 9th graders, 1 yr study, 11104
test of theoretical model or relations between depression & self focused attention & structure of self standards, female 21–65 yr olds, 1525
threatened sense of individual vs collective self representation, perceived threats and mood, adults, 11152
Triangle model & locus of control in prediction of commitment & self perception & self management & attribution of responsibility, Army personnel, 20894
two-stage model of comprehension for high vs low cognitive load & yea-saying acquiescence in self descriptive assessments, undergraduates, implications for self-report measurements, 27377
use of simulated patients who are nonverbal due to cerebral palsy, comfort & self-perceived skill & rational vs intuitive style in working with patient, medical students, 2749
volunteerism, self knowledge & academics & social awareness & commitment to service, college student volunteers, 22539
women's weight satisfaction & self-consciousness & use of clothing in mood enhancement, female college students & employees, 29183

Self Perception—Books

Gender in early childhood, 984
Models of the self, 19893
Personality judgment: A realistic approach to person perception, 34010

Self Perception—Chapters

Autobiographical memory and social cognition: Development of the remembered self in adulthood, 32988
Becoming a teacher: The person in the process, 9412
Being scientific about our selves, 19905
Body image and self-perception in women with histories of incest, 24482
The body, young children and popular culture, 987
Commitment and the context of social perception, 30477
Consciousness as self-function, 19908
Consciousness it/self, 19904
A developmental–ecological perspective on Strawson's "the self", 19898
Deviations in growth and pubertal development and their treatment: How consistent are patient's and physician's outlooks?, 25319
Emotional dissociation, self-deception, and psychotherapy, 14346
Evolution and phylogenetic history of the frontal lobes, 7099
Exceptional persons: On the limits of imaginary cases, 19569
Expectancy of success in individuals with mental retardation, 34480
Experiential clarification of the problem of self, 19911
Five kinds of self-ignorance, 17698
"Gnothi Seayton" (know thyself), 19916
How opposing perceptions of communication competence were constructed by Taiwanese graduate students, 17703
Importance or narcissistic cathexes in the earliest aspects of the object relationship, 33688
Individual differences in pluralism in self-structure, 20880
An interpretation of the "self" from the dynamical systems perspective: A constructivist approach, 19915
The intersubjective foundations of thought, 17211
Mental and bodily awareness in infancy: Consciousness of self-existence, 20639
On "being faceless": Selfhood and facial embodiment, 21013
On the significance of morbidity and disability in old age, 10933
Pathologically divided minds, synchronic unity and models of self, 21062
Peer and self perception of children with short stature—The role of recognition, 23673
The periconscious substrates of consciousness: Affective states and the evolutionary origins of the self, 19907
Phenomenal consciousness and self awareness: A phenomenological critique of representational theory, 19917
Phenomenology and agency: Methodological and theoretical issues in Strawson's "the self", 19912
Physical Changes, 17428
A place in the world: Self and social categorization, 11179
Possible selves in adulthood: Incorporating teleonomic relevance into studies of self, 33687
A rDzogs-chen Buddhist interpretation of the sense of self, 19903
Re-membering the body: A psychoanalytic study of presence and absence of the lived body, 2258
Reduction and the self, 19895
Schizophrenia, self-consciousness, and the modern mind, 21168
Self and personality development, 17424
The self and the SESMET, 19914
The self in contextualized action, 19902
The self is a semiotic process, 19909
Self, personality, and life regulation: Facets of psychological resilience in old age, 10942
Self-awareness and self-consciousness, 1288
Self-focus exercise, 38181
Self-recognition in nonhuman primates: Past and future challenges, 36319
Self-reflection and the mirror, 21852
Self-science: Emotional intelligence for children, 22503
Social identity, personality, and the self-concept: A self-categorizing perspective, 11254
Some patients with an idiopathic short stature see their short stature as a problem, but others do not: Why this difference?, 23671
Subject and object, 19900
"The self", 19913
Therapeutic considerations for African American students at predominantly White institutions, 21709
There is no problem of the self, 19906
Treatment planning and evaluation with the BASC: The Behavior Assessment System for Children, 26177
Unified consciousness and the self, 19897
What does mysticism have to teach us about consciousness?, 19901
What is hypnosis?, 36293
Women's relationship with their bodies, 34009

Self Preservation—Serials

developing spiritual perspective & transacting self-preservation, 30–90 yr olds with terminal cancer, implications for nursing practice, 24758
psychoanalytic contribution to the understanding of violence & distinction between self-preservative & sado-masochistic violence, commentary reply, 24060
psychoanalytic contribution to understanding of violence & distinction between self-preservative & sado-masochistic violence, commentary, 24065

Self Preservation—Chapters

A multi-level theory of self-serving behavior in and by organizations, 29155
The survival value of forgiveness, 11140

Self Psychology—Serials

application of self-psychology theory to religion & attachment & development, male & female adolescent clients in psychotherapy, 21690
guidelines in interpretation of Thematic Apperception Test in context of self psychology, 22 yr old college student, 11259
human personhood & becoming a human person, 13850
M. W. Calkins' commitment to self-psychology orientation as psychology of selves, 13022
ontological existence of self within L. Wittgenstein framework of philosophy of psychology & critique of social constructionism & theories of Vygosky and R. Harre, 20404
self psychology theory & role play in drama therapy, 2433
self psychology vs cognitive orientation treatment, female patients with anorexia or bulimia, 15125
self-psychological approach to occurrence of conflict & aggression in couples therapy, 2218
self-psychological understanding & treatment of anger, patients in psychotherapy, 15148
self-psychological view of tenderness & self-protectiveness & vulnerability & experience of selfobject relationship & deepening of curative process in group psychotherapy, implications for treatment, 8763
test of theoretical model or relations between depression & self focused attention & structure of self standards, female 21–65 yr olds, 1525
typology of male batterers & origins of & self psychological treatment for domestic violence, 15162

Self Psychology—Books

Self psychology and diagnostic assessment: Identifying selfobject functions through psychological testing, 11275

Self Psychology—Chapters

Heinz Kohut's vision of the essence of humanness, 4829
Kohut's self psychology, 2629
Theory and history of psychology and the denial and affirmation of the self, 3265

Self Realization [See Self Actualization]

Self Reference—Serials

concurrent assimilation & contrast producing processes in frame of reference, judgments of satisfaction in social & nonsocial situations, college students with induced positive vs negative moods, 23982
contextually detailed ads, brand attitudes & intentions under retrospective vs anticipatory self-referencing, college students, 29177
facial attractiveness of prospective date, willingness to lie about own characteristics to increase desirability, college students, 17582
order of self referent semantic stimuli varying in congruence/truth, endurance of force in manual muscle testing of deltoid muscle group, 18–24 yr olds, 29526
perceptions of "Ms" courtesy title, college students, 1978 vs present, replication, 4747
self-reference in press releases, 7318
self-serving vs partner-serving biases in accounts of conflict, spouses (mean age 35 yrs), 17490

Self Reference—Chapters

Beliefs about memory and aging, 32991
Lessons for leaders: Using critical inquiry to promote identity development, 22418
What exactly have I done? The role of self-attribute accessibility in dissonance, 14355

Self Referral—Serials

no vs immediate &/vs delayed formal or Alcoholics Anonymous treatment selection & depression & drinking related outcomes, persons with drinking problems, 1 & 3 & 8 yr follow ups, 28785
prevalence of self-care health resources utilization, urban vs rural households, 18919
satisfaction with self referral to any mental health provider vs restricted provider network referral vs referral through toll-free number, persons with bipolar disorder, 25409
sociodemographic characteristics, 18–65 yr old self-referrals vs referrals with mental health problems made by psychology service to stress workshops open to general public, 30605

Self Reinforcement—Serials

ability of caffeine to reinstate extinguished cocaine-seeking behavior & ability to block A2A receptors, male mice, 33437
acute & repeated cocaine dose, cocaine self-administration under FR reinforcement & sensitization & locomotor activity, male mice lacking gene encoding tissue plasminogen activator, 23570
beta-endorphin & ethanol consumption, mice with vs without beta-endorphin expression, 33209
calcium channel blocker nimodipine, operant iv ethanol self-administration, male rats, 17055
cis-flupenthixol, locomotor activity during withdrawal from self- vs experimenter-administered cocaine, male rats, 10533
cocaine &/vs heroin self-administration, nucleus accumbens extracellular dopamine concentration, male rats, 7204
conditioned responses using active selection of reinforcement based on food quality, interneuron interaction in basolateral amygdala, cats with impulsive vs self controlled behavior, 559
continuous-access ethanol operant self-administration, males from selectively bred alcohol-preferring vs -nonpreferring rat lines, 7009

dextromethorphan & dextrorphan, reinforcing properties & phencyclidine-like discriminative stimulus effects, rats & rhesus monkeys, 36596
effect of intracerebroventricular vs intracerebral injections of methylnaloxonium, ethanol self-administration, male rats, 36567
ethanol initiation & limited access operant self-administration, males from selectively bred alcohol-preferring vs -nonpreferring rat lines, 7014
ethanol self-administration paired with tone–light stimulus complex as conditioned reinforcer, lever-press responding during extinction, male rats, 10664
ethanol, self administration & reinforcing effects when used as hypnotic & mood & sleep, adult insomniacs, 11811
frequency & intensity of positive & fear of negative covert consequences, prediction of exercise & seat belt use & consumption of healthy foods or their unhealthy alternatives, college students, 38442
GABA receptor agonists & antagonists in ventral tegmental area, dopamine release in nucleus accumbens & heroin self administration, male rats, 3943
gamma-hydroxybutyric acid, voluntary ethanol intake, ethanol-preferring rats, 615
gamma-vinyl GABA, cocaine self-administration & cocaine-induced reward, male rats, 33436
generalized matching law as explanation for choice under schedules of cocaine availability, cocaine- & food-maintained behavior, rhesus monkeys, 10680
important behaviors associated with relapse & magnitude of responding for cocaine &/or conditioned stimulus, male rats chronically self-administering cocaine followed by extinction, 33433
intracranial drug self-administration & place conditioning study findings & implications for brain reward mechanisms, rats, 23548
naltrexone & fluoxetine, alcohol self-administration & reinstatement of alcohol-seeking induced by priming injections & footshock stress, male rats, 30023
naltrexone across 30 vs 60 days, limited-access ethanol consumption, male rats, 7261
naltrexone suppression of ethanol self-administration, attenuation of ethanol-induced increase in dialysate dopamine levels in nucleus accumbens, male rats, 7197
naltrexone, reinforced responding for solution via production of interoceptive stimulus, opioid antagonist-naive rhesus monkeys, 20387
operant responding on progressive ratio schedule for intravenous cocaine & sucrose reinforcement during reproductive process, female rats, 33416
perinatal exposure to delta-9-tetrahydrocannabinol, morphine self-administration & regional binding to central mu opioid receptors, adult offspring female rats, 762
preclinical research on environmental determinants of cocaine self-administration, 30022
reinforcing effects of self-administration of ethanol &/vs methadone, male rhesus monkeys, 747
repeated brief separations during early neonatal period, cocaine self-adminstration behavior as adults, infant rats, 10614
self administered cocaine vs cocaine & heroin, breaking points in progressive ratio reinforcement schedule, male rats, implications for polydrug abuse & treatment, 4253
self reinforcement & perceived control & prevalence of depression, White (aged 71.95 yrs) vs Asian Americans (aged 71.04 yrs), 10925
self-administration of d-amphetamine across reinforcement schedules & access conditions, brain serotonin depleted male rats, 36556
self-assessment & learned reinforcement, 6th graders performing interactive math problems, implications for sustaining high academic achievement in absence of external reward system, 25776

Self Reinforcement—Chapters

Self-affirmation theory: An update and appraisal, 14362

Self Report—Serials

2-wk vs 2-mo vs 12-mo recall of sexual behavior self-reporting accuracy, 13–19 yr olds, 36815
acceptability of computerized self-report of alcohol habits, outpatients (mean age 42 yrs), 32027
accuracy of self-report of hypertension & hyperlipidemia & overweight as screening instrument for cardiovascular disease risk, 20–60 yr olds, 24766
accuracy of self-reported health behaviors & risk factors related to cancer & cardiovascular disease, general population, 37769
accuracy of self-reports of health service use & care outside defined urban academic health care system, economically disadvantaged 60+ yr olds with functional impairment, 32707
agreement between affect similarity judgments & correlations computed from self ratings, adults, 16430
agreement between child & parent report reported of children's health related quality of life, 8–15 yr olds children with chronic physical illness & their parents, 24708
agreement between child & parent reports on children's health-related quality of life, 8–11 yr olds & parents , 4501
agreement between urine testing results performed prior to or after completing self reported drug use, drug users, 34357
alcohol dehydrogenase genotypes, self-reported alcohol consumption & symptoms of alcohol dependence, male vs female 18–34 yr olds, 15 yr study, 1809
association between HIV infection & measures of self-reported condom use, 18–45 yr old female sex workers in Yaounde & Douala & Cameroon, 31137
cigarette smoking, mental & physical functional status, patients in counselling, 35157
clinical diagnosis of & evidence based standards vs reported use of treatment with electroconvulsive therapy, psychiatric patients, 31733
combined informant report & cognitive testing, increased accuracy of dementia screening, 62–98 yr old patients of geriatric hospital or memory clinic, 83
computer-administered retrospective diary vs quantity-frequency index measures of weekly alcohol consumption, substance misusers, 30908
concordance of patient & collateral responses on CAGE Questionnaire about patients' drinking consequences & alcohol consumption, 18–86 yr old hospital patients, 24
construct validity & item functioning of general health perceptions scale in Danish version of Medical Outcomes Study Short Form 36, age & self-ratings of health, Ss aged 16 yrs & over, 25325
construct validity of self reported impulsive vs premeditated aggression, college students, 24383
correlation of self-reported competencies & abilities & vocational aptitude scores, 10th graders, 9580
correspondence between attachment status measured by Relationship Questionnaire vs Adult Attachment Interview & relation to trust & closeness & love in relations with mother & partner, adult females, 13047
criterion related validity of Psychopathic Personality Inventory, self report measure of psychopathy based on Psychopathy Checklist–Revised cutting scores, 17–21 yr olds in youthful offender prison, 6626
critical appraisal of self-report defense mechanism measures, 6580
cross-informant correspondence between self & significant other reports for emotional & behavioral problems, 12–25 yr olds in community based psychotherapy center, 24961
demographic differences in medication use, 18-75 yr old patients with self reported major depression, 12179
demographic differences in medication use, 18–75 yr old patients with self reported major depression, commentary, 35017
description & modeling of psycho-phenomenology of intuition & intuition–insight distinction, implications for study of first-person experiences of consciousness, commentary reply, 16715
description & modeling of psycho-phenomenology of intuition, implications for study of first-person experiences of consciousness, commentary, 16718
development & validation of child self-report & parent report measures of children's posttraumatic stress symptoms, 3rd–8th graders & their parents, 6613
development & validation of Positive and Negative Affect Scale for Children, differential diagnosis of anxiety & depression, normal 4th–8th graders & psychiatric inpatients of approximately same age, 30619
development of & evaluation process for Psychiatric Discomfort Scale, self-report measure of discomfort with psychiatric symptoms, psychiatric inpatients, 6603
development of patient preference questionnaire, assessment of preferred aspects of therapeutic intervention, migraine sufferers, 5731
differences between accuracy of client's personal injury self report vs nonlitigating client's self report, psychotherapists conducting forensic examination, 26043
disagreement in reporting of depressive symptoms, Alzheimer's patients vs collateral sources, 2012
discrepancies between self-completed sexual diaries & recall on a questionnaire of same sexual behavior, male homosexuals, 16369
discrepancies in reported sibling number, 19–95 yr olds, 1987–1988 vs 1992–1994 data, 4623
drug use toxicology, accuracy of toxicology & validity of self-reported drug use during psychiatric exam, chronic pain patients (mean age 45.46 yrs) , 35937
Eastern meditative traditions & use in study of first-person experiences of consciousness, commentary, 16702
evaluation of self report method in assessing high risk attitudes & behaviors vs parental & police & school records, 11–17 yr olds, 16418
factor analysis & reliability & validity of Bulimia Test-Revised, measurement of bulimic symptomatology, 11–18 yr old males & females, 32660
factor analysis of Negative Affect Self-Statement Questionnaire for assessment & discrimination of somatization & anxiety & depression & affective disturbances revealed in self talk, 8–16 yr olds, 13068
factor structure & reliability & validity of Levenson's Self-Report Psychopathy Scale, college students, 29375
factorial validity & reliability of Quick Discrimination Index, assessment of attitudes toward racial equality & gender equity, university faculty & staff & students, 14332
factors associated with gang involvement, rural vs urban 7th–12th graders, 11666
feasibility & utility of patient diaries, experience of patients with low back pain in 18–65 yr olds, 35068
feet apart vs together & eyes open vs closed, subjective report of steadiness, 21–48 vs 54–82 yr olds vs 29–77 yr old neuropathic vs 43–79 yr old parkinsonian patients, 14917
first-personness in study of conscious experience, commentary, 16698
frequency of self-reports, intensity of subjective pain ratings, 18–21 yr olds, 3444
generalizability of item-level discriminant validity of anxiety & depression in the State-Trait Anxiety & Children's Depression Inventories, clinically referred vs nonclinically referred 8–14 yr olds, 35958
hormone concentrations for pre- vs postmenarcheal stages of pubertal development & variability & reliability in self-reports of menstrual histories & age at menarche, 9–14 yr old females, 1 yr study, 26933
Husserlian notion of epoche in study of first-person experiences of consciousness, commentary, 16704
Husserlian reduction method for investigation of first-person psychiatric experience, commentary, 16722
Husserlian reduction method for investigation of first-person psychiatric experience, commentary reply, 16709
identification of child psychiatric disorder by parent vs teacher & parent vs adolescent, 6–16 yr olds in clinic vs community settings, 14457
impact of personality in reporting of unfounded symptoms & illnesses, healthy 18–55 yr olds inoculated with cold virus, 27366
in vivo self report data on obsessive compulsive disorder symptoms & mood & environmental factors & circadian patterns gathered via palmtop computers, 19–49 yr old outpatients, 4983
insight & self-reported subjective & objective quality of life & concurrent validity of patient & clinician assessments, 18–70 yr old schizophrenic group home & hostel residents, 27665
internal consistency & temporal stability & principal components of Anger Expression & Pediatric Anger Expression Scales, 10–20 yr olds with family history of cardiovascular disease, 1-yr follow up, 36017
interview accounts of psychosocial health & experience of distress, 20–89 yr old females, Wales vs Ghana, 20783
introspective approach to study of first-person experiences of consciousness, 16728
introspective approach to study of first-person experiences of consciousness, commentary, 16706
introspective approach to study of first-person experiences of consciousness, commentary reply, 16727
issues of question comprehension & behavioral frequency reports & context effects & influence on attitude & answers to self-reports, 9819
maternal history & parenting behavior & concurrent stressors & child behavior & adjustment outcome & socially desirable response, mothers with low levels of self-reported depressive symptoms, 21093
medical specialty, self reported drug use & abuse, physicians, 21314
mentalizing ability & self-reported schizotypal traits, 18–49 yr olds, 24271
methodological variables in research on age differences in self-rated health, 17415
methodologies for study of first-person experiences of consciousness, commentary reply, 16720
methodologies for study of first-person experiences of consciousness, commentary, 16692
methodologies for study of first-person experiences of consciousness, commentary, 16711
methodologies for study of first-person experiences of consciousness, commentary, 16716
methodologies for study of first-person experiences of consciousness, commentary, 16717
methodologies for study of first-person experiences of consciousness, commentary, 16719
methods for study of first-person experiences of consciousness, commentary reply, 16725
minor life events & subjective ratings of distress, 16–65+ yr olds with generalized anxiety disorder, 27724
motivational pathways to phenomenological reduction method for study of first-person experiences of consciousness, commentary, 16699

narrow biomedical vs broader criteria in defining health & self- rated health relative to medical history, elderly African Americans, 25342
nature & extent of urban vs rural differences in self-reported drinking & driving, 17–19 yr olds, 11078
objective & projective assessment of personality using TEMAS vs Behavior Assessment System for Children Self-Report of Personality, 8–13.9 yr olds, 27043
parent report of health care utilization & risk of child & parent & family psychosocial problems, 22–53 yr old parents & their 2–16 yr olds, 37229
parents' vs adolescents' reports for diagnosis of ADHD, 12–14 yr olds & their parents, Brazil, 30947
patient status at follow-up & secondary financial gain, global impressions of improvement vs validated indices of treatment outcome, 18–75 yr old patients with chronic nonmalignant pain , 18825
personality traits, participation in high demand self recording study, volunteers vs nonvolunteers, 3407
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary, 16707
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary reply, 16724
phenomenological approach to study of first-person experience of present time consciousness in human temporality, 16723
phenomenological approach to study of first-person experience of present time consciousness in human temporality, commentary, 16713
phenomenological approaches to study of first-person experiences of consciousness, commentary, 16708
phenomenological reduction method for study of first-person experiences of consciousness, 16697
prediction of DSM-III-R diagnoses from Youth Self-Report scores, homeless 13–21 yr olds, 35948
predictors of safety belt use among crash-involved drivers & front seat passengers, adjustment for over-reporting of belt use rate & comparison with police-reported crash data, 35771
present vs future time perspective, self-reported alcohol & drug & tobacco use, 14–67 yr olds, 27256
prevalence & impact of parent-reported disabling mental health conditions, 0-17 yr olds, commentary, 21025
prevalence & impact of parent-reported disabling mental health conditions, parents of 0-17 yr olds with mental disabilities, 21030
psychological functioning, college students with confirmed vs self-reported vs without ADHD, 28998
psychology research as means of studying first-person experiences of consciousness, commentary, 16693
psychometric properties & predictive value of demographic & socioeconomic data in State Trait Anxiety/Anger vs Daily Hassles vs CES-D depression scales vs Life Orientation Test, 18–83 yr olds, 7937
psychometric properties of interview & self-report versions of BASIS-32, assessment of psychiatric symptoms & functional abilities, severely mentally ill adults, commentary & reply, 6611
pubertal timing & self-reported delinquency, 13.9–15.1 yr old males, 18115
racial differences in self-reported vs physician evaluated morbidity & predictive validity for self-assessed health & morbidity, White & Black 25–74 yr olds, 17757
relationship between self reported smoking & measurement of expired air carbon monoxide, smokers who had attended behavioral program for smoking cessation, 4695
reliability & validity of revised Positive and Negative Affect Schedule for Children, 8–15 yr olds , 6575
reliability & validity of self-reported drug use & criminality & HIV risk-taking, injecting drug users, commentary, 5074
reliability & validity of self-reported drug use & criminality & HIV risk-taking, injecting drug users, 5073
reliability & validity of Symptoms Inventory & Performance Scales measurement of impairment & disability & quality of life, multiple sclerosis patients, 9924
reliability of Form 90D interview, self report of drug usage, drug treatment clients, 6640
reliability of self-report of sexual behavior, male couples of discordant HIV status, 23925
reliability of self-report vs proxy to Quality of Life Questionnaire Empowerment scores, community living 18–61 yr olds with intellectual disabilities, 22880
reliability of self-reported smoking initiation & frequency of smoking & grade at first use, 3rd & 5th graders, longitudinal study, 20570
reporting of child use of mental health vs orthopedic outpatient services vs reverse record check, parents & other caregivers, 12402
reporting of heterosexual female sexual initiation & aggression, males vs females , 23921
retrospective information from school records & reporting by S & relatives on academic performance & social & behavioral problems, 15–60 yr old 1st admission psychotic patients, 35274
salivary reactivity vs self-report measures of urge to drink & negative mood, 19–63 yr old male alcoholics, 27839
self report of sexual orientation & behavior, American Indian vs Anglo American adolescents, 961
self report vs observation of primary control & consistency of interpersonal behavior in different situations, college students, 4775
self report vs Substance Abuse Subtle Screening Inventory vs urine toxicology screening, cost effective drug screening, pregnant females (mean age 22.1 yrs), 38455
self reported current & lifetime psychiatric symptoms, adult female outpatients with somatization disorder vs other psychiatric disorders, 28035
self reported experiences of living with knee arthritis, physically active 25–45 yr olds with tibiofemoral osteoarthritis, 5219
self reported frequency & misperceptions of norms of alcohol & drug use, college students, 20810
self reported health & psychosocial & sociodemographic factors & comorbidity, 28–93 yr olds with coronary artery disease, 37802
self reported narratives describing token resistance to sex, male vs female college students, 1187
self reported vs nonself reported drinking, 16–69 yr old spouses or cohabiting partners, 17533
self vs psychiatrist rated assessment of depressive symptomatology before & after antidepressant therapy, inpatients with major depression (mean age 41.7 yrs), 28 day study, 35931
self- vs collateral-reports of prenatal alcohol consumption & smoking & stress, pregnant women, 37035
self-assessed frequency of eating patterns to identify long-term least fattening eating patterns, adults, implications for unhealthy weight gain & re-gain, 14871
self-awareness deficit in memory functioning & effects of practice & feedback on self-reporting–recall differences, 21 yr old male brain injury survivor 5 yrs post-injury, 31316
self-generated vs fear survey schedule generated fears, 11–18 yr olds, implications for commonality & consistency among danger- & death-related fears in adolescents, 20581
self-rated alcohol drinking patterns vs DSM-III-R diagnoses of alcohol abuse & dependence, adult males (mean age 38.7 yrs) , 37556
self-rated physical health & clinically defined illness, elderly participants (mean age 75 yrs) of managed care organization with no vs minor vs serious depression, longitudinal study, 30675
self-report measures in assessing prevalence of sleep terrors, 33–60 yr olds in Finland, 13101
self-report of time management practices & time estimation of expected duration & retrospective & prospective tasks, 18–65 yr olds, 32778
self-report vs interview-based quality of life measures, 20–50 yr olds with schizophrenia, 1583
self-reported cognitive deficits & objectively measured cognitive performance, patients entering substance abuse treatment, 25527
self-reported maltreatment vs witnessed home violence & clinician reports & medical records, psychiatrically hospitalized 11–18 yr olds, 37523
self-reported symptomatology & self & partner ratings of personality & interpersonal problems, 20–37 yr old couples, 11117
self-reported use of cognitive study strategies, high school vs university students, 9536
self-reported vs co-worker ratings of negative affectivity & self-reported stressors & strains, 24–56 yr old full-time employees pursuing graduate degrees, 6314
sex & income, reported frequency of hearing jokes about Clinton–Lewinsky controversy, 27219
social-evaluative stress, self-reported vs actual anxiety measured by psychosomatic & behavioral & physiological reactivity, college students, 596
stability of lifetime somatization symptoms & disorder, 18–65 yr old primary care patients, 1 year followup, 11812
student personality self-reports & school achievement & teacher perceptions of student behaviors & attitudes, 8th graders & their teachers, 28977
study of first-person experiences of consciousness, commentary, 16700
subject-collateral reports of substance abuse, alcholic inpatients with vs without cocaine dependence, 21348
subjectivity of all observable phenomena & implications for empirical method in scientific research, commentary on articles exploring first-person experiences of consciousness, 16726
test–retest reliability of self-reported work status & income variables measured by Risk Behavior Assessment, adult drug users, 26146
test–retest reliability on self-report questionnaires of symptoms & personality related to social functioning & quality of life & treatment outcome, schizophrenic inpatients, 9869
two-stage model of comprehension for high vs low cognitive load & yea-saying acquiescence in self descriptive assessments, undergraduates, implications for self-report measurements, 27377
use of self-report rating scales & devices to assess frequency & intensity of activity & symptoms, 51 & 56 yr old males suffering from chronic fatigue syndrome , 13067
utility & validity & accuracy of self report & objective measures of fatigue, outpatients with brain injury , 3283
utility of Function of Binge Eating Scale self-report instrument & self-monitoring forms & Antecedents Checklist, subclinical binge eaters, 26206
validity & reliability of self-rated deviations of mood states from mood traits, university students, 2 wk study, 33962
validity & sensitivity & specificity of Brief Medication Questionnaire, assessment of adherence & barriers to adherence, 30–74 yr old patients, 28502
validity of DSM-IV & ICD-10 self report personality questionnaire vs fully structured interviews, identification of personality disorders, 18–63 yr old psychiatric patients, 50
validity of immediate vs delayed self-reports in structured employment interview or safety training evaluation, graduate students & manufacturing firm non-managerial employees, 3017
validity of self-report Hopkins Symptom Check List 25, refugees (aged 19–65 yrs), 22870
validity of self-report of drug use vs urinalysis, 18–40+ yr old emergency room & STD clinic patients & arrestees in jail, 18055
validity of self-report version of the Strengths and Difficulties Questionnaire, positive & negative attributes, 11–16 yr olds attending a mental health clinic, 3312
validity of self-reported hepatitis B serostatus, adult drug users, 11611
validity of the adolescent hyperactivity scale, 16–18 yr olds with ADHD, 19614
validity of Timeline Follow-Back & weekly calendar reports as self-report methods for estimating cocaine use, patients with cocaine use disorders, 11617
value of longitudinal self-report data to study relationship of age & crime, 11–17 yr olds, 5 yr study , 130
verbal report techniques in assessment of knowledge & mental activity, process operators, 32752
wording in voter turnout question, levels of overreport & accuracy of self reports of voting behavior, adult voters, 23914

Self Report—Books

The science of self-report: Implications for research and practice, 36097

Self Report—Chapters

Asking questions about threatening topics: A selective overview, 36112
Assessing protocols for child interviews, 36101
The association between self-reports of abortion and breast cancer risk: Fact or artifact, 36109
Do I do what I say? A perspective on self-report methods in drug dependence epidemiology, 36098
Emotion and memory: Implications for self-report, 36105
Ethical issues in the collection of self-report data, 38753
Expressed and measured interests, 16400
"I took the medicine like you told me, doctor": Self-report of adherence with medical regimens, 36111
Implicit self-esteem, 9857
Information no one else knows: The value of self-report, 36099
Methodological issues in assessing psychiatric disorders with self-reports, 36104
Moving beyond attitude change in the study of dissonance-related processes, 14348
Psychological factors influencing the reporting of physical symptoms, 36110
Real-time self-report of momentary states in the natural environment: Computerized ecological momentary assessment, 36113
Remembering what happened: Memory errors and survey reports, 36114
Research design in objective personality assessment, 9854
Self-report methods, 3412
Self-report of pain: Issues and opportunities, 36103
Suggestion, imagination, and the transformation of reality, 36106
Temporal representation and event dating, 36102
The use of memory and contextual cues in the formation of behavioral frequency judgments, 36108
The validity of bodily symptoms in medical outpatients, 36100
Validity of women's self-reports of documented child sexual abuse, 36115
When surveys fail: An alternative for data collection, 36107

Self Respect [See Self Esteem]

Self Stimulation [See Also Brain Self Stimulation]—Serials
2nd-order schedule of reinforcement with CS, acquisition & maintenance & reinstatement of conditioned iv cocaine self-administration, male rats, 7161
acquisition rate of cocaine & heroin self-administration, male vs female rats, 23541
acute vs chronic paroxetine, self-stimulation/reward & food intake, rats, 33431
beta-funaltrexamine, dose–effect curves for heroin self-administration, male rats, comparison with alteration of [3H]DAMGO binding, 709
chronic exposure to caffeine, self administration of & responding maintained by nicotine, male rats, 17099
cocaine self-administration, single neuron electrical activity in nucleus accumbens, male rats, implications for drug addiction, 23342
contingent vs noncontingent cocaine administration, drug-seeking behavior in reinforcement, male rats, 20327
D1 & D2 dopamine receptor antagonists, cocaine-induced self-stimulation & locomotor activity, male rats, 13764
dexamethasone vs aldosterone dosage, corticosterone & cocaine self-administration, male rats, 706
dextro-amphetamine self administration vs maintenance vs extinction vs reinstatement, dopamine fluctuations in nucleus accumbens, male rats, 20135
dextro-amphetamine, food intake vs sweet fluid with cocaine intake vs location preference, monkeys, 10574
dopamine D1 receptor agonists, ethanol & saccharin self-administration vs grooming & locomotor activity, rats, implications for efficacy of dopamine receptor agonists in treatment of alcohol abuse, 13705
dopamine D1 vs D2 receptor specific antagonists, demand for smoked cocaine under chained FR schedules, monkeys, 26744
dopamine partial agonist terguride, cocaine self- administration, rats, 4250
dopamine-releaser phentermine vs 5-HT releaser fenfluramine, methamphetamine discrimination & self-administration, male rats, 10629
effect of availability of alternative reinforcer on responding maintained by food pellets or cocaine under FR schedule, adult male baboons, 33059
ethanol hangover, operant self-administration of cocaine, male rats, 7168
food restriction & sex, self reinforcement with water vs ethanol, male vs female juvenile rhesus monkeys, 7234
intracranial drug self-administration & place conditioning study findings & implications for brain reward mechanisms, rats, 23548
kappa opioid receptor agonist U69593, maintenance of cocaine self administration & reinstatement of drug-seeking, male rats , 26843
ketoconazole, cocaine discrimination & induced reinstatement of cocaine-seeking, male rats, 36585
melatonin agonist agomelatine, diazepam discrimination & methohexital self administration, monkeys & rats, implications for abuse liability, 7268
mu-selective opioid antagonist quadazocine, responding reinforced by ethanol vs sucrose vs phencyclidine, monkeys, 26864
naltrexone in ventral tegmental vs dopaminergic area of mesocorticolimbic system, cocaine self-administration behavior, male rats, 13800
nicotine discrimination & self-administration, C57BL/6 vs DBA/2 male mice, 10668
nicotinic antagonists, nicotine self-administration blockade, male rats, 13834
parafascicular nucleus lesions, facilitative effect of lateral hypothalamic intracranial self-stimulation on active avoidance acquisition & long-term retention, male rats, 492
preferential roles of dopamine D2 vs D3 receptors in ethanol self-administration, male rats, 7176
prompting & reinforcement & amount of object manipulation, stereotypic self injurious behavior, 33 & 46 yr old males with developmental disabilities who engage in self injurious behavior, 15198
regulation of iv nicotine vs cocaine self-administration, male rats, 26807
repeated smoked cocaine self-administration, plasma concentrations & heart rate & BP & subjective ratings of drug desire, male vs female 26–43 yr olds, 29994
role of 5-HT1B receptors in modulation &/or mediation of cocaine self administration & reinforcement, male rats, 7235
role of opioid receptors within dopamine-innervated nucleus accumbens & ventral tegmental area in ventral pallidum self stimulation, rats, 727
S control of dose size & interdose interval, ethanol self administration, male rats, 697
self-administration of cocaine, cortisol & adrenocorticotropic hormone release & hypothalamic-pituitary-adrenal axis function, rhesus monkeys, 23492
self-stimulation, excrescence density in apical dendrites of hippocampal CA3 neurons, adult male rats, 3898
short vs long-access to cocaine, dose–response curve in drug self-administration escalation, rats, implications for role of hedonic set point, 616
tropane analog self-administration & selective binding affinity for dopamine vs 5-HT transporters, male rats trained to self-administer cocaine, 26839
type IV phosphodiesterase inhibitors Ro 20-1724 & rolipram, food-reinforced cocaine self-administration, male rats, 10600

Self Stimulation [See Also Brain Self Stimulation]—Chapters
Cocaine self-administration research: Implications for rational pharmacotherapy, 5949

Self Talk—Serials
anthetic therapy & specific mechanisms of & techniques for reducing self blame in adults who have experienced childhood sexual abuse, 18523
childhood & adolescence abuse history & fear of negative evaluation & social interaction self-statements, college students, 14649
coping self-talk & negative cognitions, task performance, 5th–6th graders with high test anxiety, 28966
neuroimaging basis for misattribution of inner speech to external source during auditory hallucinations, persons with schizophrenia, 24291
relationship between significant others' positive & negative statements on self-talk & self-esteem, 3rd–7th graders, 27033
self talk & systematic desensitization of non-acrophobic elevator phobia, heart rate & fear & elevator usage, 11 yr old female, 8814
self-talk strategy designed to improve volleying skill, tennis performance, collegiate tennis players, 35704
Self-Verbalization Questionnaire, self-report measure of function & incidence of private speech in young adults, 17–47 yr olds, 16308
social-evaluative tasks, social skills & outcomes & self-talk & outcome expectancies & self-evaluation of performance, 7–14 yr olds with social phobia , 21192

Self Talk—Chapters
Children's private speech: An overview of theory and the status of research, 7456
The dialogue of the soul with itself, 19896
Methodological concerns in the study of private speech, 7464
A new look at children's private speech: The effects of age, task difficulty, and parent presence, 7455
Self-regulatory functions of children's private speech: A critical analysis of recent challenges to Vygotsky's theory, 7469
A Vygotskian critique of self-instructional training, 8031

Selfishness—Serials
aggression & its relation to desire & self-interest from psychoanalytic perspective, 4792

Semantic Differential—Serials
discriminate validity of phallometric testing with vs without semantic tracking task, measurement of rapists' sexual preference, rapists vs non-sex-offenders, 22867
negative campaigning, voting & semantic differential & thought listing, college students, 7718

Semantic Generalization—Serials
existence of organizational principles during naming-generation task & time-dependency for new words, elderly with Alzheimer's disease, 8684
global semantic context, semantic classification RT & auditory EP indication of expectancy, 7–10 yr olds with vs without autism, 27916
incremental masked priming, lexical decision vs semantic categorization of non-cognate translation equivalents, highly skilled English–French bilinguals , 7299

Semantic Memory—Serials
acute effects of ethanol on acquisition of semantic & figural memory, 21–29 yr olds, 613
association between self judgments & later conscious recollection, college students, implications for models of recognition memory, 10193
atrophy of language-associated cortical gyri, deceased Ss with Alzheimer's disease, 21559
automatic vs controlled processing, generation of semantic category meanings in right vs left cerebral hemispheres, Ss (mean age 25.6 yrs) , 29778
case studies & influential theories of semantic memory & living vs nonliving object recognition, patients with category-specific recognition impairments, 18372
category-specific naming impairment for tools, 27 yr old male with hemorrhage in left temporal lobe, 2013
category-specificity in & gestures & actions related to object recognition, 58 yr old male with multimodal associative agnosia resulting from myocardial infarction & coma, 8587
conceptual knowledge & semantic memory during semantic priming & verification tasks, 64 yr old male with semantic dementia, 18 mo study, 8678
context & novel/unlexicalized metaphorical vs literal vs dead/unlexicalized word use, semantic decision & retrieval time, college students, 29555
cortical activation patterns of semantic memory processes during auditory stimulation, 23–31 yr olds, 33293
divided visual field & time course & context, lexical retrieval of semantic features of unambiguous nouns in cerebral hemispheres, college students, 23125
episodic & semantic contributions to reminiscence & retention bumps in autobiographical recall, males (mean age 72.5 yrs) , 16666
episodic short term memory vs semantic long term memory demands, alpha synchronization reflective of inhibition of task irrelevant cortical processes, 19.4–34.5 yr olds , 16644
episodic vs semantic memory, real vs perceived accounts of food intolerance, 36263
EPs in dual-coding & context-availability & concrete or abstract word effects in sentence comprehension, college students, 16642
equal cerebral hemispheric pictorial stimuli processing, role of hemispheres in semantic vs episodic memory, college students, test of Hierarchical Encoding/Retrieval Asymmetry model, 26634
expressive & receptive vocabulary & word list learning & abstract reasoning & episodic & verbal semantic memory, 16–65 yr olds with lateralized vs extra-temporal lobe epilepsy, 28153
features of remote memory for public events & personal semantic memory & specific personal episodes, 54 yr old man with amnesic syndrome, 5216
forms of selective semantic impairment & existence of semantic subsystem specific to visual attributes of animate & inanimate objects, 67 yr old male with severe brain damage, 2021
haloperidol vs benzodiazepine midazolam vs scopolamine, timing processes & cortical arousal & semantic memory & cognitive & motor skill acquisition, 20–35 yr old male students, 30045
impact of autobiographical experience on memory, 65 yr old male & 74 yr old female with semantic dementia, commentary reply, 37912
impact of autobiographical experience on memory, 65 yr old male & 74 yr old female with semantic dementia, commentary, 37844
inadvertent use of prior knowledge in generation of novel nonwords, adults, 10120
knowledge impairment of visual & non-visual attributes, 22 yr old female brain-damaged patient with semantic impairment for living entities, 2083
lorazepam, confidence level & feeling of knowing judgments for episodic & semantic metamemory, adults , 4097
lorazepam, facilitation of & interference with retrieval of semantic items stored in explicit episodic memory, healthy 18–21 yr olds, 26769
neural category & modality specificity of semantic memory, humans, 23153
neuroanatomy associated with retrieval of semantic & episodic memories, 21–38 yr olds, 7094
neuropsychological profiles, 48–73 yr old patients with semantic vs frontal-lobe dementia variants vs early Alzheimer's disease, 8630
paraphasias & perseverations in & visuo-semantic activation of modality specific visual misnaming, 77 yr old male with emoblic stroke, 1996
person-specific knowledge & knowledge of biological categories, 68-yr-old male patient with damage in right temporal region, 15016
positron emission tomographical study on regional cerebral blood flow patterns in semantic & episodic memory, healthy volunteers (mean age 26 yrs), 271
presentation of names of typical vs atypical category instances to left vs right visual field, strategies of semantic categorization in cerebral hemispheres, college students, 16591
prime duration & semantic-nonassociative vs semantic-associative word pairs, semantic memory facilitation onset & amount & categorization accuracy, humans, 29553
primed picture naming & lexical decision & vocabulary performance, 10–13 yr olds with reading disability , 30979
processing time & space components of semantic memory during script-generation tasks, patients with frontal lobe related impairments, 28155
reduced available perceptual information, magnitude of priming effects in recognition memory, adults with amnesia, 18403
retrieval & response latencies of semantic memories, patients with Alzheimer's disease (mean age 75.1 yrs) &/vs Huntington's disease (mean age 47.2 yrs), 24844
selective semantic deficit for living things & role of conceptual structures, 37 yr old male with brain damage, 2062

selective sparing of body parts category in context of impairment for all other semantic categories, 55 yr old female with neurological damage, 2085
semantic & working memory deficits, impairments in producing & comprehending pronouns, 64–89 yr olds with Alzheimer's disease, 21527
semantic encoding & rate of forgetting, patients with multiple sclerosis (aged 22-70 yrs), 34656
semantic errors in writing to dictation & written naming without semantic errors in spoken naming, female 82 yr old with deep dysgraphia, 28161
semantic knowledge & memory & related object recognition & appropriate use vs apraxia, 54 yr old male with probable Alzheimer's disease, 8655
semantic knowledge, famous-face recognition &/vs identification &/vs naming, adult patients (mean age 67.9 yrs) with dementia of Alzheimer type, England, commentary reply, 21538
semantic memory & priming, healthy adults with schizophrenic language disturbances, 10124
semantic priming for new word associations & storage in semantic memory & perceptual identification during study vs lexical decision after study, college students, 32969
semantic similarity, irrelevant speech disruption of immediate serial recall, adults , 10205
semantic–autobiographical memory interactions, semantic representations of animals, 75-yr-old female with category-specific semantic dementia, 28174
sentence verification task as measure of semantic memory & delusional thought, 18–55 yr old schizophrenic patients, 1615
spared verb- but not noun-naming ability, female 79 yr old with Alzheimer's disease , 28199
spatial & temporal ERP mapping of semantic vs episodic cued recall & episodic vs recognition retrieval, 21–32 yr olds, 551
thought disorder associated with semantic processing abnormalities, schizophrenic patients , 8141
visual event related potentials during cued recall task that demands semantic memory retrieval from long term memory & simultaneous activation with short term memory, 18–39 yr olds, 16964
zolpidem, explicit & implicit & semantic memory, 20–48 yr olds, 17069

Semantic Memory—Chapters

Effect of first language phonological configuration on lexical acquisition in a second language, 300
Hierarchical organization of cognitive memory, 29883

Semantic Priming—Serials

250 vs 2000 msec stimulus onset asynchrony, automatic & expectancy semantic priming effects on N400, 19–36 yr olds, 16577
affective congruency effect & conflict between responses activated by prime & target, college students, 10237
animacy of sentential subject & size of syntactic priming effect, processing of gender agreement in Hebrew during naming task, college students , 30094
antecedent priming at trace positions in scrambled German sentences, reactivation of antecedent at gap position in double-object constructions, German-speaking undergraduates, 23620
backward semantic priming, N400 & RT lexical decision task, adult Ss, implications for spreading activation vs expectancy vs semantic matching/integration as source of backward priming, 3535
cognitive mechanisms of & hemispheric dissociations in semantic priming & lexical decision, college students, 33221
conceptual knowledge & semantic memory during semantic priming & verification tasks, 64 yr old male with semantic dementia, 18 mo study, 8678
context & study status & focused vs divided attention, priming for novel associations in word stem completion, undergraduates, 26397
contribution of lexical & semantic processes in automatic semantic priming of compound words, 17–51 yr old college students, 7298
dissociated backward priming effects in lexical decision & pronunciation, college students, 16589
divided visual field paradigm assessment of cerebral asymmetries in semantic priming for inter- vs intraconceptually related words, 26573
electrophysiological analysis of between- vs cross-modality word repetition & priming effects, lexical decision, 18–30 yr olds, 29955
ERP correlates of lexical processing & repetition priming, 26–77 yr old stroke patients with anterior vs posterior lesions in dorsolateral prefrontal cortex, 2095
ERPs & semantic priming effect with pictures of real objects, college students, 10476
fully recurrent network models of lexical knowledge, semantic priming of word naming, commentary, 19504
fully recurrent network models of lexical knowledge, semantic priming of word naming, commentary reply, 19498
fully recurrent network models of lexical knowledge, semantic priming of word naming, 19497
lack of repetition priming effect on visual ERPs, schizophrenic patients (mean age 27.1), 27693
lateralized semantic & indirect semantic priming, males with schizophrenia with vs without thought disorders, Germany, commentary reply, 4962
lateralized semantic & indirect semantic priming, males with schizophrenia with vs without thought disorders, Germany, commentary, 4933
levels-of-processing & list organization, conceptual priming & implicit memory during category exemplar production test, college students, 32923
lexical priming performance in free recall & recognition memory & verbal fluency assessments, 8–18 yr olds with heavy prenatal alcohol exposure vs Down syndrome, 27932
mediated priming performance in lexical decision task, younger vs older adults, 20482
morphological vs semantic priming, visual word recognition, college students, 6870
neighborhood word size, masked form priming, developing readers vs adults, 17239
priming & pleasantness ratings of threatening vs nonthreatening words & implicit & explicit memory & mood state, 18–50 yr old females, implications for perceptual representation system, 3536
priming of morphologically regular vs irregular word stems, ERPs, 18–28 yr olds, 10479
priming positive vs negative expectancy outcomes, alcohol consumption & taste ranking, young adults (mean age 19.5 yrs) , 1195
repetition priming procedure requiring rejection of proposed erroneous name for odors, response latency for rejection of new vs primed odors, college students, 26311
selective accessibility models of hypothesis-consistent testing & semantic priming, anchoring effects & judgments, college students, 11161
semantic anomaly & lexical vs sentence priming in left vs right visual fields & hemispheres, college students, 26583
semantic memory & priming, healthy adults with schizophrenic language disturbances, 10124
semantic priming for new word associations & storage in semantic memory & perceptual identification during study vs lexical decision after study, college students, 32969
semantic priming of single- vs 2-digit Arabic numerals during number naming & parity judgment tasks, college students, 36232
task dependent & independent effects in semantic & phonological priming effects, college students, 19830
task with single presentation lexical decision & high vs low proportion of directly vs mediated-related word pairs, RTs & N400 amplitude in ERPs in left vs right hemisphere, 20–30 yr olds, 29918
thought disorder associated with cognitive mechanism in semantic priming, patients with chronic schizophrenia, 8130
visual vs functional domain-specific semantic knowledge, long-term conceptual priming, college students, 6923
visual word processing & word meaning priming, semantic activation, 16–18 yr old fluent in 2 Serbo-Croation alphabets & lexical decision, erratum, 13292
visual word processing & word meaning priming, semantic activation, 16–18 yr olds fluent in 2 Serbo-Croation alphabets & lexical decision, 3552
words related through function vs category coordinates vs pairs with high vs low lexical association, semantic priming, children (mean age 10.77 yrs) with poor reading comprehension , 13949

Semantic Priming—Chapters

Individual differences in priming: The roles of implicit facilitation from prior processing, 10227

Semantics [See Also Homonyms, Synonyms]—Serials

age, semantic context & feedback effects on speech discriminability, younger (mean age 22.4 yrs) vs older (mean age 60 yrs) adults, 14103
aging, amplitude & latency & scalp distribution of N400 congruity effect during semantic categorization task, 20–80 yr olds, 4523
ambiguity & high vs low lexeme frequency in semantic vs syntactic priming, time course of lemma retrieval in lexical decision, native speakers of American English, 29537
analytic framework derived from five-factor personality model applied to psycholexical classification of L. L. Bernaud's list of instinct expressions, 20902
application of P. H. Grice's theory of conversational implicature & S. Kierkegaard's concept of indirect communication to indirect & ambiguous language usage, 815
automatic activation vs attentional control in semantic processing in reading, 23112
case report literature on phonological & semantic routes as anatomical explanations for conduction aphasia, 1885–1934, 2046
category-specific preservation for processing of numerals at semantic level, 60 yr old male with severe head injury, 2096
cerebral activation & processing of stimuli of animate vs inanimate semantic categories in visual vs verbal modality, 24–32 yr olds, 13578
cognitive processing computation of semantic operations with vs without expected syntactic processes & combination of lexical items in sentences, undergraduates, 23630
color-word matching, semantic vs response competition as source of Stroop interference, college students, 10117
composite meaning of symbol components & referent & referent prototypicality & semantic transparency or translucency, nondisabled 21–50 yr olds, implications for Blissymbol codability, 4361
comprehension of idiomatic expressions with respect to presence of linguistic context & level of semantic analyzability of idiom's meaning, 6.4–6.6 vs 7.2–7.10 vs 9.2–9.11 yr olds, 13945
computer model on degraded representations or defective competitive processes in parkinsonian semantic deficits, 37924
concrete vs abstract words & word length, spoken vs written serial & backward vs forward recall & maximal speech rate, college students, 29654
contribution of lexical & semantic processes in automatic semantic priming of compound words, 17–51 yr old college students, 7298
cortical language functions of lexical access & semantics, patients with thalamic lesions, 28140
decompositional hypothesis of lexical semantic structure in cognitive science, 26405
deficits in semantic & lexical processing after brain damage & implications for models of normal language processing, 18422
degree of visual similarity & semantic relatedness, picture & word categorization, Os, 32919
discourse function & processing cost, processing of nounphrase anaphors & reading time, college & graduate students, test of informational load hypothesis, 36207
distinctiveness & independence & time course of event-related brain potential elicited by syntactic & semantic anomalies, 18–42 yr olds, 26679
dual system vs single-system theories of capacities of mental lexicon of words & rules of grammar, undergraduates, 10147
effect of cueing target location & response mode on interference & negative priming in visual selection task, 19826
electrophysiological analysis of animacy effects, processing of object relative sentences, 18–27 yr olds, 29921
event related cortical potentials during auditory semantic & syntactic processing of sentences, 26–58 yr olds with cortical vs subcortical left hemisphere lesions, 31224
event related potentials as indicator of semantic match/mismatch mnemonic impairment, sober alcohol dependent adults, 14738
false memory paradigm, categorical vs associative arrangement & representation in semantic lexicon, college students, 29538
grammatical ambiguity vs vagueness, semantic commitments to collective vs distributive interpretations of readings, university students , 13275
grammaticality & morphology & semantic interpretability, morphemic pseudoword lexical decision & acceptability & word naming RT, humans, 29539
gyral MEG response to silent reading of Kanji characters vs meaningless figures as measure of neural semantic processing, native speakers of Japanese vs German, 3866
HAL computational model for representations of famous vs ordinary proper names vs common nouns in common semantic space & relation to information storage & processing, 26385
importance of inhibitory abilities & semantic context to spoken word recognition, young (mean age 20 yrs) vs old (mean age 75.5 yrs) Ss, 30136
independence between & role of semantic & phonological processing in very early stage of acquiring sight vocabulary in non-word reading & recognition, 4.6–7.3 yr olds, 23704
influence of polysemy on word naming, Os, 26400
informational & procedural psychosemantics & qualia & procedural representationalism for sensory experience of space, 13860
interactive activation model for picture naming in treatment of semantic level deficit, 47–59 yr olds with aphasia & severe picture naming problems, 32063
interpretation of semantic category-specific deficits & organization of conceptual knowledge in brain, 2014

lexical priming & time course of lexical inferences during language comprehension, aphasic & Alzheimer's disease patients, 34644
lexical vs morphosyntactic features of noun numerosity, lexical decision & psycholinguistic processing & comprehension of mass & plurality & singularity, English-speaking 18-58 yr olds, 29557
lexical-semantic distinction in unaccusative vs unergative verb, English-speaking learners of Chinese, 33566
lexical-semantic processing, blind or low vision vs sighted 10–13 yr olds, 31361
linking schwa -e written in orthographic form -en in Dutch nominal compounds, activation of plural semantics, college students, 820
mental representation in terms of feature-based vs atomistic theories of lexical concept formation & classification, brain-injured patients with semantic deficits, 31209
morphological regularity, orthographic-semantic (spelling-meaning) mapping & training & behavior of connectionist neural networks, 32504
neural blood flow during picture naming & semantic judgment, 18–29 yr old males, 29834
neuroanatomical correlates of semantic processing, patients with mild Alzheimer's disease, 28202
novice vs advanced vs no computer programing knowledge, reliance on BASIC program semantics in lexical decision tasks, college students, 255
on-line semantic processes & syntactic analysis of subject–predicate agreement in Hebrew, adults, 808
orthographic & phonologic & semantic dimensions in word reading of homographs vs homonyms vs control words, college students , 10100
orthographic & phonological & lexico- semantic judgments of visually presented characters & words, neural activity, adults, 26592
P600 or P3b ERP responses to recognition of improbable linguistic events, reply to commentary on identity thesis, 7114
perceptual & conceptual fluency effects level of feature vs semantic analysis during incidental advertising exposure, marketing students, 29195
phonemic vs semantic vs alternation word fluency, patients with Parkinson's disease (mean age 66.4 yrs), 15051
phonological & semantic errors, 34 & 63 yr old female Spanish-speaking patients with anomic aphasia, 18396
phonological interference & word frequency & Chinese character components, semantic judgements in Chinese character identification, native Chinese speakers, 23117
phonological vs semantic processing RTs in object identification, young (mean age 20.8 yrs) vs older (mean age 67.5 yrs) adults, 13280
preposition acquisition & first usage & semantic representation, 1.5–3.5 yr-olds learning Bristol dialect of British English, 30186
problems with naming & word comprehension or face & object recognition & behavior changes in semantic dementia & relationship to frontotemporal dementia, 31322
processing of gender agreement in online sentence comprehension as syntactic vs conceptual/semantic process, adults , 36667
processing of relevant vs irrelevant stimulus features in semantic category word naming version of Simon paradigm, university processing, implications for study of automatic semantic processing, 3538
processing of semantic & syntactic priming information in lexical decision task, 18–36 vs 63–100 yr olds, 7599
radical & semantic relationship between target & prime, processing of Chinese characters in character decision task with phonetic compounds targets, native Chinese speakers, 23622
reassessment of propositional aspects of target-concept structure in contemporary theory of metaphor, 30096
rehearsal & relearning & subsequent forgetting of semantic category exemplars, 63 yr old male patient with semantic dementia, 15 mo study, 24804
relational algebraic model provision of semantic foundation for computational use of cognitive maps, 3378
repeated presentation & testing of lists of semantic associates, false recall & recognition, 60–75 yr olds vs college students, 23139
role of contextual representation in online semantic interpretation of prenominal adjectives, college students, 26408
rule extraction architecture & other architectures in formal semantics neural networks model, 19503
seizure-triggering value of components of model of phonological vs semantic route of written words, 51 yr old male patient with primary reading epilepsy, 18404
semantic & phonetic regularity norms for Mandarin Chinese characters & relation to performance on cognitive tasks, Chinese vs Singaporian vs Taiwanese high school & college students, 13874
semantic analysis of graphical representational systems use in logic instruction, 22465
semantic anomaly & lexical vs sentence priming in left vs right visual fields & hemispheres, college students, 26583
semantic category interference effects, kinematics of reach-to-grasp movement, undergraduates, 23072
semantic consistency with scene & response bias in identification of visual object, college students , 166
semantic consistency, eye movement patterns during viewing of complex natural scenes, college students, 6765
semantic cue availability & cue reliability, online processing to sentence interpretation, native Russian & German speakers, 17154
semantic inconsistency, sentence grammaticality judgments, language learning disabled vs typically developing 10–12.5 yr olds, 34527
semantic knowledge & memory & related object recognition & appropriate use vs apraxia, 54 yr old male with probable Alzheimer's disease, 8655
semantic properties in data-driven fuzzy modelling, accurate & transparent rule base generation , 3386
semantic representations of spatial prepositions, judgments of location control & choice of description across range of scenes, Os, 36218
semantic similarity, short-term ordered recall, volunteers, 19862
semantic vs spatial inhibition of return with target words, relationship between posterior & anterior attention networks, Os, 26452
semantics & lexical integration, 21–33 yr olds, 19808
semantics & physiology of hypnosis as an altered state, 322
semantics & physiology of hypnosis as an altered state, commentary reply, 323
semantics & physiology of hypnosis as an altered state, commentary, 315
semantics & physiology of hypnosis as an altered state, commentary, 317
semantics & physiology of hypnosis as an altered state, commentary, 320
semantics & physiology of hypnosis as an altered state, commentary, 324
semantics of psychological ascription in terms of sentential modeling, 3543
semantic–autobiographical memory interactions, semantic representations of animals, 75-yr-old female with category-specific semantic dementia, 28174
suffix productivity, derivational suffix use, 10–12.6 yr olds with vs without language learning disabilities, 11767
terminology & design & analysis problems & recommendations for understanding cognitive research on integration of language & memory in bilinguals, 10098
test of computational model accounting for category specific deficits in naming of items in Alzheimer's disease, 26033
time course of word identification & semantic integration in ERPS, 18–39 yr olds, 10150
use of metaphors to introduce concept of hypertext as cognitive tools, degree of knowledge about semantic relations & structures, 7th graders, 32204
validity & reliability of Personalised Emotional Index, prototype of designer test using words from S's own vocabulary, caregivers of schizophrenic patients, 32643
violations of syntactic structure & semantic expectancy, EEG measured event-related potentials, normal adults, implications for language-specific neural pathways, 10701
visual vs auditory distractor words, semantic & phonological effects in picture naming, college students, 10093
wording in voter turnout question, levels of overreport & accuracy of self reports of voting behavior, adult voters, 23914

Semantics [See Also Homonyms, Synonyms]—Books
From language to communication (2nd ed.), 33537

Semantics [See Also Homonyms, Synonyms]—Chapters
Can meanings be causes?, 21753
The emergence of the semantics of argument structure constructions, 13880
The exemplar view, 26923
Fitness and the fate of unicorns, 36654
Information and representation, 26919
The intermediate effect: Interaction between prior knowledge and text structure, 7461
Is semantics possible?, 26922
The learning of first and second person pronouns in English, 27017
On the general character of semantic theory, 26921
Perception of personality traits and semantic learning in evolving hominids, 33047
The representational world and the linguist idiom, 34025
The role of semantics in solving the bootstrapping problem, 27004
Semantic radicals in phonetic compounds: Implications for visual character recognition in Chinese, 13325
Semantics and the acquisition of proper names, 27011
Sentence understanding in Chinese, 13341
What is a concept, that a person may grasp it?, 26920

Semicircular Canals—Serials
inactivation of lateral semicircular canals, horizontal eye movements elicited by linear acceleration & neural computational strategies used by CNS to resolve ambiguous otolith information, monkeys, 10391
self-treatment with modified Epley procedure vs Brandt-Daroff exercise, 26–83 yr olds with benign paroxysmal positional vertigo in semicircular canals, 38341

Seminarians—Serials
guidelines & descriptions & use in assessment, creative projects in Christian theology course, seminary students, 17456

Semiotics [See Also Pragmatics]—Serials
categorical structure of iconic languages, 7306
ESPbase Microsoft Access database application for storing & selecting symbol & icon sets for research & design usability, 36076
formal & mental structures of semiotic processes, 7313
function of metaphor & implicational & psycho-semiotic transmission of information in metaphoric processing, 19809
model of cognition from perspective of Peircean semiotics & role of inference, 6845
parallel historical developments of & evolutionary perspective on semiotics & psychology, 6514
psychological & semiotic perspective on management & information sciences, 6516
rating norms for symbol & icon concreteness & complexity & meaningfulness & familiarity & semantic distance, college students, 36121
semiotic perspective of algorithmic vs experiential educational simulation games & play, 22454
semiotically relevant concept of abduction & process of cognition, 6868

The guided mind: A sociogenetic approach to personality, 1371

Semiotics [See Also Pragmatics]—Chapters
Fundamental measurement for psychology, 9808
Vygotsky: The social negotiation of semiotic mediation, 7361

Senescence [See Aged]

Senile Dementia—Serials
Alzheimer-type senile degenerative abnormalities & cognitive impairment, elderly with chronic schizophrenia, 1582
boke & cultural construction of senility, Japan, 2097
cognitive rehabilitation treatment via THINKable computerized system, neuropsychological performance & generalization, patients with senile deterioration of vascular origin, 9215
dressing activity as disorder of everyday activities, elderly patients suffering from senile dementia of Alzheimer's type, 18370
relation of senile dementia to normal cerebral aging, 5397
scopolamine, non-nmestic cognitive performance & impairment, healthy 20–64 yr olds, implications for contribution of cholinergic system to senile dementia of the Alzheimer's type, 4234
World Health Organization Quality of Life questionnaire, differences in quality of life, patients (mean age 73 yrs) with moderate senile dementia vs patients (mean age 53 yrs) with cancer, 36029

Senior Citizens [See Aged]

Sensation [See Perception]

Sensation Seeking—Serials
alcohol intoxication & sensation seeking, gambling choices as measure of preference reversal effect, male vs female social drinkers, 30485
anti-marijuana media campaign, beliefs & attitudes & intentions & use, high sensation seeking adolescents, 33676
assessment of empirical support for M. Zuckerman's Impulsive-Sensation-Seeking theory, 13–76 yr old athletes, 1368
authoritative parentsvs peer influence vs sensation seeking, drug use, African American vs European American vs Chinese 7th vs 9th vs 11th graders, 14751
construction & validity of Sensation Seeking Scale for Adolescents, 14–18 yr olds, France, 6572
evil & sadism & sensational thrills & threatened egotism, 37441
exposure to violent TV & sensation seeking & risk taking behaviors, 11–25 yr olds, 33661
extent &/vs intensity of variety seeking, promotional response to & consumption of soft drinks, adults, 9686
factor structure & cultural validity of modified sensation seeking scale & subscales, 15–50 yr olds & older, China, 35910
frequency of gambling & sensation-seeking & subjective arousal & heart rate during win vs lose gambling, female fruit machine gamblers, 16995
frontal lobe activity, response control & novelty seeking, alcoholics vs non-alcoholics, 463

hierarchy model of personality & need for arousal & materialism & compulsive buying, college students, 39024
high sensation-seeking as compensation for anhedonia & ERP amplitudes of frontal P3, parachutists (mean age 24.77), 23396
locus of control & self-monitoring & Type A behavior & sensation seeking, competitive vs cooperative behavior in Prisoner's Dilemma games in market setting, college students, 30483
model of physical violence as stimulation seeking behavior & stimulation as behavioral inhibition & treatment, 37486
own & named peer's sensation seeking tendency & alcohol & marijuana use, 8th graders, 34350
playground maze, novelty seeking & prediction of individual differences in response to amphetamine, rats in conditioned place preference paradigm, 20310
relationship &/or effect of sensation seeking on decision making procrastination, college students, 24040
relationship among neuroticism & psychoticism & extraversion & sensation seeking, 17–87 yr olds, 1317
resting arousal & sensation seeking & musical genre preference, male vs female college students , 30510
risk taking &/or sensation seeking, male vs female college students categorized as social vs probable/pathological gamblers, 21260
risk-taking behavior as measured by Sensation Seeking Scale & Tension Risk Adventure Inventory & Telic Dominance Scale & Desire for Control Scale, 16–29 yr olds, 7948
sensation seeking & instructions & alcohol vs placebo administration, aggressive response to perceived aggressive vs altruistic action, male college students, 7174
sensation seeking & substance use & risky sexual behavior, adult male homosexuals, 8358
sensation-seeking & field dependence–independence in personality profile of high-risk prosocial professional, male 23–35 yr old bomb-disposal experts vs anti-terror operatives, 37153
sensation-seeking temperament, plasma concentrations of norepinephrine & epinephrine & norepinephrine-dependent testosterone & cortisol & prolactin, 19–60 yr old males, 23457
test of hypothesized relationship between high score on Novelty Seeking subscale of Tridimensional Personality Questionnaire & treatment dropout, alcohol-dependent males, 11627
type 4 dopamine receptor gene, novelty seeking, 32 yr olds, 33177
validation of biopsychological & behavioral correlates of multilevel sensation seeking construct, 18–39 yr old college & graduate students, 17651
validity of Sensation Seeking Scale Form V, psychometric traits & sensation seeking, males & females 18–36 yrs old, 35889

Sensation Seeking Scale—Serials
validity of Sensation Seeking Scale Form V, psychometric traits & sensation seeking, males & females 18–36 yrs old, 35889

Sense Organ Disorders [See Also Anosmia, Ear Disorders, Vision Disorders]—Serials
age-related oral & pharyngeal diseases, taste & smell, elderly persons, health-status & quality-of-life implications, 21489

Sense Organs [See Also Ear (Anatomy), Eye (Anatomy), Taste Buds]—Serials
common features & variations of sensory dorsal organs, crustaceans, 29679

Sense Organs [See Also Ear (Anatomy), Eye (Anatomy), Taste Buds]—Chapters
Synesthesia: A challenge for developmental cognitive neuroscience, 29478

Sensitivity (Drugs) [See Drug Sensitivity]

Sensitivity (Personality)—Serials
behavioral validity of Disgust Scale, measurement of individual differences in disgust sensitivity using behavioral tasks, 17–23 yr old college students , 29337
Big Five personality traits & disgust sensitivity, male vs female college students, 14301
factor structure of the Childhood Anxiety Sensitivity Index, 7–16 yr olds with anxiety disorders, 29392
high interpersonal sensitivity personality type & lifetime history of depression, 20–57 yr old employed Japanese Ss, 37335
infant affect & affect regulation & maternal vs paternal sensitivity in still-face paradigm, 4 mo olds & their parents, 903
maternal sensitivity during infancy & subsequent life events & relation to attachment representation at early adulthood, prematurely born children followed prospectively from birth to age 18 yrs, 20547
prediction of differential sensitivity to emotional states in personality taxonomies of H. J. Eysenck & J. A. Gray & R. C. Cloniger, college students (mean age 20.51 yrs), 37174
relationship between hypersensitivity to social interactions & eating behaviors, active (mean age 27 yrs) vs recovered (mean age 27 yrs) bulimic vs non eating-disordered (mean age 25 yrs) females, 34506
sex, disgust sensitivity & self-assessed fears to common indigenous animals, 14–79 yr olds, 14293
social sensitivity & peer conflict, 3.1–6.9 yr olds playing in dyads with 'same' vs 'change' partner, 14040

Sensitivity (Personality)—Chapters
Rejection sensitivity and adolescent romantic relationships, 36847

Sensitivity Training—Serials
theory-based individualism & collectivism assimilator vs culture-specific vs culture-general assimilators, cultural difference sensitization, college exchange students, US, 4585

Sensitivity Training—Chapters
Diversity training in spiritual and religious issues, 25643

Sensitization (Protein) [See Anaphylactic Shock]

Sensitization Repression [See Repression Sensitization]

Sensorially Disabled [See Also Aurally Disabled, Visually Disabled]—Serials
5 factor model of patterns of sensory integration dysfunction, 4–8.9 yr olds, 8705
distal vulnerability & anatomical proximity & restricted sensory symptoms, 57 yr old diabetic male with cortical stroke, 37864
empowering capability of sport & physical fitness activity participation, 20–51 yr olds male college students with physical or sensory disabilities, 25956
multidisciplinary intervention in a vocational rehabilitation program in Spain for people with sensory & physical disabilities, 9271
patterns of sensory dysfunction & correlations with MRI, 28–84 yr old patients with lateral medullary infarction, South Korea, commentary & reply, 8675
preference assessment, preferences for task arrangement involving mobility vs sedentariness, adults with sensory handicaps & profound mental retardation, 6556
use of activity boxes, parents of .5–8 yr olds who are blind or deaf-blind or have severe learning disabilities & visual impairments, 25509
vocational evaluation & guidance program, vocational maturity, 18–45 yr old students with physical & sensory disabilities, 9276

Sensorially Handicapped [See Sensorially Disabled]

Sensorimotor Development [See Perceptual Motor Development]

Sensorimotor Measures—Serials
concurrent & predictive validity of Allen Cognitive Levels Assessment, measurement of cognitive & adaptive functioning, schizophrenic patients discharged from state psychiatric hospital, 94
construct validity of Beery's Developmental Test of Visual–Motor Integration, Taiwanese 3.3–13.3 yr olds, 36748
driving ability evaluation by neurologist with multidisciplinary neurological rehabilitation team & traffic psychologist vs spouse vs self, male stroke patients, 26199
fatigability of motor units estimated by changes in work performed in successive tetani during fatigue test, adult rats, 20168
gamma activity in forearm & adjacent sensorimotor areas during performance of visuomotor tasks, 12–41 yr olds with intractable epilepsy, 24774
purpose & reliability & validity & usefulness & ease of use & administration time of GUGT &/vs FES &/vs BBS &/vs POAB &/vs FR, scales of balance, elderly , 13040
reliability of Motor Observations with regards to Sensory Integration, assessment of 5–12 yr olds with developmental coordination disorder, 14833
Salpetriere Retardation Rating Scale & other measures of psychomotor retardation & assessment of depressive symptom severity & antidepressant treatment response, 32
validity & reliability of accelerometry for detection of posture & motion, male college students, 26097
validity of computerized sensorimotor tests, detection of RT & attention & hand coordination & other neurobehavioral changes, urban vs suburban 9–10 yr olds exposed to environmental lead, 22839

Sensorimotor Processes [See Perceptual Motor Processes]

Sensorineural Hearing Loss [See Hearing Disorders]

Sensory Adaptation [See Also Dark Adaptation, Light Adaptation, Orienting Reflex, Orienting Responses]—Serials
achromatic adjustment vs asymmetric matching in measurement of context effects in illumination prediction, Os, 36178
adaptation & cross-adaptation in odor coding in model olfactory organ of maxillary palp of Drosophila, 20086
adaptation to high vs low velocity moving visual stimuli, differential coding & perceptual aftereffect in opposite direction, humans, 32855
adaptation to inverting prisms & mirror spectacles & return to upright vision, reading & shape perception & building of 3 dimensional objects & neuronal mechanisms, 20–28 yr old males, 32822
adapting luminance & number of display elements, inhibition & serial processing & attention in visual search latency functions, Os, 3459
adaptive strategy & retention capacity, spatial & temporal learning & retention, deafferented 47-yr-old female , 24798
binaural sub-band adaptive speech enhancement via artificial neural networks, 6461
binocular & monocular mechanisms in disconjugate adaptation of saccades, 33–40 yr olds, 13182
cerebellar lesions, adaptation to laterally displaced prism & postadaptation shift during visual reaching task, monkeys, 20073
changes in ambient illuminant chromaticity, shift in visual sensitivity balance, Os, 3472
computational model of association fields for adaptive spatial filters in human pattern perception, 32739
gravitational force background level, adaptation to Coriolis force perturbations of reaching movements, adults, 3518
haptic-only feedback, adaptation to prism-displaced dynamic vs static events, college students, 10011
illusory shifts in visual direction, visual adaptation of saccadic eye movements, adult Os, 32785
injection of muscimol into ventral vs dorsal premotor cortex, recalibration of prism displaced visual field during visually guided reaching task, monkeys, 20319
intensity of sensitization vs desensitization, whole-mouth rinses vs filter papers of vs foods containing capsaicin stimuli, college students, 26313
motion adaptation & temporal delay filter, motion detection, drone-flies, 23423
motion onset of random dot patterns & adaptation–recovery sequences, visual EPs & psychophysical measurement of duration of perceptual motion aftereffect, human Os, 13612
movement frequency & amplitude effects on motion sickness, male vs female musk shrews, 36508
on/off polarity of test stimulus & sawtooth adaptation flicker, detection thresholds for S-cone modulation for red &/vs blue stimuli, 20–33 yr old Os, 10059
perceived direction of component- vs plaid-induced motion after-effect after adaptation to visual stimuli, adults, 3477
role of sensory array & internal state of adaptive processes in action–perception patterns, 6750
second-site adaptation of red-green detection mechanism in L & M cone contrast plane for bright adapting fields of yellow or red, 32851
selective adaptation approach to perceptual depth synthesis processing from stereopsis & motion parallax & texture, college students, 10054
target movement, saccadic gain & cross-axis adaptation field, monkeys, 29755
transient receptor potential calcium 2+ channel & olfactory adaptation, Drosophila, 23356
visual stimulus pattern, adaptation features of complex cells in striate cortex, macaques, 33235
visual vs hearing vs sensory impairment & subsequent functional dependence & mortality, community-dwelling 55–74 yr olds, 31367

Sensory Adaptation [See Also Dark Adaptation, Light Adaptation, Orienting Reflex, Orienting Responses]—Chapters
Theoretical models of the motion aftereffect, 3806
Tuning of the motion aftereffect, 3499

Sensory Deprivation—Serials
auditory feedback deprivation, song maintenance, adult male Bengalese finches, 10371
auditory or visual sensory deprivation or zinc sulfate induced anosmia or removal of vomeronasal organ or olfactory bulbectomy or female feces, induction of noncontact erection, male rats, 36431
difficulty in maintaining upright balance under absent visual & other sensory conditions, 53–86 yr olds with Alzheimer's vs 36–65 yr olds with Parkinson's disease, 18356
ectosylvian lesions, visual discrimination learning under switching, cats with binocular vs limited lab visual deprivation vs normal stimulation , 13386
effects of auditory deprivation & subsequent cochlear implants & stimulation on maturation of central auditory system, 6-yr-olds with profound hearing impairment, 11 yr study, 37950
haptic-only feedback, adaptation to prism-displaced dynamic vs static events, college students, 10011
light deprivation delay & duration, recovery from visual & tactile & auditory sensory neglect, male rats with unilateral medial agranular prefrontal cortex lesions, 3826
limitation of sensory input through partial limb denervation, somatosensory cortex neuron reactivity during ontogenesis, baby rats, 20188

monocular deprivation after dark-rearing, amplitudes of visual pattern sweep visual EPs, normally- vs dark-reared rats, 13490
reversed monocular deprivation, morphology of single geniculocortical arbors & functional recovery of visual cortex, kittens, 7020
sensory experience, short-term synaptic dynamics in vertical & horizontal excitatory pathways within the supragranular cortex, rats, 26589
sensory loss by selected whisker removal, disinhibition in somatosensory cortex, naturally behaving female rats, 36425
sensory stimulation as strategy for pain management, individuals with chronic pain, 1954
spatial & temporal vision, 5–18.8 yr old patients deprived of patterned visual input during infancy until treatment for dense central cataracts, 34703
tactile deprivation, zinc-containing terminals within somatosensory barrel cortex, rats, 33223
tactile extinction, alteration of cortical somatosensory activations induced by hand vibration, 61–71 yr olds with right hemisphere stroke, 11860
vibrissa deprivation pattern, plasticity in barrel cortex, rats, 33263
whisker trimming since birth, density of synaptic zinc within deprived somatosensory barrel hollows, mice, 20132

Sensory Disabilities (Attit Toward)—Serials

judgements of appearance & personality & assertiveness & achievement of same-race 10–12 yr old males with vs without hearing aids, Black vs White female college students, 20854

Sensory Feedback [See Also Auditory Feedback, Visual Feedback]—Serials

haptic-only feedback, adaptation to prism-displaced dynamic vs static events, college students, 10011
NMDA-mediated excitatory gain in biological model of winner-take-all competitive neural network with inhibitory feedback in lateral geniculate nucleus & visual cortex, cats, 32511
sensory feedback in swimming, ieeches, 20163

Sensory Gating—Serials

acute & sustained cocaine administration on startle reflex & prepulse inhibition, female rats, model for brain disturbances for deficient sensorimotor gating in schizophrenia, 17064
auditory stimulation change, attenuation & augmentation of P50 EP & sensory gating, 18–45 yr olds, 16963
FeatureGate model of visual selection & attentional gating, 32996
gating of auditory evoked potentials in brainstem reticular nucleus & medial septal nucleus & hippocampus & auditory cortex, awake freely moving male rats, 23335
ketamine vs benztropine vs apomorphine vs methylphenidatehydrochloride vs haloperidol, sensorimotor gating of acoustic startle & gating of auditory input into telencephalon, pigeons, 33482
oxytocin, psychomimetic-induced deficits in sensorimotor gating, male Sprague Dawley rats, 10567
P50 auditory gating response to chronic cumulative tetrahydrocannabinol exposure, 18–40 yr old marihuana users, 24533
postinjury attention & memory dysfunction & cholinergic mechanisms & sensory gating & EEG auditory evoked responses as physiologic marker, 34–45 yr olds with traumatic brain injury, 14994
prepulse inhibition of auditory ERPs as measure of sensory gating at hospital admission & discharge, schizophrenia patients, 8–21 wk followup, 19010
processing of auditory stimuli during visual attention, 36–55 yr old males with schizophrenia, 8129
sensorimotor gating abnormalities & thought disturbances measured in close temporal proximity, 24–53 yr old males with schizophrenia, 14571
sensory gating & suppression of P50 evoked potentials during & prepulse inhibition of startle reflex, 19–33 yr olds, 16979
sensory gating mechanism of P13 & N40 auditory evoked potential & startle response, male rats, 23334
sensory gating of auditory evoked potentials during passive wakefulness vs non-REM vs REM sleep, male rats, animal model of schizophrenia, 13652
social rearing vs isolation-induced prepulse inhibition deficits & hyperactivity, sensorimotor gating, male Sprague–Dawley vs Lister hooded rats before vs during vs after puberty, 33020
somatosensory vs auditory vs visual EPs & generalizability of sensory gating during unilateral passive movement of leg, 22–36 yr olds, 3446
tactile spatial acuity-dependent discrimination of grating orientation & discrimination of gratings varying in ridge width, 13–48 yr olds with dyslexia vs 12–32 yr olds with attention deficit disorder, 34458

Sensory Gating—Chapters

Cross-species studies of sensorimotor gating of the startle reflex, 26878

Sensory Handicaps (Attit Toward) [See Sensory Disabilities (Attit Toward)]

Sensory Integration—Serials

5 factor model of patterns of sensory integration dysfunction, 4–8.9 yr olds, 8705
auditory integration training, balance & arousal & sensory modulation & speech & language & sequencing & eye control & attention, 5 yr old male & 3.5 yr old female with autism:, 15607
choice & spatial or symbolic stimulus–mapping response compatibility, response time, adults (mean age 27.75 yrs), 10094
contour & scale integration combination processes in spatial frequency tuning for visual edge detection, adults, 32798
contrast integration across space in respect to stimulus extent & spatial layout, Os, 23017
duration of forward masking & temporal integration, performance in speech perception tasks, adult cochlear implant users, 15057
efficacy of sensory integration treatment, 15107
enantiomorphic transformation, transsaccadic object integration, Os, 6764
fixation during observation & imitation of finger & hand & arm movements, adults, 140
functional properties of nucleus interfacialis neurons in selectivity for learning of songs arising in or in structures afferent to forebrain nucleus, male zebra finches, 23314
haptic exploration without visual cues, triangular path completion, college students , 13177
integration of monocular vs binocular spatial & temporal information used for visual-motor control in 1-handed ball catching task, 24–47 yr old right handed males, 6825
inter-observer & test-retest reliability of card-based test of 2nd-order contour integration & practice effects, adults vs 3–11 yr olds with vs without amblyopia, 32589
measures of auditory-visual integration in nonsensical speech recognition, 41–76 yr olds with moderate-to-deeply sloping hearing impairments, 2113
nitric oxide, ability of CNS to distinguish sensory signal from background noise, cats,, 26605
occupational & sensory integration therapy, 3 yr old female exhibiting difficulty in occupational performance related to home & preschool contexts, 15077
on- vs off-center distinction of ganglion cells during integration stage of motion processing, adults, 16992
organizational processes of selective attention based on second feature-integration theory, college students, 36283
origin of unidirectional motion aftereffect responsible for integration of motion signals, adults, 16993
peripheral cue effect on visual detection sensitivity, simple vs reaching motor RTs & eye movements, 19–32 yr olds, 13254
preference & default frame of reference for maps of movement in visual world, primates, 26574
relation of sensory integration & other neurological signs to eye tracking disorders, patients with schizophrenia, correction, 17919
reliability of Motor Observations with regards to Sensory Integration, assessment of 5–12 yr olds with developmental coordination disorder, 14833
role of limbic system in neurobiology of multimodal sensory integration & intentional action, 3842
sensory integrative-based occupational therapy, functional behaviors, 3 yr old with pervasive developmental disorder, 15679
separate vs integrated training of bimanual tapping, accuracy of concurrent vs individual hand rhythm tapping, nonmusician undergraduates, implications for integrated sensory-motor representation, 6822
stimuli located in contralesional somatotopic space, crossmodal & sensorimotor integration in tactile awareness, patients with tactile extinction , 36130
visual spatial integration & configuration saliency in short duration binocular rivalry, humans, 13188
visual system integration of multiple views of human motion perceived as continuous event, college students, 23038
white noise burst duration, temporal loudness integration, 18–31 yr olds with normal hearing vs 59–86 yr olds with sensorineural hearing impairment, 34704

Sensory Integration—Chapters

Haptics in manipulation, 16463

Sensory Neglect—Serials

3D object perception & somatosensory extinction for meaningful objects, 69-yr-old patient with left hemispatial neglect following right hemispheric stroke, 14981
ability to bisect lines & copy rectangles bisected in their midplane, 50–69 yr old male patients with left unilateral neglect, 21558
access to internal representations of spatial information frames of reference in selective attention, patients with unilateral spatial neglect after right-hemisphere lesion , 8695
behavioral & anatomical features of ipsilesional neglect, patients with spatial neglect, 31261
behavioral & brain mechanisms underlying everyday action skills, 25–76 yr olds recovering from right hemisphere stroke with vs without neglect, 8591
behavioral & neuroanatomic characteristics of motor perseverative behavior on line cancellation task, 24–87 yr olds with left hemispatial neglect from right hemispheric stroke , 21589
bidirectional task specific neglect on cancellation vs line bisection task, 72 yr old females with left vs right hemisphere stroke, 5288
brain processes responsible for organization of conscious experience in relation to blindsight & neglect, 31304
control of hand velocity in cross-hemispace arm movement pointing task, 43–81 yr olds with right hemisphere lesions & left sided neglect, 5364
development of handedness in line bisection, 5–6 vs 20–45 vs 60–94 yr olds, 20492
development of unilateral spatial neglect in late stage of disease, patients with dementia of Alzheimer's type, 8681
effectiveness of left vs right limb movements in left space as rehabilitation technique, 68–78 yr olds with left-sided neglect, 19031
estimation of own performance in line bisection task, patients with left unilateral spatial neglect due to cerebrovascular accident, 8593
exploration for non-existent tactile target in peripersonal space without vision, 48–79 yr old patients with unilateral neglect & right hemisphere lesions, 5363
floodlight size for distributed attention, 52 & 58 yr old male patients with neglect after right hemisphere stroke, commentary, 21553
floodlight size for distributed attention, 52 & 58 yr old male patients with neglect after right hemisphere stroke, 2005
gaze direction & frames of spatial coordinates in unilateral neglect, visual perception when looking to left vs right, 64 yr old male & 72 yr old female with right hemisphere stroke, 11862
geometric information with vs without visual cue, spatial orientation, right brain-damaged patients with vs without hemispatial neglect, 8662
hemispatial neglect without extinction, male 71 yr old stroke patient with right parietal lobe damage , 28134
left sided neglect, deficits in representation of spatial & mechanical properties of body & body image, 47–73 yr olds with left vs right hemisphere lesions, 5325
leftward bias in marking endpoint of bisected line in modified endpoints' task, 50–83 yr old right brain damaged patients with left unilateral neglect, 34664
light deprivation delay & duration, recovery from visual & tactile & auditory sensory neglect, male rats with unilateral medial agranular prefrontal cortex lesions, 3826
limb activation & unilateral neglect, neurological patients, 19045
localization vs counting, visual awareness, patients with visuospatial neglect following parietal damage, 34686
mechanisms underlying spatial attention, female left handed 79 yr old with hemispatial neglect, 28160
motor & perceptual factors, congruency of hand movements in pseudoneglect, right-handed 20–25 yr olds , 22996
neglect & pseudonegect & line length & azimuthal line position & line aspect ratio & line elevation, line bisection judgments, strongly right-handed male Ss , 23272
no simultaneous movements vs associated movement of left hand in left space vs movement of both hands in left space, reading digits & letters, 56–76 yr olds with left neglect, 19032
partial least squares, brain tomography & left hemispatial neglect, acute stroke patients with right hemisphere damage, 21573
perceived space & judgment of line length, 46–84 yr olds with right-hemisphere lesions & visual hemineglect after cerebrovascular accident, 28164
perception of spatial distance in horizontal plane, 48–69 yr olds with unilateral right hemispheric lesions & spatial neglect, 8634
perceptual & premotor influences on neglect in line bisection task, patients (mean age 64 yrs) with left hemispatial sensory neglect after stroke, 5284
perceptual distortion in hemispatial neglect, 54- & 76- yr-old stroke victims, 2 & 12 mo following stroke, 24765
performance of visual–& tactile–spatial judgments of axis orientation in frontal plane, 45–61 yr old patients with left-sided visual neglect, 37863
pointing & grasping performance with vs without on-line visual feedback, 53 yr old male with unilateral visual neglect after right hemisphere damage, 28148
position of egocentric reference & RT & accuracy of production of lateralized arm movements, 40–69 yr old right-brain damaged patients with vs without left neglect, 5320

presence of acute exploratory-motor & perceptual-sensory neglect without hemiparesis, 43–66 yr olds with right hemisphere ischemic stroke, 11859
processing of palindromes, 64 yr old male with acquired visual neglect dyslexia, 1872
right-side neglect & extinction, 73 yr old female with probably Alzheimer's disease, 2006
role of egocentric frame of reference in spatial bias & left sensory neglect, 47–80 yr olds with right brain damage, 28122
scanning direction & line bisection, 18–29 yr old left-to-right French vs right-to-left Israeli readers vs 46 & 70 yr old male patients with left unilateral neglect , 2018
spatial distribution of visual attention, 47–85 yr old brain-damaged patients with vs without left hemineglect vs extinction, 5407
spatial neglect, role of attention in perception of illusory contours, 64–74 yr old unilateral stroke patients, 5415
stimulus size & item number, magnitude & direction of error on center estimation & line cancellation tests, patients with left vs right hemisphere lesions, 5380
use of 2 versions of Milner Landmark task for assessment of perceptual vs response bias in line bisection task, 22–91 yr olds with left hemisphere neglect, 3335
viewer centered sensory neglect contralateral to brain damage in reading & nonlexical tasks, 61–69 yr olds with unilateral right hemisphere strokes, 5289
visuospatial neglect with stimulus presented at several distances, 52–84 yr olds with visuospatial hemineglect following cerebrovascular accident, 8580

Sensory Neglect—Books

Spatial neglect: A clinical handbook for diagnosis and treatment, 34715

Sensory Neglect—Chapters

Dealing with rationalization and unawareness in the treatment of visual inattention, 38389
Egocentric and object-based visual neglect, 31350
A new view of hemineglect based on the response properties of parietal neurones, 29886

Sensory Neurons [See Also Auditory Neurons, Chemoreceptors, Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors, Taste Buds, Thermoreceptors]—Serials

2-dimensional motion stimuli with high vs low spatial frequency, responses of nonlinear neurons in area 18 of visual cortex, adult cats, 23394
algorithm for neuronal learning of non-linear input–output function to extract invariance from vectorial input sequence, 32512
auditory stimulus intensity & distance, trimodal sensory neuron auditory localization & auditory threshold in ventral premotor cortex, macaque monkeys, 10415
caffeine vs salicin vs aristolochic acid bitter diets, feeding inhibition & bitter-sensitive taste cell response & specificity, tobacco hornworm, 29799
cellular mechanisms underlying induction & expression of homosynaptic depression at glutamatergic synapse between sensory & motor neurons, Aplysia, 451
computation performed by lobula giant motion detector & descending contralateral motion detector in response to objects approaching on collision course, locusts, 10412
cortical gamma oscillations & threshold modulation as support for associative memory processes in 2-compartment neural model, 29870
culture system with ascorbic acid for support of short-term survival of olfactory receptor neuron, adult rats, 23360
development of quantitative assay of avoidance behavior for neurons exposed to toxic concentrations of cadmium vs copper vs nickel ions, wild-type vs mutant worms, 23347
development of serotonergic modulation of synaptic transmission from tail sensory neurons, juvenile Aplysia, 10458
diagnostic nerve block vs placebo, hypesthesia & pain, 21–77 yr old chronic pain patients with vs without neuropathy, 5783
disparity-selective neurons in middle temporal visual area, monkeys, 10404
dynamic modeling of tecto-isthmo-retinal system & isthmo-optic nucleus as neural substrate for visual competition, Japanese quail, 29867
electrophysiological differences in isolectin B4 positive vs negative nociception neurons, mice, 26685
electrophysiological responses of mitral cells in olfactory bulb as predictor of generalization & discrimination of aliphatic aldehydes, male rats, 29910
eye-movement-like stimulus presentation during eye fixation, V1 neuronal responses, monkeys, 29846
feedback from lower-order area V1 & V2 & V3 vs higher-order area V5 neurons, figure ground discrimination, macaque monkeys, 3859
hyperacute detection of binaural input sound arrival-time disparity in neural model of nucleus laminaris, barn owls, 29811
immunohistochemical expression of gustatory nucleotide-gated channel in retinal cone photoreceptor cells, male rats, 23333
latexin expression in primary sensory neurons of dorsal root & trigeminal ganglia, male rats, role in nociceptive information transmission/modulation, 3925
learning retina encoder with tunable spatiotemporal functions & perception-based dialog in retinally implanted visual prosthesis, 29487
light-evoked postsynaptic potentials from fast- vs regular-spiking vs intrinsic bursting vs chattering neurons in visual cortex, turtles, 556
modeling of neuronal orientation-contrast sensitivity & theory of non-classical receptive field phenomena in visual cortex, 29787
modeling of synchronization & desynchronization mechanisms of perceptual grouping mediation in striate cortical networks, 32514
motion signal & noise stimuli segmented in different colors, activity of middle temporal area neurons of extrastriate visual cortex, monkeys, implications for motion processing, 20083
network model of retinotopic coding & neural grouping in tilt illusion, 32505
neural activity & time course following binocular rivalry via ERP from rivalrous vs non-rivalrous stimulation, adults, 23387
neural activity in visual cortex areas V1 & V2 & V4 during free vs controlled viewing, monkey, 3967
neural mapping of direction & frequency in cercal sensory system, crickets, 13576
neural network of oscillations of inhibitory & excitatory visual cortex cells, 32502
neuronal model of attention of convergence of parallel pathways in vision, implications for neural mechanisms involved in reading disabilities in dyslexia, 33261
neuropeptide-mediated facilitation & inhibition of sensory inputs & spinal cord reflexes, lampreys, 20156
nitric oxide, ability of CNS to distinguish sensory signal from background noise, cats,, 26605
norepinephrine, membrane properties & evoked potentials of superficial layer neurons of superior colliculus cells, hamsters, 23589
norepinephrine, visual neural responses in superficial layers of superior colliculus, adult hamsters, 23607
pacific ciguatoxin-1, tetrodotoxin-sensitive vs -resistant sodium channel activation & inactivation in acutely dissociated root ganglion neurons, rats, 7259
photopic spectral sensitivity of multiunit activity in torus longitudinalis & optic tectum, goldfish, 548
remote visual stimulation during saccades, responses to real stimuli on receptive field via lateral geniculate nucleus relay cell activity, adult female cats, 542
response properties of nociceptive vs nonnociceptive neurons in medullary dorsal horn, rats, animal model of persistent orofacial inflammation, 36381
role of angiotensin II & adrenocorticotropin & other hormones in attenuation of input from sodium specialist neurons & functional changes in taste receptor cells following sodium deficiency in mammals, 7072
role of chemosensory neurons in smell & taste perception, Drosophila melanogaster larvae, 26599
role of cholinergic systems of the dorsal & ventral striatum in controlling learned movements, rat, 3837
role of neuronal activity in early visual cortex areas in contrast discrimination, 13520
selectivity for absolute vs relative disparity in depth perception, binocular neurons in area VI of awake monkeys, 26585
spatial coordinate system used by spatial view cells in hippocampus via electrophysiological recordings, male monkeys, 23380
spatial visual attention in asynchronous neural networks, 32509
statistical neural field approach to modeling orientation selectivity in primary visual cortex, macaques, 29759
stimulation of multiple sensory modalities, responses of respiratory-related medullary neurons, decerebrate artificially ventilated cats, 29821
temporal structure of stream of information entering sensory system of organism & responses of sensory neurons & conveyance of information by individual action potentials, 26580
texture surround effects in area V1 cells of striate cortex, anesthetized monkeys, 16978
theory of geometric constraints on neural activity for natural 3-D arm movements, 16960
tuning-curve bimodality & distortion properties of anterior thalamic head direction cells in attractor network model of head direction system, rats, 29801
up-regulation of glial-derived neurotrophic factor signals in dorsal root ganglion & motoneurons, aged vs young adult rats, 23332
visual displays of textures with orientation vs motion contrast, striate neuron responses, adult cats, 23388
visual neuronal activity & psychophysical thresholds in quantitative model applied to pattern discrimination tasks, 29753
visual pattern discrimination, effect of stimulus changes on neuronal responses in posterior vs anterior inferotemporal cortex, male macaques, 13550
visual response latencies of magnocellular vs parvocellular neurons in lateral geniculate nucleus, anesthetized adult male monkeys, 16975
visual stimulation with geometric shapes & monkey & human facial expressions, activity of single neurons in temporal cortex, macaque monkeys , 33255
whisker-stimulation-induced cortico-thalamic interactions in barrel-system computational model, rats, 29833

Sensory Neurons [See Also Auditory Neurons, Chemoreceptors, Mechanoreceptors, Nociceptors, Photoreceptors, Proprioceptors, Taste Buds, Thermoreceptors]—Chapters

Robotic and neuronal simulation of the hippocampus and rat navigation, 29880

Sensory Pathways [See Afferent Pathways]

Sensory Preconditioning [See Preconditioning]

Sentence Comprehension—Serials

ability to inhibit initial misinterpretation of garden path passages, 3rd vs 6th graders vs college students, 7411
antecedent priming at trace positions in scrambled German sentences, reactivation of antecedent at gap position in double-object constructions, German-speaking undergraduates, 23620
automaticity of syntactic processing & ERPs for sentence-final syntactic errors during grammatical judgment task, 19–25 yr old German-speaking students, 10474
comprehension of subject & object extracted ''wh'' questions, 29–68 yr olds with agrammatic aphasia, 21609
dopamine depletion in fronto-striatal system, sentence comprehension, patients with Parkinson's disease, 28156
electrophysiological analysis of animacy effects, processing of object relative sentences, 18–27 yr olds, 29921
EPs in dual-coding & context-availability & concrete or abstract word effects in sentence comprehension, college students, 16642
ERP methodology for temporal tracking of sentence comprehension & role of working memory & background knowledge & tracking of multiple language processing areas in brain, 553
event related cortical potentials during auditory semantic & syntactic processing of sentences, 26–58 yr olds with cortical vs subcortical left hemisphere lesions, 31224
grammatical & caregiver prosody cues, sentence comprehension & language development, 2–2.2 yr olds, 17283
grammatical ambiguity vs vagueness, semantic commitments to collective vs distributive interpretations of readings, university students , 13275
inhibition in processing of garden-path sentences, college students &/vs 60–75 yr olds, 19822
integration cost component & memory cost in sentence processing mechanism & available computational resources in Syntactic Prediction Locality Theory , 3542
parsing of relative clause in modification of first vs second noun phrase in sentence comprehension, native Spanish vs English speakers, 36214
plausibility & argument vs adjunct of the verb structure of prepositional phrase in sentence, reading time & eye movements & sentence comprehension, adults, 245
presence vs absence of iconic gestures & sentences with low vs high semantic predictiveness & audio with vs without video format, sentence intelligibility, 37–76 yr olds with dysarthria, 8470
processing of gender agreement in online sentence comprehension as syntactic vs conceptual/semantic process, adults , 36667
processing of multiple acoustic-prosodic cues for comprehension of sentences with surface structure ambiguity, aphasic vs right hemisphere damaged adults, 28120
processing of sentence syntax or sequence information, patients with lesions in Broca's area &/vs prefrontal cortex, 8672
processing of subject–verb agreement in sentence comprehension, college students, 36672
prosodic parameters, categorization of meaning of ambiguous sentences, college students, 23631
role of prosody in comprehension of auditory sentences, experienced vs novice talkers & college student listeners, 4359
semantic cue availability & cue reliability, online processing to sentence interpretation, native Russian & German speakers, 17154
sentence comprehension strategies, 6.8–7.9 yr olds with expressive &/vs expressive–receptive specific language impairments, 27987
sentence comprehension, patients with minimal vs mild vs moderate dementia of Alzheimer type, 28139
sentence interference in Stroop task, error rates & RT in word processing, college students, 36210

sources of sentence constraint on lexical ambiguity resolution, undergraduates, 252
subject-to-subject & object-to-subject raising sentence constructions, sentence comprehension, 57–80 yr old nondemented patients with Parkinson's disease, 18384
syntactic trace deletion & use of default strategy in sentence-picture matching task, 22–63 yr olds with agrammatic Broca's aphasia, test of Trace Deletion Hypothesis , 8608
time course of processing of metonymic vs literal expressions, college students, 36217
trace deletion & double dependency hypothesis, 31–72 yr old Spanish speakers with agrammatic aphasia, 21530
verbal working memory system in sentence comprehension, normals vs patients with brain damage, commentaries & reply included, 16572
word order effects & syntactic & nonsyntactic strategies in sentence comprehension, 44–77 yr old Spanish-speaking Broca's aphasia patients, 34666

Sentence Comprehension—Chapters

Disambiguation and grammar as emergent soft constraints, 16260
Meaning but not words: Neuropsychological evidence for very short-term conceptual memory, 28222
Sentence processing in aphasia, 5424
Sentence understanding in Chinese, 13341
Understanding sentences and scenes: The role of conceptual short-term memory, 26428

Sentence Structure—Serials

ability to inhibit initial misinterpretation of garden path passages, 3rd vs 6th graders vs college students, 7411
antecedent priming at trace positions in scrambled German sentences, reactivation of antecedent at gap position in double-object constructions, German-speaking undergraduates, 23620
clinician modeling of & practice with specific structures, use of complex sentence structures in story retelling, 8–9 yr olds with vs without language impairments, 21440
cognitive processing computation of semantic operations with vs without expected syntactic processes & combination of lexical items in sentences, undergraduates, 23630
comprehension of subject & object extracted "wh" questions, 29–68 yr olds with agrammatic aphasia, 21609
computer based training & testing procedure, acquisition & transfer of sentence construction & particle usage & written & verbal response skills, 6 & 8 & 10 yr old autistic males, 37647
dialogue vs discourse interactions, vicarious learning of sentence parsing & syntax tree-diagram construction, college students, 36254
distributional properties of linguistic constructions in terms of interaction between discourse & sentence structure, 26913
effect of syntactic theory on hypothetical treatment outcome & effects of linguistic specific treatment on generalizability of sentence structure learning & production, 38–69 yr olds with aphasia, 25554
ERP evidence for processing of grammatical gender agreement & sentence parsing, 30107
event-related brain potentials, interplay of referential & structural factors during sentence processing in discourse, 21–26 yr old females, 26917
inhibition in processing of garden-path sentences, college students &/vs 60–75 yr olds, 19822
integration cost component & memory cost in sentence processing mechanism & available computational resources in Syntactic Prediction Locality Theory , 3542
investigation of possibility of giving pragmatic nonformalist account of sentence structure that can explain its contribution to sentence meanings, 20416
late closure in resolution of attachment ambiguities in Spanish, adult Ss, implications for principle-motivated vs frequency-based models of sentence parsing, 3545
noun phrase & tensed sentence verb usage frequency in American English, 17155
parsing of relative clause in modification of first vs second noun phrase in sentence comprehension, native Spanish vs English speakers, 36214
perception of complex ungrammatical sentences as grammatical, memory & recall, young adults, 26904
performance on Sentence Arrangement subtest of Wechsler Adult Intelligence Scale-Neuropsychology Instrument as evidence of cognitive deficits, 20–55 yr olds with schizophrenia, 37361
plausibility & argument vs adjunct of the verb structure of prepositional phrase in sentence, reading time & eye movements & sentence comprehension, adults, 245
position of 'only' in sentence structure, eye movements indicating garden path vs syntactically ambiguous processing of relative clause sentences, adult English speakers, 32926
processing of ambiguous embedded clauses in German, college students, 17148
prosodic facilitation & interference in early vs late syntactic closure ambiguity, adult Ss listening to sentences, 10700
prosodic parameters, categorization of meaning of ambiguous sentences, college students, 23631
prosodic structure, interpretation of temporary syntactic ambiguity, young vs elderly adult listeners, 30175
regular vs randomized sentences & nouns vs prepositions & assimilation in salience, recall, 18–22 yr olds, 23140
sentence comprehension strategies, 6.8–7.9 yr olds with expressive &/vs expressive–receptive specific language impairments, 27987
sentence context & grammatical gender, lexical access in Italian, 20–27 yr olds, 36663
sentence context, inference of meaning of partially known words, college students, 16603
sentence length, production of linguistic stress, 37–79 yr olds with left vs right brain damage, 18343
serial order & word onset effect, phonological encoding & misspoken words in tongue twisters, native speakers of British English, 3565
sources of sentence constraint on lexical ambiguity resolution, undergraduates, 252
subject-to-subject & object-to-subject raising sentence constructions, sentence comprehension, 57–80 yr old nondemented patients with Parkinson's disease, 18384
syntactic & conceptual & morphophonological information in sentence structure, 45 & 73 yr old males with aphasia , 37921
syntactic ambiguity in conjoined noun phrases & sentence comprehension in context of corpus frequency, college students & personnel, 10698
syntactic vs linear word proximity concord in separating construction of hierarchical structure & word order in sentence production, college students, 4374
trace deletion & double dependency hypothesis, 31–72 yr old Spanish speakers with agrammatic aphasia, 21530
transitive & dative syntactic structure priming in Dutch, college students, 4363
type of sentence used in repetition task of Hebrew translated Mini-Mental State Examination, performance, aged adults with dementia, 36001
use of linguistic structural & prosodic cues to interpret pragmatic function of given/new distinctions in sentences, Chinese-speaking 5 vs 7 vs 9 vs 11 vs 13 yr olds vs adults, 7384
verb tense & specific or neutral production context, comprehension of promises, 3–9 yr olds, 17265

Sentence Structure—Chapters

Anaphora in language processing: Transfer of cognitive strategies by native Chinese, Dutch, English, and Japanese speakers, 268
Improvement of schoolchildren's reading and writing ability through the formation of linguistic awareness, 12727

Sentences—Serials

agrammatic sentence production of subject-verb agreement, Broca's aphasics, 34638
confrontation naming & speech during spontaneous production & sentence generation, 81 yr old male with aphasia, 31275
cross-modal naming, RT to & accessing & processing of & integration into implicit agent information in lexical representation of sentences with passive vs intransitive verbs, college students, 29580
cueing effects of relational vs item-specific information after enacted vs non-enacted encoding of short sentences, 17–41 yr olds, 23143
effect of explicit memory mediation on indirect memory test involving white noise accompanying old vs new sentences, amnesic patients & normal adults, 19847
inferential processing vs lexical encoding of passive vs intransitive verb phrases within sentences, cognitive processing of implicit agency, adults, 29579
investigation of possibility of giving pragmatic nonformalist account of sentence structure that can explain its contribution to sentence meanings, 20416
learned associations based on lexical co-occurrence, sentence production, aphasic speakers, 8636
linearization process of word order of primed sentences, college students, 13284
memory bias for panic-related sentences & words, 19–51 yr olds with panic disorder, 37410
o∅-line vs on-line variations in word order vs agreement in main & relative clause, processing of simple vs complex sentences, American vs Italian undergraduates, 10082
pictures & sentence stimuli, learning of preposition words, 4.8–6.3 yr olds, 9452
processing of gender & number features in selection of pronoun antecedents in Italian, students, 30093
recent alcohol consumption & alcohol-related cues, sentence generation task performance, male vs female heavy vs moderate vs light alcohol drinking college students, 27049
relationship between premorbid adjustment & performance on word association & sentence completion tasks & 3-syndrome model of symptoms, schizophrenic 20–65 yr olds, 11438
semantic anomaly & lexical vs sentence priming in left vs right visual fields & hemispheres, college students, 26583
semantics of psychological ascription in terms of sentential modeling, 3543
sentence ambiguity, recall & recognition of story information, aggressive 3rd–5th grade males , 37450
sentence spatial format, word location memory, college students, 10006
sentence verification task as measure of semantic memory & delusional thought, 18–55 yr old schizophrenic patients, 1615
speech intelligibility & localization of speech signals in multi-source environment of competing sentences, adult listeners, 23056
subject-to-subject & object-to-subject raising sentence constructions, sentence comprehension, 57–80 yr old nondemented patients with Parkinson's disease, 18384
time reversal of local segments of spoken sentences, speech intelligibility, human Ss, 19784

Sentences—Chapters

A multiplicative power-function model of cognitive dissonance: Toward an integrated theory of cognition, emotion, and behavior after Leon Festinger, 14353
Sentence processing in aphasia, 5424
Word recognition during the reading of Chinese sentences: Evidence from studying the word superiority effect, 13323

Sentencing [See Adjudication]

Separation (Marital) [See Marital Separation]

Separation Anxiety—Serials

animals models & mechanisms & mediators in physiological responses to nurturing touch & maternal separation, humans & mammals, 3999
behavior patterns & vocalizations & time course of activity, dogs with separation problems, 16835
childhood experiences of separation anxiety & parental overprotectiveness, adult separation anxiety disorder, adults with high levels of separation anxiety vs patients with panic disorder, 30781
feared loss & proximity seeking & separation protest attachment anxieties & depressive symptomatology, women, 27561
history & development & current position of Milan Systemic Approach & techniques in family therapy, 9 yr old boy with separation anxiety & family, 38106
postnatal maternal separation during stress hyporesponsive period, adrenocortical response to novelty, adult rats, 3681
prenatal stress, ultrasonic vocalization & myoclonic twitching in response to separation, rat pups, 16843
repeated neonatal isolation, levels of plasma corticosterone, isolated or handled or nonhandled rat pups, 3732
scores on Maternal Separation Anxiety Scale, adolescent vs adult mothers, 23902
therapy termination & therapeutic processes, adolescent development & attachment & separation anxiety & emotional trauma, 9 yr old male with emotional disturbance & grieving loss of parent or other, 31418

Separation Anxiety—Chapters

Obsessive-compulsive disorder, tics and Tourette's syndrome, and separation anxiety disorder, 1434
Separation anxiety disorder, 12059

Separation Individuation—Serials

adolescent separation & intergenerational individuation in context of family dynamics & stress & peer associations, alcohol use, 6th–12th graders, 17317
parental representations & psychological differentiation & psychological dependence & positive adjustment & maladjustment, 18–22 yr olds, 13994
perceptions of female suicidality & separation individuation conflict, 8259
psychoanalytic aesthetics of change & internal separation struggle in analysis, 12111
psychodynamic perspective on separation–individuation using religion as surrogate for parents & relation to neurosis & rebellion, adolescents, 11270
unmitigated agency & unmitigated communion & distinctions from agency & communion, relationship & health outcomes, children & college students & adults & cardiac patients (aged 12–80 yrs), 20914

Separation Individuation—Books

Little women: A family romance, 13858

Separation Individuation—Chapters

The separation–individuation process in adolescents with chronic physical illness, 37786
Tomboys and cowgirls: The girl's disidentification from the mother, 23803

Separation Reactions [See Also Separation Anxiety]—Serials
age & diet, vocalization & belly-nosing in response to early separation from sow & weaning, 1–4 wk old piglets , 20043
age & sex & birth weight of lambs & parity of dams, mutual recognition & behavioral response to separation, crossbred ewes & their lambs, 33094
benzodiazepine receptor modulation of social-separation induced distress vocalizations & stress-induced analgesia, chicks, 17118
continuing attachment & adjustment to conjugal loss, 21–55 yr old bereaved spouses, 25 mo study, 14148
fluoxetine & desipramine & separation, biogenic amine activity, mother- vs peer-reared rhesus monkeys, 26751
home visiting intervention & quality of partner's support, infant's reaction to brief separation & expectation of being cared for & mother's responsiveness to needs of infant, at risk mothers, 2605
prediction of grief symptomatology & risk factors in bereavement outcome, survivors of sudden loss from suicide or accidental death, 1346
prenatal exposure to methadone, attachment behavior & separation reactions, 1 yr olds of 18–35 yr old African American mothers on methadone maintenance during & 12 mo after pregnancy, 14007
prenatal stress & brain biogenic amine levels & response to social separation, rhesus monkeys, 3798
prevalence & intensity & progression & predictors & behavioral correlates & sequelae of homesickness at summer camp, 8–16 yr old females, 20950
representational attachment & separation models in infancy & childhood, 6 yr olds & their mothers, 5 yr study, 10893
separation & environment novelty, distress vocalizations & blood serum cortisol, marmosets, 16845
short term separation from long term pairmate followed by reunion, social attachment & sexual response behaviors, lion tamarins vs marmosets , 10355
stories about their husband's death, 50+ yr old widows, 14104
suicidal vs accidental vs unanticipated natural vs anticipated natural death, grief, bereaved survivors (ages 18–64), 37437
Separation Reactions [See Also Separation Anxiety]—Chapters
The effects on attachment of overnight visitation in divorced and separated families: A longitudinal follow-up, 36868
The emotional dynamics of disruptions in attachment relationships: Implications for theory, research, and clinical intervention, 20470
Psychobiological origins of infant attachment and separation responses, 20047
A wider view of attachment and exploration: Stability and change during the years of immaturity, 20465
Septal Nuclei—Serials
192-IgG saporin & scopolamine vs oxotremorine vs muscimol in medial septum–vertical limb of diagonal band, cholinergic neuronal involvement in spatial working memory, male rats, 17084
electrolytic & chemical brain lesion of septal area, water & salt intake, rats, 3904
excitotoxic lesions of septal nuclei, spatial memory & flexibility of hippocampal single-unit representations, male rats, 26615
intra-medial septal muscimol, memory in inhibitory avoidance & water maze tasks, male rats with lesions of basolateral nucleus of amygdala, 10456
lateral septal vasopressin in modulation of spatial memory & social recognition & anxiety-related behavior, male rats, 10565
lesioned dopaminergic projection to nucleus accumbens & nucleus septi lateralis, angiotensin II & fragment 3–7 expression & passive avoidance memory, male rats, 13835
maturation of couplings between septal & hippocampal & ventral tegmental regions & extinction of, learned behavior, rats, 36441
morphine self-administration into medial or lateral septal area, spatial discrimination, male BALB/c mice, 7173
partial sabcomeline vs full RS86 muscarinic receptor agonist, deficits in radial maze performance induced by brain lesions of basal forebrain & medial septic area, male rats, 10592
sense of time in temporo-septal engram shift computer model of hippocampal memory, 33226
septal arginine vasopressin, anxiety-related behavior, male rats, 4092
septal lesions, song & courtship & aggression, male colonial zebra finches & territorial field sparrows, erratum, 20102
septal lesions, song & courtship & aggression, male colonial zebra finches & territorial field sparrows, 7047
spatial tasks, medial vs lateral septal complex neuron firings, albino Wistar rats, 36498
Septum [See Septal Nuclei]
Sequential Learning—Serials
assessment of short-term sequential knowledge learning in choice response time vs free generation tasks, 19840
deficits in processing pre-determined goal-directed actions in sequences of script events, 38–74 yr old patients with Parkinson's disease, 2105
explicit & implicit knowledge in sequential RT task, college students, 36237
impairment & lateralization of procedural learning & relation between visuomotor & verbal sequence learning & working memory & executive function, 19–69 yr olds with prefrontal cortex lesions , 24780
lesions in inferior olive vs cerebellar cortex, concurrent vs sequential taste aversion learning, male rats, 26620
model of parallel neural networks, learning sequential procedures, monkeys & humans , 36420
perceptual aspects of implicit motor sequence learning, college students, 19871
response-selection bottleneck hypothesis & practice, choice of task-scheduling strategies in perceptual–motor learning of general regularities & specific sequences, college students , 19854
roles of frontal cortex vs basal ganglia vs cerebellum in visuomotor sequence learning, monkeys, 475
selective vs divided attention, implicit sequence learning, college students, 6911
successive-reversal training, functional class establishment in sequential responding task, female chimpanzee, 26490
task retention & consolidation in water-maze & passive-avoidance sequential learning & time-dependent modulation of neural cell adhesion molecule polysialylation on dentate neurons, male rats, 26624
Sequential Learning—Chapters
The emergence of language from serial order and procedural memory, 13975
Serial Anticipation (Learning)—Serials
detection of relevant changes in traffic circumstances & anticipatory responses to decelerations of lead cars during driving simulation, drivers, 12985
sequential patterns of RTs & ERPs in serial 2-choice RT task with long vs short response-to-stimulus-intervals, 20–36 yr olds, 13312
Serial Learning [See Also Serial Anticipation (Learning)]—Serials
absolute vs relative positional errors, short term memory for serial order, university students, 36259
connectionist model of role of phonological loop in short term memory for serial order & learning, 26434
differential reinforcement of texture & brightness cues on runway, pattern discrimination & serial learning & ordinal position effects, male rats, 33056
increased list length, memory of serial order, 6 mo olds, 17255
regional cerebral blood flow in frontal cortex during serial RT learning, healthy 20–28 yr olds, 26630
reinforcement sequence interval, response adjustment, rats, 3647
secondary task performance as distractor, expression of knowledge of primary task, 19–49 yr olds, test of suppression hypothesis in implicit learning, 6904
secondary tasks, serial short-term memory, college students, test of working-memory model vs changing-state hypothesis, 29645
temporal phrasing cues & overshadowing in serial-pattern learning, male rats, 13424
Serial Learning [See Also Serial Anticipation (Learning)]—Chapters
Origins of American psychology in the work of G. E. Müller: Classical psychophysics and serial learning, 3605
Serial Position Effect [See Also Primacy Effect, Recency Effect]—Serials
absolute vs relative positional errors, short term memory for serial order, university students, 36259
contextual variability & serial position, delayed & continuous free recall, undergraduates, 23134
effect of retention interval on serial position curves for item recognition of visual patterns & faces, college students, 36262
memory representation of alphabetic position & interletter distance estimations & comparative judgments of alphabetic order, college students, 16643
position-of-irregularity effect & regular-word or nonword target in word naming latency in reading aloud, college students, 10135
retention interval changes in visual list memory, male capuchin monkeys, 10292
serial position effect, short term memory for faces vs nonverbal shapes, 18–30 vs 56–89 yr olds, 4515
spaced vs massed lists of words & control conditions, free recall, college students, replication, 23154
word order effects & syntactic & nonsyntactic strategies in sentence comprehension, 44–77 yr old Spanish-speaking Broca's aphasia patients, 34666
Serial Recall—Serials
age & skill level, memory capabilities & serial position accuracy of gymnastic floor routine, 6–8 vs 14–16 yr old female gymnasts , 19868
amplitude errors in sequences of saccadic eye movements for previously-memorized target positions, 24–37 yr olds, 139
assessment of short-term sequential knowledge learning in choice response time vs free generation tasks, 19840
change in token identity & intensity of irrelevant sound effect, serial recall, Os, 26373
connectionist model of role of phonological loop in short term memory for serial order & learning, 26434
distinctiveness of auditory irrelevant sequences, serial recall of visually presented verbal sequences, college students, 10196
eyeblink conditioning & declarative & procedural learning ability, 41–69 yr olds with Parkinson's disease, 31324
irrelevant sound presented just before vs early vs late in vs after list presentation, serial recall, university students, 16647
irrelevant syllabic auditory stimulus parameters, degree of interference in serial recall of visually-presented syllables, college students, 32963
list length & retention interval & disruption of rote rehearsal & order cues by irrelevant sound, recall of item & order information in free vs serial recall task, adult Ss, 3583
motor cortical encoding of serial order in context recall task, monkeys, 16904
phonotactic probabilities, serial recall of familiar vs unfamiliar words, 7–11 yr olds, errata, 17252
phonotactic probabilities, serial recall of familiar vs unfamiliar words, 7–11 yr olds, 7397
presentation rate, serial memory, 4–6 yr olds with specific language impairment, 8469
primacy model of serial recall of word length & phonological similarity, 286
reduced interference, short term memory of order, college students, 13356
semantic similarity, irrelevant speech disruption of immediate serial recall, adults , 10205
semantic similarity, short-term ordered recall, volunteers, 19862
temporal grouping vs intonation & articulatory suppression, immediate serial recall of digit lists, undergraduates, 3596
verbal & nonverbal auditory stimulus duration & other parameters & interstimulus interval, verbal & nonverbal memory & serial recall, 6–7 vs 9–10 yr olds with vs without hearing loss, 24882
visual similarity, sensitivity of visual short term memory, college students, 13345
Serotonin—Serials
(-)-pindolol with vs without 5-HT reuptake inhibitors, dopamine & noradrenaline & 5-HT levels & activation of beta-adrenergic & 5-HT receptors, freely moving rats, 26779
3,4-MDMA, behavior, male knockout mice lacking the 5-HT Type 1B receptor, 10655
5, 7-dihydroxytryptamine-induced serotonin depletion, intrinsic sensitization of leech whole-body shortening response, leeches, 36403
5-HT deficits & agitation, Alzheimer's disease patients with vs without agitation, 2061
5-HT involvement in paracrine neurotransmission in CNS, 33191
5-HT neurotransmitter system as substrate for functional deficits & clinical symptomatology in aging & late-life depression & Alzheimer's disease, commentary, 27477
5-HT neurotransmitter system as substrate for functional deficits & clinical symptomatology in aging & late-life depression & Alzheimer's disease, commentary reply, 27480
5-HT-1B genotype & receptor binding kinetics, postmortem brains of suicides vs nonsuicides with vs without history of major depression vs alcohol/substance abuse vs pathological aggression, 27525
5-HT-induced rhythmic locomotor activity in ventral roots, rat fetuses, 3860
5-HT/2 receptor density in prefrontal cortex, 21–43 yr olds with schizophrenia, 8147
5-HT1A receptor antagonist WAY 100635, impairment in spatial discrimination learning from blockade of hippocampal NMDA receptors, male rats, 33374
5-HT1A receptor sensitivity, patients with mania (mean age 45 yrs), 30692
5-hydroxytryptamine receptor blockers cyproheptadine vs chlorpromazine in the treatment of serotonin syndrome, 18682
6-hydroxydopamine, 5-HT turnover & alterations in alcohol consumption in brain, neonatal rats, implications for alcohol dependence, 20392
8-OH-DPAT dose, long-term sequential ontogenic development of serotonin behavioral syndrome, rats, 7179

8-OH-DPAT stimulation of 5-HT1A or D2 receptors in medial preoptic area, sexual activity, male rats , 10615
abnormalities in cerebral serotonin vs dopamine transporter binding, male users of ecstasy vs other drugs, 26847
actions of scopolamine vs dopamine vs 5-HT vs adrenoceptor vs histamine for discrimination of clozapine, female mice, 7198
activity of natural autoantibodies reacting with dopamine & serotonin, autoimmune system, bulimic females (mean age 22 yrs), 34497
activity of serotonergic neurons, behaving animals, 26604
acute & chronic stress, serotonin 1A messenger RNA expression in hippocampus, rats, 17004
acute administration of hydrocortisone, 5-HT receptor function, 18–40 yr old males, 732
acute vs chronic phenelzine administration, defensive behaviors when faced with natural threat & 5-HT & norepinephrine & dopamine levels & MAO A & B activity, mice, 4161
aggressive behavior under tryptophan depletion vs loading vs food-restricted conditions, adult males (mean age 32.6 yrs), implications for role of serotonin in aggression, 13698
aging, binding of 8-OH-DPAT to 5-HT receptors in brain regions regulating circadian timing system, male hamsters, 23304
agonist displacement of [3-H]ketanserin binding to platelet 5-HT receptors, healthy adults, implications for psychiatric disorders & their psychotropic treatment, 675
agonist properties of N,N-dimethyltryptamine at 5-hydroxytryptamine type 2A and 2C receptors, rats, 749
alterations in serotonin activity & psychiatric symptoms, females after long-term recovery from bulimia nervosa, 1895
antidepressants, Fos immunoreactivity in suprachiasmatic nucleus & 5-HT-7 receptor downregulation in hypothalamus, male rats, 30035
association between 102-T/C & His452Tyr polymorphisms of 5-HT serotonin receptors & clozapine response, clozapine-treated patients, 5602
association between serotonin transporter gene polymorphism & anxiety-related traits, healthy adults, 11468
binding of pindolol to 5-HT type 1A receptors in frontal & temporal cortex & raphe nuclei, 21–23 yr old males, 26731
brain serotonin & mechanism of action of selective serotonin reuptake inhibitors & pharmacological treatment guidelines, elderly patients with depression, 8876
carbohydrate vs protein vs fat macronutrient ingestion, microdialysis-assessed serotonin in paraventricular–ventromedial hypothalamic nuclei, male rats, 13644
central 5-HT depletion, acquisition & performance of symmetrically reinforced go/no-go conditional visual discrimination, male rats, 13547
central 5-HT depletion, changeover behavior in concurrent schedule of reinforcement, female rats with dorsal & median raphe nuclei or sham lesions, 26568
central 5-hydroxytryptamine depletion, tolerance of delay of reinforcement, female rats, 10529
central serotonin activity & peripheral sensitivity to insulin, males with normal glycemia & glyco-hemoglobin levels (mean age 32.33 yrs), 36422
characterization of potential inverse agonist actions at 5-HT1B receptors in vitro & in corticolimbic structures in vivo, humans & hamster ovary cells, 26821
chronic corticosterone &/vs acute melatonin, sexual behavior & 5-HT2A-mediated wet-dog shakes, male rat, 33406
chronic isolation, CA2+ dependent release of 5-HT & dopamine in CNS, rats, test of animal model of depression, 683
clozapine or haloperidol, 5-HT receptor mRNA levels in brain, male rats, 30000
CNS serotonin activity & alcohol-related behavior & personality variables, excessive alcohol consumption, nonhuman primates, 26786
cocaine withdrawal, serotonergic responsiveness, male rats, animal model of major depression, 625
cortical risperidone & auto- & heteroreceptors idazoxan & isamoltane & GR 127,935, frontal cortex 5-HT efflux, male rats, implications for schizophrenia, 33419
current state of development of radiotracer probes for positron emission tomography & SPECT imaging of serotonergic function in depression, 1547
D-fenfluramine, plasma prolactin response, 18–29 yr olds with bulimia nervosa, 5654
d-fenfluramine, serotonin-mediated prolactin release, males with combat-induced PTSD (mean age 48 yrs), 17932
density of 5-HT receptors & transport sites in neurochemistry of learned helplessness, male rats, 10681
desipramine, brain serotonin 2 receptor binding, 30–50 yr olds with major depression, 31714
development of serotonergic modulation of synaptic transmission from tail sensory neurons, juvenile Aplysia, 10458
development of spinal cord 5-HT system & swimming movements, newborn rats with prenatal lowered CNS serotonin, 3889
differential effects of selective serotonin reuptake inhibitors on serotonin receptor subpopulations & sexual behaviors, humans & animals, 4236
dopamine & serotonin occupancy of amoxapine, 24–32 yr olds, 21910
drinking-related antisocial behavior & polymorphism in serotonin transporter gene, 33–75 yr old Japanese alcoholics, 30887
effect of changes in brain 5-HT concentrations on gene expression of brain-derived neurotrophic factor mRNA, rats, 30071
effect of selective 5-HT-releasing agents on extracellular 5-HT concentration in dorsal hippocampus, rats, implications for development of novel antidepressants with short onset of action, 30055
effects of 5–hydroxytryptamine, responses of macroglomerular complex projection neurons to female sex pheromones, male sphinx moths, 36428
effects of stress on serotonin innervation & nerve cell firing & synthesis/metabolism & 5-HT1A receptors, 26541
electrical stimulation & metergoline & 8-OH-DPAT or 5-HT1A antagonist WAY 100635, dorsal & median raphe nuclei regulation of serotonin release in circadian clock in suprachiasmatic nucleus, hamsters, 20093
electrical stimulation of medial prefrontal cortex, forebrain serotonin output, male rats, implications for depression treatment with ECT or transcranial magnetic stimulation, 29904
escapable vs inescapable electric tailshocks, extracellular 5-HT in ventral hippocampus & periaqueductal gray, male rats, 4015
escapable vs inescapable tailshock stress, gene product Fos-characterized activation of serotonin-immunoreactive cells in dorsal raphe nucleus, male rats, 23458
estrogen–serotonin interaction & vulnerability to affective disorders & use of estrogen in treatment of depression, 1526
fenfluramine induced 5-HT depletion, neuroendocrine & behavioral responses, male rats, 624
fluorodeoxyglucose positron emission tomography, assessment of serotonergic activity in critical brain functions associated with impulsive aggression, patients with personality disorders, 13075
fluoxetine dose, desensitization of hypothalamic postsynaptic serotonin receptors, male rats, 7245
fluoxetine vs ECT vs moclobemide, 5-HT release in hypothalamus or cingulate cortex or orbitofrontal cortex, male guinea pigs, animal model of obsessive-compulsive disorder, 13489
fluoxetine, development of central serotonergic & noradrenergic systems, male rats, implications for understanding long-term effects in children treated with serotonin reuptake inhibitors, 20386
fluoxetine, development of central serotonergic & noradrenergic systems, male rats, implications for understanding long-term effects in children treated with serotonin reuptake inhibitors, comment, 20284
fluoxetine, expression & development of sensitization to morphine-induced oral stereotypy, male rats, 6 wk study, 36633
fluoxetine, hippocampal serotonin N-acetyltransferase messenger RNA content, male rats, antidepressant implications, 13826
fluoxetine, increased serotonergic function & alteration of amphetamine metabolism & locomotor activity & release of dopamine in nucleus accumbens, male rats, 10661
forebrain vs dorsal raphe nucleus 5-HT depletion, cognitive & sensory & motivational or motor components of conditional visual discrimination, male rats, 13598
function of serotonin transporter gene & role in psychopathology, 437
functional polymorphism within promoter of serotonin transporter gene, effects of total sleep deprivation, bipolar depression patients (mean age 47.55 yrs), 34094
functions in brain & behavioral responses, central 5-HT receptors, 33188
genetic association approach to role of 5-HT & GABA receptors & serotonin transporters in level of response to vulnerability for alcohol & alcoholism, adult males, 15 yr prospective study, 14758
genetic role of serotonergic system in antisocial subtype of alcoholism, 18051
genetic transmission of serotonin transporter linked promoter region alleles, 7–16 yr olds with bipolar disorder, 21080
history of discovery of serotonin & its role in neuroscience, 26548
hypothalamic serotonergic receptor mechanisms in control of eating behavior & body weight & eating & body weight disorders, 1897
hypothalamic serotonin, nucleus accumbens dopamine during mating behavior, male rats, implications for sexual satisfaction, 33442
imipramine vs fluoxetine, 5-HT2A receptor-mediated intracellular calcium mobilization, postmortem human frontal cortex samples, 2337
immunocytochemical distribution of 5-HT6 receptors & effects of icv infusion of antisense oligonucleotide, male rats , 26543
in vivo neurotransmitter system imaging studies in understanding major depression & the role of serotonergic system in depression, 8110
influence of serotonin & metergoline on CO_2-induced anxiety in healthy Ss, 36528
interleukin-1-alpha in ventromedial hypothalamic nucleus, food intake & dopamine & serotonin release, male rats, 10682
intra-lateral hypothalamic nicotine, 5-HT vs dopamine vs DOPAC vs 5-HIAA in lateral hypothalamus & food intake, male food-deprived rats, 36635
intrahippocampal serotonin & norepinephrine neurotransmission & anxiety in elevated plus maze, male transgenic TGR(mREN2)27 vs SPRD rats, 26650
intrathecal aminophylline, intrathecal norepinephrine vs serotonin suppression of noxiously evoked discharges in thalamic parafascicular neurons, rats, 3946
involvement of 5-HT-2C receptors in discriminative stimulus effects of citalopram, male rats, 17068
ip ginko biloba extract EGb 761, stimulus control & mediation by 5-HT1A receptor activity, male rats, 10679
issues in role of serotonin in action of hallucinogens, 26730
kava extract & kavapyrones, dopamine & 5-HT levels & concentrations in nucleus accumbens, male rats, 623
lateralized effects of ethanol, aggression & serotonergic systems, adult male anoles, 653
length of milnacipran administration, firing of dorsal raphe 5-HT & locus ceruleus norepinephrine neurons & role of alpha 2 adrenergic autoreceptors & heteroreceptors, rats, 4223
lesions of cingular bundle & fimbria–fornix & co-grafts with cholinergic & serotonergic neurons, spatial reference & working memory, female rats, 33185
ligand responses at recombinant 5-HT1A receptor as mediated by G protein, rats, 29784
lithium vs carbamazepine vs sodium valproate, 5-HT receptor subtypes, male mice, 10645
LY293284 vs LY315712 vs LY297996 5-HT receptor ligands, plus-maze anxiety, mice, 638
m-chlorophenylpiperazine & anxiety, prolactin & cortisol values over time, patients with migraine without aura, 5368
MDMA dose & frequency, acute hyperthermic response & long term neurodegeneration of 5-HT neurones as seen in serotonergic markers of 3H paroxetine & 5-HIAA binding, rats, 4238
MDMA, 5-HT deficits & factors that influence recovery of injured 5-HT axons, squirrel monkeys, 7 yr study, 23513
mechanism of alcohol action on 5-HT3 receptor & role in alcohol abuse & alcoholism, 30896
messenger RNA editing of brain 5-HT2C receptor & modulation of 5-HT-mediated signal transduction, 60 yr old male, 26591
meta-chlorophenylpiperazine & ipsapirone & exercise, central serotonergic receptor sensitivity, marathon runners, 7169
method for detecting long & short promoter alleles of serotonin transporter gene HTT, implications for investigations of HTT & personality traits or psychiatric illness, 436
modulation of serotonergic function by estrogen & effect on mood & premenstrual syndrome & perimenopausal depression, 1410
molecular & cellular & in vivo studies of lithium action at 5-HT1B receptors, implications for therapeutic activity in treatment of mood disorders, 33446
molecular biology of serotonin receptors & implications for treatment of mood & psychotic disorders, 8918
morphine, metabolism of dopamine & serotonin, alcohol-preferring vs alcohol-avoiding rats, 23517
N-methyl-D-aspartate receptor blocker dizocilpine in potentiation of serotonergic function in behaviors & locomotor activity, rats, 13710
neonatal clomipramine treatment, day–night differences in locomotor activity & anxiety-related behavior & brain serotonin metabolism, hamsters, 23606
neurobiological role of brain serotonergic function as factor in setting threshold for acting on suicidal impulses, 11543
neurobiology of & adrenergic & GABA & dopaminergic & serotonergic role in social anxiety disorder, 1647
neurochemical basis of & neuropharmacology of serotonin & noradrenaline in depression, 38239

neuroscientific advances in discovery & development of antidepressants & other drugs selectively modifying serotonergic neurotransmission, patients with CNS disorders, 15325
neuroticism & polymorphism in 2 regions of human serotonin transporter gene, 55–74 yr olds, 23284
nitric oxide synthase inhibitors, 5-hydroxytryptamine receptor & NMDA receptor mediated head-twitch response, male mice, 23526
noradrenergic & serotoninergic drugs, recovery of locomotion, cats with ventral & ventrolateral spinal lesions , 20267
novel antipsychotic aripiprazole & its metabolites, dopamine & serotonin receptor subtypes, rat cells , 20320
NRA0045 vs haloperidol or risperidone or clozapine, in vivo receptor occupancy of 5-HT2A & alpha1 & dopamine D2 & D3 receptors in frontal cortex & striatum & nucleus accumbens, male rats, 33377
number & affinity of platelet serotonergic binding sites in acute alcohol intoxication vs at day-1 withdrawal vs 2-wk abstinence, alcohol-dependent adult male patients admitted for detoxification, 37546
number & morphometry of dorsal raphe nucleus serotonin neurons, postmortem brains of 17–74 yr old suicide victims, 30853
object exploration & spatial learning & fear conditioning & locomotor activity, wild-type vs homozygous 5-HT1B knock-out mice, 26484
olanzapine vs other atypical vs typical neuroleptics, blockade of dopamine D1 & D2 & D3 & 5-HT2A & muscarinic receptors in brain, male rats , 10685
oral ethanol self-administration, 5-HT1b knockout vs wild-type mice , 23288
paroxetine & LSD platelet binding & symptom severity before & after light therapy, 26–69 yr olds with seasonal affective disorder, implications for role of serotonin receptor functioning, 14505
PCP or citalopram, extracellular 5-HT vs 5-HIAA vs GABA levels, rats, 708
pharmacological characterization of serotonin antagonist S-Des-4-amino-3-iodozacopride, rat & mouse brain receptors, 7206
phencyclidine & ritanserin, 5-HT2A receptors in place aversion, rats with 5,7DHT-induced lesions, 33428
pindolol, spontaneous firing activity of serotonin & noradrenaline neurons, rats, 20295
plasma anti-serotonin vs serotonin anti-idiotypic antibodies, patients with panic disorder (mean age 32.29 yrs), 14604
plasticity & anatomy of serotonergic neurons in integrating external sensory & motor systems & homeostasis of neural tissue, 26540
platelet 5-HT-induced calcium response to clinical symptoms, patients with eating disorders, 18184
platelet intracellular calcium response to serotonin & thrombin, 18–65 yr old patients with panic disorder, 14618
platelet serotonin & plasma cortisol & dexamethasone suppression test, 18–55 yr old male patients with schizophrenia, 21150
platelet serotonin transporter, adults in early romantic phase of love relationship vs obsessive-compulsive disorder patients, 23466
polymorphism in respective candidate genes & changes in serotonin transporter & 5-HT2A receptor density in postmortem brain, 23–72 yr old depressed suicide victims, 27770
positron emission tomography, 5-HT modulation of dopamine release in basal ganglia, psilocybin-induced psychosis, 25–29 yr olds, 14590
potential role of serotonin in regulation of hippocampal neurogenesis & functional significance of adult-generated hippocampal neurons, 26542
prenatal stress, serotonergic system & induction of synaptic loss in hippocampus & developmental disabilites, rat offspring, implications for learning ability, 3850
presence of 5-HT polymorphia as marker of alcohol dependence, adults, 14737
pretreatment platelet 5-HT concentration & therapeutic response to paroxetine, 16–70 yr olds with major depression, 31639
proboscis extension response assessment of effects of dopamine & serotonin & putative receptor ligands in alpha lobe of mushroom body, honeybees, 630
receptor binding in platelet membrane & role of 5-HT 2A receptor plasticity, patients with analgesic-induced transformed migraine, 5244
reduced 5-HT function & characteristics of disorder & pretreatment 5-HT function & subsequent response to d-fenfluramine, patients (mean age 39.3 yrs) with major depression, 2295
reduced brain serotonin transporter availability in major depression, outpatients, 8109
relation between functional polymorphism in serotonin transporter gene & mood disorders, 1537
relation between serotonin & drug induced therapeutic responses in major depression & obsessive-compulsive & panic disorders, 28398
relationship of 5-HT2C & D1 receptors, neonatal 6-OHDA rat model of Lesch-Nyhan syndrome, 33359
relationships between serotonin & sleep, 26545
responsiveness of central serotonergic system following cocaine discontinuation & prolactin responses to sequential DL-fenfluramine challenges, cocaine addicts, 25515
risperidone, D-fenfluramine induced central 5-HT responses, patients with schizophrenia, 2342
role of 5-HT & 5-HT receptors in induction of long term potentiation in primary visual cortex, rats, 3966
role of 5-HT1A receptors in consolidation of learning in autoshaping task, normal vs cognitively impaired male rats , 16930
role of 5-HT3 receptors in ethanol preference & sensitivity & intake, 5-HT3 overexpressing transgenic mice, 26765
role of dopaminergic & noradrenergic & serotonergic neurotransmitter systems in nicotine discriminative stimulus, male rats, 705
role of human serotonin transporter gene in bipolar I disorder susceptibility, probands with bipolar I disorder (mean age 33.8 yrs) & their parents, 37317
role of serotonergic system in pathogenesis of major depression & suicidal behavior, 27538
role of serotonergic system in pathophysiology of ADHD, 7–16 yr olds, 21390
role of serotonin & corticotropin-releasing factor in pathophysiology of depression, 1535
role of serotonin & dopamine in schizophrenia & new antipsychotic agents, 5661
role of serotonin 1A & 1B receptors in modulation of aggressive behavior & depression & anxiety & their opposite effects on mood control & underlying neural circuits, mice, 26867
role of serotonin in calming effect of psychostimulants on hyperactivity, dopamine transporter knockout mice, implications for ADHD in humans, 10578
role of serotonin in pathophysiology of obsessive compulsive disorder & anti-obsessional drug action , 4980
role of serotonin in pathophysiology of obsessive compulsive disorder, implications for selective serotonin reuptake inhibitors in treatment, 4976
role of serotonin transporter gene SLC6A4*C in anxiety-related personality traits by sibpair analysis and association studies, alcoholic criminal offenders, 1711
self-administration of d-amphetamine across reinforcement schedules & access conditions, brain serotonin depleted male rats, 36556
serotonergic & mesocerebral cell stimulation, synaptic input of premotor neurons in response to aversive withdrawal conditioning, terrestrial snails, 20118
serotonergic basis of antipsychotic drug effects in schizophrenia, 8922
serotonergic dysfunction & anxiety & depression during withdrawal, 27–51 yr olds with alcoholism, implications for relapse risk, 1776
serotonergic function & glucose metabolism & depressive symptoms & anger & self depreciation, recurrent suicide attempters, 1 yr followup, 1737
serotonergic lesions vs d-amphetamine, latent inhibition in passive avoidance vs conditioned taste aversion, male rats, 13535
serotonergic vs dopaminergic mediation of effects of morphine on formalin induced nociception, streptozotocin induced vs noninsulin dependent genetically diabetic db/db mice, 4277
serotonin (5-HT) depletion & para-chlorophenylalanine, motivation & extinction of cocaine- and food-seeking behavior, male rats, 36629
serotonin 5-HT Type 2 receptor & motor function in cranial nerve reflex, rabbits, 10588
serotonin 5-HT2 & D2 receptor occupancy of clozapine & risperidone & olanzapine, 19–54 yr olds with schizophrenia, 12192
serotonin in psychiatric disorders & neurotransmitters & synthesis & metabolism & syndrome & serotonergic receptors & metabolism & nursing issues in management & identification of adverse effects, 31908
serotonin neurons in dorsal raphe nucleus, firing frequencies & burst activity, alcohol preferring vs alcohol nonpreferring vs Wistar rats, 33232
serotonin receptor 2A genetic variation, serotonin receptor 2A binding in prefrontal brain regions, postmortem brains of suicide victims , 34307
serotonin receptor antisense oligonucleotide, grooming behavior mediated by dopamine receptor SKF 38393, male rats, 26842
serotonin receptors & mechanisms of psychotomimetic action of indoleamine & phenethylamine hallucinogens, 4207
serotonin receptors & subsystem heterogeneity & interactions with other neurotransmitter systems, implications for understanding actions of serotonergic drugs, 2369
serotonin synthesis inhibition with p-chlorophenylalanine, anxiety behavior & brain concentrations of noradrenaline & dopamine & 5-HT & their metabolites & GABA, male rats, 20316
serotonin transporter promoter genotype & seasonal variation in blood serotonin concentration, 10–89 yr olds from families with diagnosis of obsessive-compulsive disorder, commentary, 14615
serotonin transporter promoter genotype & seasonal variation in blood serotonin concentration, 10–89 yr olds from families with diagnosis of obsessive-compulsive disorder, commentary reply, 14609
serotonin vs LSD vs paroxetine platelet binding, male vs female 24–75 yr old inpatients vs outpatients with untreated major depression, 17879
serotonin, conditioned olfactory learning induced by norepinephrine, neonate rats, 7243
serotonin-2A receptor promoter polymorphism incidence as marker of genetic predisposition, schizophrenia patients (mean age 43.7 yrs), 17917
setoperone positron emission tomography, assessment of prefrontal cortex serotonin receptor binding, 18–45 yr olds with depression & suicidal ideation, 27614
signaling properties of 5-HT2C receptor when activated by LSD vs endogenous serotonin, 26734
single dose of nefazodone vs paroxetine, 5-HT$_{2A}$ receptor binding, healthy 21–36 yr olds, 26820
spiperone & mianserin to inhibit action of the 5-HT2A/2C receptor agonist 1-2,5-dimethoxy-4-iodophenyl)-2-aminopropane, hypothalamic neuropeptide Y stimulated eating, rats, 36544
St John's wort (Hypericum LI 160), transport of serotonin & norepinephrine into mouse astrocytes, 10631
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta-carboline norharman, 23–60 yr olds with mental retardation & stereotyped behavior &/or self-injurious behavior, 11724
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta-carboline norharman, 23–60 yr olds with mental retardation & stereotyped &/or self-injurious behavior, commentary, 34474
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta–carboline norharman, 23–60 yr olds with mental retardation & stereotyped &/or self-injurious behavior, commentary reply, 34478
suggested minimal effective dose of risperidone based on positron emission tomography measured dopamine & serotonin receptor occupancy, 18–52 yr old patients with schizophrenia, 25202
synaptic action of serotonin (5-HT) in the cerebral cortex & implications for depression & schizophrenia, 7121
systemic ionotropic glutamate receptor modulation of 5-HT-6 & 5-HT-7 receptor mRNA expression in striatum & hippocampal formation, male rats, schizophrenia etiology implications, 30008
the role of serotonin in schizophrenia, 8157
thermal response to serotonergic challenge & aggression, 7–11 yr old males with attention deficit hyperactivity disorder, 30939
triodothyronine with vs without clomipramine, frontal cortex serotonin levels & serotonin autoreceptor activity, rats, 7202
tropane analog self-administration & selective binding affinity for dopamine vs 5-HT transporters, male rats trained to self-administer cocaine, 26839
tryptophan & 5-HT & tyrosine & noradrenaline & platelet 5-HT transporter & alpha2-adrenoceptors, patients with PTSD with vs without major depression, 8068
tryptophan depletion & cerebral serotonin levels, intensity dependency of auditory evoked potentials, 24–32 yr olds, 36549
use of positron emission tomography to study serotonin- 2/dopamine-2 receptor effects of antipsychotics, implications for understanding schizophrenia & its pathophysiology, 21942
variation in serotonin transporter gene, anxiety & depression, aged adults with Parkinson's disease, 34660
wheel running activity, period of circadian rhythms, mice with neurotoxic 5-HT lesions of suprachiasmatic nucleus, 499
whole blood serotonin & plasma beta-endorphin, 3–23 yr old autistic patients & their mothers & fathers & siblings, 14827
whole blood tryptophan & platelet serotonin, suicidal behavior & its risk factors, hospitalized 6–12 yr old psychiatric patients, 1720
withdrawal from continuous cocaine administration, duration of behavioral tolerance to cocaine & covariance of behavioral tolerance & accumbens 5-HT3 receptor functional down regulation, male rats, 17050
ziprasidone vs clozapine & olanzapine vs desipramine, firing rate of serotonergic dorsal raphe neurons, 36626

Serotonin—Chapters

5-HT receptor knockout mice: Pharmacological tools or models of psychiatric disorders, 26553

The "psychic" neuron of the cerebral cortex, 26690
Serotonin and the frontal lobes, 7109

Serotonin Agonists—Serials

1A receptor specific 5-HT agonist flibanserin, behavior in animal models of depression, mice & rats, 36532
5-HT agonist 8-OH-DPAT modulation of median raphe nucleus, hippocampal EEG & GABAergic interneuron & principal cell activity, freely behaving rats, 20349
5-HT receptor subtype specificity, 5-HT receptor agonist generalization to ethanol, male rats, 4212
5-HT type 1A vs 2 agonists vs antagonists, impulsivity, male rats, 7186
5-HT type 1D receptor agonist sumatriptan, symptoms & mood & anxiety, 18–60 yr olds with obsessive compulsive disorder, 8931
5-HT-1A & 5-HT-2 receptor agonism vs antagonism, fluoxetine-induced conditioned taste aversion, male mice, 26738
5-HT-1A vs 5-HT-2 receptor agonism vs antagonism, footshock-induced ultrasonic vocalization & inhibition by EEDQ, male rats, 26841
5-HT-2A &/vs 5-HT-2C &/vs 5-HT-1B receptor agonism vs antagonism, alcohol preference & intake & total fluid & food intake, cAA rats, 10617
5-HT1A agonist 8-OH-DPAT, operant food intake, food-deprived vs satiated pigs, 33391
5-HT1A anatagonist WAY-100635 &/vs 8-OH-DPAT, performance efficiency & response rate in radial maze task, male Fischer-344 rats, 679
5-HT1A antagonist WAY 100635, gepirone induced hypothermia & aggressive behavior & anxiety, male mice, 10620
5-HT1A receptor agonist F11440, anxiolytic & antidepressant properties & corticosterone secretion & radioligand binding & drug discrimination, mice & rats & pigeons, 693
5-HT1A receptor agonists & antagonists, fear potentiated startle response, rats, 685
5-HT1A receptor agonists alone & in combination, learning & performance, rats, 7269
5-HT1A/1B agonist, effect of 5-HT1B/1D antagonist on hypothalamic self-stimulation of cocaine reward, male rats, 10587
5-HT2 agonist, extracellular GABA levels in prefrontal cortex, male rats, 7159
5-HT4 receptor antagonists & agonists, memory processes in passive avoidance test, mice, 4151
8-hydroxy 2-(di-n-propylamino) tetralin-HBr with vs without N-(3-trifluoro-methylphenyl) piperazine hydrochloride & quipazine, lordosis behavior, female rats, 4299
8-OH-DPAT stimulation of 5-HT1A or D2 receptors in medial preoptic area, sexual activity, male rats , 10615
8-OH-DPAT vs pindolol, isolation-induced ultrasonic vocalizations, 3 vs 10 vs 14 day old rat pups, 13757
8-OH-DPAT with vs without depletion of 5-HT neurotransmission in brain regions, suppression of food intake by fenfluramine vs fluoxetine vs 5-HT agonist, male rats, 3832
8-OH-DPAT, lordosis, female ovariectomized rats primed with estradiol benzoate & progesterone, 4174
agonist displacement of [3-H]ketanserin binding to platelet 5-HT receptors, healthy adults, implications for psychiatric disorders & their psychotropic treatment, 675
agonist properties of N,N-dimethyltryptamine at 5-hydroxytryptamine type 2A and 2C receptors, rats, 749
amphetamine vs imipramine vs citalopram vs chlordiazepoxide vs metergoline vs haloperidol vs ethanol vs PCPA, impulsive behavior under 8 or 32 fixed consecutive number schedule, rats , 4146
antidepressant properties of 5-HT receptor agonist (+)-S-20499, behavior & neurochemistry in elevated plus maze & open field, bulbectomized male rats, 13783
apomorphine vs amphetamine vs phencyclidine vs 8-OH-DPAT, prepulse inhibition, Sprague Dawley vs Wistar rats, 26792
arginine vasopressin vs serotonin receptor agonists into anterior hypothalamus, regulation of offensive aggression, male hamsters, 29997
bicuculline & 8-OH-DPAT & carbachol, modulation of hippocampal evoked responses during paired prepulse inhibition, young vs aging vs old male rats, 4198
characterization of potential inverse agonist actions at 5-HT1B receptors in vitro & in corticolimbic structures in vivo, humans & hamster ovary cells, 26821
cholecystokinin &/vs 8-OH-DPAT, ethanol intake satiety, water-deprived rats, 696
chronic MAO inhibitor clorgyline, 8-OH-DPAT effects on circadian phase advances in wheel-running, hamsters, 10562
clinical profile & safety & tolerability of rizatriptan for relief of migraine, 35081
direct vs indirect serotonergic agonists, motor function, rats with transected vs transplanted spinal cords, 26791
early clinical experience with acute treatment of sc naratriptan, 18–55 yr old migraine patients, 2298
effect of serotonin agonists ipsapirone & buspirone & 8-OH-DPAT in an animal model of anxiety, sham operated vs adrenalectomized vs adrenally demedullated male rats , 17059
effects of antipsychotic compounds as antagonists of hallucinogen/serotonin agonist-induced behaviors, male rats, 23476
effects of selective 5-HT1D receptor agonist PNU-109 291 on electrically induced dural plasma extravasation & capsaicin-evoked c-fos immunoreactivity within trigeminal nucleus caudalis, guinea pigs, 29986
effects of selective serotonin 1A receptor agonist on NMDA receptor-mediated synaptic potential in visual cortical slices, male rats, 29895
endogenous melatonin & serotonin 1A receptor partial agonist ipsapirone hydrochloride, core temperature & hypothermic response, patients with winter depression, 2394
ethopharmacological analysis of effects on anxiety of receptor specific 5-HT agonists ipsapirone vs TFMPP vs SR 46349B vs antagonists BLR 46470 A vs RP 62203, male rats, 10659
flesinoxan, effects on panic-like aversion induced by stimulation of dorsolateral periaqueductal grey, male rats , 23519
fluoxetine, 5-HT type 1A receptor function & hypothermic & hormone responses to ipsapirone challenge, healthy 22–63 yr olds, 20322
full & partial 5-HT 1A receptor-specific agonists, response duration differentiation & antidepressant effects, male rats, 4182
genetic preferences for ethanol & exposure to FG5938, feeding & ethanol drinking & role of serotonin agonist &/vs antagonist receptors, male vs female rats, 4293
gepirone & metabolite 1-(2-pyrimidinyl)-piperazine, human cytochrome mediation of transformation & metabolism & cytochrome inhibition, human liver cells, 7264
gonadectomy with synthetic estrogen vs nonaromatizable androgen vs testosterone implants, 5-HT-1A & 5-HT-1B agonist-modulated aggression, male mice, 13706
GR 127935, RU 24969 vs amphetamine effect on hyperlocomotion, Wistar Kyoto Hyperactive male rats, 10551
high vs low intrinsic activity of 5-HT1A agonists, therapeutic efficacy & antipsychotic-like & extrapyramidal side effects of neuroleptics, male rats, 23567
homozygous & heterozygous serine & homozygous cysteine 5-HT type 2C receptor genotypes, response to m-chlorophenylpiperazine, 18–60 yr old females, 26558
intranasal sumatriptan, pain & symptoms, 6.4–9.8 yr olds with migraine, 18285
long-term low tryptophan diet, prolactin responses to serotonin agonists, adult male rats, 17039
metyrapone vs desipramine, rodent models of depression & hypothermic response to challenge with 8-OH-DPAT, rats, 33164
microinjection of serotonergic 5-HT1B agonist S-CM-GTNH2 into dorsal subiculum, dopamine release in shell area of nucleus accumbens, male rats, 631
neuroendocrine challenge of ipsapirone, relationship between aggression & serotonin function in human laboratory, adults (mean age 26.3 yrs), 720
oleamide, back muscle contractions & wet dog shakes induced by serotonin receptor agonist, male rats, 23495
pharmacological profile & clinical efficacy of rizatriptan for relief of migraine headache, 35097
psychosocial stress, sexual behavior & wet dog shakes, 5-HT agonist treated vs not treated male rats vs adrenalectomized vs sham-adrenalectomized female rats treated with estrogen &/vs progesterone , 671
quipazine, circadian activity rhythms & expression of c-Fos in suprachiasmatic nucleus, ACI vs BH vs LEW male inbred rat strains, 20314
reserpine, hypothermia & tail flick & locomotion & hyper- & hypophagia & head shake & anxiety responses to agonists at 5-HT1A vs 1B vs 2A vs 2C receptor subtypes, male rats, 26784
role of serotonin inhibition of dopaminergic transmission in antidepressant-induced sexual dysfunctions, 18238
serotonin 1A receptor agonists & stressful & anxiogenic conditions, cortical cholecystokinin like material release in frontal cortex, free moving adult male rats, 23292
serotonin agonist 8-OH-DPAT vs quipazine vs meta-chlorophenylbiguanide, territorial aggression & displays of aggressive coloring/posture, Anolis carolinensis, 652
single & multiple doses of ondansetron, cholecystokinin tetrapeptide-induced behavioral & neuroendocrine changes, adult males, 7182
systemic quinolinic acid vs 3-hydroxyanthranilic acid, inhibition of DOI-induced head shakes, male mice, implications for role of metabolites in kynurenine pathway, 36569
temporal course & stimulus properties & generalization of indorenate vs 8-OH-DPAT, stimulus control over operant responses, male rats, 13830
tropisetron with vs without 1-(2,3-dimethoxy-4-iodophenyl)-2-aminopropane vs 8-OH-DPAT & m-chlorophenyl-biguanide, lordosis, ovariectomized female rats primed with estradiol & progesterone, 4209
ventromedial nucleus of hypothalamus infused estrogen, 8-OH-DPAT inhibition of lordosis, female rats, 23592
zolmitriptan, logical reasoning & choice RT & visual analog scale & Stroop & tracking tasks & sedation, healthy 18–45 yr olds, implications for treatment of migraine, 7229

Serotonin Antagonists [See Also Lysergic Acid Diethylamide, Mianserin, Parachlorophenylalanine, Ritanserin, Tetrabenazine]—Serials

(-)-pindolol with vs without 5-HT reuptake inhibitors, dopamine & noradrenaline & 5-HT levels & activation of beta-adrenergic & 5-HT receptors, freely moving rats, 26779
5-HT antagonists WAY100635 vs ondansetron vs ritanserin vs agonist buspirone vs muscarinic agonist arecoline, MK-801-induced cognitive performance on delayed nonmatching to sample radial maze, rats, 20262
5-HT receptor antagonist zatosetron maleate, adults with anxiety, 18736
5-HT receptor subtype specificity, 5-HT receptor agonist generalization to ethanol, male rats, 4212
5-HT type 1A vs 2 agonists vs antagonists, impulsivity, male rats, 7186
5-HT type 2A receptor allele frequencies, outcome & drug response, schizophrenic responders vs nonresponders to neuroleptic drugs, 14555
5-HT-1A & 5-HT-2 receptor agonism vs antagonism, fluoxetine-induced conditioned taste aversion, male mice, 26738
5-HT-1A vs 5-HT-2 receptor agonism vs antagonism, footshock-induced ultrasonic vocalization & inhibition by EEDQ, male rats, 26841
5-HT-2A &/vs 5-HT-2C &/vs 5-HT-1B receptor agonism vs antagonism, alcohol preference & intake & total fluid & food intake, cAA rats, 10617
5-HT1A anatagonist WAY-100635 &/vs 8-OH-DPAT, performance efficiency & response rate in radial maze task, male Fischer-344 rats, 679
5-HT1A receptor agonists & antagonists, fear potentiated startle response, rats, 685
5-HT4 receptor antagonists & agonists, memory processes in passive avoidance test, mice, 4151
5-hydroxytryptamine receptor blockers cyproheptadine vs chlorpromazine in the treatment of serotonin syndrome, 18682
8-hydroxy 2-(di-n-propylamino) tetralin-HBr with vs without N-(3-trifluoro-methylphenyl) piperazine hydrochloride & quipazine, lordosis behavior, female rats, 4299
8-OH-DPAT dose, long-term sequential ontogenic development of serotonin behavioral syndrome, rats, 7179
8-OH-DPAT vs pindolol, isolation-induced ultrasonic vocalizations, 3 vs 10 vs 14 day old rat pups, 13757
atypical antipsychotic drugs & 5-HT receptor blockade & histamine levels in hippocampus & striatum & cerebral cortex, male rats, 17071
augmentation with pindolol, 18–65 yr olds with major depression resistant to treatment with serotonin reuptake inhibitors, 10 day study, 18724
cisapride, visual hallucinations, 75 yr old female & 74 yr old male with Charles Bonnet syndrome, 25212
clozapine & risperidone & sulpiride & haloperidol & olanzapine & amperozide, serotonin receptor antagonism & extracellular dopamine in medial prefrontal cortex & nucleus accumbens, male rats, 17054
cortical 5-HT type 2 receptors before & after clomipramine, depressed patients, 15276
cyproheptadine as treatment for migraine, recurrence of depression during fluoxetine treatment, 17 yr old female with major depression, 12148
cyproheptadine, nightmares & sleep quality, 47–75 yr old veterans with PTSD, 2-5 wk study, 38223
diazepam vs non-selective vs selective 5-HT-1A receptor antagonists, defensive behaviors, male mice, 30004
effect of blockade of 5-hydroxytrytamine receptors on immobilization-induced prolactin release, male rats, 23337
effects of amperozide on & source of cocaine-induced social withdrawal, male rats, 10642
ethopharmacological analysis of effects on anxiety of receptor specific 5-HT agonists ipsapirone vs TFMPP vs SR 46349B vs antagonists BLR 46470 A vs RP 62203, male rats, 10659
fananserin treatment, 38 yr old patients with paranoid schizophrenia, 15349
features of parkinsonian psychosis & treatment with selective serotonin antagonists or other atypical neuroleptics, patients with Parkinson's disease, 22058
fluoxetine, 5-HT type 1A receptor function & hypothermic & hormone responses to ipsapirone challenge, healthy 22–63 yr olds, 20322

genetic preferences for ethanol & exposure to FG5938, feeding & ethanol drinking & role of serotonin agonist &/vs antagonist receptors, male vs female rats, 4293
GR 127935, RU 24969 vs amphetamine effect on hyperlocomotion, Wistar Kyoto Hyperactive male rats, 10551
influence of serotonin & metergoline on CO_2-induced anxiety in healthy Ss, 36528
ketanserin & tetrabenazine & MDL 100907, aggression, MAO A deficient male mice, animal model of aggression, 33485
ketanserin, 9–16 yr olds with Tourette's syndrome, 28401
losartan, lateral parabrachial nucleus injected methysergide enhanced salt & water intake, male rats, implications for mediating role of angiotensin Type 1 receptors in subfornical organ, 4217
metabolism of multi-receptor clozapine analoguc atypical antipsychotic drugs & serotonin-dopamine antagonist atypical antipsychotic drugs, 35021
mirtazapine, sexual dysfunction caused by treatment with selective serotonin reuptake inhibitors, 30–49 yr old females with panic attacks & generalized anxiety disorder or depression or PTSD, 18679
NDL-249 & WAY 100,635, behavior change & locomotion, rats acclimatized to their environment, 682
ondansetron, dynamic association between binge eating/vomiting & pressure pain detection thresholds, 21–46 yr old females with severe bulimia nervosa, 2313
ondansetron, prolactin & nausea responses to clomipramine challenge, healthy adults, 13772
paroxetine with vs without WAY 100635, olfactory bulbectomy-induced hyperactivity & serotonin receptor functioning, male rats, animal model of chronic antidepressant drug action, 26756
peripheral nerve blockade & methysergide, formalin facilitation of tail withdrawal & spinal nociceptive tailflick reflex, male rats, implications for role of rostral ventral medulla, 3827
pharmacological characterization of serotonin antagonist S-Des-4-amino-3-iodozacopride, rat & mouse brain receptors, 7206
pindolol vs mianserin augmentation of fluoxetine, onset of antidepressive action, 25–70 yr old patients with major & treatment-resistant depression, 18709
pindolol, response to fluvoxamine, adults (mean age 47.4 yrs) with psychotic depression, 8964
pretreatment with 5-HT antagonist SB206553, cocaine-induced hyperactivity in open field test, male rats, 20331
punishment level & ondansetron vs diazepam vs buspirone, anticonflict activity during FI program of punished & unpunished responding, pigeons, 639
quetiapine monotherapy, 14-yr-old male with refractory schizophrenia, 2400
risperidone & alpha-2 antagonism, exacerbation of hallucination-persisting perception disorder, 8861
risperidone vs 5-HT2A vs 5-HT2C receptor antagonists, dizocilpine induced prepulse inhibition, male Wistar vs Sprague-Dawley rats, 13829
ritanserin or MDL100907 or SB42084, hyperactivity induced by MK-801, female mice, 26828
role of 5-HT1A receptors in consolidation of learning in autoshaping task, normal vs cognitively impaired male rats , 16930
SB 242 084 & RO 60-0175, nigro-striatal & mesolimbic dopaminergic function, male rats, implications for treatment of schizophrenia & neuropsychiatric disorders, 33387
selective 5-HT-2 receptor antagonist, EEG power spectra during slow-wave vs stage 2 vs NREM sleep, male 20–25 yr olds, 30020
serotonergic vs non- vs competitive-NMDA antagonists in rostral ventromedial medulla, continuous vs intermittent swim stress analgesia & hyperthermia, male rats, 4170
serotonin receptor antagonists, lordosis behavior, female rats, 23604
serotonin synthesis inhibition with p-chlorophenylalanine, anxiety behavior & brain concentrations of noradrenaline & dopamine & 5-HT & their metabolites & GABA, male rats, 20316
single dose metergoline, dysphoria & depressive & obsessions & compulsions & anxiety symptoms, fluoxetine-treated vs untreated patients with obsessive compulsive disorder, 8901
thioperamide & scopolamine or diphenhydramine or methysergide, memory, male albino mice, 26822
total sleep deprivation & pindolol, adults with acute episodes of bipolar depression, 15102
tropisetron with vs without 1-(2,3-dimethoxy-4-iodophenyl)-2-aminopropane vs 8-OH-DPAT & m-chlorophenyl-biguanide, lordosis, ovariectomized female rats primed with estradiol & progesterone, 4209
venlafaxine & dose & 5-HT1A antagonist WAY100635 augmentation, extracellular concentrations of 5-HT & noradrenaline in frontal cortex, male rats, 33384

Serotonin Metabolites [See Also Hydroxyindoleacetic Acid (5-)]—Serials
buspirone, CSF concentrations of 5-HIAA & HVA as predictor of relapse, 20–61 yr old males with early vs late age onset of alcoholism, 12509
ovine prolactin, sexual behavior & dopamine & serotonin metabolites, male rats, 29925
pharmacokinetic profile of clozapine & metabolites norclozapine & clozapine N-oxide in red blood cells, 18–48 yr olds with chronic schizophrenia, 8903
role of brain serotonin system in performance of Differential Reinforcement of Low Rate–72 sec behavior & mediation of antidepressant drug effects, rats, 21908

Serotonin Reuptake Inhibitors [See Also Chlorimipramine, Citalopram, Fluoxetine, Fluvoxamine, Paroxetine]—Serials
(-)-pindolol with vs without 5-HT reuptake inhibitors, dopamine & noradrenaline & 5-HT levels & activation of beta-adrenergic & 5-HT receptors, freely moving rats, 26779
addition of fluoxetine to selective serotonin reuptake inhibitor tapering & discontinuation, withdrawal symptoms, 25–74 yr olds with major depression &/vs panic disorder, 12147
allopregnanolone action at GABA-A receptors & antidysphoric & anxiolytic profiles of selective serotonin reuptake inhibitors, 2328
augmentation vs switching treatment strategies for selective serotonin reuptake inhibitor antidepressant nonresponders, 2370
augmentation with pindolol, 18–65 yr olds with major depression resistant to treatment with serotonin reuptake inhibitors, 10 day study, 18724
augmentation with risperidone, 36–75 yr old outpatients with major depressive disorder resistant to treatment with selective serotonin reuptake inhibitors, 1 wk study, 18721
average daily dose & need for dose escalations of selective serotonin reuptake inhibitors in VA outpatient facilities, 12252
brain serotonin & mechanism of action of selective serotonin reuptake inhibitors & pharmacological treatment guidelines, elderly patients with depression, 8876
buspirone augmentation of fluoxetine or paroxetine or citalopram or clomipramine, outpatients with single or recurrent episode major depression, 8883
buspirone, sexual dysfunction, depressed patients treated with selective serotonin reuptake inhibitors, 21917
cardiovascular effects & safety of tricyclic vs selective serotonin reuptake inhibitors in treatment of depression, 2319
cardiovascular effects of tricyclic antidepressants & selective 5-HT reuptake inhibitors, elderly patients & cardiac disease patients with major depression, 5624
characteristics of serotonin reuptake inhibitor discontinuation syndrome, 2329
childhood sexual abuse & PTSD symptoms & behavioral problems, implications for nefazodone treatment, 5047
chronic fluoxetine & oxytocin, appetitive & consummatory sexual responses, male rats, implications for effects of serotonin in transient inhibition of sexual desire, 26745
chronic SSRI use, MDMA subjective effects, 19 & 21 yr old females presenting with trichotillomania, 31697
clinical efficacy of selective serotonin reuptake inhibitors, patients with social phobia, 25227
clinical response to venlafaxine, nonrespondant selective serotonin reuptake inhibitor social phobia outpatients with vs without avoidant personality disorder, 34956
clomipramine & selective serotonin reuptake inhibitors, 9–23 yr olds with obsessive–compulsive disorder, 5–22 mo followup, 8891
clomipramine vs selective serotonin reuptake inhibitors, patients with obsessive compulsive disorder, 15326
clozapine &/vs citalopram/paroxetine, psychiatric patients with mental retardation/autism, 28505
cognitive-behavioral therapy & serotonin reuptake inhibitors, patients (mean age 35 yrs) with obsessive compulsive disorder , 38076
combined serotonin & noradrenaline reuptake inhibitor venlafaxine, 20–57 yr olds with generalized anxiety disorder, 2341
d-fenfluramine serotonin releasing agent, hypothalamic-pituitary-thyroid axis activity, inpatient 18–62 yr olds with major depression, 30659
differences in interactions of 5-HT selective reuptake inhibitors , 4109
differential effects of selective serotonin reuptake inhibitors on serotonin receptor subpopulations & sexual behaviors, humans & animals, 4236
differential effects of SSRIs on inhibition of cytochrome P450 enzymes, implications for drug interactions, 733
discriminative stimulus effects of norepinephrine reuptake inhibitors vs serotonin reuptake inhibitors vs atypical antidepressants vs clenbuterol, male rats, 26811
drug therapy of major depression with venlafaxine vs antidepressants & remission rate, 21891
effectiveness & safety of selective serotonin reuptake inhibitors, 8–18 yr olds with panic disorder, 6 mo followup, 31685
effectiveness of selective serotonin reuptake inhibitors, underweight female patients with anorexia nervosa, 12167
effectiveness of serotonin reuptake inhibitors, patients with severe &/or melancholic depression, commentary, 24206
efficacy & safety of selective 5-HT reuptake inhibitors treatment, elderly patients with major depression, 5655
efficacy & tolerability of antidepressant mirtazapine vs selective serotonin reuptake inhibitors fluoxetine or paroxetine or citalopram, patients with major depressive disorder, 31704
efficacy & tolerability of mirtazapine, 22–51 yr old depressed outpatients who quit selective serotonin reuptake inhibitors due to intolerable sexual dysfunction, 34990
efficacy & tolerability of nefazodone, male HIV-seropositive outpatients with major depressive disorder, 12 wk study, 18678
efficacy & tolerability of venlafaxine, 20–68 yr old in- & out-patients with treatment-resistant depression, 8 wk study, 38229
efficacy of selective 5-HT reuptake inhibitors & 5-HT & norepinephrine reuptake inhibitors in treatment of major depression & other psychiatric illnesses, 15296
efficacy of selective serotonin reuptake inhibitors vs tricyclic vs other antidepressants, patients with severe depression, 21905
etiology & use of serotonin reuptake inhibitors in treatment of anorexia & bulimia nervosa, 1894
factor-analyzed symptom dimensions, serotonin reuptake inhibitor treatment outcome prediction, 18–76 yr olds with obsessive-compulsive disorder, 34996
fluoxetine, 31–74 yr olds with major depression & subsequent selective serotonin reuptake inhibitor discontinuation syndrome, 2279
fluvoxamine vs fluoxetine, conditioned taste aversion, male mice, 7196
frequency of use & effectiveness & impact on sexual functioning of drugs used to augment selective serotonin reuptake inhibitors in treatment of major depression, survey of psychiatrists, 15788
iv clomipramine, 18–55 yr old patients with obsessive-compulsive disorder refractory to oral clomipramine, 2312
MAO inhibitors or selective serotonin reuptake inhibitors or high-potency benzodiazepines or beta-blockers, control of social anxiety disorder, 2299
mechanisms of action of selective serotonin reuptake inhibitors & multiple receptor antidepressants including venlafaxine in treatment of depression, 15293
metabolic interactions & CNS medications & selective 5-HT reuptake inhibitors, 30038
metabolic properties & inhibition of human cytochrome P450 & methodology for assessing drug interactions of selective serotonin reuptake inhibitors & related antidepressant drugs, 2325
methods & first results for tricyclic antidepressants & serotonin reuptake inhibitors, adverse drug reactions, psychiatric inpatients, 12181
mirtazapine, sexual dysfunction caused by treatment with selective serotonin reuptake inhibitors, 30–49 yr old females with panic attacks & generalized anxiety disorder or depression or PTSD, 18679
nefazodone treatment, patients with social phobia, 15350
nefazodone-induced clitoral priapism, 48-yr-old female with depression, 34964
olanzapine & selective serotonin reuptake inhibitors, 24–50 yr olds with obsessive compulsive disorder, 35031
ondansetron & morphine & TAN 67 & natrindole & funaltrexamine, ethanol-induced place preference, male rats exposed to conditioned fear stress, 23330
paroxetine with vs without WAY 100635, olfactory bulbectomy-induced hyperactivity & serotonin receptor functioning, male rats, animal model of chronic antidepressant drug action, 26756
penbutolol supplement to selective serotonin reuptake inhibitor treatment, 5-HT1A effects, 29–56 yr olds with treatment resistant depression, 28411
PET-assessed uptake & distribution of selective serotonin reuptake inhibitor NS2381 & displacement by citalopram in vivo, pigs vs rats, 26852
pharmacokinetic & pharmacodynamic similarities & differences among selective serotonin reuptake inhibitors & other new antidepressant drugs, 8882
pharmacokinetics of citalopram vs fluoxetine vs fluvoxamine vs paroxetine vs sertraline, care of depression, elderly patients, 5604
possible nefazodone withdrawal syndrome upon abrupt discontinuation, 28 yr old healthy male , 26797

practice parameters for assessment & treatment & discontinued use of selective serotonin reuptake inhibitors, children & adolescents with obsessive compulsive disorder, commentary, 21921
prescribing patterns vs recommended treatment guidelines for tricyclic antidepressants & serotonin reuptake inhibitors, primary care patients, 1992–97, UK, 25160
prolactin response to d-fenfluramine before vs after treatment with serotonin reuptake inhibitors, patients with major depressive disorder, 12193
quality of life & efficacy profiles of fluoxetine & sertraline & other SSRIs in affective disorders, 2323
responsiveness of central serotonergic system following cocaine discontinuation & prolactin responses to sequential DL-fenfluramine challenges, cocaine addicts, 25515
risk factors associated with treatment of major depression during pregnancy, pregnant women taking fluoxetine or serotonin reuptake inhibitors, 38331
risperidone augmentation of treatment with a serotonin reuptake inhibitor, children aged 8 & 9 & 11 & 13 yrs with obsessive-compulsive disorder, 31641
risperidone, 31-yr-old & 53-yr-old females & 22-yr-old male with serotonin reuptake inhibitor-refractory trichotillomania, 21885
safety & efficacy of nontricyclic antidepressants, children & adolescents with ADHD & obsessive compulsive disorder & depression & Tourette disorder & mutism & other disorders, 21884
safety & efficacy of psychoactive medication prescribing practices vs research knowledge, physicians treating children under age 18 yrs with mental disorders , 21907
safety of fluoxetine & other selective serotonin reuptake inhibitors during pregnancy, children of depressed mothers, 31646
selective serotonin reuptake inhibitor discontinuation syndrome, 35014
selective serotonin reuptake inhibitors as treatment of choice for obsessive-compulsive disorder, 5628
selective serotonin reuptake inhibitors for treating anorexia & bulimia nervosa & binge eating disorder & obesity, 2364
selective serotonin reuptake inhibitors, anxiety disorders, 2345
selective serotonin reuptake inhibitors, development of mania, 9 yr old males & 10 yr old female with obsessive compulsive disorder, 12163
selective serotonin reuptake inhibitors, sexual side effects, patients with mental disorders, 12229
selective serotonin-reuptake inhibitors fluoxetine & paroxetine & citalopram & fluvoxamine, ethanol intake & preference, alcohol preferring cAA rats, 18068
sequential ketoconazole & lithium carbonate antistress treatment following resistance to amino reuptake inhibitors, 60 yr old woman with depressive illness & type 2 diabetes, 31618
serotonin receptors & subsystem heterogeneity & interactions with other neurotransmitter systems, implications for understanding actions of serotonergic drugs, 2369
serotonin reuptake inhibitor vs benzodiazepine vs tricyclic antidepressant vs MAO inhibitor treatment of panic disorder, 35019
serotonin reuptake inhibitor-induced syndrome of inappropriate secretion of antidiuretic hormone, 78–89 yr old female patients, 21876
serotonin reuptake inhibitors with other psychotropic medications, Kluver Bucy syndrome, young adult males with severe frontal or temporal lobe traumatic brain injury, 15427
serotonin reuptake inhibitors with vs without inositol, 18–75 yr old patients with major depression, 12203
serotonin reuptake inhibitors, sexual behavior, male rats, 13791
serotonin selective reuptake inhibitors vs desipramine, noradrenergic vs serotonergic probe-assessed brain monoamines, patients drug-free & depressed vs in remission with vs without antidepressants , 2292
severe & melancholic depression & neurological factors & efficacy of sertraline & other SSRIs, 2271
sexual dysfunction, males taking selective serotonin reuptake inhibitors for depression, 5679
sexual side effects of selective serotonin reuptake inhibitors, female 65 yr old & male 58 yr old, 21936
side effects & properties of selective serotonin reuptake inhibitors in treatment of affective disturbances & anxiety disorders, 31676
side effects & tolerability & safety in use of SSRIs for affective disorders, implications for pharmacoeconomics, 2320
signs & symptoms & mortality in selective serotonin reuptake inhibitor antidepressant overdose, 2277
sildenafil, 29–50 yr old patients with sexual dysfunction resulting from SSRI treatment, 12218
sildenafil, antidepressant-induced sexual dysfunction, 18–60 yr old female patients, 31680
sildenafil, serotonin reuptake inhibitor-induced sexual dysfunction, 20 & 46 yr old males, 18658
strategic-systemic behavior therapy & selective serotonin reuptake inhibitors, persons with obsessive-compulsive disorder, 5462
striatal dopamine D-2 receptor binding measured by iodobenzamide & SPECT before vs after selective serotonin re-uptake inhibitor, 29–71 yr old patients with major depression, 25183
tolerability & compliance with selective serotonin reuptake inhibitors & mirtazapine & other antidepressants, patients with depression, 31687
treatment of major & nonmajor depression with tricyclic antidepressants & selective serotonin reuptake inhibitors & atypical antidepressants in elderly long-term care patients, 38303
use of 5-HT reuptake inhibitors in treatment of premenstrual dysphoria, 31636
use of 5-HT reuptake inhibitors including citalopram in treatment of obsessive-compulsive disorder, 31682
use of selective serotonin reuptake inhibitors in treatment of obsessive compulsive spectrum disorders, 5637
use of tricyclic vs selective serotonin reuptake inhibitors in treatment of depression in patients with heart disease, 38301
usefulness of tricyclics & selective 5-HT reuptake inhibitors vs benzodiazepines in treatment of panic disorder, 31709
venlafaxine & dose & 5-HT1A antagonist WAY100635 augmentation, extracellular concentrations of 5-HT & noradrenaline in frontal cortex, male rats, 33384
venlafaxine, 37-yr-old female patient with psychotic depression, 1531
venlafaxine, resistant postpsychotic depressive symptoms, 58-yr-old male with schizophrenia paranoid type, 21924
Serpasil [See Reserpine]
Sertraline—Serials
antidepressant efficacy of sertraline vs desipramine hydrochloride, females with premenstrual syndrome or dysphoric disorder, 38244
atrioventricular nodal re-entrant tachycardia associated with stimulant treatment & sertraline, 13 yr old female with obsessive compulsive disorder, 31650
clozapine & fluoxetine vs sertraline, clinical & motor & cognitive function & mood, male 44 yr old with schizophrenia, Canada, commentary, 2293
development of catatonia while on valproic acid & sertraline & risperidone, 42 yr old White female with schizoaffective disorder , 5645
efficacy & safety & effects on sexual functioning of bupropion SR vs sertraline treatment, patients with depression, 25153
efficacy & safety of sertraline vs amitriptyline, 18–75 yr old hospitalized patients with major depression, 5657
efficacy & safety of sertraline vs nortriptyline, depression, 70+ yr olds with major depression, commentary reply, 38240
efficacy & safety of sertraline vs nortriptyline, depression, 70+ yr olds with major depression, commentary, 38230
efficacy & safety of sertraline, patients with moderate to severe obsessive-compulsive disorder, 18700
efficacy & tolerability of sertraline vs paroxetine, patients with delusional depression, commentary reply , 25235
efficacy of sertraline with vs without group cognitive behavior therapy vs placebo, 21–54 yr old patients with primary dysthymia, 12 wk study, 37972
fluoxetine & sertraline, manic behaviors, 11–17 yr olds with obsessive–compulsive & mood disorders, 8898
fluoxetine vs fluvoxamine vs sertraline, steady-state promazine pharmocokinetics, male rats, 26759
fluoxetine vs sertraline, adults with major depression , 38241
fluoxetine- & sertraline- but not nefazodone-induced visual hallucinations, 38-yr-old male with dysthymic disorder, 8874
full- vs half-cycle sertraline, patients with severe PMS, 12322
methylphenidate & sertraline, patients with depression (aged 24–66 yrs), 15327
modeling cost data on fluoxetine & paroxetine & sertraline, patients, 38288
paroxetine vs fluoxetine vs sertraline reuptake inhibitors, rate of medication switches & effectiveness, 18–67 yr old patients with chronic psychiatric conditions , 38290
quality of life & efficacy profiles of fluoxetine & sertraline & other SSRIs in affective disorders, 2323
review of pharmacodynamic & pharmacokinetic profiles of SSRIs citalopram vs fluoxetine vs paroxetine vs sertraline in treatment of affective disorders, 2322
safety & efficacy of maintenance therapy with sertraline, outpatients with chronic major or double depression, reply, 28446
safety & efficacy of maintenance therapy with sertraline, outpatients with chronic major or double depression, comment, 28395
safety & efficacy of protocol for use of sertraline in psychiatric-supported & trained primary care practice, 18–87 yr olds with mild to moderate major depression, 8-wk study, 28864
sertraline & desmethylsertraline in human breast milk & infant serum, nursing mothers with depressive symptoms & their infants, commentary, 2358
sertraline & desmethylsertraline in human breast milk & infant serum, nursing mothers with depressive symptoms & their infants, commentary reply, 2399
sertraline added to haloperidol treatment, positive & negative symptoms & pharmacokinetic interactions, inpatients with schizophrenia, 2356
sertraline HCl, symptoms of irritability &/or aggression, 20–57 yr olds with head injuries, 8-wk study, 5749
sertraline or citalopram, changes in personality traits, 19–71 yr olds with major depressive disorder, comment, 34979
sertraline or citalopram, changes in personality traits, 19–71 yr olds with major depressive disorder, reply, 35030
sertraline or citalopram, changes in personality traits, 19–71 yr olds with major depressive disorder, 25162
sertraline or paroxetine, sexual functioning, women vs men with dysthymia or chronic major depression or double depression, reply, 21939
sertraline or paroxetine, sexual functioning, women vs men with dysthymia or chronic major depression or double depression, commentary, 21864
sertraline treatment for severe depression & irritability & violence & psychosis, 12 yr old male treated with prednisone for 7 yrs for ulcerative colitis, 8870
sertraline treatment, patients with stroke associated mood lability, 8 wk study, 35076
sertraline vs fluoxetine treatment, patients with depression (aged 70–93 yrs), 25164
sertraline, aggressive behavior, 51- 30- & 29- yr old patients with intermittent explosive disorder, 18680
sertraline, cardiovascular adverse effects, 6-17 yr olds with obsessive compulsive disorder, 21976
sertraline, clozapine-induced obsessive-compulsive behavior, 39-yr-old male with paranoid schizophrenia, 2384
sertraline, depressed recently abstinent alcoholics, 2387
sertraline, depressive symptom severity & pressure hyperalgesia & serum prolyl endopeptidase activity, patients (mean age 50.1 yrs) with fibromyalgia, 5226
sertraline, hyponatremia, 87-yr-old male, 8921
sertraline, major depressive disorder & treatment outcomes, patients in primary care vs psychiatric office practice, 12207
sertraline, migraine frequency & severity, adults, 15415
sertraline, upper lip dystonia, 24 yr old male with traumatic brain injury & depression, 12240
sertraline-induced exacerbation of irritable bowel syndrome symptoms, 42-yr-old female with irritable bowel syndrome treated for depression, 2303
severe & melancholic depression & neurological factors & efficacy of sertraline & other SSRIs, 2271
stress & sertraline, regulation of cholecystokinin mRNA expression in the hippocampus & cerebral cortex, rats, 23507
therapeutic benefits & response patterns & safety of sertraline, 12–19 yr olds with major depression, 21858
urinary retention & severe constipation following sertraline augmentation, 29-yr-old female with erotomanic delusional & panic & obsessive–compulsive disorders on haloperidol & clonazepam, 8868
Serum (Blood) [See Blood Serum]
Service Personnel [See Also Domestic Service Personnel]—Serials
attitudes toward hospitality service employment, 3091
child & youth employment in retail, youth workers, Denmark, 12841
customer–service personnel contact & customer satisfaction, 9675
eating disorders, culinary arts students, 11325
effect of helpful messages written in back of customer checks on increase in restaurant tipping, waiters & waitresses, 12928
hierarchical model desire expectations about service employees, customers, 9684
interrelationship between family & decision to migrate for labor & better economics, child domestic workers, Manila , 10728
job satisfaction & family life, female managers in health care food service, 3081
person–environment congruence in prediction of job performance, 20–51 yr old customer service representatives, 12808
relation between organizational commitment & personal interferences that conflict with work, hotel management & nonmanagement personnel, 3103
relationships among dimensions of & key success factors for effectiveness, self-managing work teams in insurance & telecommunications service organizations , 35621
service predisposition & job characteristics on customer service behavior, service providers, 12851

service type & use of male vs female employee vs service manager as advertising spokesperson, attitudes toward ad, 18–45 yr old business students vs 18–65+ yr old workers , 6406
social mechanisms & effects of & satisfaction with service relationships between customer & service provider, adults, 22702
Service Quality [See Quality of Services]
Servicemen [See Military Personnel]
Set (Response) [See Response Set]
Severely Mentally Retarded—Serials
adaptive & maladaptive behavior, 5–19 yr olds with severe intellectual disabilities with vs without epilepsy , 1883
age & residential status, symbolic & nonsymbolic expressive communication, 7.4–35.7 yr olds with severe mental retardation, 11719
clozapine-induced neuroleptic malignant syndrome, female 41 yr old with severe mental retardation & paranoid delusions, implications for role in cholinergic & adrenergic antagonism, 38269
computer-aided system providing pictorial task instructions & prompts vs card system, task performance, 18–23 yr olds with severe intellectual disability, 11718
convergent validity of Matson Evaluation of Social Skills for Persons with Severe Retardation, 20–88 yr olds with severe or profound mental retardation, 31004
convergent validity of Matson Evaluation of Social Skills for Persons with Severe Retardation subscale & total scores, 5–88 yr olds with severe or profound mental retardation , 6558
etiological factors & prevalence of severe mental retardation & possible role of consanguinity, 3–16 yr olds in a Swedish municipality, 1878
etiology & referral to neonatal unit & associated factors, 7–16 yr olds with severe mental retardation with and without cerebral palsy, 24631
factor analysis of Matson Evaluation of Social Skills for Individuals with Severe Retardation, individuals with severe & profound intellectual disability residing in a state facility, 35950
family functioning in general & family members' sense of competence, functioning level & community adaptation, 20–70 yr olds with severe mental illness, 1882
impact of pupils' unconscious attacks on thinking & projections on psychotherapy with severely mentally handicapped girl & consultation with school staff & functioning of school , 15132
occurrence of spontaneous recovery & its attenuation with large amounts of reinforcement during treatment of disruption, 21 yr old female with severe mental retardation, 24092
personal & behavioral characteristics & types & aspects of residential situations, all people (17–76 yrs old) with severe intellectual disability & most severe challenging behavior in Wales, 1884
practice, learning of & changes in motor skills, 33–57 yr olds with profound mental retardation, 18160
prevalence of students with little or no functional speech & their exposure to classroom activities & remedial services, severely retarded 2–32 yr old students, South Africa, 25806
reliability of Matson Evaluation of Social Skills in Individuals with Severe Retardation, adults with severe or profound mental retardation, 35946
service & processes & outcome & costs of family homes vs specialist community housing vs traditional services, 17–76 yr olds with severe intellectual disability & most severe challenging behavior, 2561
types of reasoning & responses to ethical dilemmas, teachers of children with severe & profound intellectual disability, 19224
Severity (Disorders)—Serials
accuracy of traditional clinical memory measures vs memory assessment instrument emphasizing ecological relevance, differentiation of degrees of everyday memory functioning, brain injured adults, 29377
age & degree of hearing loss, growth of distortion product otoacoustic emissions at 2 kHz, 7–87 yr olds with sensorineural hearing loss, 8702
age & sex & other sociodemographic characteristics & degree of mental retardation & domicile, 6–18 yr old students enrolled in institute for mentally handicapped, 16010
age of onset & severity indications, patients with bipolar I & bipolar II disorders, 30650
age of onset, type & severity of conduct problems, 9–17 yr olds, 34404
alternation learning and obsessive-compulsive disorder (OCD) symptom severity, male OCD patients, 37417
analysis of narrative discourse production, 18–45 yr olds with mild vs moderate traumatic brain injury, 5412
antidepressant effectiveness in treatment of severe depression & melancholia, 15338
antidepressant medication vs cognitive behavior therapy treatment outcomes, outpatients with severe depression, mega-analysis of 4 randomized comparisons, 27590
antisocial personality disorder, predictor of baseline severity, inpatient & outpatient substance abusers, 30872
assertive community rehabilitation program, client satisfaction, 19–74 yr old clients with serious mental illness, 19035
behavior chain interruption strategy for encouraging requests for more play, 3 yr olds with developmental disabilities & severe communication impairments, 38097
biofeedback assisted relaxation training, anxiety & related resistance in therapy, severely brain injured & cognitively impaired 21 & 75 yr old males, 15398
biological & psychological theories about self-medication with alcohol & drugs, persons with serious mental illness, implications for nursing, 31887
brain volume abnormalities & disease severity, moderately vs severely ill male patients with schizophrenia, 11428
Brief Psychiatric Rating Scale, assessment of p300 amplitude & clinical state, severely- vs moderately ill patients with schizophrenia vs healthy subjects, 26197
caregiver role perceptions & burden & commitment & affirmation, 36–70 yr old male caregivers of severely mentally ill relatives, 31978
Child Behavior Checklist vs Youth Self-Report score differences in reported severity of behavior & emotional problems, parents & 11–14 vs 15–18 yr old inpatients in residential treatment facilities, 9889
classical psychiatric diagnoses vs relational V-code conditions, relation to markers of clinical severity & resource allocation for treatment, birth to 43 yr olds, implications for family therapy, 17781
clinical & psychosocial factors in caregiver burden, home-care givers of patients with dementia of Alzheimer's type vs vascular dementia, 15048
clinical fatigue prevalence & depression & physical function limitations & disability, gay/bisexual males without HIV vs with HIV at CD4 counts of 200–500 vs >500 vs with AIDS, 1 yr followup, 8556
clinical features of moderate to severe Periodic Limb Movements in Sleep, children & adolescents, 24717
clubhouse as method of rehabilitation alliance for vocational & social & educational & residential opportunities & support in pursuit of mental health goals, members with serious mental disorders, 35287
cognitive performance & severity of injury & psychological distress, 12-72 yr olds with multiple head traumas, 3 yr study, 31219
consistency between physician & self ratings of health status & somatization & symptom severity, Vietnam veterans with vs without PTSD, 1633
construction & validation of conjoint intake & follow-up scales for Addiction Severity Index, change in opioid or cocaine or alcohol dependence, substance dependent adults, 6602
coping style & addiction related problems & severity & psychopathology & motivation, outcome of inpatient substance abuse treatment, 17–47 yr olds, 25521
coping style, self-perceived seizure severity & psychological complaints, adult outpatients with epilepsy, 18402
cost-effectiveness analysis of donepezil in treatment of mild or moderate Alzheimer's disease, 18833
costs associated with different severities of Alzheimer's disease, patients with Alzheimer's disease & their caregivers, 11941
counting & error detection, 7–13 yr olds with severe learning disabilities , 37680
CSF beta peptide concentration & APOE genotype & disease severity, 58–84 yr olds with probable Alzheimer's disease, 11933
CSF glutamate concentrations & positive & negative & total symptom severity, 25–54 yr old unmedicated male inpatients with schizophrenia or schizoaffective disorder, 11412
CSF soluble beta-amyloid peptide levels, 44–88 yr olds with Alzheimer's disease at various disease stage vs mild cognitive impairment vs depression, 21564
Cumulative Illness Rating Scale vs Nursing Severity Index, discharge from postacute geriatric facility, derivation (mean age 74.9 yrs) vs validation cohort (mean age 73.2 yrs), retrospective study, 32700
degree of cognitive impairment & severity of cerebral ischemic changes, 65–92 yr olds with cerebrovascular insufficiency/multi infarct dementia, 8648
demographic & clinical characteristics & hospitalization rates, eating disordered 11–22 yr olds referred to outpatient clinic, 1991 vs 1996, implications for role of managed care in treatment, 24645
demographic & psychological & chronic & acute illness characteristics & symptom burden, seriously ill hospitalized patients, 21455
demographic characteristics & coping behavior & severity of disorder, outpatients with major depression, 37309
demographic characteristics & illness severity, pain & prescribed analgesics, individuals 65–74 vs 75–84 vs 85 yrs old & older with cancer, comment & comment reply , 12333
demographic characteristics & illness severity, pain & prescribed analgesics, individuals 65–74 vs 75–84 vs 85 yrs old & older with cancer, correction, 12316
denial of memory deficit & dementia severity, patients with Alzheimer's disease (mean age 76 yrs), longitudinal study (mean interval 1 yr 3 mo), 18418
dependence severity & motivation to change drinking behavior & demographics, 18–64 yr old patients of hospital questionnaire screening for alcohol disorders vs routine physician referral, 12-mo study, 9236
depression & functional abilities, Alzheimer's disease patients with mild to moderate vs severe dementia, 8654
development & evaluation of distance learning program for training in services to individuals with severe/multiple disabilities, faculty & students & employers, 9435
development & testing of specific medication guideline algorithms for medication treatment of severely & persistently mentally ill patients, 21948
development of psychometric typology of child abusers, definition of treatment need & level of risk & assessment of deviance level, sexual offenders, 8396
diagnosis & comorbidity & level of impairment & implications for treatment of social phobia, 21184
dimensions of cognitive ability & their sensitivity to degree of cognitive impairment in Alzheimer's disease, 41–90 yr olds with dementia, 5382
disease course & severity & disability, health related quality of life, hospitalized patients with HIV, 14965
disease severity & coping responses & support available, affect, husbands with myocardial infarction & their wives, 11855
disease severity & fear of negative evaluation, interpersonal & psychological difficulties, 18–91 yr old psoriasis patients, 1941
drug addiction severity in patient-treatment matching, 19–59 yr old patients in high-structure behaviorally oriented or low-structure facilitative individual counseling, 9254
DSM-III-R criteria for major depressive episode & mood & motivation disturbance, elderly with mild vs severe vs without dementia, 11905
efficacy & safety of donepezil, 50–93 yr old patients with mild to moderately severe Alzheimer's disease, 30 wk study, 31622
efficacy & safety of treatment with ziprasidone, patients with an acute exacerbation of schizophrenia or schizoaffective disorder, 14546
efficacy & tolerability & safety of new generation vs tricyclic antidepressants as 1st vs 2nd line choice in treatment for severe depression, 31621
efficacy of selective serotonin reuptake inhibitors vs tricyclic vs other antidepressants, patients with severe depression, 21905
emotional responses & stigmatized reactions to heterosexual vs homosexual person with HIV vs cancer with symptoms of low vs high seriousness, male vs female secondary education students, 24684
emotional state & cognitive & disease characteristics, Emotional Stroop task performance, 37–96 yr olds with Parkinson's disease , 11935
fluoxetine vs placebo, PTSD severity & disability & stress vulnerability & treatment efficacy in relation to chronicity, civilians (mean age 37 yrs), 28412
fluoxetine, severity of immunosuppression in treatment of major depression &/vs dysthymia, 22–64 yr olds with HIV or AIDS, 8935
Functional Analysis of Care Environments Core Assessment, measurement of outcomes & severity in patients seen in routine practice, adult psychiatric patients, 29362
functional outcome as measured by ability to work or return to school after injury, 5–65 yr old males vs females with severe traumatic brain injury, 5349
gender correlates of binge eating severity, obese patients enrolled in residential weight loss program, 27972
group housing program for promoting rehabilitation through empowerment, adults with severe psychiatric disorders, 35299
HIV risk factors & detection & prevention of transmission & treatment & barriers to care, patients with serious mental illness, implications for role of public mental health systems, 21052
HIV risk factors, rural patients (mean age 39.6 yrs) vs urban patients (mean age 40.3 yrs) with severe mental illness, 17811
impairment on divided attention tasks requiring working memory, patients with severe traumatic brain injury, 34667
incidence of very mild to severe dementia & Alzheimer's disease, 65–84 yr olds, Denmark, 11866
injury severity, self- & parent-reported quantity of psychological stress symptoms, 6–12 yr olds with orthopedic injuries or traumatic brain injury, 1-yr study, 21471

interdisciplinary psychoeducational family group intervention, perceptions of frequency & severity of behavioral problems of persons with dementia & reactions, caregivers (mean age 65.6 yrs), 31980
interrater reliability of Danish Morgan Russell scale, assessment of severity of anorexia nervosa, anorexic patients, 9896
kinesthetic acuity for jaw movements & stuttering severity, 19–50 yr olds who stutter, 14882
levels of disagreement over symptoms & disorder severity & specific diagnoses & misdiagnoses, structured interview in medical diagnosis vs psychodiagnosis of major depression, primary care physicians, 21114
list learning & recall assessed by 9- vs 16-item versions of California Verbal Learning Test & severity of cognitive impairment, elderly with Alzheimer's disease, 5338
long term personality & behavioral effects of depression, college students with history of major vs mild depression or dysphoria, 27613
long-term prevalence & severity of emotional disability & suffering from recurrent & intrusive recollections of cardiac arrest, 24–90 yr old cardiac arrest survivors, followup study, 24767
long-term time-limited group therapy, symptomatology & self-esteem scores, 24–60 yr old females sexually abused as children & severely & persistently mentally ill, 50 wk study, 31556
major depressive episode severity assessed by 10-item Hamilton Rating Scale for Depression, adult unipolar & bipolar outpatients, 3308
managed care plan dissatisfaction & switching, patients with high levels of depressive symptoms, 22013
menu approach as method for choosing from employment options, employment outcomes, clients with severe psychiatric disabilities, 5-yr study, 35355
mother vs professional developmental assessment of severity & other aspects of developmental delays, 2–5 yr olds, 18123
neuron loss in locus ceruleus & dementia severity, severity & duration of depression, postmortem brains of patients with Alzheimers disease with vs without major or transient depression, 11901
nocturnal hormone secretion & sleep EEG several months after injury, 19–36 yr old males with severe traumatic brain injury, comparison with depressed patients, 31223
non-verbal memory deficit as substrate for doubt-related symptoms,23–70yr olds with obsessive-compulsive disorder with checking as principal symptom, 8206
number of affective episodes, cognitive impairment assessed during euthymic phase, patients with unipolar vs bipolar disorder assessed 12–25 yr post-hospital discharge, 1528
obsessive compulsive symptoms & symptom severity, 4–20 yr olds with Prader-Willi vs Prader-Willi-like syndrome, 14919
optokinetic nystagmus & severity of motion sickness & gastric tachyarrhythmia, 18–25 yr olds, 7012
pain & excess disability & psychological status, patients with arthritis (mean age 67 yrs), 24687
parent training program about ADHD & behavior management, parental stress & severity of child's behavior problems, parents, 28263
patient characteristics, severe vs nonsevere firesetters (aged 5–33 yrs) in residential institutions, 27815
patterns of health care utilization, 21–65 yr olds with vs without severe and persistent mental illness, 18899
perception of social support & social network sufficiency & role of stressful life events & depression severity, adult patients with treatment-refractory depression, 17882
performance & inter-correlations of single item visual analogue vs prospective symptom rating scales, assessment of severity & drug treatment efficacy, females with premenstrual mood symptoms, 26159
pervasive responsibility & prediction of obsessive-compulsive symptom severity, college students, 14631
placement in individual apartments vs staffed group homes, subsequent homelessness, formerly homeless patients with severe mental illness, 18-mo study, 21029
plasma glutathione peroxidase in antioxidant defense system & symptom severity, 25–49 yr old males with schizophrenia, 21167
predictability of peer problems based on IQ & neurological severity & visibility & parent- & teacher-rated adjustment, 6–8 yr olds with hemiplegia in mainstream education, 3 yr follow up, 18448
predictors of mortality in relation to severity of cognitive impairment, 65–85+ yr old nursing home residents with Alzheimers disease, .1–4.8 yr followup, 31229
presence of & contact with parents & stability of parental arrangements & other structural & functional family factors, presence & severity of conduct disorder, 11–18 yr males, 34257
pretrauma risk factors & war-zone stressors & posttrauma resilience-recovery variables & PTSD symptom severity, combat veterans, 11469
prevalence & severity of & risk factors for abnormal involuntary movements, community dwelling neuroleptic naive 3–17 yr olds at risk for cognitive & behavior problems, 21579
prevalence & severity of dementia, centenarians , 28197
prevalence & severity of urinary incontinence, African American vs Caucasian females, 31050
prevalence & severity of vocally disruptive behaviors, people with dementia, 28172
prevalence of atypical depression, patients with severe vs nonsevere unipolar vs bipolar depression, 21069
prevalence of major depression & comorbid anxiety & medical disorders & impairment & mental health care utilization, 18–80 yr old primary care patients, 35184
principles & processes for priority setting & decision making in mental health service resource allocation & program development, patients with serious mental illness, 22147
psychiatric severity & process of change & decisional balance & temptation & self efficacy according to transtheoretical model, dually diagnosed outpatients (mean age 32 yrs), 27490
PTSD characteristics & symptom severity & psychiatric status, 58–75 yr old Holocaust survivors and their 31–45 yr old children, commentary, 30790
relationship between impairment & disability measures for assessment of severity &/or improvement, 32–78 yr olds with aphasia, 18413
relationship between shame & guilt & severity of depression, 21+ yr olds with moderate to severe depression, 37300
reliability of predicted severity ratings in computer-administered Addiction Severity Index, drug & alcohol abusing 19–61 yr olds , 8339
rest vs stimulation, regional cerebral glucose metabolism index of dementia severity, patients (mean age 70 yrs) with Alzheimer's disease, 15034
risk-adjustment length of stay in VA vs private sector facilities, hospitalized veterans, 9211
role of psychological stress & local proinflammatory cytokine production in expression & severity of illness, adults infected with influenza A virus, 14896
routinely offered early follow up intervention, social disability & severity of postconcussion symptoms, 16–65 yr old patients with head injury, 6 mo follow up, 5917
Salpetriere Retardation Rating Scale & other measures of psychomotor retardation & assessment of depressive symptom severity & antidepressant treatment response, 32
screening for presence & severity of adjustment disorder & depressive mood or major depression, 25–87 yr olds with stroke, 4-mo study, 21520
self esteem & incidence & severity of injury, competitive field hockey players, 6358
self-induced water intoxication & severity of psychotic & other psychiatric symptoms, community-dwelling patients with severe mental illness, 8071
self-mutilative aspects of severe onychophagia & relation to tension management & comparison with self-cutting, college students, 11571
sentence comprehension, patients with minimal vs mild vs moderate dementia of Alzheimer type, 28139
serum anticholinergic activity changes with acute illness, nursing home patients with vs without delirium (mean age 88 yrs), 11787
severity of anorexia nervosa & difficulties in family functioning, adolescents with anorexia nervosa & their mothers, 1 yr follow up, 11741
severity of anorexia nervosa & difficulties in family functioning, adolescents with anorexia nervosa & their mothers, 1 yr follow up, commentary, implications for treatment & anorexia as defense, 27973
severity of anorexia nervosa & difficulties in family functioning, adolescents with anorexia nervosa & their mothers, 1 yr follow up, implications for treatment & anorexia as defense, commentary reply, 27975
severity of depression, nortriptyline hydrochloride vs interpersonal psychotherapy, depressed 18–64 yr olds, 8 mo study, 8945
severity of disorder & patterns of self efficacy for abstinence in future, 17–71 yr old inpatients with vs without comorbid alcohol/drug dependence & personality disorders, 4855
severity of impairment & frequency & quality of social contacts with family & friends, risk of violent behavior, adults with psychotic or other severe mental disorders in community-based treatment, 8081
severity of parent-child violence & abuse-specific attributions & attributional style, severity of psychopathology & internalizing & externalizing symptoms, physically abused 6–13 yr olds , 34255
severity of psychotic symptoms as reflection of PTSD severity, combat veterans (aged 47–68 yrs) with chronic PTSD & well-defined psychotic features , 17934
severity of retardation & autism symptoms & facial & other physical anomalies, children with autistic disorder with vs without chromosome abnormalities, implications for genetic etiology of autism, 34435
sex & seizure severity & academic achievement, children with epilepsy (mean age 14.5 yrs) vs asthma (mean age 14.2 yrs), 4 yr followup, 34533
smoking rate & depression severity, psychiatric patients, 24170
social psychology ingroup–outgroup perspective on reduction & discreditation of stigma, patients with severe mental illness, 30607
stability of preferences for treating severely vs moderately ill patients, prospective jurors (mean age 42 yrs), 31386
subjective sleep quality & level of nocturnal motor activity, adults with less vs more severe depression, 17875
symptom severity in Alzheimer's disease & vascular comorbidities, African-Americans (mean age 76.5 yrs) vs Caucasians (mean age 79.7 yrs)., 18419
target injury severity, judgments of defendant liability & award compensation & feelings toward litigants in mock jury task, college students, 4743
use of Farnsworth Lantern test for determination of type & severity of red–green color deficiency, color deficient adults, 8696
use of screening instruments in detection of subthreshold depression & anxiety, 60 yr olds & older, 32649
weight loss & severity & stage of disease, Alzheimer's disease patients, longitudinal studies, 2102
Wide Range Assessment of Memory & Learning, assessment of memory functioning, 6–17 yr olds with mild-moderate or severe traumatic brain injury, 16360

Severity (Disorders)—Books

Enhancing the quality of life in advanced dementia, 31396
On bearing unbearable states of mind, 31476
Solution-oriented therapy for chronic and severe mental illness, 8086
Speculative innovations for helping people with serious mental illness, 35203

Severity (Disorders)—Chapters

Are consumers going to the dogs (and cats and birds)?, 34758
Assessing psychosis in acute and chronic mentally ill older adults, 32672
Assessment of quality of life in advanced dementia, 31357
Dysarthria following traumatic brain injury, 37939
Effects of stress on susceptibility and severity of inflammation in adjuvant-induced arthritis, 26727
How do you provide treatment if different people need different things at different times?, 34763
Integrated approaches to acute illness, 37251
The psychotherapeutic needs of the learning disabled and multiply disabled child, 34453
Social support and psychological disorder: Insights from social psychology, 14474
The sword of reform has two sharp edges: Normalcy, normalization, and the destruction of the social group, 35207
What does ''community'' mean for persons with mental illness?, 35206

Sex—Serials

age differences & stimulus sex, empathic response, male vs female 13–16 yr olds, 951
content analysis of gendered messages on bodily appearance on magazine covers, 23641
corticosteroids & stress responses & sex & intracellular receptors, 7233
determinants & consequences of sex & race composition in organizations, 38934
gender & power & relationships in peer sexual harassment, adolescent victims & perpetrators, 21236
gender & social history, nurse-technology relationship, 38654
gender, nonresident parent–child interaction patterns & involvement, 23912
importance of ethnicity & gender & personal attributes in different activity domains & role of stereotypes, Dutch & Turkish 10–12 yr olds, 17385
moral authority in classrooms, social interactions & gendered power in girls' education, teachers, 25720
race & class & sexual orientation & gender in domestic violence, 27762
racial & ethnicity & sex bias on curriculum-based measure of reading, African-American vs Caucasian students grades 2–5, 32719
representation & processing of grammatical gender in language processing, 36674
sexy male or female advertisement models, attitudes toward & recall of advertisement & brand name, male vs female undergraduates, 6391
size preference in association patterns of opposite- & same-sex individuals, male vs female sailfin mollies, 36336

Sex—Chapters

Ethnicity, gender, and cross-cultural issues in clinical research, 12013

Is gender essential?, 23937
Sex Change—Serials
approaches to & outcomes of psychotherapy as alternative to sex reassignment surgery, 13 & 17 yr old adolescents with gender identity disorder, 34795
development of psychopathology, 2–27 yr olds with intersex conditions treated through sex assignment & genital organ correction & parent counseling & child psychotherapy, comment, 15075
etiology of & physiology & developmental & family factors & psychopathology & sex change & other treatments for gender identity disorder & transsexualism, 17815
issues in gender identity problems & sex reassignment & clinical management, 27 yr old man with penile agenesis, 1926
Sex Chromosome Disorders [See Also Klinefelters Syndrome]—Serials
criminality & antisocial behavior, 18–27 yr old males with XYY or XXY chromosome abnormalities, 34549
extra sex chromosome, brain volume & IQ & schizotypal personality, 16–28 yr old phenotypic males & females with XXX or XYY or XXY genotypes, 31081
psychosocial & educational & support needs, parents who continue pregnancy after receiving prenatal diagnosis of sex chromosome abnormality in their unborn child , 2523
Sex Chromosomes—Serials
extra sex chromosome, brain volume & IQ & schizotypal personality, 16–28 yr old phenotypic males & females with XXX or XYY or XXY genotypes, 31081
Sex Differences (Animal) [See Animal Sex Differences]
Sex Differences (Human) [See Human Sex Differences]
Sex Differentiation Disorders [See Genital Disorders]
Sex Discrimination—Serials
constitutional & judicial & legislative developments, implementation of gender equality & women's rights in Southern African countries, 39076
gender & age & comorbidity & clinic size, equality in emergency room treatment of chest pain, 10–90 yr olds, 2645
reliability & validity of Sexist Discrimination in the Workplace subscale of Schedule of Sexist Events, 23–44 yr old African American &/vs White female firefighters, 59
roles of breast-feeding & wet-nursing in sex-biased investment in children, England, 1600–1800, retrospective study, 17471
sex bias in diagnosis of personality disorders using DSM-IV, clinicians (aged 33–84 yrs), 21222
sex, gender bias & perceptions of hypothetical male vs female head coach, 15–18 yr old male vs female track & field athletes, 7509
strength of evidence & juror sex & attributions from sex stereotyping & judgments of work-related sex discrimination, college students, 20855
Sex Discrimination—Books
Gender in the workplace: A case study approach, 25861
Women in science: Meeting career challenges, 4668
Sex Drive—Serials
bupropion SR-induced increased libido & alteration in orgasm, 37 yr old male with attention deficit disorder, 5644
evolutionary & developmental factors & stressful family environment & masculinity traits & low mate value, sociosexual variation & casual sex, 25–35 yr old noncollege females, 30363
physiological androgen replacement with methyltestosterone, sexual energy, 43–49 yr old menopausal females with hypoactive sexual desire disorder, 28621
postsurgical level of sexual desire & affect & mood awareness & sexual anxiety & androgen level, 30–65 yr old females who had undergone hysterectomy vs nongynecological surgery, 18256
qualitative & quantitative analyses of experiences of sexual desire & fantasy & pleasure & attitudes & abuse & body awareness & eroticism, urban vs suburban adolescent females, 14047
qualitative & quantitative analyses of experiences of sexual desire & fantasy & pleasure & attitudes & abuse & body awareness & eroticism, urban vs suburban adolescent females, commentary, 14049
sertraline or paroxetine, sexual functioning, women vs men with dysthymia or chronic major depression or double depression, reply, 21939
sertraline or paroxetine, sexual functioning, women vs men with dysthymia or chronic major depression or double depression, commentary, 21864
slides of nude vs clothed men & women, choice reaction time & incidental learning task performance, heterosexual men vs women vs gay men vs lesbian women, 23935
worry & sexual aversion & sexual desire, 19–22 yrs old , 37019
Sex Education—Serials
abstinence & condom effectiveness & user failure rates & sexuality education curricula, adolescents, 19246
abstinence-based sex education program, pregnancy prevention knowledge & beliefs, middle school students, 9418
attitudes toward sexual health education in schools & choice of topics, parents of children in junior kindergarten through grade 12, 6155
classroom demonstration of prevalence of different forms & vulnerability for contracting a sexually transmitted disease, 9451
content of sex education lessons, teen motherhood, 16 yr old females & their parents & their teachers, 7 yr study, 4497
description & evaluation of reproductive health counseling for adolescent females, 40–61 yr old nurses, 18871
evaluation of "Sex Can Wait" abstinence sex education program, knowledge & attitudes & beliefs about sexual behavior, upper elementary & middle school & high school students, 15863
feminist perspective on effects of culture of normalization on & oppressive nature of sex education, females with learning difficulties, 34470
global vs specific items & assessment of conversations over adolescent life span vs 1-yr & forced-choice vs continuous responses, parent–teen disagreement about sexual discussions, mothers vs teens, 26944
Muslim attitudes toward the teaching of homosexuality as an acceptable alternative lifestyle, commentary, 19240
Muslim attitudes toward the teaching of homosexuality as an acceptable alternative lifestyle, commentary reply, 19247
sex education & attitudes toward premarital sex, Seventh Day Adventist youth (mean age 19.5 yrs), 17429
Sexpert sexual counseling expert system vs sex therapist vs sex educational video, attitudes toward computer system & learning & behavior changes in sexual relationship, couples, 8771

assertiveness skills, coital & noncoital sexual activity, 13–19 yr old females, 33669
attitudes & social norms & self-efficacy about refraining from sexual intercourse & age & gender & ethnicity & parental education, delay of intercourse onset, adolescents (mean age 15 yrs), 33644
content & construct & concurrent validity of Sexual Risk Behavior Beliefs & Self-efficacy scales, assessment of intercourse involvement & condom use, 9th–12th graders, 16297
evolution of psychoanalytic meanings of interpretation & sex from Freud to present, 37194
evolution of psychoanalytic meanings of interpretation & sex from Freud to present, commentary, 37192
evolution of psychoanalytic meanings of interpretation & sex from Freud to present, commentary reply, 37193
frequency & severity of pain during anal intercourse & sexual behavior concomitants & psychosexual determinants, 18–74 yr old gay men, 1188
linguistic & emotional & content analysis of sexually explicit scenes in men's vs women's popular novels, college students, 4320
Matching Law, prediction of sexual activity & contraceptive use, 14–19 yr old females, 904
personal vs interpersonal vs social vs physical environmental motives for casual sex encounters, male vs female college students, 30365
preferred sexual partner qualities & reasons to have vs not to have sex, African American vs White male vs female 16–20 yr olds, 36795
processes of acquiescence to unwanted sex, 21–74 yr old married females or in long-term intimate relationship, 37440
risk & resilience factors associated with sexual intercourse & gang involvement & alcohol & drug use, urban culturally diverse 12–16 yr olds, 972
sexual activity in adolescence prior to coital intercourse, 18–25 yr old male vs female college students, 14043
sexual attitudes of permissiveness & sexual efficacy, sexual behavior & intercourse participation, adolescents, 2 yr study, 30245
sexual risk & knowledge & economic & demographic correlates of 1st intercourse, adult females, 23936
sociocultural & demographic characteristics & rape at 1st intercourse, 15–50 yr old females, Central African Republic, 14654
theories of evolution on estrus cycle & visual & olfactory sexual signaling & sexual intercourse, humans & nonhuman primates, 20065
timing of mother–adolescent discussions about condoms, condom use during first & subsequent sexual encounters, 14–17 yr olds, 946
verbal vs nonverbal communication-based strategies to ensure condom use at first intercourse with new partner, 16–19 yr olds, implications for prevention of sexually transmitted diseases, 31119

Sexual Intercourse (Human) [See Also Dyspareunia, Extramarital Intercourse, Incest, Premarital Intercourse, Rape]—Books

Falling in love, 14853
Lust: What we know about human sexual desire, 37028

Sexual Masochism—Serials

drug therapy & psychodynamic therapy & sex education & social skills training & aversive behavior therapy, 38 yr old masochistic male who received sexual gratification from being burned or crushed, 2144

Sexual Orientation [See Also Heterosexuality, Homosexuality]—Serials
accuracy of family history method for assessing siblings' sexual orientation, twins (aged 19–52 yrs), 22947
development & factor analysis & reliability & discriminant & convergent validity of Attitudes Regarding Bisexuality Scale, heterosexual & bisexual & lesbian & male homosexual 15–61 yr olds, 23931
development of the Dating Self-Protection Against Rape Scale & prediction of self-protective behaviors against sexual assault, heterosexual men vs women vs gay men vs lesbians vs bisexuals, 16324
development of the Masculine–Feminine Pathology Scale for the MMPI–2, measurement of gender orientation & symptomology, male vs female psychiatric inpatients (mean age 36.7 yrs), 3322
emotional responses & stigmatized reactions to heterosexual vs homosexual person with HIV vs cancer with symptoms of low vs high seriousness, male vs female secondary education students, 24684
epigenesis of sexual orientation, adult bisexual males who experienced intense romantic homosexual affair in their youth & subsequently decided to lead heterosexual lives, 30355
ethical considerations in responding to request for sexual orientation conversion therapy, lesbian or gay or bisexual clients, 32160
family relations & identity expression & availability of gay/lesbian resources, identity disclosure to parents, gay 14–18 yr olds, 20620
HIV prevention education workshop, AIDS awareness & knowledge & attitudes & risk reduction & program satisfaction & suggestions for improvement, 29–58 yr old transgendered workshop participants, 7746
HIV risk behavior & social & cognitive factors, transgendered females vs homosexual or bisexual males vs heterosexual females, 28075
intellectual functioning & maternal age & sexual orientation, male pedophiles, 24557
level of knowledge & understanding of AIDS-related Pneumocystis Carinii Pneumonia treatment therapy, male heterosexual vs nonheterosexual prisoners with HIV , 38432
model of identity development, 17–51 yr old gay & lesbian & bisexual & other college students of minority sexual orientation, implications for student counseling , 30362
pedophilic interest & sexual preferences, biological vs other incest offenders, 21375
prenatal exposure to anticonvulsant drugs phenobarbital vs phenytoin, sexual development & gender role behavior & development & gender orientation, adults, 13888
prevalence of harassment due to sexual orientation during medical school education & graduate medical practice, 30–70 yr old lesbian & heterosexual female physicians, 37014
professional silence & need for increased sensitivity to sexual-minority issues & strategies for enhancing lives of gay & lesbian & bisexual individuals, social scientists, 23933
race & class & sexual orientation & gender in domestic violence, 27762
risk of psychiatric disorders & suicidal ideation & suicide attempt, 21 yr old gays & lesbians & bisexuals, longitudinal study, 37461
self report of sexual orientation & behavior, American Indian vs Anglo American adolescents, 961
sexual orientation & penile size, 18+ yr old homosexual vs heterosexual males, 23923
sexual orientation & personal & professional attributes, academic psychiatrists, US & Canada , 4676
sexual orientation, suicidal ideation & attempts, 21 yr old gays & lesbians & bisexuals & middle aged veteran male twins in which 1 member reported having male sex partners in adulthood, commentary, 37501
sexual orientation, suicidal ideation & attempts, 21 yr old gays & lesbians & bisexuals & middle aged veteran male twins in which 1 member reported having male sex partners in adulthood, commentary, 37436
sexual orientation, suicidal ideation & attempts, 21 yr old gays & lesbians & bisexuals & middle aged veteran male twins in which 1 member reported having male sex partners in adulthood, commentary, 37463
sexual orientation, thoughts about death & committing suicide & wanting to die & attempted suicide, middle aged veteran male twin pairs in which 1 member reported having male sex partners in adulthood, 37470
slides of nude vs clothed men & women, choice reaction time & incidental learning task performance, heterosexual men vs women vs gay men vs lesbian women, 23935
static viewing vs dynamic nonverbal behavior observation, sexual orientation judgment accuracy, heterosexual vs gay male & lesbian college students, 30450
support & therapy groups, females with diverse sexual identities, 38111
use of sexual orientation as meaningful social category & covert discrimination, college students, 27312

Sexual Receptivity (Animal) [See Animal Sexual Receptivity]
Sexual Reproduction [See Also Fertility]—Serials
age & individual size & fluctuating asymmetry, hierarchy rank & reproduction, queenless ant colonies, 36338
alliances & reproductive success, low-ranking Camargue stallions, 16801
biosocial models of premarital sexual & reproductive behavior, married women, Sudan, 33838
birth rate & infant mortality & interbirth interval, wild female Japanese macaques of Yakushima vs Kinkazan Islands vs provisioned vs nonprovisioned populations, Japan, 3770
body size & home range & courtship & mating behavior & male reproductive success, bridled nailtail wallabies, 26501
discrimination between individual females vs males with relation to reproduction, male Japanese quails, 3756
economic & other bases of population overgrowth & need for restriction of reproductive rights vs subsistence rights, 35758
educational equality & reproductive freedom, preference for resource-acquisition characteristics in mates, males vs females, 30408
egg-laying behavior while parasitizing brown-and-yellow marshbirds, shiny cowbirds, 36351
evolutionary stable strategy model of reproductive skew & indiscriminate infanticide, 10325
fertility & reproduction, females with anorexia nervosa (aged 23–45 yrs), 14872
food restriction, reproductive functioning, obese female Zucker rats, 26469
fruiting during conception-pregnancy period & subsequent birth rates, Japanese macaques from Yakushima vs Kinkazan Islands, Japan, 3768
future directions for studies of women's mental health including reproduction-related dysphorias, 1521
history of reproductive problems & demographic characteristics & study attrition & psychosocial problems, pregnant women with vs without malformed offspring, 24714
hormonal-assessed age at sexual maturation in family group, female Goeldi's monkeys, 19920
host-searching & oviposition on aspen vs balsam poplar foliage & parasitism rates of caterpillars, tachinid parasitoid, 3736
kairomone & prior experience with hosts, recognition & acceptance of scale covers differing in age & size, mated female wasps, 3737
low vs high sodium intake, reproductive performance, mice, 26514
male mouthbrooding behavior & comparative mating strategies, male vs female sand-dwelling cardinalfish, 33136
male reproductive success & the presence of extrapair parentage, isolated stitchbirds, 33111
microsatellite DNA markers in determining reproductive behavior, individual brown-headed cowbirds, 36322
model of reproductive potential & benefit or cost to kin as predictors of depression & hopelessness & suicidal ideation & behavior, college students, 21229
number of X-linked androgen receptor gene CAG repeats & psychological femininity & reproduction-related traits, female monozygotic twins, 29758
parental & exogenous estradiol, reproductive performance, 1st generation female finches, 20388
photoperiod or water deprivation, reproductive status, male vs female Shaw's jirds in moderately temperate climates, 23230
postalightment oviposition behavior on host plant species, female monarch butterflies, 3709
presence of gamergate signals, regulation of worker reproduction, Diacamma ant colony members, 33156
queen mating frequency & facultative polygyny & genetic variation in relatedness, Panamanian leafcutter ants, 29707
rates of aggression during first 2 mos of life & aggression decline with reproductive value, spotted hyena litter mates, 36337
recollection of early stress (environmental risk & uncertainty), individual differences in attachment behavior & time preference & sexual behavior & reproductive strategies, female college students, 17655
repeated matings, sperm numbers in successive ejaculates, male cabbage white butterflies, 3802
sexual selection perspective of unidirectional hybridization, male & female animals, 26536
social organization & reproductive patterns & sexual behavior, free-ranging donkeys, 386
socioendocrinological mechanisms, suppression of reproductive function, dominant vs subordinate male sifakas, 26510
sperm exchange during mating, hermaphroditic flatworms, 4011
sperm transfer dynamics & male competition over mating opportunities, bumblebees, 36334
starvation & sand substrate, cardiac & ventilatory behavior, disturbed vs settled ovigerous vs non-ovigerous female crabs, 29938
wing morphology & sex allocation & local mate competition, Old World non-pollinating fig wasps, 29718
workload & parental care & energy budget & reproductive decisions & fitness, zebra finches, 26498
Sexual Reproduction [See Also Fertility]—Books

Reproductive health, 2449
Sexual Risk Taking—Serials
age at first receiving contraceptive information, risk-related sexual behaviors, 18–23 yr old never-married females, 25335
AIDS Community-Based Outreach/Intervention Program, drug- & sex-related risk behaviors, adult HIV negative vs positive intervenous drug vs crack cocaine users, 6 mo follow up, 2497
AIDS sexual risk behaviors & AIDS-related worry, 22–40+ yr old African American females, 34581
alcohol use disorders, risky sexual behaviors, 14–19 yr olds, 37548
anger management vs STD/HIV risk reduction interventions, sexual risk behaviors, incarcerated juvenile males (mean age 15.8 yrs), 6-mo followup, 32075
applicability of risk assessment questionnaires developed in Western countries to assessment of HIV risk behaviors & intentions & perceptions among 12–18 yr old Namibian youth, 16372
application of consumer-centered social marketing techniques to international sexually transmitted disease/HIV prevention & sexual risk behavior change, 2511
Army HIV education program participation, sexually-related HIV risk & preventive behaviors, 17–47 yr old army troops, 2519
association between HIV infection & measures of self-reported condom use, 18–45 yr old female sex workers in Yaounde & Douala & Cameroon, 31137
attitudes about condoms & HIV risk behavior, 24–49 yr old heterosexuals in different types of relationships & occupations , 18878
beliefs & attitudes regarding new medical treatments, sexual risk appraisal & taking, HIV discordant male homosexual couples, 5272
benefits & risks & ethics & social researchers' self-disclosure of sex with informants during field work, 38736
benefits & risks & ethics & social researchers' self-disclosure of sex with informants during field work, comment, 38738
benefits & risks & ethics & social researchers' self-disclosure of sex with informants during field work, comment, 38733
changes in HIV knowledge levels & behaviors, 11–19+ yr old incarcerated offenders, 1988 vs 1996, 37600
client demographics & sexual orientation & HIV status & therapist breaking confidence when client discloses high-risk-to HIV/AIDS sexual behaviors & therapist characteristics, 35–84 yr old therapists , 2733
cocaine & cannabis & opiate & alcohol use, sexual risk behavior for HIV infection, 18–39 yr olds, 33834
cognitive & behavioral & personality correlates of unsafe sexual behavior, HIV-positive 18–59 yr olds, 11845

cognitive-environmental model on understanding unprotected sexual behaviors, gay vs lesbian vs bisexual 14–21 yr olds, 17527
content & construct & concurrent validity of Sexual Risk Behavior Beliefs & Self-efficacy scales, assessment of intercourse involvement & condom use, 9th–12th graders, 16297
culture- & sex-specific small group intervention program, disease risk reduction, Black vs Mexican American 14–45 yr old females with nonviral sexually transmitted diseases, 12374
current &/vs past alcohol & drug use & sexual behavior related to HIV risk, 18–73 yr old seronegative males having sex with males, 18088
decision making & avoidance & sexual risk taking behavior, 13–21 yr old substance abusers, 37571
demographic characteristics & risky sexual activity & HIV test expectations & results, 17–61 yr old students who voluntarily sought HIV testing at university health center, 35115
determinants of sexual partner safety assessment & high-risk sexual encounters, 18–60 yr olds attending sexually transmitted disease clinic, 37756
discrepancies between self-completed sexual diaries & recall on a questionnaire of same sexual behavior, male homosexuals, 16369
disease status & progression & changes in sexual risk behaviors, 24–55 yr old HIV positive vs negative females, 4 yr study, 1977
dispositional optimism & unsafe sexual behavior, 15–18 yr old sexually active adolescents, 9039
drug use & HIV related sexual risk behaviors, adult female inmates, 18103
drug use patterns, sexual & injection related HIV risk behaviors, runaway or homeless or street youth, 5077
enhanced care & support vs regular health services, sexual risk taking, newly diagnosed HIV-positive adults, 38491
experimental manipulation of interviewer- vs self-administered interviews concerning HIV related sexual & drug use behaviors, 12–49 vs 50–64 vs 65+ yr olds, 1980
factors associated with sexual behavior & risk while on vacation, gay males, implications for HIV prevention, 28068
functionalist perspective on risky sexual behavior, adolescents & young adults, 7499
high vs low self-esteem, compensatory self-enhancement in the consideration of health risk, students, 27355
HIV intervention, abstinence & condom use & HIV risk intentions & perceptions & other risk behaviors, 15–18 yr olds, 1 yr study, Namibia, 9058
HIV prevention & sexual risk behavior & role of sex ideologies & sexual scripts in sexual life of youth, 15452
HIV risk & protective factors, sexual behavior, 18–25 yr old Asian & Pacific Islander men who have sex with men, 31117
HIV risk behavior & social & cognitive factors, transgendered females vs homosexual or bisexual males vs heterosexual females, 28075
HIV risk behaviors & likelihood of testing for HIV status & repeated testing, Ss before & after entering methadone maintenance treatment, 1979
HIV risk behaviors, transsexual vs non-transsexual male inmates, 11842
HIV risk reduction intervention project, sexual risk behavior, 17–44 yr old low-income sexually transmitted disease clinic patients, 9053
HIV risk reduction intervention, HIV knowledge & attitudes & sex risk behaviors & intentions, 15–18 yr olds, Namibia, 28633
HIV risky sexual behavior & anti-condom biases & AIDS related information & knowledge & perceptions & attitudes, 16–24 yr olds, 21505
HIV sexual risk behaviors & condom use, 15 yr olds & older, Spain, 7747
HIV status & acculturation, sexual risk taking, 18–50 yr old HIV positive vs negative Latinas, 28066
HIV-related knowledge & attitudes & risk behavior, 13–19 yr old mothers, 8552
HIV/AIDS knowledge & beliefs & at-risk behaviors, Chinese-American 12–82 yr olds living in a US community, 11836
intentions for & experience of casual sex, 18–31 yr old college students, 4677
interactive vs didactic methods of teaching HIV risk assessment interview skills, medical residents, 5270
intimate relationships & sexual decision-making, 23–54 yr olds receiving treatment for severe & persistent mental illness, recommendations for HIV risk assessment & prevention , 17762
involvement in & motivation for unprotected bareback sexual activity & bug chasing, HIV-positive & -negative gay males , 11524
knowledge & psychosocial factors & behavioral risk factors associated with acquisition of sexually transmitted disease & HIV, 13–17 yr old urban high school students, 36784
knowledge & risk of contracting AIDS, 18–59 yr olds with mild or moderate intellectual disability, 37700
maternal sexual behavior & attitudes & communication with child, sexual risk taking, male vs female Black or Hispanic adolescents in mother-headed households , 11011
methadone maintenance treatment, HIV risk behaviors, individuals (mean age 38.5 yrs) with cocaine dependence and abuse, 9242
methamphetamine use, sexual & injection HIV risk behaviors, out of treatment iv drug users (aged 17–72 yrs), 30899
migration & ethnicity & environment, HIV risk factors, sexually active 16–72 yr old females living in bateyes, Dominican Republic, 1970
motivation theory & Elaboration Likelihood Model of persuasion, central vs peripheral processing of communication about condom use to reduce AIDS risk behavior, high vs low motivation 18–43 yr olds, 28630
onset of new erotic fantasy & high risk self-destructive sexual behavior, 40 yr old gay male with multiple psychiatric disorders , 7751
perceived or actual alcohol intake, perceived self-efficacy for avoiding HIV, females (aged 21–30 yrs), 37039
perception of AIDS treatment advances & prevention setbacks, 17–59 yr olds men attending a gay pride festival, 1982
perceptions of HIV/AIDS & factors influencing high-risk sexual behavior, 20–49 yr old mine workers, 5269
perceptions of risk of HIV transmission through oral sex, HIV patients (aged 22–66 yrs) and health professionals (aged 33–54 yrs), 38450
possibility of HIV transmission, unprotected intercourse, HIV-positive homosexual males, 8557
prosocial values & self efficacy in delinquency & risky sexual behavior & drug use, male vs female racially diverse 12–19 yr olds, 21370
psychological & behavioral characteristics, 18–59 yr old gay & bisexual males who do vs do not intend to use antiretroviral post-exposure prophylaxis to prevent HIV infection, 5265
psychosexual concerns & sexual risk behaviors, HIV-infected persons aged less than 29–50+ yrs old, implications for HIV prevention, 31837
psychosocial & behavioral factors, high-risk sexual behavior, 20–58 yr olds with HIV/AIDS in rural areas, 31125
psychosocial factors & stages for condom use, inner-city women at-risk for HIV, 7756
psychosocial variables & sexual & drug risk behavior, HIV positive vs negative African vs European American male partners of HIV positive females, 28071
reasons for sexual conduct & condom use, expatriates posted in AIDS endemic areas, 7749
relation between policresulen vaginal suppository use & mucosal disruption & risk of HIV transmission, female commercial sex workers, Thailand, 5266
relationship between gender roles & multiple partners & non-use of condoms & substance use with sexual intercourse, 4658
relationship characteristics of love & length & type & condom use & HIV/sexually transmitted disease risk perception, college students, 33835
risk factor of becoming pregnant at early age, 14–18 yr old mothers vs nonmothers vs expectant mothers, 17339
risk perceptions & sexual assault judgments within dating interaction scenario, 15–27 yr old female single- vs multiple-incident sexual assault victims vs nonvictims, 34416
risky sexual behavior & condom use, 18–45 yr old urban women engaging in health promoting behavior & attending a family planning clinic in the US, 25349
safer sex conflict vs leisure activity discussion topic, communication patterns about safer sex, partners in close relationships vs opposite sex strangers, 23968
sex & acculturation & sociodemographic characteristics, alcohol use & AIDS-related sexual behavior, Hispanic adults, 9050
sex partner & relationship factors, attitudes toward female barrier contraceptives, 18–35 yr old women at risk for infection with HIV & other STDs, 31115
sex, HIV status of relationship partners & economics & emotional distress & coping & substance abuse, high risk sexual behavior, adults with HIV (mean age 37.2 yrs), 31126
sexual behavior & safer sex practices, 18–57 yr old college students attending commuter university, 4680
sexual behaviors & social & cultural contexts of such behavior, gay men prior to HIV seroconversion vs HIV-negative gay men, 7752
sexual networking & regimes, risk of HIV/AIDS epidemic, married vs single males, Bangladesh, implication for AIDS prevention , 22084
sexual risk & knowledge & economic & demographic correlates of 1st intercourse, adult females, 23936
sexual risk acts & attitudes toward HIV prevention, homosexual & bisexual & heterosexual 13–21 yr olds, 25367
sexual risk taking & HIV/AIDS & unintended pregnancy risk, adolescents, implications for prevention program planning, 25376
social cognitive factors of perceived behavioral control & intention & attitude toward condom use & 1st- & 2nd-order interactions as predictors of sexual risk behavior, HIV+ & HIV- homosexual males , 23927
social stigma & HIV/AIDS knowledge & sexual risk taking, sexually active heterosexual 18–20 yr olds, 22011
social support & preventive health behavior & childhood & adulthood victimization, risky drug use & sexual behavior, homeless African-American vs Latina women (mean age 33.2 yrs), 31123
sociodemographic factors & HIV/STD knowledge & attitudes & risk behavior, 12–21 yr old Hmong-Americans, 31132
substance use during adolescence & HIV risk behavior among young adults, 19–21 yr olds with vs without college education, 20610
theoretical models used to guide National Institute on Drug Abuse's Cooperative Agreement research & HIV drug & sexual risks intervention efforts, 2539
treatment for drug abuse, risky sexual behavior, adult drug abusers in inpatient or outpatient drug treatment, 5933
treatment of drug addiction & HIV risk behaviors, 16–42 yr old drug addicts, Peoples Republic of China, 8550
trust & love & emotional intimacy & commitment & relationship attitudes, sexual risk taking, 18–68 yr old gay males in long-term relationships, implications for HIV prevention, 15439
use of HIV risk behavioral surveillance surveys for detecting trends in HIV & sexually-transmitted disease related behaviors & impact of prevention efforts, at risk populations, Asia & Africa, 2518
use of male vs female condom use, protection against sexually transmitted diseases, adult female sex workers, 24 wk study, Thailand, 2501
variables associated with increase in condom use following HIV intervention, injection drug users, 6 mo followup, 18062

Sexual Risk Taking—Books

Childhood trauma and HIV: Women at risk, 11846
Harm reduction: Pragmatic strategies for managing high-risk behaviors, 2701

Sexual Risk Taking—Chapters

Harm reduction and HIV/AIDS prevention, 2549
Perceptions of condoms and barriers to condom use along the Trans-Africa highway in Kenya, 9064
The politics of silence: Communicative rules and HIV prevention issues in gay male bathhouses, 7759
Promoting health in African American populations: A case study, 9087

Sexual Satisfaction—Serials

discriminant & predictive validity of Dutch translation of Golombok Rust Inventory of Sexual Satisfaction, sexology & gynecological outpatients with vs without sexual problems, 16355
hypothalamic serotonin, nucleus accumbens dopamine during mating behavior, male rats, implications for sexual satisfaction, 33442
income & marital & occupational & drinking status, general health & depression & sexual satisfaction & dysfunction, 55–90 yr old women, 23918
physiological & psychosocial & sexual functioning & adjustment & satisfaction & surgical results, male to female gender transformation surgery patients, 3 yr followup, 14210
psychometric properties of Golombok Rust Inventory of Sexual Satisfaction, heterosexual couples, Netherlands, 9802
religiosity & religious belief & relationship & sexual satisfaction, married male vs female 20–60 yr olds & older, 4625
self & mate acceptance in sexual arousal & satisfaction & behaviors, married couples, 11075
sexual co-orienting for sexual preference & sexual satisfaction & interpersonal communication in dyads, heterosexual cohabitating adults, 14209
sexual satisfaction & self-disclosure, college students in dating relationships, 23969

Sexual Satisfaction—Chapters

Developmental issues in psychotherapy with older men, 31491

Sexuality—Serials

biological basis of female sexuality & sexual dysfunction, 5212
changes in sexual drive during weight restoration, 18–31 yr old female patients with anorexia nervosa, 31020

cognitive sociology & sexual scripting theory, model of cognitive scripting of sexual identity, 14206
consensual sexual relations & sexuality & sexual interactions & harassment in the workplace, 37025
demographic & socioeconomic factors & family structure & affective functioning & sexuality & sexual knowledge & attitudes & experiences, 14–20 yr old underprivileged Mexican adolescents, 33657
desired sexual qualities in self & husband, changes in experienced sexual response, female 38–56 yr old participants in midlife health survey, 4660
dominant vs traditional values & beliefs & practices & models of healing & healthy sexuality, Indigenous peoples, 23928
early attachment experiences & sexuality-related indices, male vs female pornography readers vs nonreaders, application of life history theory, 27083
ethical issues in human sexuality & sexual & relationship therapy research, 34893
evolution of psychoanalytic thinking on sexuality & remodeling of ambiguous potential space between "Lust" & libido, 30544
experiences of sexuality after treatment, female breast cancer survivors, 28099
facilitated sex as need vs want, disabled students & personal assistants, 24081
history of & changes in attitudes toward sex & sexual behavior, China, implications for spread of HIV & other sexually transmitted diseases, 37027
history of sexuality & psychosexual behavior in sociocultural context from ancient civilizations to 20th century, 20790
human sexuality textbook references, implications for research studies in psychology, 22440
issues & critiques on "The History of Sexuality" as it relates to reformulation of social theory & works of M. Foucault, 33863
J. P. Sartre's anatomization of existential symbolism of things located in external facticity of being & subjectively infused situation in "Being and Nothingness", 27432
knowledge of & attitudes toward elderly sexuality & sexual expression, elderly in long term care facilities vs staff, 5897
measure & cognitive processing aspects of sexual self-schemas, male undergraduates & 27–77 yr olds, 14291
multiple ejaculatory orgasms without attempt to inhibit ejaculations, 35 yr old male, 7758
need for cultural & historical diversity & subjectivity in psychoanalytic conceptions of sexuality for lesbians & heterosexual females , 4803
normal vs problematic & disordered use of Internet for sexual pursuits & expression, 18–50+ yr old males vs females, 14657
personal experience & professional perspectives on impact of disability on sexuality, males, 21005
postsurgical level of sexual desire & affect & mood awareness & sexual anxiety & androgen level, 30–65 yr old females who had undergone hysterectomy vs nongynecological surgery, 18256
prevalence of sexual dysfunctions & correlation with sexuality knowledge & attitudes, 16–53 yr old married females at family planning centers, 28050
process of developing comprehensive sexuality training curriculum on elderly sexuality for long term care facility staff, 9341
psychoanalytic approach to defensive function of fantasies & mental representations of self & anatomy in sexuality, human females, 30555
psychoanalytic perspective on postmodern views of sexuality, 30550
relationship between demographics & health & self-esteem & intimacy & sexual knowledge & attitudes & activities, 50–89 yr old females, 1004
role of gender in sexualization over time of Whites' popular media images of Native Americans, 33572
sex, parent-child sexuality communication, parents of preschool aged children & preadolescents, 30225
sexual conflicts & crucial role of developing comfortable functional sexual style in 1st 2 yrs of marriage, couples, 7675
sexual side effects of psychotropic drugs, 5615
sexuality & sexual problems after childbirth, new mothers, 23922
social expectations & morality of sexuality & appearance for lesbian women, 37022
strength of Christian belief, notions of sexual activity, younger (mean age 19) vs older (mean age 36.6) Christian college students, 36920
systemic-constructivist approach to sexual & couple psychotherapy that encourages in-depth exploration of sexual meanings & their impact on the relationship, 25023
training students in issues of human sexuality, training directors of doctoral programs & predoctoral internships, 28870

Sexuality—Books
Aging and diversity: An active learning experience, 4525
The challenge of marriage, 7678
Dimensions of human sexuality (5th ed.), 30370
Sexually speaking, 30371
Understanding human sexuality (7th ed.), 29311
Women crossing boundaries: A psychology of immigration and transformations of sexuality, 11065

Sexuality—Chapters
Addressing late life developmental issues for women: Body image, sexuality, and intimacy, 30268
Betwixt and between: Sexuality in the context of adolescent transitions, 4510
Challenging sexual naturalism, the shibboleth of sex research and popular sexology, 37032
Culture, sexuality, and shame: A Korean American woman's experience, 21714
Female adolescent sexuality in relational context: Beyond sexual decision making, 20649
The management of desire: Sexuality and marriage for young South Asian women in America, 20715
The paradoxes of the Kama Sutra and the veil: Asian-Indian women and marital sexuality, 20711
Part IX: Special topic areas, 27498
Personality and human sexuality, 1290
Sexual dysfunction: Using an interdisciplinary team to combine cognitive-behavioral and medical approaches, 31520
Sexuality research, institutional review boards, and subject pools, 16448

Sexually Transmitted Diseases [See Venereal Diseases]

Shamanism—Serials
approaches to schizophrenia shared by healers of different cultures & strategic family therapy, 8150
shamanism & curanderism & other methods of native psychotherapy, Argentina, 8753
tribal & shamanic based social work practice, Lakota Indians, 22195

Shame—Serials
internalized homophobia & shame & self-esteem, 22–65 yr old gay men, 33831
adaptive vs maladaptive aspects of guilt & shame, 5–12 yr olds, 10843
conditions & functions & consequences of face dynamics in social interaction & implications for organizational behavior, Asia, 4722
group psychotherapy based on family systems model, toxic shame & fear of feeling, adult survivors of childhood sexual abuse, 31567
honor related vs individualistic values in conceptualization of pride & shame & anger, college students, Spain vs Netherlands, 14304
integration of organizational & psychoanalytic theories in study of shame in workplace, 12884
pride & shame & guilt, college students, China vs US, implications for mediation of self/other boundaries, 4598
psychoanalytic theory on interaction of shame and defense mechanisms , 14370
psychology of shame & notion of shame loop as method of working with couples in therapy, 25085
relationship between psychopathology & adaptive behavior & interpersonal guilt & fear of harming others & shame, 18–43 yr olds, 27328
relationship between shame & guilt & severity of depression, 21+ yr olds with moderate to severe depression, 37300
role of 'other' in self-conscious in shame, 1248
role of identity-orientation & identity-processing styles in shame & guilt, college students, 1331
shame & self, 45 yr old male in psychoanalysis, 25115
shame & self, 45 yr old male in psychoanalysis, commentary, 25120
shame & self, 45 yr old male in psychoanalysis, commentary, 25121
shame & self, 45 yr old male in psychoanalysis, commentary, 25123
shame & self, 45 yr old male in psychoanalysis, commentary, 25125
shame & self, 45 yr old male in psychoanalysis, commentary, 25127
shame & self, 45 yr old male in psychoanalysis, commentary, 25128
shame & self, 45 yr old male in psychoanalysis, commentary, 25130
shame & self, 45 yr old male in psychoanalysis, commentary, 25136
shame proneness & low self-esteem & parentification & codependency, 17–48 yr old college students, 11241

Shame—Books
The secret message of shame: Pathways to hope and healing, 37180

Shame—Chapters
A preliminary look at shame, guilt, and stuttering, 18230
Problematic social emotions: Shame, guilt, jealousy, and envy, 14234
Shame and counter-transferential experiences in an African multicultural clinical setting, 34845
Shame and humiliation in the treatment of complex cases, 14473

Shape Perception [See Form and Shape Perception]

Shared Paranoid Disorder [See Folie A Deux]

Sharing (Social Behavior)—Serials
actual vs hypothetical problem situation, strategies for managing limited resources, 9.2–13.4 yr olds with vs without learning problems, 8447
food quantity & difficulty of using foraging device as environmental enrichment, food competition & transfer & aggression, captive group of adult golden lion tamarins, 406
quantity of spontaneous vs elicited & passive sharing behavior among peers, male vs female Indian vs Chinese 4 yr olds, 10874
realignment of the giver/recipient relationship & emotional reactions & other relational effects of gift-receipt experiences, 28–52 yr olds, 14251

Sheep—Serials
age & sex & birth weight of lambs & parity of dams, mutual recognition & behavioral response to separation, crossbred ewes & their lambs, 33094
effect of nutritional needs on intake behavior & preference for foods with varying ratios of protein & energy & different forms, lambs, 16873
extent & consistency of milking order, dairy sheep, 20042
interactions between ewe–ewe & ewe–lamb of same vs different breeds in different environments, Blackface vs Suffolk sheep, 10311
parcel size & food concentration, spatial memory & feeding behavior, 1 yr old ewes, 366

Sheltered Workshops—Chapters
Adapted work program: A sheltered workshop for patients with dementia, 31927

Shelters—Serials
age, motives, 17–70 yr old community volunteer caregivers to humans vs animals in homeless shelters, 15528
crisis intervention, family in shelter for battered women, 35233
critique of recent service-intensive shelter programs & policies & impact on depression, homeless mothers, 15517
effects of Aggression Replacement Training, antisocial behavior, male vs female 11–17 yr olds in a runaway shelter, 28339
La Isla Pacifica shelter for Mexican American women who have fled violent partner, 12459
living in transition housing vs emergency shelters vs doubled-up arrangements, social support, low-income housed vs homeless mothers with a child in Head Start, 1123
longevity of homelessness, strategies of identity maintenance, shelter users, 27120
perceptions of effects of homelessness & shelter life on family relationships, formerly homeless 19–52 yr old mothers of 6 mo to 16 yr old children, 4636
risk factors associated with homelessness, individual women vs women as part of a family living in homeless shelters, 20689
transitional shelter services, reintegration & self-sufficiency, homeless families, 5870
views of efficacy of shelter services, 16–50 yr old battered females, 35244

Shifts (Workday) [See Workday Shifts]

Shock—Serials
escapable vs inescapable electric tailshocks, extracellular 5-HT in ventral hippocampus & periaqueductal gray, male rats, 4015
inescapable shock, potentiation of analgesia induced by morphine injections to dorsal raphe nucleus vs nucleus raphe magnus vs spinal cord, male rats, 30007
prenatal stress, plasma corticosterone & catecholamines in response to footshock, 4.5–5 mo old male offspring of stressed & unstressed rats, 4084

Shock Units—Serials
benefits & side effects of commonly used dosing strategies in ECT, 5685

Shopping—Serials
buying style & patterns, inpatients with major depression presenting with vs without compulsive buying, 11366
eco-psychological approach to shopping & recycling & other environmentally relevant behavior & person–environment relationship & social & psychological meaning, 39031
functional vs non-functional motives, catalog shopping preferences, adults, 35724
influence of retail task definition on store choice & store-attribute salience, customers shopping at do-it-yourself home improvement stores, 25996
model of impulse buying behaviors & precursors, shoppers at regional mall, 6387
shopping stress, 22–79 yr old males & females, 12927

Shopping Centers—Serials
navigation process & shopping experience in cyber shopping malls based on spatial vs non-spatial metaphors, college students, 22694
shopping center design & management, evaluations of public space appearance, consumers, 9682
Short Term Memory [See Also Iconic Memory]—Serials
1-aminoindan-1,3-dicarboxylic acid, spatial procedural learning & long term & episodic short term memory, male rats, 26750
192-IgG saporin & scopolamine vs oxotremorine vs muscimol in medial septum–vertical limb of diagonal band, cholinergic neuronal involvement in spatial working memory, male rats, 17084
absolute vs relative positional errors, short term memory for serial order, university students, 36259
acetylcholinesterase inhibitor ENA 713 (Exelon), delayed non-matching to position task performance, male rats with scopolamine induced spatial working memory impairment, animal model of Alzheimer's, 36523
activation of left hemisphere temporal & frontal cortices during sentence processing & working memory, 19–24 yr olds, 520
acute alcohol consumption, visual short term memory & depth perception & attention, 19–54 yr olds, 23601
age & working memory, 6–57 yr olds, 23668
age, speed of information processing including sensorimotor & working memory speed in generation & manipulation of mental imagery, 18–77 yr olds, 30119
age, verbal & spatial short-term memory, 6–12 yr olds, 17240
age, visual vs auditory working memory & ERPs, 19–71 yr olds, 10208
age, working memory for event duration, 6–24 mo old rats, 29691
alpha-2 adrenergic agonist clonidine & yohimbine, prefrontal cortical neuronal activity related to spatial working memory, female monkeys , 36581
amizil, short-term memory & stimuli involving different types of visual information, monkeys, 13720
arithmetic calculation & short-term memory & language performance, 9–10 yr olds with specific language impairment, 18213
articulatory loop & central executive working memory systems, phonological processing & long term memory & executive processing accuracy & speed, learning disabled vs skilled readers aged 8–11 yrs, 11713
aspects of memory performance, savant calendrical calculators, 11688
attention & executive & visual-spatial & working memory functioning, 27–69 yr old catatonic patients vs non-catatonic psychiatric patients, 21044
attention, development of verbal short-term memory, 1st vs 4th graders vs adults, 36738
attractor network model of role of dopamine in working memory & prefrontal cortex neurons, 22766
brain localization of phonological storage subsystem & A. D. Baddeley & G. Hitch's model of working memory, 36250
central executive functioning & working memory & performance on phonological task, 65–84 yr olds with Alzheimer's disease, 28135
central executive vs phonological loop, error detection, university students, 282
chronic ethanol intake with vs without withdrawal, spatial reference & working memory & neurodegeneration in hippocampal formation, male rats, 20324
chronic social stress, hippocampus-mediated vs hippocampus-independent working memory & urinary cortisol, male tree shrews, 10522
clonidine vs guanfacine, spatial working memory & planning & attentional set-shifting central executive functions of prefrontal cortex, 23–35 yr olds, 13753
clonidine, spatial working & short-term & recognition memory & planning functions, middle aged & elderly patients with Parkinson's disease, implications for role of alpha2-adrenoceptors, 38300
cognitive subtraction in functional neuroimaging of neural correlates of spatial working memory, 19–28 yr olds, 10492
comprehension & memory of different types of rap music, 7–9 vs 10–12 yr olds, 4430
computational model of functional prefrontal cortical circuitry for visuospatial working memory formation, 29863
computer-assisted neuropsychological evaluation of spatial working memory, asymptomatic HIV-infected individuals (mean age 33.2 yrs), 31124
connectionist model of role of phonological loop in short term memory for serial order & learning, 26434
conspecific & predator odors, defensive behavior & analgesia & spatial working memory, rats, 33042
contextual variability & serial position, delayed & continuous free recall, undergraduates, 23134
cortical dysfunction during auditory word & tone working memory demonstrated by magnetic resonance imaging, outpatients with schizophrenia, 8155
cortical topography & dynamics of short-term and long-term memory, 467
cue integration & use of working memory in water maze performance, adult male Sprague-Dawley rats with unilateral entorhinal cortex lesions, 10269
delayed matching to sample procedures in studies of short term memory & mnemonic processes & cognitive disorders & processes & models of drug effects, humans & animals, 349
delayed response task, spatial working memory, male vs female schizophrenics (mean age 35.5 yrs), 37377
developmental association between phonological short-term memory & vocabulary knowledge, 4 & 5.1–6.3 vs 13.3–14.4 yr olds, 10771
dichotic listening tasks, laterality & short-term memory capacity & phonemic discrimination, preschool vs school-age vs post-pubertal bilingual undergraduates, 7078
differential task difficulty for working memory, motor response in reward retrieval, 10.8–36.3 mo olds, 23678
difficulty level interference between order information & short term memory & time estimation, adults, 10189
difficulty of concurrent simulated driving task, working memory, 19–51 yr olds, 19481
dissociation in processing of visuospatial & color information in working memory, 18–44 yr olds, 32859
diurnal changes in mood & attention & working memory in morning vs evening, 20–33 yr old college students, 13168
dorsolateral prefrontal cortex activation during working memory task, male outpatients with schizophrenia, 21147
drugs given into CA1 & entorhinal cortex & posterior parietal cortex & anterolateral prefrontal cortex & amygdala, short-term & long-term & working memory, rats, 33217
EEG correlates of short-term memorizing & retention of actual & perceptive visual matrix representations, 19–26 yr olds, 3968
Effect of disruption of memory traces, working memory performance, male alcoholics (19–55 yrs old), 37544
effect of presentation of instructional materials on working memory size, management of split-attention & redundancy in multimedia instruction, trade apprentices &/or company trainees, 32347
effects of auditory stimulus probability & interstimulus interval via ERP on mismatch negativity deficits, schizophrenic patients (mean age 39.3 yrs), 24288
enriched vs standard environments, short-term memory for event durations & astrocytes in hippocampus & frontal cortex & corpus callosum, old vs young male adult rats, 19955
episodic short term memory vs semantic long term memory demands, alpha synchronization reflective of inhibition of task irrelevant cortical processes, 19.4–34.5 yr olds , 16644
ERP correlates of visual short-term memory for low-load vs high-load digit recognition in delayed matching-to-sample RT task, adults, 279
ERP methodology for temporal tracking of sentence comprehension & role of working memory & background knowledge & tracking of multiple language processing areas in brain, 553
estrogen, hemisphere asymmetries & other aspects of brain activation patterns during encoding & storage & retrieval during verbal vs nonverbal working memory tasks, postmenopausal 33–61 yr olds, 17098
estrogen, working vs reference memory &/vs scopolamine-induced amnesia in radial maze, female rats, 13721
event-related brain potentials & visual short-term memory, 20–27 yr olds, 29907
evidence supporting visual vs spatio-sequential components for non-verbal short-term memory & use of Visual Patterns Test to assess visual component, brain-damaged 15–86 yr olds & normal Ss, 32678
executive function & working memory, verification of simple true vs false mental arithmetic sums, college students, 23129
field dependence & visual search skill & working memory & RT in decision time & gap choice in left-hand turning, 61–84 yr old females in simulated driving task, 12975
firing characteristics of deep layer neurons in prefrontal cortex during spatial working memory & alternation tasks & food search & role of hippocampal projection, male rats, 3865
frame of reference for hand-centered encoding of target location in visuospatial working memory, adults, 13349
functional MRI-assessed spatial & nonspatial working memory & hemispheric organization in dorsal & ventral subdivisions of prefrontal cortex, 19–37 yr olds, 3833
functional segregation of prefrontal cortex in spatial & nonspatial processing & simple & complex aspects of working memory, monkeys, 23327
hierarchical deficit vs executive function hypothesis of hierarchical order & constancy & effect of geometrical impossibility on graphic construction in copying task, nonsavant autistic individuals, 27933
high vs low dose clonidine vs diazepam, spatial working memory, 4–15 yr old female monkeys, 36558
high vs low load short term memory tasks, frontal & parietal lobe activation patterns, adults with mild traumatic brain injury, 37883
hippocampal involvement in spatial & working memory, patients with unilateral temporal lobe epilepsy with right or left focus, 37805
hippocampal metabolic activity & recent- vs long-term memory store, mice, 29684
historical & mathematical background of J. F. Herbart's theory & predicting recognition latencies in short-term memory, 26255
huperzine A, scopolamine induced or naturally occurring spatial working memory deficits, young adult vs aged rhesus monkeys, animal model of drug therapy for Alzheimer's disease, 16958
hydrocortisone, learning & memory & executive function, 21–44 yr old males, 33515
ibotenic acid lesions of ventral hippocampus, chronic nicotine-induced spatial working memory, female rats, 10433
icv doses of fragment (25-35) beta-amyloid peptide, movement & investigative activity & short-term memory, rats, animal model of Alzheimer's disease, 432
impaired visual short-term memory & image generation problems, 55 yr old female sculptress with systemic lupus erythematosus, implications for working memory model, 18444
impairment on divided attention tasks requiring working memory, patients with severe traumatic brain injury, 34667
increasing retention intervals & decreasing intertrial intervals, working memory, rats, test of the trial tracking hypothesis, 23192
individual & age-related differences in verbal & spatial working memory, 8–10 vs 18–22 vs 65–75 yr olds, 17260
individual differences in attentional resources in terms of processing speed & working memory, complexity of self-representations, 19–31 yr old females, 37150
individual differences in everyday errors & visual attention capture & working memory, 18–25 yr olds, 26334
individual differences in immediate visuospatial vs verbal memory span, second language vocabulary acquisition, 19–40 yr olds, 7284
individual differences in working memory & reasoning–remembering relationships, solving class-inclusion problems, college students, 228
individual differences in working memory span & recognition ability, event-based prospective memory, young vs older adults of high vs low educational attainment & occupational status & verbal ability, 13348
influence of grammatical markers & recall & forgetting cues, memory for short discourse, college students, 26444
interactions among variables of type of time estimation & length of list & presentation rate/interstimulus interval, time estimations after short term memory filler, college students, 29477
involvement of amygdala in modulation of working vs short-term vs long-term memory, rats, 16897
isodirectional tuning of regular & fast spiking adjacent pyramidal cells & interneurons in dorsolateral prefrontal cortex during spatial mnemonic working memory task, rhesus monkeys, 20136
lesions of dorsomedial thalamus, acquisition vs performance of spatial working memory task requiring rule learning contrary to innate preference, male rats, 7059
lesions of hippocampal formation or perirhinal cortex, allocentric spatial working memory, male rats, 7046
level of impairment in picture-naming vs perception & retrieval of input vs output phonological codes from semantics in short term memory, 30 yr old male with anomie/aphasia, 24827
levels-of-processing & list organization, conceptual priming & implicit memory during category exemplar production test, college students, 32923
lexical codes, retention of verbal information in working memory & event-related brain potentials, 22–46 yr olds, 36234
mammillary body lesions, spatial reference & working memory task performance, rats, 23348
maturation of retrieval & articulation processing rates related to short term memory digit span, 7–8 vs 9–10 vs 11–12 yr olds, 13934
medial frontal cortex & temporary memory during exploratory behavior before vs after bilateral lesioning, male rats, 7077

medial mammillary nucleus lesions, spontaneous alternation & working memory before vs after surgery, male rats, 16946
memorization of phonologically similar vs dissimilar letters in auditory vs visual input modalities, ERPs, 23–43 yr olds, test of phonological similarity effect on working memory , 557
memory span for Arabic numerals vs digit words, adults, implications for visuospatial short term storage system, 19844
model of working memory, 13355
MRI-assessed neural systems essential for processing & holding semantic & phonological & orthographic properties of written words in working memory, 18–44 yr olds, 16906
neural mechanisms & hemispheric specialization & limbic system, motivational basis of working memory in anxiety, 7919
neurocognitive theory of visual-spatial working memory & attention & scene representation, 32775
neurotoxic lesions of prelimbic-infralimbic cortex, acquisition of visuospatial conditional discrimination & working memory, male rats, 36409
neurotoxic medial dorsal thalamic lesions, spatial working memory, male rats, 7060
nicotine &/vs dizocilpine, working & reference memory performance on radial-arm maze, female rats, 700
nicotine gum, delayed free recall, 18–44 yr old smokers, 7238
nicotine presence from smoking vs smoking abstinence, perceptual & motor processes & working memory, 18–22 yr olds, 731
NMDA receptor antagonists CPP vs dizocilpine vs (+)-HA-966 vs ifenprodil, working memory & behavior, male rats, 7184
nonspatial working memory discrimination & proactive interference & reversal learning, rats with cytotoxic entorhinal cortex vs electrolytic medial septal lesions, 3947
olfactory short term memory, 3601
operant conditioning theoretical model based on short-term & long-term memory in single-choice & multiresponse learning, 10267
oscillatory short term memory buffer model to account for Sternberg human memory search data & serial position effects, 6910
passive storage & active processing in visuospatial working memory task completion, 60–70 vs 72–84 yr olds, 32978
phonological & perceptual factors, short term olfactory coding & memory, 18–22 yr olds, 297
phonological & semantic contributions to short-term memory & verbal & spatial working memory skills, good vs poor comprehenders, 21401
phonological encoding during reading & short-term memory tasks, 16–43 yr olds with congenital speech impairments, 37723
phonological short term memory & role in vocabulary development, 4–5 yr olds, 13 mo follow up, 7375
phonological working memory & speech discrimination, 8–15 yr olds with ADHD with vs without developmental coordination disorder, 24595
phonotactic probabilities, serial recall of familiar vs unfamiliar words, 7–11 yr olds, 7397
phonotactic probabilities, serial recall of familiar vs unfamiliar words, 7–11 yr olds, errata, 17252
physiological characteristics of capacity constraints in working memory, 18–39 yr olds, 16902
precision vs decay of short-term auditory sensory memory measured by backward masking, adult schizophrenic inpatients, 11427
prefrontal cortex activity in maintenance vs manipulation of information held in working memory, 19–32 yr old males, 36256
preoccupying cognitions & working memory deficit associated with weight-loss dieting, female high vs low/medium restraint eaters vs dieters, 227
priming for nonwords & new associations during acquisition of novel traces in short term implicit memory, college students, 32921
protein synthesis dependence & short term expression vs long term consolidation of conditioned taste aversion memory, male rats, 13403
psychophysical approach to body-centered reference frames in short term memory for reaching to visual targets, Ss, 217
pulse-coupled network model of coherent activation & neuromodulatory regulation & temporal resolution control in perception & working memory, 16256
quinolinic acid lesions of agranular insular cortex, working memory for food reward value & working memory for spatial locations, male rats , 7082
reading ability & auditory vs visual stimulus presentation modality, echoic memory, college students, 6918
recognition memory for object form & location, ERPs, 19–34 yr olds, 558
reduced interference, short term memory of order, college students, 13356
relation between phonological short-term memory & auditory-sensory processing, mismatch-negativity component of auditory ERPs, 7–9 yr old high vs low scorers on pseudoword repetition test, 20490
reliability & stability of M. L. Turner & R. W. Eagle's operation span task as measure of working memory capacity, college students, 10 wk study, 35858
restriction of working memory & paranormal belief, 18–24 yr olds, 16451
review & comparison of models of functional organization of working memory, humans & animals, 36306
role of caudate nucleus in ocular motor control tasks of memory-guided saccades, 45-yr-old male patient with bilateral caudate lesion, 21613
role of delta-9-THC & cannabinoid receptors in hippocampus in short-term memory interference, 33414
role of striatofrontal circuits in spatial working memory, patients with Parkinson's disease, 8642
roles of central executive & visual-spatial sketch pad & other working memory mechanisms in arithmetical skills, primary school students, 20484
secondary tasks, serial short-term memory, college students, test of working-memory model vs changing-state hypothesis, 29645
selective attention & working memory & sensorimotor coordination & brain activity, 20–50 yr olds, 7073
selective interference, verbal & spatial working memory, 18–22 vs 63–69 yr olds, 23713
semantic & working memory deficits, impairments in producing & comprehending pronouns, 64–89 yr olds with Alzheimer's disease, 21527
semantic similarity, short-term ordered recall, volunteers, 19862
sensitivity to temporal grouping effects in development of short-term memory during visual & auditory stimuli, 4–8 yr olds, 23727
serial position effect, short term memory for faces vs nonverbal shapes, 18–30 vs 56–89 yr olds, 4515
short & long term memory performance & potential effects of clinical variables & study characteristics on research results, schizophrenia patients, 34139
short-term memory & long-term learning & retention of lexical-semantic information, 73-yr-old patient with brain damage or amnesia, 11932
short-term memory performance & language-specific vocabulary knowledge, bilingual vs non-bilingual preschool & school age children, 20529
simulated distressed submarine & low-level rations & temperature, choice RT & short-term memory performance, male Royal Navy personnel , 19832
single-cell physiological approach for examination of functional brain architecture in monkeys & relation to working memory & disordered cognition in schizophrenia, 34156
somatosensory discrimination, neuronal activity in prefrontal cortex, monkeys, implications for neuronal correlates of working memory, 23345
spatial working memory & clinical symptoms of schizophrenia, acutely psychotic schizophrenia patients (mean age 34.8 yrs), 4 mo followup, 30741
spatial working memory & eye movement control, 62–71 yr olds with Parkinson's disease, 28162
spatial working memory & neuropsychological & oculomotor correlates, schizophrenia patients (mean age 35.7 yrs), 30750
spatial working memory & reference memory in holeboard discrimination task, Brown Norway vs albino WAG rats, 10288
spatial working memory & strategy formation, patients with Asperger's syndrome vs right or left frontal excision vs unilateral temporal lobectomy patients, 37639
spatial working memory in delayed-response variants of peek-a-boo procedure, 9 mo olds, 10794
spatial working memory performance on water-escape version of radial-arm maze, intact female rats vs ovariectomized female rats receiving no vs physiological low vs moderate dose of estradiol , 10542
spatial working memory, male rats with lesions of medial or lateral entorhinal cortex vs pre- vs parasubiculum, 7064
specificity of word & tone working memory deficits, outpatients with schizophrenia, 8160
specificity of working memory deficits, 10 yr old reading disabled children, 5149
stimulus shape similarity & duration & sequence, mathematical modeling of visual working memory organization, adult Os, 3591
storage & executive processes, frontal lobes , 16948
tasks of central executive component of working memory, regional brain activity, male 20–26 yr olds, 10185
time course of oscillatory components in gamma band in visual short term memory, adults (mean age 27 yrs), 23409
time perception assessed by auditory stimulus & working memory task duration & attention & discrimination, 36–81 yr olds with focal vs unilateral neocerebellar vs prefrontal lesions, 5375
timing of post test vs novel environment exposure after training, short vs long term memory, rats, 33072
tomographically assessed spatial & temporal aspects of brain activation during covert recitation of forward- vs reverse-sequenced word strings, 19–36 yr olds, 10468
training in meditation, occurrence of spontaneous thoughts during working memory task vs recitation of prayer vs quiet, 19–53 yr olds, 29550
transcutaneous electrical nerve stimulation, short-term & long-term memory & behavior, 70–91 yr olds with mid-stage of Alzheimer's disease, 15041
validity of Hemispheric Encoding/Retrieval Asymmetry model in short- & long-term memory, normal 18–30 yr olds, 26578
variability of textual descriptions, visuospatial working memory & selective interference in verbal & visual & spatial-sequential & spatial-simultaneous tasks, college students, 10207
variable time retention interval & imagined vs actual movement, response programing & reaction time, college students , 23136
verbal & spatial working memory, 9–20 yr olds with childhood-onset schizophrenia & ADHD, 4874
verbal representations & spatial manipulation in working memory model during mental synthesis , 32968
verbal working memory capacity, 5–9 yr olds with specific language impairment, 37732
verbal working memory system in sentence comprehension, normals vs patients with brain damage, commentaries & reply included, 16572
verbal working memory vs spatial task strategy development & skill attainment, EEG, 22–28 yr olds, 10487
visual event related potentials during cued recall task that demands semantic memory retrieval from long term memory & simultaneous activation with short term memory, 18–39 yr olds, 16964
visual similarity, sensitivity of visual short term memory, college students, 13345
visual-vestibular processes & organization of short-term spatial vs visual image information storage processes, Rhesus macaques, 6966
visuo-spatial & verbal short-term memory deficits, children & young adults with Down's or Williams syndrome or moderate learning difficulties, 24704
working memory & intrusions of irrelevant information & inhibition, arithmetic word problem solving ability, 4th graders, 2 yr study, 36755
working memory & vigilance performance, normal aging 57–82 yr olds & 55–83 yr olds with probable Alzheimers disease, 37812
working memory capacity in reading vs word tasks, depressed vs nondepressed patients with multiple sclerosis, 34532
working memory limitations, reading rate for effective prose recall, college students &/vs older adults, 36226
working memory of social interaction, adult vs mid-age vs young rats, 16868
working memory subsystems as measured by double span task, college students, 19855
working memory vs short-term memory & relation to general fluid intelligence & verbal abilities, college students, implications for experimental task selection, 29631
working memory, performance of simple span & response tasks, patients with brain lesions of dorsolateral prefrontal cortex, 37823
written or spoken word familiarity & novelty, visual & auditory working memory, 5–6 vs 7 vs 8 yr olds, 26987

Short Term Memory [See Also Iconic Memory]—Books

Models of working memory: Mechanisms of active maintenance and executive control, 19873

Short Term Memory [See Also Iconic Memory]—Chapters

Air traffic controller memory: Capabilities, limitations, and volatility, 12988
A biologically based computational model of working memory, 22772
The buffer 30 years later: Working memory in a theory of distributed associative model (TODAM), 16681
A century of human information-processing theory: Vision, attention, and memory, 156
Cues and codes in working memory tasks, 16676
Efficiency in acquisition and short-term memory: Study–Test–rest presentation programs and learning difficulty, 16678
An Embedded-Processes Model of working memory, 19876
Individual differences in second language proficiency: Working memory as language aptitude, 828

Individual differences in working memory capacity and what they tell us about controlled attention, general fluid intelligence, and functions of the prefrontal cortex, 19607
Insights into working memory from the perspective of the EPIC architecture for modeling skilled perceptual-motor and cognitive human performance, 19878
Interacting Cognitive Subsystems: Modeling working memory phenomena within a multiprocessor architecture, 19875
Involvement of the pallidal-thalamocortical circuit in adaptive behavior, 26872
Long-term working memory as an alternative to capacity models of working memory in everyday skilled performance, 19877
Meaning but not words: Neuropsychological evidence for very short-term conceptual memory, 28222
Modeling working memory in a unified architecture: An ACT-R perspective, 19879
Phonological codes in reading comprehension, short-term memory, and memory for rapid visual sequences, 26422
Phonological short-term memory and foreign language learning, 301
The "psychic" neuron of the cerebral cortex, 26690
Recall of order information: Evidence requiring a dual-storage memory model, 16674
Role and nature of object representations in perceiving and acting, 26303
The Soar cognitive architecture and human working memory, 19881
Understanding sentences and scenes: The role of conceptual short-term memory, 26428
Working memory in a multilevel hybrid connectionist control architecture (CAP2), 19880
Working memory: The multiple-component model, 19874
Short Term Potentiation [See Postactivation Potentials]
Short Term Psychotherapy [See Brief Psychotherapy]
Shoulder (Anatomy)—Serials
attitudes toward diagnostic approach & management of patients with common shoulder disorder, general practitioners vs physiotherapists, 28600
quantitative examinations of internal representations for arm trajectory planning & minimum commanded torque change model, 22–26 yr olds, 19790
Shyness [See Timidity]
Sibling Relations—Serials
age & conflict ending, 1.9–2.6 & 3.6–4.9 yr old siblings & their parents, 2 yr followup, 23785
association between hostility & retrospective descriptions of interactions between male twins & prediction about correlates of hostility, implications for models of hostility & health, 5297
at home teaching strategies to teach school-related knowledge & skills, 7–19 yr old siblings of 5.9 yr old Puerto Rican American kindergartner, 22470
beliefs about sibling conflict management & responses to own children's conflicts, parents & their 3–5 yr old & older children, 11041
crises affecting relationships in later years & opportunities for resolution, adult siblings, 38125
disclosure to siblings, college students, 30312
emotional aspects of sibling relationship & symbolic value within family & key elements for future investigation, 2213
experiences & effects of disruption & victimization & management strategies, siblings of males with ADHD, 18124
intimacy & involvement in relationships with friends &/vs siblings & relation to own psychosocial functioning & family & neighborhood contexts, 10–13 yr olds, 14048
missing examination of role of sibling relationships in E. Balint's "Fair Shares & Mutual Concern" & role of group analysis in exposing & working through sibling dynamics, 2212
oedipal & sibling dynamics in organizations, 3119
parental & sibling dyadic play interactions, 3.2–7.2 yr olds with autism, 27918
patterns of interpersonal resource exchange & gender related personality traits, giving of affection & respect, brothers & sisters, 23973
perceived relationship with older sibling in context of parent & peer relationships & association with perceived emotional & school-related support, 11th graders, 967
perceptions of family dynamics & tattling on siblings, 2–6 yr olds, 2 yr study, 959
personality qualities of older sibling & sibling relationship, empathy levels & socialization of empathy, male vs female younger siblings (mean age 8 yrs), 20615
psychoanalytic perspective of impact of sibling relationships on psychic development & therapeutic process, 14364
relationship within 4 families & sibling groups of Zeus & Medea & Antigone & Agamemnon & proposal of fictional Greek genogram of new gods relevant to group analysis, 2220
reports of conflict & quality of relationships with siblings, 4th & 5th graders, 4495
residential instability & emotionality & family conflict, behavior problems & depression & peer & cognitive competence & quality of sibling relations, 2.7–5.6 yr olds in Head Start & older siblings, 36963
resolution of envy through jealousy in sibling relationships, 2229
sex & family type, associations among family relationships & antisocial peers & externalizing behaviors, male vs female 10–18 yr olds, 37477
sex & marital & parental status & sibling availability, confiding & companionship & emotional & instrumental sibling support networks, 55 yr olds & older , 7665
sibling relationship trouble & adult well-being, respondents (mean age 59.1 yrs), 899
sibling rivalry & feeding space, Arabian Babblers, 33139
Sibling Relations—Books
The sibling constellation, 27309
Sibling Relations—Chapters
Adolesent twins and secondary schooling, 33599
Conflict and averted conflict in preschoolers' interactions with siblings and friends, 14062
The Dandelion War, 33639
Jack Kerouac: The pulse of memory, 13920
Siblings, emotion and the development of understanding, 17202
Siblings, friends, and the development of social understanding, 14063
Social capital and the development of youth from nondivorced, divorced and remarried families, 13977
Siblings [See Also Brothers, Multiple Births, Sisters]—Serials
accuracy of family history method for assessing siblings' sexual orientation, twins (aged 19–52 yrs), 22947
age at time of sibling's birth, consistency of early memory retrieval, adults, 1 yr follow-up, 26437
aggregation for depressive & anxiety & disruptive disorders & other psychopathology, 6–17 yr old sibling pair offspring of opiate addicts with vs without comorbid psychopathology, 30905
associated subtypes & symptoms & demographic variables, sibling pairs (mean age 42 yrs) with schizophrenia or schizoaffective disorder, 4936
association of behavior problems with family responsibilities & parental stress, siblings of 4.5–7.5 & 12.5–15.5 yr olds with Down syndrome, 1876
castration, compatibility & development of aggression, male rabbit siblings housed together from birth, 23244
children's hospice & Treasure Weekend & bereavement support services, 5–16 yr olds who experienced the death of a sibling, 18992
conceptual model of cognitive capacity development, beliefs & search for meaning at death of sibling, adolescents, 33763
crises affecting relationships in later years & opportunities for resolution, adult siblings, 38125
discrepancies in reported sibling number, 19–95 yr olds, 1987–1988 vs 1992–1994 data, 4623
executive function skills & spatial span, 5.8–19.11 yr old siblings of children with autism vs developmental delay, 27926
expectations of caregiving burden, adult caregivers of sibling with mental illness or mental retardation, 35250
familial & genetic factors, similarity in level of functioning & disorder subtype & symptom totals & adaptive behavior & IQ, 2.4–40.1 yr old siblings with pervasive developmental disorders, 24590
family income & parental education, educational aspirations, sibling senior & sophomore students, 6249
family members' perspectives on parental differential treatment of siblings, mothers vs fathers vs 1st vs 2nd born adolescent siblings, 20746
frequency & type of minor physical anomalies, schizophrenic patients & their normal siblings, 8142
genetic marker loci in histocompatibility complex of loci region on chromosome 6p, 2.9–40.9 yr old sibling pairs in families with autistic child, 27936
genetics vs environment, relationships between parenting & adolescent adjustment, full vs half vs unrelated siblings in stepfamilies vs identical vs fraternal twins vs full siblings, 3 yr study, 20590
home & child care responsibilities, psychological adjustment, siblings of children with disabilities, 14388
isolation, sibling recognition, prairie voles, 20016
moral values, 7th graders with vs without siblings, China, 10879
MRI analysis of abnormalities in N-acetyl-aspartate & creatine plus phosphocreatine & choline compounds in hippocampus & dorsolateral prefrontal cortex, schizophrenic Ss & unaffecting siblings, 14539
MRI-assessed thalamic & total brain & intracranial volumes, patients with schizophrenia & their healthy siblings, 8154
number of siblings, intellectual development & academic achievement, children, commentary, 17278
number of siblings, intellectual development, children, 17257
number of siblings, intellectual development, children, commentary reply, 17256
number of siblings, intellectual development, children, commentary, 17246
parent & teacher ratings of externalizing behavior problems as etiological measure of heritability vs environmental influences, adoptive vs biological sibling pairs at 7–12 yrs old, 14000
peer influences, smoking onset vs continuous abstinence, adolescent siblings (mean age 12.8 yrs), 14755
perceptions of family dynamics & tattling on siblings, 2–6 yr olds, 2 yr study, 959
personality traits & social skills, adults with vs without siblings, 37166
post-hatching parental regulation of siblicide by first-hatching of later-hatching chicks, blue-footed boobies, 10331
quality & quantity of parent-child communication & conversational styles, disabled 11–19 yr olds vs their nondisabled siblings, 24721
rates of parent–adolescent–younger sibling conflict & conflict resolution strategies, father-absent families with juvenile felons & younger siblings, 11675
reactions to everyday stress of family-related conflicts, 7–15 yr olds with disabled sibling, 20591
school context & genetic influence, aggression, adolescent sibling pairs, 24458
self-concept & social support & perception of parental preferences, behavioral adjustment & problems, 8–16 yr old siblings of 4–14 yr olds with pervasive developmental disorder or Down's syndrome, 8444
services model for including preexistent child family members in adoption of special needs children, adoptive families, 36983
social background & cognitive ability & educational attainment level, occupational outcomes, high school graduates vs their siblings, application of dataset followed from 1957 through the early 1990s, 13889
social impairments & other predictors of substance use disorders, nonreferred 9–18 yr old siblings of boys with vs without ADHD, 4 yr follow-up, 30941
toileting habits, symptomatic vs asymptomatic 6–15 yr old siblings vs nonsiblings with chronic encopresis, 28006
visual &/or auditory contact, individual sibling recognition, newly hatched common tern chicks, 33140
Siblings [See Also Brothers, Multiple Births, Sisters]—Books
Shadow in the sun: The experience of siblinig bereavement in childhood, 10895
Siblings [See Also Brothers, Multiple Births, Sisters]—Chapters
Parentification of siblings of children with disability or chronic disease, 21016
Sick Leave [See Employee Leave Benefits]
Sickle Cell Disease—Serials
assessment of vaso-occlusive pain & nursing treatment for pain, children & adults with sickle cell disease, 28653
behavior problems & disease severity as child-related stressors & family functioning & social support as moderators of adaptation, family caregivers of 5–17 yr olds with sickle cell syndromes, 8501
biomedical & psychosocial aspects of sickle cell disease related to pain assessment & medical treatment & genetic counseling & education & employment, African Americans, 27999
cognitive & autonomic nervous system engagement strategies for self-induced management of sickle cell disease pain, 28575
cognitive behavior group therapy, pain & distress & coping, 15–35 yr olds with sickle cell disease, 35069
cognitive manifestations of frontal lobe infarction, children with sickle cell disease, 5253
conscious & unconscious subjective experience of disability & role of social policies & structures & modern medicine in oppression, individuals with learning disabilities or sickle cell anemia, 34040
family adaptiveness & cohesiveness ratings, 7–17 yr olds with sickle cell disease vs their 24–48 yr old caretakers, 24685
impact of support groups on psychological well-being, 12–21 yr olds with sickle cell disease participating in sickle cell disease support groups, 28554
medical & neurological & psychoeducational problems caused by sickle cell anemia & need for culturally competent systems-oriented care, 7 & 8 yr olds with sickle cell anemia, 28049
neuropsychological impairments & cognitive & academic functioning, children with sickle cell disease, 28005
parental coping & involvement & religiosity & racial identity, psychological adjustment, 5–18 yr olds with sickle cell disease & their parents, 27998

parental functioning & expectations & maturity demands & relations with parents & siblings & stress & coping, child & family adjustment, 8–17 yr olds with sickle cell disease & their guardians, 28001
psychosocial treatment, children & adolescents with sickle cell disease, 2456
sickle cell disease & low income vs material deprivation, adjustment, 4–17 yr old children with sickle cell disease & their parents, 28000
utility of functional ability as index of pain & pain behavior, children & adolescents with sickle cell anemia, 28047
Sickle Cell Disease—Chapters
Case two: Placing an unplaceable teen, 31812
Sickle cell disease, 31110
Sickle cell disease, 8547
Side Effects (Drug) [See Also Drug Addiction, Drug Dependency, Drug Sensitivity]—Serials
16 antipsychotics in common use & incidence of haemopoietic disorders, 2347
acute behavioral effects & abuse potential of trazodone & zolpidem & triazolam, 33–48 yr old males with history of alcohol & drug abuse, 28491
acute dystonic reaction to fluoxetine treatment, 16 yr old Hispanic female admitted to inpatient psychiatry unit after attempted suicide, 18663
adjunctive antiepileptic drug therapy, satisfaction & quality of life & side effects & adverse events & seizure frequency & severity, patients with epilepsy, 6 mo study, 2484
adverse effects of antidepressant drugs, 2395
adverse reactions of antidepressant, elderly patients, 38294
adverse side effects from olanzapine treatment, 70–86 yr olds, 2315
age & instrumentally derived tremor & baseline extrapyramidal signs & type of neuroleptic & severity of dementia, drug-induced parkinsonism, elderly psychiatric patients treated with neuroleptics, 28405
aggression & agitation & mania, adult females with schizophrenia treated with olanzapine, 8911
akathisia & parkinsonism, 25–55 yr olds treated with neuroleptics for bipolar affective disorder, 21870
alcohol hangover, psychomotor performance & subjective state & sleep quality, male 18–45 yr old moderate to heavy social drinkers, implications for driving under influence, 7191
alternate-day buprenorphine dose, precipitated withdrawal, female 34 yr old opiate addict , 12516
amiodarone-induced delirium, 54 yr old man treated for congestive heart failure & atrial fibrillation , 28583
amisulpride vs amitriptyline medium-term treatment, safety & tolerability, 18–70 yr old outpatients with dysthymia , 38299
anticholinergic & other drugs that induce delirium, implications for treatment of dementia & elderly patients, 38263
anticonvulsive gabapentin withdrawal, development of catatonia, 48-yr-old female with bipolar affective disorder, 18731
antidepressant drug therapy & sexual dysfunction, 18745
antipsychotic olanzapine, development of panic attacks, 36-yr-old female with schizophrenia, 18711
antipsychotic olanzapine, priapism, 27-yr-old male being treated for psychotic symptoms, 18684
assessment & management of antipsychotic-induced adverse events, 5612
atypical antipsychotic, case of risperidone-induced rabbit syndrome movement disorder, 27 yr old male with paranoid schizophrenia, 15311
behavioral toxicity of various anxiolytic & antidepressant drugs in choice RT vs short term memory or critical flicker fusion threshhold tests , 18692
benzodiazepine hypnotics, residual effects on driving & factors associated with increased traffic accident risk, erratum, 13828
biochemical & behavioral effects of pirlindole vs its enantiomers, male rats, 7170
bupropion, rhabdomyolysis & hepatic dysfunction, 49-yr-old male veteran with chronic PTSD, 18673
cardiovascular effects & safety of tricyclic vs selective serotonin reuptake inhibitors in treatment of depression, 2319
causes & assessment & treatment of sexual dysfunction, depressed patients being treated with antidepressant drugs, 31653
chorea & tardive dyskinesia associated with risperidone treatment, 13.5-yr-old female patient with a history of aggression & defiance & noncompliance, 31624
choreoathetoid movement & euphoria induced by rapid adjustment to methadone, 26 yr old male who abused heroine & cocaine, 5922
chromatic discrimination, 22–56 yr old tuberculosis patients treated with ethambutol vs color blind adults, 28614
clarithromycin-induced delirium, 30–71 yr olds with respiratory illness, 9028
clarithromycin-induced mania, 52-yr-old female treated for sinusitis, 2460
clinical effects & serum concentrations of fluvoxamine, patients with major depression, 5635
clinical practice of combining clonidine & methylphenidate, children with ADHD, commentary, 21959
clinical practice of combining methylphenidate & clonidine, children with ADHD, 21978
clomipramine, serotonin syndrome, 60-yr-old female with hypertension & diabetes mellitus & depression & anxiety, 21946
clonazepam-induced mania, 48-yr-old male hospitalized with bipolar disorder treated also with clomipramine, 5638
clonidine, food intake & hunger & satiety & sedation, healthy 21–30 yr olds, 647
clozapine & olanzapine associated diabetes mellitus, 32–56 yr old males, comparison with previous non-insulin-dependent diabetes mellitus cases, 2408
clozapine induced alternating Pisa syndrome, 45 yr old female with schizophrenia, 2285
clozapine induced diabetes mellitus, 30 yr old Black male with schizophrenia, 15318
clozapine or risperdone or zotepine or sulpiride vs classic neuroleptics, weight gain, Ss with schizophrenic or schizoaffective or delusional disorder (ages 17–64 yrs), 28511
clozapine treatment & clinical & demographic factors, weight gain, 21–73 yr olds with schizophrenia or schizoaffective disorder, 15 mo study, 2284
clozapine vs olanzapine vs risperidone vs haloperidol vs sertindole, weight gain liability, male patients with schizophrenia, 25232
clozapine vs other neuroleptic drugs, emergence of obsessions, psychotic patients, 25158
clozapine, deep vein thrombosis & pulmonary embolus, 71-yr-old female with chronic paranoid schizophrenia, 21916
clozapine, pancreatitis, 34-yr-old male with schizoaffective disorder, 25148
clozapine, stuttering, 49-yr-old female with psychotic episode , 38316
clozapine, treatment-refractory psychosis & negative symptoms & tardive dyskinesia, 51-yr-old female with schizophrenia, implications for changing pharmacological treatments, 5674
clozapine-induced diabetic ketoacidosis, 40 yr old male with paranoid schizophrenia, 15341
clozapine-induced parotitis, 49 yr old female with chronic bipolar disorder, 15342
cognitive side effects of lithium treatment, patients with bipolar disorder, 31655
comparative evaluation of side effects of newer antidepressants, 12162
daily use of analgesic drugs, rebound headache, 5–17 yr olds, 2–10 mo followup, 5782
depression & antidepressant drug effects on cognition & sexual function, 5636
development of diabetes mellitus with olanzapine treatment, 50-yr-old Black male with paranoid schizophrenia & substance dependence & antisocial personality disorder, 34991
development of genital disorder, 37 yr old female schizoaffective patient treated with lamotrigine, 2306
development of hyperammonemia & coma during therapy with valproic acid, 69 yr old female with affective disorder, 2310
development of neuroleptic malignant syndrome during treatment with atypical antipsychotics, 2286
development of sleep apnea after treatment with chlormethiazone for delirium, 73-yr-old male with dementia & history of alcoholism, commentary, 34978
development of sleep apnea after treatment with chlormethiazone for delirium, 73-yr-old male with dementia & history of alcoholism, commentary reply, 35026
development of striae upon commencement of cyproterone acetate treatment, 22 yr old male with Asperger's syndrome, 5653
diagnosis & management of primary & drug-induced disorders of water homeostasis, psychiatric patients, 8948
dihydroepiandosterone, mania, 68 yr old man, 15315
disinhibition as adverse reaction to psychotropic medication in youths, 1740
distinct adverse reactions to fluvoxamine & subsequent withdrawal, female 45 yr old with major depression & PTSD & whiplash & temporomandibular joint pain, 2415
distribution of body mass index, males vs females with vs without schizophrenia or schizoaffective disorder including Ss on ziprasidone, implications for weight gain inducing effects of antipsychotics, 17893
donepezil-induced behavioral disturbances, adults (mean age 76.4 yrs) with Alzheimer's disease, 2487
donepezil-induced paranoia & violent behavior, 76-yr-old male with Alzheimer's disease, 2465
dosage & side effects & interaction with other psychotropics & symptom improvement, 10–18 yr old inpatients with psychotic or behavior or other disorders taking risperidone or olanzapine, 3-mo study, 8909
dosage & withdrawal & psychosexual side effects of testosterone therapy, 21–40 yr old males, 12268
DRD4 gene polymorphisms & drug responses, patients with chronic psychosis who responded well to typical neuroleptics vs clozapine, 12156
drug-related priapism in 37-yr-old identical twin brothers, 35001
drugs given into CA1 & entorhinal cortex & posterior parietal cortex & anterolateral prefrontal cortex & amygdala, short-term & long-term & working memory, rats, 33217
dysrhythmia after initiation of clozapine treatment, 44 yr old male with chronic schizophrenia, 15352
dystonia side-effect Pisa syndrome, 85 yr old female with subcortical arteriosclerotic encephalopathy treated with sertindole for acoustic hallucinations & anxiety & agitation, 2375
dystonic side effects of guanfacine & venlafaxine used for treatment of ADHD & major depression, 13 yr old male, commentary, 28441
dystonic side effects of guanfacine & venlafaxine used for treatment of ADHD & major depression, 13 yr old male, 28409
early clinical experience with acute treatment of sc naratriptan, 18–55 yr old migraine patients, 2298
effectiveness & safety of olanzapine vs risperidone, 18–65 yr olds with schizophrenia or schizophreniform disorder or schizoaffective disorder, 9 countries, comment, 2388
effectiveness & safety of selective serotonin reuptake inhibitors, 8–18 yr olds with panic disorder, 6 mo followup, 31685
effectiveness of anticholinergics & neuroleptic dose reduction, neuroleptic-induced pleurotonus, psychiatric patients, 21958
effects of psychotropic medication use during pregnancy, mothers & fetuses & newborns, 5603
efficacy & adverse effects of use of placebo in neuropsychiatric clinical trials, 2305
efficacy & gastrointestinal side effects & medication discontinuation, psychiatric inpatients taking valproic acid vs divalproex sodium, 18757
efficacy & safety & side effects of new atypical antipsychotic quetiapine, 62–94 yr olds with psychotic disorders, 21925
efficacy & safety & tolerability of antipsychotic medications in elderly, 21920
efficacy & safety of accidental high-dose olanzapine, 14 yr old autistic male with psychotic symptoms & auditory hallucinations & delusions, commentary, 21970
efficacy & safety of accidental high-dose olanzapine, 14 yr old autistic male with psychotic symptoms & disorganized behavior & delusions & auditory hallucinations, 21903
efficacy & safety of accidental high-dose olanzapine, autistic 14 yr old male with psychotic symptoms & delusions & auditory hallucinations, commentary, 21974
efficacy & safety of antipsychotics, 2-18 yr olds with conduct & psychiatric disorder & hyperactivity & aggressiveness & autism & schizophrenia, 21872
efficacy & safety of anxiolytics & adrenergic agents & naltrexone, children & adolescents with psychiatric disorders, 21944
efficacy & safety of gabapentin, 40–90 yr olds with postherpetic neuralgia, 9030
efficacy & safety of gabapentin, painful neuropathy, patients with diabetes mellitus, 9008
efficacy & safety of pergolide, patients with Parkinson's disease, 31777
efficacy & safety of selective 5-HT reuptake inhibitors treatment, elderly patients with major depression, 5655
efficacy & safety of sertraline vs nortriptyline, depression, 70+ yr olds with major depression, commentary reply, 38240
efficacy & safety of sertraline vs nortriptyline, depression, 70+ yr olds with major depression, commentary, 38230
efficacy & safety of short-term estrogen therapy, aggressive behavior, elderly patients with mild-to-moderate dementia, 38414
efficacy & safety of sustained release alprazolam or adinazolam vs clomipramine, adults with panic disorder with or without agoraphobia, 18693
efficacy & safety of treatment with risperidone vs conventional neuroleptics, patients with chronic schizophrenia, 8867
efficacy & side effects of 2–3 mg/day vs .5–.75 mg/day haloperidol vs placebo, psychotic & disruptive behaviors, adults (mean age 72.1 yrs) with Alzheimer's disease, 2301
efficacy & side effects of olanzapine, hospitalized 6–11 yr olds with various psychiatric diagnoses who had failed previous medication trials, 8917

efficacy & tolerability & safety of new generation vs tricyclic antidepressants as 1st vs 2nd line choice in treatment for severe depression, 31621
efficacy & tolerability of antidepressant mirtazapine vs selective serotonin reuptake inhibitors fluoxetine or paroxetine or citalopram, patients with major depressive disorder, 31704
efficacy & tolerability of mirtazapine, 22–51 yr old depressed outpatients who quit selective serotonin reuptake inhibitors due to intolerable sexual dysfunction, 34990
efficacy & tolerability of nefazodone, male HIV-seropositive outpatients with major depressive disorder, 12 wk study, 18678
efficacy & tolerability of reboxetine vs fluoxetine treatment, 18–65 yr old patients with major depression, 18713
elevated liver function tests during treatment with risperidone, 22 yr old male with 5 yr history of schizophrenia & 19 yr old male with 1st episode paranoid schizophrenia, 38329
epidemiology & pathophysiology & clinical features & management of tardive dystonia, 15274
events during vigabatrin therapy, incidence of psychiatric adverse events, patients with treatment-resistant partial complex epilepsy with psychotic symptoms, 38272
exacerbation of epileptic seizures by carbamazepine, individuals with epilepsy & delayed psychomotor development & EEG paroxysmal abnormalities (mean age 10 yrs 4 mo), 3 yr 7 mo followup, 8928
experiences with contraceptive methods & preferences for effectiveness & secrecy & return to fertility & side effects, women of reproductive age, Cambodia, 35104
fenethyllin-induced psychosis with rapid resolution upon cessation of drug usage, 36 & 56 yr old drug dependent males, 35022
fenfluramine & dexfenfluramine, adverse long-term effects on mood & anxiety & cognitive function & impulse control, psychiatric patients, 2365
fluoxetine & fluvoxamine, cardiac side effects, patients with depression (aged 45 yrs & older), erratum, 18743
fluoxetine maintenance therapy, adverse effects, patients with depression, 6 mo study, 25234
fluoxetine, 31–74 yr olds with major depression & subsequent selective serotonin reuptake inhibitor discontinuation syndrome, 2279
fluvoxamine induced parkinsonism as early sign of Parkinson's disease, 67 yr old female with major depression, 25168
fluvoxamine, involuntary movements, 14 yr old male patient with tics & associated dystonic extrapyramidal symptoms, 31668
fluvoxamine, sexual dysfunction incidence, male & female healthy volunteers (mean age 36.4 yrs), 16-wk study, erratum, 20346
fluvoxamine, sexual dysfunction incidence, male & female healthy volunteers (mean age 36.4 yrs), 16-wk study, 17072
focal cortical myoclonus, 65 yr old male treated with lithium & doxepin for bipolar disorder, 12165
frequency of occurrence & clinical impact of side effects & safety profiles of new antipsychotics, 23488
gabapentin & mania, 35-yr-old female with complex partial & tonic-clonic seizures, 35096
gabapentin added to perazine & clonazepam, possibility of renal dysfunction, 27 yr old male inpatient with bipolar I manic disorder, 2327
gabapentin, thyroiditis, female 28 yr old with bipolar II disorder, 12171
guanfacine, adverse responses resembling mania, 8–15 yr old patients with neuropsychiatric disorders , 31656
guanfacine, manic episodes, 8 yr old male & 15 yr old female with tic disorders & ADHD, 8906
guidelines for avoidance & management of hyperprolactinaemia & effects of traditional vs novel antipsychotics on prolactin levels, antipsychotic-treated patients, 5632
haloperidol &/vs MK-801, motor behavior & EEG, male rats, implications for phencyclidine model of schizophrenia, 4148
haloperidol vs risperidone vs sertindole vs clozapine vs olanzapine, prolongation of QT interval, cats, implications for antipsychotic induced arrhythmia, 7185
hematologic side effects of psychotropics, 35006
hepatitis induced by therapy with maprotiline & opipramol, 61 yr old male with depression, 5606
herbal weight loss products mimicking mania, 40-yr-old female with bulimia, 2470
herbal/alternative drugs (St John's wort & valerian root) & loperamide as etiological factors in delirium, 39 yr old female with depression & migraine, 28447
high vs low intrinsic activity of 5-HT1A agonists, therapeutic efficacy & antipsychotic-like & extrapyramidal side effects of neuroleptics, male rats, 23567
human leukocyte antigen typing, response to neuroleptics & clozapine-induced agranulocytosis, 18–60 yr old Jewish Israeli inpatients with schizophrenia , 38282
hyperglycemia associated with olanzapine treatment, 45 yr old male with diabetes & hypertension & major depression & hallucinations, 25203
hyponatremia resulting from paroxetine treatment, 73 yr old female with hypertension, 31661
incidence & therapeutic implications of adverse effects of general anaesthetics, 5759
inhaled 10%–60% concentrations of trifluoromethane freon vs nitrous oxide, neuropsychological findings & negative symptoms, healthy male 18–35 yr olds, 7246
interrater reliability & internal consistency, Matson Evaluation of Drug Side Effects, mentally retarded institutionalized adults taking psychoactive medications, 8728
intranasal abuse of prescribed methylphenidate & side effects, 15 yr old male with ADHD, comment, 8349
isotretinoin, lithium induced acne, 30 yr old female with bipolar disorder, 25152
iv self administered clonidine substitution for cocaine, reinforcing effects such as food intake & injection rates & sedation & toxicity signs, adult male baboons, 17119
ketoprofen, visual & auditory hallucinations & delusions of persecution, female 64 yr old with valvular abnormality with aortic valve prosthesis, 12345
knowledge & attitudes & opinions & practitioners' demographic & professional characteristics, adverse drug events reporting, medical doctors, 35437
lamotrigine & dose-related Tourette syndrome, 7–12 yr olds with epilepsy, 18828
life-threatening esophageal dyskinesia following long-term antipsychotic therapy, 79 & 66 yr old males with lingual dyskinesia & complaints of food regurgitation, 18694
lithium with vs without neuroleptics, lithium ratio & correlation with side effects as studied with measurement of erythrocyte lithium concentration, 20–39 yr old bipolar outpatients, 5613
lithium-neuroleptic combination therapy, delirium & persistent dyskinesia, 62 yr old female bipolar patient, 5660
long-term effects of alprazolam, memory, patients with agoraphobia/panic, 3.5 yr follow-up, 12194
long-term use of weak opioid analgesics, substance dependence, 60–87 yr olds, 11608
longterm therapy with diazepam, motor cortical excitability threshold & silent period duration after transcranial magnetic simulation, 17–45 yr old patients with anxiety disorders, 15323
low-dose fluphenazine induced neuroleptic malignant syndrome, female 21 yr old with first episode psychosis, 28430
LSD or other hallucinogens, neuropsychological functioning, 13–58 yr old drug users, 18048
luteinizing hormone-releasing hormone agonist triptorelin, estrogen decrease & psychosis, 32 yr old female with no previous history of psychotic disorder, 34994
management of sexual dysfunction side effects of antidepressant therapy for major depression, 28438
mania induced by testosterone patch, 28 yr old male with AIDS, 25318
menopausal symptoms & depression, 35–70+ yr old women likely to become acutely estrogen deficient during breast cancer treatment due to chemotherapy or tamoxifen, 2 yr study, 27466
metabolic properties & inhibition of human cytochrome P450 & methodology for assessing drug interactions of selective serotonin reuptake inhibitors & related antidepressant drugs, 2325
methadone-induced psychotic disorder with hallucinations, 5.5 yr old Hispanic female, 17912
methods & first results for tricyclic antidepressants & serotonin reuptake inhibitors, adverse drug reactions, psychiatric inpatients, 12181
methylphenidate, occurrence & severity of side effects, 4–6 yr olds with ADHD, 8892
mianserin, neuroleptic-induced akathisia, patients with schizophrenia, 15328
mirtazapine, sexual dysfunction caused by treatment with selective serotonin reuptake inhibitors, 30–49 yr old females with panic attacks & generalized anxiety disorder or depression or PTSD, 18679
mirtazepine induced hyperphagia, 56 yr old female with depression, 15271
moclobemide, obsessive–compulsive symptoms, 36 yr old female patient with severe obsessive–compulsive disorder, implications for lower side effect profile than SSRIs, 21857
morphine, pain-related disability in adjuvant-induced arthritis model of severe chronic pain, male rats, 26805
nefazodone-induced clitoral priapism, 48-yr-old female with depression, 34964
nemonapride, onset of acute dystonia & its characteristics & risk factors, 17–58 yr olds with schizophrenia, 12196
neuroleptic drugs, thrombocytopenia, 38-yr-old male with bipolar affective disorder & 22-yr-old male with dysmorphophobia syndrome, implications for importance of routine blood screening, 31710
neuroleptic induced restless legs syndrome, nocturnal eating/drinking syndrome, 51-yr-old female with schizophrenia being treated with haloperidol, 18695
neurological complications of Japanese encephalitis vaccine, 19–37 yr olds, 2381
neuroprotective & long-term beneficial effects of lithium in treatment of mood disorders, 38278
neuropsychiatric side effects of mefloquine, persons with malaria, 15423
neuropsychiatric toxicity associated with cytokine therapies, 35095
neuropsychological impairments associated with resolution of cortical blindness following cyclosporine neurotoxicity, 6 yr old male, 15008
new onset diabetes mellitus & diabetic ketoacidosis associated with olanzapine treatment, 38–47 yr olds with histories of schizoaffective disorder or schizophrenia or bipolar disorder, 34976
obstruction of airways after im injections of levomepromazine & iv injections of benzodiazepine, 20–40 yr old males with schizophrenia, 5633
occurrence of hypomania & psychosis during pindolol augmentation, 40 & 54 yr old females with bipolar depression, 28515
occurrence of symptoms of restless leg syndrome & periodic leg movements during sleep during treatment with olanzapine, 41-yr-old male with residual-type schizophrenia, 38267
olanzapine dosage, dopamine D-2 receptor occupancy & extrapyramidal side effects & therapeutic response, schizophrenic 19–55 yr olds, 25211
olanzapine dosages, extrapyramidal symptoms & other side effects, 39–59 yr old patients with schizophrenia & schizoaffective disorder, 21888
olanzapine induced delusions & psychotic mania, 54 yr old female with bipolar schizoaffective disorder, 34093
olanzapine induced obsessive-compulsive disorder, males with schizophrenia, 21929
olanzapine treatment following clozapine induced granulocytopenia, patients with chronic schizophrenia (aged 26–38 yrs), 15344
olanzapine, corticosteroid induced mood changes, 21 yr old female with asthma, 25146
olanzapine, exacerbation of tardive dyskinesia & development of tardive dystonia, 40-yr-old female with bipolar disorder, 38234
olanzapine, suppression of tacrine-induced tremulous jaw movements & lever pressing, rats, 33497
olanzapine, thioridazine induced neuroleptic malignant syndrome, 37 yr old male with schizophrenia, 25173
olanzapine, weight gain, 24–75 yr old psychiatric outpatients, 21902
olanzapine-induced obsessive–compulsive behavior & tremor, 35 yr old female with major depression with psychotic features & borderline personality & bulimia, 5597
olanzapine-induced reversible neutropenia, 81 & 44 yr old patients with chronic schizophrenia, 35025
olanzapine-induced thrombocytopenia & idiopathic thrombocytopenic purpura, 30 yr old female with paranoid schizophrenia, 2274
ondansetron, prolactin & nausea responses to clomipramine challenge, healthy adults, 13772
onset of delirium subsequent to clarithromycin, female 43 yr old with bronchial asthma & allergic rhinitis , 28582
oral methylnaltrexone, subjective effects following iv morphine, healthy 21–34 yr olds, 770
overshadowing protocol, anticipatory & posttreatment nausea & heart rate, 20–60+ yr old cancer patients in chemotherapy, 5779
parkinsonism as result of taking ecstasy, 29 yr old male, 21582
paroxetine treatment, cognitive toxicity, 61–84 yr old patients with major depression, 38286
paroxetine, affective personality characteristics & social behavior, healthy adults, commentary reply, 23529
paroxetine, affective personality characteristics & social behavior, healthy adults, commentary, 2287
paroxetine, neutropenia, 38-yr-old female with 6-mo history of low mood, 31679
patterns of use of & treatment for MDMA/ecstasy & associated physical & psychosocial side effects & iv & polydrug use, 15–46 yr old ecstasy users, 24543
pharmacokinetic & pharmacodynamic factors in development of adverse drug reaction to psychotropic drugs, comment, 31696
pharmacologic & clinical risk factors for neuroleptic malignant syndrome, inpatient cases vs controls all treated with neuroleptics, 2280
pharmacological & side effect profiles of atypical antipsychotics, 5642
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38324

pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, reply, 38257
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38259
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38208
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38209
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, 38258
pharmacological stress & discontinuation syndromes following neuroleptic or antidepressant treatment, commentary, 38254
pharmacology & clinical efficacy & side effect profiles of atypical antipsychotics & relation of attributes observed in clinical practice & trials to their basic pharmacologic profiles, 21963
positive & negative effects of antidepressants on suicide risk, 12215
precision & comparability & suitability of active drug & placebo-subtracted adverse event rates for newer antidepressants, 38326
predictions of responses to fluoxetine, 7–17 yr old outpatients with major depressive disorder, 31663
presence or absence of changes in antiepileptic drug therapy, psychotic episodes, patients with epilepsy & psychoses, retrospective study, implications for epileptic psychoses risk factors, 34997
presentation & treatment of 1st episode psychosis including unrecognized drug-related side effects, teenage male with history of substance abuse, 5622
prevalence & health & behavioral effects & perceived risk & interventions to reduce risky single-occasion drinking, young people, 10868
prevention & treatment of adverse effects of antipsychotic treatment for schizophrenia, 25186
psychiatric outcomes & side effects resulting from antiepileptic drugs, patients with seizure disorders, 35089
psychoactive drugs, salivation, psychiatric patients, 25225
psychological & cardiovascular effects & short-term sequelae of recreational dose of MDMA/''Ecstasy'', healthy 23–47 yr olds, commentary reply, 33507
psychological & cardiovascular effects & short-term sequelae of recreational dose of MDMA/''Ecstasy'', healthy 23–47 yr olds, commentary, 33402
psychological & cardiovascular effects & short-term sequelae of recreational dose of MDMA/''Ecstasy'', healthy 23–47 yr olds, implications for ethics in pharmacologic challenge studies in psychiatry, 33438
psychological & cardiovascular effects of cholecystokinin tetrapeptide-induced panic, healthy volunteers, 13756
psychological assessment results & age of onset & adverse drug reactions as predictors of response to clomipramine vs fluoxetine, adults with obsessive-compulsive disorder, 38206
psychological characteristics & rheumatoid arthritis morbidity, rheumatoid arthritis symptoms & medication side effects, 21–75 yr olds attending rheumatoid arthritis clinic, 35158
psychopharmacological treatment of & approaches to refractory obsessive-compulsive disorder & associated side effects & drug interactions, children & adolescents, 34980
psychotropic drug treatment & seizure risk, patients with epilepsy & comorbid psychiatric disorders, 34954
psychotropic drugs & pancreatic function & glucose metabolism, 25149
quetiapine, tardive dyskinesia, female 44 yr old with schizophrenia & chronic active psychosis, 21895
receptor binding & gene expression & pharmacological & reduced side-effect profile & therapeutic benefits of olanzapine, patients with schizophrenia, 15283
recognition and treatment of pain medication-induced rebound daily headaches, adults, 34574
rectal vs oral administration & pharmacokinetics & pharmacodynamics of sedative-hypnotic & anticonvulsant drug clomethiazole, healthy 24–32 yr olds, 30046
redevelopment of pancreatitis with valproic acid rechallenge for mood stabilization 17 mo after previous valproic acid discontinuation, 37 yr old male with chronic paranoid schizophrenia, 38238
reliability & validity of Arizona Sexual Experiences Scale, assessment of antidepressant-induced sexual dysfunction & treatment strategies, depressed adult male and female patients, 15316
reports of adverse drug reactions based on small number of patients, perception of risk, clinicians, 31694
response to tricyclic antidepressants, 11 yr 11 mo old severely depressed boy, 5621
review & classification & suggestions for treatment of antidepressant-induced sexual dysfunction, 8887
rhabdomyolysis & polyneuropathy in lithium intoxication & coma, 61 yr old female with manic depression with 11 yrs drug therapy, 21957
risk factors associated with treatment of major depression during pregnancy, pregnant women taking fluoxetine or serotonin reuptake inhibitors, 38331
risperidone & alpha-2 antagonism, exacerbation of hallucination-persisting perception disorder, 8861
risperidone & fluoxetine treatment, gynecomastia, 30-yr-old female with schioaffective bipolar disorder, 12145
risperidone vs haloperidol, incidence of tardive dyskinesia, older patients with schizophrenia or dementia or mood or other disorders with psychotic symptoms of behavioral disturbances, 9-mo study, 25176
risperidone vs neuroleptic vs no antipsychotic medications, weight gain & body mass index, 12–18 yr old inpatients, 6 mo study, 8912
risperidone, development of dyskinesia, 4–19 yr olds with mental or developmental disorders, 12161
risperidone, development of major depression & obsessions, 29 yr old male with schizophrenia , 28475
risperidone, development of parkinsonian tremor, 12-yr-old male with ADHD & conduct disorder & PTSD, 15334
risperidone, hyperprolactinemia & sexual dysfunction, 40 yr old male with schizophrenia, 15289
risperidone, prolactin levels, 23–49 yr old premenopausal women with mental disorders, 18666
risperidone, serum prolactin levels & adverse clinical sequelae, patients with chronic schizophrenia, 12195
risperidone, tardive dyskinesia/dystonia, 19–22 yr old males with 1st episode psychosis, 21873
risperidone-induced absence of ejaculation, 32- & 41-yr-olds with schizoaffective disorder, 38297
role of amiodarone in timing & clinical presentation of depressive episode, 65 yr old female receiving amiodarone for ventricular tachycardia, commentary, 31802
safety & effectiveness & side effects of paroxetine, 8–17 yr olds with obsessive-compulsive disorder, 35015
safety & efficacy of 20- vs 80-mg/d nalmefene treatment, alcohol-dependent outpatients, 31677
safety & efficacy of nontricyclic antidepressants, children & adolescents with ADHD & obsessive compulsive disorder & depression & Tourette disorder & mutism & other disorders, 21884
safety & efficacy of olanzapine vs haloperidol, adults (mean age 28 yrs) with first-episode psychosis , 8943
safety & efficacy of patient controlled analgesia program, 7–17 yr old surgical patients, 28593
safety & efficacy of psychoactive medication prescribing practices vs research knowledge, physicians treating children under age 18 yrs with mental disorders , 21907
safety & efficacy of quetiapine, 6.2–15.3 yr old males with autistic disorder & mental retardation, 31675
safety & side-effects of & reasons for terminating treatment with risperidone prescribed by general practitioners, patients aged 10 yrs or younger to 90 yrs or older, 5650
safety profile & adverse events in response to moclobemide treatment, depressed patients with multiple sclerosis, 3-mo study 34–60 yr old, 21865
sedative effects of single & repeated doses of 50 vs 150 mg tolperisone hydrochloride, 19–27 yr olds , 4139
selecting an antidepressant by using mechanism of action to enhance efficacy & avoid side effects, 8950
selective serotonin reuptake inhibitors, development of mania, 9 yr old males & 10 yr old female with obsessive compulsive disorder, 12163
selective serotonin reuptake inhibitors, sexual side effects, patients with mental disorders, 12229
serotonin reuptake inhibitor-induced syndrome of inappropriate secretion of antidiuretic hormone, 78–89 yr old female patients, 21876
sertraline treatment for severe depression & irritability & violence & psychosis, 12 yr old male treated with prednisone for 7 yrs for ulcerative colitis, 8870
sertraline, cardiovascular adverse effects, 6-17 yr olds with obsessive compulsive disorder, 21976
sertraline, hyponatremia, 87-yr-old male, 8921
sertraline, upper lip dystonia, 24 yr old male with traumatic brain injury & depression, 12240
sertraline-induced exacerbation of irritable bowel syndrome symptoms, 42-yr-old female with irritable bowel syndrome treated for depression, 2303
severe akathisia during olanzapine treatment, 31–60 yr olds with schizophrenia, 5639
severity of choreoathetoid movements, 25–56 yr old males with cocaine dependency, 24512
sexual dysfunction & depression & antidepressant pharmacotherapy, 18733
sexual dysfunction, males taking selective serotonin reuptake inhibitors for depression, 5679
sexual side effects of psychotropic drugs, 5615
sexual side effects of selective serotonin reuptake inhibitors, female 65 yr old & male 58 yr old, 21936
side effect as qualitative indicator of plasma concentrations of chlorpromazine &/or its metabolites, 19–50 yr old schizophrenic patients, 15288
side effect profiles of risperidone vs haloperidol, psychiatric inpatients with no previous exposure to antipsychotic drugs, 15335
side effects & clinical response of mirtazapine, 24–72 yr old outpatients with panic disorder, 16 wk study, 28406
side effects & pathophysiological mechanisms of antidepressants, REM & slow wave & other sleep EEG patterns, patients with major depression, 15343
side effects & properties of selective serotonin reuptake inhibitors in treatment of affective disturbances & anxiety disorders, 31676
side effects & tolerability & safety in use of SSRIs for affective disorders, implications for pharmacoeconomics, 2320
side effects of over-the-counter oral yohimbine use, 44–53 yr old males with PTSD, 30791
sildenafil, 18–60 yr old females with antidepressant-induced sexual dysfunction , 38289
sildenafil, 29–50 yr old patients with sexual dysfunction resulting from SSRI treatment, 12218
sildenafil, 56 yr old male with phenelzine-induced sexual dysfunction, 18822
sildenafil, antidepressants drug induced sexual dysfunction, males & females , 38392
sildenafil, depressed outpatients with antidepressant induced sexual dysfunction, 8890
sildenafil, fluvoxamine-induced erectile dysfunction, 39 yr old man treated for social phobia & alcohol abuse, 2276
sildenafil, paroxetine-induced anorgasmia, female 41 yr old with anxiety disorder & obsessive-compulsive traits, 21861
sildenafil, serotonin reuptake inhibitor-induced sexual dysfunction, 20 & 46 yr old males, 18658
silymarin, prevention of hepatotoxic effects & improvement of efficacy & tolerability of tacrine, patients with Alzheimer's disease, 12 wk study, 31615
sodium valproate as long term prophylactic agent for migraine headache, headache continuation & side effects, 16–65 yr olds, 60 mo followup, 28598
somatostatin octreotide as cause of & treatment for cluster headache, 30-yr-old female with acromegaly, 5761
striatal D2 dopamine receptor occupancy of neuroleptic & clozapine & occurrence of extrapyramidal side effects, inpatients with schizophrenia, 5607
sublingual tablet containing nicotine, mouth lesions at site of application & other local symptoms, 25–62 yr old smoking cessation program participants, 12 mo prospective study, 19089
suicide & antidepressant treatment of depression, 18688
symptomatic methadone toxicity associated with addition of fluvoxamine treatment, 28 yr old female with severe asthma, 15400
tamoxifen or estradiol or metformin for counteracting antihyperglycemia & subsequent obesity induced by typical & atypical antipsychotic drugs, humans & animals, 29977
therapeutic benefits & response patterns & safety of sertraline, 12–19 yr olds with major depression, 21858
therapeutic efficacy & safety of methylphenidate & dextroamphetamine & pemoline & adderall, children with ADHD & comorbid conditions, 21900
therapeutic index & adverse & antiamphetamine effects of quetiapine & NNC 756 & NNC 22-0031 & DOD 647 & haloperidol & melperone vs clozapine, monkeys, 26831
tolerability & extrapyramidal symptoms & akathisia related to olanzapine vs risperidone, 33 yr old male with AIDS & major depression with psychotic features, 2366
trazodone delirium, 33 & 54 & 58 yr old females with depression, 2357
treatment of risperidone-induced amenorrhea with herbal medicine shakuyaku-kanzo-to, 28 yr old female with schizophrenia , 28513
treatment strategies for antidepressant related sexual side effects, 18675
tricyclic antidepressants vs selective serotonin-reuptake inhibitors vs trazodone, risk of falls, nursing home residents, commentary & commentary reply, 12237
unreported side effects of olanzapine, African American male 27 & 37 yr olds with schizophrenia, 21972
use of depressogenic medication & 1st vs current depressive episode, inpatients (mean age 72.86) with major depression, 38232
valproate induced Stevens-Johnson syndrome, 20-yr-old male with seizures , 2485
valproate, effects on liver function & white blood cell count & platelets, patients with bipolar disorder & alcoholism, 28497
valproic acid intoxication, 62 yr old female with bipolar disorder & chronic uremia , 15310
venlafaxine combined with fluoxetine, anticholinergic side effects, 21–73 yr olds with major depression, 12146

venlafaxine treatment for major depressive episode, mania, 63-yr-old male with bipolar disorder, 18741
venlafaxine, acute myocardial infarction, female 69 yr old with major depression & preexisting stable anginal syndrome, 25214
visual field shimmering, 51 & 52 yr old males treated with nefazodone, 15298
vitamin E, haloperidol-induced extrapyramidal reaction, male 17–40 yr olds with acute & transient psychosis, 8889
withdrawal symptoms after discontinuation of adjunctive fluoxetine, 51 yr old male patient with schizophrenia treated with clozapine , 28454
zolpidem vs benzodiazepine effects on reinforcement & abuse potential & discrimination & performance impairment & tolerance & dependence, humans & nonhumans, 739

Side Effects (Drug) [See Also Drug Addiction, Drug Dependency, Drug Sensitivity]—Books
Handbook of psychopharmacotherapy, 38336
The Hatherleigh guide to psychopharmacology, 25239

Side Effects (Drug) [See Also Drug Addiction, Drug Dependency, Drug Sensitivity]—Chapters
Current status of monoamine oxidase inhibitors in psychiatric practice, 25243
Ecstasy, 787
Gender differences in psychotropic medications, 28526
The patient's view of antipsychotic pharmacotherapy, 25258
Pharmacotherapy in children and adolescents, 2416
Pharmacotherapy, 31722

Side Effects (Treatment) [See Also Side Effects (Drug)]—Serials
benefits & side effects of commonly used dosing strategies in ECT, 5685
cases of neuroleptic malignant syndrome associated with antidepressants & their pathophysiological hypotheses, 14–75 yr olds, 8864
chemotherapy with vs without cranial radiation therapy, attention functioning, 9.6–14.75 yr old survivors of childhood leukemia, 12334
clinical predictors of short-term outcome & cognitive side effects of ECT, 19–91 yr olds with major depressive disorder, 15365
development of anorexia nervosa, 38-yr-old female 2 yrs following gastric bypass surgery, 12342
development of depression during bupropion treatment for smoking cessation, 35–55 yr olds, 32048
dosage & withdrawal & psychosexual side effects of testosterone therapy, 21–40 yr old males, 12268
efficacy of bilateral fetal nigral transplantation in postcommissural putamen, symptoms & activities of daily living & motor function, 39–63 yr olds with advanced Parkinson's disease, 2 yr study, 18823
eye movement desensitization & reprocessing treatment, development of severe panic attacks & acute suicidality, 39 yr old male with adjustment disorder, 2164
fatigue & quality of life, 36–74 yr olds females undergoing autologous stem cell rescue for breast cancer, longitudinal study, 25308
induction of schizophreniform disorder & other psychiatric symptoms, 52 yr old treated with spinal cord stimulator following perineoscrotal pain, 12349
occurrence of unintended phenomena during hypnosis, patients with conversion disorder, 28552
premature labor induced by ECT, 29 yr old female with schizophrenia & depression, 12263
PTSD associated with automatic implantable cardioverter defibrillators, 47 & 51 & 55 yr old male patients, 12328
rates of completion & complications & outcome of group-orineted day traetment program, patients with personality disorder, 32014
restoration of hepatic function by liver transplantation, taste & smell detection & recognition thresholds, 34–64 yr old end-stage liver disease patients, food choice & nutritional status implications, 22042
safety & efficacy of ECT, 75–91 yr olds with depressive episode & recurrent depressive & bipolar disorders with & without psychotic features, 3 yr study, 8971
use of neuropsychological assessment for evaluation of cognitive functioning during treatment for medical disorders, 8733
vaginal anatomy & function changes in women treated for cervical cancer, sexual function & levels of distress, 25–80 yr old females with history of cervical cancer, 22041

Side Effects (Treatment) [See Also Side Effects (Drug)]—Books
Electroshock: The case against, 31743

Side Effects (Treatment) [See Also Side Effects (Drug)]—Chapters
Shock treatment IV: Resistance in the 1990s, 31744

Sight Vocabulary—Serials
acquisition of knowledge of sublexical print & sound correspondences from reading experience, 6–7-yr-olds, 20525
assessment of reading difficulties & dyslexia using letter-sound knowledge & alphabetic processing & logographic sight vocabulary as indicators, 6.7–12.1 yr olds with reading difficulties, 37683
mathematical meta-model of visual & auditory recognition & morphological processing of morphemes & full words, 29535

Sign Language—Serials
cognitive capacity, errors in & learning & generalization & mastery of modified American Sign Language verb-agreement & context & path-of-motion grammar, college students , 23683
1–6 times normal speed of American Sign Language on videotape, cognitive processing speed & accuracy of sign & sentence identification & error characteristics, deaf 21–53 yr olds , 24879
American Indian Gestural Code vs ASL, sign comprehension & imitation & retrieval learning, mentally retarded male 30–57 yr olds with Down's Syndrome, 38897
American Sign Language proficiency & English literacy & bilingual deaf education model of instruction, deaf children, erratum, 21632
challenges of & misconceptions toward learning American Sign Language as a 2nd language, 4366
content analysis of use of gesture in American Sign Language discourse, 7304
continua produced by computational morphing of face-action images, categorical perceptions of face actions that carry language significance, 19–55 yr old college students who use sign language, 13866
interarticulator co-ordination & motor control deficits, 43–79 yr old Deaf signers with Parkinson's disease , 37952
judgement & interpretation, arbitrary & iconic & metaphorical signs in American Sign Language, undergraduate students, 33560
left hemisphere specialization for linguistic specificity & signed languages, deaf persons , 34519
motor impairment, articulation & perception in spoken vs signed speech, patients with Parkinson's disease, 28168
proactive vs retroactive demonstrations of signed alphabet, learning of signed letters, adults, 13358
sign language perception, activation of visual & auditory areas of temporal lobe, congenitally deaf adults, 11957
simultaneous prompting procedure for teaching receptive manual sign identification in small groups & effect on learning of non-targeted signs, 29 & 44 & 49 yr old adults with mild mental retardation, 27966
singing paired with signing, receptive vocabulary skills, kindergarten & elementary English as a Second Language students, 32234
spatial ability, errors in topical coherence & spatial referential devises in ASL, right brain damaged 74 & 75 yr old male signers , 15015
speech vs simultaneous communication, sentence duration & voice onset time of plosive consonants in stimulus words, inexperienced female sign language users, 10703
temporal characteristics of speech produced during simultaneous communication, inexperienced adult female student signers, 17163
translation of Quick Diagnostic Interview Schedule-III Revised into American Sign Language & Signed English & speech reading, deaf patients, 91

Sign Language—Books
Language acquisition by eye, 34714

Sign Language—Chapters
The acquisition of first signs: Place, handshape, and movement, 34718
The acquisition of natural signed languages: Lessons in the nature of human language and its biological foundations, 34726
American Sign Language and reading ability in deaf children, 34725
Child-directed signing in American Sign Language, 34721
Creating an involvement-focused style in book reading with deaf and hard of hearing students: The visual way, 35556
Early sign combinations in the acquisition of sign language of the Netherlands: Evidence for language-specific features, 34717
Is American Sign Language skill related to English literacy?, 34728
Kinesic cues: The body, eyes, and face, 10716
Modality effects and modularity in language acquisition: The acquisition of American Sign Language, 10820
A piece of the puzzle: ASL and reading comprehension in deaf children, 34720
Principles for an emerging phonological system: A case study of early ASL acquisition, 34722
A reexamination of "early exposure" and its implications for language acquisition by eye, 34724
The role of modality and input in the earliest stage of language acquisition: Studies of Japanese sign language, 34723
Sign language development, 23738
Theorizing about the relation between American Sign Language and reading, 34716

Signal Detection (Perception)—Serials
algorithms for predicting free-response detection of simulated pulmonary nodules in noisy computed tomography data, numerical & human Os, 10050
applicability of signal-detection analysis to frequency-discrimination behavior, female rats, 13496
automatic detection of arousals during sleep, 19–67 yr olds with different pathological conditions, 34031
bilateral microinjections of carbacholine & scopolamine into striatum, signal differentiation, dogs, 3913
connectionist vs diffusion model accounts of correct & error responses & RT in signal detection tasks, college students, 19825
contrast detection in fixed & random noise in foveal & parafoveal vision, adult Os, test of template learning hypothesis, 10019
delta-9-tetrahydrocannabinol vs scopolamine vs MK-801, performance on operant spatial signal detection task, male rats, 10640
dependencies of binaural detection on center frequency & bandwidth & interaural parameters, Ss, 36196
discrete wavelet transforms vs principal components analysis for representation of event related potentials in linear regression & neural network models predicting signal detection performance, adults, 13629
distractor-stimulus memorability or salience, metacognition & memory for nonoccurrence, college students, 10137
divided & selective attention, auditory signal detection & localization, adults, 23059
element length & number, detectability of uniquely oriented line element in field of uniformly oriented line elements, 20–28 yr old Os, 36142
ERPs & RT during target detection task with temporal contingencies, 18–38 yr olds, 33295
generalized rational behavior signal detection model to predict variation in base rate use while making probabilistic judgments, 13299
illumination parameters, signal detection & successive vs simultaneous brightness discrimination, male rats, implications for human vigilance decrement in sustained attention tasks, 23175
inhibited vs noninhibited target locations, time & pattern of target detection latencies in attention, college students, 19747
intertrial interval duration, auditory & visual signal timing, pigeons, 3668
method for estimating signal-to-noise ratio in continuous speech, adults with disordered voices, 18464
model-based algorithm for representation & processing of speech signals by their envelope & instantaneous frequency, 13236
modulation of auditory masks, neural bases of natural sound detection, cats , 10437
multichannel digital signal processing in multiple microphone recording technique for reversals in virtual acoustic image generation & localization, listeners, 13235
neural mechanisms of deviancy & target detection & temporal characteristics of brain activation by combining electrophysiological & hemodynamic measures of auditory oddball task, 20–28 yr olds, 10482
noise bandwidth, detection of sinusoidal movement signal, 21–41 yr olds , 19773
noisy template model of area summation in visual contrast discrimination in signal detection, humans, 13210
number of sample stimuli & number of choices, conditional stimulus–response discrimination in detection task, pigeons, 26479
predictions of energy detector & multiple look models of signal detection, 13175
recollection & familiarity & dual-process signal-detection model, recognition & source-memory judgments, college students, 36278
remember vs know vs guess responses following recognition memory decisions & signal detection model of remember-know paradigm, adults, commentary reply, 3588
sensitivity to first- vs second-order modulations of luminance vs image contrast, visual white noise, Os, implication for mathematical model & computer simulation, 23047
signal detection assessed changes in discrimination & RT bias in lexical decision, healthy 18–27 vs 59–84 vs 58–84 yr olds with Alzheimer's disease, 28183
signal detection theory & lateral-line excitation patterns & prey capture behavior, mottled sculpin, 33106
signal detection theory & relationship between stimulus detection & identification, 29493
signal presentation & reinforcement ratios, line orientation discrimination, pigeons, 26482
simple & additive noisy linear amplifier models for estimated threshold ratios in Gabor orientation identification & detection, college students, 10046
slope of growth-of-masking function & change to linear slope at high signal levels, 21–32 yr olds, 26360

spatial noise-reduction filtering, x-ray fluoroscopy image detection, human & model Os, 10037
spatial spread & shape of signal window, spatial integration of Gabor gratings in contrast detection, human Os, 19754
statistical characteristics of d' & beta estimates of signal detection theory , 9967
stimulus pitch & duration & intensity, auditory evoked potentials & auditory late-potential & behavioral thresholds & signal detection, 21–34 yr olds, 23054
use of electronic spreadsheet software for description of basic model of signal detection theory for studies in perception or attention or memory, college students, 15896
use of signal detection theory in psychological stimulus discrimination studies & calculation of signal detection theory measures, 13143
visual field & signal detection capability & response times during full face-piece respirator wear, male vs female adults (mean age 27 yrs), 10509
visual signal detection with 2-component noise with broadband & low-pass background spectra, human & model Os, 10022
white noise masking, auditory signal localization & detection, 52–74 yr old males with hearing disorders vs normal adults receiving low-pass-filtered auditory stimuli, 24884

Signal Detection (Perception)—Chapters
Psychophysics: Methods and analyses of signal detection, 3417

Signal Intensity [See Stimulus Intensity]
Significance (Statistical) [See Statistical Significance]
Significant Others—Serials
Al-Anon vs confrontational family meeting vs family skills training interventions, treatment engagement of problem drinkers by their 21–81 yr old concerned significant others, 35324
attachments & affiliations in taxonomy of relationships, 1238
attributional & evaluative responses to partner request for condom use, prediction of coercion & condom use compliance, violent vs nonviolent male inmates, test of social-information processing model, 24567
consistency in central interpersonal relationship patterns & perceptions of & responses to different types of significant others, 17–40 yr olds, 27266
consultation input on problems & reasons for suicide & perception of suicidal communication & well-being & need for support, 18–92 yr old significant others of suicide attempters , 18003
cross-informant correspondence between self & significant other reports for emotional & behavioral problems, 12–25 yr olds in community based psychotherapy center, 24961
disclosure of infidelity & relationship status, recovering sex addicts & partners, 1728
emotional support felt from discussing illness-related concerns with partner vs fellow patient, 28–55 yr old breast cancer patients, 5282
experience of partners' presence at birth, new mothers, 1113
facilitated vs inhibited RTs as measures of mental representations of self vs in- vs out-groups vs relationship partners, college students, 23995
importance & goals of conducting pre-ECT evaluation, patients & family members or significant others, 5687
organization of positive & negative knowledge about a relationship partner & implications for liking & loving, college students, 20869
perceptions of health care support given to suicidees prior to their death, family members & close friends, 31893
persistence & exacerbation of significant-other-based inferences & confidence in representation-consistent memory of fictional person, undergraduates, 2–3 wk follow-up, 17604
perspectives of & emotional–motivational relevance in dual-factor conceptualization of self vs other vs significant other differences , 1241
psychological distress & coping behavior, male partners (mean age 37 yrs) of gay men with HIV related disease, 21500
relationship between significant others' positive & negative statements on self-talk & self-esteem, 3rd–7th graders, 27033
self monitoring, feigning romantic interest in potential dating partner, college students, 14312
sociodemographic & psychological characteristics & risky sexual & drug-use behaviors & childhood abuse & adult victimization, homeless females vs their intimate partners, AIDS prevention implications, 27122
spirituality as coping mechanism during postbereavement period, male caregivers of partners with AIDS, 11231

Significant Others—Chapters
Cultivating hardiness zones for adolescent girls: A reconceptualization of resilience in relationships with caring adults, 20634

Silent Reading—Serials
gyral MEG response to silent reading of Kanji characters vs meaningless figures as measure of neural semantic processing, native speakers of Japanese vs German, 3866
manipulation of meaning dominance & word frequency of heterographic targets, phonological processing during silent reading, undergraduates, 23090
role of phonology in silent Chinese compound character reading, native Chinese speakers, 23116
silent vs oral reading style & study vs entertainment reading purpose, inference generation & thinking aloud & reading comprehension of narrative vs expository text, 19–39 yr olds, 29584

Silent Reading—Chapters
Engaging in recreational reading, 15932

Similarity (Stimulus) [See Stimulus Similarity]
Simile [See Figurative Language]
Simple Schizophrenia [See Schizophrenia]
Simulation [See Also Computer Simulation, Flight Simulation, Heuristic Modeling, Markov Chains, Mathematical Modeling, Simulation Games, Stochastic Modeling]—Serials
alternative tools for knowledge-based modelling in education, 38792
category & motives in simulation & gaming, 3547
computer modelling of cognitive development, implications for education, 9717
design-based modeling approach, understanding of biomechanics of human arm, 3rd graders, 9439
distraction & attentional narrowing in auto racing simulation, female college students, 13363
ecological validity of jury simulation research, 16262
effectiveness of simulation technology for health care professional skills training & assessment, 38683
exercise training, brain norepinephrine changes with simulated weightlessness, rats, 26607
exposure to intermittent glare & driving time, performance in driving simulator, 31–53 yr old experienced male truck drivers, 35774
games & simulation & organizational learning & adaptation to change, 39011
generalization of interlimb rhythmic movements from 1:1 coordination to bimanual 1:2 coordination via movement modeling, adults, 29528
human- vs computer-adjusted warning thresholds, 18–28 yr olds in simulated driving task, 16223
in-class simulation to experience matching phenomenon & issues of mate selection & social exchange & related psychological concepts, students, 22434
media influences & modeling in mass homicides, 37446
mental simulations of examinations, affect & subjective confidence for exam performance, college students, 32265
method for measuring interrater agreement on checklists & statistical simulations, 22935
performance on driving simulator as predictor of future automobile accidents, aged adults, 14083
pictorial simulation of peripheral acuity, 6760
predictive accuracy of language impairment using temporal processing measures, 5–8.5 yr olds with vs without language impairment, simulated retest of results obtained by P. Tallal et al, 8482
predictive accuracy of language impairment using temporal processing measures, 5–8.5 yr olds with vs without language impairment, simulated retest of results obtained by P. Tallal et al, commentary, 34525
procedure for generation of correlated multivariate nonnormal distributions , 13134
procedure for generation of correlated multivariate nonnormal distributions, erratum , 22930
process- vs outcome-based mental simulations, midterm examination performance, college freshmen, 10131
relationship between actual lateralized readiness potentials of human Ss & simulated response activation in a connectionist model, 20189
simulated action, inferences of physical events, adults, 6867
simulated inter-observer comparison of color-matching functions, 19743
simulation & electromyographic correlates of learning an internal model of reaching movements, 36206
simulation in language learning & English as a foreign language field, 6148
simulation model of priming effects & lexical access & related-word meaning retrieval & sense selection in context, 29547
simulation modelling techniques in study of technological innovation, 26290
simulation of assessment center using videotaped sales presentations & roleplays & group discussions & validity of simulation & accuracy of assessor judgments of job candidates, 26244
simulation of effects of modulatory system on biophysical properties of single cells for context dependent processing at system level, neuromodulation in visual cortical network, 29244
simulation training, accuracy & latency during performance of clean intermittent self-catheterization procedures, 5 yr old females with urinary problems, 25293
simulations vs games & informal dramas as educational technique & practice of decision making & communication skills, secondary school students, 6149
statistical simulation & neural networks of natural language acquisition, 35803
use of Gambler's Fallacy to teach misconceptions about random processes & their effect on statistical interpretations, students in introductory statistics class, 32233
use of simulation modeling in political science in context of social choice theory & individuals & international relations & prisoner's dilemma game & multiperson interaction, 26281
use of ski poles for physical guidance, immediate & delayed retention performance & efficiency of learned coordinated movement pattern on ski-simulator, adults, 6830
using hierarchial linear modeling to predict creative performance over time, film directors, 38968
vehicle-based driving simulation showing risk probability in terms of safety margin of time headway vs kinetic energy, young & low-experienced male drivers, 3203
warning on ability to detect malingering on memory & motor tasks, simulated memory & motor deficit performance, college students, commentary, 28215

Simulation [See Also Computer Simulation, Flight Simulation, Heuristic Modeling, Markov Chains, Mathematical Modeling, Simulation Games, Stochastic Modeling]—Chapters
Advanced technology in scenario-based training, 3155
Computer simulation of cognitive dissonance reduction, 14354

Simulation Games—Serials
childhood developmental issues in educational simulation game development & game model, 10–11 yr old students, 22452
children's play & adult simulation/gaming & developmental theories & learning, 20429
complex innovative decision-making in business game, graduate students with vs without sleep deprivation, 19812
frames of reference in SYSTEMS AND SYNERGY simulation game for use in increasing understanding of dynamics affecting organizational performance & improving decision-making capabilities, managers, 9593
influence of simulated board game on changes in attitudes & norms & motivation & behavior & intentions, managerial level housing association employees, 9599
organizational interpretive frameworks & knowledge creation through communication & role of simulation/gaming in facilitating organizational reengineering for improving commensurability, 9636
overview of simulational games for policy development & organizational change, review of articles selected for publication in special issue of Simulation & Gaming: An International Journal, 9629
semiotic perspective of algorithmic vs experiential educational simulation games & play, 22454
simulation game used to enhance negotiation skills in industrial relations & team building settings, 9586
use gaming in research on & analysis of effects of strategies & culture on organizational processes & developments in labor relations, simulated construction company, 9638
use of CRISILAB simulation game to improve disaster management, crisis management teams, 9598
use of simulation games to promote organization learning for employees involved in organizational or technological changes, employees from process industry, 9632

Simulation Games—Chapters
A Day's Journey Through Life©: An assessment game, 35755

Simulators [See Simulation]
Sin—Serials
eight theories on the nature of the unpardonable sin, 38351

Sincerity—Serials
receiver communication style, dishonest vs sincere displays & feedback of sender, pairs of adults, 20825
sensitivity to detection of false reassurances & phoniness, dysphoric vs nondysphoric adults, 30673

Singapore—Serials
depression & anxiety, older Asian & Asian American adults , 14453
domain-specific locus of control, need for achievement & affiliation, college students, Singapore, comparison to Western population response characteristics, 30480
Eastern & Western medicine, illness cognition & help-seeking behavior in Singapore , 1098
sociocultural & race/ethnicity factors, incidence of attempted suicide, 13–20 yr olds, Singapore, 5-yr study, 21272

Singapore—Chapters
Reading skill development in bilingual Singaporean children, 27014

Singing—Serials
Etude music magazine support for singing as a physically & psychologically therapeutic agent, 1883–1957, 31752
exposure to within-type variation, song-learning process, male sparrows, 23253
function of vocal apparatus, professional vocalists with vs without organic & functional disorders of vocal functions vs non-professionals, 21435
high vs low pitch singing voice preference, 6 mo olds, 7548
mothers' singing to infant vs preschool children & acoustic features, version identification & tone of voice & articulation ratings, 19–66 yr old listeners, 23052
perceptions of play vs lullaby infant-directed song styles, adults, 11129
perturbation of auditory feedback during adaptive protocol, loss of spectral & temporal stereotypy of song, adult male zebra finches, implications for neural plasticity, 23204
preferred self-to-other ratio when singing sustained vowels together with synthesized choir sounds, choir singers, 23066
singing paired with signing, receptive vocabulary skills, kindergarten & elementary English as a Second Language students, 32234
timing of song learning from adult tutors, chipping vs field sparrows, 23249
use of coding devices & expression of emotion in singing to cause happiness or sadness to listener, 4–12 yr olds, 7492
visual-fixation-assessed preference for infant-directed vs adult-directed singing, 2 day olds with normal hearing & their English vs Japanese deaf mothers, 23709
Singing—Chapters
The perception of singing, 213
Pitch, periodicity, and noise in the voice, 16552
Single Cell Organisms [See Microorganisms]
Single Fathers—Serials
state welfare reform policies, paternal involvement, 17–35 yr old low-income single African American fathers in community-based parenting program, 25457
Single Mothers—Serials
alternative child care arrangements & hospitalization experiences, behavior problems, 3–5-yr-olds from female-headed single parent families , 10891
individual & social contextual factors in decision to be single mothers, educated financially independent women, 20753
living arrangements & father presence & male female & father child relations, mother well being & depression & child behavior, employed vs unemployed single mothers currently or formerly on welfare, 14163
maternal sexual behavior & attitudes & communication with child, sexual risk taking, male vs female Black or Hispanic adolescents in mother-headed households , 11011
perceptions of children's health behavior & causes of health problems & prevention & community role in childrearing, African American single low income mothers of 5–10 yr olds, 18885
relationship of parental occupation & area socioeconomic deprivation status & single mother vs joint registration status & low birth weight, birth records, 1986–1992, 24716
risk & protective factors, child self-regulation & self-worth, single-mother headed rural Black families with 6–9 yr olds, 23907
risks & protective factors & other components of resilience, single Black 26–46 yr old mothers raising daughter in high-risk urban neighborhood, 17652
single parenthood, school readiness & achievement, 6–7 yr old children of White vs Black vs Hispanic 21–31 yr old mothers, 32264
Single Mothers—Chapters
Young African American multigenerational families in poverty: The contexts, exchanges, and processes of their lives, 10751
Single Parents [See Also Single Fathers, Single Mothers]—Serials
family type during childhood & hospital-treated psychiatric disorders, 16–28 yr olds with 2-parent vs single-parent family background, 28-yr followup, 1468
gender, military single parent work & family adaptation & stress & social & economic support, 25979
housing program for reuniting families with special needs, 22–56 yr old single parents with serious mental disability & their children aged several weeks to 14 yrs, 35234
psychoanalytic analysis of impact of single-parent family structure, children, 30541
SES & single- vs duel-parent families, academic achievement, Black 8th graders, 6196
Single Parents [See Also Single Fathers, Single Mothers]—Chapters
Family structure, parenting practices, and adolescent adjustment: An ecological examination, 10899
Single Persons—Serials
behavioral group approaches to sex therapy focusing on interpersonal &/vs sexual problems, sexually dysfunctional single males, comment, 9003
Sisters—Serials
family & neighborhood characteristics, social & economic outcomes in fixed effect models, sisters (aged 25–37 yrs), 17440
Sixteen Personality Factors Question—Serials
primary language & English proficiency & group differences in responses to 16 Personality Factor Questionnaire items, people of color vs black vs white vs Indian university students, South Africa, 26112
Sixteen Personality Factors Question—Books
Interpreting personality tests: A clinical manual for the MMPI-2, MCMI-III, CPI-R, and 16PF, 26165
Sixteen Personality Factors Question—Chapters
The Sixteen Personality Factor Questionnaire (16PF), 35917
Size [See Also Body Size, Brain Size, Family Size, Group Size, Litter Size, Size Constancy, Size Discrimination]—Serials
age & population interaction & plummage brightness & haematozoa infection, testis size, older vs younger finches, implications for sexual selection, 13461
between-Ss study design, judgment of subjective size of number 9 vs number 221, Ss, 29447
computer tomography adrenal gland assessment, dysregulated hypothalamic–pituitary–adrenal axis & adrenal gland size, 20–49 yr old chronic fatigue syndrome patients , 31076
differences in size & cannabalism, wolf spiders, 20024
effect of perceived area of target on its luminosity threshold, Ss (median age 19 yrs), 29479
extrapair paternity vs mate fecundity, sexual selection of white forehead & wing patch size, male collared flycatchers, 13503
female size, mate choice & selection for coloration, sticklebacks, 384
free-viewing perceptual asymmetries, judgement of brightness vs numerosity vs size, dextral adults (modal age 18 yrs), 13214
mental workload, size & shape of visual field, 22–44 yr olds, 19748
microcephaly & macrocephaly & developmental level & presence of epilepsy & medical disorders & severity of autistic symptomatology & sex, 2–16 yr olds with autism, 24584
monochromatic ocular wave-front aberration & modulation transfer functions in visual contrast sensitivity in relation to pupil size, older vs younger adults, 32792
object & target size in tasks of various difficulties, manual asymmetries, right handed college students, 26376
observer speed & obstacle size & edge-rate information, simulated roadway collision event judgments, Os, 6746
residence & size asymmetries, agonistic interactions, juvenile white seabream, 29713
scaling & size of stimuli, detection of peripheral visual targets, adult males, 159
scaling grip configurations to displace objects that systematically vary in length & mass & density, 22–49 yr olds, 26378
stimulus size & contrast under natural sunlight & overcast conditions, visibility, 1–14 yr old horses , 10255
stimulus size & novelty, attentional focus, college students, 3610
volumetric MRI study & clinical & cognitive correlates of the cerebellum & vermis, schizophrenia patients (mean age 37.6 yrs), 27690
Size (Apparent) [See Apparent Size]
Size (Group) [See Group Size]
Size Constancy—Serials
brain imaging, 35 yr old male with hemimicropsia, 37860
illusory size perception of expanding & contracting textured stimuli in spatio-temporal terms & illusory size change resulting from illusory expansion & contraction, 32862
inducing object & test object conceptual similarity vs perimeter similarity & convergence with Ebbinghaus illusion magnitude, Os, 10024
Size Discrimination [See Also Apparent Size]—Serials
apparent velocity & distance & size & perceived motion in airplane illusion, 32813
depth & flatness information, perception of size in pictures, college students, 32827
haptic estimates of discordant visual-haptic size, 6- vs 9- vs 12-yr-olds, 23011
independence of distance vs shape vs size judgments, adults, 16472
intuitive judgments about covariations of length & weight & width of objects via haptic exploration before vs after oral description, blindfolded adults, 3445
perceptual independence of size & weight using dynamic touch, college students, 6751
spatial layouts differing in scale, anisotropy of perceived 3-D shape & size under monocular vs binocular viewing, 19–40 yr old Os , 19735
Size Discrimination [See Also Apparent Size]—Chapters
Height and extent: Two kinds of size perception, 16535
Skeletomuscular Disorders [See Musculoskeletal Disorders]
Skewed Distribution—Serials
integer-valued first-order autoregressive Poisson process adapted to represent time-dependent correlations among longitudinal count data , 13125
Skill Learning [See Also Fine Motor Skill Learning]—Serials
acquisition & observational learning of incidental information during constant time-delay instruction, 16–21 yr olds with moderate intellectual disabilities, 12725
acquisition & retention & reacquisition of motor skills, 37–79 yr olds with brain damage after stroke, 28214
automatic portable verbal prompt system at scheduled intervals, assembly task performance, 31 yr old female with total blindness & profound intellectual disability, 8808
capability of present models in developing skilled performance & role of learning intervention that integrates learning with working, 38960
cognitive vs skills based educational programs, cognitive skills & performance & math & reading achievement, socioeconomically disadvantaged kindergartners, 1 yr follow up, 22468
critical thinking skills & effective learning processes, students majoring in psychology & special education vs sociology & social work & criminal justice, implications for teachers , 9475
design & execution of mental skills & self modeling & kinematic intervention for promotion of effective learning of techniques for performance recovery, male elite javelin thrower, 35695
developmentally-based life skills approach to mental health counseling, contributions of D. K. Brooks, 34783
effectiveness of Information Retrieval Exercise in linking education & work, lecturer & business students, 22455
effectiveness of simulation technology for health care professional skills training & assessment, 38683
errorless learning, acquisition of word processing skills, 33-yr-old male with memory impairment , 2671
evaluation of intervention to develop problem-solving skills based on social cognitive theory, 11–13 yr olds, 1 wk followup, 35513
event-based approach for training team problem solving skills, scenario design with teams, implications for technology & computer-based assessment, 26404
exposure to interactive multi-sensory environment, achievement & generalization of Foundation Outcome Statement skills, 5–18 yr olds with severe or multiple disabilities, 9552
focus on personal development vs traditional academic subjects for career readiness in present 'communication age' based on Fortune 500 job-skill needs, 9581
goals & self-evaluation, self-efficacy & achievement & self-reported competence & use of self-regulatory strategies during computer skill learning, 18–39 yr old college students, 28967
high risk behavior prevention program embedded into everyday classroom activities, basic skills learning, upper elementary school students, 25738
importance of self-regulation skills in young children with Down syndrome, 1877
intensive early behavioral intervention, predictive utility of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, commentary, 15203
intensive early behavioral intervention, predictive utility of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, commentary, 15199
intensive early behavioral intervention, predictive utility of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, 15208
intensive early behavioral intervention, predictive validity of rates of learning & skill acquisition & autism symptomatology & adaptive behavior, 20–65 mo old autistic Ss, 2 yr study, commentary, 15192
job search clubs, acquisition of job search skills & career self-efficacy & vocational identity, 22–39 yr old international students, 35566
learning difficulties in teaching skills & techniques to diabetic patients, health care professionals , 2464
midazolam, priming & explicit memory & skill learning on mirror-reading task, patients (mean age 27.4 yrs) who underwent minor ear surgery, 33494
music appreciation & achievement & learning & emotional benefits, 33529

normal light &/vs ball-only practice, acquisition of one-handed catching skill, college students who are poor catchers, 13249
process vs outcome vs shifting self-regulatory goals, writing revision skill learning & self-efficacy & self-reactions & intrinsic skill interest & GPA, female 9th–11 graders, 28976
quadruple instructional arrangement using constant time delay, acquisition & generalization of gift wrapping skills, 8–11 yr olds with moderate mental retardation, 27967
recorded audio prompts, independent prevocational task completion, 37- & 48-yr-old females with schizophrenia & mental retardation, 8813
silent run-through teaching method, skill acquisition & problem solving ability, medical students, 15721
simulation training, accuracy & latency during performance of clean intermittent self-catheterization procedures, 5 yr old females with urinary problems, 25293
state communication anxiety & cognitive interference, message production skill acquisition, undergraduate students, 274
striatal activation during learning of probabilistic classification skill, 19–43 yr olds, 33240
teaching money skills, individuals with mental retardation, implications for research & practice, 35540
time in training, acquisition of psychotherapeutic skill, 1st vs 3rd year psychiatry residents & clinical psychology interns & psychology practicum students, 2756
use of Engagement Skills Trainer to predict live-fire rifle marksmanship performance, US Army soldiers, 9666
use of ski poles for physical guidance, immediate & delayed retention performance & efficiency of learned coordinated movement pattern on ski-simulator, adults, 6830

Skill Learning [See Also Fine Motor Skill Learning]—Books

Management and administration skills for the mental health professional, 38702

Skill Learning [See Also Fine Motor Skill Learning]—Chapters

Balancing for weaknesses and challenging developmental potential: A longitudinal study of mother–infant dyads in apprenticeship interactions, 7473
Directing a clinical training program: A task analysis, 38705
Managing a behavioral healthcare private practice, 38703
Managing a managed care organization, 38663
Managing a psychology internship program, 38706
Searching for determinants of performance in complex domains, 10226

Skilled Industrial Workers—Serials

job characteristics & satisfaction, mostly-female maquiladoras, Mexico, 22618

Skills [See Ability]

Skin (Anatomy)—Serials

demographics & clinical characteristics & psychiatric comorbidity, 18–53 yr olds with self-injurious repetitive skin picking, 30861
development of skin cancer prevention program, 1st & 2nd & 3rd graders & parents & recreation staff, 22095
fluvoxamine, female 19–82 yr olds with psychogenic skin excoriation, 12141
hyperalgesia after intradermal injection of capsaicin as function of morphological changes in epidermal nerve fibers, 24–69 yr olds, 517
message framing in highlighting potential gains vs loss in promotion of sunscreen use as cancer prevention behaviors, 18 yrs & older beach goers, 12355
minor physical anomalies & dermatoglyphic asymmetries & cortisol levels, adolescents with schizotypal personality disorder vs other personality disorders, 17967
painful heat stimulation of hand skin, motor cortex excitability, adults, 33307
similarity in skin color of group's members, perceived cohesion & psychological & behavioral traits attributed to group, undergraduates , 37051
skin pain sensitivity & psychoemotional stress, male 18–49 yr olds with vs without chronic neurasthenia, 30771
unmyelinated afferent stimulation to skin, mechanoreceptive units & low vs high thresholds to & size of response to skin deformation & differential response to stimuli, 21–31 yr olds, 29868

Skin Cancer Screening [See Cancer Screening]

Skin Conduction [See Skin Resistance]

Skin Disorders [See Also Herpes Simplex, Lupus, Pruritus]—Serials

1-wk didactic & clinical skin cancer prevention training, general & preventive skin cancer knowledge & self efficacy to screen & educate & organizational level constructs, nurses, 3 mo study, 28820
auditory EPs, 34–56 yr old vitiligo patients, 8509
bullous vasculitis & fever & neutrophilia after therapy with diazepam, 50-yr-old woman with chronic depression & alcohol dependence, 25204
cognitive behavioral therapy, coping with vitiligo & self esteem & body image & quality of life & vitiligo progression, vitiligo patients (mean age 39.3 yrs), 38074
development of striae upon commencement of cyproterone acetate treatment, 22 yr old male with Asperger's syndrome, 5653
disease severity & fear of negative evaluation, interpersonal & psychological difficulties, 18–91 yr old psoriasis patients, 1941
effectiveness & influence on knowledge & attitudes & behaviors of sun protection programs for skin cancer prevention in children aged under 14 yrs, 25326
efficacy of school based intervention to increase sun protection knowledge & behavior & prevent skin cancer, 8th graders, 3 yr study, 25351
evaluation of community based skin cancer prevention program, skin cancer prevention attitudes & knowledge & behavior, parents, 3 yr study, 25353
hypnosis, patients with psoriasis, 25297
immobilization stress & carbon dioxide asphyxiation vs pentobarbital sodium injection, skin mast cell degranulation, male rats , 33354
isotretinoin, lithium induced acne, 30 yr old female with bipolar disorder, 25152
nontraumatic stereotyped postictal purpura, 25 yr old female with generalized tonic-clonic seizures, 5396
perceptions of social stigma, adult villagers with onchocercal skin disease, Nigeria, 15 mo followup, 1918
psychology & cutaneous disease & psychodermatology, 25295
skin cancer prevention knowledge & attitudes & practices, parents & 1st–3rd graders & recreation program staff, 25338
skin thickening as predictor of appearance esteem & effect of appearance esteem on reaction to stress of disease-caused physical change & psychosocial adjustment, adults with systemic sclerosis, 24709
sun avoidance practices,non-Hispanic White adults, implications for skin cancer health education, 25340
sun protection promotion & skin cancer health education program in recreational soccer setting, coaches (aged 33–64 yrs) & parents (aged 31–56 yrs) & children (aged 8–14 yrs), 25356
validity & reliability of measure of impact of toenail onychomycosis & health related quality of life, adults, 36016
valproate induced Stevens-Johnson syndrome, 20-yr-old male with seizures , 2485

Skin Disorders [See Also Herpes Simplex, Lupus, Pruritus]—Chapters

A belt of roses from hell: Acute pain in herpes zoster and postherpetic neuralgia, 8529
Computer assessment using visual stimuli: A test of dermatological skin disorders, 16385
A vulnerability-diathesis-stress model of chronic pain: Herpes Zoster and the development of postherpetic neuralgia, 14937

Skin Electrical Properties [See Also Skin Resistance]—Serials

anxiety & skin conductance, male mice, 4075
electrodermal & respiration psychophysical responses in Guilty Knowledge Test, guilty vs informed innocent vs uninformed innocent Ss, 36209
electrodermal activity to & RT & psychologically significant stimuli, patients with brain damage (mean age 48.2 yrs), 37925

Skin Resistance—Serials

complete stimulus omission & interstimulus interval variation, electrodermal habituation at short interstimulus intervals, adults, 4030
electrodermal skin conductance reactivity during auditory habituation, depressed inpatients who thought about or attempted vs committed violent vs nonviolent suicide, 18021
extraversion & neuroticism, resting bilateral finger surface skin conductivity coordinates assessed with Motoyama's apparatus, adults (mean age 43.1 yrs), 26714
modulation of skin conductance response & electrodermal activity preceding aversive stimulus, heart rate & risk for drug dependency, 16–18 yr old males, 14761
presentation time of backwardly masked phobic vs nonphobic target pictures, skin conductance responses & forced choice awareness, females with spider phobia, commentary, 34221
presentation time of backwardly masked phobic vs nonphobic target pictures, skin conductance response & forced choice awareness, females with spider phobia, 34218
skin conductance responses as measure of electrodermal activity during short interstimulus interval stimulation, patients with schizophrenia, 11424
skin-conductance orienting deficits & increased alcoholism, schizotypal criminals vs criminals & schizotypal noncriminals, 13 yr study , 21047
startling tones, HR & skin conductance & eyeblink reactivity, females with PTSD, 21182
subliminal presentations, skin conductance responses, female children (aged 9–14 yrs) with spider phobia, 37408

Skin Temperature—Serials

novel stimuli-evoked attentional shifts, peripheral inflammation of sodium urate-injected ankle & endogenous analgesia vs pain-coping, chickens, 20233

Skinner (Burrhus Frederic)—Serials

public attitudes toward behavioral technology & history & development & commercial failure of B. F. Skinner's aircrib, 26068

Skinner (Burrhus Frederic)—Chapters

Baby in a box, 13923
The experimental analysis of operant behavior: A history, 3675
Radical behaviorism: B. F. Skinner's philosophy of science, 6534

Slang—Serials

use of Ebonics & nonstandard English, academic achievement, Black high school students, US, 35503

Sleep [See Also Napping, NREM Sleep, REM Sleep]—Serials

actigraphic vs polysomnographic assessment of sleep, insomniac adults (mean age 46.46 yrs), application of Actigraph Data Analysis Software, reanalysis, 14900
alcohol hangover, psychomotor performance & subjective state & sleep quality, male 18–45 yr old moderate to heavy social drinkers, implications for driving under influence, 7191
amount of sleep the previous night, dose response curves for Stanford Sleepiness Scale & Psychomotor Vigilance Task tests, 18–30 yr olds, 23425
amount of sleep, mother-reported behavior problems, 2–5 yr olds, 27058
animal models of sleep & evidence for interleukin 1-beta & tumor necrosis factor-alpha as sleep regulatory substances, 429
anxiolytic drugs deramciclane vs ritanserin vs chlordiazepoxide, EEG and deep sleep, rats, 17033
associations between sleep & respiratory disturbance & psychological responses asssessed by MMPI, adults with obstructive sleep apnea, 24678
automatic computer analysis for identifying & removing behavioral & technical artifacts from human sleep EEG data, 36482
automatic detection of arousals during sleep, 19–67 yr olds with different pathological conditions, 34031
behavioral intervention on noise & lights, sleep, incontinent nursing home residents, 19006
benzodiazepine hypnotics vs zopiclone, sleep & psychiatric symptoms, 22–39 yr olds with chronic schizophrenia, 21911
benzodiazepine vs cyclopyrrolone vs imidazopyridine hypnotics, frequency of hippocampal theta activity & sleep structure, male rats , 13838
bupropion, symptoms & sleep patterns, 14-yr-old female with ADHD and periodic limb movement disorder, 25191
circadian & homeostatic influences on sleep, squirrel monkeys after different sleep deprivation durations, 13637
CNS alteration of sleep & other behaviors & peripheral immune system responses to invading pathogens, 21483
comparison of EEG coherency measures at rest vs with eyes open vs closed vs during sleep vs REM sleep, 6–11 yr olds & 18–23 yr olds, 23395
compromise formation theory of sleeping & dreaming on couch as enactments motivated by complexes of conscious & unconscious fantasies during psychoanalysis, males, 12130
concurrent validity of Infant Sleep Questionnaire, mothers & infants aged 12–18 months, 32593
continuous positive airway pressure treatment vs placebo, sleep indices & mood states, 32–60 yrs olds with sleep apnea, 10 day study, 38437
continuous vs episodic administration & plasma high concentration vs repetitive increases of somatotropin-releasing hormone, sleep, 22–36 yr old normal men, 10611
contributions to paired-associate learning & effect of sleep & dreams on memory, B. R. Ekstrand, 12562
correlation between sleep recorded using EEG & wrist activity monitoring techniques during simulated 12-hr shift rotation, 18–30 yr olds vs 35–56 yr olds, 23429
corticotropin-releasing hormone receptor agonist, sleep deprivation & stress induced paradoxical sleep rebound, male rats, 7180
cyproheptadine, nightmares & sleep quality, 47–75 yr old veterans with PTSD, 2-5 wk study, 38223
day & nighttime quiet sleep respiration rates & sex & birth weight & maternal age & education & delivery mode & cognitive development, 1–2 day olds, 6 mo followup , 4404
delta-sleep-inducing peptides, NMDA-induced convulsions, rats, 7256
depression & subjective sleep quality, immunocompetence, 18–44 yr old low-income females at risk for cervical cancer, 30577

diazepam binding inhibitor & fragment octadecaneuropeptide, pentobarbital-induced sleep, group housed vs socially isolated male mice, 17034
dopamine autoreceptor antagonist (–)DS121, wakefulness & locomotor activity & body temperature & sleep, adult male rats, 3892
EEG alpha power & alpha asymmetry across waking vs sleep states, patients (mean age 49.35 yrs) evaluated for possible sleep disorders, 28003
EEG anomalies during sleep, 4–11 yr olds diagnosed with developmental dysphasia, 1911
EEG sleep measures, elderly patients with bereavement-related depression in remission with vs without nortriptyline treatment, 8121
effect of serotonin uptake inhibition by paroxetine on sleep & daytime symptoms, 25–65 yr old males with obstructive sleep apnea, 15308
effects of open-label fluoxetine, polysomnogram, 18–50 yr old depressed patients, 14509
effects of thalidomide on sleep, 27–44 yr old healthy males, implications for use in immune disorders, 13759
environmental events & personality mediators & emotional responses as stress components, prediction of 7 aspects of sleep & dreaming, 18–35 yr old college students, 29667
ethanol, self administration & reinforcing effects when used as hypnotic & mood & sleep, adult insomniacs, 11811
extinction of parental attention, sleep problems, 2.5 yr old male with a physical disability, 28333
genetic variation in expression & regulation of sleep before &/vs after sleep deprivation, AKR/J vs C57BL/6J vs C57BR/cdJ vs 129/OLA vs BALB/cByJ vs DBA/2J inbred male mice, 23285
ginseng & ginsenosides & coffee & caffeine, ethanol induced sleeping & righting reflex, mice, 10601
graphic sleep monitoring system for recording data regarding & improving sleep related problems, mentally retarded residents of institution for persons with developmental disabilities, 1 yr study, 27961
habituation of the infant arousal response through repetitive tactile stimulus & resistance of brainstem vs cortical responses to habituation & effects of sleep, infants aged 1–22 wks, 23711
haloperidol or thiothixene, improvement in sleep continuity & REM latency, 18–45 yr olds with schizophrenia, 2360
high intensity auditory stimuli, elicitation of P300 component of auditory ERP during sleep, 18–28 yr olds, 33283
histamine H/3 receptor agonist Sch 50971, sedative & respiratory activity, guinea pigs, neurogenic model of migraine, 714
impact of parental divorce on dreaming & sleep, 11–13 yr olds, 17368
individual differences in reported sleep need, 9th graders, 840
intranasal administration of growth hormone-releasing hormone, endocrine & sleep functions, 21–33 vs 71–81 yr old healthy men , 29940
lateralization of eye closure & monocular vs binocular sleep during 1st 2 wks of life, female chicks reared with imprinting object or in visual social isolation, 16929
low vs moderate exercise before bedtime, sleep & core body temperature, physically active 18–35 yr old males, 4006
melatonin, sleep physiology & pharmacology, adults, 33312
memory maintenance mechanisms & sleep adaptations & pathologies & dreaming, dynamic stabilization of neural circuitry & etiologies of delirium & fatal familial insomnia & epilepsy, 29814
microinjection of growth hormone-releasing hormone or its antagonist into preoptic area, sleep, rats, 17125
modulation of motoneuron excitability in reflex responses of masticatory muscles during sleep, male rabbits, implications for bruxism, 29903
mother–infant bed-sharing, body temperature, 11–15 wk old infants habituated to bed-sharing vs solitary sleeping, 26945
nefazodone vs other antidepressants, sleep patterns & quality, healthy adults vs Ss with major depressive disorders, 28393
NMDA receptor antagonists, locomotor activity & receptor binding, Short-vs Long-Sleep mice, 763
nocturnal hormone secretion & sleep EEG several months after injury, 19–36 yr old males with severe traumatic brain injury, comparison with depressed patients, 31223
olanzapine, delta sleep & sleep efficiency, schizophrenic patients (mean age 33.6), 28492
pain & fatigue & sleep disturbances & relationships between symptoms & treatment characteristics & self-care strategiese, adult oncology outpatients receiving radiation therapy for bone metastatis, 25313
panamesine, plasma cytokine & soluble cytokine receptor levels & blood cell counts in 18–44 yr old patients with schizophrenia & sleep changes in healthy 22–29 yr old males, 12169
parental reports vs actigraphy assessments of sleep patterns, 3–12 yr olds with autism , 24586
parenting & infant's sleep patterns, 21–40 yr old mothers & their infants, 36985
paroxetine, sleep & mood & aggression & preoccupations, 7 yr old male with autism, 12223
perceived sleep quality & associated behavioral & social & psychological factors among 15 yr olds, 11 & 13 & 15 yr old Finnish students, 26951
performance on wordstem priming task vs mental spatial rotation task after early vs late retention sleep, 22–33 yr old males, 29963
peripheral-type benzodiazepine receptor agonists & antagonists & dose & social isolation stress, pentobarbital- induced sleep, isolated vs group-housed mice, 36551
persistence of effects of fluoxetine on electroencephalographic sleep after drug discontinuation, females treated with interpersonal psychotherapy with vs without fluoxetine for recurrent depression, 28404
physiology & sleep & well-being & stress, 35–54 yr old perimenopausal women, 6 yr study, 17412
picrotoxin with vs without progesterone, GABA-A receptor function in sleep, male rats, 10604
placebo vs 25 vs 100 mg dose of Org 4428 a noradrenaline reuptake inhibitor with antidepressant-like properties, EEG sleep, 20–24 yr olds , 33500
power spectral analysis of EEG power dynamics of delta & sigma frequencies in quiet sleep, malnourished 5.5–13.5 mo olds, 21456
preferred language used in sleeptalking episodes, balanced vs dominant 3–17 yr old bilingual Basque children, Spain, 23714
prevalence & source of midsleep awakenings prior to conception vs 1st vs 2nd vs 3rd trimesters of pregnancy, women (mean age 31.24 yrs), 36499
prevalence of depression & anxiety & differences in sleeping patterns, 45–68 yr old male patients before vs after coronary artery bypass surgery, 6 mo followup, 31784
quantified analysis of sleep characteristics, adolescent females with anorexia nervosa, 14877
quantity & quality of sleep & health & well-being & family & social life, morning vs evening typed industrial shift workers, males (mean age=35 yrs), 19434
relationships between serotonin & sleep, 26545
secretion of sex steroid & circadian rhythm & sleep, 20199
sex steroids, different aspects of sleep, animals & human males vs females, 33326
short term withdrawal from benzodiazepines, subjective sleep quality, hospitalized geriatric patients, 38293
side effects & pathophysiological mechanisms of antidepressants, REM & slow wave & other sleep EEG patterns, patients with major depression, 15343
sleep & activity rhythms, circadian phase, blind 19–72 yr olds, 34705
sleep & circadian rhythms & nutrition & subjective fatigue during short-haul operations, male flight crewmembers (mean age 43.0 yrs), 6416
sleep & fatigue & mood & caffeine & food consumption & physical symptoms in short-haul operations, male helicopter pilots (mean age 34.3 yrs), 6417
sleep & sleep disturbances & anxiety & depression, abstinent vs drinking alcoholic males, 8 yr followup, 18065
sleep & sleepiness during daytime, 23–37 yr olds injected with Salmonella abortus equi endotoxin, 3996
sleep abnormalities assessed with sleep EEG, medication-free patients with obsessive compulsive disorder , 1653
sleep architecture & HR variability & response to sodium lactate challenge, patients with nocturnal vs daytime panic attacks, 24344
sleep as way of analysis, 37 yr old male, 34929
sleep behavior & self-reported adjustment, young adults, 4070
sleep continuity & architecture & REM sleep patterns, African vs Asian vs Hispanic vs Caucasian Americans, implications for psychopathology, 36291
sleep duration, sleep onset detection during daytime nap opportunities, 19–36 yr olds, 23169
sleep habits & family, 2–10 yr olds, Brazil, 7334
sleep habits, 1 mo–10 yr old Bororo children, Brazil , 23663
sleep or drowsiness or fatigue as contributing factors to road accidents, accident-involved drivers, 35776
sleep pattern & neuroendocrine alterations as state vs trait markers of depression, 18–45 yr old health first-degree relatives of patients with affective disorders, 8106
sleep patterns during 1st 2 postnatal days, mother-rated temperament at 8 mo, normal infants, 17361
sleep state changes, cerebral haemodynamics, 2–8 day olds, 4405
sleep, pain management, 31065
snoring, multiple choice examination scores, medical students, 24695
spatiotemporal patterns of oscillations & local field potentials in suprasylvian cortex during waking & natural sleep, cats, 20171
St Johns wort, antidepressant-like effect on sleep polysomnogram, 20–44 yr olds, 745
stimulus intensity & elicitation of P300 wave during sleep, adults, 33282
subjective sleep quality & level of nocturnal motor activity, adults with less vs more severe depression, 17875
subjective sleep quality & pain threshold, patients (mean age 30.3 yrs) with fibromyalgia, 21445
typical antipsychotic drugs vs risperidone, quantity & quality of sleep, patients with schizophrenia, 38235
use & perceived efficacy & side effects of nonprescription products used for sleep problems, ambulatory 60–92 yr olds, 38429
watching TV vs walking vs sleep deprivation, sleep latencies, 19–35 yr olds, 4024

Sleep [See Also Napping, NREM Sleep, REM Sleep]—Books

Bodily rhythms and states of awareness, 19894
The paradox of sleep: The story of dreaming, 29668

Sleep [See Also Napping, NREM Sleep, REM Sleep]—Chapters

Assessing sleep function in older adults, 32711
Memory reprocessing in corticocortical and hippocampocortical neuronal ensembles, 29887
D-^{9}-tetrahydrocannabinol and cannabis intoxication in naive neuropsychiatric syndrome of study during wakefulness and sleep, 17138The

Sleep Apnea—Serials

associations between sleep & respiratory disturbance & psychological responses asssessed by MMPI, adults with obstructive sleep apnea, 24678
attentional impairments, 43–66 yr olds with obstructive sleep apnea syndrome vs 40–69 yr olds who snore, 18246
continuous positive airway pressure treatment vs placebo, sleep indices & mood states, 32–60 yrs olds with sleep apnea, 10 day study, 38437
continuous positive airway pressure vs theophylline treatments, respiratory variables & subjective & objective sleep & awakening quality, male patients with moderate sleep apnea, 21663
development of sleep apnea after treatment with chlormethiazone for delirium, 73-yr-old male with dementia & history of alcoholism, commentary reply, 35026
development of sleep apnea after treatment with chlormethiazone for delirium, 73-yr-old male with dementia & history of alcoholism, commentary, 34978
effect of serotonin uptake inhibition by paroxetine on sleep & daytime symptoms, 25–65 yr old males with obstructive sleep apnea, 15308
MMPI responses, adult patients with nonapneic primary snoring vs obstructive sleep apnea, 24679
prevalence of occult sleep apnea & periodic limb movement revealed by polysomnography screening, recruited older adults with insomnia, implications for psychological treatments for insomnia, 28036
psychobiological mechanisms in respiratory distress & cardiovascular reactivity & role in sleep apnea & cardiovascular disorders, humans, 13662
snoring & excessive daytime sleepiness, cognitive ability, 59–71 yr olds, 4 yr study, 34560
symptoms & mislabeling or comorbid diagnoses, obstructive sleep apnea & ADHD, male 20–50 yr olds with prior ADHD diagnoses, 34028
symptoms of sleep apnea & prevalent cardiovascular disease & cognitive impairment & mortality, 71–93 yr old Japanese-American men, 3-yr study, 21457
temporal stability of Wisconsin Card Sorting Test, 30–75 yr old untreated obstructive sleep apnea patients, 22896
validity of Epworth Sleepiness Scale, patients with sleep apnea, 9878

Sleep Deprivation—Serials

21 hrs of sleep deprivation, slow-wave activity & slow wave sleep on recovery night & sleep spindles & homeostatic process, 22–53 yr olds with sleep-maintenance insomnia, 3959
abnormal EEGs, sleep-deprived 4–19 yr old patients with Fetal alcohol syndrome vs fetal alcohol effect with vs without fetal drug effect, 8370
amount of sleep the previous night, dose response curves for Stanford Sleepiness Scale & Psychomotor Vigilance Task tests, 18–30 yr olds, 23425
circadian & homeostatic influences on sleep, squirrel monkeys after different sleep deprivation durations, 13637
complex innovative decision-making in business game, graduate students with vs without sleep deprivation, 19812
corticotropin-releasing hormone receptor agonist, sleep deprivation & stress induced paradoxical sleep rebound, male rats, 7180
different amounts of sleep & slow wave sleep restriction, ensuing daytime sleepiness, males aged 21–25 yrs, 23421

EEG during midfollicular vs late luteal menstrual cycle phases & after early vs late partial sleep deprivation, 29–43 yr olds with premenstrual dysphoric disorder, 17881
effects of sleep deprivation, humans & rats, 599
effects of testing method & duration of sleep deprivation & sleep stage on rebounds, sleep deprived rats, 13643
evaluation of VigiMouse visual performance test for detection of daytime sleepiness & pauses in vigilance performance caused by sleep loss & alcohol, female pediatry residents, 13039
functional polymorphism within promoter of serotonin transporter gene, effects of total sleep deprivation, bipolar depression patients (mean age 47.55 yrs), 34094
genetic variation in expression & regulation of sleep before &/vs after sleep deprivation, AKR/J vs C57BL/6J vs C57BR/cdJ vs 129/OLA vs BALB/cByJ vs DBA/2J inbred male mice, 23285
long-term sleep deprivation, brain cell degeneration, rats, 36405
naps &/vs modafinil, psychomotor performance in simulated military operations, sleep-deprived 28–47 yr old male military personnel, France, 17025
performance in flight simulator during exposure to high G, sleep deprived males vs females, 3991
performance on tests of intelligence & sustained attention & frontal lobe functioning, adults who underwent 34–36 hours of continuous sleep deprivation, 23420
prevalence of daytime sleepiness, 16–84 yr old drivers, 10239
sensitivity of Scanning Visual Vigilance Test to effects of stimulants & sedatives & cold stress & sleep loss, 3284
sex & sleep deprivation, flight performance & mood & recovery sleep, fatigued aviators , 7146
shift work & life-style factors & age, prevalence of insomnia & sleep deprivation & daytime sleepiness, 45–60 yr old males, 6346
sleep deprivation & paroxetine, antidepressant response rates, depressed elderly adults, comparison with paroxetine vs nortriptyline monotherapies, 34737
sleep deprivation & vigilance task performance, 19–30 yr old males, 4040
sleep deprivation vs constant exposure to light vs repeated restraint overnight, immune & inflammatory responses, influenza-infected C57BL/6J & Swiss-Webster mice, 4077
sleep deprivation, amplitude & latency of visual ERPs, 22–30 yr old males, 23376
sleep deprivation, auditory attention in the evening vs late night vs morning vs afternoon & decision-making performance with vs without time pressure, 20–49 yr old males, 17002
sleep deprivation, delusional depression, inpatients with mood disorder, case reports, 11355
sleep deprivation, EEG power densities for frontal vs occipital derivations during NREM & REM sleep & waking, male rats, 29916
sleep deprivation, performance on psychomotor tests that commonly measure CNS effects of drugs, healthy 20–24 yr olds, 17115
therapeutic effects of sleep deprivation, patients with depression, 31469
topographical distribution of alpha activity in EEG in REM sleep & sleep deprivation, adult males, 23403
total sleep deprivation & pindolol, adults with acute episodes of bipolar depression, 15102
total sleep deprivation with paroxetine treatment, persistent reduction in glucose metabolism in anterior cingulate cortex, elderly (mean age 71 yrs) with major depression, 21665
total sleep deprivation, mood changes & relapse, patients with bipolar depression undergoing lithium treatment, 3 mo followup, 21866
validity of Epworth Sleepiness Scale, patients with sleep apnea, 9878
watching TV vs walking vs sleep deprivation, sleep latencies, 19–35 yr olds, 4024

Sleep Disorders [See Also Hypersomnia, Insomnia, Narcolepsy, Sleepwalking]—Serials

antidepressant drugs, sleep disturbances, patients with depression, 31703
caregiver's age & level of education & health & stress & anger, sleep complaints, 49–82 yr old female caregivers of adults with dementia, 25479
clinical features of moderate to severe Periodic Limb Movements in Sleep, children & adolescents, 24717
clinical guidelines & recommendations for light therapy as treatment for sleep disorders, 35037
daily variation of melatonin secretion, patients with senile dementia of Alzheimer's type & disturbed sleep-waking, 15027
EEG alpha power & alpha asymmetry across waking vs sleep states, patients (mean age 49.35 yrs) evaluated for possible sleep disorders, 28003
etiology of & intervention for sleep problems, children with autism, 18131
exposure to community violence, psychophysiological response patterns & sleep disturbances, urban 16–18 yr olds, 27765
fatigue & energy & sleep difficulty, elderly caregivers of spouses with Alzheimer's vs Parkinson's disease vs cancer , 31984
frequency & predictors & impact of sleep disorders, Alzheimer's disease patients (aged 53–93 yrs), 34658
guidelines for clinical assessment of child & adolescent sleep disturbance, counselors, 31061
individually tailored behavioral intervention for sleep problems, challenging daytime behavior, children with severe learning disabilities , 21006
intervention combining increased daytime physical activity with improvement in nighttime environment, sleep & decreases agitation, incontinent nursing home residents, 28242
intranasal vasopressin, sleep quality, 70–83 yr olds with age-related sleep disturbances, 12338
light therapy, 16 yr old male with Kleine-Levin syndrome, follow up case report, letter, 8968
light therapy, 34 yr old male with sleep disorder & learning disability, 5693
locus of control & death anxiety & supernatural beliefs, kanashibari experiences, 15–81 yr old Japanese males vs females, 27996
melatonin treatment, children & adolescents with sleep–wake cycle disturbances, 35087
melatonin treatment, fragmented sleep, 3-13 yr olds with mental handicaps, commentary, 28426
MMPI responses, adult patients with nonapneic primary snoring vs obstructive sleep apnea, 24679
modern approaches & developmental effects & special risks involving childhood sleep disorders, 37779
nature & frequency of sleep problems & behavioral disturbance, 6 mo to 46 yr olds with Prader-Willi syndrome, 37775
neurocognitive performance, patients with degenerative dementia & REM sleep behavior disorder (mean age 69.8 yrs) vs patients who met criteria for Alzheimer's disease (mean age 82.5 yrs), 18369
nighttime-eating syndrome, timing of eating & mood & awakening patterns vs circadian profiles & blood chemical levels, individuals with eating disorders, commentary, 34513
nocturnal continuous subcutaneous apomorphine infusion, sleep disturbance, 44–72 yr olds with Parkinson's disease or restless legs syndrome, 35013
occurrence of REM sleep behavior disorder & sleep-related injury, patients (mean age 67.9 yrs) with Parkinson's disease & their caregivers, commentary reply, 24792
occurrence of REM sleep behavior disorder & sleep-related injury, patients (mean age 67.9 yrs) with Parkinson's disease & their caregivers, 5200
occurrence of REM sleep behavior disorder & sleep-related injury, patients (mean age 67.9 yrs) with Parkinson's disease & their caregivers, commentary , 24782
parent-reported frequency & severity of sleep problems, stimulant treated vs untreated 4–18 yr olds with ADHD, 38314
periodic limb movement disorder & restless legs syndrome, 2–15 yr olds with ADHD, 8439
prevalence & causes & treatment of sleep disorders, children with visual impairment, 24889
prevalence & factors associated with sleep paralysis, adolescents & adults, 18273
prevalence of night terrors & sleepwalking & confusional arousals & association with mental disorders & drug usage & stress & other psychosocial factors, 15–100 yr olds, 18272
prevalence of occult sleep apnea & periodic limb movement revealed by polysomnography screening, recruited older adults with insomnia, implications for psychological treatments for insomnia, 28036
prevalence of sleep disturbances, 14–46 yr old females with bulimia, 34502
relation between impaired sleep & alcohol use & abuse, outcome study, male vs female in & outpatients, 12 wk followup, 27848
reliability of Maternal Cognition about Infant Sleep Questionnaire, assessment of sleeping problems, mothers of 13–16 mo olds, 1 mo study, 13103
REM sleep behavior disorder, patients with degenerative dementia, 5311
review of clinical features & etiology & diagnosis & treatment options, patients with sleep disorders, 14924
self-report measures in assessing prevalence of sleep terrors, 33–60 yr olds in Finland, 13101
sleep disordered breathing & limb movements, older patients with schizophrenia (mean age 59.6 yrs), 21123
sleep disturbance, menopausal females, 5231
sleep disturbances & their behavioral & maternal stress associations, children with Down's syndrome, 8457
sleep problems & subtype & comorbidity & efficacy of stimulant medication, 6–12 yr olds with ADHD, 37624
snoring & excessive daytime sleepiness, cognitive ability, 59–71 yr olds, 4 yr study, 34560
snoring, multiple choice examination scores, medical students, 24695
standard vs graduated ignoring sleep disturbance treatment, bedtime refusal & nighttime waking & maternal characteristics, young children with difficult bedtime &/or nighttime behavior, 2 mo followup , 15202
symptoms of sleep disturbance & restless legs syndrome in spinocerebellar ataxia type 3, patients with autosomal dominant cerebellar ataxia , 8515
tryptophan with vs without risperidone, chronic sleep disturbance, female child with autism, 8884
validity of Dutch Sleep Disorders Questionnaire, 16–82 yr old patients with sleep complaints, 6637
violent behavior & accidents or errors in judgment & disability determinations as aspects of sleepiness & sleep disorders in workplace or while driving, 21474

Sleep Disorders [See Also Hypersomnia, Insomnia, Narcolepsy, Sleepwalking]—Chapters

Brain and behavior, 21018
Parasomnias, 12003
A review of the effects of moderate alcohol intake on psychiatric and sleep disorders, 4310
Sleep disorders in childhood and adolescence, 18292
Sleep disturbances in late life, 5259

Sleep Inducing Drugs [See Hypnotic Drugs]

Sleep Onset—Serials

alertness maintenance gamebox device, drowsiness & mental effort & driving quality & safety in advanced driving simulation, 25–49 yr old drivers, 16253
amount of sleep the previous night, dose response curves for Stanford Sleepiness Scale & Psychomotor Vigilance Task tests, 18–30 yr olds, 23425
brain spatial microstates of spontaneous alpha activity in relaxed wakefulness vs drowsiness at sleep onset vs REM sleep, 19–23 yr olds, 33279
extraversion–boredom vs disinhibition–honesty personality clusters & self-rated drowsiness susceptibility & eye blinks as predictors of accidents in night-driving simulator, 22–55 yr olds, 37173
guidelines for stability in polysomnograph vs sleep log & home vs lab measures of sleep onset & time in sleep & wake after sleep & time in bed & sleep efficiency, normal aged vs insomniac aged, 14926
heart rate & respiratory sinus arrhythmia & pre-ejection period & T-wave amplitude (cardiac activity) during sleep onset, adults, 20194
heat-lamp-induced sleep latencies & q-tip & odor-bottle olfactory stimuli in method for testing odor detection & discrimination, food-deprived 1 day old chicks, 33035
sleep duration, sleep onset detection during daytime nap opportunities, 19–36 yr olds, 23169
sleep latency on maintenance of wakefulness test, 17–68 yr old patients with narcolepsy, 5228
sleep or drowsiness or fatigue as contributing factors to road accidents, accident-involved drivers, 35776
sleepiness, reinforcing & subjective effects of methylphenidate, 21–30 yr olds, 17090
structure & content & awareness in dream reports collected at sleep onset vs spontaneous morning awakening, college students, 4027
test validity of psychometric evaluation of daytime sleepiness & nocturnal sleep onset, 18–45 yr olds, 13635
watching TV vs walking vs sleep deprivation, sleep latencies, 19–35 yr olds, 4024

Sleep Talking—Serials

genetic factors in adult & childhood sleeptalking & psychopathology, 33–60 yr old monozygotic & dizygotic twin pairs, 4872
preferred language used in sleeptalking episodes, balanced vs dominant 3–17 yr old bilingual Basque children, Spain, 23714

Sleep Treatment—Serials

metabolic rates in anterior cingulate & prefrontal cortex, prediction of therapeutic response to sleep deprivation, patients with unipolar depression, erratum, 38342
metabolic rates in anterior cingulate & prefrontal cortex, prediction of therapeutic response to sleep deprivation, patients with unipolar depression, 31742

Sleep Wake Cycle—Serials

18-hr duty schedules & knowledge of clock time & exposure to 24-hr social schedules, circadian rhythms, 20–40 yr old male submarine crew members, 22689
24-hr sleep organization, high vs low avoidance rats, 20250
3:3 vs 12:12 vs irregular short light:dark schedules, REM & NREM sleep & waking, albino Lewis vs pigmented Brown Norway male rats, 3958
actigraphic motor asymmetries in wrist &/vs ankle during sleep & waking, 19–28 yr old males, 4081
age & sex & chronotype, sleep–wake habits, under 24–over 55 yr olds, 4063
alcohol drinking & growth hormone & slow wave sleep, humans, implications for alcoholism treatments, 30021

alertness & sleep, elderly insomniacs treated with vs without zolpidem, 38415
auditory stimulation with bird's own song, multineuronal activity in nucleus robustus archistriatalis of vocal motor system, sleeping vs awake zebra finches, 7115
burnout & perceived stress, HPA dysregulation as measured by early morning free cortisol levels after awakening & after dexamethasone suppression, teachers (mean age 42 yrs), 13679
changes in active sleep & wake, newborn rats vs rabbits vs humans, 26693
chronic low dose diisopropylfluorophosphate, time course of sleep/wake cycle changes & cholinergic inhibition in pontomesencephalic tegmentum, male rats, 36548
chronic rolipram, sleep wake activity changes & role of cyclic adenosine monophosphate in mediation of tyrosine hydroxylase, male rats, 4195
concurrent validity of Infant Sleep Questionnaire, mothers & infants aged 12–18 months, 32593
demographic characteristics & caregiving periods & diurnal variations in active sleep & wakefulness, very-low-birthweight preterm infants at 33 vs 35 wks old, 13892
developmental perspectives on sleep-wake patterns & social interactions, commentary, 33675
developmental perspectives on sleep-wake patterns & social interactions, commentary, 33653
developmental perspectives on sleep-wake patterns & social interactions, commentary, 33679
developmental perspectives on sleep–wake patterns & social interactions, college students, 33645
environmental noise & light, night & daytime sleep parameters, incontinent nursing home residents, implications for intervention to improve sleep hygiene, 5896
guidelines for stability in polysomnograph vs sleep log & home vs lab measures of sleep onset & time in sleep & wake after sleep & time in bed & sleep efficiency, normal aged vs insomniac aged, 14926
icv vs sc vs dorsal raphe nucleus infusion of L-NAME, sleep–wake cycle & REM sleep, male rats , 13788
immobilization stress, hypothalamo-pituitary-adrenal axis reactivity & sleep–wakefulness cycles, male rats, 3792
interference stimulation, somatic evoked N20m primary response & high-frequency oscillations during wake–sleep cycle, 20–43 yr old males, 33287
lesioning of fasciculus retroflexus fiber bundle, spontaneous sleep–wake stage variations of frontal cortex & hippocampus & REM, rats, 3933
melatonin treatment, children & adolescents with sleep–wake cycle disturbances, 35087
melatonin, jet lag, 24–62 yr olds, validation of Columbia Jet Lag Scale, 35023
molecular biology & role of suprachiasmatic nuclei & effects of antidepressants, circadian rhythm & REM sleep & sleep–wake cycle disturbances in depression, 24196
neonatal focal cerebral hypoxia-ischemia, sleep-waking pattern & electrocorticogram power spectra & locomotor activity, adult male Wister rats, 449
neuronal firing patterns in auditory cortex region "A" during sleep stages & quiet wakefulness, adult guinea pigs, 10484
nursing care, development of sleep & wake behaviors, preterm infants (mean age 28 wks), 23647
paired-pulse stimulation during quiet waking vs slow-wave sleep vs REM sleep vigilance states, dentate granule cell modulation, male rats at 15 vs 30 vs 90 days old, 20077
parental reports vs actigraphy assessments of sleep patterns, 3–12 yr olds with autism , 24586
ponto-geniculo-occipital-wave suppression, amplification of lateral geniculate nucleus cell-size changes , monocularly deprived kittens, 20145
readiness of avoidance response as measure of Basic Rest–Activity Cycle rhythmicity, young vs adult mice, implications for link to REM/NREM sleep cycle, 4028
relationship between sleep-wake patterns & marital adjustment, couples, 4616
salivary cortisol & behavioral responses to physical examination & relation to home sleep/wake activity, 7–15 wk olds, 7408
self-reported stress, change in sleep patterns, young adults with long vs short vs variable sleep patterns, 4069
sleep continuity & architecture & REM sleep patterns, African vs Asian vs Hispanic vs Caucasian Americans, implications for psychopathology, 36291
sleep patterns & circadian adaptation & fatigue & mood & caffeine & food consumption & physical symptoms in overnight cargo flight operations, crewmembers (mean age 37.6 yrs), 6419
sleep patterns & daytime fatigue, battered women, 24429
sleep-wake parameters & relationships to corticosterone levels, prenatally stressed adult rats, implications for animal model of depression , 36413
sleep/wake cycle & circadian adaptation & fatigue & mood & physical symptoms & nutrition in long-haul operations, male flight crewmembers (mean age 52.7 yrs), 6418
transcutaneous electrical nerve stimulation, rest–activity rhythm, 70–91 yr olds with midstage Alzheimer's disease, 21600
variability & stability & continuity of sleep–wake behavior & subjective sleep quality & circadian rhythmicity, 18–26 vs 59–74 yr old males, 29934
work schedule with polyphasic rest activity cycles, sleep quantity and sleep stages across cycles & EEG evidence of vigilance, male Air Force personnel (mean age 19.7 yrs), 9668

Sleeplessness [See Insomnia]

Sleepwalking—Serials

lithium alone or in combination with other psychotropic medication & childhood somnambulism, sleepwalking behavior, psychiatric patients, 31666

Slow Learners—Serials

master class inclusion & sequencing strategies, cognitive & academic gains, academically-challenged male 6–7 yr olds, tests of Piagetian theories of cognitive development , 32218
task-related &/vs off-task student–teacher interactions in inclusive classrooms, K–2nd grade exceptional/mildly disabled vs at-risk vs typical learners & their teachers, 29017
visual–spatial working memory & other executive &/vs phonological processing measures, reading-disabled vs slow-learning 1st–5th graders with vs without ADHD, 27941

Slow Wave Sleep [See NREM Sleep]

Slums [See Poverty Areas]

Smell Perception [See Olfactory Perception]

Smiles—Serials

Duchenne vs non-Duchenne smiles & association with emotional processes, 1–6 mo olds in face-to-face interactions with their mothers, 20589
facial parts in recognition of smiling vs sad human faces, Japanese monkeys vs humans, 6948
gazing & smiling in organized vs disorganized peekaboo game as measure of social-exchange timing & structure & protoconversational development, 2 vs 4 vs 6 mo olds, 23782
intraindividual variability in crying & fretting/fussing & smiling & physical contact with mother, newborns at 5 vs 10 vs 15 mo, 23649
moderately vs strongly funny story told by friend vs stranger via telephone vs face-to-face vs tape recorder, smiling & social motives & emotional feelings, university students, 27290
power & sex, amount & type of smiling, college students, 7797
social motives & emotional feelings & smiling, college students participating alone vs in pairs that were together vs separated, 14245

Smiles—Chapters

Kinesic cues: The body, eyes, and face, 10716

Smokeless Tobacco—Serials

bupropion & behavior modification, 31 yr old male with smokeless tobacco addiction, 15611
characteristics of smokeless tobacco users, 17–35 yr old Air Force recruits, 20806
effectiveness of media campaign to promote smokeless tobacco cessation, users of smokeless tobacco, Nebraska, 20797
smokeless tobacco (ST) pattern usage & extent of dependence & attempts to quit, ST users (mean age 30.8 yrs) seeking treatment, 28769
smokeless tobacco, RT & strength, college athletes, 1200
smokeless tobacco-related sensory & behavioral cues, stress & urge & affect, male smokeless tobacco users (mean age 20 yrs), 643
tranquilizer & smokeless tobacco use, 7th–12th graders, 1992, 18089

Smoking (Tobacco) [See Tobacco Smoking]

Smoking Cessation—Serials

ability to reduce cigarette smoking & association with future smoking cessation following public health intervention, adult smokers (mean age 42 yrs), 2 & 4 yr followups, 11079
acute & long term effects of vigorous exercise training, affect & nicotine withdrawal & cigarette craving, females in smoking cessation research study, 22253
adherence behavior during nicodermal patch & adjunctive psychosocial treatment, smokers (mean age 38.7 yrs), 26-wk followup, 12500
application of strategic decision making model to implementation of smoking ban, employee perceptions, personnel, 1 yr followup, 35671
application of transtheoretical model of behavior change to smoking cessation & stress management, 5547
attitudes & social influences & self-efficacy, smoking cessation, smokers, implications for intervention strategies, 2686
attitudes about smoking cessation, 15–19 yr old out-of-school smokers in vocational colleges, 23943
attitudes toward & participation in smoking cessation intervention, effectiveness of smoking cessation advice to patients, general practitioners who do vs do not smoke, 11082
attitudes toward quitting smoking, alcohol-abusing clients in outpatient alcohol treatment program, 25519
barriers & motive for quitting smoking & health risk knowledge & readiness to change, long term care psychiatric patients with vs withoug substance abuse disorder, 20981
body weight estimation, smoking cessation program, adults (mean age 31 yrs), 38459
brief anti-smoking counseling by physicians, smoking cessation, African-American adults (mean age 43 yrs), 3 & 12 mo follow-ups, 2680
bupropion vs nicotine patch vs bupropion & nicotine patch vs placebo, smoking cessation, smokers, 10 & 12 & 26 & 52 wk followups, commentary reply, 32038
bupropion vs nicotine patch vs bupropion & nicotine patch vs placebo, smoking cessation, smokers, 10 & 12 & 26 & 52 wk followups , 12517
bupropion vs nicotine patch vs bupropion & nicotine patch vs placebo, smoking cessation, smokers, 10 & 12 & 26 & 52 wk followups, commentary , 32036
bupropion, smoking cessation, male 41 yr old with schizophrenia, 21887
cigarette smoking & chewing-gum use, 18–52 yr old college students , 37034
client smoking characteristics & smoking during patch use & length of transdermal nicotine treatment, smoking cessation, adult smokers , 20796
computer-controlled telecommunications technology for behavioral intervention for smoking cessation & relapse prevention, smokers, 19078
conceptual design & research framework & components & analytic strategies for evaluation of American Stop Smoking Intervention Study, 32052
counselor & client education in nicotine addiction, clients' treatment readiness for smoking cessation program, clients & counselors from short term residential alcohol treatment facility, 22105
criterion measurement outcome model to test predictions of movement from precontemplation to contemplation to preparation stages of change, 18–75 yr old smokers, 24 mo followup, 28787
culturally sensitive smoking cessation intervention, African American smokers, 2 yr study, 2695
demographics & smoking history & status & patterns of use & motivation to quit smoking & social support, 18–91 yr old female American Indians, 37038
description & efficacy of expert system intervention for smoking cessation, 19086
development & confirmatory factor analysis & validity of Rhode Island Stress & Coping Inventory, 18–74 yr old smokers who successfully quit vs relapsers, 6658
development & implementation & evaluation of smoking cessation group, inpatients with chronic mental illness (mean age 33 yrs), 25538
development of depression during bupropion treatment for smoking cessation, 35–55 yr olds, 32048
differences between & factors affecting resisted temptations to smoke & lapses & coping behaviors, smokers with self-initiated quit attempt who lapsed within 1 mo, 20795
discontinuity patterns in ratings of pros & cons & confidence, 16–79 yr old daily smokers at precontemplation vs contemplation vs preparation stage of behavior change, 25279
effectiveness of adolescent tobacco use cessation & prevention programs, 35328
effectiveness of individualized approach to smoking cessation intervention, 23–56 yr old qualified nurses & 17–36 yr old student nurses, 35326
effectiveness of radio & TV campaign to increase smoking cessation information calls, African Americans, 829
effectiveness of transdermal nicotine with vs without physician-based minimal intervention setting, smoking cessation, 18–72 yr old smokers, 52 wk followup, 12520
efficacy of bupropion, smoking cessation, smokers with history of major depression or alcoholism, 15622
efficacy of cue exposure treatments for smoking relapse prevention, smokers, 25534
effortless unintentional smoking cessation following anti-HIV chemoprophylaxis, 44 yr old male surgeon, 12343
evaluation of communication variables for improvement in recruitment for community-based quit-smoking programs, 32046
factors involved in very delayed relapse following smoking cessation, former smokers at risk of relapse, 5923
factors related to responsiveness to multicomponent in-hospital smoking cessation intervention, general hospitalized smokers, 12529
fluoxetine with cognitive-behavioral therapy, smoking cessation, 18–65 yr old smokers with subclinical levels of depression, 1 & 3 mo followups, 28770

fluoxetine, weight suppression & rebound, participants in smoking cessation trial, 12503
healthy behavior & values & social influences & decision to quit smoking, unemployed or vocationally trained 16–20 yr olds, 36796
impact of general vs targeted vs computer-tailored smoking cessation materials, 19083
impact of nicotine on schizophrenia & antipsychotic medications, treatment planning & smoking cessation programs, patients with schizophrenia who smoke, 37373
interactive vs noninteractive smoking cessation interventions, members of managed care company , 9255
interest in cessation & reasons for quitting & smoking temptation circumstances, male vs female 9th–12 grade cigarette smokers, 7545
issues in use of tailored videos in smoking cessation counseling in primary care settings, 9044
knowledge of smoking effects & use of smoking interventions with patients, medical students, implications for development of tobacco education programs as part of medical school education, Brazil, 22329
length of lapse-free smoking abstinence & anxiety levels, 18–65 yr olds, commentary & commentary reply, 11646
living in area offering community-based long term intervention program, exposure to health care professional advice to quit smoking, 25–64 yr old males vs females, Finland, 12411
monetary incentives & trait depression & personality factors, abstinence after immediate- vs delayed-quitting assignment, male smokers, 17536
naltrexone & nicotine replacement, smoking cue reactivity, abstinent cigarette smokers, 15301
naltrexone, short- & long-term smoking cessation, adult smokers, 6 mo follow up, 22255
nicotine inhalers & fluoxetine, smoking cessation, 25–64 yr old adult smokers, 28759
nicotine withdrawal after obligatory smoking cessation, psychopathology, smoking vs nonsmoking psychiatric hospital inpatients, 8079
optional smoking program development & implementation, attitudes & utilization, clients & staff at abstinence-based addiction treatment center, 38596
origins & current status of Nicotine Anonymous & role as treatment resource, smokers, 12521
overnight smoking withdrawal & nicotine dependence & prepulse inhibition of acoustic startle reflex, 19–45 yr old male smokers, 11628
pharmacological & behavioral smoking cessation techniques & their interaction, 19065
positive & negative perceptions of smoking & decisional balance & readiness to quit, adult Vietnamese & Laotian & Cambodian males, 18870
practice policy statement of American College of Preventive Medicine on tobacco-cessation counseling, medical patients, 5995
predictors of quitting smoking, 12–19 yr olds, 15644
predictors of weight gain following smoking cessation, female smokers, 9238
prevalence of & characteristics related to exposure & participation in televised smoking cessation intervention, female smokers with high school education or less (mean age 44.8 yrs), 32032
prevalence of smoking & development of evidence-based approach supporting tobacco control, 15–69 yr old smokers, China, 37978
primary care tobacco cessation program with behavior modification & nicotine replacement therapy, Marine personnel, 5924
psychosocial determinants & motives regarding smoking cessation, cardiac inpatients, 1993
psychosocial factors of cigarette smoking & recommendations for tobacco smoking cessation intervention in drug abuse treatment, adolescent substance abusers, 25533
relationship between self reported smoking & measurement of expired air carbon monoxide, smokers who had attended behavioral program for smoking cessation, 4695
role of depression in relapse & high- vs standard-dose nicotine patch therapy in promotion of sustained smoking cessation, heavy smokers, 28448
self efficacy & reasons for & success attributions of smoking cessation during pregnancy & early postpartum period, prediction of continued postpartum abstinence, adult females, 31834
self-help booklet with vs without computerized interactive telephone program or motivational counseling from nurse educators, smoking cessation, 18 yr old & older pregnant women, 38447
self-help intervention following cervical cancer screening, smoking cessation, human females, 35139
self-report & sleep index measures of tobacco withdrawal following nicotine replacement therapy, adult males vs females, 19091
sex & concerns about chronic weight & cessation-related weight gain & weight status & dropout during cessation as predictors of relapse to smoking, 18–66 yr olds in smoking cessation program, 5934
sex, smoking cessation across study sites & treatments & time of relapse, smokers (mean age 42.6 yrs) who participated in trials of nicotine patch, 6 mo followup, 28788
smoke free policy in alcohol rehabilitation program, smoking behavior & attitudes, patients & staff, 15636
smoking cessation & nicotine dependence as coping behavior, drug abuse treatment outcomes, substance abusers, implication for treatment of drug addiction, 5932
smoking cessation & patient state of change & smoking behavior, 15–46 yr old pregnant smokers, 18087
smoking cessation attitudes & performance of asking & advising & assisting & arranging protocol for patients aged 50 yrs & older, health care providers, 25399
smoking cessation intervention research, pregnant women, metaevaluation, 1986–98, 5812
smoking patterns & age at initiation of smoking & smoking cessation, college students (aged 18–24 yrs), 37037
smoking relapse prevention program, females who recently graduated from Naval recruit training, 38601
social & demographic variables & nicotine dependence & constructs of planned behavior theory, prediction of smoking cessation during pregnancy, pregnant females , 27197
stage of change & self efficacy to quit & nicotine dependence & perceived & actual smoking related illness, adult smokers, 25546
stages & patterns of readiness of change & prevalence of quitting advice, smokers vs nonsmokers with diabetes, implications for smoking interventions , 28048
stages of change & related health behaviors in smokers forced to quit, Air Force recruits in basic military training, 7764
strategies to enhance compliance of a smoking cessation guideline in staff model clinics, clinical personnel, 38611
strategy for disseminating smoking cessation counseling interventions, primary care physicians, 2690
sublingual tablet containing nicotine, mouth lesions at site of application & other local symptoms, 25–62 yr old smoking cessation program participants, 12 mo prospective study, 19089
tailoring information to enhance quitting, smokers with low intention to quit, 2687
take out drops on cigarette filter as aid in smoking cessation, exposure to nicotine & carbon monoxide & cigarette draw & EEG & cardiovascular results, male vs female smokers, 5938
theory of planned behavior & perceived susceptibility & past cessation attempts, 19–69 yr smokers attending health promotion clinics, 6 mo followup, 7769
treated vs untreated smoking abstinence, psychotic symptoms & medication side effects, cigarette smoking outpatients with schizophrenia or schizoaffective disorder, 28764
unfolding model of cognitive & behavioral change over time, smokers being treated with hypnosis for smoking cessation, 26268
workplace smoking bans & interventions, smoking rates, 38947
worksite health promotion intervention, tobacco smoking & cessation, male vs female blue collar workers, 2.5 yr follow up, 5791

Smoking Cessation—Books

Helping the hard-core smoker: A clinician's guide, 11997

Smoking Cessation—Chapters

Applications of emotional self-regulation therapy, 8800
A comprehensive psychological approach to preventing relapse, 12546
Current issues in nicotine replacement, 12541
Expectancies for tobacco smoking, 30382
Group psychotherapy for hard-core smokers, 12547
Harm reduction, nicotine, and smoking, 2703
Hypnosis and the treatment of smoking cessation and weight loss, 9007
Implementation of a prenatal smoking cessation program in three inner-city communities, 12540
Increasing the impact of nicotine dependence treatment: Conceptual and practical considerations in a stepped-care plus treatment-matching approach, 22273
Intervening with older smokers, 12537
Issues for women who wish to stop smoking, 12545
Nonnicotine medications for smoking cessation, 12544
Preventing cigarette smoking among children and adolescents, 12536
A psychotherapeutic approach for smoking cessation counseling, 12538
Real-time self-report of momentary states in the natural environment: Computerized ecological momentary assessment, 36113
Reducing cigarette smoking in methadone maintenance patients, 18587
The role of the dental profession in tobacco cessation, 12548
Smoking cessation, 15658
Stopping smoking: A study on the nature of resistance and the use of hypnosis, 12539
Treating nicotine dependence, 15651

Snake Phobia [See Ophidiophobia]

Snakes—Serials

role of vomeronasal organ in predator detection, crotaline snakes, 26515

Snuff [See Smokeless Tobacco]

Sobriety—Serials

age & alcohol consumption & abstinence duration, serum carbohydrate-deficient transferrin & gamma-glutamyltransferase & mean corpuscular volume, male alcohol-dependent patients (mean age 41.6 yrs), 37574
average consumption of alcohol &/vs prevalence of heavy drinkers & prevalence of abstainers, 16+ yr olds, Spain, 37578
clinicopathological changes after abstinence, heavy drinkers with chronic hepatitis induced by alcohol with or without hepatitis G virus, 21344
cognitive functioning while sober vs after consuming ethanol, children of alcoholics vs nonalcoholics, 14732
development of standardized boat sobriety test, 19–53 yr old recreational boaters, 12982
event related potentials as indicator of semantic match/mismatch mnemonic impairment, sober alcohol dependent adults, 14738
GABA-benzodiazepine receptor levels in absence of grey matter atrophy, abstinent alcohol-dependent males (mean age 43.2 yrs), 5085
rate & predictors of relapse, male alcoholics (mean age 42.4 yrs) who had achieved long-term abstinence, 2–17 yr follow-up, 8355
rate of change of serial gamma-glutamyl transferase, alcohol-dependent 26–63 yr olds during abstinence while in alcohol treatment program, implications for use as biological marker, 8353
self resolution of alcohol problems as reinvestment in self, 37–66 yr old former drinkers, 2440
serum peptidase activity & relation to production of interleukins & interferon & other cytokines or cytokine receptors, abstinent alcohol-dependent adults, 8361
sleep & sleep disturbances & anxiety & depression, abstinent vs drinking alcoholic males, 8 yr followup, 18065
variable dose naltrexone-induced hypothalamic-pituitary-adrenal stimulation vs placebo & physiological vs subjective responses, 20-60 yr old, 14734

Sobriety—Chapters

Good old boy into alcoholic: Danshukai and learning a new drinking role in Japan, 5970

Soccer—Serials

antecedents & consequences of parents' psychological involvement in decision to purchase a sport experience for their child, 24–49 yr old parents of children in youth soccer programs, 4634
creativity training, performance, secondary school male soccer players, 3137
demographics & sports participation attitudes & behaviors, parents of 5–10 yr olds who participate vs do not participate in youth soccer, 35702
incurrence of concussions & chronic traumatic brain injury, performance on memory & planning & other tests of neuropsychology functioning, amateur soccer players, 37882
narratives in identity construction & reconstruction since retirement, former professional footballers in the UK, 14085
situational self-handicapping & goal orientation & team motivational climate, 10–17 yr old soccer players, 33589
sun protection promotion & skin cancer health education program in recreational soccer setting, coaches (aged 33–64 yrs) & parents (aged 31–56 yrs) & children (aged 8–14 yrs), 25356
use of multiple goal strategies, performance on soccer task, participants, 35698
visual/CNS vs cognitive domain-specific skills, skilled perception & performance in sport, expert vs intermediate male soccer players, 12910

Sociability—Serials

peer evaluation of social functioning as predictors of psychosocial development & social & school adjustment & achievement & self-concept, 8 & 10 yr olds, 4 yr study, China, 17325
relation among shyness & sociotropy & sociability & prediction & indices of interpersonal concern, college students, 17653
relation between personality priorities of pleasing & achieving & outdoing & detaching & avoiding to self esteem & social interest & locus of control & dysfunctional attitudes, college students, 1299
right vs left frontal EEG activity, high vs low shyness & sociability, right-handed female college students, 29849

Social Acceptance—Serials
academic ability & family legacy status & stress perceptions & self-perceived social alienation, college attrition, 16–23 yr old male eventual college graduates vs dropouts, 4 yr study, 35523
acceptance & attributions of male vs female lonely vs nonlonely target, self-concept, lonely vs nonlonely college students, 17672
age & gender & group acceptance & friendship interactions & communication & perceptions, 8–10 yr old vs 11–13 yr old girl/girl vs boy/boy dyads, 36819
attitudes on sex & society in theory of incest, Egypt, 21244
depression & pediatric chronic illness, interpersonal attraction & rejection, graduate students, 4754
development & construct validity & reliability of Miville-Guzman University-Diversity Scale, assessment of awareness/acceptance of diversity, ethnically diverse undergraduates, 24031
excessive reassurance-seeking & depressive symptoms, interpersonal rejection, 7–17 yr old psychiatric inpatients, test of J. C. Coyne's interpersonal theory of depression , 14487
friendship development & peer acceptance, emotional regulation & social-emotional behavior with others, 3–5 yr olds, 23791
Illinois Rape Myth Acceptance Scale, measurement of structure of rape myth acceptance, adults, 14695
loneliness & social isolation, 18–30 yr old Deaf individuals, 18466
measurement of self-perceptions & provision of four- vs two-factor models of Pictorial Scale of Perceived Competence & Social Acceptance for Young Children, kindergarten students, 20443
mother–child interactions & beliefs about familiar vs unfamiliar peers, prediction of social acceptance & aggression, 7–9 yr old males & their mothers, 2 yr study, 20583
peer acceptance & perceived support from peers & family cohesion, prosocial behavior, 6th graders, 14051
peer acceptance & reciprocal friendship, 6–10 yr old children with specific language impairment, 11762
peer rejection & aggression in 3rd grade, prediction of severity & type of delinquency in 6th & 8th & 10th grades, urban African American youths, 34409
peer rejection & aggression, prediction of externalizing & internalizing adolescent disorders, 3rd graders, 7 yr study, erratum, 5011
perceived rejection & rejection sensitivity, hostility in situations activating rejection expectations, female college students & dating couples , 30391
positive peer reporting applied to social rejection through use of Level 2 research, 15 yr old boy with multiple behavior & social problems living in group home, 25100
relation between family income & teacher ratings of student attractiveness & social acceptance & adjustment & depression & behavior, 9–13 yr olds with behavior & emotional problems & their teachers, 14495
self esteem, confidence in romantic partner's positive regard & unconditional acceptance, college students in dating relationships, 7811
self perceived vs actual peer acceptance in childhood, as predictors of major depression in adolescence, 4th–5th graders, 14489
sense of belonging & social support & loneliness & conflict & depression, 21–75 yr old patients with depression, 27594
severity of disability & classroom composition, peer acceptance, students with disabilities, 19346
sex & situation, normative evaluations of same- vs cross-gender expressions of intimacy vs friendship-challenging behavior, college students (mean age 20.5 yrs), 17601
stability of peer rejection, male & female 8–11 yr olds, 2 yr study, 27074
workload & social support from supervisor & peers & link between spurned help from patients & burnout, practicing nurses, 2779

Social Acceptance—Chapters
Anonymity and social control in social dilemmas, 30436
The burden of "acting White": Do Black adolescents disparage academic achievement?, 2926
Peer and self perception of children with short stature—The role of recognition, 23673
Psychosocial correlates of physical and health disabilities, 28057
Rejection sensitivity and adolescent romantic relationships, 36847

Social Adaptation [See Social Adjustment]

Social Adjustment—Serials
acculturation strategies & cognitive performance, 7–12 yr old first vs second generation migrant children, Netherlands, 30140
age & gender & type of onset & premorbid development & relation to social adaptation, 7–14 yr olds with childhood onset schizophrenia, 42-yr study, 37357
application of model of transactional developmental regulation to evaluate effectiveness of early intervention program, 12–69 mo olds with motor impairments, 12726
classroom-based short term Interpersonal Cognitive Problem Solving program, measures of effectiveness & social status, inner city 7–8 yr olds, 4 wk followup, 18637
close cross-sex friendships & friendship qualities & social & emotional functioning, 15–18 yr olds, 36808
co-national & host national identification & modes of acculturation & psychological adjustment & sociocultural adaptation, sojourners, Nepal, 27338
cognitive & social functioning & mood according to significant others, 50+ yr old patients with closed head injury, 11788
development & application of Code-Muller Protocols to perceptions of psychosocial adjustment to acquired communication disorders, patients & relatives & therapists, implications for rehabilitation, 27986
developments in collective & personal self esteem & residence hall membership, prediction of academic & social adjustment, 1st yr college students studied at beginning vs end of academic yr, 38859
direct vs indirect influences of divorce through maternal strain & family SES & quality of family's interpersonal relationships & mother–child interaction, psychosocial adjustment, 3–5 yr olds, 20596
early risk & collaboration between birth & adoptive families, socioemotional outcomes, 4–12 yr old adopted children, 17343
early social relationships at home, prediction of social functioning in kindergarten or 1st &/or 2nd grade, children from urban low-income families, longitudinal study, 15988
emotional & behavioral & social adjustments, Korean American adoptees (mean age 5.2 yrs) vs their adoptive siblings (mean age 11.3 yrs) who are biological children of adoptive parents, 10861
ethnicity & family educational background, social & academic integration & academic success, Asian American vs Hispanic vs White college students, 32302
exposure to war & violence & age & vulnerability & parental functioning & peer relations, mental health & well being & social adjustment, male vs female Iranian refugee children, Sweden, follow-up, 23753
factors influencing & predictors of psychosocial functioning in adulthood & current social circumstances, 33 yr olds with mild mental retardation, 18165
frontally mediated executive dysfunction & response disinhibition & motor dyscoordination & IQ & Brief Psychiatric Rating Scale & psychosocial adaptation, schizophrenic adult outpatients, 17771
hardiness, academic & emotional & social & attachment adjustment & physical health, college students, 10 wk study, 28991
ICIDH-2 classification of functional impairments & social consequences & disability following brain injury, 37845
illness course & treatment history & social functioning, patients diagnosed in adolescence with major depressive disorder, 10–15 yr followup, 21117
incidence of PTSD & socioemotional adjustment, 13–22 yr old incarcerated females, 1681
insight deficits & neurocognitive functioning & psychotic symptoms, social adjustment, 18–50 yr olds with schizophrenia or schizoaffective disorder, 11443
issues related to multicultural adaptation & 2nd language development & assessment, Canadian immigrant & refugee children & their families, implications for education & mental health services, 2938
multiple maltreatment & loss in childhood, attachment formation & childhood sexual abuse & adult self- and social functioning, college students, 37482
object relations development & psychological & sociocultural adjustment, 22–61 yr old missionaries living in 46 countries, 27129
passages in accommodation to HIV & status transitions & socially stigmatized identity, 21–60 yr old gay men, 34585
peer evaluation of social functioning as predictors of psychosocial development & social & school adjustment & achievement & self-concept, 8 & 10 yr olds, 4 yr study, China, 17325
perceptions of childhood psychological abuse & quality of past & current adult relationships, nonabused vs acknowledged abused vs minimizing abused adults, 37519
place of residence & clinical & social morbidity & carer distress, schizophrenic 16–64 yr olds who were living with their families at time of initial study, 15-yr followup, 4934
positive & negative symptoms & psychiatric hospitalization & employment status & social adjustment, community mental health center outpatients, 18953
predictability of peer problems based on IQ & neurological severity & visibility & parent- & teacher-rated adjustment, 6–8 yr olds with hemiplegia in mainstream education, 3 yr follow up, 18448
premorbid social adjustment in childhood & adolescence, 16–50 yr olds with schizophrenia vs bipolar disorder, commentary , 24162
preschool models of language & self help & social & motor & adaptive development & basic skills mastery, inner city 4-yr- olds, 10864
prevalence & outcomes & diagnosis with not otherwise specified disorder, 9 & 11 & 13 yr olds with psychosocial impairment not meeting DSM-III—R criteria, 1 yr followup, 11314
psychosocial adaptation & perception of symptoms, 50–68 yr olds with HIV, 28080
psychosocial adjustment factors, learning disabled college students, 29034
psychosocial adjustment to seizure disorders & clinical usefulness of the Washington Psychosocial Seizure Inventory, 8622
psychosocial risk factors associated with recidivism & predictors of survival in community, 10–17 yr old offenders, 1-yr followup, 24571
quality of life & educational achievement & employment status & military service & family status & health & psychological well-being, adult survivors of childhood cancer, longitudinal study, 31157
quality of life & social functioning, 65 yr old & older depressed patients, 4926
recovery status in bulimia nervosa, social support & social adjustment, 23–26 yr old women with active bulimia vs in remission vs no history of eating disturbances, 21429
relation between teacher-reported peer relationship problems & psychosocial adjustment in late adolescence, 9 yr olds, 9 yr study, 14054
relation of coping behavior with demographic & epilepsy variables & depression & locus of control & psychosocial adaptation, 20–54 yr old patients with intractable epilepsy, 18387
reliability & validity & factor structure of Social Adjustment Scale for the Severely Mentally Ill, 18–70 yr olds with psychotic or mood disorders with or without substance abuse disorder, 17785
religion & knowledge of infant development & involvement with infants & psychosocial functioning, fathers, 33788
religious beliefs, psychosocial adjustment, cancer patients, 21511
relocation, social & emotional & academic functioning, elementary & high school students from military families, 25826
routinely offered early follow up intervention, social disability & severity of postconcussion symptoms, 16–65 yr old patients with head injury, 6 mo follow up, 5917
selection to & school & work related & psychological & social outcomes of volunteerism, 9–12th graders, 4 yr study, 933
social adjustment & depression & anxiety quality of life measures, 65–82 yr olds with poor vs good control over their Type 2 diabetes mellitus, 8512
social adjustment & self esteem, male vs female outpatients with bipolar vs unipolar affective disorder in remission for 12 or more months, 11378
treatment compliance & social behavior & subjective quality of life as factors of social adjustment, outpatients with schizophrenia or schizoaffective disorder, 2-yr study, 11442
utility of Differential Test of Conduct & Emotional Problems vs Emotional & Behavior Problem Scale, discrimination of emotional disturbance vs social maladjustment, 12–15 yr olds in special education, 25807
validity & reliability of attachment-based classification of family drawings & correlation with teacher ratings of social adjustment, 5–7 yr olds, 19579
victimization by interpersonal violence, household income & marital status & employment & education level, women (mean age 44.9 yrs), 3 yr study, 27764

Social Adjustment—Books
Behavioral, social, and emotional assessment of children and adolescents, 6576
Poverty and children's adjustment, 17391

Social Adjustment—Chapters

The evolution of humor: Do those who laugh last?, 11100
Experiences of being short: Should we expect problems of psychosocial adjustment?, 24741
Generational adaptations to the transition, 30288
The impact of visual impairments on psychosocial development, 28241
Looking ahead: The adjustment of adults with disabilities, 27504
Multiple risks and adjustment in young children growing up in different family settings: A British community study of stepparent, single mother, and nondivorced families, 10903
Population, environment, and ingenuity, 27112

Problematic social emotions: Shame, guilt, jealousy, and envy, 14234
The psychological dimension of transition: A stage model, 30283
Psychological well-being in midlife, 7570
Sources of resilience in the aging self: Toward integrating perspectives, 33942

Social Anxiety—Serials

alcohol expectancies & social anxiety & stress, alcohol consumption, male vs female college students, 20805
communibiological paradigm for communication apprehension as a temperamental expression, 4763
content & agent & affect specificity of negative social events, social anxiety, 13–15 yr old adolescents, Iceland, 30458
development & reliability & validity of Inventory of Interpersonal Situations, assessment of social anxiety, psychiatric & nonpsychiatric adults, 19575
driscriminatory factiors of avoidant personality disorder in social phobia & panic–agoraphobic disorder, adult patients, 30628
factor analysis & factor structure of Revised Social Anxiety Scale, 20–43 yr old college students, 17585
factor structure of the Liebowitz Social Anxiety Scale, assessment of social interaction fear & performance anxiety, 18–61 yr olds, 22876
fluvoxamine, adults (mean age 39.1 yrs) with social anxiety disorder, 21956
frequency & comorbidity & psychosocial impairment of social phobia & social fears, 12–17 yr olds, 30774
interpretive biases for ambiguous stimuli, socially anxious vs low anxious college students, 24010
male vs female vs mixed gender group & party vs physique-salient scenario, group dynamics & social anxiety about peer evaluation & impression formation, female undergraduates, 20851
neuroticism, test & social anxiety, 18–32 yr olds, 27397
paroxetine, adults with generalized social phobia, 5673
paroxetine, treatment of social anxiety disorder, 35011
pharmacologic & nonpharmacologic treatments for management of body dysmorphic disorder with coexisting social anxiety, 21653
recall of positive vs negative public vs private self-referent vs other-referent words in anticipation of speech & rating of anxiety during speech, high vs low socially anxious college students , 20864
relationship of loneliness & depression & social anxiety to social skills during conversation, 18–25 vs 65–91 yr olds in same vs mixed age dyads, 17588
relationship of youth & parent perceptions of parent child rearing styles & family environment & adolescent reports of social anxiety, 7–11th grade students & their parents, 24324
reliability & validity & treatment sensitivity of Liebowitz Social Anxiety Scale, 18–61 yr olds with social phobia, 11467
secure vs insecure & anxious–ambivalent &/vs avoidant attachment type, openness in social information processing, 18–43 yr olds, 7794
shyness & recruitment in social situations & anxiety, college students, 1214
social anxiety & low-intensity enhanced methadone maintenance intervention vs high-intensity day treatment program, methadone maintained opioid dependent patients (mean age = 36.7 yrs), 9224
social anxiety & social skills & expectancy/cost of negative social events, college students, 7820
social anxiety as outcome of inhibited temperament, 13 yr olds who had been inhibited vs uninhibited in 2nd year of life, 30788
social cognitive constructs of alcohol expectancies & self-efficacy in relation to social anxiety & alcohol consumption, college students , 23939
social inhibition & delayed type hypersensitivity responses during intense social engagement & altered cellular immunity & elevated disease risk, adults with functional bowel disease &/or fibromyalgia, 24690
social phobia & social anxiety, social performance, adults, 34230

Social Approval—Serials

anticipated social evaluation & self interested altruism or empathy induced egoism, contribution to the common good vs self gain, psychology students, 7841
conceptions of ideal mate & allowance for deviations from ideal in potential partners, male vs female college students (mean age 18.9 yrs), 7856
films with higher vs lesser ''beauty-and-goodness'' stereotype biases, elicitation of social stereotyping based on physical attractiveness, adults , 13883
group membership & task uncertainty & importance, in-group identification & desire for consensual validation & social awareness, 17–49 yr olds, 27298
identification with ''victim'' vs ''perpetrator'', bias in judgment of ambiguously ethical action during negotiation, college students, 14269
parental & peer approval of smoking & sex & race, current level of smoking, male vs female Black vs White vs Hispanic vs Asian adolescents, 33674
positive evaluation in group preference for shared vs unshared information, dyads , 37081
tendencies of social distancing from lesbians & effect on expression of sexist beliefs & self-identification as a feminist, heterosexual females , 14280

Social Approval—Chapters

Social stigma and self-esteem: The role of contingencies of worth, 27341

Social Behavior [See Also Aggressive Behavior, Animal Social Behavior, Competition, Compliance, Conformity (Personality), Contagion, Criticism, Gambling, Help Seeking Behavior, Interspecies Interaction, Involvement, Leadership, Leadership Style, Militancy, Nurturance, Organizational Behavior, Prosocial Behavior, Racial and Ethnic Relations, Reciprocity, Responsibility, Retaliation, Risk Taking, Social Acceptance, Social Adjustment, Social Approval, Social Cognition, Social Demonstrations, Social Drinking, Social Facilitation, Social Interaction, Social Perception, Social Reinforcement, Social Skills]—Serials

acquiescence in agree-disagree question response effects, Kazakhstan, 23975
activities of daily living & social contact & isolation & other psychosocial & physical consequences of stroke, 40–87 yr old stroke victims, 5394
addressee's affiliation with committee opposed to vs in support of impeachment of President B. Clinton, level of response to vs rates of return of ''lost'' letter, passersby, 27263
age & life satisfaction & educational level & social functioning & marital & cognitive & mental health status, sexual interest & activity, male vs female 65–106 yr olds, 7750
age & sex, thanking behavior in retail service encounters, Caucasian vs African American service personnel & customers, 37074
agency & communion & cardiovascular reactivity during marital interaction, husbands vs wives, 1132
alcohol consumption & social & leisure status & psychological well-being, 65+ yr olds, 20657
alcohol consumption patterns & social consequences, adults, 8 yr followup, 30379
amount of & delayed vs immediate reward, relationship of & transfer between self-control & social cooperation, female undergraduates, 37049
analysis of facet version of Structural Analysis of Social Behavior model, normal adults vs 18–66 yr old psychiatric patients, 11331
analysis of facet version of Structural Analysis of Social Behavior model, normal adults vs 18–66 yr old psychiatric patients, erratum, 27537
anxiety sensitivity & physical & mental health & social functioning, 17–83 yr old chronic pain patients, 5233
auto-verification in social hypothesis-testing approach to stereotyping & sample size, college students, 27367
changes in social network stability & dynamics & drug & sexual risk taking in social situations & behaviors, adults at risk for HIV, 3 yr prospective study, 5274
church culture as strategy of action, African American neighborhood, 7637
cognitive & motivational & behavioral activities & expectation in social interpersonal interaction, 14253
cognitive & psychosocial outcomes, 15–78 yr olds with mild–severe head injury & their relatives, 6 vs 12 vs 24 mo followup, 34642
cognitive factors for social behavior & group division & intergroup discrimination, 1213
concomitant psychiatric symptoms & relationships between neurocognitive and social functioning, patients with schizophrenia, 14530
cooperation & dominance & submissiveness & escape/avoidance in structured social interaction, adults with social phobia & nonanxious Ss, test of physiological model of social anxiety, 4996
cuddliness & activity level, male vs female neonates, 30218
deficits in emotion & social conduct regulation & neuropsychological assessment, 50-yr-old male Vietnam veteran with right frontal ventromedial lesion, 34619
desipramine treatment, social functioning, patients with dysthymic disorder, 31644
development of memory & socioemotional behavior after hippocampal damage incurred in infancy or in adulthood, monkeys, implications for origin of psychosis, 29765
developmental action inquiry research approach, personal & organizational & social scientific developmental paths, 29142
developmental evolutionary perspective of social dominance in humans, 10733
differences between heritability & biological explanation in human behavior, 446
disorder onset & depressive & negative symptoms & social development & emergence of social consequences, adults with schizophrenia, retrospective & 5 yr prospective studies, 34158
early temperament & stranger wariness, social inhibition, 2 yr olds, 2 yr study, 33641
effects of source expertise & physical distance on minority influence in small group setting, college students, implications for social impact theory, 11120
ethnicity & cultural identification & primary socialization theoryprocess, substance abusers, 4594
examiner vs mother rating of infant behavior at birth & 1 mo, 16–37 yr old depressed vs nondepressed mothers, 24199
factor structure of Preschool Behavior Questionnaire, African- vs Euro- vs Asian- vs Hispanic-American 3–4 yr olds, 26102
familial & peer & societal collectivism, college students, US vs Russia vs Estonia, 17580
health status & mood & cognition & saliva cortisol & social activities, homesick vs homesick-prone vs recovered vs non-homesick female 18–79 yr olds, 29971
impact of accountability on social thoughts & feelings & behavior, 11156
joint attention & affective reciprocity & theory of mind domains of social communication, 3–15.9 yr olds with autism or Asperger's disorder or pervasive developmental disorder, 24599
majority perceptions of opinions & strength of beliefs & behavioral styles, interpersonal attractiveness, male vs female college students, 37121
mental representations of attachment & caregiving behavior & child behavioral status, day care providers of preschoolers, 25659
model of indirect & direct pathways in parent & child expressed affect during play, child's social functioning, parents & their kindergarten-aged children , 10855
models for explanation of differences in allocation of resources in various social categories, Greek vs Dutch college students, commentary, 17606
models for explanation of differences in allocation of resources in various social categories, Greek vs Dutch college students, 17616
models for explanation of differences in allocation of resources in various social categories, Greek vs Dutch college students, commentary reply, 30466
mother & infant characteristics, negative emotionality & positive social behavior, 4 mo olds in rural Appalachia, 9 mo study, 7508
nonconscious mimicry of behavioral mannerisms in social interaction between strangers, university students, 20852
parental ratings of child temperament at age 5 as predictor of teacher rated behavior problems & adjustment & social behavior in elementary school, 8–9 yr olds, 3 yr followup, 14031
parental religiosity, authoritarian parenting style & adolescent social responsibility, mothers vs fathers & their 10–18 yr old adolescents, 20582
paroxetine, affective personality characteristics & social behavior, healthy adults, commentary, 2287
paroxetine, affective personality characteristics & social behavior, healthy adults, commentary reply, 23529
patterning of behavioral responses in social situations, internalizing vs externalizing vs mixed-syndrome 7–14 yr olds, 11344
peer acceptance & friendship adjustment & social behavior, moral reasoning, 10–13 yr old males vs females, 20606
perception of schematic eye gaze & sad mouth faces for social dominance & maleness, 15–55 yr olds, 33930
perceptions of school belonging & classroom & social goals, changes in achievement goal orientations after transition middle school, 5th graders followed to 6th grade, 9466

individual differences in social cognition & false-belief understanding & language abilities & family background, 3–4 yr olds, 26978
instructional context of illusory correlation task, perceived covariation between & relative contribution of group membership & desirability of behavior, college students , 23966
interpretation of social messages from facial expressions of emotion, Canadian vs Chinese vs Japanese adults, 10238
intra-individual differences & relationship specificity of mentalising behavior about self & others in early adolescence, 12–14 yr olds, 27068
introduction to special issue on social cognition in relationships, 30461
knowledge of target psychological & personality traits, memory & recall of trait consistent vs inconsistent behavior, undergraduates, test of summary-plus-exception model of social memory, 1243
knowledge structures & social information processing & aggressive behavior, children followed from kindergarten through 8th grade, 27032
level of development-orientation & employment status, 25–35 yr old technically educated vs noneducated employed vs unemployed Ss, India, 3093
level of social interest, 17–66 yr old nonperfectionists vs adaptive vs maladaptive perfectionists, 24025
listening & interpretation in understanding speaker beliefs & utterances with vs without ambiguity, 3–7 yr-olds, 33666
mapping between moral emotions of contempt & anger & disgust & moral codes of community & autonomy & divinity in moral judgment of others, Japanese vs American adults, 14274
measurement of social competence & perception & cognition & interaction using self vs teacher/parent reports, 4–7 yr olds with conduct problems or oppositional defiant disorder, 13081
memory & linguistic representations of social events, undergraduates, 20868
mental weighing in social identity attribution, 37114
motivated cognitive construal processes used to sustain conviction to less-than-perfect romantic partners & relationships, 23976
multiple levels of applicability, transference in terms of activation & use of significant-other representations in social perception, college students, 37104
need for cognitive closure, task-oriented responses & social-emotional acts & negotiation & interaction process, groups, 27278
negative vs positive request for help by disabled vs non-disabled in low-cost situation, ambivalence-induced assistance & rate of handicapped space parking violations, adults, 7862
organization of positive & negative knowledge about a relationship partner & implications for liking & loving, college students, 20869
perception of life expectancy, mental representations of social partners, healthy 18–88 yr olds vs HIV-negative vs -positive asymtomatic vs -positive symptomatic gay men, 1972
perceptual & emotional detail of simulated accounts & induced suspicion, judgments of believability of accounts as actually experienced event, adults, 4750
persistence & exacerbation of significant-other-based inferences & confidence in representation-consistent memory of fictional person, undergraduates, 2–3 wk follow-up, 17604
positive & negative hypothesis & target testing in group-based sequential rule-discovery tasks for processes of inductive inference, college students, 1218
preference for heuristic representativeness or statistical conjunction in Linda conjunction problem, college students, 10096
process & consequences of retrieval-induced forgetting in social cognition, college students, 30457
processing of persuasive communication from stigmatized vs nonstigmatized sources, majority group adults with high vs low prejudice or high vs low ambivalence toward stigmatized source's group, 11162
relationship between self-awareness & perceptions of 'transparency', college students, 33934
relationship-level & offense-level & social-cognitive variables, forgiveness for interpersonal offense, college students , 7806
relevance maxim & face management in interpretation of indirect replies to personal questions, college students, 1255
role of 'other' in self-conscious in shame, 1248
role of relationship & identity goals as influences on safe-sex behavior (condom use), 18–35 yr olds, implications for HIV transmission, 23920
selective accessibility models of hypothesis-consistent testing & semantic priming, anchoring effects & judgments, college students, 11161
self evaluation & esteem & need to self-enhance, misanthropic memory, college students, 11170
self- & goal-related motivation in social cognition & judgments & interactions, commentary, 23950
self- & goal-related motivations in social cognition & judgments & interactions, commentary, 23953
self- & goal-related motivations in social cognitions & judgments & interactions & self-deceptive nature of some motivations, commentary, 23952
self- & goal-related motivations in social cognitions & judgments & interactions & motivated heuristic & systemic processing, commentary, 23947
self- & goal-related motivations in social cognitions & judgments & interactions & review of social psychological theories of social perception, commentary, 23946
self- & goal-related motivations in social cognitions & judgments & interactions, commentary reply, 23949
self- & goal-related motivations in social cognitions & judgments & interactions, commentary, 23945
self- & goal-related motivations in social cognitions & judgments & interactions, commentary, 23957
self- & goal-related motivations in social cognitions & judgments & interactions, commentary , 23954
self- & goal-related motivations in social cognitions & judgments & interactions, commentary , 23955
self- & goal-related motivations in social cognitions & judgments & interactions, commentary, 23956
self-flattering motivational influences on social cognition, 23986
self-focusing &/or normative information concerning alcohol use, negative evaluations of drinking & problem recognition, college students (mean age 20.4 yrs) with heavy alcohol use, 33853
self-serving vs partner-serving biases in accounts of conflict, spouses (mean age 35 yrs), 17490
short term music therapy intervention, social problem solving skills, 5 yr olds, 7 mo follow up, 22001
social cognition & joint attention & communicative competence, 9–15 mo olds, 7382
social cognition & ratings of bulliers vs followers vs victims, 7–10 yr olds, 33678

social cognition in psychopathogenic effect of childhood experience on psychic development & psychoanalytic understanding of how experience becomes constructed & reconstructed in form of memory, 17190
social cognition theory of comprehension & validation of social information, 11169
social cognition, manic vs depressed bipolar patients, 21092
social cognitions, change in aggressive habits over time, 3rd–7th graders, erratum, 911
social cognitive career theory & attribution theory & relation to role of perceived barriers in career development & counseling, 38917
social cognitive career theory perspective of the school-to-work transition process to promote students' career development across the school years & after work entry, 25841
social cognitive constructs of alcohol expectancies & self-efficacy in relation to social anxiety & alcohol consumption, college students , 23939
social cognitive theory based worksite intervention, exercise self efficacy & self regulation skills & outcome expectancy values & adherence, employees, 2505
social cognitive theory of gender role development & differentiation, 36786
social information processing patterns, prosocial 4th–6th graders, 14032
social representation of concept of competence during followup phase of public sector action research project, group leaders, 9596
social stereotype expectations, adults, application & development & reliability & validity of stigma consciousness questionnaire, 11163
social-cognitive perspective on risk perception & reduction & self-protection for acquaintance sexual aggression, human females, 37494
social-cognitive theory of substance abuse that incorporates human agency & perceived self- & collective efficacy , 24511
sociocognitive perspective on collective representations in organizations & group dynamics & communication & social influence, methodological implications, 9618
stereotypes about inhabitants of ''establishment'' vs ''counter-culture'' campus residences, predictions of residents' behavior, college students, 4744
structural & functional components of social cognition & development of interpersonal negotiation strategies, 11–20 yr olds, 7552
target behavior revealing morality vs intelligence traits, S recall & social cognition & impression formation & expectations of & actual cooperation in mixed-motive situation, undergraduates, 14263
targets' power in interpersonal vs intergroup situations, impression formation, college students, 33919
the understanding of stereotypes as representations of groups & stereotyping as an activity within contemporary social psychology, 1242
theoretical models of social information processing with goals as a motivating component in behavior, children with emotional & behavioral problems, 34032
theory of mind in preadolescence & social understanding & competence, male vs female 10.8–13.2 yr olds, 27029
threatened sense of individual vs collective self representation, perceived threats and mood, adults, 11152
trait vs exemplar primes, contrast effects in person perception, undergraduate students, 20865
underestimates & truly false consensus effects, perception of others' embarrassment & emotions & subsequent inhibited behavior, male vs female college students, 37117
use of cognitive explanations for another person's mistakes, 4- vs 5-yr olds vs adults, 4491
video recordings & ethnomethodology & conversation analysis, 7798

Social Cognition—Books

Social Isolation [See Also Patient Seclusion]—Serials

1 vs 2 wks of post-weanling social isolation, social behavior during subsequent rehousing, male rats, 13455
8-OH-DPAT vs pindolol, isolation-induced ultrasonic vocalizations, 3 vs 10 vs 14 day old rat pups, 13757
access to running wheel & restricted feeding vs social isolation, body weight, male vs female rats, 36328
activities of daily living & social contact & isolation & other psychosocial & physical consequences of stroke, 40–87 yr old stroke victims, 5394
alprazolam, ethanol consumption induced by unpredictable social isolation stress, aged female rats, 20353
analyst's induced feeling during Activity Group Therapy, shyness & academic difficulties & social isolation, 8-yr-old boy, 31563
anosmia, potentiation & inhibition of ultrasonic vocalization, rat pups in isolation vs with awake vs anesthetized dam vs unfamiliar male, 13648
biological & psychological primacy of positive experience of aloneness in infancy, implications for dyadic interaction & infant development & attachment, 17184
chronic isolation, CA2+ dependent release of 5-HT & dopamine in CNS, rats, test of animal model of depression, 683
chronic social isolation stress, immunoreactivity, nucleus basalis magnocellularis-lesioned male rats, 36511
comorbid Diogenes syndrome & compulsive disorder, 48-yr-old female, 11324
daily repeated social separation, temporal changes in the pituitary adrenocortical & sympathoadrenomedullar axes & heart rate & behavior, 6 mo old castrated male pigs , 26721
deprivation of social play interactions as juveniles, coping behaviors in aggressive & sexual & social interactions with conspecifics in adulthood, male rats, 13481
diazepam binding inhibitor & fragment octadecaneuropeptide, pentobarbital-induced sleep, group housed vs socially isolated male mice, 17034
dominant vs subordinate social status in resident–intruder test & sperm motility & reproductive organ weight & serum testosterone, pair- vs isolation-reared male mice, 13638
effects of amperozide on & source of cocaine-induced social withdrawal, male rats, 10642
isolation & confinement, maintenance of complex performance during spaceflight simulation, 31–37 yr old cosmonauts, 16218
isolation rearing, fighting & nonagonistic social behavior & exploratory behavior, rats, 16785
isolation rearing, locomotor activity & anxiety & responses to ethanol, Fawn Hooded vs Wistar rats, 676
isolation rearing, voluntary consumption of ethanol & sucrose & saccharin, Fawn Hooded vs Wistar rats, 327
isolation, sibling recognition, prairie voles, 20016
issues of emotional isolation & internalized oppression & racial identity & low self-esteem & therapeutic interventions, African-American women, 37998
juvenile isolation & morphine treatment, general & social activity & endogenous opioid release during social interaction test, male rats, 30064
locomotor activity & synaptophysin immunoreactivity in dentate gyrus & hippocampus, prepulse inhibition-impaired isolation-reared rats, model for development of neurodevelopmental diseases, 23361
long-term isolation & confinement during wintering-over expedition in Antarctic, evaluation of multiple-task performance, scientists & technicians, implications for extended spaceflight, 8 mo study, 16219
metapsychological perspective on development of capacity to be alone, 24061
mild social stress, social isolation effects on anxiety & anxiolytic effect of chlordiazepoxide, male rats, 26703
periodic isolation stress as neonate, brain dopamine systems & response to amphetamine & behavior, rat pups, 7063
peripheral-type benzodiazepine receptor agonists & antagonists & dose & social isolation stress, pentobarbital-induced sleep, isolated vs group-housed mice, 36551
post-weaning time range of social isolation rearing, startle reactivity or plasticity & habituation & deficits in prepulse inhibition, male rats, 13683
postconditioning isolation & centrally vs peripherally acting opioid receptor antagonism vs morphine, contextual vs auditory-cue fear conditioning, rats, 17092
professional isolation, occupational stress, teachers, 28921
rearing with dam with vs without virgin female vs biological sire vs castrated male, ultrasonic vocalization response to familiar vs unfamiliar anesthetized adults in isolation, 10–12 day old rat pups, 6984
relationship maladjustment, aggressive & withdrawn & aggressive–withdrawn 5.8 yr old students, 3 yr study, 27793
religious practices of social isolation & rigorous meditation & voluntary silence, attitudes & self awareness & perceptions of external phenomena, 23–66 yr olds in 3rd yr of Buddhist retreat, Scotland, 30292
repeated neonatal isolation, levels of plasma corticosterone, isolated or handled or nonhandled rat pups, 3732
role of brain allopregnanolone content in regulation of penotobarbital-induced righting reflex loss, socially isolated & group-housed mice, 30029
social defeat & isolation vs familiar rats, development & anxiety & physiology & immobility & other behaviors & response to dexamethasone/corticotropin releasing factor test, male rats , 10350
social exclusion, self-esteem & coping strategies, 13–15 yr old females, 4500
social isolation & poverty effects, 24–54 yr oid poor urban Whites vs Blacks, 4565
social isolation & suppressed anger & depressive symptoms & other psychosocial factors & heart rate variability, 30–65 yr old women, 10515
social isolation, open field defecation & locomotor activity, male rats, 3638
social isolation, sequential organization & spatial patterns of movements, post- vs pre-pubertal Lister vs Sprague–Dawley rats, 3747
social isolation, sucrose solution consumption & metabolism & passage through blood brain barrier of morphine & place preference conditioning, male mice, 26754
Social Model of Disability to explore empowerment & issues of identity & isolation, deaf & hard of hearing people from minority ethnic communities, England, 24890
social restriction & mood & relationship satisfaction, 25–82 yr old spouses of cancer patients, 28098
social separation, hypothalamic-pituitary adrenal physiology including HVA & ACTH & cortisol plasma levels & corticotropin releasing factor & MHPG CSF levels, squirrel monkeys, 10498
socially & spatially restricted housing, ethological measures of excitement & aggression & uncertainty, beagles, animal model of chronic stress, 19963
socially & spatially restricted housing, hormonal & immunological reactivity, beagles, animal model of chronic stress, 20225
sonographic structure of isolation-induced ultrasonic calls, rat pups, 16781
stability across time & social setting of social withdrawal, 5th graders, 3 yr study, 966

strain & isolation rearing with vs without apomorphine, startle reactivity & habituation & prepulse inhibition, male Lewis vs Sprague-Dawley vs Fischer F344 rats, 6953
Social Issues [See Also Crime, Homeless, Human Rights, Peace, Poverty, Social Discrimination, Social Equality, Social Integration, Unemployment, War]—Serials

behavior extremity, correspondent inferences vs causal attribution in judgments, college students, 13273
belief in US government conspiracies against Blacks, Black vs White college students, 27319
bias in self–other judgments & conflict in intimate relationships & gender role stereotypes in nonintimate relationships between sexes, male and female adults, 1257
brief exposure alone vs with external attention focus, anxiety level & negative beliefs & perspectives of self in anxiety-provoking social situation, 18–56 yr olds with social phobia, 5548
categorization & intergroup anxiety & bias & negative affect & attitudes between British & Japanese nationals, 20830

childhood & adolescence abuse history & fear of negative evaluation & social interaction self-statements, college students, 14649
cognitive distortions about sexual abuse & self evaluated social behavior, sexually aggressive vs non-aggressive vs physically aggressive 6–12 yr old males, 30807
cognitive load, social categorization in category confusion paradigm, 18–35 yr olds, 26410
cognitive mechanisms in personal/group discrimination discrepancy perceptions, adult females, 37164
cognitive therapy, hopelessness & cognitive flexibility & tolerance of anxiety/negative affect & sensitivity to social expectations, 28 yr old suicidal female with depression & anxiety, commentary, 31527
community level civic engagement & quality of social perceptions & political evaluation, Ss, post-communist Romania vs US, 1035
conceptions of ideal mate & allowance for deviations from ideal in potential partners, male vs female college students (mean age 18.9 yrs), 7856
conceptions of autonomy–relatedness relationship constructs with mother vs father vs best friend, 9–14 yr olds, 20571
concurrent & predictive validity of Perceived Criticism Measure's Criticism & Upset subscales, college students, 3305
conditions under which experimentally primed anger influences attributions & determination of attributions of responsibility, college students, 27325
consistency in central interpersonal relationship patterns & perceptions of & responses to different types of significant others, 17–40 yr olds, 27266
consistency of visible & audible characteristics, justifiability of inferences of credibility & deception detection, adults, 1253
content & structure of commitment concept, adults, 11113
content of personal identity representations & cognitive representations of valued group identities, college students, 11147
context of accessibility of group exemplar, social group attitudes in evaluation of exemplar's group, male & female adults (mean age 45 yrs), 11154
correspondence of self-rating of sad vs happy mood with facial expression, healthy 20–43 yr olds & raters of facial expressions, 24048
criterion validity of Criminal Sentiments Scale-Modified & Pride in Delinquency Scale, 20–60 yr old male violent vs nonviolent offenders, 9904
cueing with pictorial stimuli featuring directional gaze of target with vs without subject overt attention, automatism & social perceptual aspects of visual orienting responses, college students, 36143
cultural myths & psychological processes in minimization or denial of female-perpetrated child sexual abuse, 18106
cutting graphic violence from films, self-reported enjoyability & perceptions of violence & anxiety, male vs female undergraduates, 37102
cynical perceptions & expectations of others responsibility assessments, married couples & video game players & debaters & dart players, 17609
debater's opponent's nonverbal disagreement reactions, ratings of opponent's credibility, viewers of televised fictitious campus political debate, 27220
dependency on actor & actor's behavioral freedom, correspondence bias, college students, 11135
determinants of associative strength of stereotypes & stereotype development, college students, 14300
development & validation of Memory Accessibility for Partner Not Understanding & Schema of Partner Empathic Responses to Anger scales, married couples, 3302
developmental & clinical differences in on-line representation of ongoing social events, 5–10 yr olds with vs without ADHD, 18128
developmental age group, ability to provide interpersonal explanations for self-presentational behavior of others, 6–11 yr olds, 10833
direct & indirect effects of positive affective states & information processing demands & introversion-extraversion & need for cognition traits, social judgments of target social group, Ss, 27331
discourse markers, social meaning & social situations,French speaking vs English speaking vs Spanish speaking Mexican American 4-7 yr olds, 33539
disease severity & fear of negative evaluation, interpersonal & psychological difficulties, 18–91 yr old psoriasis patients, 1941
distribution of probability of alternative outcomes, perceptions of certainty through associative processing, adults, implications for social cognition, 7865
ego's perception of social distance from ego to alter, proportion of alter's friendships perceived by ego as balanced, professional adults, 17608
employee gender & single- vs dual-earner marital type & parental status, job opportunities requiring relocation & perceptual processes of personnel decision makers, married employees, 29061
endowment & ownership effects, estimated monetary value of one's own working time vs that of others, 18–57 yr olds, 33921
environmental uncertainty & coordination rules in social dilemmas, college students, 11168
estimated multi-faceted IQ score for self vs parents vs siblings, males vs females (mean age 21.73), Great Britain vs Hawaii vs Singapore , 17662
evaluation–social judgment of Black partner's traits & game performance, White female college students, implications for black sheep effect & expectancy-violation theory, 20821
explaining harmdoing & condoning attitude toward perpetrators of evil & violence, 37489
explanations for Wells effect in juror reactions to probabilistic vs reliable evidence, adults, 14273
extended contact with foreign students through peer modelling, tolerance for outgroup members, 13–15 yr old Finnish students, 27061
facial disfigurement vs physical handicap, job recruitment decisions, college students vs recruitment personnel, 23997
factor structure of Silencing the Self Scale subscales, ratings of self vs hypothetical well-adjusted person of same sex, male vs female adults, US vs Greece, 17670
family history of pain & current pain experience & awareness of pain in others, male vs female 18–51 yr olds, 5220
gaze direction discrimination, functional regional brain activity & cerebral blood flow, male 20–53 yr olds, 20110
gender & collaborative construction of relational jealousy, same vs opposite sex friends & romantic partners , 37078
gender differences in perception of unwanted male sexual aggression, 18–47 yr olds, 1191
given speech characteristics & differential social evaluations, summary of previous journal papers, commentary, 10069
group size varied for sex & academic status, social categorization & individual recall of group members in name-matching paradigm, 18–25 yr olds, 27336
group vs individual differences in rating accuracy of gender differences on behaviors & traits, male vs female students, 27371
heightened empathic accuracy in relationship-threatening situation & personal & relational distress, anxious–ambivalent adults in dating relationship, 17615
high vs low risk-in-intimacy perceptions, schema accessibility in memory & interpretation of social situations, college students, 17612
high- vs low-social dominance orientation, allocation of social resources between meritorious & needy parties, undergraduates, 17551
identity with university, perceptions & evaluation of football team, college students, 19435
ideology in language & emotions & social representations & psychology, 23833
impact of accountability on social thoughts & feelings & behavior, 11156
impact of perceived entitivity on inconsistency resolution for groups vs individuals, college students, 33935
income source & race, ratings of & objections to potential neighbors, African & European American & Hispanic undergraduate students & 23–86 yr old homeowners, 33923
information about authority figure's trustworthiness, perceived procedural fairness & interpretation of authority figure's decisions, college students, 7823
information on morality vs intelligence of perceived & social value orientation differences of perceiver, impressions & degree of expected & own cooperative behavior, college students, 27362
information richness & applicability & accountability of Ss, overattribution bias regarding judgments made, college students, 11150
instructional context of illusory correlation task, perceived covariation between & relative contribution of group membership & desirability of behavior, college students , 23966
intensity & appropriateness perceptions of professional/academic vs business/financial vs personal/counseling vs social/friendship vs sexual/dating relationships between students & faculty, students, 19328
interaction with televised media & integration of mass media messages & expression of self & community via language & social role performance & household economy, Yucatec Maya, Mexico, 1104
internal working models of self & others & peer perceptions of caregiving & supportive behavior & reciprocity between perceptions of & by others & attachment style, 10–12th graders at boarding school, 2954
judgements of appearance & personality & assertiveness & achievement of same-race 10–12 yr old males with vs without hearing aids, Black vs White female college students, 20854
judgment mechanisms underlying personal- & group-level ratings of discrimination & privilege based on gender group membership, college students, 11164
judgment of high- vs low-status individuals, perception of experienced vs displayed positive vs negative emotion-eliciting conditions, 17–71 yr olds, 37106
judgments & development of & explanations for sex category constancy, preschool & kindergarten & 1st grade students, 10798
judgments about hypothetical behaviors of friends vs unfamiliar peers with good vs neutral intentions & good vs bad outcomes, male vs female 6–8 yr olds vs 9–11 yr olds vs 13–16 yr olds, 30227
Kant's moral philosophy distinction between perfect & imperfect duties, hierarchically- & partially-restrictive personality trait dimensions & social perception, college students, 20953
knowledge of target psychological & personality traits, memory & recall of trait consistent vs inconsistent behavior, undergraduates, test of summary-plus-exception model of social memory, 1243
lay conceptions & determinants of well-being & rules used in judgments of well-being of others, 9–85 yr olds & young vs middle aged vs elderly adults, 20937
learning & grade orientation & accomplice's motive in aiding cheater, peer judgements of cheater vs accomplice 18–34 yr old college students, 29007
legal & clinical issues in & biopsychological roots of post-traumatic-induced polarization of perception of others as friends or allies, 23983
leisure activity type & social skills & positivity, satisfaction & maintenance potential of joint leisure time, romantic vs friend adult dyads, 1224
level of social intelligence & empathy, indirect vs verbal vs physical aggression, 10 vs 12 vs 14 yr olds, 10859
liking of each group member & accuracy of ratings of ability & responsibility for group task, college student members of cooperative learning group, implications for group psychotherapy, commentary, 30413
liking of each group member & accuracy of ratings of ability & responsibility for group task, college student members of cooperative learning group, 30418
listening to varied speech intelligibility, evaluation of speaker's personal qualities & attitudes toward deafness, 16–17 yr olds with vs without contact with students with hearing impairments, 28233
measurement of social competence & perception & cognition & interaction using self vs teacher/parent reports, 4–7 yr olds with conduct problems or oppositional defiant disorder, 13081
mental weighing in social identity attribution, 37114
mortality salience, illusory correlations & world view & perceptions of minority group behaviors, college students, 14270
multiple levels of applicability, transference in terms of activation & use of significant-other representations in social perception, college students, 37104
negative communication about management & perception of inequality in employment relationship, intention to leave & emotional exhaustion, 23–62 yr old mental health care professionals , 1252
negative schizotypal traits & relation to divergent thinking & personality & perception as dimensions of creativity, 17–24 yr old college students, 30491
neotenous vs mature visual images of US Presidents Clinton & Reagan & Kennedy, perceptions of power & warmth, university students, 33800
nonconscious mimicry of behavioral mannerisms in social interaction between strangers, university students, 20852
organization of positive & negative knowledge about a relationship partner & implications for liking & loving, college students, 20869
overly-inclusive superordinate group, subgroup differentiation, humanities & maths-science subgroup students in university superordinate group, implications for optimal distinctiveness theory, 20817
peer perceived vs sociometric popularity, 4th–5th graders, implications for predictive utility of classification type, 20580
peer social interaction skills & theory of mind, 3.8–6.9 yr olds, 10889
perceived affordances of other person's action based on person–environment kinematic relation, Os , 6786
perceived attributes inherent in intercollegiate sports & reasons for attending sports events, college students, 19439
perceived effectiveness of forcing vs avoiding vs accommodating vs compromising vs collaborating conflict behaviors for achieving goals & effect on friendship preferences, university students, 33908
perceived parental behavior & attitudes & personality, young adults from intact vs stepparent families , 20920

perceived patient responsibility for disease onset & belief in just world, willingness to help target medical patient, 18–22 yr olds, 27321
perceived power of supervisor on subordinate stress & motivation, employed graduate business students, 22610
perceived sex & race differences in supporters or opponents of interracial marriage, members of Black–White interracial marriages, 37126
perceived traits & likability of & attitudes toward patients with hypomanic vs schizoid personality vs manic vs depressive episode vs obsessive compulsive personality disorder, adults, 8060
perception of & coping with pervasive discrimination & prejudice, minority group identification & well being, African Americans, 27316
perception of bias in location of polluting industries in communities as motivation for emergence of the environmental justice movement, Black adults, 35757
perception of emotion & neurocognitive functioning, treatment-resistant schizophrenic patients (mean age 37 yrs), 1598
perception of nonverbal social cues, 7–10 yr olds with Attention-Deficit Hyperactive Disorder with or without learning disability, 37627
perceptions of "Ms" courtesy title, college students, 1978 vs present, replication, 4747
perceptions of & desire to seek assistance from self vs other oriented help-providers, college students, 1245
perceptions of agency & means-end & control in social situations, older adults (mean age 75.4 yrs), 14243
perceptions of female specialization as bass players in alternative rock bands, musicians, 17515
perceptions of media's influence & immoral consequences on self vs others, support for restrictions on media messages, adults, 36687
perceptions of non-advertising smoking vs nonsmoking images in youth magazines & self vs ideal vs socially desirable attributes, 12–13 vs 15–16 vs 18–19 yr old smokers vs nonsmokers, 7493
perceptions of peer group characteristics, 11–13 yr olds, 913
perceptions of political & moral & cognitive attributes of target's decision making & reasoning in moral dilemma, 20856
perceptions of situational transition ascriptions, stigmatization of loneliness, college students, 4731
perceptions of social support, suicide attempters from European areas of differing socioeconomic & cultural factors, 30805
perceptions of threat, racialised discourses, 35–45 yr old coloureds in post-apartheid South Africa, 7656
perceptions of trust & fairness & collective efficacy & experiences of fear of exploitation, cooperation in public goods dilemma, college students, 30453
perceptions of violence, decision making, jurors, 26053
personal experience with Northridge earthquake, optimistic bias concerning earthquakes vs other events, 18–49 yr old college students, 27326
personal values & responsibility & ingroup/outgroup relations & like/dislike relations, concept of deservingness, 27284
personality disorder styles & reciprocal interpersonal impacts during outpatient intake interviews, patients & mental health professionals, 27747
possible antecedents & consequences of perceiving personal & group discrimination discrepancies, 18–55 yr old female college students, 33884
powerless vs powerful linguistic style of & ability to process persuasive messages & speaker gender, perceptions of speaker & message arguments, college students , 20862
predictors of perceptions of responsibility & punishment of abusive & violent husbands, engaged 17–35 yr old males, 8263
preinformation vs postinformation correction for influence of trait priming task, adults (mean age 21 yrs), 11166
prejudice & stereotypic perceptions of own vs lower status group, college students , 1266
prejudice/racism, ratings of liking for stereotypically- described minority scholarship applicants, college students, 20853
present performance context of a group & unconscious vs conscious memory, perceptions of a potential leader, undergraduates, 27323
prevalence of moral- vs competence-related categories in impression formation, adults, 7866
priming to consider fairness in price negotiations, buyers & sellers, 39018
program of training, perceptions of task orientation & cohesion & conflict in structured group counseling sessions, undergraduate & graduate students, 28347
prototypicality of particular outgroup members during cooperative intergroup contact, generalization of positive attitudes toward outgroup as whole, college students, 27274
public vs private self-presentational differences & subsequent misperceptions in describing performance, Japanese vs European Americans, implications for judgmental & interpersonal consequences, 11188
recall of positive vs negative public vs private self-referent vs other-referent words in anticipation of speech & rating of anxiety during speech, high vs low socially anxious college students , 20864
relationship between self-awareness & perceptions of 'transparency', college students, 33934
role of executive functioning in person perception, female college students, 11158
secure vs insecure & anxious–ambivalent &/vs avoidant attachment type, openness in social information processing, 18–43 yr olds, 7794
self & mate acceptance in sexual arousal & satisfaction & behaviors, married couples, 11075
self & other body size categorization & body image assessment using morphing instrument, females with anorexia nervosa, 18187
self & peer perceptions of dyadic interactions, aggressive vs nonaggressive 4th & 7th grade males, 4483
self categorization & social identity theory in role of categorization & in-group norms in judgments of groups & group members, 15–22 yr olds , 1229
self observation in social interaction, accuracy of metaperceptions, college students, 33953
self perceived attachment characteristics & emotional intimacy between partners & social projection of & perceived attachment in partners, young adult dating couples, 14276
self-enhancement bias in perceptions of own vs others' driving speed & skill, drivers, 3202
self-esteem & channel-consistency vs inconsistent interpersonal & verbal feedback, formation of metaperceptions, college students, 20922
self-reported sense of humor & use of humor at work & perceptions of supervisors' use of humor, business school graduates, 29132
self-serving vs partner-serving biases in accounts of conflict, spouses (mean age 35 yrs), 17490
sensitivity to detection of false reassurances & phoniness, dysphoric vs nondysphoric adults, 30673
sex & individual differences in empathy, variety & usage of transformation rules in predicting prototypic vs nonprototypic others' thoughts & feelings, 16–18 yr olds, 14015
sex & perception & nature & approval of choice in employment status in model of psychosocial development, college students , 4476
sex & personality & power relationship & frequency & severity of harassment behavior & victim response, rating of workplace situation appropriateness & sexual harassment judgment, undergraduates, 34276
sex differences & approval of employed vs unemployed expectant parents, college students, 4638
sex differences & relationship closeness, perceptions of condom introducers, Mexican American vs White 18–50 yr olds, 4672
social cognition theory of comprehension & validation of social information, 11169
social comparison & ingroup identification & social structure, individual vs collective impression management & social perception, 17–87 yr old separatists vs assimilators, East Germany, 14247
social construction of ethnic identity, 15–57 yr old low-acculturated 1st & 2nd generation Mexicans & Mexican-Americans, 10988
social constructions of murder vs manslaughter in relation to criteria of victimiztion & culpability & understanding of interpersonal violence, family members of convicted murderers, 34408
social desirability & perception of own vs others' willingness to share activities with handicapped vs ambulatory peer, 3rd–6th graders, 7532
social perception & social decision making as obstacles to environmental conflict resolution, 19475
social perception & social skill, outpatients with schizophrenia, 1594
social reaction styles & loneliness & social perception, social relationships & satisfaction in them, 18–40 yr old college students, 6 mo followup, 23987
social self worth & face-negotiation theory & facework competence model for in intercultural conflict training, 4736
spontaneous vs directed suppression of stereotypes of African Americans, judgment of hostility of African American target, non-African American undergraduates, 1268
state public speaking anxiety & perceived competence & audience congeniality, 18–64 yr old undergraduate students, 1259
static viewing vs dynamic nonverbal behavior observation, sexual orientation judgment accuracy, heterosexual vs gay male & lesbian college students, 30450
static vs dynamic conceptions of people, stereotyped formation, 6th graders, 36811
status vs epistemic authority representations & moral reasoning alone & in dyads, children (mean age 9.5 yrs), 27060
status- vs authority- vs sentiment structure, duration of social acts & relations to perceptions of social influence, adults , 17584
stereotype consistency & comparative & normative fit, social categorization in memory & social category attribution, 19–50 yr olds, 27315
stereotypes about inhabitants of "establishment" vs "counter-culture" campus residences, predictions of residents' behavior, college students, 4744
strength of positive vs negative stereotypes of other sororities, sorority members, 17573
stress-related perceptions of life events, 7–13 yr olds in Wales & Ireland & England, 980
structure of Turkish language personality-related variables & effects of target evaluative homogeneity vs heterogeneity, 10704
subordinate vs superior status of subject of action, positive vs negative favorability rating of actor behavior, college students, 14282
Sulliman Scale vs Belonging-Social Interest Scale, reliability & measures correlation & ability to predict external criterion defined by Coping Resources Inventory for Stress, female college students, 19592
target's age, alteration of route complexity & length on maps, kindergartners vs 2nd vs 4th graders, 10742
temperament & perceived social support & depressive tendencies in adolescence, depressive tendencies in young adulthood, 15-yr-olds, 5 yr study, 27598
theory of mind &/or emotion recognition abilities, autistic vs unspecified pervasive developmental disorders vs psychiatric 8–18 yr olds, 14814
threshold model of factors affecting salience of social categorizations & relation to accessibility & fit, 15–31 yr olds, 11148
TV viewing, construction of reality & social & cultural perceptions & activities, rural residents, Brazil, 1106
underestimates & truly false consensus effects, perception of others' embarrassment & emotions & subsequent inhibited behavior, male vs female college students, 37117
understanding & inference of veracity & speaker informedness, 3.6–6.5 yr olds, 10792
understanding of belief & desire & emotion in social situations, 3 vs 5 yr olds, 14033
use of category exemplars in judgment of social category attitudes, adults, 14278
value judgments & attributional judgments & self-esteem, relationship between respectful treatment & procedural justice, college students & New Yorkers, 33920
visual availability of culture & typology of ethnographic photography, 7645
visual social signals of target observer, social perceptual & reflexive orienting responses & attention during interaction, college students, 36159
volunteerism, self knowledge & academics & social awareness & commitment to service, college student volunteers, 22539
willingness to comply with request to participate without pay in marketing survey after considering own vs peers' history of compliance, college students from collectivist vs individualist countries, 33917

sex & race & socioeconomic status, emotional references in conversations about school experiences, mother–child dyads , 4633
sex & SES, coping strategies, 11–13 vs 14–16 vs 17–19 yr old secondary students, implications for school facilitation of reflection on coping skills, Australia , 19327
social background & cognitive ability & educational attainment level, occupational outcomes, high school graduates vs their siblings, application of dataset followed from 1957 through the early 1990s, 13889
social causation & selection processes in association between offspring psychiatric disorders & parental SES, 9-27 yr old offspring, 27527
social inequality in self rated health & limiting long standing illness & psychological distress & respiratory symptoms & height & obesity, male vs females, 33 yr longitudinal study, 14408
social integration-regulation & SES level & racial inequality, suicide events, 15 yr old & older Black males, 17979
sociodemographic factors & national trends in alcohol consumption, White vs Black vs Hispanic 18–60+ yr olds, 1984 vs 1995, 7762
socioeconomic & demographic factors & somatic health problems & negative life events & chronic strain & social support, symptoms of anxiety & depression, 19–46 yr old mothers of toddlers, 17676
socioeconomic & demographic factors associated with suicide & role of gender, adults aged 65 yrs old & older, British Columbia, 11 yr study, 1671
socioeconomic & ethnic differences in seat belt use, African American & Hispanic American & white students in inner-city vs middle-class vs private high schools, test of social influences hypotheses, 29233
socioeconomic & public health & family problems associated with political move from socialism to democracy, Croatia, 4643
socioeconomic deprivation & perceived doctor availability, perceptions of medical urgency, patients attending general practices, 18951
socioeconomic factors & tobacco smoking patterns, male vs females aged less than 65 yrs, Estonia vs Latvia vs Lithuania, 20812
socioeconomic status, birth weight, mothers & their infants, 33735
socioeconomic status, changes in mental & physical functioning, 39–63 yr old civil servants, 3 yr followup, 30478
sociopolitical & prosocial views & educational attainment & social status, survey data from high school & college graduates, 1264
teachers & self concept & activities with parents & reading & sex & ethnicity & social class, school achievement, secondary school students, 3 yr study, New Zealand, 9486
victimization by interpersonal violence, household income & marital status & employment & education level, women (mean age 44.9 yrs), 3 yr study, 27764
Socioeconomic Status [See Also Family Socioeconomic Level, Income Level, Lower Class, Social Class]—Books
Age and inequality: Diverse pathways through later life, 33728
Socioeconomic Status [See Also Family Socioeconomic Level, Income Level, Lower Class, Social Class]—Chapters
Adult-child continuity in India: Is adolescence a myth or an emerging reality?, 36727
Are socioeconomic gradients for children similar to those for adults?: Achievement and health of children in the United States, 27005
Health, well-being, and coping skills, 26970
Mental disorder in late life: Exploring the influence of stress and socioeconomic status, 30597
Quality and inequality in children's literacy: The effects of families, schools, and communities, 27021
Sociocultural factors influencing social and vocational inclusion of persons with mental retardation: A cross-cultural study, 24622
Socioeconomic conditions and social inequalities in old age, 10937
Socioeconomic gradients in mathematical ability and their responsiveness to intervention during early childhood, 27008
Socioeconomic status and mental health, 30600
Socioenvironmental Therapy [See Milieu Therapy]
Sociolinguistics—Serials
attitudes toward Croatian as official language & Croatian centralist policies & Istria as regional identity & subsequent use of nonstandard languages in reaction to nationalism, Istrians, 26907
communicative accommodation theory & sociolinguistics & speaker identity & interspeaker relations in conversational Bislama, 4371
contributions of Communities of Practice approach as comprehensive theory of language & gender used in language research, 26898
development of analytic tool for sociolinguistic study of gendered identity based on theory of community of practice & linguistic practices of the nerd social identity, high school females, 26899
development of coding system for & use of communication accommodation strategies in conversation, male vs female Chinese vs Anglo-Australian university students vs Anglo-Australian faculty, 20834
features & relationship of Community of Practice to related terms & theoretical frameworks in sociolinguistics & social psychology, 26905
feminist approach on utility of community of practice concept in discourse analysis of language used in date rape disciplinary tribunal, male & female tribunal members & female victims, 26903
language structure & entextualization & contextualization & linguistic ideology in local communities, 7655
linguistic speech style context, patterns of schwa mute/latent vowel e deletion, male vs female 16–25 yr old speakers of southern French, 26895
sociolinguistic research & generalizations about language & gender in communities of practice, 26902
sociolinguistic significance of apology routines within community context via analysis of Creole word sore usage, males vs females living in Bislama, 27297
sociolinguistic similarities & differences & language variation in mono- & bilingual speech communities, 26896
Sociologists—Books
Qualitative sociology as everyday life, 27110

Sociologists—Chapters
Real-life sexual harassment, 27116
Sociology [See Also Sociobiology]—Serials
cognitive sociology & sexual scripting theory, model of cognitive scripting of sexual identity, 14206
exploration of psychoanalytic & sociological understandings of organizational life & intersection between socially constructed defenses in social work & political attacks, commentary, 3100
exploration of psychoanalytic & sociological understandings of organizational life & intersection between socially constructed defences in social work & political attacks, 3105
influence of firms & markets & supply-side perspectives & demand-side perspectives on entrepreneurship, 38935
issues in individualism-holism problem in sociological research, 1208
P. F. Lazarsfeld's sociointellectual biography, impact on Polish sociology, 1040
phenomenological concept of embodiment in post-Cartesian & radical sociology of impairment, 34559
rules & boundaries & courts & evidence for neo-Durkheimian sociology of crime & deviance, 8287
social structure & location & sociology in friendship, 1030
sociological approach to emotional simultaneity & construction of unity in fire event, fire victims, 24086
sociological perspective on study of hazard-related phenomena & risk & risk analysis & role of power & organizational interests, implications for sociologists, 32404
sociological perspective on use of & problems of interpretation with categories of natural & accident & suicide & homicide on death certificates, 1709
theory of sport for advancement of sport sociology, 35697
Sociology [See Also Sociobiology]—Books
Handbook of sociology of mental health, 30583
Psychology and sociology applied to medicine: An illustrated colour text, 12294
Qualitative sociology as everyday life, 27110
Sociology of giving, 37083
Stress at work: A sociological perspective, 3094
Sociology [See Also Sociobiology]—Chapters
The concept of a "healthy person": A sociological contribution toward a truly revolutionary psychotherapy, 25035
The institutionalization and deinstitutionalization of the mentally ill: Lessons from Goffman, 22824
Issues in mental health assessment, 29404
It's boring: Notes on the meanings of boredom in everyday life, 27415
Memory and the practices of commitment, 27113
Mental illness as a career: Sociological perspectives, 30588
The sociological study of mental illness: A critique and synthesis of four perspectives, 30595
The sociology of mental health: Surveying the field, 30589
Toward a critical social interactionism for counselors, 25044
What sociology can help us understand about religion and mental health, 1078
Sociometry—Serials
contribution of individual & environmental variables to sociometric-status-group differentiation, mainstreamed 8–12 yr olds with moderate learning difficulties, 9547
peer perceived vs sociometric popularity, 4th–5th graders, implications for predictive utility of classification type, 20580
Sociometry—Chapters
The social and psychological importance of self-esteem, 14232
Sociopath [See Antisocial Personality]
Sociopathology [See Antisocial Behavior]
Sociotherapy—Serials
evolving roles of sociotherapist, hospital therapeutic community for treatment of borderline personality disorder, 35282
sociotherapeutic approach to patient–staff large group meetings, 12412
sociotherapeutic approach to patient–staff large group meetings, commentary, 12407
Sodium [See Also Sodium Ions]—Serials
basal vs mid- vs high level dietary sodium chloride during pregnancy & lactation, plasma aldosterone & brain angiotensin II receptors & appetite & drinking responses, female rats, 36612
bombesin injections into lateral parabrachial nucleus vs ip vs 4th ventricular routes, salt intake, area postrema-lesioned rats, implications for sites of antinatriorexic activity, 650
electrolytic & chemical brain lesion of septal area, water & salt intake, rats, 3904
exercise, salt preference, adult males, 17001
hypertonic saline in hepatic portal vs jugular vein, glucagon vs insulin response to exercise, adrenodemedullated male rats, 33324
intraventricular neuropeptide Y, induced pica behavior vs decreased need-induced sodium intake, male rats, implications for opposing orexigenic & malaise-inducing properties, 30026
intraventricular tachychinin NK1 vs NK3 receptor agonists, sodium appetite & solution intake, male sodium-deficient rats, 29999
losartan, lateral parabrachial nucleus injected methysergide enhanced salt & water intake, male rats, implications for mediating role of angiotensin Type 1 receptors in subfornical organ, 4217
low vs high sodium intake, reproductive performance, mice, 26514
morning sickness & salt intake & food cravings & aversions, 18–46 yr old pregnant females with little or no vs moderate–severe vomiting, 33316
role of angiotensin II & adrenocorticotropin & other hormones in attenuation of input from sodium specialist neurons & functional changes in taste receptor cells following sodium deficiency in mammals, 7072
salty food & breath alcohol concentration & divided attention on task performance, 21–50 yr old female moderate drinkers, 27262
Sodium [See Also Sodium Ions]—Chapters
The extended amygdala and salt appetite, 26664
Sodium Ions—Serials
amiloride, neural representation & discrimination of NaCl & KCl in taste responsive neurons of nucleus of solitary tract, hamsters, 29770
pacific ciguatoxin-1, tetrodotoxin-sensitive vs -resistant sodium channel activation & inactivation in acutely dissociated root ganglion neurons, rats, 7259
Sodium Lactate [See Lactic Acid]
Sodium Pentobarbital [See Pentobarbital]
Solvent Abuse [See Inhalant Abuse]
Solvents [See Also Toluene]—Serials
discrimination of phenylthiocarbamide & 6-n-propylthiouracil tastants vs their pure solvents, adults , 3443
inhalation of commercial isoparaffinic hydrocarbon solvents, locomotor activity & operant performance, male mice, implications for abuse potential, 633
predictors of improvement in P300 latency, 27–54 yr olds with history of exposure to organic solvents & mild solvent encephalopathy, 1.5 yr follow-up, 5189
reputations & self-concepts & coping strategies, high school students with current vs former volatile-solvent use vs nonuse, 1779
use of lemon juice as heroin solvent, injection drug users, Spain, 21334
vocabulary test results, workers previously vs still exposed to styrene, 6350
Somatization—Serials
alexithymia & personality & sociodemographic characteristics & somatization tendency, outpatients with different physical disorders, 8511
analysis & taxonomy of medically unexplained symptoms , 31047
application of High Risk Model of Threat Perception, differentiation of patients who do vs do not somatize psychological distress into physical symptoms, primary care adult patients, 24711
associations of somatic complaints with depression & anxiety & conduct & oppositional defiant disorders & ADHD, 9–16 yr old males vs females, 27467
attachment & interpersonal theory for & childhood antecedents & social factors of somatization, 11816
childhood abuse & adulthood emotional distress & illness orientation & social dysfunction, adults with nonepileptic attack disorder or irritable bowel syndrome, 18280
chronic disability associated with use of wheelchair but with no organic disorder to account for disability & illness beliefs, 36–55 yr old wheelchair patients & their carers, 31046
clomipramine, 43–78 yr olds with delusional disorder of somatic type, 31708
cognitions concerning body perception & illness behavior & health, patients with somatization syndrome & /or hypochondriasis, 1948
cognitive impairment, somatic symptom complaints, community-dwelling 75–92 yr olds, 18254
combined use of traditional psychotherapy & music therapy & fluoxetine, 44 yr old female with somatization disorder & PTSD & depression, 28249
concepts of mind–body dualism & stereotyped attitudes toward somatization & psychosomatic disorders, family therapists, 38121
consistency between physician & self ratings of health status & somatization & symptom severity, Vietnam veterans with vs without PTSD, 1633
demographic characteristics & family functioning & high risk of psychiatric disorder & frequent use of health services, 4–15 yr olds classified as somatizers, 34540
DSM-IV classification of somatoform disorders, 28016
effectiveness of Davanloo's Intensive Short-Term Dynamic Psychotherapy, 53 yr old male patient with panic & functional & somatization disorders, 2180
evaluation & treatment of psychogenic parasitosis, 27–70 yr olds, follow-up study, 8516
expectations & later reports of infant temperament, 20–40 yr old mentally vs somatically ill females, 37217
headache frequency & psychosocial factors including depression & anxiety & somatization & functional status, junior high school students (mean age 13.7 yrs), 11800
hierarchical analysis of somatic symptoms & psychiatric diagnoses & disability, 18–67 yr old primary care patients with unexplained symptoms, 1930
hypochondriasis &/vs somatization & personality & attitudes toward self, primary care patients, 34037
hypochondriasis &/vs somatization, health perceptions & status & service utilization, primary care population, 35174
impact of therapist's somatic sensations & experiences on therapeutic relationship, experienced psychologists & psychotherapists, 15795
incidence & persistence of somatization syndrome, cross-national sample of 18–65 yr old primary care patients, 24699
internal & external validity of Whiteley Index & construction & validity of 7-item Whiteley scale & Illness Conviction & Worrying subscales, screening for hypochondriasis & somatization, 18–65 yr old primary care vs neurological patients, 11
level of somatization symptoms & associated functional correlates & PTSD symptoms & personality characteristics, 12–35 yr old pediatric cancer survivors, 34589
limitations of Composite International Diagnostic Interview for somatoform symptoms, Latino primary care patients, 32706
occurrence & significance of somatic symptoms in the process leading to suicide, 15–65+ yr old suicide victims, Finland, 1411
prevalence & comorbidity & general practitioner detection ability & impact on health care utilization of somatoform disorders, primary care patients (median age 34.4 yrs), 28018
prevalence of somatic indicators of distress, patients with diabetes mellitus, 8485
prevalence rates & clinical & sociodemographic characteristics, 16–65 yr old Arab patients with somatized mental disorder vs psychologized mental disorder, 28015
psychopathic traits & somatization symptoms in male vs female college students, 37293
role of somatic disease & physical injury in development & course of alcohol withdrawal delirium, 18–81 yr old hospitalized patients, 11648
social support moderation of work & other stressors, social anxiety & somatic complaints & depression & irritability, male blue-collar workers, longitudinal study, extension of match hypothesis, 25904
somatization in primary care setting, 31078
somatization, female 55 yr olds & older vs younger with panic disorder, 4995
stability of lifetime somatization symptoms & disorder, 18–65 yr old primary care patients, 1 year followup, 11812
subclinical typologies of anxiety & depression & somatization symptoms, cross-national sample of 15–65 yr old primary care patients, 24097
temperamental variables, adult females with panic disorder with vs without somatization disorder, 7987
use of MMPI & clinical staff ratings to identify psychological contributions to somatic complaints, rehabilitation outpatients with chronic pain (mean age 39.5 yrs), 3323
Somatization—Books
Minding the body: Clinical uses of somatic awareness, 14420
Why do we fall ill?: The story hiding in the body, 34577
Somatization—Chapters
Social transmission in acute somatoform epidemics, 31097
Somatization, hypochondriasis, and related conditions, 8537
Somatization Disorder [See Psychosomatic Disorders]
Somatoform Pain Disorder—Serials
patients' & traditional & faith healers' accounts of etiology & symptomatology of 'shadow of the breast' as culture-bound form of somatoform pain disorder, 18–48 yr old patients, South Africa, 28039
psychogenic chemical sensitivity with pseudoseizures, 44 yr old woman, clinical case report, 34567
treatment with ifenprodil tartrate to increase blood flow to amygdala & hypothalamus & cerebellum, 51–68 yr old patients with somatoform disorder, 34995
Somatoform Pain Disorder—Chapters
Psychic elaboration of musculoskeletal back pain: Ellen's story, 2256
Social transmission in acute somatoform epidemics, 31097
Somatosensory Cortex—Serials
'mouth-feeding' behavior, monkeys assessed after sequential pre- & post-central gyrus lesions, 3936

activation of somatosensory cortex in proprioception & proprioceptive feedback in finger movement tasks, 20–27 yr olds, 3899
anomalous double sensations evoked by tactile stimuli to contralesional hypoaesthesic hand, 51–68 yr old patients with damage to cortical somatosensory representation of hand, 34530
auditory & visual memory-saccade vs fixation task, behavioral modulation of neuronal responses in lateral intraparietal area, male macaque monkeys, 29823
auditory repetitive &/vs deviant somatosensory stimuli, automatic-ERP correlates under stimulus-ignoring conditions, female adults, 566
auditory-saccade training, responses of lateral intraparietal area neurons to auditory stimuli, male macaque monkeys, 29803
blockade of cholinergic receptors in somatosensory barrel cortex, long-term changes in evoked potential during sensory preconditioning & neuronal plasticity, rats, 3881
blockade of muscarinic receptor by scopolamine, cerebral blood flow responses to somatosensory stimulation, male rats, 33460
changes in minimal force thresholds evoking cortical responses to cutaneous stimulation of hindlimb following sciatic nerve injury, male rats, 33186
cocaine, responses of ventral posterior medial vs somatosensory thalamic neurons to peripheral receptive field stimulation & thalamic norepinephrine & 5-HT, male rats, 3903
computational model of digit-lesion-induced topographic reorganization in somatosensory cortex, 32498
contribution of somatosensory area to gustatory-activated regions in cerebral cortex, 21–37 yr olds, 23391
cortical somatosensory vs motor area activation in illusion of limb movements, healthy 23–33 yr old males, 26310
distal-proximal representations of index finger & palm in somatosensory cortex, 21–23 yr olds, 23384
exploratory whisker movement vs nonwhisking movement vs immobility, modulation of tactile responses to somatosensory cortex & thalamus, rats, 33201
functional MRI evidence for inverted face representation along central sulcus during pneumatic stimulation of forehead or chin, 22–34 yr olds, 23351
gamma activity in forearm & adjacent sensorimotor areas during performance of visuomotor tasks, 12–41 yr olds with intractable epilepsy, 24774
isoflurane, thalamic somatosensory impulse transmission, rats, 23501
limitation of sensory input through partial limb denervation, somatosensory cortex neuron reactivity during ontogenesis, baby rats, 20188
median nerve stimulation & somatosensory cortical EP-assessed voluntary movement preparation in go/no-go choice-RT task, 29–42 yr olds, 477
MK-801 or brain derived neurotrophic factor, barrel growth in developing primary somatosensory cortex & expression pattern of GABA receptor subunits, newborn rats, 10445
neural representations of sensory events & psychophysically quantified behavior, 32782
neurophysiologic coherence of rapid changes in response topography that accompany vibrotactile stimulation of the finger, male, 7 mo study, 13554
NMDA glutamate receptor blockade, experience-dependent synaptic plasticity of barrel cortex neurons, male rats, 7083
norepinephrine & associative conditioning, reaction to facial vibrissa stimulation & aversive shock & isoproterenol & somatosensory system, neonatal rats, 20115
painful vs non-painful electrical finger stimulation, cortical representation using echo-planar MRI, 25–46 yr olds, significance of SII-insular region in pain perception, 3893
perceived visual orientation & body position effects that are caused by alteration of somatosensory information during underwater immersion, 23–35 yr old divers, 33342
plasticity of electrophysiological cortical area representations of skin surfaces engaged in progressive digital dexterity development in object retrieval, adult owl & squirrel monkeys, 23417
principal component analysis vs multiple signal classification source modeling, localization of somatosensory EPs in somatosensory cortex, amputees (mean age 58.07 yrs), 21481
role of primary & secondary somatosensory cortex in somatosensory discrimination, adults, 561
sensory experience, short-term synaptic dynamics in vertical & horizontal excitatory pathways within the supragranular cortex, rats, 26589
sensory loss by selected whisker removal, disinhibition in somatosensory cortex, naturally behaving female rats, 36425
simultaneous timing of initial activation of neuronal assemblies in primary & secondary somatosensory cortical areas, 25–50 yr olds, 20108
spatiotemporal patterns of oscillation in neocortical areas & activation by specific methods of stimulation, rat somatosensory areas, 23416
tactile deprivation, zinc-containing terminals within somatosensory barrel cortex, rats, 33223
temporal activation pattern of primary & secondary somatosensory cortices in pain processing, 28–38 yr olds, 29842
unilateral vs bilateral lesions of insular gustatory cortex, conditioned taste aversion & induction of c-Fos-like immunoreactivity in intermediate division of nucleus of solitary tract, rats, 3908
vibrissa deprivation pattern, plasticity in barrel cortex, rats, 33263
whisker trimming since birth, density of synaptic zinc within deprived somatosensory barrel hollows, mice, 20132
whisker-stimulation-induced cortico-thalamic interactions in barrel-system computational model, rats, 29833

Somatosensory Cortex—Chapters

Spatial frames of reference and somatosensory processing: A neuropsychological perspective, 31356

Somatosensory Evoked Potentials—Serials

anomalous double sensations evoked by tactile stimuli to contralesional hypoaesthesic hand, 51–68 yr old patients with damage to cortical somatosensory representation of hand, 34530
application of GABA alone or with glutamate along or with bicuculline or phaclofen, magnitude of temporomandibular joint-evoked jaw muscle EMG activity, male rats, implications for nociception, 20270
auditory ERP & short-latency somatosensory evoked potentials, 65–73 yr olds with corticobasal degeneration vs progressive supranuclear palsy, 5410
auditory repetitive &/vs deviant somatosensory stimuli, automatic-ERP correlates under stimulus-ignoring conditions, female adults, 566
blockade of cholinergic receptors in somatosensory barrel cortex, long-term changes in evoked potential during sensory preconditioning & neuronal plasticity, rats, 3881
calibrated vs percutaneous electrical stimuli & nociceptive responses, somatosensory properties of ventromedial thalamic neurons in dorsal horn, rats, 36438
carbidopa, L-dopa plasma levels & time course & frontal components of somatosensory evoked potentials & motor performance, patients with Parkinson's disease, 38325
conditioning stimulation of upper limb, lower limb motor EPs to transcranial magnetic stimulation, healthy 65 & 70 yr olds with left thalamic infarcts, 24790
cortical magnetic stimulation, perceptual timing & characteristics of attenuation to somatosensory stimuli, Ss (mean age 36.4 yrs), 26306
direct somatosensory & cortical visual stimulus train duration & subthreshold stimulation, sensory perception & cortical EPs, inpatient 11–31 yr olds with medically intractable epilepsy, 18408
distal-proximal representations of index finger & palm in somatosensory cortex, 21–23 yr olds, 23384
exercise & cold pressor test stressors, somatosensory evoked potentials, 25–35 yr old healthy males, 13678
functional brain asymmetry & localization of somatosensory evoked magnetic potential, patients with bipolar disorder with vs without psychosis , 30684
functional MRI of prefrontal brain regions during motor response inhibition & motor timing, 12–18 yr old males with ADHD , 24601
hand preference & transcranial magnetic stimulation asymmetry of cortical motor representation, 25–51 yr olds, 33259
interference stimulation, somatic evoked N20m primary response & high-frequency oscillations during wake–sleep cycle, 20–43 yr old males, 33287
laser pain stimuli, innocuous-related activity in central somatosensory pathways, healthy adults, 19700
left prefrontal rapid transcranial magnetic stimulation, mood & cognition & motor evoked potential threshold, 30–74 yr olds with medication resistant major depression, 21987
magnetic stimulation & topography of corticomotor projection to hand & functional reorganization of motor centers & motor recovery, 17–72 yr olds with subcortical infarcts & motor deficit, 24786
median nerve & posterior tibial nerve stimulation, somatosensory evoked potentials in brainstem, 4–41 yr old patients with 4th ventricle tumors, 34591
median nerve stimulation & somatosensory cortical EP-assessed voluntary movement preparation in go/no-go choice-RT task, 29–42 yr olds, 477
mental stimulation of flexion & extension movements of right vs left distal & proximal hand & arm joints with vs without magnetic stimulation of motor cortex, motor ERPs, right handed 23–35 yr olds, 10473
method for application of large-area vibrotactile stimuli to palms holding balloon during magnetoencephalography, somatosensory & auditory evoked fields, healthy Ss, 29450
motor EP interhemispheric differences in motor excitability, Ss with monohemispheric stroke, 8 wk followup, implications for prognosis in monohemispheric stroke lesions, 18337
motor evoked potentials after exercise of thenar muscles, depressed vs recovering depressed patients, 30685
motor preparation, chaotic neural dynamics generated by simultaneously recorded spike trains in primary motor cortex during performance of delayed pointing task, monkeys, 571
painful heat stimulation of hand skin, motor cortex excitability, adults, 33307
post-exercise motor-evoked potential responses, patients with major depression on psychotropic medication, 24223
precue to prepare to execute vs imagine motor action, event related Laplacians in RT task & contingent negative variation over supplementary motor area, adults, 538
principal component analysis vs multiple signal classification source modeling, localization of somatosensory EPs in somatosensory cortex, amputees (mean age 58.07 yrs), 21481
responses of neurons to thermal skin stimulation & perception of cold in response to microstimulation of posterior thalamic ventromedial nucleus, awake medical patients undergoing stereotactic surgery, 20085
role of membrane conductance of spinal nociceptors in generation & maintenance of plateau potentials in dorsal horn neurons, rats, implications for pain perception, 33296
role of primary & secondary somatosensory cortex in somatosensory discrimination, adults, 561
somatosensory evoked potentials following electrical stimulation of median nerve during writing with dominant vs non-dominant hand, right- vs left-handed 18–36 yr olds, 29901
spinal administration of mexiletine, somatosensory transmission of spinal neurones, neuropathic rats, 540
transcranial magnetic cortical stimulation designed to evoke contingent negative variation, cortical silent period & motor evoked potentials, 24–36 yr olds, 33288
whisker-stimulation-induced cortico-thalamic interactions in barrel-system computational model, rats, 29833

Somatostatin—Serials

acute vs chronic administration of citalopram, plasma oxytocin & cholecystokinin & gastrin & somatostatin & insulin, male rats, implications for clinical profile of SSRI antidepressants, 13825
course of illness,somatostatin level variance, patients with multiple sclerosis (mean age 42 yrs), 2 yr study, 31312
expression of mRNA for somatostatin in periventricular nucleus & in stalk-median eminence & concentration of growth hormone in plasma, male rats, animal model for depression, 33171
expression of somatostatin receptor protein on neurons in periaqueductal gray & spinal cord, male rats, implications for role in analgesia & nociception, 3909
lanreotide, growth hormone & insulin-like growth factor-1 levels & psychological symptoms & quality of life, 31–71 yr olds with active acromegaly, 2 mo study, 22068
somatostatin infusion, somatotrope responsiveness to growth hormone-releasing hormone, 16–23 yr old female patients with anorexia nervosa, 12175
somatostatin octreotide as cause of & treatment for cluster headache, 30-yr-old female with acromegaly, 5761

Somatotropin—Serials

acamprosate, cortisol & growth hormone & prolactin secretion, 20–35 yr old males, 26845
alcohol drinking & growth hormone & slow wave sleep, humans, implications for alcoholism treatments, 30021
alpha-2 adrenoceptor function assessed by growth hormone response to clonidine & mental well-being measured by self-reported mood, 33–54 yr old alcohol-dependent patients in early withdrawal, 37558
alpha-2 adrenoceptor function assessed by growth hormone response to clonidine & psychopathology measured by depression & anxiety, 26–65 yr old alcohol-dependent patients in early withdrawal, 37559
apomorphine & clonidine, growth hormone response & noradrenergic function & the Tridimensional Personality Questionnaire, major depressive inpatients (mean age 42.1 yrs, 4910
continuous vs episodic administration & plasma high concentration vs repetitive increases of somatotropin-releasing hormone, sleep, 22–36 yr old normal men, 10611
depressiveness & anxiety & perceived stress & self-efficacy as moderators of relationship between physiological exercise stress & growth hormone & cortical & testosterone secretion, 17–26 yr old males, 23459

growth hormone response to baclofen challenge before & after light therapy, patients with seasonal affective disorder, 12265
growth hormone treatment, length of stay in intensive care & in hospital & duration of mechanical ventilation & mortality, males 18–80 yrs old with critical illnesses, 35110
intranasal administration of growth hormone-releasing hormone, endocrine & sleep functions, 21–33 vs 71–81 yr old healthy men , 29940
involvement of decreased lymphocyte growth hormone mRNA in poor immune response, female caregivers (mean age 64 yrs) with chronic stress in caring for patients with Alzheimer's disease, 18996
menstrual phase & body mass & age, serum concentrations of insulin-like growth factor 1 & growth hormone binding protein, depressed vs healthy females, 17863
microinjection of growth hormone-releasing hormone or its antagonist into preoptic area, sleep, rats, 17125
mirtazapine, growth hormone vs prolactin vs cortisol secretion, 20–35 yr old healthy males, 30019
somatostatin infusion, somatotrope responsiveness to growth hormone-releasing hormone, 16–23 yr old female patients with anorexia nervosa, 12175
somatostatin octreotide as cause of & treatment for cluster headache, 30-yr-old female with acromegaly, 5761
venlafaxine vs paroxetine, growth hormone response to iv infusion of L-tryptophan, 18–40 yr old males, 36606

Somatotropin—Chapters

Short stature: Does it matter? A review of the evidence, 24742

Somatotypes—Serials

body scent & bilateral symmetry, attractiveness, 17–53 yr old men vs women, 30419
computer-graphic technique for study of body size perception & body types & eating disorder diagnosis & treatment utility, 36071

Somesthetic Perception [See Also Cutaneous Sense, Kinesthetic Perception, Pain Perception, Temperature Perception, Weight Perception]—Serials

accuracy of symptom perception & demographic & distress factors, parents & their 6–18 yr olds with asthma from underserved urban communities, 11819
attentional demands, accurate monitoring of bodily orientation changes, 21–38 yr olds, 36123
bimastoidal galvanic vestibular stimulation, perception of subjective vertical standing, 23–58 yr olds, 3448
biobehavioral model of visceral hypersensitivity in irritable bowel syndrome, 8507
body–apparatus tilt conditions, perceptual motor performance & judgment of body orientation & equilibrium, 24–35 yr olds, 10012
carbon dioxide inhalation, attention to bodily sensations & patterns of fear habituation vs sensitization & anxiety, college students with high levels of anxiety sensitivity, 34202
cortical magnetic stimulation, perceptual timing & characteristics of attenuation to somatosensory stimuli, Ss (mean age 36.4 yrs), 26306
interhemispheric transfer of sensory & cognitive information, 29 yr old right-handed male without corpus callosum & anterior commissure, 18353
isoflurane, thalamic somatosensory impulse transmission, rats, 23501
laser pain stimuli, innocuous-related activity in central somatosensory pathways, healthy adults, 19700
neurobiological & psychophysical mechanisms of oral sensations produced by carbonated water, rats & 19–29 yr olds, 32783
perceived exertion ratings & heart rate measures of activity intensity on simulated occupational tasks, adult males , 17005
perceptions about heartbeat, actual heartbeat counting performance, patients (mean age 71.3 yrs) with cardiac pacemakers, 19706
perceptual & psychophysical aspects of somesthesis & spatial & tactile & thermal perception & sensitivity & pain perception, 13174
relationship between vestibular sensitivity & vection chronometry along vertical spinal axis, 22–47 yr olds, 23010
return phenomenon for induction of illusion of head orientation displacement, shifts in straight ahead pointing movements & perceived orientation of head, 18–27 yr olds, 152
sensory perceptions & mating behavior, male C. elegans , 36326
somatosensory discrimination, neuronal activity in prefrontal cortex, monkeys, implications for neuronal correlates of working memory, 23345
somatosensory masking of distention stimuli in colon, 21–30 yr olds, 3440
somesthetic temporal discrimination thresholds, 21–58 yr olds with idiopathic dystonia, 24728

Somesthetic Stimulation [See Also Tactual Stimulation]—Serials

acute hypoxia, RT to auditory vs kinesthetic stimuli, adults, 3989
asymmetrical incoherent visual vestibular stimulation, subjective estimates of passive whole body rotations in darkness, male college students, 16523
bimastoidal galvanic vestibular stimulation, perception of subjective vertical standing, 23–58 yr olds, 3448
galvanic vestibular stimulation applied at 0 vs 0.5 vs 1.5 vs 2.5 sec prior to backward platform translation, postural responses, 24–38 yr olds, 13253
galvanic vestibular stimulation, otolithic & semicircular canal eye movements & perception of verticality, healthy 23–46 yr olds, 184
inactivation of lateral semicircular canals, horizontal eye movements elicited by linear acceleration & neural computational strategies used by CNS to resolve ambiguous otolith information, monkeys, 10391
movement-related cerebellar activation without sensory input, 54–66 yr olds with severe pansensory neuropathies & normal muscle strength, 31337
optokinetic nystagmus vs optokinetic afternystagmus, sensitivity to circularvection, 18–23 yr old male squash payers vs weightlifters, 19738
relationship between vestibular sensitivity & vection chronometry along vertical spinal axis, 22–47 yr olds, 23010
tactile extinction, alteration of cortical somatosensory activations induced by hand vibration, 61–71 yr olds with right hemisphere stroke, 11860
translational optic flow encompassing entire binocular visual field, complex spike activity of Purkinje cells in ventral uvula & nodulus, pigeons, 13631
vertical vestibular stimulation frequency & orientation, fastigial nucleus activity, monkeys, 29856
vestibular information & mental activity during active vs passive rotations, perception of orientation without vision, Ss, 6757
vestibular stimulation, right ear advantage in dichotic lexical decision performance, males (aged 21–37 yrs), 23110

Somnambulism [See Sleepwalking]

Sonar—Serials

extended training in sonar & sounding environment, spatial updating ability, 21–66 yr olds with congenital blindness, 31360

Songs [See Music]

Sons—Serials

pericentric inversion of chromosome 9, mother & son with schizophrenia, 4947

Sons—Chapters

Cross-sex and same-sex family alliances: Immediate and long-term effects on sons and daughters, 20730

Sorority Membership—Serials

role of dress in social construction of gender/femininity, college sorority members, 20773
strength of positive vs negative stereotypes of other sororities, sorority members, 17573

Sorting (Cognition) [See Classification (Cognitive Process)]

Sound [See Auditory Stimulation]

Sound Localization [See Auditory Localization]

Sound Pressure Level [See Loudness]

Sound Waves [See Acoustics]

Sourness [See Taste Perception]

South Africa—Serials

achievement motivation & conceptualizations of education & opportunity & future, Black 11th grade students, South Africa, 32277
attitudes toward traditional healers, Black psychiatric nurses, South Africa, 2785
attitudes toward Whites & socioeconomic inequities before vs after political transition, Black South Africans, 7709
belief in rainbow nation ideal & national pride & subjective well-being & happiness, South Africans during transition to democracy, 27217
causes of teenage pregnancy, South Africa, 17355
changes in gender equality & feminism & psychology & societal transformation since 1994 free elections, South Africa, 20777
course on gender roles inequality & female oppression & feminist theory & awareness of female issues, undergraduates, South Africa, 20782
development & practices of occupational social work in South Africa, 15525
developmental history of professional ethics in psychology, South Africa, 6088
drug & alcohol abuse in South Africa, 14741
epidemiology of generalized anxiety disorder & major depression & dysthymia, 18–50+ yr olds from rural communities, South Africa, 1446
group music therapy improvisation as nonverbal communication & application to address & alleviate personal & interpersonal stress & enhance group relations, high functioning adults, South Africa, 28558
health care policy & delivery & cancer pain management, health personnel & administrators, South Africa, 12383
influences of British psychiatry on treatment of insane, African Cape Colony asylums, 1891–1910, 32013
integrated primary mental health care & paradigm shift in biomedical discourse, South Africa, 9131
management & trade union responses to & integrated approach for HIV prevention in mining industry, 23-yr-old South African migrant worker, 28626
negative consequences of teenage pregnancy, South Africa, 17356
parent–child relationship, sexual & alcohol & drug abuse, 17–26 yr olds, South Africa, 18011
patients' & traditional & faith healers' accounts of etiology & symptomatology of 'shadow of the breast' as culture-bound form of somatoform pain disorder, 18–48 yr old patients, South Africa, 28039
perceptions of threat, racialised discourses, 35–45 yr old coloureds in post-apartheid South Africa, 7656
personal & cultural identity & racial attitudes & attitudes toward socio-political change in South Africa, 13–19 yr old South African Blacks vs Whites vs mixed race individuals vs White Americans, 17378
philosophical & political & implementational dilemmas of outcomes-based education curriculum reform in South African schools, commentary, 19254
post-structuralist approach to feminism & resistance to oppression without loss of identity & difference, females, South Africa, 20784
presence & severity of eating disorder pathology, Caucasian vs Black vs Asian vs mixed race college students, South Africa, commentary, 24668
prevalence & patterns of academic dishonesty, college students, Japan vs South Africa, 9508
prevalence of students with little or no functional speech & their exposure to classroom activities & remedial services, severely retarded 2–32 yr old students, South Africa, 25806
primary language & English proficiency & group differences in responses to 16 Personality Factor Questionnaire items, people of color vs black vs white vs Indian university students, South Africa, 26112
profile of forensic psychologists, South Africa, 9724
psychoanalytic perspective on Truth & Reconciliation Commission, South Africa, 17443
psychological stress & adjustment & body image & depression, South African Black vs White breast cancer patients, 18324
racial & gender differences in demographic & admission-related variables & diagnosis & treatment during hospitalization & at discharge, public hospital psychiatric patients, South Africa, 28735
relationship between self-image & ethnic identification, 18 yr old & older Afrikaans- vs English-speaking Whites vs Blacks, South Africa, 30297
retrenchment in the South African mining industry & role of employee assistance programs, 16065
role of community pharmacy & therapeutic alliance in interprofessional care for primary health care provision, nurses, South Africa, 22124
SES & community violence & social competence & academic adjustment, 5–6 yr olds, South Africa, 30216
social identity theory & individual & social & economic & political factors as predictors of ethnic identification & intergroup relations, Afrikaans vs English speaking whites vs blacks, South Africa, 27139
sociocultural climate conducive for the development of psychology as a legitimate discipline, South Africa, 11
trends in professional psychology practice & research, female psychologists, South Africa, 22361
use of case reports for construction of individual histories of mental illness & institutionalization, females, South Africa, 1891–1910, 22242
use of counseling service, 18–54 yr old Black students, South Africa, 1996, 19372
use of Geographical Information System to determine potential access & allocation of public mental health resources in KwaZulu-Natal, South Africa , 9094
validity of W. E. Cross's model of stages & sequences of racial identity development, Blacks, South Africa, 17345
value-driven approach to operations of South African employee assistance program provider, 16068
views on mathematics teaching & educational experience, preservice vs novice teachers, South Africa, 22401

South Africa—Chapters

Breaking out of a separatist paradigm: Intercultural education in South Africa, 2898

South Korea—Serials

cultural context of syndrome of attachment disturbance mimicking symptoms of pervasive developmental disorder, 2–4 yr olds, South Korea, 14701
professional self concept, nurses, South Korea, 6043
vocational rehabilitation personnel development, South Korea, 6023

South Vietnam [See Vietnam]

Spacecraft—Serials
contributions of multiple masculinities to 1986 organizational decision to launch Space Shuttle Challenger, managers & engineers, 6329
space shuttle Challenger explosion, symptoms of PTSD & bereavement, East vs West Coast children vs adolescents at 5–7 wk & 14 mo after explosion, 37414
Spaceflight—Serials
isolation & confinement, maintenance of complex performance during spaceflight simulation, 31–37 yr old cosmonauts, 16218
lower body negative pressure in long-term spaceflight, endocrine status & hormone changes, 52 yr old male astronaut, 7134
medical concerns & physical & mental health issues in planned human mission to Mars, 11969
occurrence & routes & effectiveness & side effects of pharmaceutical use on Space Shuttle missions, US astronauts, 28611
psychiatric issues & long duration space missions, 8061
quadrupedal locomotion before vs after spaceflight vs flight simulation at 1G, rhesus monkeys, 20211
Spain—Serials
drug use prevalence & trends among college students, Spain, literature review, 21293
geographic region & educational level, perceived general health, 16 yr olds & older, Spain, 20603
HIV sexual risk behaviors & condom use, 15 yr olds & older, Spain, 7747
multidisciplinary intervention in a vocational rehabilitation program in Spain for people with sensory & physical disabilities, 9271
overview of current Spanish educational legislation in relation to academically highly able pupils, 9561
presentation of metallic bonding in 1974–98 Act for Education vs General Act for the Education System compliant high school chemistry textbooks, Spain , 25723
supported employment programs in Spain, 9275
Spain—Chapters
The challenge of intercultural education in Spain, 2895
Cultural mind and cultural identity: Projects for life in body and spirit, 23999
Family psychology and family therapy in Spain, 21746
The spread of AIDS and drug treatment in Spain, 5968
Spanish Americans [See Hispanics]
Spasms [See Also Muscle Spasms]—Serials
facial expression of affect before & after epilepsy surgery, children with intractable infantile spasms, 1.8 yr followup, 18812
vigabatrin, 2.5–22 mo olds with infantile spasms, 4–6 yr followup, 5773
Spatial Ability [See Also Visuospatial Ability]—Serials
ability to bisect lines & copy rectangles bisected in their midplane, 50–69 yr old male patients with left unilateral neglect, 21558
academic capabilities & hobbies & extracurricular reading & occupational interest & coursework & educational expectations & outcomes, high school students gifted in spatial ability vs mathematics, 2991
accompanied vs unaccompanied travel to & from school, spatial skills & knowledge & perceptions of the environment, 7–12 yr olds, 17187
bilateral excitotoxic lesions of perirhinal cortex, effect of novelty & distal vs local cues on performance in predelay vs postdelay phases of spatially guided radial maze tasks, male rats, 29824
deficits in spatial indexing, 31 yr old female patient with simultanagnosia following head trauma, 15019
development of & relation between Piagetian concrete operational thought & formal thought & general intelligence & spatial & verbal abilities, 4.5 yr olds, 11 yr study, 17235
development of test to measure spatial abilities associated with apparel design & product development, female college students majoring in clothing & textiles, 22838
display luminance & polarity & exposure duration, lateralization of categorical & coordinate spatial judgments & processing, Ss, 16609
early music instruction, music perception skills & non-verbal & spatial abilities, 3.7–6.7 yr olds in beginning music instruction, 4 mo followup, 22517
egocentric vs allocentric spatial learning & reference memory, male transgenic mice with impaired glucocorticoid receptor function, implications for hippocampal involvement, 13592
executive function skills & spatial span, 5.8–19.11 yr old siblings of children with autism vs developmental delay, 27926
extended training in sonar & sounding environment, spatial updating ability, 21–66 yr olds with congenital blindness, 31360
facilitation of luminance vs star discrimination in relational learning & transposition of rectangles, pigeons, 10260
fimbria-fornix lesions, ability to use spatial relationships among intramaze stimuli in water-maze learning, male rats, 3905
flexibility in human cognition & spatial performance & language, adults, 29564
interpretation & construction of Euclidian coordinate reference cues in object location, 4–5 yr olds, 20505
listening to Mozart & Schubert vs narrative story, spatial-temporal task performance, college students, experimental replication & extension, 29462
locomotor experience, development of spatial search ability, 4–144 mo olds, 4453
male vs female dominated occupational choice, patterns of verbal & spatial cognitive abilities, employees in male vs female dominated jobs, 12788
MK-801 administered into nucleus accumbens vs dorsomedial striatum, learning vs performance, rats, 23301
neural network determination of reproducible EEG patterns during spatial & logic task solving, males, 3975
per gene circadian regulatory sequence, spatial & developmental & circadian expression & behavioral rescue, Drosophila, 10381
performance on spatial memory task & reversal learning in visual discrimination task, active foraging vs sedentary predator congeneric lizard species, implications for models of spatial abilities, 13394
place- vs cue-guided place navigation & thigmotaxis, male rats with lesions to dorsomedial vs dorsolateral caudate-putamen, 13536
practice, performance on difficult spatial task, male vs female 17–45 yr olds, 3559
prenatal exposure to phenobarbital or phenytoin, hormone related cognitive functioning & spatial ability, adults, 2300
presynaptic cholinergic & neurotrophin markers in hippocampus & basal forebrain during assessment of spatial learning ability, young vs old male rats, 3923
processing time & space components of semantic memory during script-generation tasks, patients with frontal lobe related impairments, 28155
relevance & premise order, mental model of spatial reasoning & problem solving, 15–17 yr old French students, 10149
semantic representations of spatial prepositions, judgments of location control & choice of description across range of scenes, Os, 36218
sex & skill in spatial transformation task & vocabulary, 4–6 yr olds, 23773
spatial abilities & spatial activities, male vs female technology vs social science college students, 3478
spatial ability in Lego block play task, male vs female 9 yr olds, 4421
spatial ability, errors in topical coherence & spatial referential devises in ASL, right brain damaged 74 & 75 yr old male signers , 15015
spatial knowledge acquisition from maps vs navigation in real & virtual environments, 18–49 yr olds, 32974
spatial-reasoning performance immediately after exposure to Mozart piano sonata, experimental replication, 29463
testosterone levels, performance on spatial tasks, males (mean age 22.42 yrs), 36461
time course of spatial attentional focusing during identification of pairs of spatially overlapping or neighboring letters at various locations around central fixation, 23158
treatment with ganglioside GM1, Hebb-Williams maze performance, adult male rats with unilateral electrolytic entorhinal cortex lesions, 29798
visuo-spatial & linguistic & memory ability, 10 yr old male with Williams syndrome, 31005
whole vs restricted medial vs lateral lesions of dorsal striatum, RT-assessed response bias in contralateral space, male rats, 16899
Spatial Ability [See Also Visuospatial Ability]—Books
A handbook of spatial research paradigms and methodologies, Vol. 2: Clinical and comparative studies, 3568
The hippocampal and parietal foundations of spatial cognition, 29875
Spatial Ability [See Also Visuospatial Ability]—Chapters
Animal spatial cognition and exploration, 3676
Developing an understanding of external spatial representations, 10819
The radial arm maze: Twenty years on, 3672
Testing for spatial brain dysfunction in animals, 3673
Spatial Discrimination [See Spatial Perception]
Spatial Distortion—Serials
auditory cortex response to & localization of filtered sounds producing spacial illusions, cats, 26686
factors in spatial disorientation in US Army rotary-wing operations incidents & accidents, 3147
leftward bias in marking endpoint of bisected line in modified endpoints' task, 50–83 yr old right brain damaged patients with left unilateral neglect, 34664
spatial disorientation & night vision device-guided helicopter flight accidents, 3146
Spatial Frequency—Serials
2-component stationary plaids with vs without 3rd-harmonic square-wave component, stimulus-dependent adaptive spatial filtering in perceived plaid structure, college students, 32806
2-dimensional motion stimuli with high vs low spatial frequency, responses of nonlinear neurons in area 18 of visual cortex, adult cats, 23394
blood alcohol level, perceptual discrimination of low vs high spatial frequencies in left vs right visual field, males (mean age 25.5 yrs), 766
Boundary Contour System model simulation of spatial frequency involvement in visual persistence, 19501
broadband & contrast balanced stimuli, spatial frequency & attentional selection between global & local forms, 18–39 yr olds, comment, 10231
broadband & contrast balanced stimuli, spatial frequency & attentional selection between global & local forms, 18–39 yr olds, 10229
center frequency & spatial frequency & orientation bandwidth, detection of narrow band random noise targets embedded in narrow band random noise backgrounds, 19716
characteristics of texture coherence limit for arrays with bandpass spatial frequency spectra with narrow bandwidths, Os, 182
chromaticity & luminance of gratings varying along L & M cone axes, spatial pairwise contrast matching of gratings in comparison of color & luminance contrast, Os, 16519
computational model of association fields for adaptive spatial filters in human pattern perception, 32739
contour & scale integration combination processes in spatial frequency tuning for visual edge detection, adults, 32798
contrast & density & spatial proximity & spatial frequency & spatial configuration, moving stimuli in primary visual cortex, 32823
contrast vs spatial frequency vs flicker modulation classes of novel second-order reversed-phi stimuli, perceived motion direction, observers, 32825
dependencies of binaural detection on center frequency & bandwidth & interaural parameters, Ss, 36196
detection model of spatial contrast sensitivity for chromatic & luminance-modulated gratings, Os, 26347
disparity sensitivity functions & low vs high spatial & horizontal vs vertical disparity corrugation frequency as defined by binocular disparity, 32789
fundamental vs 3rd harmonic compound gratings, vernier thresholds, adults, 36137
interocular disparity of target & noise & masking of spatial frequency component, stereoscopically viewed phase discrimination of luminance pattern, adults , 19751
left & right hemisphere bias & spatial frequency in global visual processing, 22–65 yr olds, 7042
left vs right performing hand & fullness of visual information, spatiotemporal structure of graphic movements, adults, 3874
low spatial & temporal frequency chromatic stimuli, transient visual EPs, 26–34 yr olds, 16952
low vs high spatial frequency of sinusoidal gratings, reaction times for detection of gratings, 25 yr old female & 60 yr old male, 19755
luminance spatial frequency & disparity modulation of field of Gabor micropatterns, disparity modulation threshold function, adult Os, 13201
motion capture of static vertical lines produced in apparent motion, 19–46 yr olds, 23043
non-labeled based nonlinear spatial normalizations using basis functions, 19678
ophthalmic lens-induced transverse chromatic aberrations in natural viewing conditions, spatio-temporal thresholds, 33–39 yr olds, 34734
orientation judgment of spatial D6 pattern in presence of occluding elements of same vs mixed contrast polarities, Os, 157
oscillations of gratings & pattern phase reversals, 1st harmonic components of visual EP responses to oscillatory motion, 14–21 yr olds with infant esotropia & normal 19–39 yr olds, 18465
perceived blur of drifting waveforms as function of speed & blur & spatial frequency & quantitative model for distortion of waveforms in motion, adults, 3465
peripheral & central origin of RT delay & visually evoked potentials at high spatial frequency, adults, 16976
presentation conditions, persistence over time & specificity over spatial frequency of McCollough effect & contingent after-effect & stimulus discrimination, pigeons, 33065
recognition as function of exposure duration for objects with low- vs high- vs compound-spatial frequency, adults, 3593
sine- & square-wave gratings, facilitation between luminance & red–green visual detection mechanisms, Os, 36150

spatial frequency & orientation tuning of stereoscopic motion aftereffect, adults, 36176
spatial frequency & retinal eccentricities, foveal & peripheral pattern recognition, Os & computer simulation of ideal O, 171
spatial frequency of gratings & uniform gray vs noisy background, visual EPs in response to flickering gratings & support for matched filter model of spatial vision, 20–27 yr old males, 16983
spatial frequency tuning functions for direction discrimination of optic flow patterns, adults, 32820
spatial frequency, figure ground segregation from temporal delay, adult Os, 168
spatial integration in human vision & effective height of noise checks of 1 dimensional noise masks, detection thresholds for vertical sinusoidal gratings with spatial noise, 23–32 yr olds, 16497
spatial structure & detection of neural registration of temporal structure & contrast modulation, 33224
spatial-frequency bandwidth of perceived suprathreshold contrast, adults, 32853
stimulus-onset asynchronies & contrast thresholds in spatial frequency masking, 26–42 yr old schizophrenic outpatients with positive vs negative symptoms, 11440
temporal contrast sensitivity in human vision & spatial frequency, 36147
visual spatial selective attention, time domain ERPs & frequency domain EEG oscillations, 18–24 yr old females, 7120

Spatial Imagery—Serials

attential selection of spatial location vs visual features vs whole objects, 36166
behavioral characteristics & brain basis of egocentric perspective vs object-based spatial transformations, 19–34 yr old males , 29874
gesture & speech production & informational content in spatial description tasks, congenitally blind vs sighted 9–18 yr olds, 24881
kinematic vs dynamic models of physical imagery & beliefs about spatial outcome & rate & dynamic perception, physical imagery references, adults, 19865
neurocognitive theory of visual-spatial working memory & attention & scene representation, 32775
stimulus image information & object complexity & preferred intrinsic object representation, stimulus encoding & object recognition discrimination thresholds, adult Ss, 13170
use of diagrams or models, mental models of depicted environments, college students, 6840
verbs used to express thematic role of agents & direction of actions, spatial representation of linguistically expressed events, normal adults, 13269

Spatial Imagery—Chapters

Developing an understanding of external spatial representations, 10819

Spatial Learning—Serials

1-aminoindan-1,3-dicarboxylic acid, spatial procedural learning & long term & episodic short term memory, male rats, 26750
5-HT1A receptor antagonist WAY 100635, impairment in spatial discrimination learning from blockade of hippocampal NMDA receptors, male rats, 33374
acute or chronic nicotine, spatial learning, male C57BL/J6 mice, 20260
adaptive strategy & retention capacity, spatial & temporal learning & retention, deaffernated 47-yr-old female , 24798
age & sex hormones, Morris water maze learning ability, 14–42 day-old intact male vs female vs castrated male vs testosterone-treated female rats, 23191
antibodies to brain derived neurotrophic factor, spatial learning & memory, male rats, 33459
AP-5 induced NMDA receptor blockade in nucleus accumbens core vs shell vs medial vs posterior caudate, spatial learning & performance, male rats, 30056
brain lesions of rhinal cortex or parahippocampal gyrus or hippocampus, object & place discrimination & reversal & spatial scene learning & memory, rhesus monkeys, 7080
chronic nimodipine, spatial learning & long term potentiation in hippocampal dentate gyrus, young male rats, 7218
colostrinin, spatial learning & incidental memory, male 13 vs 3 mo old rats, 36605
corticosterone injections, spatial learning, young vs old vs very old male Fischer-344 X Brown Norway rats, 30009
degree of spatial learning & memory deficit & sensitivity of cholinergic drug treatment, aged female rats, 6978
diazepam vs chronic alcohol, spatial reversal learning & proactive interference, male mice, 13699
distance rotation & new environment, abstract cognitive map formation & recognition of new location on radial maze, rats trained with patterns of rewarded & nonrewarded arms or reward quantities, 23209
dorsal striatum lesions, rule-based learning in radial maze, male rats, 26648
early postnatal derived peptidergic cerebrolysin or its fraction, spatial learning & memory in Morris water maze task, 28 day vs 3 mo vs 16 mo old rats, 13742
electrolytic lesions of lateral pallidum, motor coordination & spatial learning & cytochrome oxidase activity, rats, 23315
factorial validity of Ruff-Light Trail Learning Test, neuropsychological assessment of visuospatial learning & memory, 16–70 yr olds, 13087
fimbria-fornix lesions, ability to use spatial relationships among intramaze stimuli in water-maze learning, male rats, 3905
firing characteristics of deep layer neurons in prefrontal cortex during spatial working memory & alternation tasks & food search & role of hippocampal projection, male rats, 3865
functional impact of neuronal migration defects & spatial learning & motor behavior, LIS1 heterozygous mutant vs normal mice , 36393
functional organization of hippocampus & role in spatial learning & memory performance, aged & young vs aged rats, commentary, 507
functional organization of hippocampus & role in spatial learning & memory performance, aged & young vs aged rats, commentary, 508
functional organization of hippocampus & role in spatial learning & memory performance, aged & young vs aged rats, commentary reply, 522
glucocorticoid receptor antagonist RU38486, spatial learning & memory in water maze, male rats, 4235
harmaline, olivary neurons & olivocerebellar pathway & spatial learning abilities & spatial memory, male rats, 23550
hippocampal angiotensin receptor subtype, spatial learning & memory, male rats , 20161
hippocampal formation role in loft fidelity & landmark navigation, hippocampal lesioned homing pigeons, 5 yr study, 7090
ibotenate lesions of hippocampus, spatial learning & contextual fear conditioning, male mice, 7031
inactivation of prelimbic-infralimbic or dorsal anterior cingulate areas, strategy switching in spatial vs visual cued cheeseboard task, rats, 10446
individual differences in visual discrimination & spatial learning & activity control tasks, inbred vs outbred strains of mice, implications for structure of animal intelligence, 6970
insulin treatment, spatial vs nonspatial water maze learning and hippocampal synaptic plasticity assessed by long term potentiation, male rats with vs without streptozotocin induced diabetes, 3990
kainic acid challenge response & motor function & cognitive processes in water maze task, 4 background inbred mouse strains, 10450
landmark arrays vs individual landmarks & blocking in spatial leaning, rats , 23187
landmark preexposure, latent inhibition & perceptual learning in swimming-pool navigation task, rats, 6975
learning of spatio-temporal interpolation in depth & relation to spatio-temporal interpolation in 2 dimensions, observers, 16478
lesions in lateral internal medullary lamina or intralaminar nuclei or midline nuclei, retention of object pair discriminations & acquisition to novel stimuli, male rats, 7088
lesions of hippocampal structure with vs without extrahippocampal destruction, delayed-match vs nonmatch-to-sample, male rats, 10416
lesions of hippocampus vs area parahippocampalis, negative patterning & delayed spatial alternation, homing pigeons, 29839
lesions to caudolateral neostriatum, spatial learning, homing pigeons, 7001
local & global maps & other aids, navigation & search strategies in very-large-scale virtual environments, 18–39 yr olds, 10138
long term voluntary ethanol consumption, spatial & passive avoidance learning & hippocampal acetylcholine release, alcohol preferring rats, 33392
mammillary body lesions, spatial reference & working memory task performance, rats, 23348
metabotropic glutamate receptor inhibition, hippocampal long term potentiation & spatial learning, male rats, 20074
MK-801 administered into nucleus accumbens vs dorsomedial striatum, learning vs performance, rats, 23301
narrow vs wide field of view 3-D helmet vs stationary wide screen display, acquisition of spatial knowledge, 22–30 yr old soldiers, 23138
neonatal seizures, morphology & spatial learning & activity level & seizure susceptibility, rats, 7056
neuroethology of spatial learning & mechanisms, insects & birds & humans & other mammals, 13524
NMDA receptor antagonist MK-801, spatial learning in water maze, male rats, 29976
non-immunosuppressive ligand GPI 1046, decline of spatial learning & memory & cholinergic neuron atrophy, aged mice, 36616
non-pseudoautosomal region of Y chromosome & spatial learning, NZB & CBA/H mouse strains & their respective congenics for YNPAR, 33180
object exploration & spatial learning & fear conditioning & locomotor activity, wild-type vs homozygous 5-HT1B knock-out mice, 26484
oral inositol, spatial learning & memory & home cage behavior, rhesus monkeys, implications for interspecies differences, 4144
orientation specificity in small scale vs large scale imagined routes presented as verbal descriptions & spatial learning, 19–44 yr old college students , 16669
performance on spatial memory task & reversal learning in visual discrimination task, active foraging vs sedentary predator congeneric lizard species, implications for models of spatial abilities, 13394
place- vs cue-guided place navigation & thigmotaxis, male rats with lesions to dorsomedial vs dorsolateral caudate-putamen, 13536
postnatal coplanar congener pentachlorobiphenyl, development & hematology & serum biochemistry & spatial delayed alternation task, rats, 13804
preexposure to landmarks, attention & spatial learning, rats, 33076
proximal & distal cues, cognitive mapping place performance in virtual space, college students, 3546
recovery from MK-801-induced spatial learning impairment & neuronal injury in posterior cingulate/retrosplenial cortex at 5 vs 12 hrs, male mice, 10548
retention of long-term spatial memory, young chicks, 23211
role of the nucleus accumbens in spatial learning & within the larger striatal system, 26623
SL327, mitogen-activated protein kinase activation in spatial learning & conditioned fear, male mice, 36621
social transmission of spatial task information, homing pigeons, 16750
spatial & procedural learning, adenylyl cyclase activation in hippocampus & parietal cortex & striatum & cerebellum, male mice, 26598
spatial biases in visual discrimination learning, 4–6 vs 1–15 yr olds, 30158
spatial blocking of place conditioning measured by water-maze landmark use & escape latency, male rats, 10284
spatial generalization, honeybees, 16752
spatial knowledge acquisition from maps vs navigation in real & virtual environments, 18–49 yr olds, 32974
spatial learning & anxiety, angiotensin-deficient mice, 13684
spatial learning & memory in water rewarded spatial alternation task, expression of nitrous oxide neurons in dentate gyrus & frontal cortex, female rats, 3950
spatial learning & memory, Lurcher mutant mice with massive loss of neurons in cerebellar cortex & inferior olivary nucleus, 3852
spatial learning of an escape task, young corn snakes, 10273
spatial mental model of measurement, assessment of acquisition & utilization of working memory, 18–31 vs 60–79 yr olds, 32958
spatial training on water maze, long term potentiation like changes in posterior parietal cortex transcallosal evoked field potentials, male rats, 3816
spermine with vs without diazepam & dizocilpine, acquisition & inhibition & retention of spatial learning in Morris water maze & cerebral lesions, rats, 3830
stress & decreased fear conditioning, spatial learning, male handled vs unhandled pretrained vs untrained rats, implications for long term potentiation involvement, 13404
transient global ischemia, functional status of CA1 neurons & performance on spatial learning & Morris water maze, male rats, 23363
verbal working memory vs spatial task strategy development & skill attainment, EEG, 22–28 yr olds, 10487
virtual vs real translocation task, activity of hippocampal formation & parahippocampal gyrus neurons during allocentric spatial processing, monkeys, 16974
water-maze training at 2 mo, spatial learning retention at 6 vs 10 mo, male NMRI vs C57BL mice, 33083

Spatial Learning—Chapters

Animal spatial cognition and exploration, 3676
Building on children's intuitions to develop mathematical understanding of space, 22525
Hippocampal synaptic plasticity: Role in spatial learning or the automatic recording of attended experience?, 29884
The Morris water maze (is not a maze), 3674
Testing for spatial brain dysfunction in animals, 3673

Spatial Memory [See Also Visuospatial Memory]—Serials

192-IgG saporin & scopolamine vs oxotremorine vs muscimol in medial septum–vertical limb of diagonal band, cholinergic neuronal involvement in spatial working memory, male rats, 17084

acute &/or chronic interleukin-2, spatial memory & locomotor activity & exploratory behaviors & anxiety, male mice, 36579
acute cold & restraint stress, spatial memory, male rats, 4074
acute vs chronic MK-801, recovery of spatial memory, male rats with traumatic brain injury & bilateral cortical deafferentation, 7081
age, hippocampal processing of fear conditioning & spatial memory of radial maze, male rats, 6974
age, verbal & spatial short-term memory, 6–12 yr olds, 17240
age-related impairments in memory & cognitive & sensorimotor abilities & role of estrus cycle, male vs female rats, 33030
allocentric vs egocentric spatial learning capabilities in landmark discrimination task, dogs, 13411
alpha-2 adrenergic agonist clonidine & yohimbine, prefrontal cortical neuronal activity related to spatial working memory, female monkeys , 36581
antibodies to brain derived neurotrophic factor, spatial learning & memory, male rats, 33459
atipamezole, short term & long term spatial memory & activity level & other behaviors, trimelthyltin-intoxicated male rats, 725
bilateral excitotoxic lesions of perirhinal cortex, effect of novelty & distal vs local cues on performance in predelay vs postdelay phases of spatially guided radial maze tasks, male rats, 29824
bodily asymmetries, saliency & retrieval & accessibility of spatial relationship information from spatial mental models, 19798
brain lesions of rhinal cortex or parahippocampal gyrus or hippocampus, object & place discrimination & reversal & spatial scene learning & memory, rhesus monkeys, 7080
cardiovascular activity & physiological response stereotypy during spatial memory & planning & attentional tasks, healthy young adults, 29957
cell firing in superior colliculus during spatial memory task with vs without cues, male rats, 7113
chronic ethanol intake with vs without withdrawal, spatial reference & working memory & neurodegeneration in hippocampal formation, male rats, 20324
clonidine vs guanfacine, spatial working memory & planning & attentional set-shifting central executive functions of prefrontal cortex, 23–35 yr olds, 13753
clonidine, spatial working & short-term & recognition memory & planning functions, middle aged & elderly patients with Parkinson's disease, implications for role of alpha2-adrenoceptors, 38300
cognitive subtraction in functional neuroimaging of neural correlates of spatial working memory, 19–28 yr olds, 10492
combined perirhinal & postrhinal cortex lesions induced by NMDA, object & place memory, male rats, 10397
computer-assisted neuropsychological evaluation of spatial working memory, asymptomatic HIV-infected individuals (mean age 33.2 yrs), 31124
conspecific & predator odors, defensive behavior & analgesia & spatial working memory, rats, 33042
cytotoxic lesions of anterior thalamic nuclei, behavioral tests that tax spatial or recognition memory, male rats, 6979
degree of spatial learning & memory deficit & sensitivity of cholinergic drug treatment, aged female rats, 6978
delayed response task, spatial working memory, male vs female schizophrenics (mean age 35.5 yrs), 37377
delta-9-tetrahydrocannabinol vs scopolamine vs MK-801, performance on operant spatial signal detection task, male rats, 10640
diazepam vs chronic alcohol, spatial reversal learning & proactive interference, male mice, 13699
disturbance effects of environmental stimuli similar to farm conditions, spatial memory, male pigs , 23203
early postnatal derived peptidergic cerebrolysin or its fraction, spatial learning & memory in Morris water maze task, 28 day vs 3 mo vs 16 mo old rats, 13742
effects of practice on location cueing & visual search performance & attentional processing, 32864
episodic & spatial memory processing in hippocampal neuronal activity, rats, 16956
estrogen, working vs reference memory &/vs scopolamine-induced amnesia in radial maze, female rats, 13721
ethanol intake & intramaze vs extramaze cue proximity, spatial reference memory vs nonspatial reference memory, male rats, 7267
evidence supporting visual vs spatio-sequential components for non-verbal short-term memory & use of Visual Patterns Test to assess visual component, brain-damaged 15–86 yr olds & normal Ss, 32678
excitotoxic lesions of septal nuclei, spatial memory & flexibility of hippocampal single-unit representations, male rats, 26615
eye movement control & scene memory across saccades & scene context & object identification in scene perception, 13176
firing characteristics of deep layer neurons in prefrontal cortex during spatial working memory & alternation tasks & food search & role of hippocampal projection, male rats, 3865
flexibility in human cognition & spatial performance & language, adults, 29564
fornix transection, object–place encoding & discrimination & scene memory, male rats, animal analog of amnesic episodic memory deficit, 3915
functional MRI-assessed spatial & nonspatial working memory & hemispheric organization in dorsal & ventral subdivisions of prefrontal cortex, 19–37 yr olds, 3833
functional organization of hippocampus & role in spatial learning & memory performance, aged & young vs aged rats, commentary reply, 522
functional organization of hippocampus & role in spatial learning & memory performance, aged & young vs aged rats, commentary, 507
functional organization of hippocampus & role in spatial learning & memory performance, aged & young vs aged rats, commentary, 508
gender, incidental memory of objects & locations, 3–6 yr olds & adults, 13347
glucocorticoid receptor antagonist RU38486, spatial learning & memory in water maze, male rats, 4235
harmaline, olivary neurons & olivocerebellar pathway & spatial learning abilities & spatial memory, male rats, 23550
high vs low dose clonidine vs diazepam, spatial working memory, 4–15 yr old female monkeys, 36558
hippocampal angiotensin receptor subtype, spatial learning & memory, male rats , 20161
hippocampal involvement in spatial & working memory, patients with unilateral temporal lobe epilepsy with right or left focus, 37805
hippocampal lesions & subsequent inability to use navigational maps, use of learned or memorized landmarks in homing behavior, pigeons, 10413
hippocampus activation & retrieval of object location in fixed vs shifted array conditions, undergraduates, 23318
huperzine A, scopolamine induced or naturally occurring spatial working memory deficits, young adult vs aged rhesus monkeys, animal model of drug therapy for Alzheimer's disease, 16958
immediate posttraining microinfusion of sulpiride into the nucleus accumbens shell vs core, memory for water maze performance, male rats, 26848
impairment of olfactory identification & spatial memory, outpatients with obsessive-compulsive disorder (mean age 37 yrs), 37395
incidental learning & route expectancies & memory, 10 vs 24 yr olds, 36253
individual & age-related differences in verbal & spatial working memory, 8–10 vs 18–22 vs 65–75 yr olds, 17260
intra-medial septal muscimol, memory in inhibitory avoidance & water maze tasks, male rats with lesions of basolateral nucleus of amygdala, 10456
kainic acid challenge response & motor function & cognitive processes in water maze task, 4 background inbred mouse strains, 10450
lateral septal vasopressin in modulation of spatial memory & social recognition & anxiety-related behavior, male rats, 10565
lesions of dorsomedial thalamus, acquisition vs performance of spatial working memory task requiring rule learning contrary to innate preference, male rats, 7059
lesions of hippocampal formation or perirhinal cortex, allocentric spatial working memory, male rats, 7046
lesions of hippocampal structure with vs without extrahippocampal destruction, delayed-match vs nonmatch-to-sample, male rats, 10416
maintenance of learned perspective in memory & spatial description determinacy & interaction between determinacy & perspective in forming mental representations of route descriptions, college students, 36274
mammillary body lesions, spatial reference & working memory task performance, rats, 23348
map learning or navigational goals as learning conditions in spatial memory, college students, 16668
medial thalamic vs prefrontal cortical lesions, conditional discrimination with vs without memory delays in auditory match-to-position task, male rats, 3921
memory for layout of ten digits on keypads of push-button telephones & calculators, college students, 29647
MK-801, retention of spatial bias in water maze task, 3–6 vs 22–24 mo old male rats, implications for altered neural plasticity in age-related memory deficits, 17078
mood & arousal levels, right hemisphere contribution to performance on spatial memory task, college students, 23167
movement & orientation patterns during seed caching & recovery, Clark's nutcracker, 23246
naxolone, chlordiazepoxide effects on anxiety vs emotional vs spatial memory, male mice, 7165
neural cognition as supported by non-neural storage of 3-dimensional model of local space used in movement planning, theory & basis of phenomenal consciousness, 13374
neuronal activity as sign of information encoding in perirhinal cortex during spatial task, rats, 539
neurotoxic medial dorsal thalamic lesions, spatial working memory, male rats, 7060
nicotine &/vs dizocilpine, working & reference memory performance on radial-arm maze, female rats, 700
NMDA, state dependent learning of spatial memory, rats, 26798
no-switching vs mental-rotation vs gender-classification tasks, selective interference during spatial & verbal information retrieval from episodic long-term memory, college students, 277
non-immunosuppressive ligand GPI 1046, decline of spatial learning & memory & cholinergic neuron atrophy, aged mice, 36616
noradrenergic antagonists, prefrontal cortex mediation of oculomotor delayed-response task performance, rhesus monkeys, 742
norepinephrine vs propranolol microinfusions into basolateral amygdala posttraining, retention of spatial version water maze task, rats, 17045
object recognition &/vs memory for object location & object context, male rats, 13395
olanzapine, effects of FG 7142 & dizocilpine on training & retention of active avoidance & spatial long term memory plus maze tasks, mice, 26825
orientation specificity in small scale vs large scale imagined routes presented as verbal descriptions & spatial learning, 19–44 yr old college students , 16669
parcel size & food concentration, spatial memory & feeding behavior, 1 yr old ewes, 366
passivity vs joystick use in virtual environment, spatial memory vs object memory vs object location memory, college students, 10178
performance on spatial memory task & reversal learning in visual discrimination task, active foraging vs sedentary predator congeneric lizard species, implications for models of spatial abilities, 15394
performance on wordstem priming task vs mental spatial rotation task after early vs late retention sleep, 22–33 yr old males, 29963
posttraining intrahippocampal vs intracaudate glutamate, memory enhancement in visible vs hidden platform task in water maze, male rats , 17081
pretraining on tests of allocentric memory, reacquisition of tasks after lesions in anterior thalamic nuclei vs fimbria fornix, male rats, 36469
prolyl endopeptidase inhibitor JTP-4819, spatial memory & central cholinergic & neuropeptide neurons, male rats with lesions of nucleus basalis magnocellularis induced by ibotenate , 10660
proximal & distal cues, spatial memory & spatial orientation in place learning task, 5 vs 7 vs 10 yr olds, 4441
pyrithiamine-induced thiamine deficiency vs lesions of lateral internal medullary laminae, allocentric spatial working memory & retrograde memory in delayed matching to place water maze task, rats, 10438
quinolinic acid lesions of agranular insular cortex, working memory for food reward value & working memory for spatial locations, male rats , 7082
recovery from MK-801-induced spatial learning impairment & neuronal injury in posterior cingulate/retrosplenial cortex at 5 vs 12 hrs, male mice, 10548
reduced mastication by cutting off upper molars, spatial learning & memory & hippocampal neuron density, aged senescence-prone mice, implications for senile dementia risk, 23339
relationship between self-evaluation of everyday spatial memory skills & performance on visuo-spatial & verbal memory tasks, 19–29 yr olds vs 60–70 yr olds vs 72–84 yr olds, 36277
retention of long-term spatial memory, young chicks, 23211
role of hippocampus & prefrontal cortex in effects of cholecystokinin B agonist on memory task, rats & mice, 29850
role of hippocampus in long-term spatial memory, 76 yr old amnesic male patient, 29651
role of striatofrontal circuits in spatial working memory, patients with Parkinson's disease, 8642
selective interference, verbal & spatial working memory, 18–22 vs 63–69 yr olds, 23713
sentence spatial format, word location memory, college students, 10006
sex differences & menstrual cycle effects, encoding of positions occupied by & assignment of relative locations to objects & integration of both in spatial memory task, 18–57 yr olds , 10523

spatial & spisodic memory processing in hippocampal neuronal activity, rats, commentary, 16942
spatial knowledge acquisition from maps vs navigation in real & virtual environments, 18–49 yr olds, 32974
spatial learning & memory in water rewarded spatial alternation task, expression of nitrous oxide neurons in dentate gyrus & frontal cortex, female rats, 3950
spatial learning & memory, Lurcher mutant mice with massive loss of neurons in cerebellar cortex & inferior olivary nucleus, 3852
spatial memory & habituation & reactions to spatial & nonspatial change, rats with lesions of hippocampus vs entorhinal cortex vs subiculum, 469
spatial memory accuracy, food-storing vs non-storing coal tit species, 36313
spatial memory encoding & retrieval, male rats given chronic icv vs acute intrahippocampal infusions of NMDA antagonist D-AP5 vs ibotenate hippocampus & dentate lesions, 20151
spatial memory performance in arboreal foraging paradigm involving walking maze & win stay & food density & competition tasks, orangutans, 19946
spatial working memory & clinical symptoms of schizophrenia, acutely psychotic schizophrenia patients (mean age 34.8 yrs), 4 mo followup, 30741
spatial working memory & eye movement control, 62–71 yr olds with Parkinson's disease, 28162
spatial working memory & neuropsychological & oculomotor correlates, schizophrenia patients (mean age 35.7 yrs), 30750
spatial working memory & reference memory in holeboard discrimination task, Brown Norway vs albino WAG rats, 10288
spatial working memory & strategy formation, patients with Asperger's syndrome vs right or left frontal excision vs unilateral temporal lobectomy patients, 37639
spatial working memory in delayed-response variants of peek-a-boo procedure, 9 mo olds, 10794
spatial working memory performance on water-escape version of radial-arm maze, intact female rats vs ovariectomized female rats receiving no vs physiological low vs moderate dose of estradiol , 10542
spatial working memory, male rats with lesions of medial or lateral entorhinal cortex vs pre- vs parasubiculum, 7064
stress & glucocorticoids, long-term spatial memory, male rats, 4032
text vs outline vs graphic organizer vs concept map word displays, spatial vs verbal format of representation in memory, college students, 6922
training in Morris water maze, activation of mitogen-activated protein kinase cascade in CA1/CA2 subfield of dorsal hippocampus, rats, implications for long-term spatial memory, 16898
Type I vs Type II adrenal steroid receptor agonism vs antagonism, Y-maze spatial memory, adrenalectomized male rats, 26752
use of landmark objects vs floor plan as structural or organizational context, spatial memory for arrangement of dollhouse furniture, younger (mean age 21.8 yrs) vs older (mean age 69.1 yrs) Ss, 16632
use of verbal & spatial memory in performance of Tower of London Task, healthy 18–25 yr olds, 10209
verbal & spatial working memory, 9–20 yr olds with childhood-onset schizophrenia & ADHD, 4874
virtual vs real translocation task, activity of hippocampal formation & parahippocampal gyrus neurons during allocentric spatial processing, monkeys, 16974
Windows 95 Object Relocation program for designing & performing spatial memory experiments, 36085
Spatial Memory [See Also Visuospatial Memory]—Chapters
A cognitive neuropsychological approach to spatial memory deficits in brain-damaged patients, 5438
Hippocampal and parietal contribution to topokinetic and topographic memory, 29878
Hippocampal and parietal involvement in human topographical memory: Evidence from functional neuroimaging, 29465
Hippocampal synaptic plasticity: Role in spatial learning or the automatic recording of attended experience?, 29884
The hippocampus and spatial memory in humans, 31104

Representation of allocentric space in the monkey frontal lobe, 29885
The representation of space in the primate hippocampus, and its role in memory, 29889
Right medial temporal-lobe contribution to object–location memory, 31354
Spatial Neglect [See Sensory Neglect]
Spatial Organization—Serials
2- and 3-dimensional categorical spatial relations representations, hemisphere specialization, college students, 36429
2-component stationary plaids with vs without 3rd-harmonic square-wave component, stimulus-dependent adaptive spatial filtering in perceived plaid structure, college students, 32806
abstract schematic knowledge in application of hierarchies & matrices & networks as spatial diagram representations for memory, college students, 16658
achievement of visual object constancy across plane & depth rotation, neurally intact Ss & patients with neurological damage, 36160
activation of intact spatial representation in visual modality, competition of left vs right representation of space in tactile modality, right-hemisphere lesioned patients , 2049
age & rank & demographic characteristics, threats & proximity relations, highland ponies, 3757
allocentric vs egocentric spatial learning capabilities in landmark discrimination task, dogs, 13411
behavioral ecology & spatial distribution & social organization, feral asses of Volcano Alcedo, 392
bodily asymmetries, saliency & retrieval & accessibility of spatial relationship information from spatial mental models, 19798
change in shape vs spatial arrangement of familiar vs novel objects, cognitive maps & exploratory response patterns, baboons, 33062
changes in moving stimuli direction, smooth pursuit direction discrimination, Os, 10064
changes in viewpoint, recognitional distinctive vs typical faces, 19780
color &/vs orientation distractors, visual search for single-feature targets, adults , 13191
contrast & density & spatial proximity & spatial frequency & spatial configuration, moving stimuli in primary visual cortex, 32823
contrast integration across space in respect to stimulus extent & spatial layout, Os, 23017
contribution of right- vs left-hemisphere vs attentional processes to perceptual organization impairments on global–local task, patients (mean age 32.5 yrs) with schizophrenia, 17910
depth & retinal motion distribution, steering accuracy in perceptual control of heading from flow field, Os, 19750
design type & elements & phase of construction, use & perception of dynamic balance in visual displays & pictorial compositions, adults, 3474
differences in spatial firing fields & hippocampus maps in environment containing 2 visually identical regions, rats, 518
direction changes in orientation vs velocity of plaid stimuli, visual discrimination of angular motion, Os , 16526
directionality of drawn pictures, 15–19 yr old left- vs right- vs mixed-handers, 26606
discrimination between oblique & horizontal & vertical lines or dots, pigeons, test of oblique effect, 19936
display clutter & intensity & head up vs down location, performance in general aviation cruise simulated fight environment, pilots, 3189
distance between attended items, attention to & identification of target letters, Os, 10018
element length & number, detectability of uniquely oriented line element in field of uniformly oriented line elements, 20–28 yr old Os, 36142
figure shape & position & overlap, responses of inferior temporal neurons, male macaques, 29829
functional MRI-assessed spatio-temporal organization of cortical activity during complex tasks, 20–32 yr olds, 29792
functional segregation of prefrontal cortex in spatial & nonspatial processing & simple & complex aspects of working memory, monkeys, 23327
grouping by alignment of implicit axes, perception of simultaneously presented shapes, male 57 yr old with Balint's syndrome, 37818
haptic exploration without visual cues, triangular path completion, college students , 13177
hemispatial neglect without extinction, male 71 yr old stroke patient with right parietal lobe damage , 28134
high vs low contrast optotypes, contour interaction for letters & crowding effect, normal vision vs amblyopic 22–40 yr olds, 21634
horizontal vs vertical displays of 1 vs 2 vs 3-character words presented to right vs left visual field, recognition of Chinese words, undergraduates, 3506
impairment on dot localization task, 18–38 yr old college students with dyslexia, 34459
inter-element spacing distance & positional jittering, visual search thresholds in simple & combined feature search tasks, adults, 36140
irrelevant location of response signal, choice reaction time, 20–35 yr olds, 26298
landmark arrays vs individual landmarks & blocking in spatial leaning, rats , 23187
left vs right hemisphere mechanisms, identification of objects in unfamiliar contortions vs conventional poses, university students, 13289
lighting direction, recognition of untextured faces in photographic positive & negative, 18–47 yr olds, 36163
maintenance of learned perspective in memory & spatial description determinacy & interaction between determinacy & perspective in forming mental representations of route descriptions, college students, 36274
map learning or navigational goals as learning conditions in spatial memory, college students, 16668
map of spatial interactions in middle temporal area cell receptive fields, female monkeys, 23295
memory for layout of ten digits on keypads of push-button telephones & calculators, college students, 29647
model of conceptual processes & constraints, tailoring speaker spatial descriptions for successful communication to listeners, 7302
movement & orientation patterns during seed caching & recovery, Clark's nutcracker, 23246
neural networks with large receptive field input arrays, simultaneous simulation of categorical & coordinate spatial relation processing, 19493
obligatory encoding of spatial location of words during automatization, adults, 6912
orientation variance & texture structure, Os, 16477
parametric manipulation of interstimulus shape-space proximity, 3-dimensional object categorization, Os, 16481
perceptual illusion altering perceived length of 2 lines, spatial attention, college students, 10232
peripheral letter acuity, Os, test of sampling-limited hypothesis, 36133
positive vs negative polarity patterns, perception of visual contrast, Os, 36138
proximity & similarity & uniform connectedness of objects, RT to discriminate global letters & orientation of grouped letters & letters composed of separate local elements, college students, 23032
psychophysical vs reflectometric measurement of cone directionality, 26–47 yr olds, 36154
role of hippocampal place cell system & distal and configural information in spatial mapping & navigation, rats, 505
rotation & orientation of drawings & interstimulus intervals, matching & recognition performance, 17–40 yr olds, 36230
sampling limits & critical bandwidth, peripheral letter acuity, Os, test of energy insufficiency vs masking hypotheses, 36134
shading & axis, representational momentum for 3-D object in rotation, college students, 6916
signal binding processes in motion perception, 26335
simulated movement through minimal but moderately naturalistic environments, constraining & accuracy of heading judgments, Os, 10010
simulation of apperceptive agnosia via removal of perceptual organization cues vs degrading visual processing, normal college students, 2118
simultaneous self-organization of place & direction selectivity in neural model of self-localization as analog of rat hippocampus, 32492
sketching expertise & imagery-alone vs externalization conditions, use of combining &/vs restructuring with vs without sketching in object drawings in figure combination task, 17–39 yr olds, 3488
slope cues in shoreward orientation based on ambient directional information, red-spotted newts, implications for breeding migration, 3746
social isolation, sequential organization & spatial patterns of movements, post- vs pre-pubertal Lister vs Sprague–Dawley rats, 3747
spatial configuration of search space, regulatory functions & efficiency & patterns of searching, capuchin monkeys, 6965
spatial influences, motor & language function, Ss with parietal lesions, 24794
spatial interactions & gain control processes operating in center-surround contrast–contrast phenomena, Os, 36168
spatial organization of cortical projections to medial & lateral segments of nucleus accumbens, dogs, 13529
spatial organization of distractors in visual search, Os, 26342
spatial orientation on vertical maze under manipulations of maze rotation & shifts & blocked routes, free ranging fox squirrels, 19940
spatial parameters, visual sensitivity to & detection of temporal phase differences, Os, 36146
spatial pattern of omission errors on random-array letter cancellation task, 18–27 vs 60–83 yr olds, 10773
spatial scale & depth cues, multiscale measurement of perceptions of 3 dimensional orientation, Os, 16474
spatial spread & shape of signal window, spatial integration of Gabor gratings in contrast detection, human Os, 19754
spatial tasks, medial vs lateral septal complex neuron firings, albino Wistar rats, 36498

spatially directed attention to auditory or visual stimuli, regional cerebral blood flow in auditory cortex, 18–45 yr olds , 10387
stimuli at nonadjacent locations & simultaneous feature-based visual selection, college students, 19715
stimulus parameters that favor transient vs sustained mechanisms, large repulsion vs attraction tilt illusions, college students, 36177
symbols vs letters & identity & position, orthographic priming, human Ss, 23042
symmetry of average male vs female facial configurations, perceived attractiveness, college students, 11165
theories on spatial organization of brain biopotentials, 7127
timing of spatial location signals in hippocampal vs subicular cells, freely moving rats, implications for path integration , 20187
topographic variations of sustained focal attention, peripheral letter recognition performance, 18–34 vs 51–58 yr olds, 16500
use of diagrams or models, mental models of depicted environments, college students, 6840
use of landmark objects vs floor plan as structural or organizational context, spatial memory for arrangement of dollhouse furniture, younger (mean age 21.8 yrs) vs older (mean age 69.1 yrs) Ss, 16632
verbs used to express thematic role of agents & direction of actions, spatial representation of linguistically expressed events, normal adults, 13269
visual attention focused on display located at different positions in car, detection of decelerating car ahead, 19–27 yr old drivers, 22748
visual perceptual organization & selective attention, 18–30 yr olds vs 60–76 yr olds, 10035
visual-vestibular processes & organization of short-term spatial vs visual image information storage processes, Rhesus macaques, 6966

Spatial Organization—Chapters

Attention, depth gestalts, and spatially extended chaos in the perception of ambiguous figures, 39057
Goals as generators of activation in narrative understanding, 32938

Spatial Orientation (Perception)—Serials

ability of visual system to integrate biological motion over space & time & comparison with simple translational motion, 173
alcohol intoxication & rotation around earth horizontal axis, buoyancy of cupulae & positional alcohol nystagmus as assessed with 3 dimensional eye movement analysis, 24–39 yr olds, 17037
asymmetrical incoherent visual vestibular stimulation, subjective estimates of passive whole body rotations in darkness, male college students, 16523
attention to heading vs 3-D object at focus of expansion in straight-line movement through stationary environment, perceived heading & object motion, Os, 10057
attention, neuronal visual orientation-tuning in extrastriate areas V1 & V4, male rhesus monkeys , 10436
automatic updating of spatial position in locomotion without vision task, adult Ss, 3430
averaging & summation of influences on visually perceived eye level between long lines differing in pitch or roll-tilt, humans, 13208
behavioral characteristics & brain basis of egocentric perspective vs object-based spatial transformations, 19–34 yr old males , 29874
benzaldehyde, conditioned visual flight orientation, flies, 346
blocking of GABA type A-mediated inhibition, interaural time difference tuning of inferior colliculus units, normal vs prism reared owls, 20165
bodily asymmetries, saliency & retrieval & accessibility of spatial relationship information from spatial mental models, 19798
body orientation & gravity, vestibulo-ocular reflex in darkness & visual-vestibular interaction in pitch plane, 24–50 yr olds, 19717
body- vs world-referenced visual signal representations of visual space in parietal cortex, monkeys , 3917
center frequency & spatial frequency & orientation bandwidth, detection of narrow band random noise targets embedded in narrow band random noise backgrounds, 19716
characteristics of illumination-induced apparent shift in perceived orientation of faces, 18–30 yr olds, 180
cognitive neuropsychological rehabilitation program, 46 yr old female patient with topographical disorientation, 11882
control of walking to vs direction opposite to target with vs without vision, 18–45 yr olds, 13250
covert orienting of spatial attention, reaction time & eye movement in response to visual stimulation, 18–31 yr olds, 32814
descriptions of route directions as navigational aids & spatial discourse in unfamiliar environments, 19–40 yr old residents of city of Venice, 19804
design type & elements & phase of construction, use & perception of dynamic balance in visual displays & pictorial compositions, adults, 3474
directionality of drawn pictures, 15–19 yr old left- vs right- vs mixed-handers, 26606
discrimination between oblique & horizontal & vertical lines or dots, pigeons, test of oblique effect, 19936
discrimination of faces & automobiles presented upright & inverted, chimpanzees, 348
EEG topographical analysis of spatial disorientation, healthy males (mean age 30.3 yrs), 13628
egocentric reference & pointing, 40–94 yr olds with extensive right partial brain damage, 28131
egocentric vs allocentric spatial learning & reference memory, male transgenic mice with impaired glucocorticoid receptor function, implications for hippocampal involvement, 13592
element length & number, detectability of uniquely oriented line element in field of uniformly oriented line elements, 20–28 yr old Os, 36142
elevation angle disparity & complexity & feature type, relating out-of-cockpit field of view to electronic cartographic map, 18–31 yr old instrument flight class members , 29494
emotion conveyed in tone of voice with vs without exposure to photographs of facial expressions & effect of inversion of face, perceptions of emotion in voice, 19–26 yr olds, 307
enantiomorphic transformation, transsaccadic object integration, Os, 6764
estimation of orientation angle to & distance between foraging area & shelter, cockroach larvae, 13396
ethanol intake & intramaze vs extramaze cue proximity, spatial reference memory vs nonspatial reference memory, male rats, 7267
extended training in sonar & sounding environment, spatial updating ability, 21–66 yr olds with congenital blindness, 31360
extensive neurotoxin lesions of hippocampus, path integration & homing in total darkness, rats, 10388
facilitatory & inhibitory effects of auditory spatial cues, stimulus-driven covert orienting & inhibition of return in audition during spatial discrimination paradigm, 17–47 yr olds, 32920
factors in spatial disorientation in US Army rotary-wing operations incidents & accidents, 3147
factors influencing imitation of manipulatory actions involving one vs more objects & unfamiliar vs familiar motor patterns, chimpanzees, 19948
field size vs velocity vs visual fixation, perception of self-body rotation & tilt, 18–51 yr olds, 23000
flexibility in human cognition & spatial performance & language, adults, 29564
frame of reference for hand-centered encoding of target location in visuospatial working memory, adults, 13349
gaze direction & frames of spatial coordinates in unilateral neglect, visual perception when looking to left vs right, 64 yr old male & 72 yr old female with right hemisphere stroke, 11862
geometric information with vs without visual cue, spatial orientation, right brain-damaged patients with vs without hemispatial neglect, 8662
goal specificity & control of computer simulated navigation of novel campus environment, acquisition of survey knowledge, Ss, 19829
handedness, memory for orientation of Hale-Bopp comet, college students (mean age 21.4 yrs), 23147
haptic exploration without visual cues, triangular path completion, college students , 13177
haptic perception of spatial relations in parallel vs collinear orientation vs pointing tasks, blindfolded college students, 32781
haptic vs visual perception of block letter orientation & uprightness, 17–39 yr olds, 29471
head direction & pitch & angular head velocity, firing properties of lateral mammillary single units, female rats, 569
head position, amplitude & direction of dorsomedial frontal cortex-evoked saccadic eye movements, rhesus monkeys, 3986
Hermann grid orientation, clarity of illusory lines, graduate students, 36149
incidental learning & route expectancies & memory, 10 vs 24 yr olds, 36253
incorporation of path-integrator capability into combined Taxon-Affordances Model & World Graph model of hippocampus-based spatial navigation, rats, 32491
involvement of visual cortex in tactile discrimination of orientation, 36131
kinematic vs dynamic models of physical imagery & beliefs about spatial outcome & rate & dynamic perception, physical imagery references, adults, 19865
learning transference between orientation & direction discrimination, adults, implications for neural mechanisms, 36266
left–right orientation & systematic reversal & cognitive ability, 5–8 yr olds, 7393
length of movement sequence, grip pattern & reconfigurations vs rotations in adjustment of contact of right hand with 8-sided object, Ss implications for advance planning of actions, 3513
lesions of extrastriate cortex, transient & permanent deficits in motion & direction perception & spatial orientation, monkeys, 16945
light vs magnetic compass orientation, foraging behavior, weaver ants, 3714
linear neural network model of nemotode-like chemotaxis control circuit, 32486
listener head movements & listener vs experimenter controlled source movement cues, disambiguation of front-back real vs virtual sound source location confusions, college students, 19786
location-based frames of reference & object-based inhibition of return in static vs moving displays, 18–35 yr old undergraduates, 167
location-based vs scene-based vs object-centered inhibition of return, 16–35 yr olds, 10014
manual & hemispatial asymmetries in visual aiming movements with preferred vs nonpreferred hand, right-handed college students, 26379
map vs computer model view of environment & orientation specificity perception of angle & distance, adults, 3481
map- vs text-based presentation of nearest airport information on global positioning system area navigation display, rate & accuracy of orientation, pilots vs nonpilots, 12986
mechanism underlying scale invariant properties of orientation modulation function in texture perception, adults, 16492
memorization conditions, haptic processing of vertical vs horizontal vs oblique orientations, blindfolded sighted college students, 32779
model for role of distance scaling in stereoscopic slant perception, Os, 19713
model of correlation-based ocular dominance & orientation maps in lateral geniculate nucleus, 7039
model of neural recoding in spatial & pattern vision, humans, 13573
morphine self-administration into medial or lateral septal area, spatial discrimination, male BALB/c mice, 7173
movement & orientation patterns during seed caching & recovery, Clark's nutcracker, 23246
navigation process & shopping experience in cyber shopping malls based on spatial vs non-spatial metaphors, college students, 22694
neural model of foraging-insect landmark navigation, bees, 32501
new perceptual objects, ability to override attentional control settings in spatial cuing task, Ss ages 18–20, 23026
numerical simulations for model of generation of orientation selectivity in macaque striate cortex, evidence for intracortical vs afferent hypotheses, 20068
object orientation priming, object possibility task performance, undergraduates, 29656
object-based motion information, heading judgments, adult Os, 13192
open environment size & barriers, spatial firing patterns of subicular vs hippocampal place cells, male rats, 29852
optokinetic & gravitational stimulation, spatial orientation of afternystagmus, rabbits, 10253
orientation direction in response to placement on inclined plane, 2 wk old rat pups, 26695
orientation specificity in small scale vs large scale imagined routes presented as verbal descriptions & spatial learning, 19–44 yr old college students , 16669
orientation variance & texture structure, Os, 16477
path integration by visual fix &/vs internal compass, locomotor position correction during foraging & hoarding & homing in darkness, female hamsters, 3706
path integration for route learning through use of visual landmarks in Cataglyphid ants, 29700
perceived affordances of other person's action based on person–environment kinematic relation, Os , 6786
perceived curvilinear heading under conditions of optical flow, adults, 6771
perception of spatial distance in horizontal plane, 48–69 yr olds with unilateral right hemispheric lesions & spatial neglect, 8634
peripheral visual information & subthreshold cues, visual orienting in covert spatial attention, adults, 10042
position of egocentric reference & RT & accuracy of production of lateralized arm movements, 40–69 yr old right-brain damaged patients with vs without left neglect, 5320
preferred orientation during transport & effect of orientation on balance, horses, 10376
proximal & distal cues, spatial memory & spatial orientation in place learning task, 5 vs 7 vs 10 yr olds, 4441
reflexive visual orienting of attention, target detection in moving objects, undergraduates, 29500

representation of orientation by preattentive processes in 180 vs 360 degree framework in visual search, Ss, 16524
return phenomenon for induction of illusion of head orientation displacement, shifts in straight ahead pointing movements & perceived orientation of head, 18–27 yr olds, 152
role of egocentric frame of reference in spatial bias & left sensory neglect, 47–80 yr olds with right brain damage, 28122
role of hippocampal place cell system & distal and configural information in spatial mapping & navigation, rats, 505
role of optic flow & 3-dimensional perception & cognitive representation of spatial envelope in visually controlled locomotion, 6749
role of orientation & mobility training & evaluations of potential dog guide users applying to dog schools, orientation & mobility specialists, 25551
sensory bases of goal & direction determination in navigation, animals, 372
sequential perspective vs random same views of objects, object recognition, 18–32 yr olds, 36153
shape of surface, curvature discrimination along specified orientation of hand sized doubly curved surfaces via static touch, naive Ss, 10015
side of body with increased muscular tension, visual vertical judgment in standing posture & side of displaced judgments, hemiplegic 51–76 yr olds vs normal 53–87 yr olds, 31253
simulated approaching textured object, errors in estimation of absolute time to collision, viewers, 13198
simulated movement through minimal but moderately naturalistic environments, constraining & accuracy of heading judgments, Os, 10010
sinusoidal lateral & fore–aft oscillations vs yaw rotations around vertically tilted axis, oculomotor control of primary eye position, monkeys, 13549
slope cues in shoreward orientation based on ambient directional information, red-spotted newts, implications for breeding migration, 3746
sound & posture cues, veering from straight ahead while walking toward target in unfamiliar space without orienting cues, blind 5–11 yr olds, 34707
spatial attention orienting, 13–42 yr olds with autism vs 15–75 yr olds with cerebellar damage from tumor or stroke, 28208
spatial blocking of place conditioning measured by water-maze landmark use & escape latency, male rats, 10284
spatial disorientation & night vision device-guided helicopter flight accidents, 3146
spatial layouts differing in scale, anisotropy of perceived 3-D shape & size under monocular vs binocular viewing, 19–40 yr old Os , 19735
spatial memory & habituation & reactions to spatial & nonspatial change, rats with lesions of hippocampus vs entorhinal cortex vs subiculum, 469
spatial navigation in Morris water maze over time, rats with complete vs partial transections of perforant path, animal model of recovery of cognitive functioning in traumatic brain injury, 519
spatial orientation by mental transformation in environments learned by reading narratives, college students, 23020
spatial orientation on vertical maze under manipulations of maze rotation & shifts & blocked routes, free ranging fox squirrels, 19940
spatial orientation signals for motion direction in human visual system, psychophysical observers, 26594
spatial orientation, attention, rats with selective cholinergic lesions of basal forebrain, 36404
spatial position perception errors for small isolated targets in presence of static reference stimuli in relation to fixation, college students, 23049
spatial reference frames relevant to imagined object & viewer rotations, 36247
statistical neural field approach to modeling orientation selectivity in primary visual cortex, macaques, 29759
stimulus bandwidth, orientation discrimination, individuals with strabismic amblyopia, 37944
surface height & stepping restriction & presence of visual input, postural control during quiet stance, 20–35 yr olds, 36200
synaptic plasticity & lateral connectivity in orientation preference mapping of visual cortex, cats & ferrets, 32490
system of references used by CNS for maintenance of upright posture of body, spatial coordinates & body schema structure & receptive fields of muscles, healthy adults, 16914
tactile morphagnosia associated with impairment in detecting orientation of line or rod in space, 73 yr old male who had a haemorrhagic stroke, 31172
task characteristics, theta oscillations during virtual maze navigations, 14–19 yr old patients with epilepsy, 31255
task difficulty, detection of novelty of object & spatial placement of object in familiar environment, socially housed rhesus monkeys, 13416
temporal parameters of cues & targets & stimulus onset asynchrony, facilitation & inhibition of exogenous covert orienting, 17–37 yr olds, 22997
topographical disorientation, 70-yr-old female with hemorrhage in right medial parietal lobe, 2091
transient-stereopsis system, dichoptic tuning to stimulus in vertical vs horizontal vs orthogonal orientation, Os, 23024
tuning-curve bimodality & distortion properties of anterior thalamic head direction cells in attractor network model of head direction system, rats, 29801
unilateral vestibular neurotomy, ability to perform navigational tasks, patients (mean age 45.6 yrs) with Meniere's disease, 21631
unilateral vs bilateral lesions in lateral mammiliary nucleus, generation of head direction signal cells & cell activity in anterodorsal thalamus, male rats, 26577
use of physiologically compatible ground lighting to reduce risk of inducing spatial disorientation, aircraft pilots, 22733
utilization of visual distal information to navigate Morris water maze, 22 vs 65 day old mice, 23190
visual &/vs olfactory &/vs self-movement cues, spatial navigation in foraging & homing, female rats, 13458
visual cues in control & stabilization of flight & extraction of environmental information, flies & bees, 6952
visual displays of textures with orientation vs motion contrast, striate neuron responses, adult cats, 23388
visual field dependence/independence & static & dynamic visual cues, body postural & cognitive spatial control, males (mean age 23 yrs), 3516
visual stimulus orientation, motion aftereffect, Os, 19714
visually controlled locomotion & orientation within informational–dynamical approach to agent–environment systems, animals, commentary, 6954
visually controlled locomotion & orientation, animals, 6947
white noise UCS & emotional salience of cue, classical conditioning & emotional modulation of attention & spatial orienting & skin conductance & EP & RT, 19–26 yr olds, 23162

Spatial Orientation (Perception)—Books

Beyond the cognitive map: From place cells to episodic memory, 26656
Otolith function in spatial orientation and movement, 23279
Psychoacoustics of spectro-temporal effects in masking and loudness perception, 29521

Spatial Orientation (Perception)—Chapters

The contributions of vestibular signals to the representations of space in the posterior parietal cortex, 23367
Control of spatial orientation of the angular vestulo-ocular reflex by the nodulus and uvula of the vestibulocerebellum, 23281
Detection and discrimination of tactile warning signals in field conditions, 34727
Dissociation of exteroceptive and idiothetic orientation cues: Effect on hippocampal place cells and place navigation, 29879
The interaction of otholith and proprioceptive information in the perception of verticality: The effects of labyrinthine and CNS disease, 24862
Parietal cortex contructs action-oriented spatial representations, 29881
Replication of passive whole-body linear displacements from inertial cues: Facts and mechanisms, 24737
The role of the otoliths in perception of the vertical and in path integration, 23371
Spatial frames of reference and somatosensory processing: A neuropsychological perspective, 31356
Spatial frames of reference for motor control, 3524
Spatial orientation and the representation of space with parietal lobe lesions, 31352

Spatial Perception [See Also Depth Perception, Direction Perception, Distance Perception, Motion Perception, Size Discrimination, Spatial Distortion, Spatial Organization, Spatial Orientation (Perception)]—Serials

absence or presence of distractors, spatial interval discrimination, Os, 16470
age, interindividual variability in memory & spatial functioning & speed, 70 yr old & older community dwellers, 30251
attential selection of spatial location vs visual features vs whole objects, 36166
attention to quadrants & ring-shaped regions, event-related brain potential effects of visual attention in spatial selection tasks, 22–38 yr olds, 26675
attentional blink switching in spatial vs nonspatial domains, 23164
binding problems & role in feature integration & visual search & spatial maps, 26346
capsaicin, vibration & touch detection & mechanically evoked pain thresholds & 2-point discrimination ability & roughness detection, 19–25 yr old males, 4177
category-adjustment model of spatial representation for examining asymmetries in judgments, undergraduates, 23041
cocaine, food- &/vs play-rewarded spatial discrimination in T-maze, neonatal male rats, 10678
components of late positive ERP during visual spatial attention, 22–40 yr olds, 20183
contrast sensitivity, hyperacuity & thresholds for bisection & Vernier acuity & edge blur & contrast detection–discrimination tasks, Os with normal visual acuity, 13190
covert transient spatial attention, spatial resolution, college students, 13225
deficits in spatial indexing, 31 yr old female patient with simultanagnosia following head trauma, 15019
dentate gyrus–hilus system as latent-attractor neural network in computational connectionist model of spatial context-dependent place representation, 32485
development of spatial & temporal vision measured by contrast sensitivities & critical flicker fusion frequency, 4–7 yr old vs adult Os, 26980
development of unilateral spatial neglect in late stage of disease, patients with dementia of Alzheimer's type, 8681
developmental change from use of spatiotemporal to object property or kind information to language in object individuation & identity, infants , 36776
disease & lesion characteristics, spatial characteristics of acoustic responses & right vs left hemisphere involvement, healthy 23–69 yr olds & 20–69 yr olds with cerebral cortex lesions, 18435
display luminance & polarity & exposure duration, lateralization of categorical & coordinate spatial judgments & processing, Ss, 16609
dissociation in processing of visuospatial & color information in working memory, 18–44 yr olds, 32859
effects of spatial scale of attention on visual feature & conjunction search, 18–25 yr olds vs 63–74 yr olds vs 76–84 yr olds, 29492
facilitatory & inhibitory effects of auditory spatial cues, stimulus-driven covert orienting & inhibition of return in audition during spatial discrimination paradigm, 17–47 yr olds, 32920
forward masking as measure of temporal & spatial interactions, speech-recognition skills, cochlear-implant Ss , 13244
functional equations of internal structure of visual space in binocular space perception, 13181
functional MRI assessment of extrastriate cortex during suppressive interactions among simultaneously presented visual stimuli in absence of vs during spatially directed attention, humans, 482
gap effect & target predictability, gain & latency & peak velocity of visually guided saccades, 19–54 yr olds assessed while intoxicated vs sober, 36384
handwriting & psychomotor system translation of stable motor memory into invariant spatial output in biomechanical & environmental context, 19–41 yr olds, 32771
haptic perception of spatial relations in parallel vs collinear orientation vs pointing tasks, blindfolded college students, 32781
hemifield line bisection & spatial representation in visual field, 11–43 yr olds, implications for patients with hemianopic, 13215
hemispatial neglect without extinction, male 71 yr old stroke patient with right parietal lobe damage , 28134
hippocampal lesions, spatial operant discrimination, pigeons, 33085
horizontal & vertical disparity & eye position & other parameters in mathematical model of stereoscopic slant perception, adult Os, 13183
image segmentation cues based on color & polarity & uniqueness of signal & noise identities, motion coherence & attendance to location in space, Os, 16515
impairment on dot localization task, 18–38 yr old college students with dyslexia, 34459
implicit learning in 3D object & face recognition & temporal context, model, 19494
influence of motion signals on perceived position of spatial pattern , 16563
influence of spatial attention, responses of neurons in middle temporal visual area of extrastriate cortex, monkeys, 20144
informational & procedural psychosemantics & qualia & procedural representationalism for sensory experience of space, 13860
involvement of visuospatial & verbal representations in memory for visual feature conjunctions, 16–40 yr old college students, 6790
isodirectional tuning of regular & fast spiking adjacent pyramidal cells & interneurons in dorsolateral prefrontal cortex during spatial mnemonic working memory task, rhesus monkeys, 20136

linguistic competence & visuospatial representation, mathematical intuition, bilingual Ss, 19694
localized medial & lateral caudate putamen & fornix/fimbria lesions, responses to local cue & behavior based on cognitive spatial information in water maze, rats, 20087
low vs high spatial frequency of sinusoidal gratings, reaction times for detection of gratings, 25 yr old female & 60 yr old male, 19755
luminance edges & radial lines, spatially local processes adjusting sensitivity for increments & decrements in small patch of visual space & center surround adaptation, adults, 16514
map vs computer model view of environment & orientation specificity perception of angle & distance, adults, 3481
mechanisms underlying spatial attention, female left handed 79 yr old with hemispatial neglect, 28160
model of spatial integration in visual detection, Os, 16522
modulation of spatial extent of visuospatial attention in & out of area of focus, professional volleyball players, 3607
narrow vs wide field of view 3-D helmet vs stationary wide screen display, acquisition of spatial knowledge, 22–30 yr old soldiers, 23138
narrowing of spatial attention, word recognition process involved in Stroop effect, college students, 16686
network of cerebral activation during covert spatial attention, adults, 29797
neural correlates of visual form vs visual spatial processing, 20–40 yr olds, 26642
neuron encoding & object centered spatial awareness, male monkeys, 20129
object attributes that determine preferred or canonical views, 18–35 yr olds, 36139
perceived space & judgment of line length, 46–84 yr olds with right-hemisphere lesions & visual hemineglect after cerebrovascular accident, 28164
perceptual & psychophysical aspects of somesthesis & spatial & tactile & thermal perception & sensitivity & pain perception, 13174
perceptual illusion altering perceived length of 2 lines, spatial attention, college students, 10232
phonological priming, recognition of Chinese characters in left vs right visual field, male college students, 26413
radial-maze spatial discrimination & barpress learning & spontaneous object recognition before vs after amyloid plaque deposition, 3 vs 6 vs 9 mo old male PDAPP transgenic mice, 36411
recalibration of rotational locomotion, college students , 32892
reconstruction of spatiotemporal natural scenes from recorded responses in the lateral geniculate nucleus, cats, 33254
relationship between relatability & minimizing inflections in completing visual contours, 29502
requirements for memory search & phonological vs spatial resources, processing temporal information in interval production with concurrent nontemporal task, 20–30 yr olds, 29597
right hemisphere advantage vs right to left reading habits, visuospatial search as seen in cancellation performance, native readers of Aramaic or Arabic, 19725
role of egocentric frame of reference in spatial bias & left sensory neglect, 47–80 yr olds with right brain damage, 28122
role of retinal location on spatial distribution of visual attention, 29488
role of visual attention & selection & visuospatial attention in visual cognition, 29483
rotation in darkness, computation of final eye-position in vestibulo-ocular reflex, 29–37 yr old human Ss, implications for non-commutativity in brain , 19757
selective spatial attention & visual display search with unilateral & bilateral stimulus displays, event related potentials, 20–31 yr olds, 29908
semantic vs spatial inhibition of return with target words, relationship between posterior & anterior attention networks, Os, 26452
sequence of pretest & verbal distractor & listening to 1st movement of Mozart piano sonata, Mozart effect as seen in performance on spatial reasoning task, college students, 29600
sex, perception of horizontal vs vertical in tangible displays, male vs female college students, 23097
shift of auditory attention in response to upcoming saccade & speed of elevation discrimination, 18–31 yr old listeners, 13242
single psychotropic injection or course treatment with neuroleptic or antidepressant drugs, hemispheric interaction during test of visual field perception, depressed & manic & schizophrenic patients, 28420
spatial & temporal vision, 5–18.8 yr old patients deprived of patterned visual input during infancy until treatment for dense central cataracts, 34703
spatial abilities & spatial activities, male vs female technology vs social science college students, 3478
spatial attention modulation of neuronal activity in human primary visual cortex during visual search, 23350
spatial attention, lexical decisions to lateralized target letter-strings appearing either along with distractor or empty field, adults, 6778
spatial deficits & frontal & parietal lobe damage, adults with ideomotor limb apraxia, 31238
spatial facilitation with colored targets & inducers & chromatic & achromatic mechanisms in collinear detection facilitation, adults, 32803
spatial frequency of gratings & uniform gray vs noisy background, visual EPs in response to flickering gratings & support for matched filter model of spatial vision, 20–27 yr old males, 16983
spatial integration in human vision & effective height of noise checks of 1 dimensional noise masks, detection thresholds for vertical sinusoidal gratings with spatial noise, 23–32 yr olds, 16497
spatial noise-reduction filtering, x-ray fluoroscopy image detection, human & model Os, 10037
spatial orientation by mental transformation in environments learned by reading narratives, college students, 23020
spatial position perception errors for small isolated targets in presence of static reference stimuli in relation to fixation, college students, 23049
spatial precues & preattentive detection of primitive features in parallel across visual field, adults , 10061
spatial scale & depth cues, multiscale measurement of perceptions of 3 dimensional orientation, Os, 16474
spatial visual attention in asynchronous neural networks, 32509
spatial vs verbal cuing & up-right/down-left stimulus-response reaction time in spatial mapping, adults, 6758
spatially focused or distributed pattern of attention for generation of saccades during visual search, adults, 16502
spatially separated contour inducers, detection of simultaneously presented target stimuli, Os, 16480
spectral EEG frequency ranges during perception & mental rotation of 2- vs 3-dimensional objects, humans, 7123
synchronized changes of visual features, global perception of spatial form, human Os, 19734
temporal modulation transfer function, adults, 36135
timing selection of ball trajectory information during rhythmic catching, male 24–34 yr olds , 29522
trailing vs leading white noise markers, spatial channels in azimuthal sound localization using gap detection thresholds, listeners, 36190
transcranial magnetic stimulation over temporo-parieto-occipital junction vs occipital cortex, motion discrimination & spatial acuity, 18–49 yr olds, 10418
uncertainty vs distraction mathematical models of nonlinear psychometric effects on spatial attention, 10039
use of virtual environments as experimental tool in study of human spatial cognition, 154
vertical–horizontal illusion & relative perception of horizonal & vertical extents in real environments vs pictorial displays, college students, 32865
visual evoked potentials during processing of pattern spatial frequency, adult migraine patients, 31295
visual exploration of gap depth, judgment of gap crossability, college students, 6774
visual spatial integration & configuration saliency in short duration binocular rivalry, humans, 13188
visual stimuli & spatial scale, visual detection thresholds for mirror symmetry, adults, 32840
winner-take-all computer simulation model, spatial attention & latency & targeting of saccadic eye movements, 13126
Spatial Perception [See Also Depth Perception, Direction Perception, Distance Perception, Motion Perception, Size Discrimination, Spatial Distortion, Spatial Organization, Spatial Orientation (Perception)]—Books
High-level motion processing: Computational, neurobiological, and psychophysical perspectives, 3803
The hippocampal and parietal foundations of spatial cognition, 29875
Visual space perception: A primer, 6793
Spatial Perception [See Also Depth Perception, Direction Perception, Distance Perception, Motion Perception, Size Discrimination, Spatial Distortion, Spatial Organization, Spatial Orientation (Perception)]—Chapters
Egocentric and object-based visual neglect, 31350
Hippocampal and parietal involvement in human topographical memory: Evidence from functional neuroimaging, 29465
Memory reprocessing in corticocortical and hippocampocortical neuronal ensembles, 29887
Multimodal integration for the representation of space in the posterior parietal cortex, 29876
A new view of hemineglect based on the response properties of parietal neurones, 29886
Representation of allocentric space in the monkey frontal lobe, 29885
Robotic and neuronal simulation of the hippocampus and rat navigation, 29880
Role and nature of object representations in perceiving and acting, 26303
Separating hippocampal maps, 29888
Variable place-cell coupling to a continuously viewed stimulus: Evidence that the hippocampus acts as a perceptual system, 29890
Visuospatial processing in a pure case of visual-form agnosia, 31353
Special Education—Serials
age & sex & other sociodemographic characteristics & degree of mental retardation & domicile, 6–18 yr old students enrolled in institute for mentally handicapped, 16010
agenda for coordination & integration of policies & practices in area of special educational needs, children, 22558
American Indian Gestural Code vs ASL, sign comprehension & imitation & retrieval learning, mentally retarded male 30–57 yr olds with Down's Syndrome, 38897
analysis of judicial outcome of special education court cases, 29258
attitudes toward & perceptions of & involvement with school programs & demographic characteristics, Latino family members of less than 7–21 yr old students with visual impairments, 25815
attributional styles & high vs low progress on positive behavior program, 7–11 yr old males with severe emotional & behavior problems , 19347
awareness & use & satisfaction with special educational & therapeutic & specialized health care services, Latino parents of young children with disabilities, 15071
blueprint to bridge research & practice in general & special education, 15827
characteristics & abilities of children attending language units in England, 7 yr olds with specific language impairment, 38887
collaborative teaching model, consumer perspectives & satisfaction, students with vs without learning disabilities & their parents, 34457
comparison of age & percentile criteria points in reading & spelling tests & relation to allocation of external support for students with special needs , 22914
computer support for basic writing skills, students with learning disabilities, 16006
conceptual foundations of gifted education, 6269
contribution of individual & environmental variables to sociometric-status-group differentiation, mainstreamed 8–12 yr olds with moderate learning difficulties, 9547
current studies in the education of students with emotional & behavioral disorders, 35549
demographic & clinical & educational characteristics & functional status & academic achievement, children & adolescents with emotional disturbances in joint education/mental health programs, 25817
description & evaluation of Gonzaga University's behaviorally-based program for teachers in special education, undergraduate & graduate students & faculty, 19159
description of inclusive educational program, 12-yr-old male 5th grade student with deaf-blindness, 25818
determination of special education eligibility through academic referral & testing & team decision, 2nd & 3rd & 4th grade students, 15994
development & implementation of program quality indicators for early intervention services, parents & staff of Queensland early special education services, Australia, 29014
diagnosis & treatment & cognitive style, 11–16 yr old males from special vs secondary schools with vs without behavior problems, implication for origins & treatment of problem behavior, 38903
Difference & Developmental & Ecological & Discursive Models in study of special education needs, 19350
education of children with vision impairment, Oman, 9549
effectiveness of a contingency contract for written communication in regards to punctuation & capitalization in a 9th-grade male with behavior disorders, 29029
effectiveness of constant time delay procedure in teaching leisure skills, 19.9–21.8 yr old male rural public school students with severe or profound developmental disabilities, 38912
effectiveness of phonological training strategies on reading performance, Chinese 7.8–11.9 yr olds with dyslexia, 32304
effectiveness of programs for development of visual perception, 4–6 yr old preschool students with low vision, 19353
evaluation of inclusion efforts at an elementary school undergoing educational reform, special education teachers & administrators & other school staff & students with mild to moderate disabilities, 19354
experiences with & views of due process hearing system for special education, school psychologists, 12612

experimental curriculum & dynamic theory of giftedness, creativity & cognitive development as seen in IQ & social giftedness, gifted & nongifted 6–7 yr olds, 6 yr study, 29040
exposure to interactive multi-sensory environment, achievement & generalization of Foundation Outcome Statement skills, 5–18 yr olds with severe or multiple disabilities, 9552
factors in inclusive vs noninclusive educational program placement, preschool children with disabilities, 16005
factors that predict decisions to leave or transfer from special education classrooms, special education teachers, 9396
fit between individual cognitive & motivational variables & instruction in gifted education & effectiveness of attributional retraining & problems in female underachieving, gifted students, 29043
frequency & type of special education, 11.3–20.1 yr old middle & high school students with vs without parent-reported & school record-confirmed traumatic brain injuries, 32305
genetic etiology-related cognitive-linguistic profiles & personality & maladaptive behavior, children with Williams or fragile X or Prader-Willi or Down's syndrome, implications for special education, 37696
guidelines for avoiding due process hearings resulting from parents' dissatisfaction with their disabled childrens' special education program, individualized education program teams, 3252
IDEA Amendments of 1997, special education reform, implications for school psychology, 12723
inclusion & individual education plan & school administration/personnel improvements & parent empowerment quality goals of 1997 Amendments to Individuals with Disabilities Education Act, children, 16273
individualized mentoring interventions with students with academic or behavior problems, teachers in training, 16011
instruction, acquisition & generalization & long-term maintenance of partner-focused questions, 10–44 yr olds with severe speech impairments who use augmentative & alternative communication, 12722
integration of electronic reading environment into middle school classroom, studying & learning of content area materials, student with poor reading skills due to hearing impairment, 16004
intervention to promote regulatory strategies over a range of activities, 13–16 yr olds with moderate learning disabilities, 9554
issues in autism in special & inclusive schools, 18117
knowledge & perceptions regarding kindergarten & preschool programs for children with disabilities, early childhood special education teachers in Korea, 29031
learning styles & profiles, elementary & junior high school students in special education classes classified as primarily emotional vs primarily conduct problems, 12724
legal basis for amendments to Individuals with Disabilities Education Act & 4-step approach to determine supplementary aids & services for children with disabilities, 9545
literacy intervention, development of register switching expertise, 1st grade at-risk readers, 32303
low birth weight & premature birth with vs without early intervention, reading comprehension & mathematics skills, lower socioeconomic status children (mean age 9 yrs), 9551
mediation procedures to resolve special education disputes & improvement of family–school relationships, 22556
multidisciplinary assessment ANSER model, 6–13 yr olds with deficits in attention & motor activity & perception & their parents & teachers & team members, 2 yr followup, 38893
origins of specialized professional training for teachers of children with disabilities in Boston, 1870–1930, 38901
peer-assisted learning strategies, literacy development & beliefs about reading, junior high school students in remedial & special education with reading difficulties, 35545
perceptions of cluster grouping model for meeting education needs of exceptional students, teachers & parents of 10–15 yr old average & gifted or learning disabled students, 22421
perceptions of teachers' knowledge level & skills in teaching individuals with physical & health disabilities, special education directors & teachers, implications for teacher certification, 9550
philosophy & structure & content & suggested strategies for design of instructional strategies for students with visual & multiple impairments, 2970
phonological awareness training with or without attention to articulation & manipulation of sounds, learning, 7–11 yr olds with reading difficulties, 16018
program quality & teacher characteristics, early childhood programs with vs without children with disabilities, 15995
ratings of distance learning vs on campus special education course, graduate education students, 12667
rationale & critical dimensions & techniques for using peer micronorms & technical adequacy considerations, early childhood special education classrooms, 29015
reading performance, sighted vs visually impaired 9-yr-old students & their teachers, 25809
recommendation to provide special examination arrangements for students with emotional &/or behavioral or attentional difficulties, educational psychologists, 25820
role of application of music therapy in special education, Australia, 9544
self-perceived competence to serve as school leaders in collaborative-based educational programs serving students with vs without disabilities, secondary school principals , 28922
special education & Individual with Disabilities Education Act Amendments of 1997, 29012
special education teacher intervention implementation after educational consultation , 19355
strategies for analyzing developmental delays & making special service eligibility decisions for preschool children using model of functional intervention-based multifactored assessment, 26220
stress & health & workload & burnout, 24–54 yr old learning support coordinators in colleges of further education, 6124
teacher motivation & subject matter knowledge & instruction & congruence between educational philosophy & practice & introduction of Educational Review Team, special education student outcomes, 9555
teacher style of interaction, engagement & participation, 17–71 mo old preschool children with disabilities, 22551
teacher style of interaction, engagement & participation, 17–71 mo old preschool children with disabilities, 22555
training & education & habilitation & rehabilitation & psychotherapy, persons with mental retardation & family members, 14855
treatment components & effectiveness of community-based day treatment program, 7–12th graders with emotional and behavioral disorders or physical or learning disabilities, 38902
use of cardboard & modeling clay to teach statistics to blind college student, 22553
use of COACH & VISTA educational planning tools in inclusive preschool program, 4 yr old male with Down's syndrome attending general education preschool, 9548
use of special education teachers & school psychologists in intervention assistance team models, student retention & rate of special education placement, elementary schools, 35541
writing assessment rubric as effective teaching strategy, deaf 5th & 7th grade students, 16015

Special Education—Books

Autism: Identification, education, and treatment (2nd ed.), 14842
Interventions for students with learning disabilities: A meta-analysis of treatment outcomes, 22559
The least restrictive environment: Its origins and interpretations in special education, 19358
Students in discord: Adolescents with emotional and behavioral disorders, 19357

Special Education—Chapters

Confusing each with all: A policy warning, 19361
Eugenics, evolution, and deaf education, 35555
Interventions for oppositional defiant disorder and conduct disorder in the schools, 25822
Knowledge versus policy in special education, 19360
Learning and motor skills disorders, 17793
New directions in educational programming for students with autism, 16020
Structuring and management strategies for children and youths with autism, 16023
Transfer of beliefs, knowledge, and experiences between countries, 24618

Special Education Students—Serials

actual vs hypothetical problem situation, strategies for managing limited resources, 9.2–13.4 yr olds with vs without learning problems, 8447
collaborative teaching partnership for inclusion of special needs students, 29013
convergent validity of Behavioral & Emotional Rating Scale, 10–19 yr old special education students with emotional & behavioral disorders, 16340
counseling needs, student with mild disabilities in mainstream general education, 2963
environmental arrangements vs child specific vs peer mediated vs comprehensive intervention strategies, promotion of peer-related social competence, preschool age children with disabilities, 29030
evaluation of inclusion efforts at an elementary school undergoing educational reform, special education teachers & administrators & other school staff & students with mild to moderate disabilities, 19354
frequency & type of special education, 11.3–20.1 yr old middle & high school students with vs without parent-reported & school record-confirmed traumatic brain injuries, 32305
grouping format during instruction, reading outcomes, students with disabilities, 15998
perceived benefits & instructional impact upon student outcomes of alternative assessments of the Individuals with Disabilities Education Act Amendments, teachers, 29024
performance-based assessment of social competence, preschool age children with vs without disabilities, 29028
perspectives & experiences when working with inclusion students, 22–46 yr old paraeducators, 16008
philosophy & structure & content & suggested strategies for design of instructional strategies for students with visual & multiple impairments, 2970
prevalence of students with little or no functional speech & their exposure to classroom activities & remedial services, severely retarded 2–32 yr old students, South Africa, 25806
role in inclusion program for students with special needs, school counselors, 2972
severity of disability & classroom composition, peer acceptance, students with disabilities, 19346
step by step method for setting curricular priorities for visually impaired students during Individualized Education Plan process, 29027
use of psychotropic medications & therapy, 6–13 yr old special education students with serious emotional disturbance, 3 yr study, 38279
utility of Attention Deficit Disorders Evaluation Scale & Conners Abbreviated Symptom Questionnaire screening measures, 7–12 yr old special education pupils diagnosed with parent interview, erratum, 9874
validity of performance indicators & learner outcomes of Kentucky alternate assessment, experts in best practices for students with moderate & severe cognitive disabilities, 32641

Special Education Students—Chapters

Lessons from the Texas-Mexico border: Working with the parents of students with mental retardation, 25823
Metacognitive strategies: research bases, 6266
Phonological awareness: Research bases, 6268
The self-concept and friendships of students with learning disabilities: A developmental perspective, 19364
Text organization: Research bases, 6267
Vocabulary acquisition: Research bases, 6264
Word recognition: Research bases, 6265

Special Education Teachers—Serials

attitudes toward educational inclusion of students with mild disabilities, school principals & special education teachers, 28920
Comprehensive System of Personnel Development needs assessment survey, perceptions & inservice needs concerning inclusion of disabled students, state general educators & special education teachers, 26222
factors that predict decisions to leave or transfer from special education classrooms, special education teachers, 9396
knowledge & perceptions regarding kindergarten & preschool programs for children with disabilities, early childhood special education teachers in Korea, 29031
peer support vs adult involvement, active engagement & social interaction frequency & duration, 13–15 yr olds without disabilities paired with 12–15 yr olds with moderate to severe disabilities , 9558
perceptions of teachers' knowledge level & skills in teaching individuals with physical & health disabilities, special education directors & teachers, implications for teacher certification, 9550
recommendations for improving communication between teachers & parents concerning homework for students with disabilities, 22–65 yr old special education teachers, 35542
social skills instruction, preservice specialized training programs for professionals working with visually impaired, 25808
special education teacher intervention implementation after educational consultation , 19355
supervisory training in systematic observation & feedback, data collection & teaching performances of teaching assistants, special education teachers, 17 mo study, 9395
types of reasoning & responses to ethical dilemmas, teachers of children with severe & profound intellectual disability, 19224
use of special education teachers & school psychologists in intervention assistance team models, student retention & rate of special education placement, elementary schools, 35541

Special Needs—Serials

beliefs about children's social skills, mothers (mean age 34.48 yrs) of preschool children with special needs, 37220

benefits & goals & practices of open adoption, families adopting special needs children, 36986
characteristics & staff perceptions of on-site units for students with emotional & behavioral difficulties in order to integrate students with special educational needs into mainstream schools, 6261
collaborative teaching partnership for inclusion of special needs students, 29013
comparison of age & percentile criteria points in reading & spelling tests & relation to allocation of external support for students with special needs , 22914
constructs used by statement panel decision-makers regarding students with special education needs, implications for educational psychologists, 32170
counseling needs, student with mild disabilities in mainstream general education, 2963
dependency on government & special needs in housing, disabled persons, 12424
description of patient characteristics & diagnostic categories & treatment & special needs before & during admission to psychiatric Special Hospital, 22–88 yr old detained females, 22290
formal & informal supports used & desired by families adopting children with special needs, parents, 1121
identification of specific treatment needs & characterization & opiate use, 35–65 yr old male nonresponsive vs responsive patients in methadone maintenance treatment, 9227
parents' perceptions of & satisfaction with disclosure of child's special needs, families with children from birth to 5 yrs vs 15–20 yr olds with special needs, 12417
peer-mediated procedures for use in inclusion of children with special needs in preschool education, 29025
perceptions of early intervention services, parents of special needs children, 25419
professional development of elementary school counselors & response to needs & designing of inservice program for teachers' perceptions of students with disabilities, 2973
role in inclusion program for students with special needs, school counselors, 2972
services for students with learning disabilities, medical schools, US & Canada, 1991 vs 1997, 9546
services model for including preexistent child family members in adoption of special needs children, adoptive families, 36983
special classroom & educational accommodations & modifications, college students with dyslexia, 2967
special needs streaming, self-esteem & friendships, secondary school students, 32208
transition from pediatric to adult health care, 17–33 yr olds with special health care needs, 24920
treatment & after care needs, incarcerated females with drug abuse, 9284
types of health services used, 5–15 yr olds with behavioral problems & special needs, 22117
understanding & helping mothers of special needs children using personal construct psychology in a group setting, mothers of 3–12 yr olds, 38115
understanding of needs of mainstreamed hard of hearing students & information source preferences, elementary–high school teachers, 22399
use of Joint Professional Record for child's health & development, children on Child Protection Register or with special needs, 28667
use of mechanical restraint in management of British vs US psychiatric & special needs patients & ethical & legal issues , 22375

Special Needs—Books

Promoting successful adoptions: Practice with troubled families, 35202
Rolling along with Goldilocks and the three bears, 31087

Special Needs—Chapters

Dementia assistance resources, 12464
Disability in Australia: Policy and practice, 24615
Intervention issues for women, 15661
Meeting the educational needs of pre-school and primary aged twins and higher multiples, 35557
Practice and education issues related to adolescent girls, 21713

Specialization (Academic) [See Academic Specialization]

Specialization (Professional) [See Professional Specialization]

Species Differences—Serials

acoustic differentiation in temporal & frequency & amplitude characteristics of coo types, male collared doves, 33095
acute vs repeated restraint stress, preferred vs nonpreferred solution intake, male rats vs hamsters, 13669
autoradiographic comparison of binding to glutamate receptor sub-types in hippocampus & forebrain regions, food-storing marsh tits vs non-food-storing blue tits, 7089
body size & mate choice & willingness to mate, 5 species of seaweed flies, 16797
changes in active sleep & wake, newborn rats vs rabbits vs humans, 26693
chemical identity of previous conspecific or congener visitor, probe or rejection of flower, honeybees vs bumblebees , 3785
conflict in explanations of retrospective revaluation of contingency judgments vs perceptual learning in rats, 20–40 yr olds, 19937
conspecific vs interspecific bird call, behavioral ecology of reduction in male vocal reaction, allopatric vs sympatric Hippolais polyglotta vs H. icterina warblers, Belgium & France, 23259
convergence of specialized behavior & eye movements & visual optics, sandlance vs chameleon , 19925
correction for vision disparity from light refraction in foraging behavior, cattle egret vs other herons, 16823
development & stability of temperament over time & individual differences in reactivity, male nursery-raised infant macaques vs baboons , 6987
ecological & social factors, population structure, gorillas vs chimpanzees, 13488
effects of sleep deprivation, humans & rats, 599
evolutionary processes & similarities & differences in sensory pathways, telencephalon & visual processing neuroanatomy, birds vs reptiles vs mammals, 13590
extrapair paternity & male contributions to feeding of nestlings, 72 avian species, 20026
family conflicts, nestling mouth color, cuckoo, 33124
feeding patterns, Procolobus versus vs Procolobus badius vs Colobus polykomos monkeys, 29715
food wrenching & dodging, rats vs mice, 7007
foraging strategies & activity & support use patterns & spatial distribution of preferred food items, postural diversity, 6 monkey species, 387
geographical variation & species group, courtship behavior & sexual isolation, male wolf spiders (Schizocosa crassipes & Schizocosa ocreata), 389
habitat preference & utilization by sympatrically-living patas vs tantalus monkeys, 36352
innate attraction & nest site selection in tropical arboreal mosaics, dominant ant species, 16794
isolated signals from visual & vibratory male courtship cues, receptivity to cues, 4 species of female wolf spiders, 16814
left vs right C-bend biases in fast & slow turns in response to external stimuli & related muscle mass, isolated and grouped fish of different species, 36339
mate & odor preference for males infected or uninfected with nematode, prairie vs meadow voles, 20000
mate selection by chemical cues, western redback vs Dunn's salamanders, 3729
measures of actual vs straight-line distance of individuals vs groups & their ratios in 30 min, large vs small groups of vervet monkeys vs group of patas monkeys, 19993
memory requirements, visible vs invisible displacement task performance, rhesus monkeys vs orangutans, 10265
neuroethology of spatial learning & mechanisms, insects & birds & humans & other mammals, 13524
parallels & similar neural pathways, acquisition of song in birds & learning of speech in humans, 20091
parturition & maternal behavior during & after birth of pups, female rabbits vs rats, 23242
perception of coherent motion, humans vs pigeons, 32788
rearing by foster mother of same vs opposite species, pup growth, Phodopus sungorus vs campbelli hamsters, 3766
relationship between social segregation & habitat segregation, red deer vs feral soay sheep, 19975
sex & species difference in forebrain commissures & ratio vs geometric vs linear regression vs allometric method of adjusting for brain size, rats vs mice, 13519
short term separation from long term pairmate followed by reunion, social attachment & sexual response behaviors, lion tamarins vs marmosets , 10355
spatial memory accuracy, food-storing vs non-storing coal tit species, 36313
species density, behavioral interactions & breeding competition & aggression, sockeye vs chum vs pink salmon, 16853
species differences in limb/paw movements in handling foods, rodents, 419
species-specific sounds, corixid water bugs , 16827
strategies used to combine seriated cups, chimpanzees & bonobos vs capuchins, 19941
sunk cost & Concord fallacy effects of maladaptive economic behavior, adults vs children vs animals, 29534
taste difference thresholds for sucrose, frugivorous spider monkeys vs omnivorous baboons, 20003
use of close range chemical cues in discrimination between prey & nonprey species, female digger wasps, 593
vasopressin-receptor expression & gene variation, affiliative behavior changes in response to arginine vasopressin, monogamous vs promiscuous vole species & transgenic mice, 33516
visual cues alone in ability to discriminate between conspecific & heterospecific females, male cichlid species, 36346
visual search for global vs local stimulus features, humans vs baboons, 426
visual search task presentation of compound stimuli, visual processing of global & local stimulus features, chimpanzees vs human 24 yr old males, 10245
volume of cerebellar complex, 30 specimens of prosimians, 20120

Species Differences—Chapters

Cross-species studies of sensorimotor gating of the startle reflex, 26878
D⁹-tetrahydrocannabinol treatment in laboratory rats, 17135Does THC induce aggression?: Suppression and induction of aggressive reactions by chronic and acute
Evolutionary foundations of imitation: Social cognitive and developmental aspects of imitative processes in non-human primates, 16741
Imitation: The contributions of priming and program-level copying, 16742
Social-experiential contributions to imitation and emotion in chimpanzees, 16876

Species Recognition—Serials

chemical cues from female urine & male anogenital gland secretions, habituation to & discrimination between scents from different conspecifics, male vs female giant pandas, 20036
chemical identity of previous conspecific or congener visitor, probe or rejection of flower, honeybees vs bumblebees , 3785
discrimination of family-specific vocalizations from own group vs different related or unrelated groups, male stripe-backed wrens, 13466
exposure to injury released chemicals from conspecific vs heterospecific crustacea, antipredator behavior & increased survival, Gammarus minus, 23478
medial amygdaloid lesions, scent-marking & sex-odor vs individual-odor discrimination of male conspecifics, female hamsters, 16938
movement cues & individual differences, learning of discrimination & recognition of moving video images of conspecifics, pigeons, 33121
novel sound & appearance of predator, development of call recognition, golden-mantled ground squirrels, 36315
similarities & differences in qualities of individual odors among kin & other species, male Turkish vs golden hamsters, 29722

Spectral Sensitivity [See Color Perception]

Speech [See Oral Communication]

Speech and Hearing Measures—Serials

concurrent validity of language measures & parental interview of family history & perception of language impairment, 5–7 yr old Spanish-speaking children with vs without language impairments, 6628
development of Therapy Outcome Measure scales, assessment of speech & language therapy for clients with speech & language impairments, speech & language therapists, 35935
ecological validity of standardized & perceptual measures & potential biases in testing diverse populations & use of systematic observation in assessment of communication disorders, 32588
effects of cochlear hearing loss on auditory brainstem response test specificity & false positive rate in retrocochlear assessment, patients referred for auditory brainstem response screening, 28239
electrocochleographic assessment of residual hearing, 0–6 yr olds with severe hearing impairment, 15 yr study, 28236
format for identification of interactions among measures of communication skills, 3.3 yr old male with language impairment, 6.5 yr study, 14884
graphical method for determination of speech intelligibility index for monaural listening & evaluation of disability, persons with hearing impairment, 35876
Hearing in Noise Test list equivalency for speech in quiet vs in 65 dBA noise with noise at 0 vs 90 vs 270 degrees azimuth, 60–70 yr olds with sensorineural hearing loss, 6567
item analysis & age & education corrections for long & short forms of Speech-Sounds Perception Test, patients with diffuse brain damage vs referrals for neuropsychological assessment, 3336
patterns & generation of American English intonation based on Tones and Break Indices system, native American English speakers, 23626
perspectives on refusal by deaf parents to hold hearing test for newborn offspring, pediatricians, 28259
reliability of adaptive categorical loudness measure, normal & hearing impaired 12–81 yr olds, 19702
repetitive transcranial magnetic stimulation, anatomic & physiologic localization of speech arrest & language function, 21–48 yr olds, 29786

stochastic component for spoken natural language understanding using Hidden Markov Models in the domain of train travel information retrieval in French, 23628
test–retest reliability of preference judgments of artificially processed & hearing-aid transduced speech, normal hearing 18–25 yr olds vs hearing impaired 22–57 yr olds & males vs females , 34713
unilateral auditory temporal resolution deficit & assessment & word recognition in noise & reverberation & time-compression conditions, 21 yr old female with unilateral hearing loss, 34711
verbal vs nonverbal implicature processing, right-brain-damaged 38–78 yr olds vs left-brain-damaged 26–78 yr old stroke patients, 31168
Speech Anxiety—Serials
behavioral & physiological & verbal responses of social phobia subtypes, 18–35 yr olds with circumscribed speech phobia vs generalized social phobia with vs without avoidant personality disorder, 24322
imagery control &/vs vividness, public speaking apprehension & state communication apprehension & negative thinking & behavioral disruption, college students, 37046
level of anticipatory public speaking state & trait anxiety at pre-performance milestones or significant events, college students, 22528
Myers-Briggs Type Indicator preferences & communication apprehension & receiver apprehension & argumentativeness, 21–60 yr olds, 6592
public speaking experience & own stage fright, naive explanations for why people experience stage fright, 17–48 yr old college students, 13865
Speech Characteristics [See Also Articulation (Speech), Pronunciation, Speech Pauses, Speech Pitch, Speech Rate, Speech Rhythm]—Serials
acoustic correlates & intelligibility & articulatory reduction of consonants vs vowels in read vs spontaneous speech, 23634
acoustic correlates of glottal vibratory patterns in speech, male 19–71 yr olds, 33550
acoustic properties of hiatuses & diphthongs in Spanish & modification of these properties depending on communicative factors, 30088
acoustic qualities of sex & individual identity in running speech, male vs female speakers, 33540
adaptive phonetic gestures & vowel devoicing, 4–5 yr olds & adult speakers of Osaka vs Tokyo dialects of Japanese , 33619
analysis & synthesis of nonlinear phenomenon in speech production using an AM–FM modulation model, 29517
automated continuous speech recognition of isolated speech, 7294
changes in speaker normalization & lexical discrimination, spoken word recognition, adults with dementia of Alzheimer's type, 8673
clinical ratings & listener perception of nasality & nasalance in persons with traumatic brain injury, expert listeners, 31284
concurrent cognitive processes, stuttering & inhalation & speech timing, 23–52 yr olds who stutter, 14883
conversation analysis of role of telegraphic conversational style in talk-in-interaction, 41 yr old female with aphasia & friend, 21560
crowded home environment & parental speech complexity & verbal responsiveness, 6 mo olds & their parents, 2.5 yr study, implications for delayed cognitive development, 23691
dialect discrimination with use of phonetic cues, speakers of African American Vernacular vs Chicano vs Standard American English & undergraduate & graduate student listeners, 10075
disfluency detection in spontaneous speech, college staff & student listeners, 4367
dysfluency in form vs content word with vs without delaying strategy in spontaneous speech, 2–6 vs 7–9 vs 10–12 vs 13–18 vs 20–40 yr old stutterers vs nonstutterers, 18219
electropalatographical analysis of undifferentiated lingual gestures & tongue differentiation, children with articulation/phonological disorders, 18215
explicit echo of previous mention of vs allusion to sarcastic statement & vocal intonation, comprehension of sarcastic speech, 6–10 yr olds, test of echoic mention theory, 17263
flattened fundamental frequency of voice, sentence intelligibility, normal listeners, implications for study of dysarthria, 36195
fluctuation sequences during production of normal sustained vowels & perception of amplitude & period sequence, 20–26 yr olds, 26359
Freud's continuity thesis for speech errors & paraphasias of aphasics, 34518
functional MRI vs speech arrest during Wada testing to determine hemispheric representation of language, patients evaluated with intractable epilepsy, 8606
fundamental frequency & temporal modifications in speech in interactions with 1–3 yr olds, 23–47 yr old British fathers, 30324
gender & facilitative vs nonfacilitative speech style of confederates, speaking time & interruptions & minimal responses & looking away during conversation, male vs female college students, 20832
gender processing & properties of German speech errors, 36669
given speech characteristics & differential social evaluations, summary of previous journal papers, commentary, 10069
group communication treatment, linguistic & communicative performance, 46–80 yr olds with aphasia, 18596
identification of locus of functional impairments in speech prosody via stress shift, fluent & non-fluent 38–54 yr old males with right vs left brain damage with vs without aphasia, 18378
intelligibility & foreign accent, speech–language therapy provision, bilingual clinicians, 28800
interlocuter distance, automatic regulation of speech volume, hydrophonic patients with Parkinson's disease, 34645
intonation unit production in conversational discourse, 20–54 yr olds with closed head injury, 18446
lie complexity, speech disturbances during deception, liars vs truth tellers (mean age 23 yrs), 30421
listener attitudes toward New Zealand English speaker vs Standard American English speaker, New Zealanders, 30104
listening to varied speech intelligibility, evaluation of speaker's personal qualities & attitudes toward deafness, 16–17 yr olds with vs without contact with students with hearing impairments, 28233
methods & data quality & reliability & validity of acoustic speech analysis of phonation & articulation & resonance, patients with dysarthric speech or other speech disorders, 24673
neural network identification of Icelandic speech segment durations & quantity, college students, 33561
Northern Cities Vowel Shift & local loyalty, nonurban women in their 40s & 50s & their high school age children, 7301
optional infinitive stage of syntactic development, 2.6 yr old female, 3 mo study, 7404
pallidotomy surgery, voice & speech characteristics, 53–72 yr olds with Parkinson's Disease, 38427
pathologic speech & behavior & cognitive deterioration, 70+ yr olds, 6865
patterns & generation of American English intonation based on Tones and Break Indices system, native American English speakers, 23626
phonotactic & prosodic cues in word boundaries in speech, 9 mo olds, 20509
powerless vs powerful linguistic style of & ability to process persuasive messages & speaker gender, perceptions of speaker & message arguments, college students , 20862
probabilistic phonotactics & density of spoken-word phonological neighborhood similarity, RT & sublexically-vs lexically-biased processing of nonwords vs words, 29607
probability estimates & paths to consonant normalization, male vs female 3–5 yr olds with speech delay, 18216
randomized vs standard answer form for Speech-Sounds Perception Test, adults, 3505
relevance maxim & face management in interpretation of indirect replies to personal questions, college students, 1255
resonance & magnitude of change in & ascending vs descending vs same pitch of 2nd member of stimulus pairs, auditory discrimination of synthetic whisper vowels, 22–40 yr olds, 23057
sentence length, production of linguistic stress, 37–79 yr olds with left vs right brain damage, 18343
separate vs combined durational effects of phase-final lengthening vs contrastive emphasis, final duration of speech segments & syllables, college students, 6798
sex & age & coarticulation, Swiss German vowel formant pattern vocalization, 5–13 yr olds vs adult speakers, 36670
sex & age, nasalence characteristics, 9–85 yr old speakers of Western Canadian English vs French, Canada, 4373
social & cultural realities & macrodefinition & paradigm shift focusing on communication effectiveness through enhancement of & clinical suggestions regarding accent, 26900
sonority of phonemes in segmentation of syllable constituents, preschoolers & 1st grade students, 17293
speaker vs speech rate vs amplitude variation, memory for spoken words, college students, 13346
speech acoustics & perception of emotion in human communication, 23965
speech intelligibility & localization of speech signals in multi-source environment of competing sentences, adult listeners, 23056
speech pulse rate & duration, psychophysical discrimination of steady state vs time varying stimuli & prosody perception, postlingually deafened cochlear implant 47–73 yr olds, 5450
speech recognition with spectrally altered distribution envelope cues, normal-hearing 22–50 yr olds, 197
speech resynthesis preservation or degredation of prosodic cues, English vs Japanese language discrimination, college students, 7311
speech signal rate & intonation as assessments of ideational & motor & intonational states, diagnosis of mental states, operators of mobile objects & depressed psychiatric patients, 19406
survival analysis of consonant normalization, 3–5 yr olds with speech delay, 2 yr study, test of strong delay hypothesis, 18217
syllabic strength & lexical boundary decision strategies & nature of dysarthric speech signal, mismatch, 21–50 yr old normal listeners, 194
syllable stress & vowel quality factors, metrical segmentation strategy in Dutch, college students, 4372
syntactic complexity & utterance length & disfluency, conversational speech, 3.5–5.3 yr olds with normal language formation, 36777
talker- & listener- & item-related characteristics, spoken word recognition, native vs non-native listeners of English, 36192
target speaker chronological age of 60–69 vs 70–79 vs 80+ yrs & sex & vocal characteristics, perceptions of vocal age & stereotypes of older adults, young adult listeners, 33922
temporal characteristics of speech produced during simultaneous communication, inexperienced adult female student signers, 17163
temporal control of voicing & disturbances in phonation control, patients with Parkinson's disease vs tardive dyskinesia, 27988
temporal phasing of tongue & lip movements in vowel-consonant-vowel sequences, adults, 13870
temporal vs spatio-temporal vibrotactile displays of fundamental voice frequency, speech perception, normal-hearing 20–29 yr olds & hearing impaired 19–30 yr olds, 2663
theory & computational model of lexical access in development of speech production, commentaries & reply included, 16541
time reversal of local segments of spoken sentences, speech intelligibility, human Ss, 19784
use of ''oh'' discourse markers in listening to spontaneous speech & in recognition of other words, college students, 10697
use of Speech Works program for computer-assisted training, ESL learning & accent modification, adults, 28935
use of voice conversion algorithm to modify utterances of a source speaker to sound-like speech from target speaker, 29511
utterance length & complexity, speech timing subsequent to brain damage, 47–69 yr old left hemisphere aphasic & right hemisphere damaged patients, 18346
utterance length & syntactic complexity as predictors for stuttering during free-play with mothers, 3.3–5.5 yr old males who stutter, 18223
validity of Five-Minute Speech Sample as measure of expressed emotion, family members of 15–65 yr old schizophrenia patients, Japan, 35909
variation in temporal codings of voicing & voicelessness & fundamental frequency & amplitude, audio-visual & auditory speech perception, 18–35 yr olds, 36194
verbal disfluency & accessory characteristics in behavioral stuttering, Black vs White 8–12 yr olds, 18220
voicing judgments, adult chinchillas & humans, 13383
Speech Characteristics [See Also Articulation (Speech), Pronunciation, Speech Pauses, Speech Pitch, Speech Rate, Speech Rhythm]—Books
Spoken and written discourse: A multi-disciplinary perspective, 36680
Speech Characteristics [See Also Articulation (Speech), Pronunciation, Speech Pauses, Speech Pitch, Speech Rate, Speech Rhythm]—Chapters
An Afro-centered view of communicative competence, 17312
Age of learning and second language speech, 10718
Misunderstandings in voice communication: Effects of fluency in a second language, 824
Slipping through the timestream: Social issues of time and timing in augmented interactions, 18227
Speech Development [See Also Retarded Speech Development]—Serials
9–20 mo olds' prelinguistic vocalizations & visual cues, consistency of response behavior, mothers, 10775
ability to continuously interpret speech & recognize familiar words, 24 mo olds vs adults, 26999

age & sex in development of temporal & acoustic changes during speech development, 5–17 yr olds vs adults , 13944
canonical babbling, 10–12 mo old infants at risk for speech & language disorders, 31031
clinical issues in identification & treatment & partnership model & development & outcomes of inclusion classroom, kindergarten students with developmental apraxia of speech, 22550
cognitive mechanisms underlying development of linguistic & emotional prosodic processing, French 5 & 7 & 9 yr olds & adults, 4428
communication management & language acquisition, linguistic feedback system, 1 yr 3 mo olds, 1.5 yr study, 33538
development & online processing of native vs non-native phonemic contrasts, proficient Spanish- vs Catalan-dominant Catalan-Spanish bilinguals, 36675
development of coarticulation, female child at 7–40 mo, 36770
discourse markers, social meaning & social situations,French speaking vs English speaking vs Spanish speaking Mexican American 4-7 yr olds, 33539
distinctiveness of speech production units in language development, 4- vs 7-yr old vs adult speakers, 20499
effects of brain damage on developmental pragmatics, 31182
effects of prosodic stress & serial position on syllable omission in first words, 10 mo old male, 10 mo study, 7409
Emergence of interjections in speech, 19 mo old, 17 mo study, 33559
emerging phonological abilities & basic reading skill & interindividual variation in development of phonological manipulation, 7–7.8 yr old Finnish nonreaders, 36730
frequency of discourse markers, action level vs descriptive level, 4 vs 7 yr olds, 33555
incidental foreign language acquisition through watching subtitled TV programs, 8–12 yr olds, 17244
infant development & experience in speech processing & speech perception & listening & vocal production & word recognition, infants during 1st yr of life, 13963
morphological aspects of syllable onset in Optimality Theory of sequential development of syllabic types, 1–1.9 yr olds learning Dutch, 13 mo study, 30177
naltrexone, communication skills, 3-8 yr olds with autism, 21890
optional infinitive stage of syntactic development, 2.6 yr old female, 3 mo study, 7404
parallels & similar neural pathways, acquisition of song in birds & learning of speech in humans, 20091
statistical survival analysis for longitudinal study of clinical & efficacy & theoretical applications in normal & disordered speech & language development, 16406
syntactic complexity & utterance length & disfluency, conversational speech, 3.5–5.3 yr olds with normal language formation, 36777
theory & computational model of lexical access in development of speech production, commentaries & reply included, 16541
tracheostomy before age 8 mo, speech errors & phonetic characteristics & phonological skill & level of speech development, 2.7–6.7 yr olds, 3 mo study, 23703
treatment with syllable cluster learning task, generalized learning & acquisition of syllable onsets, 3.2–7.7 yr olds with phonological language delay, 25557
vocabulary growth, phonological awareness & nonword repetition, 3–5 yr olds & 1st graders, 10786

Speech Development [See Also Retarded Speech Development]—Books

Lev Vygotsky: Critical assessments: Thought and language, Vol. II, 7452

Speech Development [See Also Retarded Speech Development]—Chapters

Children's private speech: An overview of theory and the status of research, 7456
Development of private speech among low-income Appalachian children, 7457
The emergence of faithfulness, 13987
The emergence of phonology from the interplay of speech comprehension and production: A distributed connectionist approach, 16261
Methodological concerns in the study of private speech, 7464
Phonological acquisition, 23741
Social and private speech at two years, 7470
Speech development and the formation of mental processes, 7358

Speech Disabled—Chapters

Slipping through the timestream: Social issues of time and timing in augmented interactions, 18227

Speech Disorders [See Also Articulation Disorders, Dysphonia, Stuttering]—Serials

acoustic/perceptual & articulatory/production space nonsymbolic phonological knowledge, 3.8–5.4 yr olds with phonological disorders, 11761
analysis of observational data in speech & language research using generalizability theory, 8479
asymmetrical pattern of cluster development with 2 reduction strategies, 4.9 yr old female with phonological disorder, 8467
attribution of mental states to others, schizophrenic patients with vs without thought & speech disorganization vs manic patients, implications for existence of theory of mind in schizophrenia, 24284
augmentative & alternative communication intervention, language development & communicative competence, 3.3 & 8 & 12.8 yr olds with developmental apraxia of speech, 25556
canonical babbling, 10–12 mo old infants at risk for speech & language disorders, 31031
clinical issues in identification & treatment & partnership model & development & outcomes of inclusion classroom, kindergarten students with developmental apraxia of speech, 22550
computer-based training techniques, 4–14 yr olds with speech & language disabilities, 2724
development of Therapy Outcome Measure scales, assessment of speech & language therapy for clients with speech & language impairments, speech & language therapists, 35935
dissemination of meta-analysis as research tool in audiology & speech-language pathology, 8011
electropalatographical analysis of undifferentiated lingual gestures & tongue differentiation, children with articulation/phonological disorders, 18215
instruction, acquisition & generalization & long-term maintenance of partner-focused questions, 10–44 yr olds with severe speech impairments who use augmentative & alternative communication, 12722
measures of language proficiency & demographic factors & disorder prevalence & course & treatment outcomes, 5 vs 12 vs 19 yr olds with vs without speech &/or language disorders, 14 yr follow-up, 24672
method for estimating signal-to-noise ratio in continuous speech, adults with disordered voices, 18464
methods & data quality & reliability & validity of acoustic speech analysis of phonation & articulation & resonance, patients with dysarthric speech or other speech disorders, 24673
mirror reading & writing & backward speech, 46-yr-old woman with mild head injury, 24818
mother–child interaction & communication, 2–10 yr old children with severe physical disabilities & motor speech disorders, 37728
need for data on prevalence of speech & language & hearing disorders & impact of public health & school interventions, 2969
onset & comorbidity & role of behavioral problems in substance use disorder during adolescence, 5-yr olds with vs without early childhood speech language impairment followed prospectively for 14 yrs, 31026
phonological encoding during reading & short-term memory tasks, 16–43 yr olds with congenital speech impairments, 37723
phonological processing of words & phonemes & literacy, augmentative & alternative communication using vs speech impaired 7.5–17.5 yr olds, 37730
relationship between lexical/vocabulary diversity & grammatical morphology in use of verbs vs nouns, 2.2–6.9 yr olds with vs without Specific Language Impairment, 24675
speech dysfluency & crossed aphasia & other neurobehavioral deficits, right handed male 38 yr old with right cerebral infarction, 37892
speech impairment, 51-yr-old male with right cerebellar infarction, 31232
temporal control of voicing & disturbances in phonation control, patients with Parkinson's disease vs tardive dyskinesia, 27988
transient paligraphia & severe palilalia & stuttering, male 55 yr old following head injury, 37810
vocabulary learning & dissociation between cognitive rule learning of training target & bound-morpheme generalization performance, 4.0–5.9 yr olds with vs without specific language impairment, 24674

Speech Disorders [See Also Articulation Disorders, Dysphonia, Stuttering]—Chapters

Aphasia after traumatic brain injury, 5432
Assessing the speech and language skills of preschool children, 8483
Explanations for the concept of apraxia of speech, 5426
Psychiatric disorders in children with speech, language, and communication disorders, 27497
Some empirical and theoretical issues in disordered child phonology, 11769
Speech and language evaluation, 1913

Speech Handicapped [See Speech Disabled]

Speech Measures [See Speech and Hearing Measures]

Speech Pauses—Chapters

Vocalics: Sound and silence, 10712

Speech Perception—Serials

parental pitch variation of real vs rhetorical speech, father & 1 mo old daughter, 14 mo study, 7427
0 vs 50 vs 100% proportion of foil word probes, RT & morphological decomposition in speech recognition, native French-speaking adults, 29515
ability to form categorical representations to monosyllabic & bisyllabic stimuli, 3–4 mo olds, 13936
ability to resist interference during processing of auditory dimensions of speech, 3–16 vs 18–48 yr olds, 30170
acoustic correlates & intelligibility & articulatory reduction of consonants vs vowels in read vs spontaneous speech, 23634
acoustical parameters playing a role in the production of geminate consonants in Italian & perceptual importance of acoustical parameters, native adult speakers of Italian, 36666
adaptive filtering, perception of enhancement of transcutaneous artificial larynx speech in quality & intelligibility, adults with laryngectomy, 9277
age & hearing loss, auditory temporal processing of speech vs nonspeech sounds, 18–40 vs 65–76 yr olds, 18457
age, semantic context & feedback effects on speech discriminability, younger (mean age 22.4 yrs) vs older (mean age 60 yrs) adults, 14103
aging & time restoration, recall of time-compressed speech, 61–84 yr olds , 30267
aging, gap detection & speech perception, young (mean aged 31.9 yrs) vs aged (mean aged 70.5 yrs) listeners, 33698
amplification vs proportional frequency compression of speech, speech recognition, 16–78 yr olds with sensorineural hearing loss, 34712
analysis & synthesis of nonlinear phenomenon in speech production using an AM–FM modulation model, 29517
application of human selective speech perception knowledge to automatic speech recognition, 6435
auditory selective attention, ERPs to speech sounds during phonetic change discrimination, 20–39 yr olds, 23065
auditory training & signal enhancement procedures & linguistic cognitive interventions for management, children with central auditory processing disorders, 38632
auditory verbal processing & dichotic listening, 3–6 yr olds with Landau & Kleffner Syndrome after recovery from epilepsy, 28186
behavioral speech-sound discrimination & neurophysiological correlate of discrimination, 6–15 yr olds, 36745
binaurally presented vowels vs tones vs piano notes, brain activation & hemisphere dominance, 23–30 yr olds, 36487
chemical-biological warfare masks, near-field speech intelligibility, adults, 32412
clarity of peak clipped vs compression limited signals, normally hearing vs hearing impaired 7–9 vs 10–12 vs 16–50 yr olds , 8707
cognitive performance & speech understanding, deaf adults with cochlear implants, 2478
complex patterns of electrical stimulation, temporal processing abilities, prelingually deafened cochlear implantees, 38635
comprehension of natural & synthetic speech sentences, 6–7 vs 9–11 yr olds, implications for augmentative & alternative communication devices, 36761
concurrent speech, hemispheric lateralization of face recognition, right handed 17–39 yr olds, 36128
connectionist models of speech perception & word recognition, 23062
decreased audibility by noise masking, cortical discriminative mismatch negativity & ERPs to speech sounds /ba/ and /da/, healthy 27–41 yr olds, 16543
description and usage of software tool for auditory and speech perception experimentation, 26016
development & online processing of native vs non-native phonemic contrasts, proficient Spanish- vs Catalan-dominant Catalan-Spanish bilinguals, 36675
dialect discrimination with use of phonetic cues, speakers of African American Vernacular vs Chicano vs Standard American English & undergraduate & graduate student listeners, 10075
dimensions of lexical mapping stage of word recognition skills, 6.5–10.7 yr olds with Specific Language Impairment vs 6.3–9.8 yr old regular vs vocabulary-matched 5.4–9.8 yr olds, 24676
dorsolateral temporal cortex of both cerebral hemispheres to speech perception & right hemisphere in speech perception in recovered aphasics, 26–58 yr old males & 38–42 yr old patients with aphasia, 28191
early & lifelong hearing aid use, perception of vibrotactile speech stimuli, deaf 18–45 yr olds, 2463
ERPs during phoneme detection task with target presented in speech vs environmental (non-speech) sound context, 22–26 yr olds, 23375

eye movements scanning upper vs lower area facial features, visual discrimination of segmental vs prosodic characteristics of speech without sound, 19–28 yr olds without lipreading knowledge, 23060
female vs male voice recordings in high level military aircraft cockpit noise, intelligibility & automatic speech recognition, 3150
flattened fundamental frequency of voice, sentence intelligibility, normal listeners, implications for study of dysarthria, 36195
fluctuation sequences during production of normal sustained vowels & perception of amplitude & period sequence, 20–26 yr olds, 26359
formant frequency movements, recognition of vowel quality produced by 10–12 yr old & adult speakers vs synthetically generated versions, 10–12 yr old & adult listeners, 23058
formant transition information, place contrast differentiation, macaques, 33038
foundation of speech perception & production in 1st yr of life, 30185
fractal dimensions of speech sounds & application to problem of hidden Markov model-based automatic speech recognition, 13872
frequency & amplitude modulations of sound, reactivity of auditory cortex & hemispheric differences in processing speech, 27–37 yr olds, 36447
frequency of F1, location of phoneme boundaries at vowel onset & vowel offset time in speech perception, adults, 26367
fundamental frequency discrimination & perception of concurrent vowels & relevance to understanding speech in presence of competing speaker, 59–77 yr olds with hearing impairments, 8708
fuzzy logic model of multimodal speech perception, persons with hearing impairment, 11956
gender stereotypes, language perception, speakers & listeners, 10077
grammatical vs grammatical but semantically anomalous sentences vs ungrammatical strings, hearing errors as evidence for postperceptual priority for syntax, 18–52 yr olds, 6796
Hearing in Noise Test list equivalency for speech in quiet vs in 65 dBA noise with noise at 0 vs 90 vs 270 degrees azimuth, 60–70 yr olds with sensorineural hearing loss, 6567
identification of congruent & incongruent receptive affective prosodic speech, 9–11 yr old males with depression, 17861
identification of novel wordlike units from utterances, college students, implications for children's native language acquisition, 20491
infant development & experience in speech processing & speech perception & listening & vocal production & word recognition, infants during 1st yr of life, 13963
infant speech perception & development of word segmentation strategies & discovery of grammatical organization of utterances, 30171
influence of pragmatics on listener's interpretations of what is said vs implicated, 30098
initial & final segments of vowels taken from syllables containing stop consonants, identifiability of vowels, adults, 26363
item analysis & age & education corrections for long & short forms of Speech-Sounds Perception Test, patients with diffuse brain damage vs referrals for neuropsychological assessment, 3336
joint estimation of feature transformation parameters & Gaussian mixture model for speaker recognition systems, 29520
level of impairment in picture-naming vs perception & retrieval of input vs output phonological codes from semantics in short term memory, 30 yr old male with anomie/aphasia, 24827
linear amplification vs multichannel compression, speech comprehension in backgrounds with spectral vs temporal dips, adults with cochlear hearing loss (mean age 77.9 yrs), 8704
linear vs nonlinear combinations of simultaneous vs nonsimultaneous masking in variable-duration notched-noise, normal adults, model of perception of short-duration speech, 190
linguistic &/vs perceptual speech dimensions, classification reaction time, adults, 20412
listener attitudes toward New Zealand English speaker vs Standard American English speaker, New Zealanders, 30104
listening only vs listening & reading printed text of auditory speech embedded in auditory masking, top-down cognitive processing & clarity of speech, college students, 13234
measurement of speech reception bandwidth threshold, adults (aged 19–34 yrs), 19781
measures of auditory-visual integration in nonsensical speech recognition, 41–76 yr olds with moderate-to-deeply sloping hearing impairments, 2113
method in enhancing speech envelope in continuous interleaved sampling processors for cochlear implants, deaf persons, 19109
methods & data quality & reliability & validity of acoustic speech analysis of phonation & articulation & resonance, patients with dysarthric speech or other speech disorders, 24673
model of contribution of room & loudspeaker attributes to speech intelligibility scores, 25-yr-old students with no auditory problems, 23055
model of prediction-driven approach to computational auditory scene analysis & application to speech/nonspeech mixtures, 22767
model of selective voice hallucinations based on neural network computer simulation, schizophrenia spectrum disorder patients reporting hallucinated voices vs not reporting voices vs normal patients, 14554
model-based algorithm for representation & processing of speech signals by their envelope & instantaneous frequency, 13236
motor impairment, articulation & perception in spoken vs signed speech, patients with Parkinson's disease, 28168
mutual dependence of octave-band weights, speech intelligibility prediction, listeners & speakers, 23064
narrow-band temporal envelopes & different modulation frequency, consonant recognition, 18–40 yr olds, 13246
neural encoding of syllables with short vs long lag voice onset time, evoked magnetic fields in left vs right supratemporal plane, 24–42 yr olds, 16890
neural network identification of Icelandic speech segment durations & quantity, college students, 33561
neurophysiology & perception of facial actions produced in speech, 32867
noise & spectral resolution, vowel & consonant recognition, adults with cochlear implants , 9015
noise, magnetic evoked fields to speech-signal processing in cerebral hemispheres, 21–31 yr olds, 29917
number of pitch periods & pitch periods from syllable onsets &/vs offsets, identification of /d/-vowel-/d/ syllables by male speaker, college students, 32872
ontogenetic changes in effect of noise on perception of various emotions in speech & hemispheric interrelations underlying this process, 7-10 vs 11-13 vs 14-17 yr old boys vs girls, 26979
optional epenthetic vowel in pseudo- vs real words, lexical decision & word recognition & perception & processing as bisyllabic vs monosyllabic, Dutch-speaking college students, 23087
perception & production & long-term retention of English /r/-/l/ sound pairs, monolingual Japanese 19–22 yr olds, 3 mo followup, 29622
perception of consonant-vowel syllables varying in voice-onset time & left-hemisphere event-related magnetic field correlates, adults, 567
perception of native & nonnative vowels, college students, implications for perceptual magnet effect, 19771
perception of short-duration fundamental frequency glissando pitch direction & extremity of synthetic posterior vowels, adults , 189
perceptual asymmetry & sensitivity for perceiving emotional words, patients with anxious vs nonanxious depressive disorder (aged 20–65 yrs), 21073
perceptual magnet effect in discrimination & auditory perception of vowel /i/, native German-speaking college students, 23053
phonological ambiguity of words, identity priming, college students, 19775
phonological performance following daily training using phonological awareness exercises, 10–12 yr olds with dyslexia, 27925
phonological working memory & speech discrimination, 8–15 yr olds with ADHD with vs without developmental coordination disorder, 24595
phonology & morphological errors in speech perception during casual conversation in English, 29512
pitch accent, spoken-word recognition & lexical decision in Japanese, college students, erratum, 32868
pitch accent, spoken-word recognition & lexical decision in Japanese, college students, 13230
precision of phonemic perception & processing, patients with schizophrenia, 11408
presence vs absence of iconic gestures & sentences with low vs high semantic predictiveness & audio with vs without video format, sentence intelligibility, 37–76 yr olds with dysarthria, 8470
raised vs threshold stimulation levels for active electrodes in Nucleus 22 cochlear implant, understanding of soft speech sounds with SPEAK speech coding strategy, deaf 39–70 yr olds, 32066
randomized vs standard answer form for Speech-Sounds Perception Test, adults, 3505
resonance & magnitude of change in & ascending vs descending vs same pitch of 2nd member of stimulus pairs, auditory discrimination of synthetic whisper vowels, 22–40 yr olds, 23057
right hemispheric speech perception measured by amobarbital injection & left hemispheric electrical interference mapping, 23 yr old right handed male patient with seizures, 5310
role of different linguistic levels in identification of language varieties, 21–48 yr old speakers & 18–36 yr old listeners, UK & Netherlands, 10078
sensitivity to morphosyntactic dependencies in English, 15 vs 18 mo olds, 7431
sensitivity to perceptual cues to lexical & grammatical words, 1–3 day old newborns, 36765
separate vs combined durational effects of phase-final lengthening vs contrastive emphasis, final duration of speech segments & syllables, college students, 6798
signal to noise ratio &/vs room acoustics, speech intelligibility, 20–62 yr old listeners, 36191
simultaneous sine-wave speech sources, speech perception, adults, 19768
smoothing hidden Markov models using an adaptive signal limiter for noisy speech recognition, 29516
space where speech production task is specified & perceptual aspects & strategies adopted to reach intended vowel, 19–46 yr olds, 26369
speaker labeled as from Detroit vs Canada, perception of vowel sounds, Detroit-area residents, 10074
speech & noise level, speech recognition, normal hearing young adults & 40–69 & 70–80 yr olds with hearing impairments, 18467
speech & noise level, speech recognition, normal hearing young adults & 40–69 & 70–80 yr olds with hearing impairments, erratum, 37951
speech intelligibility & localization of speech signals in multi-source environment of competing sentences, adult listeners, 23056
speech intelligibility in noisy environments, 12–77 yr old patients with 1- or 2-microphone hearing aids, 22287
speech perception & verbal memory, 9 yr olds with vs without histories of otitis media during their 1st yr of life, longitudinal study, 37949
speech pulse rate & duration, psychophysical discrimination of steady state vs time varying stimuli & prosody perception, postlingually deafened cochlear implant 47–73 yr olds, 5450
speech recognition with spectrally altered distribution envelope cues, normal-hearing 22–50 yr olds, 197
speech-specific failure in phonological representation vs general deficit in auditory temporal processing, speech perception, reading-impaired 2nd graders, commentary, 37675
stimulus spectral resolution & spectral shift, vowel recognition in acoustic & electric hearing, normal-hearing vs cochlear-implant-using 25–71 yr olds , 13233
syllabic compression & expansion of temporal envelope, speech intelligibility & speech & music sound quality, 17–75 yr olds with normal vs sensorineurally impaired hearing, 21635
syllabic strength & lexical boundary decision strategies & nature of dysarthric speech signal, mismatch, 21–50 yr old normal listeners, 194
syllable-initial voicing & speech rate, temporal characteristics of monosyllabic words, talkers, 36662
talker- & listener- & item-related characteristics, spoken word recognition, native vs non-native listeners of English, 36192
target predictability & foreign accent, perceptions of mispronunciations, college students, 10076
temporal filtering, intelligibility of syllables with cepstral trajectories, native Japanese speakers, 19767
temporal vs spatio-temporal vibrotactile displays of fundamental voice frequency, speech perception, normal-hearing 20–29 yr olds & hearing impaired 19–30 yr olds, 2663
theoretical & empirical evidence for double weak theory of speech perception, commentary, 6804
time delay before target stimulus & context-related vs -neutral vs -unrelated vs traditional stimulus sentence presentation, speech perception, 19–87 yr olds with severe to profound hearing impairment, 24880
time reversal of local segments of spoken sentences, speech intelligibility, human Ss, 19784
transcranial magnetic stimulation of left temporoparietal cortex, presence of auditory hallucinations, 30- & 34- & 40 yr old patients with schizophrenia, 27677
type of background noise, ability to process spoken language, 61–79 vs 18–22 yr olds, 36773
underlying mechanism in impaired phoneme identification, 33–72 yr olds with ataxic syndrome due to degenerative cerebellar atrophy, 21524
use of auditory feedback for self-monitoring during speech production, 7293

use of dictation & speech recognition as oral mode of text production as means of composing, learning disabled individuals, recommendations for teachers, 34456
use of voice conversion algorithm to modify utterances of a source speaker to sound-like speech from target speaker, 29511
variation in irrelevant stimulus dimension, judgments of faces with respect to identity & emotional expression & facial speech,, 6784
variation in temporal codings of voicing & voicelessness & fundamental frequency & amplitude, audio-visual & auditory speech perception, 18–35 yr olds, 36194
verbal vs nonverbal implicature processing, right-brain-damaged 38–78 yr olds vs left-brain-damaged 26–78 yr old stroke patients, 31168
voice-onset time perception, cortical auditory EPs, 20–36 yr olds, 33303
voicing judgments, adult chinchillas & humans, 13383

Speech Perception—Chapters

Articulation in speech and sound, 16550
Early speech perception and word learning, 23746
Phonological aspects of aphasia, 5425

Speech Pitch—Serials

parental pitch variation of real vs rhetorical speech, father & 1 mo old daughter, 14 mo study, 7427
mutual dependence of octave-band weights, speech intelligibility prediction, listeners & speakers, 23064
physiological vs social-interactive bases for testosterone & voice pitch correlations, male vs female college students, 26901
pitch pattern as reflecting application of clash resolution accentual patterns in restructured phonological phrases, native French-speaking college students, 26911
sound pressure levels, vocal formant frequencies & formant amplitudes, 4–30 yr old males vs females, 33551
temporal grouping vs intonation & articulatory suppression, immediate serial recall of digit lists, undergraduates, 3596

Speech Processing (Mechanical) [See Also Automated Speech Recognition, Compressed Speech, Filtered Speech, Synthetic Speech]—Serials

binaural sub-band adaptive speech enhancement via artificial neural networks, 6461
female vs male voice recordings in high level military aircraft cockpit noise, intelligibility & automatic speech recognition, 3150
Japanese large-vocabulary continuous-speech recognition acoustic language models using newspaper vs broadcast news vocabularies, 23629
recognition of sentences produced through simulations of cochlear implant signal processors with 6–20 channels, normal hearing 22–55 yr olds, 9012
test–retest reliability of preference judgments of artificially processed & hearing-aid transduced speech, normal hearing 18–25 yr olds vs hearing impaired 22–57 yr olds & males vs females , 34713
use of dictation & speech recognition as oral mode of text production as means of composing, learning disabled individuals, recommendations for teachers, 34456

Speech Rate—Serials

age & passage difficulty, listening & speech rate preferences, 66–81 vs 17–22 yr olds, 23733
auditory vs visual speech timing cues as external rate control to enhance verbal intelligibility, male speakers with traumatic brain injury & mixed spastic-ataxic dysarthric impairment, 5391
clinical measurement of rate of reading & discourse, male vs female 19–31 yr olds, 36679
concrete vs abstract words & word length, spoken vs written serial & backward vs forward recall & maximal speech rate, college students, 29654
extended exposure to frequency-altered feedback, stuttering frequency & speech rate, 20–50 yr olds, commentary reply, 31033
extended exposure to frequency-altered feedback, stuttering frequency & speech rate, 20–50 yr olds, commentary reply, 31025
extended exposure to frequency-altered feedback, stuttering frequency & speech rate, 20–50 yr olds, commentary, 31027
speaker vs speech rate vs amplitude variation, memory for spoken words, college students, 13346
speech vs simultaneous communication, sentence duration & voice onset time of plosive consonants in stimulus words, inexperienced female sign language users, 10703
syllable-initial voicing & speech rate, temporal characteristics of monosyllabic words, talkers, 36662
temporal & spectral aspects of coarticulation & speech rate of vowels, 30–68 yr olds with acoustic dysarthria, 18218
temporal characteristics of speech produced during simultaneous communication, inexperienced adult female student signers, 17163

Speech Rhythm—Serials

neural network of coupled oscillators that produces & perceives music & speech patterns of pulses that conform to particular meters, 32488
pitch pattern as reflecting application of clash resolution accentual patterns in restructured phonological phrases, native French-speaking college students, 26911
rhythmic vs metric view of rhythmic organization in spontaneous speech vs reading aloud, 17153

Speech Therapists—Serials

family vs speech pathologist's perception of degree of communication impairment, 30–87 yr old patients following right hemisphere stroke, 11870
intelligibility & foreign accent, speech–language therapy provision, bilingual clinicians, 28800
perceptions of supervisors' use of social power with beginning vs advanced graduate supervisees, supervisors & supervisees in speech-language pathology , 35435
scope of practice & caseload size & characteristics & delivery of services, speech-language pathologists in schools for deaf vs local school programs, 5987
systemic barriers to collaboration, speech language therapists & teachers, 38631

Speech Therapists—Chapters

Reports written by speech-language pathologists: The role of agenda in constructing client competence, 19115

Speech Therapy—Serials

auditory training & signal enhancement procedures & linguistic cognitive interventions for management, children with central auditory processing disorders, 38632
augmentative & alternative communication intervention, language development & communicative competence, 3.3 & 8 & 12.8 yr olds with developmental apraxia of speech, 25556
cognitive neuropsychological & model based assessment & treatment of acquired dysgraphia, semantic & graphemic processing, 45 yr old brain damaged female, 34614
computer-based training techniques, 4–14 yr olds with speech & language disabilities, 2724
description & evaluation & effectiveness issues, program of supported conversation for adults with aphasia, commentary, 5986
development of Therapy Outcome Measure scales, assessment of speech & language therapy for clients with speech & language impairments, speech & language therapists, 35935
effect of syntactic theory on hypothetical treatment outcome & effects of linguistic specific treatment on generalizability of sentence structure learning & production, 38–69 yr olds with aphasia, 25554
effectiveness of intensive smooth speech vs parent-home smooth speech vs intensive electromyography feedback, 11–18 yr olds who stutter, 2–6 yr followups, 9278
effects of discourse skills intervention, 3–7 yr olds with delayed language development with vs without cognitive impairments, 15685
guidelines for use of computer technology & software in intervention, children with communication disorders, 22285
individual & group lexical semantic therapy in remediation of word finding problems, 49–73 yr old residential patients with dysphasia, 2668
intelligibility & foreign accent, speech–language therapy provision, bilingual clinicians, 28800
intervention to train conversation partners in supported conversation, improvement in communication effectiveness, adults with aphasia, 5983
issues related to research conducted by interdisciplinary Communication Science & Disorders Clinical Trials Research Group on treatment, patients with speech & language & hearing disorders, 25555
methodological issues in evaluation of speech & language therapy, preschool age children, 15686
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary reply, 19107
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, 19108
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary, 19110
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary, 19106
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary, 19112
model & integration of psychological learning theories & methodologies for application of & improvement in aphasia therapy, persons with aphasia, implications for aphasiologists, commentary, 19111
philosophical & implementation & evaluation issues, supported conversation for adults with aphasia by speech-language pathologists, commentary reply, 5984
pragmatic assessment & therapy for persons with brain damage, 32065
provision & utilization of speech & language services to older African Americans, 28798
resistance among speech-language & clinicians to training in & use of conversation in treatment of aphasic adults, commentary, 5982
scope of practice & caseload size & characteristics & delivery of services, speech-language pathologists in schools for deaf vs local school programs, 5987
shift in clinical focus from impairment & toward autonomy in supported conversation for adults with aphasia, commentary, 5985
training conversational partners in supported conversation for adults with aphasia, commentary, 5989
treatment with syllable cluster learning task, generalized learning & acquisition of syllable onsets, 3.2–7.7 yr olds with phonological language delay, 25557
use of noncontingent diaphragmatic breathing in simplified regulated breathing treatment for stuttering, 28 yr old bilingual male, 5186
wrong item format for teaching socially appropriate forms of communicative rejecting, severely intellectually disabled 6 yr old males, 25558

Speech Therapy—Chapters

The construction of incompetence during group therapy with traumatically brain injured adults, 19117
Discourse rehabilitation following traumatic brain injury, 38637
Dysarthria following traumatic brain injury, 37939
Echo or answer? The move towards ordinary speech in three children with autistic spectrum disorder, 37668
The effectiveness of stuttering therapy: An issue for science?, 16447
On watching a discipline shoot itself in the foot: Some observations on current trends in stuttering treatment research, 19116
A preliminary look at shame, guilt, and stuttering, 18230
Progress under the surface and over time, 19118
Social role negotiation in aphasia therapy: Competence, incompetence and conflict, 19120

Speechreading [See Lipreading]

Speed [See Velocity]

Speed (Response) [See Reaction Time]

Spelling—Serials

academic self-concept vs teacher expectation as predictors of spelling and math achievement & college attendance & high school dropout rates, 4th grade & 7th grade students, longitudinal studies, 19317
active vs passive peer tutoring vs teacher-mediated instruction, spelling performance, Black 1st graders at risk for school failure, 6153
classwide peer tutoring with vs without reinforcement, spelling performance & intrinsic interest in science, secondary school students, 32281
cognitive causes of spelling difficulty, 22-yr-old male with developmental surface dysgraphia, 14885
cognitive deficits underlying spelling disorder, individuals (mean age 72.2 yrs) with Alzheimers disease, 24801
comparison of age & percentile criteria points in reading & spelling tests & relation to allocation of external support for students with special needs , 22914
development of knowledge-based system supporting diagnosis of reading & spelling problems in elementary school students, experts, 38911
graphophonemic awareness & literacy development based on spelling performance, 2nd vs 3rd vs 5th vs 6th graders, 10768
handwriting vs word processing vs word prediction with speech synthesis remedial programs, legibility & correct spelling, 9–10 yr olds with severe spelling problems, 34465
intervention to develop phonological awareness & word recognition, reading skills & spelling, lower income inner city kindergarten students, 2 yr study, 32203
management of cognitive resources to reduce cognitive load during spelling acquisition in text production, 2nd graders, implications for learning spelling, 15945
oral reading & spelling to dictation of low vs high frequency words, patients (mean age 73.6 yrs) with probable Alzheimer's disease, 24800
overlapping waves model of strategy choice & change in learning to spell, 1st graders, 1 yr follow up, 17280
patterns of spelling errors in Spanish spelling during acquisition of skills, 8–10 yr olds, 30173
phonological & orthographic information, children's vowel spelling, 1rst–3rd graders, 36774

phonological spelling & role of segmentation subsystem in phoneme-to-grapheme conversion, 63-yr-old male patient with dementia of Alzheimer type, 14997
rapid naming & reading & phonological awareness & recognition of letters during quick spell test, 2nd & 3rd graders, 10761
reading & spelling performance & patterns of phonological awareness & information retention in short term memory, Greek 1st-graders (mean age 7.1 yrs) facing difficulties in literacy acquisition, 37679
relation between ability to identify pronunciation of irregularly spelled words & performance on verbal subtests of WAIS-R, 50–78 yr olds, 3551
self teaching of phonological vs orthographical presentations of pseudowords, accuracy of pseudoword recognition & spelling & naming, 7–8 yr olds, 10796
spelling skills, third grade children taught through whole language instruction vs phonics program, 9422
teaching functional spelling units of varying size with multiple-connections framework, 2nd grade poor spellers, 9468
training in phonological awareness, long-term reading & spelling performance & risk for dyslexia, kindergartners with low metalinguistic competencies, 4-mo followup, 37682
tutorials, handwriting & spelling & composition skills, 9.7–10.9 yr olds with severe writing disabilities, 8 mo study, recommendation for remediation, 34455
word homophony & frequency & sentence structure, verb tense spelling errors, Dutch-speaking 18-yr-olds, 30105

Spelling—Chapters

A cognitive theory of orthographic transitioning: Predictable errors in how Spanish-speaking children spell English words, 13971
Component processes in becoming English–Hebrew biliterate, 4454
Different morphemes, same spelling problems: Cross-linguistic developmental studies, 27006
Learning to read and spell in Greek: The importance of letter knowledge and morphological awareness, 27013
Phonological awareness, syntactic awareness and learning to read and spell in Brazilian Portuguese, 27019
Phonological development and reading by analogy: Epilinguistic and metalinguistic issues, 32245
Why direct spelling instruction is important, 15919
"Why do they get it on Friday and misspell it on Monday?" Teachers inquiring about their students as spellers, 15920

Sperm—Serials

amount & distribution of sperm stored by female mates & relationship of copulation duration & sperm storage, large & protein-fed male Mediterranean fruit flies, 33153
attitudes toward & reasons for vs against sperm donation for research vs reproduction, 18–37 yr old college students, 2438
dominant vs subordinate social status in resident–intruder test & sperm motility & reproductive organ weight & serum testosterone, pair- vs isolation-reared male mice, 13638
female size & egg content, female variation on optimal copula duration from male perspective, yellow dung flies , 16848
genotype & interactions in sperm competition & success in insemination, male & female Drosophila, 10304
mate value & finite breeding time, sperm allocation, males, application of stochastic model , 6946
multiple copulations & female fecundity & fertility & longevity & effect of female tapping during copulation on male sperm transfer, Ozophora baranowskii, 408
relation of lengthy copulations to sperm transfer & protection & mate assessment, male bushcrickets, 3783
repeated matings, sperm numbers in successive ejaculates, male cabbage white butterflies, 3802
sperm exchange during mating, hermaphroditic flatworms, 4011

Sperm Donation [See Tissue Donation]
Spider Phobia [See Phobias]
Spina Bifida—Serials

development of parent-report measure of medical adherence & attributions of child compliance difficulties, mothers & fathers & teachers & health professionals of 8 & 9 yr olds with spina bifida, 3351
mutation producing spina bifida, neurologic assessment of activity level & reactivity & memory, ct/ct vs CBA mice, animal model of behavioral anomalies in spina bifida, 435
occurrence of psychiatric symptomatology & relationship to aspects of disability, family functioning, 6–18 yr olds with spina bifida, 8487
parent's perceptions of family-centered & professional-provided caregiving & emotional well-being, parents of 3–5.9 yr olds with nonprogressive neurodevelopmental disorders, 11909
risk of developing comorbid eating disorders & multidisciplinary intervention, 15–24 yr old females with spina bifida, 18423
stress & coping resources & perception of family life, mothers of children with Down syndrome vs spina bifida vs no disability, 1388

Spina Bifida—Chapters

Boys and girls with disabilities: Maternal expectations of gender behaviour and independence, 1430

Spinal Column—Serials

compensation in skilled reaching success with associated impairments in limb synergies after dorsal column lesion, female rats, 13563
risedronate, incidence of vertebral fractures & bone mineral density, women with postmenopausal osteoporosis, 38407

Spinal Cord [See Also Dorsal Horns, Dorsal Roots, Extrapyramidal Tracts, Lumbar Spinal Cord, Pyramidal Tracts, Ventral Roots]—Serials

activity-dependent plasticity & neuromodulator-induced metaplasticity of synaptic inputs from inhibitory & excitatory interneurons in spinal cord locomotor network, lamprey, 13575
adrenal medullar peptide analog Ser-super-1-histogranin, NMDA-induced spinal hypersensitivity & thermal & mechanical hyperalgesia & tactile allodynia, male rats, CNS pain management implications, 10585
brain-derived neurotrophic factor & excitability in spinal cord & mechanism of central sensitization, rats, implications for treatment of pain, 23319
cannabinoid receptor agonists, persistent pain, rats, 33445
cervical spondylarthrotic myelopathy, patients with Down's syndrome, 30998
cessation of step training & no practice period & retraining, retention of hindlimb stepping & hindlimb muscle EMG activity & kinematic characteristics, spinal cats, 13534
cluster headache-like attack as symptom of unilateral infarction of cervical cord & persistent anaesthesia & dyesthesia to cold stimuli, 54 yr old male with mild hypertension & migraine, 14985
corticospinal tract lesions, ground reaction forces during overground locomotion, rats, 33234
development of in vitro functionally mature mouse spinal cord preparation, 10422
development of spinal cord 5-HT system & swimming movements, newborn rats with prenatal lowered CNS serotonin, 3889
diazepam, morphine tolerance & dependence & spinal mu opioid receptors, male rats, 4279
direct vs indirect serotonergic agonists, motor function, rats with transected vs transplanted spinal cords, 26791
endogenous dopamine concentration in rostral agranular insular cortex, nociception & activity of spinal nociceptive neurons, male rats, 20269
expression of somatostatin receptor protein on neurons in periaqueductal gray & spinal cord, male rats. implications for role in analgesia & nociception, 3909
glial cell line derived neurotrophic factor, regulation of capsaicin sensitivity/VR1 & substance P in cultured spinal sensory neurons, rats, 29835
inescapable shock, potentiation of analgesia induced by morphine injections to dorsal raphe nucleus vs nucleus raphe magnus vs spinal cord, male rats, 30007
injection of pain-inducing drug formalin into hind paw, microglial activation in spinal chord & brainstem, male rats, 23310
innocuous stimulation, development of allodynia & spinal Fos expression & involvement of descending pathways, male rats, 10467
intrathecal injections of tachykinin NK1 agonist, behavioral characteristics, mice, 30051
intrathecal oxotremorine, antinociceptive response to long-lasting pain stimulus & spinal nitric oxide synthase immunoreactivity, male rats, 10641
microinjection of serotonergic 5-HT1B agonist S-CM-GTNH2 into dorsal subiculum, dopamine release in shell area of nucleus accumbens, male rats, 631
morhine, thermal nociception & mechanoreception & hind limb flexion, male chronic spinal rats, 26729
neuropeptide-mediated facilitation & inhibition of sensory inputs & spinal cord reflexes, lampreys, 20156
neuropsychological profile, 12 yr old girl with pineoblastoma & spinal metastases who underwent chemotherapy & cranio-spinal irradiation, 2 yr study, 24754
non-steroidal anti-inflammatory drugs, spinal c-Fos protein expression & inflammatory nociceptive processes, rats, 36535
overview of recent data on spinal mechanisms of muscle pain, animal experiments, 36299
physiological & pathophysiological role of monoamines in spinal transmission of pain, 16912
role of GABA & glycine receptors in inhibition of dorsal horn neurons of spinal cord, rats, implications for pain perception, 33195
role of potassium channels during locomotor-like activity, in vitro neonatal rat spinal cord preparation, 29893
role of spinal neurons in instrumental learning for flexed leg position under stress, male rats, 7049
role of spinal nitric oxide in antinociception induced by peripheral &/vs intrathecal injections on oxotremorine, male rats, 17060
sc bee venom injection, spatial & temporal expression of c-Fos protein in spinal cord, anesthetized male rats, model of tonic pain, 703
spinal manipulative therapy, 18–45 yr old females with primary dysmenorrhea, 22054
spinal substance P receptor expression & internalization in dorsal horns in acute vs short-term vs long-term inflammatory pain states, rats, 33215
transcranial magnetic stimulation, spinal cord EPs & leg muscle responses, 31–62 yr olds, 13613

Spinal Cord [See Also Dorsal Horns, Dorsal Roots, Extrapyramidal Tracts, Lumbar Spinal Cord, Pyramidal Tracts, Ventral Roots]—Chapters

Surgery for chronic spine pain: Procedures for patient selection and outcome enhancement, 8524

Spinal Cord Injuries [See Also Whiplash]—Serials

psychogenic & reflex sexual arousal & orgasm, adult females with complete or incomplete spinal cord injuries, implications for understanding the able-bodied, 11938
adrenal medullary transplants, pain behavior, male rats with quisqualic acid induced spinal cord injury, therapeutic efficacy of chromaffin cell transplants, 3823
calcium chelating agent vs voltage dependent calcium channel blockers, sciatic nerve injury induced hyperalgesia, rats, animal model of neuropathic pain, 4294
common personality traits using the NEO-Personality Inventory, males with spinal cord injuries, 35907
depression & subjective well-being & health & biographic & injury status & activities & social support & alcohol misuse, American Indian adults with spinal cord injury, 37866
efficacy & safety of oral sildenafil, 21–49 yr old males with erectile dysfunction caused by spinal cord injury, 8881
expectations of & factors affecting life satisfaction & level of independence over lifespan, 25–65+ yr olds with spinal cord injury incurred between ages 25–34 yrs, 24829
life satisfaction & depressive symptoms, ageing adults with post-polio vs spinal cord injury, 24819
marital status, quality of life & satisfaction & depression & stress & community integration, long term spinal cord injury survivors , 24812
mental stress vs autonomic dysreflexia, regional sympathetic nervous system function & level of lesion, 31–51 yr olds with spinal cord injury, 5362
physical disability & pain experiences & internal vs external locus of control cognitions, prediction of adaptation & depression & anxiety, 16–69 yr olds with spinal cord injury vs multiple sclerosis, 8503
PTSD, male veterans with vs without spinal cord injury, 1652
relationship between depression & racial-ethnic group, 21–71 yr old African American & Caucasian & Latino spinal cord injury patients, 28169
relationship between incidence of ulcers & urinary tract infections resulting in hospital stays & substance abuse, 13–65 yr old inpatients with spinal cord injury, 2669
social problem-solving abilities, psychological adjustment & career decisional needs & pressure sore diagnoses, rehabilitation inpatients with recent spinal cord injury, 1 yr study, 37830
spinalization, nocifensive spinal reflex responses to heat or mechanical or noxious cold stimuli, male rats with vs without neuropathy vs carrageenan induced hindpaw inflammation, 3868
vocational interests, middle aged males with traumatic spinal cord injury, 18411

Spinal Fluid [See Cerebrospinal Fluid]
Spinal Ganglia—Serials

pacific ciguatoxin-1, tetrodotoxin-sensitive vs -resistant sodium channel activation & inactivation in acutely dissociated root ganglion neurons, rats, 7259

Spinal Nerves—Serials

calcium chelating agent vs voltage dependent calcium channel blockers, sciatic nerve injury induced hyperalgesia, rats, animal model of neuropathic pain, 4294
changes in minimal force thresholds evoking cortical responses to cutaneous stimulation of hindlimb following sciatic nerve injury, male rats, 33186
intrathecal metabotropic glutamate receptor compound (S)-4CPG or NMDA antagonist MK-801, mechanical allodynia & cold hyperalgesia associated with chronic constriction injury, rats, 4150
levodopa, actions at nociceptive vs non-nociceptive spinal afferent pathways, decapitated cats, 4264
magnetic fields & electrical potentials evoked by medial or posterior tibial nerve stimulation on injured vs unaffected side, 35–70 yr old chronic unilateral neuropathic pain sufferers, 34682

median nerve & posterior tibial nerve stimulation, somatosensory evoked potentials in brainstem, 4–41 yr old patients with 4th ventricle tumors, 34591
median nerve stimulation & somatosensory cortical EP-assessed voluntary movement preparation in go/no-go choice-RT task, 29–42 yr olds, 477
MK-801 microinjected latorostroventromedial medulla, hypersensitivity to noxious & innocuous mechanical stimulation, male rats with segmental ligation of spinal nerves, 36470
neurosurgical treatment of cervical zygapophysial joint pain, psychological distress & pain relief, patients with whiplash, commentary reply, 31080
neurosurgical treatment of cervical zygapophysial joint pain, psychological distress & pain relief, patients with whiplash, commentary reply, 31083
neurosurgical treatment of cervical zygapophysial joint pain, psychological distress & pain relief, patients with whiplash, commentary reply, 31068
peripheral nerve blockade & methysergide, formalin facilitation of tail withdrawal & spinal nociceptive tailflick reflex, male rats, implications for role of rostral ventral medulla, 3827
somatosensory evoked potentials following electrical stimulation of median nerve during writing with dominant vs non-dominant hand, right- vs left-handed 18–36 yr olds, 29901
spinal administration of mexiletine, somatosensory transmission of spinal neurones, neuropathic rats, 540
spinal cord & sciatic nerve preparation, dorsal horn potentiation & plasticity after nociceptive stimulation, intact vs spinalized rats, implications for sensitization & pathological pain states, 33305
systemic vs intrathecal vs peripheral administration of zinc chloride, thermal hyperalgesia, rats with vs without sciatic nerve injury, 23539
unilateral L5 spinal nerve ligation, expression of mRNAs for neuropeptides & GABA-A receptor in dorsal root ganglion neurons, male rats, neuropathic pain model , 466

Spirit Possession—Serials

frequency & psychodynamic & social functions of demonic attributions, 16–70 yr old religious psychiatric outpatients with vs without delusions, 37284

Spirituality—Serials

assessment of wellness in terms of spirituality & self- regulation & work & recreation & love & friendship, Native vs non-Native American 9th vs 10th vs 11th vs 12th grade students, 38864
attitudes toward inclusion of spiritual & religious issues in core curriculum of Council for Accreditation of Counseling and Related Educational Programs, counselors & counselor educators & public, 32078
attitudes toward role of spirituality in current occupational therapy in palliative care, 26–53 yr old occupational therapists, 35434
attitudes toward spirituality & religion & professional training & clinical practice, marriage & family graduate students, 12600
basic cultural elements of Native American spirituality, implications for counselors, 38002
bereavement as life crisis & challenge to assumptions about human existence & grounds for spiritual change, 33955
Black churches as therapeutic groups & sources of psychological support, African Americans, implications for counselors, 38022
cognitive basis of spiritual experience & use of cognitive assimilation & accommodation strategies during mourning & dying, 33985
critical examination of incompatibility of philosophical commitment to traditional scientific method in psychology & contemporary conceptions of religious spirituality, 16291
developing spiritual perspective & transacting self-preservation, 30–90 yr olds with terminal cancer, implications for nursing practice, 24758
development of spirituality questionnaire, 32607
group work & Alcoholics Anonymous, self & spiritual development, drug & alcohol abusers, 5936
historical & present perspectives on spiritual bonds to dead & comparative religion & grief, Western Christianity vs Japanese Buddhism, 33738
inclusion & understanding of soul & spirituality & religious beliefs in psychiatric treatment & achievement of mental health, psychiatrists, 31384
incorporation of Eastern tradition & spirituality into social casework field work instruction , 32108
influence of spiritual beliefs & traditions in coping with mother's death & actions taken by counselor to increase awareness & knowledge of Filipino beliefs & traditions, 11 yr old boy, 38031
issues in medicine as a spiritual practice , 36927
issues of emotional isolation & internalized oppression & racial identity & low self-esteem & therapeutic interventions, African-American women, 37998
issues on incorporating spirituality into social work assessment & intervention, 2601
linkages between spirituality & psychotherapy & politics, 5516
meaning & awareness of & others' reactions to & blocks in experiencing spirituality, 30–57 yr old female helping professionals, 7325
nonreductive physicalism & body–soul unity vs duality & secular & religious meanings & counseling applications, commentary, 14127
nonreductive physicalism & body–soul unity vs duality & secular & religious meanings & counseling applications, commentary reply, 14130
nonreductive physicalism & body–soul unity vs duality & secular & religious meanings & counseling applications, commentary, 14132
nonreductive physicalism & body–soul unity vs duality & secular & religious meanings & counseling applications, 14131
ontological approach to integration of spirituality & professional training in psychotherapy or counseling, 6030
overview of transpersonal psychology & its impact on future interdisciplinary investigation of spirituality & educational theory & human development & social values, 29307

perceived meaning of Protestant work ethic, male vs female 19–63 yr olds, Sri Lanka vs Australia, 29122
Sri Lanka—Books
Skill and trust: The tovil healing ritual of Sri Lanka as culture-specific psychotherapy, 21990
Stability (Emotional) [See Emotional Stability]
Stage Plays [See Theatre]
Stammering [See Stuttering]

Standard Error of Measurement [See Error of Measurement]
Standard Scores—Serials
cohort analysis of reading standards & reading comprehension scores, Year 6 students, 1989–1996, 32252
use of cluster analysis to facilitate standard setting in educational testing, 7th-grade test takers taking mathematic proficiency test, 26235
Standardization (Test) [See Test Standardization]
Standardized Tests—Serials
assessment practices for mentally retarded children in preschool–grade 12 & use of alternative vs norm-referenced assessment approaches, school psychologists, 6667
correlations between Angoff ratings of minimum passing levels & observed item difficulty for borderline certification examinees, judges, 9813
criterion validity of Wheldall Assessment of Reading Passages, assessment of full range reading ability, primary school students, 9481
ecological validity of standardized & perceptual measures & potential biases in testing diverse populations & use of systematic observation in assessment of communication disorders, 32588
English language proficiency & performance on standardized patient clinical skills examination, foreign vs US medical students, 28832
introduction of National Curriculum & testing, self-esteem & mathematics & reading attainment, Year 2 vs Year 6 students, 5 yr study, 9472
reliability & validity of achievement tests variances, standard error constancy, state school districts, 35857
self esteem, performance on reading & mathematics standardized tests, 2nd graders, 4 yr study, 32253
test centered vs examinee-centered method for setting cutting scores on achievement tests, performance assessment, 8th–10th graders, 36037
test item familiarity, achievement test scores, 3rd–8th graders, 36033
Standards (Professional) [See Professional Standards]
Stanford Binet Intelligence Scale—Serials
applicability of Australian adaptations of WISC & Stanford Binet Intelligence Scale, 5–10 yr olds, New Zealand, 4445
reliability & validity of Stanford-Binet Intelligence Scale 4th Edition, young adults (mean age 20.8 yrs) with mild to moderate intellectual disability, 22861
stability of Stanford-Binet Intelligence Scale: Fourth Edition & Kaufman Assessment Battery for Children, measurement of cognitive abilities, low SES African American vs White 4–9 yr olds, 5-yr study, 35884
Stanford Binet Intelligence Scale—Chapters
IRT and intelligence testing: Past, present, and future, 9867
Stanines [See Standard Scores]
Stapedius Reflex [See Acoustic Reflex]
Startle Reflex—Serials
5-HT1A receptor agonists & antagonists, fear potentiated startle response, rats, 685
abnormal affective startle modulation, genetic risk for schizophrenia, 18–65 yr old schizophrenia patients & their relatives, 27662
active avoidance & behavioral control, emotional reactivity & startle potentiation, 18–24 yr olds, application of startle-probe methodology, 29958
acute & sustained cocaine administration on startle reflex & prepulse inhibition, female rats, model for brain disturbances for deficient sensorimotor gating in schizophrenia, 17064
administration of selective striatal metabotropic glutamate receptor agonists into nucleus accumbens or dorsal striatum, prepulse inhibition of acoustic startle response, male rats, 10583
affective foreground stimuli, modulation of startle reflex, 23–60 yr old patients with major depressive episode , 30647
bromocriptine &/or haloperidol, prepulse inhibition of acoustic startle reflex, 18–35 yr old males, 611
bromocriptine &/or haloperidol, prepulse inhibition of acoustic startle reflex, 18–35 yr old males, commentary reply, 23587
bromocriptine &/or haloperidol, prepulse inhibition of acoustic startle reflex, 18–35 yr old males, commentary, 23546
cellular analysis of prepulse inhibition in escape swim response, marine mollusks, 347
conventional vs excitotoxic NMDA lesions of hippocampal vs fimbria–fornix, prepulse inhibition of startle response & open-field activity, male rats, 36451
cortical neuronal involvement, 15–38 yr olds with hyperekplexia, 5308
diazepam, fear-potentiated startle vs fear-inhibited light reflexes, male 18–28 yr olds, 36530
discriminative vs nondiscriminative contextual fear conditioning with footshock, acoustic startle response & fear measured by freezing duration & defecation, male rats, 3652
dopamine D1 receptor agonists & dose–response & D1/D2 receptor antagonism, enhancement of acoustic startle response, male rats , 26817
dopamine D1 receptor antagonist SCH 23390 administered to amygdala, fear-potentiated startle, rats, 4190
early postweaning exposure to mild aversive stimulation, adult acoustic startle response parameters, 3 wk old male rat pups, 7 wk study, 20227
emotional manipulation of acoustic startle reflex, 18–45 yr olds, 17000
exposure to smoking cues, prepulse inhibition of startle reflex & subjective craving, 18–47 yr old smokers, 28566
fear-potentiated startle conditioning to explicit & contextual cues, male Gulf War veterans with vs without PTSD, 11465
fear-potentiated startle to threat of aversive stimuli & facilitation of startle in darkness, 13–17 yr olds, 16997
filter passband & integrator time constant, eyeblink EMG response peak & area, college students, comparison of various human startle quantification methods , 537
home nest odors, startle response, preweanling rats, 4067
individual differences in sucrose consumption, anxious behaviors in elevated plus maze & acoustic startle reflex paradigms, male rats, animal model of anxiety, 4033
individual differences of prepulse inhibition in startle reflex as measure of individual dopamine function, male rats, 36417
inferior colliculus lesions & auditory stimulus intensity & interstimulus interval, prepulse inhibition of acoustic startle, male hamsters, 3878
injection of dopamine antagonists SCH23390 & raclopride into orbital prefrontal cortex, cortical modulation of prepulse inhibition of acoustic startle reflex, adult male rats, 20394
involvement of dopamine D2 receptors in modulation of prepulse inhibition & acoustic startle & role of amphetamine in prepulse inhibition, mice, implications for treatment of schizophrenia, 20134
mediation of NMDA antagonist dizocilpine in disruption of prepulse inhibition & startle reactivity in multiple limbic region, rats, 622
motor response pattern of audiogenic startle reflex, 11–53 yr old males with Tourette's syndrome, commentary reply, 2081
motor response pattern of audiogenic startle reflex, 11–53 yr old males with Tourette's syndrome, commentary, 2094
neurotensin agonist PD149163, antipsychotic effects on prepulse inhibition & startle reflex, male rats, 17038
olfactory CS potentiation of startle response, male rats, 29696
ontogenetic emergence of fear-potentiated startle response, 17–30 day old rats, 19992
overnight smoking withdrawal & nicotine dependence & prepulse inhibition of acoustic startle reflex, 19–45 yr old male smokers, 11628
picrotoxin injections into superior colliculus, prepulse inhibition of acoustic startle reflex, male rats, 29995
post-weaning time range of social isolation rearing, startle reactivity or plasticity & habituation & deficits in prepulse inhibition, male rats, 13683
prepulse inhibition of acoustic startle response & sensorimotor gating, male vs female rats, 4048
prepulse inhibition of startle & neurobiology, 6.2–12 yr old males with primary nocturnal enuresis, 21187
prepulse inhibition of startle reflex & effects of various compounds on various sites on N-methyl-D-aspartate receptor complex, rats, 13716
repeated apomorphine, sensitization to prepulse inhibition of startle reflex, male rats, 36587
repeated cocaine preexposure, fear-potentiated startle, male rats, 23509
sensory gating & suppression of P50 evoked potentials during & prepulse inhibition of startle reflex, 19–33 yr olds, 16979
sensory gating mechanism of P13 & N40 auditory evoked potential & startle response, male rats, 23334
serotonin 2A receptor blocking property of drugs, phencyclidine-induced disruption of prepulse inhibition of acoustic startle, rats, animal model of schizophrenia, 33514
sex & housing conditions, nicotine effects on prepulse inhibition of acoustic startle reflex, Long-Evans vs Sprague Dawley rats, 659
smoking history & prepulse inhibition of acoustic startle, males vs females, analysis of data from past 12 yrs , 36465
sporadic hyperekplexia related to brainstem vascular anomaly, 35 yr old male, 24799
stability of prepulse inhibition & habituation & other startle response measures as neurobiological markers for illnesses, 20–46 yr old males, 10380
stimulus intensity & risetime & duration, autonomic & behavioral components of orienting vs startle vs defense responses, 19–39 yr olds, 26723
strain & isolation rearing with vs without apomorphine, startle reactivity & habituation & prepulse inhibition, male Lewis vs Sprague-Dawley vs Fischer F344 rats, 6953
temporal course of startle reflex modulation & autonomic response patterns to fear-relevant vs fear-irrelevant pictures, 18–41 yr olds with high vs low levels of animal fear, 10514
unilateral vs bilateral blocking of NMDA receptors in amygdala with MK-801, predator-stress-induced anxiety-like behavior & unconditioned startle, male rats exposed to cat, animal model of PTSD, 13685
yohimbine vs clonidine, acoustic startle response with vs without fear conditioning, cycling vs lactating female rats, 10673
Startle Reflex—Books
Startle modification: Implications for neuroscience, cognitive science, and clinical science, 23436
Startle Reflex—Chapters
Affect and the startle reflex, 23439
Affective individual differences, psychopathology, and startle reflex modification, 23440
Behavioral analogies of short lead interval startle inhibition, 23442
Cross-species studies of sensorimotor gating of the startle reflex, 26878
Event-related potential components and startle, 23443
Implications of blink reflex research for theories of attention and consciousness, 22999
Long lead interval startle modification, 23445
Neurophysiology and neuropharmacology of short lead interval startle modification, 23282
Neurophysiology and neuropharmacology of startle and its affective modification, 23441
Psychopathic traits and intoxicated states: Affective concomitants and conceptual links, 24117
Schizophrenia spectrum disorders, 24305
Short lead interval startle modification, 23438
Startle Elicitation: Stimulus parameters, recording techniques, and quantification, 23437
Startle modification during orienting and Pavlovian conditioning, 23444
Startle modification in children and developmental effects, 23675
Startle–response measures of information processing in animals: Relevance to schizophrenia, 36386
Starvation—Serials
behavioral activation & lack of concern as possible core symptoms of anorexia nervosa, 1891
body energy status & weight reduction, inflammation-induced anorexia & weight loss, rats, 4050
high-level exercise & starvation, psychopathology, female patients with eating disorder (mean age age 27.2 yrs), 37708
State Board Examinations [See Professional Examinations]
State Dependent Learning—Serials
morphine analgesia, state-dependent recall of FR-10-conditioned lever-pressing, male rats, 17102
NMDA, state dependent learning of spatial memory, rats, 26798
State Hospitals [See Psychiatric Hospitals]
State Trait Anxiety Inventory—Serials
internal consistency & validity of state anxiety subscale of State-Trait Anxiety Inventory in context of acute exercise, college students, 35934
reliability & validity & item analysis of the State–Trait Anxiety Inventory C-1 & Y-1, 5–18 yr olds, 3294
state & trait anxiety & depression, female 18–79 yr olds with allergic vs vasomotor rhinitis, 11772
State Trait Anxiety Inventory—Chapters
Measuring anxiety and anger with the State-Trait Anxiety Inventory (STAI) and the State-Trait Anger Expression Inventory (STAXI), 26127
Statistical Analysis [See Also Central Tendency Measures, Cluster Analysis, Confidence Limits (Statistics), Consistency (Measurement), Effect Size (Statistical), Error of Measurement, Frequency Distribution, Fuzzy Set Theory, Goodness of Fit, Interaction Analysis (Statistics), Meta Analysis, Multivariate Analysis, Predictability (Measurement), Statistical Correlation, Statistical Data, Statistical Estimation, Statistical Norms, Statistical Probability, Statistical Regression, Statistical Reliability, Statistical Significance, Statistical Tests, Statistical Validity, Statistical Weighting, Time Series, Variability Measurement]—Serials
accuracy of 2 & 3 moment & square & cubic root approximations to noncentral F distribution, 3377
aim & methods & evaluative criteria of clinical assessment & application of signal detection theory to assessment problems, 13139
alternatives to within & between analysis of predictors & criterion in occupational performance prediction validation , 6679

analysis of ESL composition rating severity before vs after training, experienced vs inexperienced raters, 3389
application of information theory statistics to analysis of internal information structure & development of vocalized communication system, infant & adult bottlenose dolphins, 13460
application of statistical comparative methods, assessment of sex differences in song-control system, male vs female songbirds, 36062
appropriateness of & controversy in treating ordinal scales as interval scales in generation of means from assigned scores, 26276
artificial neural network model, analysis of urban intersection collisions, 35772
auditory source identification method & decision theory as statistical model in study of average experimental observables & rms error & variability & parameters of internal distribution, 6802
averaging across observers using generalized context models vs decision bound models of categorization, 13138
Choice of rating scale & data analysis & data reduction, conclusions regarding negative symptoms, patients (mean age 32 yrs) with schizophrenia, 32762
clarifications about taxons & taxometric method, application to diagnosis of psychopathology, 26265
computer program BWPower for determination of power of multiple regression analyses of experimental data with vs without repeated measures, 13124
computer program for evaluating adequacy of sample size & power for comparison of independent proportions in "negative" trials, 3405
computer program for principal component analysis with external information, Ss & variables, 3383
confidence interval equivalence for 2-group mean comparison, 6721
confidence intervals & hypothesis tests using fixed- & random-effects procedures & models in meta-analysis, 6697
data monitoring vs traditional approaches & cost & correction , 6683
description & application & alternatives of statistical methods for defining & determining clinical significance of mental health treatment effects, 26260
development of & problems with Intro Stats method in scientific vs statistical inference, 26258
discrete proportional hazards & psychometrical application of Metropolis-Hastings algorithm & marginal likelihood inference & latent variables & item parameters & survival analysis, 13129
distinction between reliability & information as applicable to simple gain score, 9972
effect of data reanalysis on correlations between met expectations & posthire realistic job previews & reasons for employee turnover, 16109
empirical Bayes approach to Mantel-Haenszel differential item functioning analysis as defined by Educational Testing Service classification system, implications for computer adaptive testing, 19656
equations for computing confidence interval estimates and conducting F tests for intraclass correlation coefficients defined using 3-way random effects models for crossed & nested designs, 13147
evaluation of data path characteristics & fine-grained visual analysis of graphs, 32740
false discovery rate vs familywise vs comparisonwise approach to type I error control in multiplicity problem, 9968
generality vs specificity of creativity & statistical reanalyses of responses to creativity checklists, high school seniors & college freshman, 35536
growth curve approach for computing significant individual change & improvement rates, 55 yr olds & older in outpatient psychotherapy, commentary, 27524
individual & group change in structural equation modeling methodology, 6717
internal consistency & validity of conjoint analysis, assessment of benefits of in vitro fertilization via patient preferences & indirect estimation of willingness to pay, adults, 15424
interrater reliability & diagnostic efficiency & hierarchical functioning of DSM-IV borderline personality disorder criteria, psychiatric inpatients with vs without borderline personality disorder, 14640
issues in & definition of general d' in assessment of sensitivity of perceptual & decisional process underlying multidimensional stimulus identification, 29475
issues in multidimensional unfolding analyses of ranking data for groups, 3382
latent class analysis of classification errors in screening & clinical diagnosis as alternative to classification analysis, 9957
length & depth of corticospinal tract fibers & digital dexterity, reanalysis of data set of 69 different mammalian species using comparative statistics of phylogenic information, 23312
levels of analysis important to & methods used to analyze multilevel data in & use of efficacy as example of multilevel model for group research, 6712
levels-of-analysis framework on best estimates of population correlations & use of meta-analytic results in organizational behavior, 22668
meanings & measurement of clinical significance, 26075
measurement & use of statistical analysis in research, 36064
method for calculating response segment chance agreement & kappa coefficients in determining interrater reliability for scoring Rorschach Comprehensive System, psychiatric patients & nonpatients, 22934
method of handling data, speed & accuracy of data analysis, intervention identification, expert data analysts, 35639
methodology for analysis of set of partitions of the same set of objects, 6694
misconception & alternative statistical procedures in language & memory studies, 36065
models & measurement of individual change in multiwave study, 6734
multilevel daily process study designs for consulting & clinical psychology, 32751
multilevel modeling & its applicaiton in counseling psychology research, 25004
new method for imitating model parameters for multinomial data, 6688
nonlinear &/vs traditional linear statistical techniques for assessment of relationship between job satisfaction & compensation & job complexity & locus of control, 19–22 yr olds,1979–93, 32381
nonlinear systems identification of salicylate vs noise-induced cochlear damage, gerbils, 31
normative comparisons for evaluation of clinical significance of psychotherapeutic interventions, 26283
online tutorial for experimental research design & statistical analysis & problem-solving ability, undergraduate psychology majors, 15874
power of univariate & multivariate analyses of repeated measurements in controlled clinical trials, 13141
prediction from current Munsell spacing assessments of principal hue components alpha perceived in each color j, adults, 13202
predictive & convergent validity of analytic hierarchy process vs conjoint analysis methods of attribute variation, college students, 6713
proposed guidelines for & explanations of statistical methods in psychology journals, 28896
quantitative assessment of degree of right-handedness & ear dominance & ocular dominance & line bisection performance & lateral eye movement preference, 18–49 yr old right-handers, 35863
rank test statistical method for evaluating clinical testing scores, outpatients with panic disorder & agoraphobia, 16334
rationale & step-by-step procedures for assessing predicted pattern testing, 9969
recovery after psychotherapy treatment & use of base rate in sensitivity analysis of treatment effectiveness, 15129
recursion method for computing cumulative hypergeometric probability distribution, 3375
research design & analytical strategy, ability to predict future smoking, students assessed from age 12 to age 18 yrs, Netherlands , 10842
sequential Scheffé-type respecification procedure for controlling Type I error in exploratory structural equation model modification, 13133
sex & species difference in forebrain commissures & ratio vs geometric vs linear regression vs allometric method of adjusting for brain size, rats vs mice, 13519
statistical analysis of medical care costs attributable to cigarette smoking, 15488
statistical analysis of probabilities of & age at marriage, 15–49 yr olds living in outer Hebridean islands, 1861–1990, 23870
statistical analysis of psychokinetic experiments with dice, 26465
statistical characteristics of d' & beta estimates of signal detection theory , 9967
statistical method for testing association patterns of social animals, dolphins, 3374
statistical methodological advances in & models for handling clinical trial drop-outs & usage in intent-to-treat analysis, 60–90 yr olds in 12-mo trial of nortiptyline treatment for major depression, 18714
statistical methods for defining user groups & organizing information in computerized public access systems, college students & administrative staff & teachers , 35747
statistical methods for documenting development over time & identifying processes underlying developmental patterns, at risk children & their families , 6686
statistical model for maternally recalled pubertal developmental milestones, mothers & twin daughters, 4406
statistical power of analytic methods for small sample longitudinal clinical trials with missing data, 26257
statistical survival analysis for longitudinal study of clinical & efficacy & theoretical applications in normal & disordered speech & language development, 16406
statistical-analytic procedure for estimating personnel-selection/-classification decision benefits when criterion estimates are equi-correlated, 9583
statistics for composite distribution of 2 populations with known distributions, 13123
structural equation analysis of factorial model best fit of date for California Verbal Learning Test—Children's Version in standardization sample, 20493
structural equation modeling for models using principal components analysis, 32734
suitable experimental situations for use of null hypothesis testing, 26275
survival analysis methods in clinical assessment & treatment evaluation, fictitious alcohol rehabilitation patients, 6618
survival analysis of consonant normalization, 3–5 yr olds with speech delay, 2 yr study, test of strong delay hypothesis, 18217
symmetric proximity matrix structures & strongly anti-Robinson or circular strongly anti-Robinson restrictions, 6699
three mode principal components analysis, joint orthomax rotation of core and component matrices, 6701
Thurstonian modeling of ranking data through mean & covariance structure analysis, 36063
Twisted Pear theory of prediction of rehabilitation outcome, 28744
unfolding model of cognitive & behavioral change over time, smokers being treated with hypnosis for smoking cessation, 26268
use of control charts for analysis of baseline stability, , 32741
use of Fechnerian metrics in computation of subjective distances among stimuli in continuous multi- or unidimensional stimulus space, 29434
use of generalizability theory for assessing dependability of measurement & errors of measurement in counseling psychology research, 16407
use of graphical models for exploratory data analysis & inference & presentation of data in counseling psychology, 16414
use of hierarchical linear modeling for analysis of data collected within groups, 6715
use of log-linear analysis to examine relationships among categorical variables, 126
use of neural network analysis for sensitized responses to amphetamine vs apomorphine, male rats, 10605
utility of generalized single-case randomization tests for single-case experimental contexts & as extensions & adaptations of previously proposed randomization procedures, 13026
validity & effectiveness of anthropometry basis grouping technique, classification & identification of individual differences in hand-related parameters & body height & weight, college students, 36060
validity & reliability of experimental functional analyses for challenging behavior, 22–61 yr olds with severe or profound intellectual disability, 16-mo study, 16409

Statistical Data—Serials
3-way 3-mode hierarchical classes model for analysis of individual differences in binary object & attribute arrays, 13137
data monitoring vs traditional approaches & cost & correction , 6683
estimates of cross-validity for stepwise regression & with predictor selection, population samples, 9977
evaluation of data path characteristics & fine-grained visual analysis of graphs, 32740
fitting ARMA time series model as structural equations model using lagged data, commentary, 13027
flexible logit regression approach that allows regression of latent states occupied at various points in time on time-constant & time-varying covariates, secondary school pupils' interest in physics, 26274
generalization of p* model for dichotomous social network data, 36066
integer-valued first-order autoregressive Poisson process adapted to represent time-dependent correlations among longitudinal count data , 13125
large sample theory & development of asymptotic closed-form interval estimate of intraclass correlation for natural score association with each category case , 36061
Markov models for ordinal panel data that take into account dependencies caused by within- and between-subject variability, 19659
mixed generalized estimating pseudo-score equations approach & distribution free multiple imputation technique for estimation of multivariate probit model with missing values, 19672
multivariate tests for correlated data in completely randomized designs, 26266
one parameter item response theory model with normal item characteristic curves for modeling of change, 26272
partition maximum likelihood & generalized least squares 2-stage estimation methods in analysis of covariance structure of normative ipsative data, 6687
procedure for generation of correlated multivariate nonnormal distributions , 13134
procedure for generation of correlated multivariate nonnormal distributions, erratum , 22930
quasi simplex model estimates of reliability, simulated Monte Carlo data & life satisfaction survey data collected from adults living in Russian territory, 13127
Rasch model & studying experimental data, 3388
statistics for composite distribution of 2 populations with known distributions, 13123
suicide certification reliability & sensitivity, World Health Organization mortality data for 15–75 yr olds & older, 20 higher-income countries, cross-national research implications, 27812
synthetic data analyses of methods to examine stability of data clustering, 36059
teacher & student mode of computer program AnoGen for generation of ANOVA data sets in teaching of statistics, 32229
Thurstonian modeling of ranking data through mean & covariance structure analysis, 36063
use of component analysis of ipsative variables & partialling mean as alternative to ipsatization, application to data from Rosenberg Personality Questionnaire, 16295
use of control charts for analysis of baseline stability, , 32741
use of genetic algorithms in analysis of questionnaire data concerning attitudes toward courses, college students, 26263
use of graphical models for exploratory data analysis & inference & presentation of data in counseling psychology, 16414
use of hierarchical linear modeling for analysis of data collected within groups, 6715
validity & generalizability of health-related data from studied Ss to Ss not studied, 19566
Statistical Data—Books
Presenting your findings: A practical guide for creating tables, 29445
Statistical Data—Chapters
Categorizing homicides: The use of disaggregated data in homicide research, 6726
Sources of homicide data: A review and comparison, 8427
Statistical Estimation [See Also Least Squares, Maximum Likelihood]—Serials
ability estimation methods in computerized adaptive testing, 3365
Bayesian optimal estimation approach to visual perception & learning, Kalman filter model , 16509
Bonferroni's correction in calculation of multiple correlation coefficients, implications for psychiatric research , 16
bootstrap method for obtaining standard errors and confidence intervals of composite reliability for congeneric tests, 6718
calculations of percentage agreement & phi & kappa & Pearson's r for standardized estimation of Rorschach interrater agreement, 22928
coefficient alpha & estimation of composite reliability with interrelated nonhomogeneous items using structural equation modeling, 6719
comparison of 4 estimators of non-parametric analogue of omega squared measure of effect size, 19673
computation of upper & lower bounds on VC dimension & pseudodimension of feedforward neural networks, application to learning, 3209
computer simulation of optimal data placement & psychometric function estimation for psychophysiological stimuli, 36120
entropic prior for multinomial parameter estimation problems & solution for maximum a posteriori estimator, structure discovery & learning in conditional probability models, 26256
estimates of cross-validity for stepwise regression & with predictor selection, population samples, 9977
generalizability theory model for estimating reliability of test scores composed of testlets, 4th & 8th & 11th grade students, 26228
Gibbs sampler for Bayesian estimation of Thurstonian ranking models, 19675
heuristic for prediction of presidential greatness from popular vote victory margin, 9971
issues in nature of authority & estimation of obedience rates & sex differences in obedience & changes over time in Milgram obedience paradigm, 30395
item parameter estimation procedure developed using EM algorithm for continuous item response model, 6725
item response theory model selection & misspecification on classification decisions made using computerized test, 19663
joint estimation of feature transformation parameters & Gaussian mixture model for speaker recognition systems, 29520
large sample theory & development of asymptotic closed-form interval estimate of intraclass correlation for natural score association with each category case , 36061

latent class variability model, estimation of consistency of interindividual differences & occasion specificity, 17–77 yr olds, 9963
maximum vs weighted likelihood vs maximum expected vs essentially unbiased maximum expected vs expected a posterior methods for reducing bias in computerized adaptive test trait estimation , 29444
measurement bias & fluctuating asymmetry estimates in evaluation of environmental or genetic variation in population or individual quality, 9961
method for estimating population prevalence of serious emotional disturbance, children & adolescents, 6690
methodology for estimation of ultrametric trees calibrated on pairwise proximity judgments of stimuli, 6742
metric vs nonmetric multidimensional unfolding model & estimation procedure, joint space representation of rank-order preferences, college students, 32738
mixed generalized estimating pseudo-score equations approach & distribution free multiple imputation technique for estimation of multivariate probit model with missing values, 19672
model for comparison of location & dispersion between variables & Bayesian analysis of square contingency tables with ordered categories, 19668
partition maximum likelihood & generalized least squares 2-stage estimation methods in analysis of covariance structure of normative ipsative data, 6687
probability estimates & paths to consonant normalization, male vs female 3–5 yr olds with speech delay, 18216
problems with null hypothesis vs other methods used in statistical inference, 29441
procedure for empirical initialization of trait estimator in adaptive testing, human Ss, erratum, 29443
procedure for empirical initialization of trait estimator in adaptive testing, human Ss, 9979
quantification of synergism of FR combinations of morphine sulfate & clonidine hydrochloride, antinociception, mice, 20373
quasi simplex model estimates of reliability, simulated Monte Carlo data & life satisfaction survey data collected from adults living in Russian territory, 13127
relationship between statistical sample size ratio & latent trait distribution & item parameter estimation with nominal response model, 9962
reliability of spatial embedding estimated correlation dimension from spatial embedding of single-variable time series data in reconstruction of EEG state-space dynamics, commentary, 26681
reliability of spatial embedding estimated correlation dimension from spatial embedding of single-variable time series data in reconstruction of EEG state-space dynamics, commentary reply, 26683
sample size & estimation method & model specification, structural equation modeling fit indexes, 9964
sensitivity of maximum likelihood & generalized least squares & asymptotic distribution-free based fit indices to model misspecification, 6698
statistical characteristics of d' & beta estimates of signal detection theory , 9967
statistical estimation of annual IQ gains of WAIS-R vs -III & WISC-R vs -III, 1972–1995, 4770
statistical estimation of expected number of annual prison suicides based on age & gender & opioid dependence, 15–54 yr old inmates, England & Wales & Scotland, 27777
statistical-analytic procedure for estimating personnel-selection/-classification decision benefits when criterion estimates are equi-correlated, 9583
theory & application of maximum likelihood estimation algorithm for "proper" binormal model for receiver operating characteristic , 13140
use of Excel in solving best fitting parameters for multinomial models, 3379
word frequency & repetition & lexicality effects, shifts in RT distributions & estimates of central tendency in word recognition experiments, college students, 9956

Statistical Estimation [See Also Least Squares, Maximum Likelihood]—Chapters

Comparing and integrating findings across populations, 11653

Statistical Measurement [See Also Central Tendency Measures, Conjoint Measurement, Frequency Distribution, Predictability (Measurement), Statistical Norms, Statistical Probability, Variability Measurement, Variance Homogeneity]—Serials

double cross validation vs bootstrap procedures for assessment of replicability of results via computer programs, 3373
method for measuring interrater agreement on checklists & statistical simulations, 22935
models & measurement of individual change in multiwave study, 6734
recommendations to report effect sizes & confidence intervals & values that bear on results for improved analytic practice & replicability in research & reporting of statistical measurement, 19139
recommendations to report effect sizes for improved analytic practice & replicability in research & reporting of statistical measurement, commentary response, 19140
recommendations to report effect sizes for improved analytic practice & replicability in research & reporting of statistical measurement, commentary, 19127
reconsideration of L. L. Thurstone's scale modeling of relationship between attitudes & behaviors, 11–16 yr olds, 7878
role for single case statistical studies in psychotherapy research, 15134
standardized regression-based approach to evaluation of cognitive changes, 63–69 yr olds with Alzheimer's disease or vascular dementia or Pick's diseae, 15040
use of graphical models for exploratory data analysis & inference & presentation of data in counseling psychology, 16414
use of risk-ratio & odds-ratio & population attributable fraction epidemiology measures as means of influencing public policy, 36068
use of statistical process control techniques to monitor quality of mental health center outpatient service delivery & global client outcomes, adult clients, 29437
validity & reliability of experimental functional analyses for challenging behavior, 22–61 yr olds with severe or profound intellectual disability, 16-mo study, 16409

Statistical Measurement [See Also Central Tendency Measures, Conjoint Measurement, Frequency Distribution, Predictability (Measurement), Statistical Norms, Statistical Probability, Variability Measurement, Variance Homogeneity]—Chapters

Statistical methods in clinical research, 9983

Statistical Norms—Serials

normative justification for information gain in P. C. Wason's optimal-data selection task, commentary, 10110
normative justification for information gain in P. C. Wason's optimal-data selection task, commentary reply, 10087
norms for concreteness & emotional valence ratings of 200 monosyllabic & 199 three-syllable nouns, college students, 19892
oral reading scores on National Adult Reading Test, estimation of variability of demographically corrected norms of neuropsychological functioning, healthy 20–81 yr olds , 16361
recovery after psychotherapy treatment & use of base rate in sensitivity analysis of treatment effectiveness, 15129
renorming & rescaling of raw scores of Luria-Nebraska Neuropsychological Battery-Form I, 19–90 yr old medical patients, 13095
Swedish norms for motor actions in dimensions of familiarity & emotionality & motor activity & memorability, 18–57 yr olds, 6823

Statistical Norms—Chapters

EEG database-guided neurotherapy, 26692

Statistical Power—Serials

accuracy of 2 & 3 moment & square & cubic root approximations to noncentral F distribution, 3377
computer program BWPower for determination of power of multiple regression analyses of experimental data with vs without repeated measures, 13124
confidence interval for ordinal multiple regression weights, Type I error & coverage & power, 29439
loss of power & adaptation of statistics for use of partial information to increase power & ways of obtaining partial information in longitudinal studies, 26264
maximum covariance analysis of schizotypy construct measure robustness & latent taxonic structure, college students, 11423
p values & likelihood ratio & strength of experimental evidence in scientific communications, 124
power of F test in split plot design, 3376
power of univariate & multivariate analyses of repeated measurements in controlled clinical trials, 13141
statistical power & Type I error in MANOVA simultaneous test procedures, 6723
type I error probability & response trends & power achieved by regression of repeated measures across a normalized time domain, 26269

Statistical Probability [See Also Binomial Distribution, Statistical Power]—Serials

3 reliability estimates derived for Bayes modal & maximum likelihood estimates of the latent trait measured in computerized adaptive tests , 29440
additive vs Bayesian models of base-rate use in judgments, adults, 13301
Bayesian inference & relationship between cognitive algorithms & information format, college students, Austria & Germany, implications for teaching statistical reasoning, commentary reply, 19810
Bayesian inference & relationship between cognitive algorithms & information format, college students, Austria & Germany, implications for teaching statistical reasoning, commentary, 19815
Bayesian inference & relationship between cognitive algorithms & information format, college students, Austria & Germany, implications for teaching statistical reasoning, commentary, 19823
Bayesian optimal estimation approach to visual perception & learning, Kalman filter model , 16509
computational Bayesian model for object recognition in 2-dimensional affine transformations as model of human performance on 3-dimensional object recognition, 6440
computer program Cupid, computations with univariate probability distributions, 3384
computerized adaptive testing based on item response theory from perspective of graphical modeling, 29431
Data Augmented Gibbs Sampler in Bayesian random effects model for testlets, 22926
generalized rational behavior signal detection model to predict variation in base rate use while making probabilistic judgments, 13299
Gibbs sampler for Bayesian estimation of Thurstonian ranking models, 19675
item selection methods based on Fisher vs Kullback-Leibler Information for 2- & 3-category classifications in computerized adaptive testing using sequential probability ratio test, 29435
mixed generalized estimating pseudo-score equations approach & distribution free multiple imputation technique for estimation of multivariate probit model with missing values, 19672
model for comparison of location & dispersion between variables & Bayesian analysis of square contingency tables with ordered categories, 19668
neural network probability density methods for smooth function approximation & learning in populations of tuned spiking neurons, 6473
normative justification for information gain in P. C. Wason's optimal-data selection task, commentary reply, 10087
normative justification for information gain in P. C. Wason's optimal-data selection task, commentary, 10110
probabilistic applications in structural specification in construction industry, 6412
probabilistic unfolding models & measurement of latitude of acceptance, 6704
recursion method for computing cumulative hypergeometric probability distribution, 3375
response artifact associated with open-ended probability scales, 19684
statistical analysis of probabilities of & age at marriage, 15–49 yr olds living in outer Hebridean islands, 1861–1990, 23870
statistical decision theory & Bayes' theorem in framework for psychology of clinical judgment & decision making, 28564
use of Gibbs sampler in Bayesian approach to compute posterior distribution over parameters of structural equation model given covariance data & prior distribution, 13142

Statistical Regression [See Also Linear Regression, Multiple Regression, Nonlinear Regression]—Serials

analysis of F. Galton's 1894 data on variability of grip strength, visual & auditory thresholds & RT & comparison with modern data, male vs female < 30–70+ yr olds, 10736
application of random coefficient regression model to depict response to outpatient psychotherapy, 28300
applications of least absolute regression residuals to one-way randomized designs with vs without covariate & factorial designs, 26254
comparison of 2 regression approaches for modeling expert judgment in scoring performance assessment of patient-management skills, medical students, 123
estimates of cross-validity for stepwise regression & with predictor selection, population samples, 9977
hierarchical regression analysis in structural equation modeling, 13128
integer-valued first-order autoregressive Poisson process adapted to represent time-dependent correlations among longitudinal count data , 13125
multifactor logistic regression analysis of factors simultaneously affecting choice of feeding site, Steller's jays, 23223
multigroup confirmatory factor analysis in theorems for condition of group variance in regression intercepts, adults, 6709
univariate logistic regression mathematical model & software & applications, 9960
use of logistic regression in studies of animal contests, commentary, 3380

Statistical Regression [See Also Linear Regression, Multiple Regression, Nonlinear Regression]—Books

Applied regression analysis and other multivariable methods (3rd ed.), 3391

A primer on regression artifacts, 32747
Statistical Regression [See Also Linear Regression, Multiple Regression, Nonlinear Regression]—Chapters
Analysis of familial aggregation in a binary trait by logistic regression and the regressive logistic model, 13148
Statistical Reliability—Serials
3 reliability estimates derived for Bayes modal & maximum likelihood estimates of the latent trait measured in computerized adaptive tests , 29440
confirmatory factor analysis of reliability & validity & structure of multiple evaluations of grant proposals by independent assessors, 16408
distinction between reliability & information as applicable to simple gain score, 9972
improving measurement reliability, strength of association between risk factors & childhood psychiatric disorder, parents with 6–16 yr olds with oppositional defiant or overanxious disorders, 67
interrater reliability & diagnostic efficiency & hierarchical functioning of DSM-IV borderline personality disorder criteria, psychiatric inpatients with vs without borderline personality disorder, 14640
method for measuring interrater agreement on checklists & statistical simulations, 22935
methodology & reliability of meta-analytic review , 3291
quasi simplex model estimates of reliability, simulated Monte Carlo data & life satisfaction survey data collected from adults living in Russian territory, 13127
reliability & validity & construct definition, multicoder agreement in analysis of text themes, coders analyzing illness descriptions, 36089
reliability & validity in content analysis, 32759
reliability & validity of assessment of personality disorders, comparison of structured interviews among themselves vs with checklists or self-rating questionnaires, 6605
reliability of adaptive categorical loudness measure, normal & hearing impaired 12–81 yr olds, 19702
response latency measures for biographical inventory, increasing inventory validity, navy recruits, 22831
simultaneous integration & generalization of rotational invariance & successive alpha optimality of principal components, 13144
statistical significance & reliability analyses in recent 'Journal of Counseling & Development' research articles, 20
validity & generalizability of health-related data from studied Ss to Ss not studied, 19566
validity & reliability of ratings of individual behavior & breeding success & well-being of black rhinoceros, zookeepers, 19973
Statistical Sample Parameters [See Also Sample Size]—Serials
dynamic model of cognitive growth in cross sectional populations & prediction of distribution of scores as function of age, 13131
method for detection of equivalence in structural equation models with parameter value variation, application to models of educational attainment or aspiration, 32743
new method for imitating model parameters for multinomial data, 6688
utility of methods for obtaining probability samples & sample characteristics & differences, homeless 18–71 yr olds from Buffalo vs Detroit, 9999
Statistical Samples [See Also Statistical Sample Parameters]—Serials
relationship between statistical sample size ratio & latent trait distribution & item parameter estimation with nominal response model, 9962
standard errors of test scores using bootstrap vs half-sample replication resampling methods in large-scale science curriculum assessments, 3390
statistical power of analytic methods for small sample longitudinal clinical trials with missing data, 26257
task-sampling variability in students' scores as source of measurement error in science performance assessments, 22520
Statistical Significance—Serials
base rate of specific discrepancies between California Verbal Learning Test Children's Version & level of discrepancy for statistical significance, 5–16 yr olds , 9826
Bonferroni's correction in calculation of multiple correlation coefficients, implications for psychiatric research , 16
computer programs to calculate asymptotic confidence limits for partial & squared multiple correlations, 19662
description & application & alternatives of statistical methods for defining & determining clinical significance of mental health treatment effects, 26260
meanings & measurement of clinical significance, 26075
meta analysis & critiques against significance testing in psychology, 36056
procedure for testing the significance of multivariate effect sizes, 26273
SPSS programs for approximate randomization tests, 3381
statistical significance & reliability analyses in recent 'Journal of Counseling & Development' research articles, 20
use of statistical significance testing in quantitative research articles, 1990–1997, implications for use of research in clinical practice, 12575
Statistical Tables—Serials
model for comparison of location & dispersion between variables & Bayesian analysis of square contingency tables with ordered categories, 19668
Statistical Tables—Books
Presenting your findings: A practical guide for creating tables, 29445
Statistical Tests [See Also Nonparametric Statistical Tests, Parametric Statistical Tests]—Serials
age normative precision in identifying disabilities, preschool test for children, 38905
binomial vs randomization vs rank order correlation in Monte Carlo simulation to identify hexagonal structure within J. L. Holland's (1992) theory of vocational interests, 125
effect of statistical model variation on conclusion stability, 6710
empirical fit as an indicator of theoretic fit & performance of maximum likelihood vs generalized least squares estimation in structural equation models, 16411
item selection methods based on Fisher vs Kullback-Leibler Information for 2- & 3-category classifications in computerized adaptive testing using sequential probability ratio test, 29435
maximum likelihood estimator & asymptotically distribution free based test statistics, structural equation modeling of nonnormal multivariate data with small sample sizes & distribution conditions , 32731
minimum-effect tests in general linear model for hypothesis testing on negligible effects of treatments & interventions, 19667
Monte Carlo investigation of standard approach & Bonferroni approach & simultaneous test procedure to control Type I errors with specification search in structural equation modeling, 6695
multigroup confirmatory factor analysis in theorems for condition of group variance in regression intercepts, adults, 6709
perspectives on one- vs two- vs directional-two-tailed tests, 26261
practice of statistical significance tests & atavism & is/ought fallacies & confusion or desperation among researchers' denial resistance to improved practice, 13028
random sampling from population vs scores produced by process in statistical testing, 3272
statistical power & Type I error in MANOVA simultaneous test procedures, 6723
Type I error rate for corrected degrees of freedom univariate vs multivariate vs mixed model vs other recent tests for analysis of repeated measures , 19664
violations of 2-parameter logistic & nominal response models using Lagrange multiplier test or equivalent efficient score test, 36057
Statistical Tests [See Also Nonparametric Statistical Tests, Parametric Statistical Tests]—Books
Statistical analysis of longitudinal categorical data in the social and behavioral sciences: An introduction with computer illustrations, 32748
Test theory: A unified treatment, 26278
Statistical Validity [See Also Concurrent Validity, Factorial Validity, Predictive Validity]—Serials
algorithm & computer programs, generation of simulated plasmodes & artificial data in cluster evaluation research, 32746
binomial vs randomization vs rank order correlation in Monte Carlo simulation to identify hexagonal structure within J. L. Holland's (1992) theory of vocational interests, 125
confirmatory factor analysis of reliability & validity & structure of multiple evaluations of grant proposals by independent assessors, 16408
correlates & validity of MMPI-2 Psychopathic deviate Harris-Lingoes subscales & relation to psychopathy & antisocial behavior, college students, 9895
detection & control for confounding by indication in observational studies of pharmacologic therapies, 22953
double cross validation vs bootstrap procedures for assessment of replicability of results via computer programs, 3373
effect of statistical model variation on conclusion stability, 6710
estimates of cross-validity for stepwise regression & with predictor selection, population samples, 9977
external validity in consumer behavior research & theoretical explanation as basis for solving real-world problems, implications for business school education, commentary, 29428
external validity in consumer behavior research, 29430
external validity of results from use of live socially interactive tutors in song learning experiments, birds, 3400
formula-based vs traditional empirical vs equal weights procedures, accuracy of population validity & cross-validity estimation, 19669
incremental validity & efficacy issues in eye movement desensitization & reprocessing research, 18567
internal validity of conjoint analysis of consumer preferences under alternative measurement procedures, 39020
parallel perspective & social construction of validity in qualitative inquiry & criteria in sport psychology, 9649
reliability & validity & construct definition, multicoder agreement in analysis of text themes, coders analyzing illness descriptions, 36089
reliability & validity in content analysis, 32759
reliability & validity of assessment of personality disorders, comparison of structured interviews among themselves vs with checklists or self-rating questionnaires, 6605
response latency measures for biographical inventory, increasing inventory validity, navy recruits, 22831
role of theory in understanding external validity in consumer behavior research, commentary, 29429
sensitivity & specificity of breathalysers for assessing blood alcohol concentrations, 16–62 yr olds presenting at emergency departments within 10 hrs of injury, Kenya, 23560
simulation of assessment center using videotaped sales presentations & roleplays & group discussions & validity of simulation & accuracy of assessor judgments of job candidates, 26244
validity & effectiveness of anthropometry basis grouping technique, classification & identification of individual differences in hand-related parameters & body height & weight, college students, 36060
validity & generalizability of health-related data from studied Ss to Ss not studied, 19566
validity & reliability of ratings of individual behavior & breeding success & well-being of black rhinoceros, zookeepers, 19973
validity & stability of reports of parenting practices & parent-child relationship constructs within multitrait-multimethod model, 5th–7th grade adolescents, 7530
validity of group mean orientation effects in visual recognition memory tasks, adults, 6854
validity of random search model in visual search task, college students, 3456
Statistical Variables [See Also Dependent Variables]—Serials
discrete proportional hazards & psychometrical application of Metropolis-Hastings algorithm & marginal likelihood inference & latent variables & item parameters & survival analysis, 13129
impact of quadratic terms on probability of type II error in testing for multicollinearity for interaction effects, 13132
indeterminacy of manifest & latent & mixed variables in structural equation modeling, 6708
meaning & identification & treatment of confounders in research, 13159
methodology for estimation of ultrametric trees calibrated on pairwise proximity judgments of stimuli, 6742
model for comparison of location & dispersion between variables & Bayesian analysis of square contingency tables with ordered categories, 19668
types of confounding of success & failure in restraint scores, dieters, 16328
use of log-linear analysis to examine relationships among categorical variables, 126
use of variables in development of research problems & experimentation on mastery motivation, infants, 23699
Statistical Weighting—Serials
ageism & age related preferences & age weighting, assessment of health care benefits, younger vs older people, 15106
confidence interval for ordinal multiple regression weights, Type I error & coverage & power, 29439
differential vs equal weighting in calculating factor scores & reliability of Wechsler Adult Intelligence Scale-III, 16–89 yr olds, 19588
effects of differently weighting interview scores, acceptance vs rejection of admission, minority medical student applicants, 15722
using constrained nonlinear programming to combine job performance predictors, adverse impact & minority hiring & quality of selected workforce, 38948
weighting & nonresponse bias in mail survey, policy & attitudes toward caravan dwellers, Dutch municipalities, 6740
Statistics—Serials
appropriateness of & controversy in treating ordinal scales as interval scales in generation of means from assigned scores, 26276
argument for & against null hypothesis statistical testing & changes in analysis of statistical data in teaching & learning of statistics, 32209
circaseptennian pattern of birth-year distribution, 19 founders of statistical sciences , 4010

cost-benefit analysis approach to teaching ethics & statistics, college students, 12653
electronic textbook & simulation/demonstration & case study aspects of online Rice Virtual Lab in Statistics, undergraduate psychology students, 15875
integrating statistics & problem based learning & computerized data analysis, case study of 2-term university course, 25726
interactive computer program for demonstrations of statistical concepts, undergraduate psychology students, 15870
levels of statistics anxiety, 23–60 yr old African American vs Caucasian American graduate education students, 19335
loss of power & adaptation of statistics for use of partial information to increase power & ways of obtaining partial information in longitudinal studies, 26264
p values & likelihood ratio & strength of experimental evidence in scientific communications, 124
perfectionism as multidimensional construct in statistics anxiety, 22–55 yr old graduate students, 19308
statistics test scores & defense mechanisms, college students, 4787
strengths & weaknesses of mean extremity & percentage agreement & dispersion & correlation & spatial clustering as methods for measurement of consensual beliefs in groups , 6689
teacher & student mode of computer program AnoGen for generation of ANOVA data sets in teaching of statistics, 32229
test anxiety vs study habits vs maths skill, test performance in statistics exam, undergraduates, implications for interference vs deficit models of academic performance, 19306
underestimation of non-accidental self-injurious behavior, suicide statistics of young people, implications for suicidal behavior as policy issue, 18002
use of cardboard & modeling clay to teach statistics to blind college student, 22553
use of Gambler's Fallacy to teach misconceptions about random processes & their effect on statistical interpretations, students in introductory statistics class, 32233

Statistics—Books

Dictionary of statistics and methodology: A nontechnical guide for the social sciences (2nd ed.), 10003
Fundamentals of behavioral statistics (9th ed.), 32568
Improving statistical reasoning: Theoretical models and practical implications, 26421
Intermediate statistics: A modern approach (2nd ed.), 29446
Research methods and statistics, 36094
Statistics for the social sciences (2nd ed.), 22835
Statistics on the table: The history of statistical concepts and methods, 36070
Your statistical consultant: Answers to your data analysis questions, 22940

Statistics—Chapters

Social indicators, 3042
Statistical learning in linguistic and nonlinguistic domains, 13878
Understanding of statistics, 22483

Status [See Also Occupational Status, Socioeconomic Status]—Serials

classroom-based short term Interpersonal Cognitive Problem Solving program, measures of effectiveness & social status, inner city 7–8 yr olds, 4 wk followup, 18637
demonstrator social status & prior foraging success, social learning, hens, 10336
disadvantaged social status, exposure to & mental health effects of perceived discrimination, women & nonwhites & younger people & low education & low income & unmarried, 34068
ethnographic study of humiliation & status enhancement through management of emotions & stigmatized identity & established relationships with regular givers, panhandlers, 23834
judgment of high- vs low-status individuals, perception of experienced vs displayed positive vs negative emotion-eliciting conditions, 17–71 yr olds, 37106
knowledge of law nullification power & defendant status & remorse & gender & national origin & penalty severity & extenuating circumstances, verdicts, mock juries, 29275
prejudice & stereotypic perceptions of own vs lower status group, college students , 1266
prestige class anchoring in across- vs within-class comparative advertising, similarity & association & value & attribute perceptions, undergraduate business students, 32430
role of status in 2nd language comprehension & listening within social relationships, 20826
sex & status, frequency of vocal behavior, nonhuman infant primates, 29731
social structural position & opportunities for friendship, likelihood of problematic friendships, 55–84 yr olds, 7782
status & power & height, sex of partner with hand on top, handholding heterosexual couples, 4716
status processes & expected costs & rewards, mental ability test scores, college students, 4752
status, openness to change & time frame & self's agency in conformity of self-view to views of others, newly married couples , 17562
subordinate vs superior status of subject of action, positive vs negative favorability rating of actor behavior, college students, 14282

Status [See Also Occupational Status, Socioeconomic Status]—Chapters

Conflict, social development, and cultural change, 13927

Stealing [See Theft]

Stepchildren—Serials

perceived understanding & self-disclosure in relationship with stepparents, stepchildren (mean age 21.16 yrs) , 20724

Stepfamily—Serials

1st exposure to living in stepfamily between ages 6–16 & psychosocial outcomes & adjustment, 18 yr olds, 18 yr study, 14153
behavioral family intervention for stepfamilies, 7–12 yr olds with behavior problems & families, 28307
marital quality & stepfamily status & child gender, expressed negativity, families with siblings aged 10–18, 30316
perceptions of stepparent role & adjustment in step families, stepparents & parents vs stepchildren, 7671
strategies for developing & maintaining step-parent–stepchild relationships, stepfamilies with at least 1 child between 10-19 yrs old, 20735
turning points in development of blended families, stepparents & stepchildren, 23895

From marriage to remarriage and beyond: Findings from the Developmental Issues in Stepfamilies Research Project, 10900
A social constructionist multi-method approach to understanding the stepparent role, 10904
Stepfamilies, 7691

Stepparents—Serials

perceived parental behavior & attitudes & personality, young adults from intact vs stepparent families , 20920
perceived understanding & self-disclosure in relationship with stepparents, stepchildren (mean age 21.16 yrs) , 20724
stepmothers & stress, 17497

Stereopsis [See Stereoscopic Vision]

Stereoscopic Presentation—Serials

binocular occlusion & binocular camouflage & vergence-induced disparity cues & perceived depth in Wheatstone–Panum limiting case, 18–40 yr old Os, 19752
disparity of signal & noise elements in stereoscopic depth cues, motion perception thresholds, stereo-normal vs stereo-blind Os, 19753
interocular suppression of half-occluded stereoscopic 3-dimensional images, Os, 3462
random vs symmetrical dot pattern structure, depth separation of stereoscopically overlapped dot planes, adult Os, 10036
stereopsis & relative visual direction & cyclopean rules & binocular alignment, commentary, 26336

Stereoscopic Vision—Serials

1-dimensional & 2-dimensional stimulus components & stereo matching, 163
1-dimensional & 2-dimensional stimulus components & stereo matching, commentary, 36132
1st- vs 2nd-order stereopsis, interpolation of local texture elements for global perception of depth-modulated surfaces, Os, 26353
2nd-order mechanisms in surface perception & stereopsis, adults, 16530
ability to perform sequential stereopsis under single & dual task conditions & vergence control across saccades, 18–41 yr olds with dyslexia, 5151
binocular disparity & discrimination of 2-D mirror symmetry overlaid in depth by 3-D noise plane, Os, 6792
collapse of stereopsis in random-dot-stereograms at isoluminance, Ss, 16493
contrast, depth perception & discrimination & stereo increment thresholds, Os, 10056
cyclopean occlusion cues & quantitative stereoscopic depth for phantom surface, Os, 10029
disparity of signal & noise elements in stereoscopic depth cues, motion perception thresholds, stereo-normal vs stereo-blind Os, 19753
duration of stereoscopically presented pattern & central vs peripheral fixation vs large scanning eye movements, slant estimation of large surfaces, Ss with good stereo-vision, 13223
ecological validity of effect of monocular texture on stereopsis, adults, 36152
feasibility of computer graphics based method, assessment of stereomotion thresholds, adults, 3484
global & local stereopsis in lateral eyed animals, horses, 16991
horizontal & vertical disparity & eye position & other parameters in mathematical model of stereoscopic slant perception, adult Os, 13183
interocular disparity of target & noise & masking of spatial frequency component, stereoscopically viewed phase discrimination of luminance pattern, adults , 19751
model for role of distance scaling in stereoscopic slant perception, Os, 19713
monocular gap size & disparity between left & right eye view of images & unpaired gap stereograms, binocular perceived depth, adult Os, 13196
occlusion, stereoscopic depth discrimination, humans, 13184
perception of barber pole illusion with moving cyclopean boundaries, adults, 3479
perceptual processing of cortical activation associated with 28–36 yr olds, 36433
reverse correlation examination of stereoscopic vision system & depth perception, adults, 36165
role of binocular attention in stereo capture of 3-dimensional configuration imposed on wallpaper, adults, 3489
scalings of vertical disparities to simulate viewing distances, perceived amplitudes of vertically vs horizontally oriented ridges, 24–35 yr old Os, 13195
selective adaptation approach to perceptual depth synthesis processing from stereopsis & motion parallax & texture, college students, 10054
selectivity for absolute vs relative disparity in depth perception, binocular neurons in area VI of awake monkeys, 26585
slanted reference plane, threshold of & sensitivity to differences in perceived depth, 32809
spatial extent of briefly presented cyclopean depth pedestal, stereoacuity thresholds, Os, 19746
spatial frequency & orientation tuning of stereoscopic motion aftereffect, adults, 36176
speed & optic flow patterns, judgments of depth of large targets briefly presented in upper periphery, Os with normal visual acuity & stereopsis, 3490
stereoscopic depth, completion of partially occluded figures with unambiguous parsing from motion cues, adult Os, 10060
stereoscopic discrimination of apparent motion direction of sequentially presented depth patterns produced by random-dot stereograms, 23035
transient-stereopsis system, dichoptic tuning to stimulus in vertical vs horizontal vs orthogonal orientation, Os, 23024
transparency perception asymmetry & contrast thresholds & depth perception & principal nonlinearity in 2nd-order stereopsis, Os, 26333
two-flash apparent motion/depth approach to carrier- vs envelope-dependent performance for luminance-dependent vs contrast-dependent processes in stereopsis & motion, Ss, 19727
vertical acuity of robust ideal observers vs human observers in stereo vision, 24–40 yr olds, 10055
visual processing of stereoscopic motion in Z-axis & in X/Y plane & cyclopean motion, humans & animals, 32836

Stereotaxic Atlas—Serials

adaptation to inverting prisms & mirror spectacles & return to upright vision, reading & shape perception & building of 3 dimensional objects & neuronal mechanisms, 20–28 yr old males, 32822
anticipated vs experienced thermal stimulation-induced pain, regionally dissociated brain activity, healthy adults, 23397
assessed regional cerebral blood flow & other neuroanatomical correlates of sexual vs competitive arousal, 21–32 yr old males, 33243
auditory & visual stimuli, elicitation of P300 ERP & scalp topography, adults (mean age 23.1 yrs), 23389
brain mapping for language & auditory perception, high functioning 18–31 yr olds with autism, 14832
cerebral bioelectrical activity during compression phase of saturation dive, divers, 13620
clinical & EEG patterns & antiepileptic treatment of reading or other language task induced seizures, 18–57 yr olds with reading epilepsy, 5366
computational model of cochlear neuronal stimulation & formation & variability of tonotopic maps in auditory cortex, 32484
computational model of digit-lesion-induced topographic reorganization in somatosensory cortex, 32498
correlation of alien hand syndrome & lesion sites, adult patients with anterior cerebral artery territory infarction, 31197
cortical maps of & orientation scatter in receptive field position & orientation preference of neurons in visual cortex, cats, 33212

damage to portion of primary visual cortex, reorganization of topographical maps in extrastriate areas, 41 yr old male with large calcarine lesion on primary visual cortex, 21529
drug addiction & positron emission tomography & SPECT imaging of living human brain, 5075
EEG frequency during & regulation of voluntary movements in writing, 6–10 yr olds, 4419
face recognition & feature memory, topographic distribution of resulting ERPs, 24–38 yr olds , 10481
functional imaging of regional cerebral blood flow in basal ganglia vs cerebellum during control of movements, healthy volunteers, 3864
hand preference & transcranial magnetic stimulation asymmetry of cortical motor representation, 25–51 yr olds, 33259
Hebbian model for developing topographic projections & ocular dominance maps of lateral competition in primary visual cortex , 32503
intracranial drug self-administration & place conditioning study findings & implications for brain reward mechanisms, rats, 23548
inverse spatial distribution of alpha rhythm frequencies in cortex, 22–50 yr olds with chronic neurosis, 4981
lesion configuration & neuropsychological deficits in depression, patients 35–78 yrs old with left hemisphere vs 33–69 yr olds with right hemisphere strokes & depression , 37303
magnetic stimulation & topography of corticomotor projection to hand & functional reorganization of motor centers & motor recovery, 17–72 yr olds with subcortical infarcts & motor deficit, 24786
map of brain areas requiring calcium/calmodulin-dependent protein kinase II for modulation of courtship conditioning, Drosophila, 20106
map of spatial interactions in middle temporal area cell receptive fields, female monkeys, 23295
method for projecting sulcal pattern of brain onto 2D plane, 19–35 yr old male twins, 3847
NMDA receptor blockage in barrel cortex, classical conditioning-induced changes of cortical body map, adult mice, 23313
non-labeled based nonlinear spatial normalizations using basis functions, 19678
principal component analysis vs multiple signal classification source modeling, localization of somatosensory EPs in somatosensory cortex, amputees (mean age 58.07 yrs), 21481
repetitive transcranial magnetic stimulation, anatomic & physiologic localization of speech arrest & language function, 21–48 yr olds, 29786
revised Talairach-based automated method for pediatric group, lobar brain region measurement, healthy children & adults vs girls with Rett syndrome, 32680
spatiotemporal mapping of neurofibrillary degeneration in normal aging & Alzheimer's disease, nondemented & demented 10–106 yr olds, 18362
synaptic plasticity & lateral connectivity in orientation preference mapping of visual cortex, cats & ferrets, 32490
tasks of central executive component of working memory, regional brain activity, male 20–26 yr olds, 10185
tomographically assessed spatial & temporal aspects of brain activation during covert recitation of forward- vs reverse-sequenced word strings, 19–36 yr olds, 10468
topographic quantitative EEG, chronic marihuana users vs nonusers who were medically & psychiatrically normal, replication, 37581
touch- vs laser heat-evoked cortical field potentials & anesthesia, rats, 23352
use of multi-stimulus visual evoked potential source localization to obtain detailed spatial & temporal map of primary visual cortex, 28–48 yr olds, 36495
variation in frequency & location of sulcal boundaries of Heschl's gyrus in volumetric MRI scans, right vs left handed male vs female 5–12 vs 18–65 yr olds, 3877

Stereotaxic Atlas—Chapters

Combining disruption and activation techniques to map conceptual and perceptual memory processes in the human brain, 33310
The importance of being well placed and having the right connections, 26669
Modern phrenology: Maps of human cortical function, 26668

Stereotaxic Techniques [See Also Brain Stimulation, Chemical Brain Stimulation, Electrical Brain Stimulation]—Serials

repetitive transcranial magnetic stimulation, anatomic & physiologic localization of speech arrest & language function, 21–48 yr olds, 29786
use of microdialysis to compare effects of chemical lesioning on neurotransmitter release, male rats, animal model of neurodeterioration in Huntington's disease, 33473

Stereotyped Attitudes—Serials

accuracy of academic gender stereotypes, male vs female college students, 30353
accuracy of perceptions of performance & talent & effort based on student's demographic group membership, junior high school teachers , 7853
adherence to traditional feminine sex role, compliance with diet & other treatment regimes & onset of diabetic retinopathy, 55 yr old diabetic woman, 15433
age & emotional self-focus, stereotype reliance in source monitoring & identification & neuropsychological test correlates, 62–85 yr olds vs college students, 23148
age & sex, risk factors for suicide attempts, rural adults, Spain, 30837
age related stereotypes as primed by words ''young'' 'or ''old,'' response initiation & execution & reaction time, college students ages 19–21, 16573
ambient task complexity & nature of intrinsic attribute information, global product stereotypes & heuristic processing, college students, 39022
applicant age & job characteristics & perceived degree of match, selection process, 19–22 yr olds , 4756
applicant sex & job characteristics, gender-based hiring decisions, undergraduates , 6287
approaches to reduce negative stereotypes & build community at multiethnic 4 yr college, Native American & Mexican American & Euro-American college students, 12710
attitudes about appearance & personality of psychotherapists & typical psychotherapy situation, 20–38 yr old male vs female novice vs advanced medical vs psychology students, 5522
attitudes toward benevolent vs hostile sexism, female college students , 4654
attitudes toward elderly & stereotypes & self concept & relationship to outer & inner self, 15–30 vs 60–90 yr olds, Japan vs China vs US, 23815
auto-verification in social hypothesis-testing approach to stereotyping & sample size, college students, 27367
classroom activity to address ageism & stereotypes about older adults, 9444
cognitive load & activation of positive vs negative theft perpetrator stereotype, judgment recall of details & guilt finding & severity of adjudication, undergraduates, 16286
cognitive resources & stereotype maintenance & inconsistent target information, college students, 30469
collaborative education, social stereotypes & success of nurse–patient interaction in acute psychiatric setting, community vs undergraduate students, 38671
common social category membership & in-group stereotypes, adults, 23989
competitive vs neutral intergroup relations & level of intragroup interaction, perceived ingroup entitativity & relation to intergroup bias, college students, 7791
conceptualization & thoughts regarding peers with visible physical differences & development of stereotypes about physical disability, 18259
conservatism & values as predictors of negative stereotypes of gay men & lesbians, males vs females, 20913
determinants of associative strength of stereotypes & stereotype development, college students, 14300
development of national prejudice & in-group favoritism & self-stereotyping, White 6–16 yr olds, England, 17372
development of scale, assessment of expectations & stereotypes concerning adolescents, adults, 38
developmental pattern of attitudes & beliefs of toward school subject competency & gender stereotypes & parent/child attitude relationship, male vs female K–6th grade students, 35500
differences & development in in-group favoritism & nationality stereotypes, 15–18 yr olds, Russia vs Bulgaria vs Hungary vs Poland vs Belarus vs Czech Republic, 17366
dissociation of stereotypic trait judgments about & prejudice against Jewish males marrying daughter, college students, 27334
ease in recalling 3 vs 8 stereotyped traits, stereotypicality of subsequent judgment, male vs female college students with low vs intermediate vs high level of prejudice regarding women's sex roles, 20778
employer attitudes toward & stereotypes of Black female personnel, White management personnel, 19404
ethnic-stereotyped mathematics performance expectations with vs without grading accuracy instructions, grades assigned to poorly performed mathematics assignments, White & Asian college students, 1254
evaluation & stereotyping of feminists, undergraduates, 37005
exposure to disparaging humor about men or lawyers as target groups, changes in stereotype & attitude extremity & accessibility, male & female undergraduate students, 27390
exposure to written information about influence of age on memory, attribution of memory failures of old vs young targets, 17–24 vs 60–89 yr olds, implications for modification of age stereotypes, 33582
films with higher vs lesser ''beauty-and-goodness'' stereotype biases, elicitation of social stereotyping based on physical attractiveness, adults , 13883
Five Factor Model perspective on pancultural gender stereotypes, college students, 25 countries, 23919
formation & maintenance of & susceptibility to & methods for combating stereotypes, marriage & family therapists working with homosexual clients, 19189
gender stereotypes in items used to solicit self-ratings of education outcomes, male vs female college students, implications for predicting satisfaction with college, 9518
gender stereotypes, language perception, speakers & listeners, 10077
gender-based stereotyping of males as hypoemotional, counselors & counselors in training & college students, 36998
gender-specific performance concerns, performance on standardized math tests, males vs females, 12680
goal-related motivational influences on activation & application & inhibition of stereotypes & social cognition, commentary, 23988
goal-related motivational influences on activation & application & inhibition of stereotypes, 23991
group vs individual differences in rating accuracy of gender differences on behaviors & traits, male vs female students, 27371
history & psychosocial determinants & dynamics of & solutions to prejudice, Central Europe, 30464
images of patients in nursing magazine advertisements, reflection of health care needs & realities in males vs females & elderly vs younger persons, 15383
importance of ethnicity & gender & personal attributes in different activity domains & role of stereotypes, Dutch & Turkish 10–12 yr olds, 17385
impression-management goals, contents of group stereotypes, college students, implications for social-evolutionary model, 23994
influence of Asian stereotype threat on mathematical test performance, adult White males, 11143
intelligence level & ethnic attitudes & authoritarianism, accuracy of stereotypes of academic performance of ethnic groups of high school students, 19–43 yr olds, 11144
manipulation of stereotype rating task, social identity & attitude responses, university students, UK , 1247
motivated inhibition & activation of conflicting stereotypes in impression formation & reactions to praise vs criticism from Black doctor vs manager, White male college students , 37119
motives to confirm or maintain group stereotypes & high vs low social identity orientation, future behavior expectation formation, female college students, 7858
news coverage of political issues, formation of racial or ethnic stereotypes & political cognitions, college students, 36685
organizational context, occupational gender stereotyping, male vs female college students, 25850
perceived group stereotypicality & perceived group dispersion, judgments & help seeking behavior, White males, 7843
personality differences & stereotyped attitudes toward other musicians, folk fiddle players & Salvation Army brass band members, 11197
positive mood, impression formation about ingroup & outgroup members, 19–39 yr olds, 7840
preconscious control of female stereotype activation through chronic egalitarian goals, human males, 27387
prejudice & stereotypic perceptions of own vs lower status group, college students , 1266
prejudice/racism, ratings of liking for stereotypically- described minority scholarship applicants, college students, 20853
presence or absence of stereotype information, judgments about appropriate punishments of adolescents for accused transgressions, 9th graders, 14012
priming with stereotype words, hostility related vs unrelated first impressions & diagnostic ratings of patient identified as Black vs race undisclosed, 24–60 yr old therapists, 28873
reconstructive memory & hindsight bias & knowledge of story endings, reaction to victims & perpetrators in various scenarios, undergraduates, 27317
reports & contexts of & motivations in consensual participation in undesired sexual activity & traditional sex role endorsements, 17–30 yr olds in heterosexual dating relationships, 4678
role of affective state & behavioral intent in shaping outgroup social stereotypes, college students, 27313
role of gender in sexualization over time of Whites' popular media images of Native Americans, 33572
self-categorization & emotional reactions to ethnic minorities & ingroup stereotypes, 16–18 yr old ethnic Dutch secondary school students, 27082
self-image threatening feedback, activation of stereotypes in presence of Asian or African American target, college students, 1265

self-stereotyping self concept & high vs low ethnic identification level, ingroup bias, 18–44 yr old Iranians living in The Netherlands, 14257
sex & exposure to gender stereotyped music video imagery, sexual attitudes, college students, 27375
sex stereotypes of occupations & segregation of employment, college students, 14191
sex stereotypes of occupations & segregation of employment, college students, erratum, 27225
sex-role identity & gender, occupational sex role stereotypes, White South African high school students (mean age 15 yrs), 908
social stereotype expectations, adults, application & development & reliability & validity of stigma consciousness questionnaire, 11163
spontaneous vs directed suppression of stereotypes of African Americans, judgment of hostility of African American target, non-African American undergraduates, 1268
static vs dynamic conceptions of people, stereotyped formation, 6th graders, 36811
stereotype suppression as control strategy & its moderating influences, 14272
stereotype threat & math performance, males vs females, 10142
stereotype-incongruent information about group members, central tendency or dispersion in perceived group variability & stereotype change, college students , 37057
stereotypes & intergroup attributions of the German group in a multi-ethnic Italian province of South Tyrol, male members of the Italian group, 27140
stereotypes & negativity bias & discussion of unshared information in decision-making, groups vs individual college students, 7780
stereotypes & testimony of elderly victim/witnesses, juror decisions, 18–91 yr old jury-eligible college students &/vs community members, 29276
stereotypes about inhabitants of ''establishment'' vs ''counter-culture'' campus residences, predictions of residents' behavior, college students, 4744
stereotypes about the Canadian Innu of Davis Inlet, Labrador & images published in daily Newfoundland newspaper, 18–23 yr old college students, 17464
stereotypes concerning actors involved in domestic violence, White females & women of color, 24426
stereotypes of gay men & heterosexual attitudes toward parenting ability & distress & problems & custody reassignment of sons adopted by gay male couples, college students, 30361
stereotypes of popularity & unpopularity, 4th & 5th graders, 941
stereotypical attributes considered to contribute to success in men's collegiate basketball for Black vs White vs Hispanic vs composite athletes, 17–41 yr old college students, 19437
stereotyping effects & parental child rearing orientations, spouses (aged 20–54 yrs) parenting preschool children, 4 yr study, 11033
strength of positive vs negative stereotypes of other sororities, sorority members, 17573
target speaker chronological age of 60–69 vs 70–79 vs 80+ yrs & sex & vocal characteristics, perceptions of vocal age & stereotypes of older adults, young adult listeners, 33922
terror management theory & mortality salience & stereotypic thinking about & preferences for stereotype-consistent vs -inconsistent outgroup member, college students , 37118
the understanding of stereotypes as representations of groups & stereotyping as an activity within contemporary social psychology, 1242
use of cognitive load paradigm to investigate adequacy of popular resource-based vs fit-based explanations of stereotyping, high school & college students, 26403
use of racial stereotypes & transference in psychoanalytic psychotherapy, therapists from minority backgrounds & patients from majority culture & minority backgrounds, 12133
women's hostile & benevolent prejudices & stereotypes about men, 16–86 yr olds, application of the Ambivalence toward Men Inventory, 35896

Stereotyped Attitudes—Books

Gender in the workplace: A case study approach, 25861
Going for broke: The depiction of compulsive gambling in film, 36691
A new psychology of women: Gender, culture, and ethnicity, 11066
Reducing prejudice and stereotyping in schools, 38881
Sexism and stereotypes in modern society: The gender science of Janet Taylor Spence, 1176
Stereotypes during the decline and fall of communism, 17618

Stereotyped Attitudes—Chapters

Automaticity and control in stereotyping, 17622
Climbing out of the pit: From the Black middle class to homeless and (almost) back again, 33732
The cognitive monster: The case against the controllability of automatic stereotype effects, 17619
Consensus and contradictions in understanding domestic violence: Implications for policy and model programs, 21286
Constructing the victim: Popular images and lasting labels, 37010
Culture, counselling and racial issues, 21744
Exploring automatic stereotype activation: A challenge to the inevitability of prejudice, 11175
Hating those different from ourselves: The origins of racial, ethnic, and religious hatred, 21292
Height and our perception of others: An evolutionary perspective, 24000
Mental illness and the myth of violent behavior, 21058
Millie's story: Motherhood, heroin, and methadone, 34384
On the dialectics of discrimination: Dual processes in social stereotyping, 17620
Parallel processing of stereotypes and behaviors, 17627
The politics of category membership in early childhood settings, 2841
Sexism and other ''isms'': Independence, status, and the ambivalent content of stereotypes, 1180
A shifting standards perspective on the complexity of gender stereotypes and gender stereotyping, 1177
Social categorization and social context: Is stereotype change a matter of information or of meaning?, 11177
A social cognitive perspective on age stereotypes, 33946
Stereotype threat and the test performance of academically successful African Americans, 2931
Stereotyping, processing goals, and social identity: Inveterate and fugacious characteristics of stereotypes, 11176

Stereotyped Behavior—Serials

ACTH, oral stereotypies & open field behavior & adrenocortical responses, 4–7 mo old calves housed in long-term tethering, 1 yr follow up, 3900
acute & repeated administration of cocaine, stereotyped behavior, male vs female rats, 26849
antiemetic HU 210, cannabimimetic suppression of locomotor activity & rearing & grooming & elicited vocalization & circling & cisplatin- & emetine-induced vomiting & head-shake, pigeons & male rats, 10571
arginine-vasopressin in suprachiasmatic nucleus, stereotyped flank scent-marking behavior, male golden hamsters, 7181
boldine vs glaucine, raclopride vs SCH 23390 striatal dopamine D1 & D2 receptor binding & apomorphine-induced climbing & sniffing & grooming & yawning & penile erections, male rats & mice, 10531
capsium-oleoresin soil mixtures, soil contact & digging & pelage grooming, northern pocket gophers, 33151
chronic cocaine exposure in late preweanling period, longevity of behavioral sensitization as seen in matrix crossings & stereotypy, rat pups, 4272
coadministration of cocaine or apomorphine with 7-hydroxy-N,N-di-n-propyl-2-amino-tetralin, conditioned place preference & locomotion & sniffing & oral stereotypy & headbobbing, male rats, 17048
cocaine, estrous cycle stages & stereotypic behaviors & locomotor activity, female rats, 20359
contingent instructional-pacing, stereotypic motor behavior, 15 yr old male with acquired brain injury , 34877
cortisol & beta-endorphin levels, stereotypic behavior, horses, 20210
dopamine agonist SKF 82958 & quinpirole, dopamine receptors & sensitization of amphetamine-induced stereotyped behavior, male rats, 23322
dopamine sensitization & amphetamine induced stereotyped behaviors, male rats, 17053
effects of external cues on & motivation underlying bar-related behavior, male ICR(CD-1) mice, 36354
environmental context, sensitization of amphetamine-induced stereotyped behavior, male mice, 26737
environmental context, sensitization of stereotyped behavior, male mice treated with apomorphine, 36525
environmental restriction vs enrichment, development of stereotypy, striatal dopamine D1 & D2 receptor density, mice, 20058
excitotoxic lesions of ventral hippocampus &/vs neonatal medial prefrontal cortex, MK-801 induced hyperlocomotion & apomorphine induced stereotypies, adult male rats, animal model of schizophrenia , 487
feed & environmental enrichment, development of stereotypic wire-gnawing, mice, 338
fluoxetine, expression & development of sensitization to morphine-induced oral stereotypy, male rats, 6 wk study, 36633
higher sensitizing dose of amphetamine, induction of oral stereotypy & tolerance, male rats, implications for elicitation of behavioral disruption , 7211
induction of cocaine tolerance, sensitization of cocaine induced behaviors, male rats, implications for animal model of addiction to psychomotor stimulants, 4130
influence of meal size, stereotyped pecking after feeding, restricted-fed female broiler breeder chickens, 10352
interpretation of gender in ambiguous & aggressive situations, 8.7–10.9 yr old males vs females, 33660
levels of stereotypic behavior, male S with severe developmental delays aged 19–34 yrs at 10 yr follow up, 14825
low vs high dose methamphetamine, extracellular caudate nucleus & nucleus accumbens dopamine levels & locomotion & stereotypic responses, male rats, 36632
physical attractiveness & peer relations & stereotype incongruent behavior, male adolescent delinquents, 18116
picketing vs penning, stereotypic behavior, female Asian elephants in circus, 1996 vs 1998 , 23232
prevention of crib-biting stereotypy, food intake & heart rate & plasma cortisol & beta-endorphin as stress measures, horses, 4057
puzzle feeders with 3 levels of maze difficulty, stereotypies & self biting, individually housed male monkeys with record of self-injurious behavior, 334
repetitive behavior in autism, 34447
self-image threatening feedback, activation of stereotypes in presence of Asian or African American target, college students, 1265
sensitization of locomotor activity & stereotyped sniffing following repeated methylphenidate treatment, rats, 26814
sigma-1 receptor agonists with vs without PCP, stereotyped behaviors, male rats, 692
social contact & user engagement & stereotypy & staff support, 17–57 yr olds with severe intellectual disabilities & sensory impairments in residential settings, 19001
stereotypic & other behaviors, picketed circus elephants, 10314
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta–carboline norharman, 23–60 yr olds with mental retardation & stereotyped &/or self-injurious behavior, commentary reply, 34478
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta-carboline norharman, 23–60 yr olds with mental retardation & stereotyped behavior &/or self-injurious behavior, 11724
stress hormonal & serotonergic parameter & plasma levels of amino acids & beta-carboline norharman, 23–60 yr olds with mental retardation & stereotyped &/or self-injurious behavior, commentary, 34474
subchronic methamphetamine vs restraint stress, stereotypy sensitization & cliff avoidance reaction, Fischer 344/N vs Lewis/N male rats, 4303

Stereotyped Behavior—Chapters

Sex and gender, 1297
Tic disorders and stereotypic movement disorders, 18025

Sterilization (Sex) [See Also Castration, Hysterectomy]—Serials

ethical issues in contraception & sterilization, individuals with mental illness, 1466
historical & psychosocial background of sterilization of mentally handicapped, 1456

Steroids [See Also Cholesterol, Corticosteroids, Progesterone]—Serials

allopregnanolone action at GABA-A receptors & antidysphoric & anxiolytic profiles of selective serotonin reuptake inhibitors, 2328
antidepressant treatment, plasma concentrations of GABAergic neuroactive steroids & its precursors during depression vs after recovery, 34–66 yr old patients with major depression, 12244
compulsive weight lifting & anabolic substance abuse, 21–40 yr old females who were raped, 27778
cortisol & adrenal androgens & dehydroepiandrosterone & & 17-alpha-hydroxyprogesterone, adults with major depression vs chronic fatigue syndrome, 27626
cyproterone acetate, self-injurious behavior, adult male monkeys, 20282
dehydroepiandrosterone sulfate level & psychiatric symptoms, 78–95 yr old frail nursing home patients, 1471
demographic characteristics & motivations for & possible deterrents to use & expectations about effects of anabolic–androgenic steroids, 18–50 yr olds, 30903
demographics & personality factors & steroid expectancies as risk factors, future steroid use, male college students, 21325
differential interaction of benzodiazepines &/vs neuroactive steroids &/vs ethanol, motor function, male mice & Sprague Dawley rats, 10674
dihydroepiandosterone, mania, 68 yr old man, 15315
estrogen & progesterone & anabolic-androgenic steroids, females with mood disorders & males/females with depression or sexual dysfunction , 38237
low dosages of anabolic androgenic steroid, open-field behavior, male rats, 29975
mania onset while using dehydroepiandrosterone, 51 yr old man, 24207
metryapone with vs without dexamethasone pretreatment, plasma concentrations of neuroactive steroids, 33–57 yr olds with major depression, 2389

neuroactive steroids & neurotransmitter & steroid receptors & neuropsychopharmacology & genomic & nongenomic crosstalk, humans & rodents, implications for stress & mental disorder treatment, 33249
neuroactive steroids that modulate GABA type A or NMDA receptors, discriminative stimulus &/or rate suppressing effects of ethanol, male rats, 20264
nitric oxide synthase inhibitor, effects of neurosteroids on aging- & dizocilpine-induced long term memory & learning impairment, mice, 4254
perceived effects of anabolic-androgenic steroids on physical ability & psychological abilities, 18–35 yr old male body builders, 35708
peripheral steroid sulfate, dehydroepiandrosterone & pregnenolone sulfate & memory retention, 8–10 wk old male mice , 36310
plasma steroid hormone levels & expression of paternal behavior, male plainfin midshipman fish, 13672
population density, steroid hormone levels & male-like aggressive behavior, female mice, 4026
prenatal stress & alcohol exposure, adult neurosteroid & catecholaminergic stress responses, rats, 4306
re-evaluation of relationship between aggression & pharmacological properties of anabolic-androgenic steroids & role of social mediation, human males, 7257
reinforcing & discriminative stimulus effects of pregnanolone vs Co 8-7071, rhesus monkeys trained to self-administer methohexital vs pentobarbital, 33476
risk factors associated with adolescent use of doping agents, high school students, 30890
role of brain allopregnanolone content in regulation of penotobarbital-induced righting reflex loss, socially isolated & group-housed mice, 30029
seasonal variations in plasma testosterone & oestradiol & dihydrotestosterone & corticosterone, territorial aggression, female mountain spiny lizards, 20045
sex & estrous cycle phase & biculculline vs flumazenil, plus-maze learning & hyperphagic & anorectic effects of allopregnanolone vs triazolam vs dehydroepiandrosterone sulfate on food intake, rats, 10644
sexually-dimorphic patterns of cortical asymmetry & role of sex steroid hormones in determining cortical patterns of lateralization, humans & nonhumans, 3942
sigma receptor involvement in effects of neurosteroids dehydroepiandrosterone sulfate & pregnenolone sulfate & progesterone on immobility in Porsolt forced swim test of depression, mice & rats, 735
synthetic norethisterone vs levonorgestrel & their metabolites vs allopregnanolone, anxiety & ambulatory behavior, ovariectomized female rats, 4241
vaccinations & steroids, disease progression & moods, 25–57 yr olds with multiple sclerosis, 28033

Steroids [See Also Cholesterol, Corticosteroids, Progesterone]—Chapters

Anabolic steroids, 778
Other drugs of abuse: Inhalants, designer drugs, and steroids, 34394

Stigma—Serials

acceptance vs rejection of persons with vs without stigma of AIDS in rental situation, landlords, 11838
AIDS-related stigma, volunteerism & satisfaction & burnout, AIDS volunteers, 18317
associative & rule-based theoretical model of social-cognitive & psychological factors in HIV-related stigma, 18313
attitudes toward homosexuality & people with AIDS & stigmatization, AIDS prevention efforts, African Americans, 18303
attitudes toward homosexuality & sexual prejudice, AIDS-related stigma & attitudes toward AIDS, adults, 18305
attitudes toward injecting drug users & AIDS-related stigma, Black vs White adults, 18300
belief that persons are to blame for their mental illness, prediction of participation in campaign against mental illness stigma, college students, 24132
case study of how new White supremacists present discourse of stigma transformation in magazine ''Instauration'' , 33741
challenge to Board of Medical Practice to refrain from asking physicians to disclosure their own history of mental illness as way of reducing stigma of mental illness, comment & comment reply, 12564
collective representations or shared meanings in situational construction of social stigma & low self esteem, African American college students & overweight women, 11151
disclosure of HIV status, anticipated & perceived & directly experienced HIV-related stigma, 44–80 yr old Black females caregivers of children with HIV, 12469
disease severity & fear of negative evaluation, interpersonal & psychological difficulties, 18–91 yr old psoriasis patients, 1941
emotional responses & stigmatized reactions to heterosexual vs homosexual person with HIV vs cancer with symptoms of low vs high seriousness, male vs female secondary education students, 24684
enigma & therapeutic dilemma in use of ECT in late-life depression, 8973
experiences of stigma & discrimination, 12–94 yr old mental health consumers, 30637
HIV-related stigma, HIV testing & care for HIV+ persons & disclosure decisions, 18301
illness attitudes & related stigma, health care response & delivery, homosexual men & injecting drug users & other people with AIDS or HIV, 18304
knowledge of mental illness treatment & advances, attitudes toward dangerousness of mentally ill & stigma, 18–32 yr old college students, 34055
legal management of HIV-related stigma & relation to HIV-testing behavior & protective privacy laws & psychosocial factors related to stigma, 19522
mainstream social policy analysis on selectivism & social stigma & selectivity by means test, welfare beneficiaries, 5877
passages in accommodation to HIV & status transitions & socially stigmatized identity, 21–60 yr old gay men, 34585
perceived stigma & self-esteem & moderating effects of coping skills & disclosure of mother's sexual orientation, 11–18 yr olds with lesbian mothers, 23765
perceived stigmatization, overweight female African-American & Caucasian adolescents, 949
perceptions of situational transition ascriptions, stigmatization of loneliness, college students, 4731
perceptions of social stigma, adult villagers with onchocercal skin disease, Nigeria, 15 mo followup, 1918
perceptions of stigma & user involvement, service users & providers from child & welfare organizations, Netherlands & Spain & Wales, 28706
perceptions of stigmatization experienced by children of divorced lesbian mothers with vs without live-in partner, college students, implications for child custody determinations, 17523
personal acquaintance with psychiatric patient, affective reactions to patient & stigma, 18–32 yr old college students, 34054
prevalence & etiology & stigma & prognosis & treatment & prevention, gay males with eating disorders, 24644
process & influencing factors & consequences of disclosing HIV infection, 21–51 yr old HIV positive Asian/Pacific Islander females, 28067
processing of persuasive communication from stigmatized vs nonstigmatized sources, majority group adults with high vs low prejudice or high vs low ambivalence toward stigmatized source's group, 11162
public belief & stigmatization & methodological barriers in precluding causal inference between mental illness & violence, 8037
relationship & stigmatizing between Black & White women's groups in a large banking organization, 35641
religiosity & racial socialization, subjective stigmatization, African American 10th–11th graders, 20549
role taking of regular vs physically disabled child, emotional reactions to & explanation of feelings about role, 5th vs 11th grade Japanese vs US children, 17328
social psychology ingroup–outgroup perspective on reduction & discreditation of stigma, patients with severe mental illness, 30607
social stereotype expectations, adults, application & development & reliability & validity of stigma consciousness questionnaire, 11163
social stigma & HIV/AIDS knowledge & sexual risk taking, sexually active heterosexual 18–20 yr olds, 22011
social-psychological perspective on social identity & ingroup-outgroup & prejudice in relation to AIDS-related stigma & need for public attitude change, 18302
stigma & discrimination, users of mental health services, 4852
stigma & perceived quality of life & coping behavior, 18–44 yr old HIV positive mothers, implications for health care professionals, 14967
stigma concealment & thought control in stigma-relevant social interactions, female college students with vs without eating disorders, 31023
stigma of abortion & psychological implications of concealment, 14–40 yr old females, 1 & 2 yr followup, 33983
stigmatization of social & intimacy loneliness, college students, 17614
stigmatized image of being a crack head as barrier to cocaine use, 16–21 yr olds at risk for drug abuse, 18043

Stigma—Chapters

Environmental interventions in schizophrenia 2: The community level, 34765
From stigmatization to patronization: The media's distorted portrayal of physical disability, 36694
Labeling and stigma, 30645
The labeling theory of mental disorder (I): The role of social contingencies in the application of psychiatric labels, 17801
The labeling theory of mental disorder (II): The consequences of labeling, 17795
''Rational suicide'': A contradiction in terms, 11596
Social stigma and self-esteem: The role of contingencies of worth, 27341
Stigma and architecture, 34488

Stimulants of CNS [See CNS Stimulating Drugs]

Stimulation [See Also Afferent Stimulation, Aversive Stimulation, Brain Stimulation, Electrical Stimulation, Perceptual Stimulation, Self Stimulation, Subliminal Stimulation, Verbal Stimuli]—Serials

cerebral blood flow velocity during cognitive stimulation, patients with Huntington's disease, 8621
competitive neuronal responses receptive field stimuli, attention in extrastriate visual cortex, male rhesus monkeys, 13580
deep body pressure administered by Grandin's Hug Machine, arousal & anxiety, 4–13 yr olds with autism, 15409
disturbance effects of environmental stimuli similar to farm conditions, spatial memory, male pigs , 23203
effects of plastic manipulable objects, behavior, captive polar vs spectacled vs sloth bears, 23173
imagery with phobic stimulus, renewal of blood-injury fear, college students (mean age 24.2 yrs), 34222
median nerve & posterior tibial nerve stimulation, somatosensory evoked potentials in brainstem, 4–41 yr old patients with 4th ventricle tumors, 34591
model of physical violence as stimulation seeking behavior & stimulation as behavioral inhibition & treatment, 37486
response to stimulation of whiskers & behavioral & cortical neural plasticity in whisker system, neonatal rats, 23325
rest vs stimulation, regional cerebral glucose metabolism index of dementia severity, patients (mean age 70 yrs) with Alzheimer's disease, 15034
sensory pain thresholds for mechanical & electrical stimulation in nerves exposed to post-injury inflammation, 18–61 yr olds assessed after molar extraction, 5740
standard vs semi-enriched vs enriched environments, behavior, female rats, implications for animal welfare, 23182
testosterone stimulation of medial preoptic area &/vs medial amygdala, amplification vs redundancy of sexual behavior, castrated male hamsters, 7178
variability in rewarding efficacy of self-stimulation & lateral hypothalamus lesions & forebrain–midbrain connectivity in ventral tegmental area, rats, 516

Stimulation Seeking (Personality) [See Sensation Seeking]

Stimulus (Unconditioned) [See Unconditioned Stimulus]

Stimulus Ambiguity—Serials

conflict aversion & preferences & judgments for ambiguous vs conflicting information from single or multiple sources, college students, 33999
contextual constraint in lexical ambiguity resolution in cerebral hemispheres, college students, 6872
delusions of paranormal experiences resulting from affective & cognitive dynamics of interpretation of ambiguous stimuli, 18–60 yr olds, 325
dominant & subordinate meanings of ambiguous words, patterns of ambiguity priming across cerebral hemispheres, low vs medium vs high creative college students, 26572
duration of contact with stimuli & ambiguous multiple stimulus array assessments for preference, reinforcement effects, 32–52 yr olds with mental retardation, 14857
frequency of meaning use for ambiguous & unambiguous words, 36119
grammatical ambiguity vs vagueness, semantic commitments to collective vs distributive interpretations of readings, university students , 13275
interhemispheric interaction, global vs local interstimulus interference & selective attention, college students, 29611
interpretive biases for ambiguous stimuli, socially anxious vs low anxious college students, 24010
lexical form class information & ambiguous referents, word-to-object mapping, 3–4 yr olds , 13939
listener head movements & listener vs experimenter controlled source movement cues, disambiguation of front-back real vs virtual sound source location confusions, college students, 19786
listening & interpretation in understanding speaker beliefs & utterances with vs without ambiguity, 3–7 yr-olds, 33666
model of word recognition & minimization of word ambiguity as explanation of optimal viewing position of initial eye fixation during reading, 16450
patterns of interpretive processing of ambiguous prime stimuli in dysphoric vs positive mood state, college students with high depression scores, 20923
perception of ambiguous motion direction of 1- vs 2-dimensional moving gratings & plaids by motion mechanisms vs surface segmentation, adults, 16521

position of 'only' in sentence structure, eye movements indicating garden path vs syntactically ambiguous processing of relative clause sentences, adult English speakers, 32926
prosodic facilitation & interference in early vs late syntactic closure ambiguity, adult Ss listening to sentences, 10700
prosodic parameters, categorization of meaning of ambiguous sentences, college students, 23631
prosodic structure, interpretation of temporary syntactic ambiguity, young vs elderly adult listeners, 30175
referential context & lexical frequency, syntactic ambiguity resolution in discourse, college students, 246
role of pragmatic constraint & modifiability of noun phrases, interpretation of ambiguous & complex noun phrases, English & Spanish speaking college students, 36677
sensitivity to meaning in response to perceptual ambiguity in drawing sequences, 6–10 vs 19–32 yr olds, 13962
sentence ambiguity, recall & recognition of story information, aggressive 3rd–5th grade males , 37450
sources of sentence constraint on lexical ambiguity resolution, undergraduates, 252
syntactic ambiguity in conjoined noun phrases & sentence comprehension in context of corpus frequency, college students & personnel, 10698
varying signal intensity, perceptual organization of rhythmic auditory sequence patterns, 16–39 yr olds, 201

Stimulus Attenuation—Serials

auditory stimulation change, attenuation & augmentation of P50 EP & sensory gating, 18–45 yr olds, 16963
cortical magnetic stimulation, perceptual timing & characteristics of attenuation to somatosensory stimuli, Ss (mean age 36.4 yrs), 26306
functional consequences of visual focal attention & metacontrast masking for moving objects, 30–63 yr olds, 36157

Stimulus Change—Serials

blocked vs intermixed presentation, color search performance, adults, 32833
change in shape vs spatial arrangement of familiar vs novel objects, cognitive maps & exploratory response patterns, baboons, 33062
continuity & properties of objects in attribution of persistence to physical objects, 5 vs 7 yr olds vs adults , 870
discrimination of small frequency changes in commonly vs less commonly encountered auditory stimuli, college student listeners, 10072
frontal vs profile views of familiar faces vs own face, facial recognition, Os, 32854
objects learned at general vs specific level of categorization, visual encoding & perceived changes in objects, university students, 22993
prototype effects for feature shifts vs head angle vs feature-location variations in face recognition, adults, 10181
rapid pitch modulation of complex tones, mismatch negativity, adults, 10483
target direction change, 2-dimensional tracking of motion by saccadic & smooth pursuit systems, human Ss , 19722
visual pattern discrimination, effect of stimulus changes on neuronal responses in posterior vs anterior inferotemporal cortex, male macaques, 13550

Stimulus Complexity—Serials

age & hearing loss, auditory temporal processing of speech vs nonspeech sounds, 18–40 vs 65–76 yr olds, 18457
auditory stimulus generator & response button & pellet-dispensing nipple in operant apparatus for measuring ability to categorize complex auditory stimuli, koi & tilapia & other fishes, 36074
chemotopic vs combinatorial vs noncombinatorial odorant stimulation, morphological activation in olfactory bulb, zebrafish, 7044
complex motion pattern in random dot stimuli & stimulus presentation order, perceived dot speed & magnitude of speed illusion, human Ss, 3464
complexity of background music, performance on 4 cognitive tasks, introverts vs extroverts, 11205
concentrations of sucrose in water & orange drink & foods, perceived sweetness, male vs female 8–9 yr olds vs adults, 26984
context of multifaceted stimuli & accentuation & sensitization effects in categorization, college students, 36215
ethanol self-administration paired with tone–light stimulus complex as conditioned reinforcer, lever-press responding during extinction, male rats, 10664
intensity discrimination of Gaussian-windowed tones & relation to extraction of spectrotemporal information while processing complex sounds, 25–35 yr olds, 23067
left vs right performing hand & fullness of visual information, spatiotemporal structure of graphic movements, adults, 3874
monotonic vs dichotic musical interval identification, complex tone pitch perception, 61–74 yr olds with high-frequency cochlear hearing loss, 34697
multimodal stimulus combinations, autoshaping & conditioned suppression & instrumental discrimination learning, female pigeons & male rats, 6972
noise, mismatch negativity to complex spectrotemporal sound patterns during non-attend conditions, 18–30 yr olds , 29912
onset cluster complexity in high vs low frequency monosyllabic words, response latency in speeded naming, college students, test of rule-based scheme , 10107
past elemental or configural learning, coding of novel compound stimuli, undergraduates, 32980
position of elements in target & distracter stimuli, accuracy of visual search, 17–48 yr olds, 16508
prosody & linguistic complexity, auditory comprehension, severely aphasic listeners 33–94 yrs old, 34651
rating norms for symbol & icon concreteness & complexity & meaningfulness & familiarity & semantic distance, college students, 36121
role of pragmatic constraint & modifiability of noun phrases, interpretation of ambiguous & complex noun phrases, English & Spanish speaking college students, 36677
semantic consistency, eye movement patterns during viewing of complex natural scenes, college students, 6765
sign obtrusiveness & complexity, perception & evaluation of & preferences for urban signscapes, adults & adolescents, 32447
simultaneous sine-wave speech sources, speech perception, adults, 19768
spatial interactions & gain control processes operating in center-surround contrast–contrast phenomena, Os, 36168
stimulus image information & object complexity & preferred intrinsic object representation, stimulus encoding & object recognition discrimination thresholds, adult Ss, 13170
texture & shape perception, categorization of complex visual stimulus classes, pigeons, 13385
verbal fluency & grammatical complexity, 5–6 yr olds with vs without language disorders & stuttering vs non-stuttering speech disorders, 37724
visual perceptual interference in processing of superimposed motions, naive observers, 19709
visual search task presentation of compound stimuli, visual processing of global & local stimulus features, chimpanzees vs human 24 yr old males, 10245

Stimulus Control—Serials

heuristic approach to stimulus control, 36078
ip ginko biloba extract EGb 761, stimulus control & mediation by 5-HT1A receptor activity, male rats, 10679
promotion vs prevention of awareness of stimulus contingencies during trace vs delay differential eyeblink classical conditioning, 48–81 yr olds, 10184
prompted vs nonprompted differential observing responses in matching to sample task, stimulus overselectivity, individuals with mental retardation, 14859
quantitative model of concurrent 3-term contingencies based on notion that animal behavior is controlled to differing events by stimulus–behavior & behavior–reinforcer relations, 19919
temporal course & stimulus properties & generalization of indorenate vs 8-OH-DPAT, stimulus control over operant responses, male rats, 13830

Stimulus Control—Chapters

Stimulus-control procedures, 3421

Stimulus Deprivation [See Also Food Deprivation, Sensory Deprivation, Social Deprivation, Social Isolation, Water Deprivation]—Serials

psychotherapeutic & health applications of chamber & flotation forms of restricted environmental stimulation therapy, 25265

Stimulus Discrimination—Serials

analysis & mathematical model of relative frequency discrimination of events, pigeons, 33063
attention, localization of stimuli in visual field, 23–33 yr olds, 29506
bilateral vs unilateral brain stimulation & stimulus redundancy, interhemispheric interaction & stimulus identification, college students, 33227
clocinnamox & quadazocine pretreatment, in vivo kappa opioid activity of butorphanol vs nalbuphine as seen in ethylketocyclazocine discrimination & diuresis, rhesus monkeys, 26861
color constancy & visual perception, 25–72 yr olds with unilateral lesions in parieto-temporo-occipital & fronto-parieto-temporal cortex, 18414
cue interactions in triangulation account of distance perception, 18–35 yr olds, 19756
d-amphetamine, prepulse-altered S2 discrimination & ERPs, healthy 20–35 yr olds, 33432
d-amphetamine, stimulus detection & choice behavior & RT, male rats, 7200
discriminability & profitability & cost, visual search & prey choice, pigeons, 3662
discrimination analysis of training-structure effects on stimulus equivalence outcomes, 26488
discrimination of angular velocity during auditory movement in vertical plane, 23–32 yr olds, 26358
discrimination of phenylthiocarbamide & 6-n-propylthiouracil tastants vs their pure solvents, adults , 3443
discriminative stimulus effects of cocaine/heroin speedball effect, male rhesus monkeys, 4230
discriminative stimulus properties of phencyclidine analog N-[1-(2-benzo(b)thiophenyl)-cyclohexyl]piperidine, male rats, 33429
early vision, detecting form & metric attributes in impossible objects as defined by relations between line elements, Ss, 23023
experimenter- vs self-administered ethanol, discriminative stimulus effects, male rats, 4268
formation of stimulus classes on basis of same response in conditional concurrent discriminations during overtraining, rats, 13412
full & partial 5-HT 1A receptor-specific agonists, response duration differentiation & antidepressant effects, male rats, 4182
fundamental frequency discrimination & perception of concurrent vowels & relevance to understanding speech in presence of competing speaker, 59–77 yr olds with hearing impairments, 8708
illumination parameters, signal detection & successive vs simultaneous brightness discrimination, male rats, implications for human vigilance decrement in sustained attention tasks, 23175
interaural time differences, perceptual grouping & selective attention, 21–52 yr olds, 19882
involvement of 5-HT-2C receptors in discriminative stimulus effects of citalopram, male rats, 17068
issues in & definition of general d' in assessment of sensitivity of perceptual & decisional process underlying multidimensional stimulus identification, 29475
matching vs nonmatching to sample contingencies, ability to make delayed conditional discriminations based on color, honeybees, 3646
mechanism mediating tolerance development to discriminating stimulus properties of hallucinogen 2,5-dimethoxy-4-iodo-amphetamine, male rats, 26853
morphine with competitive or noncompetitive NMDA antagonist, development of tolerance to discriminative stimulus effects of morphine & behavioral dependence, male rats, 26739
neurotoxic lesions of prelimbic-infralimbic cortex, acquisition of visuospatial conditional discrimination & working memory, male rats, 36409
number of sample stimuli & number of choices, conditional stimulus–response discrimination in detection task, pigeons, 26479
pedunculopontine tegmental nucleus lesions, level of incentive value of reward & reward strength differentiation & response to changes in reward strength, male rats, 29837
presentation conditions, persistence over time & specificity over spatial frequency of McCollough effect & contingent after-effect & stimulus discrimination, pigeons, 33065
problem solving & ability to distinguish functionally relevant vs irrelevant tool design features, cotton-top tamarins, 16812
prompted vs nonprompted differential observing responses in matching to sample task, stimulus overselectivity, individuals with mental retardation, 14859
proximity & similarity & uniform connectedness of objects, RT to discriminate global letters & orientation of grouped letters & letters composed of separate local elements, college students, 23032
quantal timing & conditions for disappearance of long-range apparent movement & critical interstimulus intervals of downward simultaneity threshold, stimuli presented in continuous alternation, adults, 23029
quasimolecular psychophysical approach in 1-tone masking sample & signal level, signal detection, 19–23 yr old listeners , 13248
reinforcement probability & response cost in symmetrical choice procedure, pigeons, 29697
reinforcing & discriminative stimulus effects of pregnanolone vs Co 8-7071, rhesus monkeys trained to self-administer methohexital vs pentobarbital, 33476
role of associative learning in olfactory host searching, female parasitic insects, 344
role of benzodiazepine & non-benzodiazepine receptor stimulation in discriminative stimulus effects of ethyl-beta-carboline-3-carboxylate at high vs low training doses, rats, 33475
role of medial prefrontal cortex & medial habenular nucleus in discriminative stimulus effects of nicotine, rats, 33454
sample duration & presentation frequency, delayed matching accuracy, pigeons, 29688
sex, discriminative stimulus effects of morphine, rats who were gonadectomized or sham-gonadectomized, 10555
speech resynthesis preservation or degredation of prosodic cues, English vs Japanese language discrimination, college students, 7311
stimulus numeros·ty & density, visual discrimination, pigeons, 3651

type of music, discriminative stimulus properties, Java sparrows, 33084
use of close range chemical cues in discrimination between prey & nonprey species, female digger wasps, 593
use of Fechnerian metrics in computation of subjective distances among stimuli in continuous multi- or unidimensional stimulus space, 29434
use of signal detection theory in psychological stimulus discrimination studies & calculation of signal detection theory measures, 13143
value transfer during simultaneous discrimination, pigeons, 3649
variability & duration of explicit counting strategy during time-intervals discrimination task, 16–45 yr olds, 26392
visual stimulus discriminability, stimulus preceding negativities prior to instructive & feedback auditory stimuli in time estimation tasks, 21–25 yr old right-handed male volunteers, 19695

Stimulus Discrimination—Chapters

Hyperalgesia and response bias following chronic marihuana smoking, 17126

Stimulus Duration—Serials

ability to extract depth from opposite luminance-contrast-polarity stimuli of short vs long duration, Os, 36172
academic stress, erythron variables & hematological changes, 19–22 yr olds tested before & after difficult final oral examination , 601
aging & duration judgments, meta-analysis, 7592
ataxia & simulator sickness after exposure to virtual environment, 19–46 yr old college students, 16216
auditory peripheral model approach to temporal resolution & temporal masking properties of transient stimuli, listeners, 19785
auditory stimulus duration & intertrial interval, linearity of time sensitivity, male rats, 6964
burst durations & rise/decay time & stimulus onset asynchronies, auditory apparent motion, Os, 32883
central vs peripheral script actions & 2 vs 8 sec exposure & 5 min vs 1 wk retention interval, eyewitness memory of robbery, college students , 9748
chronic exposure to morphine, physiologically active corticosterone, male vs female rats, implications for the link between stress & drug abuse, 4232
cues duration & location & stimulus onset asynchrony, inhibition & facilitation in relation to visual target detection, college students, 13186
current pulse duration at stimulation of auditory nerve, pulse train discrimination & combination of temporal information across electrodes & pulse rate discrimination, adults with cochlear implants, 34706
degree of learning or familiarity, retrospective vs predictive estimaes of task duration, undergraduates, 221
direct somatosensory & cortical visual stimulus train duration & subthreshold stimulation, sensory perception & cortical EPs, inpatient 11–31 yr olds with medically intractable epilepsy, 18408
display luminance & polarity & exposure duration, lateralization of categorical & coordinate spatial judgments & processing, Ss, 16609
dopamine D2 agonist quinpirole, temporal discrimination entrainment & attention to darkness signal duration, male rats, 4274
dose & time of nicotine treatment, expression of diverse nicotinic acetylcholine receptor subtypes, model cell culture systems, 4179
dosing conditions of & duration of exposure to caffeine, withdrawal symptoms, adults, 20286
duration of auditory stimulation or length & duration of visual stimulation & elapsed time, recall of original stimulus & level of arousal, undergraduates, 23014
duration of contact with stimuli & ambiguous multiple stimulus array assessments for preference, reinforcement effects, 32–52 yr olds with mental retardation, 14857
duration of forward masking & temporal integration, performance in speech perception tasks, adult cochlear implant users, 15057
effects of presentation duration & distance & context of presentation of stimulus speeds on interceptive performance of fast vs slow apparent movement, 22–33 yr olds, 3436
familiar context, ability to produce target duration, 3–5.5 yr olds, 17247
frequency & duration of stimuli presentation, bias & discriminability matching behavior, pigeons, 23210
frequency vs duration, detection & intensity discrimination of Gaussian-shaped tones pulses in quiet or pink noise background, listeners, 36189
gap detection thresholds & tonal duration, younger vs older adults, 26370
interaural time differences, perceptual grouping & selective attention, 21–52 yr olds, 19882
intermittent vs continuous cold vs foot shock stress, sensitization of extracellular norepinephrine release in medial prefrontal cortex, male rats, 26708
isolation of cue duration interference in partial report, undergraduates, 16639
isolation of cue duration interference in partial report, undergraduates, erratum, 32957
linear vs nonlinear combinations of simultaneous vs nonsimultaneous masking in variable-duration notched-noise, normal adults, model of perception of short-duration speech, 190
modifications of short- vs long-sample choice & successive matching tasks, retention of event duration, pigeons , 23202
nicotine, sustained attention under conditions of high vs low event rate vs weak signal strength, male rats, test of criteria for construct validity of vigilance tasks , 4221
office noise with or without speech & duration & meaning of noise, memory for prose & mental arithmetic, adults, 3529
perceptual structure & detection of deviations from metronomic timing in music, adults, 19783
presentation duration & binary categorization of artificial multidimensional objects, college students, 32916
presentation rate, serial memory, 4–6 yr olds with specific language impairment, 8469
presentation time of backwardly masked phobic vs nonphobic target pictures, skin conductance responses & forced choice awareness, females with spider phobia, commentary, 34221
presentation time of backwardly masked phobic vs nonphobic target pictures, skin conductance response & forced choice awareness, females with spider phobia, 34218
prime duration & semantic-nonassociative vs semantic-associative word pairs, semantic memory facilitation onset & amount & categorization accuracy, humans, 29553
rate of temperature change & peak stimulus duration, heat evoked pain intensity & quality, 20–36 yr old males, 153
recognition as function of exposure duration for objects with low- vs high- vs compound-spatial frequency, adults, 3593
separate vs combined durational effects of phase-final lengthening vs contrastive emphasis, final duration of speech segments & syllables, college students, 6798
signal duration masked by continuous narrow bands of Gaussian noise, NoSo & NoS-pi thresholds, listeners , 13227
stimulus duration & other parameters, misperceptions in perceived single motion, adults, 32841
stimulus onset asynchrony, visual encoding, college students, 19729
stimulus parameters that favor transient vs sustained mechanisms, large repulsion vs attraction tilt illusions, college students, 36177
stimulus pitch & duration & intensity, auditory evoked potentials & auditory late-potential & behavioral thresholds & signal detection, 21–34 yr olds, 23054
stimulus shape similarity & duration & sequence, mathematical modeling of visual working memory organization, adult Os, 3591
tactual information transmission capabilities of multifinger tactual display with stimulus sets at signal durations of 125 vs 250 vs 500 msec, 20–42 yr olds, 32784
temporal information processing of durations in range of seconds vs milliseconds, male vs female undergraduates, 219
temporal position vs proportional variance vs duration, temporal pattern discrimination, adults, 6815
temporal symmetry vs asymmetry, perception of motion & stationarity, college students, 32804
test-retest reliability of mismatch negativity by deviances in sound duration & frequency & intensity, 19–28 yr olds, 33306
time perception & temporal memory for empty intramodal intervals, pigeons, 23214
tone duration & task-irrelevant frequency deviants, individual-level auditory distraction assessed by EPs & attention-switching, 19–36 yr olds, 3508
type of stimulus object & lateral position & direction & type of motion & time for exploratory motion, haptic perception of linear extent, 18–54 yr olds, 32777
variability & duration of explicit counting strategy during time-intervals discrimination task, 16–45 yr olds, 26392
white noise burst duration, temporal loudness integration, 18–31 yr olds with normal hearing vs 59–86 yr olds with sensorineural hearing impairment, 34704
white noise burst vs tone as CSs & number of trials & light-dark cycle & duration of trace interval, trace eyeblink conditioning, male rats, 36316

Stimulus Frequency—Serials

analysis & mathematical model of relative frequency discrimination of events, pigeons, 33063
concurrent changes in frequency & intensity, loudness perception, 18–23 yr olds, 26366
evaluation of optical intensity relation between 2 primaries used to generate Distortion Product Otoacoustic Emissions, adults, implications for identification of cochlear malfunctions, 6799
feeding response to increased frequency of begging from very young vs older nestlings, parent red-winged blackbirds, 3691
frequency & duration of stimuli presentation, bias & discriminability matching behavior, pigeons, 23210
frequency judgments of abstract designs, patients with diencephalic lesions from Korsakoff's syndrome vs temporal lobe vs frontal lobe lesions, 8674
frequency steps connected by frequency glides of various durations or glide replaced by silent interval, thresholds for detection of frequency steps, adults, 26371
frequency vs duration, detection & intensity discrimination of Gaussian-shaped tones pulses in quiet or pink noise background, listeners, 36189
fundamental frequency & amplitude ratios, vowel identification, 18–22 yr olds, 26361
fundamental frequency discrimination & perception of concurrent vowels & relevance to understanding speech in presence of competing speaker, 59–77 yr olds with hearing impairments, 8708
integration of nonsimultaneous frequency components into single virtual pitch, Os, 16540
interstimulus interval & sequential structure & target-to-target interval as determinants of P3 amplitude of target during auditory oddball task, adults, 29897
ironic effects of heard vs read word repetition, age-related memory performance, undergraduates vs 60–94 yr olds, 6909
misleading vs inconsistent postevent information & 1 vs 3 post-target participations, recall of criterion-learned information & retroactive inhibition & interference, 7 yr olds, 23144
modulation rate vs carrier separation vs presentation mode, modulation gap detection, listeners with normal hearing, 32870
negative identity priming contingent on stimulus repetition vs stimulus novelty, college students, 6933
neural mapping of direction & frequency in cercal sensory system, crickets, 13576
repeated cue-event frequency, prospective remembering, 18–32 yr old college students, implications for experimental design, 10187
response bias & perceptual sensitivity in facilitative & inhibitory effects of auditory location & frequency cues & auditory RT & accuracy, college student listeners, 19777
stimulus dimension & amplitude & frequency, saccadic & pursuit eye movements, 23–62 yr olds with cerebral palsy, 5256
test-retest reliability of mismatch negativity by deviances in sound duration & frequency & intensity, 19–28 yr olds, 33306
visual stimulus amplitude vs stimulus frequency &/vs irregularity, tracking with eye-hand vs eye-alone, 24–51 yr olds, 13260
word repetition, true & false recognition of words, college students , 23155

Stimulus Generalization—Serials

conceptual differences in 3 theoretical treatises in analysis of stimulus equivalence, 13021
generalization in photographic activity schedules, 14 yr old female with autism, 1842
morphine training dosage, nalorphine substitution for morphine, female rats, 33407
noribogaine generalization to ibogain stimulus, noribogaine concentration in brain, rats, 23608
somatosensory vs auditory vs visual EPs & generalizability of sensory gating during unilateral passive movement of leg, 22–36 yr olds, 3446
spatial generalization, honeybees, 16752
stimulus generalization & contextual cue changes in accounts of forgetting, commentary reply, 10175
stimulus generalization & contextual cue changes in accounts of forgetting, 10176
stimulus generalization & contextual cue changes in accounts of forgetting, commentary, 10210
tactual equivalence class formation in conditional discrimination & tactual-to-visual cross-modal transfer, 28–67 yr old deaf-blind vs hearing-sighted blindfolded adults, 13264
temporal coding, transfer of serial & simultaneous conditioned inhibitors, rats, 3648
temporal generalization of acoustic stimuli, 19–27 yr old trained musicians vs male zebra finches, test of scalar timing theory & connectionist model of brief auditory events, 10258
tetrahydrocannabinol dose discrimination, (R)-methanandamide generalization, male rats, 7216

Stimulus Generalization—Chapters

Do viewpoint-dependent mechanisms generalize across members of class?, 16537
Evidence accumulation in cell populations responsive to faces: An account of generalisation of recognition without mental transformations, 16961

Stimulus Intensity—Serials
auditory receptor sensitivity to different frequencies at suprathreshold intensities, crickets, 10248
auditory stimulus intensity & distance, trimodal sensory neuron auditory localization & auditory threshold in ventral premotor cortex, macaque monkeys, 10415
behavior, preferences for different light intensities, 2 vs 6 wk old broiler vs layer strain of fowl, implications for poultry welfare, 33022
benzoic acid concentration in taste solutions & sensory profile & kinetic measurement methods, sensory attributes & topography & intensity of pungency, 25–45 yr olds, 26312
change in token identity & intensity of irrelevant sound effect, serial recall, Os, 26373
concurrent changes in frequency & intensity, loudness perception, 18–23 yr olds, 26366
display clutter & intensity & head up vs down location, performance in general aviation cruise simulated fight environment, pilots, 3189
effects of indirect sunlight & propranolol on melatonin blood levels, normal 18–65 yr olds, 584
envelope processing & intensity discrimination, listeners, 36197
frequency vs duration, detection & intensity discrimination of Gaussian-shaped tones pulses in quiet or pink noise background, listeners, 36189
high intensity auditory stimuli, elicitation of P300 component of auditory ERP during sleep, 18–28 yr olds, 33283
inferior colliculus lesions & auditory stimulus intensity & interstimulus interval, prepulse inhibition of acoustic startle, male hamsters, 3878
intensity discrimination of Gaussian-windowed tones & relation to extraction of spectrotemporal information while processing complex sounds, 25–35 yr olds, 23067
intensity of relevant vs irrelevant auditory stimuli, response force in simple vs go/no-go vs choice RT tasks, colleges students, 10073
intensity of sensitization vs desensitization, whole-mouth rinses vs filter papers of vs foods containing capsaicin stimuli, college students, 26313
light intensity & low vs high diet, alarm responses, larval mosquitoes, 3745
luminance differences between 2 visual display frames, visible persistence, adults, 3470
neuroanatomical correlates of auditory system responses to volume & frequency, 21–28 yr olds, 16924
odorant concentration, olfactory ERPs, 17–34 yr olds, 3984
perceived blur of drifting waveforms as function of speed & blur & spatial frequency & quantitative model for distortion of waveforms in motion, adults, 3465
perceptual bias for rising auditory tones, listeners, commentary reply, 19779
perceptual bias for rising auditory tones, listeners, commentary, 19770
reactivation of dormant representations of auditory stimulus with differing frequencies vs intensities, young adults, 195
speech & noise level, speech recognition, normal hearing young adults & 40–69 & 70–80 yr olds with hearing impairments, erratum, 37951
speech & noise level, speech recognition, normal hearing young adults & 40–69 & 70–80 yr olds with hearing impairments, 18467
static vs dynamic variation of interaural time differences vs interaural intensity differences, binaural auditory detection, listeners , 32866
stimulus intensity & elicitation of P300 wave during sleep, adults, 33282
stimulus intensity & lengthening stimulus interval & perceptual style & masking effects, auditory thresholds, 22–47 yr olds, 16539
stimulus intensity & risetime & duration, autonomic & behavioral components of orienting vs startle vs defense responses, 19–39 yr olds, 26723
stimulus pitch & duration & intensity, auditory evoked potentials & auditory late-potential & behavioral thresholds & signal detection, 21–34 yr olds, 23054
test-retest reliability of mismatch negativity by deviances in sound duration & frequency & intensity, 19–28 yr olds, 33306
tone intensity & presentation order, amplitude & consistency of auditory EPs from frontocentral vs temporal sites, 18–23 yr old students, 29892
transient early inhibitory input, processing of interaural intensity difference in auditory midbrain neurons, bats, 10443
varying signal intensity, perceptual organization of rhythmic auditory sequence patterns, 16–39 yr olds, 201
ventral vs regional dorsal striatal lesions, sucrose consumption & positive & negative contrast, male rats, 26587
visual or auditory stimulus intensity, lateralized readiness potential & motor processes during choice reaction time tasks, 19–48 yr olds, 32890

Stimulus Intervals [See Also Interstimulus Interval, Intertrial Interval]—Serials
1–6 times normal speed of American Sign Language on videotape, cognitive processing speed & accuracy of sign & sentence identification & error characteristics, deaf 21–53 yr olds , 24879
artistic response to musical intervals, White vs Black 8–13 yr olds, South Africa vs US, 36769
choice between & preferences for unequal temporal reward sequences, male rats, test of parallel time discounting model , 16748
conditioned–unconditioned stimulus interval modification of 1- vs 5- vs 8-sec, amplitude of unconditioned response, 20–30 yr olds, 29641
increasing retention intervals & decreasing intertrial intervals, working memory, rats, test of the trial tracking hypothesis, 23192
interval timing performance, adult patients with temporal lobe epilepsy with left vs right hemisphere foci , 31333
irrelevant sound presented just before vs early vs late in vs after list presentation, serial recall, university students, 16647
memory decay process in gap timing in neural network Spectral Timing Model & Scalar Expectancy Theory, animals, 16760
memory representation of alphabetic position & interletter distance estimations & comparative judgments of alphabetic order, college students, 16643
morphine, responding under variable interval schedules, rats, implications for R. J. Herrnstein's hyperbolic matching equation & rate related principles, 26801
overshadowing CS–UCS interval, cue competition effects in conditioned lick suppression, rats, test of comparator & temporal-coding hypotheses, 6959
stimulus filling of response-outcome delay, causal effectiveness judgments, 18–35 yr olds, 6864
stimulus intensity & lengthening stimulus interval & perceptual style & masking effects, auditory thresholds, 22–47 yr olds, 16539
temporal coding, transfer of serial & simultaneous conditioned inhibitors, rats, 3648
temporal grouping vs intonation & articulatory suppression, immediate serial recall of digit lists, undergraduates, 3596
terminal-link frequency & duration with vs without food reinforcement, conditioned preference responding, pigeons, 26485
time interval between signal & moving vs stationary masker, backward successive masking & N1–P2 components of long latency auditory EPs, 25–40 yr olds, 16962
time interval judgment training, real time measurement of stuttering, 20–35 yr olds, 31028
time perception & temporal memory for empty intramodal intervals, pigeons, 23214
variable time retention interval & imagined vs actual movement, response programing & reaction time, college students , 23136
varying interval between successive morphine pretreatments, naloxone precipitation of withdrawal symptoms & suppression of operant responding, male rats, 20369
visual field & prefield & stimulus delay interval & hemispheric asymmetry in vigilance & cerebral arousal, 18–31 vs 65–80 yr olds, 7030

Stimulus Intervals [See Also Interstimulus Interval, Intertrial Interval]—Chapters
Behavioral analogies of short lead interval startle inhibition, 23442
Event-related potential components and startle, 23443
Long lead interval startle modification, 23445
Neurophysiology and neuropharmacology of short lead interval startle modification, 23282
Schizophrenia spectrum disorders, 24305
Short lead interval startle modification, 23438
Startle modification during orienting and Pavlovian conditioning, 23444
Startle modification in children and developmental effects, 23675

Stimulus Novelty—Serials
ability to imitate novel actions modeled live vs on TV, 12 vs 15 vs 18 mo olds, 36732
activation of medial temporal lobe & hemispheric lateralization influences on meaning & novelty during memory encoding, 20119
active/passive behavioral strategies & emergence time & tonic immobility during challenging situations, male & female pigs, 10312
amphetamine administered in novel vs home environment, neuronal activation & behavior & c-fos mRNA expression & dopamine release, rats, 7163
atropine vs glutamatergic antagonist HA-966, novelty preference, male rats with lesioned temporal & lateral entorhinal cortices & hippocampal perforant path, 13569
attentional priority & preference of novel context vs target information in visual stimuli, 6 mo olds , 23684
auditory repetitive &/vs deviant somatosensory stimuli, automatic-ERP correlates under stimulus-ignoring conditions, female adults, 566
categorization learning from novel computer-generated stimuli, horses, 29686
category size & similarity to category prototypes, perceptually based false recognition of novel objects, 39–77 yr olds with amnesia, 24822
consistency of context, accuracy of description & weapon focus effect, undergraduates, 29250
context & study status & focused vs divided attention, priming for novel associations in word stem completion, undergraduates, 26397
delayed nonmatching to sample for testing developmental comprehension of stimulus-reward relationship, 9–12 mo olds, 36742
demographic & medical & biologic & self-report measures of drug exposure & visual attention to familiar vs novel stimuli, cocaine vs non-cocaine poly drug exposed 38–44 wk olds & their mothers , 23721
descriptions of route directions as navigational aids & spatial discourse in unfamiliar environments, 19–40 yr old residents of city of Venice, 19804
diazepam & gepirone dosages & novel object vs no object in familiar compartment, novelty-induced place preference, male rats, 20311
discrimination of small frequency changes in commonly vs less commonly encountered auditory stimuli, college student listeners, 10072
exploratory behavior & novelty, cellular activity of nucleus accumbens neurons, male rats, 3972
full attention vs divided attention, word stem completion for novel associations & cued recall & recognition & use of memory strategies, college students, 19848
galanin pretreatment, effects scopolamine vs novel environmental exposure on extracellular acetylcholine release in ventral hippocampus, male rats, 17107
goal specificity & control of computer simulated navigation of novel campus environment, acquisition of survey knowledge, Ss, 19829
handler vs nonhandler exchanged color of coveralls, discrimination between handlers in behavioral tests using operant conditioning, miniature pigs, 10275
high vs low locomotor response to novelty, conditioned locomotor effects in cocaine place conditioning, male rats, 4185
hunger vs satiety motivation state & familiarity with stimulus, behavioral & autonomic responses to artificial & food-related odors, neonates, 26948
identification of novel wordlike units from utterances, college students, implications for children's native language acquisition, 20491
intention to learn novel environmental tones, ERP activity during stimulation with frequent vs infrequent target tones vs infrequent novel environmental sounds & recognition memory, young adults, 20170
labels as cues in formation of subgoals in solving novel problems, college students, test of subgoal learning model, 273
negative identity priming contingent on stimulus repetition vs stimulus novelty, college students, 6933
new perceptual objects, ability to override attentional control settings in spatial cuing task, Ss ages 18–20, 23026
novel changes in pursuit target, anticipatory eye movements during identification of moving acuity targets, 24–51 yr olds, 23050
novel environmental stimuli, susceptibility to amphetamine-induced locomotor sensitization, male rats, 20289
novel situation, stress & event related potentials, 27–43 yr olds, 560
novel stimuli-evoked attentional shifts, peripheral inflammation of sodium urate-injected ankle & endogenous analgesia vs pain-coping, chickens, 20233
novelty & pain, behavior & hippocampal cholinergic activation, male vs female rats, 13527
novelty P3 & P300 component of the brain ERP, students (mean age 19.5 yrs), 20190
object recognition processes of novel objects, expert vs novice adults vs neural network, 3463
parental care & anogenital licking received by parents & exploration of novel stimuli, infant marmosets, 29726
partner familiarity, behavioral & hormonal responses to separation & reunion in novel environment, periadolescent rats, 23433
past elemental or configural learning, coding of novel compound stimuli, undergraduates, 32980
peripheral space that is empty vs contains novel objects vs essential vs supplementary resources, exploratory behavior, young male broiler chickens, 20013
priming for nonwords & new associations during acquisition of novel traces in short term implicit memory, college students, 32921
role of odor cues & visual information in determining familiarization with & subsequent reactions to novel half of exploration box, male vs female rats, 29723

rotation of temporary objects in captive environment, temporary object use, female chimpanzees, 23258
separation & environment novelty, distress vocalizations & blood serum cortisol, marmosets, 16845
stimulus size & novelty, attentional focus, college students, 3610
task difficulty, detection of novelty of object & spatial placement of object in familiar environment, socially housed rhesus monkeys, 13416
taste exposure to good- vs bad-tasting novel vs familiar food, willingness to taste novel foods, 7–9 vs 10–12 yr olds, 30232
time pressure & novelty in task presentation, routine maintenance vs deviation in decision making task, college students, 6837
timing of post test vs novel environment exposure after training, short vs long term memory, rats, 33072
written or spoken word familiarity & novelty, visual & auditory working memory, 5–6 vs 7 vs 8 yr olds, 26987

Stimulus Offset—Serials

frequency of F1, location of phoneme boundaries at vowel onset & vowel offset time in speech perception, adults, 26367
on/off polarity of test stimulus & sawtooth adaptation flicker, detection thresholds for S-cone modulation for red &/vs blue stimuli, 20–33 yr old Os, 10059
time course & attentional responsiveness to onset single-element vs multiple-element precues & accuracy functions across stimulus onset asynchronies, college students, 36281

Stimulus Onset—Serials

2-tone stimuli varying in tone-onset time vs stimuli with amplitude modulation onset delay, magnetoencephalography correlates of categorical-like temporal cue perception, adults, 3914
250 vs 2000 msec stimulus onset asynchrony, automatic & expectancy semantic priming effects on N400, 19–36 yr olds, 16577
attention, visual evoked potentials triggered by motion-onset, 18–43 yr olds, 36181
burst durations & rise/decay time & stimulus onset asynchronies, auditory apparent motion, Os, 32883
center frequency separation vs onset rate vs band width of narrow- vs wide-band noise, auditory stream segregation vs illusory continuity, 18–48 yr olds, 13228
computer simulated gamma filter model of precedence effect model for speech & signal processing of peripheral auditory system, 22762
cues duration & location & stimulus onset asynchrony, inhibition & facilitation in relation to visual target detection, college students, 13186
frequency of F1, location of phoneme boundaries at vowel onset & vowel offset time in speech perception, adults, 26367
long vs short delays & blocking of trials, RT of retrieval from secondary memory in memory scanning task, college students, 13362
long vs short morphine infusion duration, conditioning effects & intraadministration associations & chronic drug tolerance development, rats, 33427
on/off polarity of test stimulus & sawtooth adaptation flicker, detection thresholds for S-cone modulation for red &/vs blue stimuli, 20–33 yr old Os, 10059
onset cluster complexity in high vs low frequency monosyllabic words, response latency in speeded naming, college students, test of rule-based scheme , 10107
priming context & & stimulus onset asynchrony between context & target words, predictive inferences & processing time in reading, college students, 36211
response preparation & stimulus anticipation in underadditive interaction between stimulus onset asynchrony, simple vs choice RT & bottleneck localization in dual tasks, college students, 10139
response rate & stimulus onset asynchronies during metacontrast masking functions, Os, 26331
stimulus onset asynchrony & difficulty of stimulus-response mapping tasks, Psychological Refractory Period effect & practice & interference during dual task performance, Os, 32977
stimulus onset asynchrony, phonological activation in visual word identification & RT in making meaning judgment, native Chinese Putonghua speakers, 10144
stimulus onset asynchrony, visual encoding, college students, 19729
sustained-release vs immediate-release methylphenidate, acute performance & self-rated behavioral & physiological effects, healthy 20–46 yr olds, 695
time course & attentional responsiveness to onset single-element vs multiple-element precues & accuracy functions across stimulus onset asynchronies, college students, 36281
time course of spatial attentional focusing during identification of pairs of spatially overlapping or neighboring letters at various locations around central fixation, 23158
valid vs invalid vs neutral peripheral cues presented at various stimulus onset asynchronies, right visual field advantage in word recognition, right handed 18–32 yr olds, 6932
voice-onset time perception, cortical auditory EPs, 20–36 yr olds, 33303

Stimulus Onset—Chapters

Long lead interval startle modification, 23445
Short lead interval startle modification, 23438

Stimulus Parameters [See Also Size, Spatial Frequency, Stimulus Attenuation, Stimulus Complexity, Stimulus Duration, Stimulus Frequency, Stimulus Intensity, Stimulus Intervals, Stimulus Novelty, Stimulus Offset, Stimulus Onset, Stimulus Salience, Stimulus Similarity, Stimulus Variability, Temporal Frequency}—Serials

ability to extract depth from opposite luminance-contrast-polarity stimuli of short vs long duration, Os, 36172
acoustical parameters playing a role in the production of geminate consonants in Italian & perceptual importance of acoustical parameters, native adult speakers of Italian, 36666
age & task complexity & stimulus degradation & stimulus-response compatibility, P300 latency & RT, 19–26 vs 67–77 yr old males, 10488
age differences & stimulus sex, empathic response, male vs female 13–16 yr olds, 951
alternative- vs dimensionwise information presentation, strategies & adaptive decision making & accuracy, college students, 10140
application of extended generalized context model for categorization of partial objects during time pressure, Os, 26399
attended vs unattended standard vs deviant visual vs auditory stimuli, ERP components, college students, 36492
auditory source identification method & decision theory as statistical model in study of average experimental observables & rms error & variability & parameters of internal distribution, 6802
auditory stimulus bandwidth, auditory neuron discharge & sound localization & localization illusions, owls, 33301
base morpheme position & prime characteristics & morphological vs semantic vs orthographic similarity, morphological processing & lexical decision latency, 29551
bilateral vs unilateral brain stimulation & stimulus redundancy, interhemispheric interaction & stimulus identification, college students, 33227
brief transparent disparities in images presented to each eye & stimulus spatial frequency, orientation & luminance contrast polarity tuning of transient-vergence system, adult Os, 13171
broadband & contrast balanced stimuli, spatial frequency & attentional selection between global & local forms, 18–39 yr olds, 10229
broadband & contrast balanced stimuli, spatial frequency & attentional selection between global & local forms, 18–39 yr olds, comment, 10231
category salience & focus, judgments of set size & frequency of occurrence during recall tasks, college students, 13266
causal status hypothesis & natural vs artifactual category feature interaction effect, feature centrality in relational structure, college students, 6832
central vs peripheral role of identification features, judgments of name & conceptual centrality, college students, 19833
changes in moving stimuli direction, smooth pursuit direction discrimination, Os, 10064
choice & spatial or symbolic stimulus–mapping response compatibility, response time, adults (mean age 27.75 yrs), 10094
chronic pain, processing & recall of self- vs other-referenced pain-related information, 10.5–16 yr olds with vs without juvenile arthritis, 31059
color &/vs orientation distractors, visual search for single-feature targets, adults , 13191
color-word matching, semantic vs response competition as source of Stroop interference, college students, 10117
computer simulation of optimal data placement & psychometric function estimation for psychophysiological stimuli, 36120
concrete vs abstract news items with vs without addition of representative picture, recall of news items, college students, 6900
concrete vs abstract words & word length, spoken vs written serial & backward vs forward recall & maximal speech rate, college students, 29654
contextual effects of differing rod lengths & mass position & adaptation of narrow vs wide range, dynamic touch, undergraduates, 23003
contour path circularity & curvature magnitude & direction change, trends in shape & contour detection & discrimination, adult Os, 13217
delayed nonmatching to sample for testing developmental comprehension of stimulus-reward relationship, 9–12 mo olds, 36742
differences in strength- vs frequency-based mirror effects in recognition memory accuracy, adults, 294
diffuse contextual stimuli with embedded associations & contextual stimuli with features that preceded associations, associations between contexts & features, rats, 23199
discrimination between attentional priming & search- vs interference-based explanations for variable set size effects during item detection task, Os, 26356
display characteristics, exploratory vs goal-directed visual search, adult Os, 6767
display intervals shown in rapid succession, object-specific temporal integration for luminance discriminations with objects defined by apparent motion, Os, 32850
distance between attended items, attention to & identification of target letters, Os, 10018
distinction between discriminative vs function-altering properties of contingency-specifying stimuli as heuristic value in conceptualizing compliance, children (mean 3.5 yrs), 33618
ear of entry & perceived location of synchronous & asynchronous components, mistuning detection, 25–35 yr olds, 6801
early vision, detecting form & metric attributes in impossible objects as defined by relations between line elements, Ss, 23023
effect of perceived area of target on its luminosity threshold, Ss (median age 19 yrs), 29479
effect of presentation of instructional materials on working memory size, management of split-attention & redundancy in multimedia instruction, trade apprentices &/or company trainees, 32347
effect of relative size of global & local levels of visual stimuli on advantage & interference, adults, 3451
effects of auditory stimulus probability & interstimulus interval via ERP on mismatch negativity deficits, schizophrenic patients (mean age 39.3 yrs), 24288
effects of spatial scale of attention on visual feature & conjunction search, 18–25 yr olds vs 63–74 yr olds vs 76–84 yr olds, 29492
electrodermal activity to & RT & psychologically significant stimuli, patients with brain damage (mean age 48.2 yrs), 37925
ERPs during performance of visual oddball vs simple visual paradigms, patients with major depression or bipolar disorder, 4904
experimental setting excitatory value & nonreinforcement, inhibitory conditioning, foraging honeybees, 6963
extinction with partial & continuous reinforcement conditioning in keylight stimuli, pigeons, 10254
fixation disengagement mechanisms in voluntary & reflexive saccades & gap effect, Ss, 29486
gap effect & contrast of pursuit & fixation targets, adults, 32830
haptic vs visual processing of local vs global object features & shape, 18–30 yr olds, 29469
heat pain thresholds as function of assessment method & rate of rise, adult males vs females, 16457
illumination parameters, signal detection & successive vs simultaneous brightness discrimination, male rats, implications for human vigilance decrement in sustained attention tasks, 23175
implication of spectrotemporal parameters, discrimination of resynthesized musical instrument sounds, musicians vs nonmusicians, 13238
importance & urgency of & presence of prod in message left on answering machine, number of return calls as test of prosocial behavior, participants, 1246
influence of previous visual stimulus or saccade on saccadic RTs to target, monkeys, 20054
interstimulus interval & sequential structure & target-to-target interval as determinants of P3 amplitude of target during auditory oddball task, adults, 29897
intertrial interval & number & distribution of test stimuli, quinine taste discrimination, male rhesus monkeys, 20380
irrelevant syllabic auditory stimulus parameters, degree of interference in serial recall of visually-presented syllables, college students, 32963
item surface & edge property integration, saccade accuracy & latency, adults, 26328
lexicality & word frequency & word regularity, reading eye movements & gaze duration & lexical decision ERP RT & scalp voltages, college students, 3911
light level & color saturation, colorimetric purity discrimination, 22–43 vs 62–88 yr olds, 10041
local features or global objects in detection of moving targets in visual search task, college students, test of movement filter hypothesis , 10025
location-specific stimulus expectancies during visual search task, Os, 26329

low micropattern densities & positive interstimulus intervals, motion perception, observers, 32786
manipulation of visual stimulus location, "oddball" event-related potential effect, neurologically intact females, 26575
memory for color &/vs pattern contrast in patterned food containers, male chicks, 16735
mental effort & uncontrollability of stressor, immune system response to physiological stress, 18-28 yr old males, 29962
modality of stimulus effects in compound preexposure to target/nontarget, associative interference account of enhanced latent inhibition, male rats, 13418
model of contribution of room & loudspeaker attributes to speech intelligibility scores, 25-yr-old students with no auditory problems, 23055
modulation in experimental variables speed vs regularity in masking task presentation, latent inhibition, 22–44 yr olds with high vs low schizotypal traits, 17668
Müller-Lyer illusion, saccadic bias & endpoint variability as function of target size & configuration & movement amplitude, male Ss (mean age 26.5 yrs), 16469
neglect & pseudonegect & line length & azimuthal line position & line aspect ratio & line elevation, line bisection judgments, strongly right-handed male Ss , 23272
neural mapping of direction & frequency in cercal sensory system, crickets, 13576
noiseburst level & rate, response threshold & latency/intensity & amplitude/intensity function in compound action & inferior colliculus & auditory cortex potential, chinchillas, 26581
norms for line drawings standardized on name & image agreement & familiarity & visual complexity & image variability & age of acquisition, college students, France, 36116
number & intensity of preexposed stimuli, auditory latent inhibition, 22–46 yr old smokers vs nonsmokers, 14215
number of sample stimuli & number of choices, conditional stimulus–response discrimination in detection task, pigeons, 26479
nursing assistants' use of prompts & praise to increase engagement in daily living activities, residential 85–95 yr olds with dementia, 15573
object & source memory for visually perceived or performed vs imagined events, college students, 29627
object & target size in tasks of various difficulties, manual asymmetries, right handed college students, 26376
object attributes that determine preferred or canonical views, 18–35 yr olds, 36139
object-based visual selective attention & perceptual organization in test of same-object effect, 18–30 yr old Air Force basic trainees, 10065
occurrence of gap effect for aimed hand movements & saccadic eye movements & functioning of superior colliculus, 29527
optimal decision bounds for categorization of multidimensional stimuli, pigeons, 6967
parameter windows & analogues of contextual noise & chaotic dynamics of nonlinear psychophysics, 33339
perception of native & nonnative vowels, college students, implications for perceptual magnet effect, 19771
phase coherence, detectability of Gabor patches chain, adults, 32795
positive vs negative polarity patterns, perception of visual contrast, Os, 36138
preparatory processes & stimulus uncertainty & response compatibility in tactile RT, college students, 32903
presentation of target lines at oblique orientation & orthogonal background elements with various onset delays, performance in pop-out target detection, Ss, 16529
processing of relevant vs irrelevant stimulus features in semantic category word naming version of Simon paradigm, university processing, implications for study of automatic semantic processing, 3538
redundant-target effects for visual search following complete commissurotomy of corpus callosum & hippocampal & anterior commissures, adults with brain damage, 18406
relationship between relatability & minimizing inflections in completing visual contours, 29502
relative luminance & relative area in anchoring brightness perception in 2-region visual fields, Ss (median age 19 yrs), 29498
response bias & perceptual sensitivity in facilitative & inhibitory effects of auditory location & frequency cues & auditory RT & accuracy, college student listeners, 19777
response conflict vs priming in attending to words, response times on word naming task, college students, 29659
response effort & secondary reward value, male rats, 16746
response effort vs stimulus arrangement novelty vs choice, selecting behavior, profoundly mentally retarded 26-yr-old female with seizure & communication disorders & atypical psychosis, 37704
role of local & relational information in distinctiveness of upright & inverted faces & internal face features, university students, 3473
role of stimulus in signaling trial outcome & attention paid to stimulus, acquired distinctiveness of relevant & irrelevant stimuli, pigeons, 23195
segmentation based on linear vs local rotational motion, motion grouping in visual search for target, college students, 6791
selection percentages in response to tangible stimuli vs pictorial representations of stimuli in stimulus preference assessment, 23 & 31 yr old males with mental retardation, 11716
selective spatial attention & visual display search with unilateral & bilateral stimulus displays, event related potentials, 20–31 yr olds, 29908
sensitivity of structure-from-motion &/or motion transparency mechanisms in local feature content of object surface, adults, 16499
sensory characteristics influencing determinants of thirst-quenching quality of beer, Ss, 3438
sequential effects in auditory choice reaction time tasks, psychology students, 29518
sex, choice RT task requiring verbal response to spatial location target stimulus, 19–34 yr olds, 10081
shape of stimulus probe & direction of vibration & contact area & force, detection of vibration transmitted through object grasped in hand, human Ss , 19699
signal detection theory & relationship between stimulus detection & identification, 29493
signal presentation & reinforcement ratios, line orientation discrimination, pigeons, 26482
similarities & differences in target vs distractor, visual search & hemispheric specialization in left vs right visual field, adults, 26586
sine- & square-wave gratings, facilitation between luminance & red–green visual detection mechanisms, Os, 36150
small vs large object, judgments of object weight & effort to lift, 16–48 yr olds, test of neural gain hypothesis of weight illusions, 149
sound azimuth & distance in accuracy of sound localization & perception of auditory distance, male passerine birds, 3633
spatial arrangement differences of facial features & facelike & selected elements of face stimuli, visual tracking, 2 day olds & younger, 23689
spatial parameters, visual sensitivity to & detection of temporal phase differences, Os, 36146
spectral characteristics of 3-click stimuli with nonzero interaural-phase differences or relative-energy densities & their echoes, lateralization, Os, 13245
spectral EEG frequency ranges during perception & mental rotation of 2- vs 3-dimensional objects, humans, 7123
speech pulse rate & duration, psychophysical discrimination of steady state vs time varying stimuli & prosody perception, postlingually deafened cochlear implant 47–73 yr olds, 5450
speed & optic flow patterns, judgments of depth of large targets briefly presented in upper periphery, Os with normal visual acuity & stereopsis, 3490
statistical learning ability involved in word segmentation, learning of tone sequences, adults & 7.1–8.2 yr olds, 13953
stimuli at nonadjacent locations & simultaneous feature-based visual selection, college students, 19715
stimulus bandwidth, orientation discrimination, individuals with strabismic amblyopia, 37944
stimulus contingencies between tutor song & visual stimulation, song learning, male zebra finches, 29687
stimulus dimension & amplitude & frequency, saccadic & pursuit eye movements, 23–62 yr olds with cerebral palsy, 5256
stimulus duration & other parameters, misperceptions in perceived single motion, adults, 32841
stimulus integrality, visual selective attention & dimensional integration, patients (mean age 66 yrs) with Parkinson's disease, 18371
stimulus numerosity & density, visual discrimination, pigeons, 3651
stimulus onset delay & quality & perceptual identification, duration of fixation of saccade from left to right during choice RT task, adults, 3483
stimulus onset only vs onset & word duration vs onset & prosodic stimulus gating paradigm & stimulus duration, spoken word recognition, college students, 30102
stimulus parameters & probe acoustic richness & lexical & phonemic recognizability, RT & oral word recognition & lexical access, Croatian-speaking college students, 29549
stimulus parameters that favor transient vs sustained mechanisms, large repulsion vs attraction tilt illusions, college students, 36177
stimulus sampling & social psychological experimentation, undergraduate & graduate students & psychology faculty, 32763
stimulus size & contrast under natural sunlight & overcast conditions, visibility, 1–14 yr old horses , 10255
stimulus size & item number, magnitude & direction of error on center estimation & line cancellation tests, patients with left vs right hemisphere lesions, 5380
stimulus size & novelty, attentional focus, college students, 3610
suppression of reflexive saccades & saccade direction accuracy & latency & distance of correct saccades during antisaccade task, 17–23 vs 65–80 yr olds, 32791
symbolic distance from enumeration response, Stroop-like interference in digit identity, undergraduates, 23104
symmetric vs equilateral vs equiangular vs random vs contour-symmetric polygon shapes, perceived regularities in paired comparison task, college students, 32815
symmetry of associative changes in stimulus compounds & elements in Pavlovian-conditioned magazine approach, male rats, 10283
task dependent & independent effects in semantic & phonological priming effects, college students, 19830
temporal frequency & flash vs motion conditions, visual sensitivity to small position differences, 12- vs 24-wk-olds, 4422
temporal parameters of cues & targets & stimulus onset asynchrony, facilitation & inhibition of exogenous covert orienting, 17–37 yr olds, 22997
temporal primacy effect in trace conditioning of nictitating membrane response, albino rabbits, 16763
temporal specificity in patterning of nictitating membrane response to stimulus compounds, rabbits, 13426
time spent in start arm & to make avoidance response & intertrial interval, discriminated Y-maze avoidance learning, C57-SJL vs BALB vs DBA vs C57BL/6J vs CD1 mice, 10272
use of Fechnerian metrics in computation of subjective distances among stimuli in continuous multi- or unidimensional stimulus space, 29434
use of peak-shift paradigm to test properties of caricatures which may affect face recognition, college students, 13207
use of statistical time series forecasts affected by special events, judgmental forecasters, 13281
variability discrimination in successive same-different visual task, pigeons, 33089
various presentations of grating patterns, speed perception, adults, 23016
verbal & nonverbal auditory stimulus duration & other parameters & interstimulus interval, verbal & nonverbal memory & serial recall, 6–7 vs 9–10 yr olds with vs without hearing loss, 24882
vernier thresholds for flickering bars & temporal frequency & relative temporal phase of bars & stimulus polarity, 18–65 yr olds, 32857
viewing parameters, perceived color differences, adults, 32811
visual search for global vs local stimulus features, humans vs baboons, 426
visual stimulus amplitude vs stimulus frequency &/vs irregularity, tracking with eye-hand vs eye-alone, 24–51 yr olds, 13260
visual stimulus parameters & retinal flow & visual field center of expansion during eye movements, systematical heading estimation errors in absence of extraretinal input, 20–35 yr olds, 32810
visual-feature-related TV viewing, 2–42 yr olds, 23666
visuospatial neglect with stimulus presented at several distances, 52–84 yr olds with visuospatial hemineglect following cerebrovascular accident, 8580
white noise amplitude & tuning frequency variability, cochlear auditory nerve fiber response modeled mathematically, gerbils, 29860
wording of judgment regarding psychological health of an individual, frequency of negative judgments, practicing clinicians, 15793
words vs nonwords of short vs long spoken duration, pauses & speed of memory search & trace redintegration processes in verbal memory span, college students, 10104

Stimulus Parameters [See Also Size, Spatial Frequency, Stimulus Attenuation, Stimulus Complexity, Stimulus Duration, Stimulus Frequency, Stimulus Intensity, Stimulus Intervals, Stimulus Novelty, Stimulus Offset, Stimulus Onset, Stimulus Salience, Stimulus Similarity, Stimulus Variability, Temporal Frequency]—Books

Imagery, 26420

Stimulus Parameters [See Also Size, Spatial Frequency, Stimulus Attenuation, Stimulus Complexity, Stimulus Duration, Stimulus Frequency, Stimulus Intensity, Stimulus Intervals, Stimulus Novelty, Stimulus Offset, Stimulus Onset, Stimulus Salience, Stimulus Similarity, Stimulus Variability, Temporal Frequency]—Chapters
Efficiency in acquisition and short-term memory: Study–Test–rest presentation programs and learning difficulty, 16678

Stimulus Pattern [See Stimulus Variability]

Stimulus Presentation Methods [See Also Stereoscopic Presentation, Tachistoscopic Presentation]—Serials
alternating vs block pre-exposure to binary flavors AX & BX, excitatory vs inhibitory associations & generalization to BX of aversion conditioned to AX, male rats, 32954
assessment of attentional & anxiety related bias for threatening faces, probe position vs classification task results, high & low trait anxiety participants, 21183
attention modulation to test of Conditioned Attention Theory preexposed irrelevant stimulus, latent inhibition, 18–48 yr olds, 3608
attentional blink switching in spatial vs nonspatial domains, 23164
computer system for control of stimuli delivery & data acquisition during behavioral conditioning & neural recording experiments, 6455
criterion-based vs alternate processing account of perceptual mixing costs in identifying noise-degraded vs segment-deleted perceptual stimuli in mixed blocks of trials, college students, 6773
delay of gratification ability & facilitation through symbolic representation of reward, language-trained vs non-language trained chimpanzees, 13387
effects of presentation duration & distance & context of presentation of stimulus speeds on interceptive performance of fast vs slow apparent movement, 22–33 yr olds, 3436
eye-movement-like stimulus presentation during eye fixation, V1 neuronal responses, monkeys, 29846
functional categorization of object to their pictures, baboons, 3645
functional categorization of object to their pictures, baboons, erratum, 13390
interactions among variables of type of time estimation & length of list & presentation rate/interstimulus interval, time estimations after short term memory filler, college students, 29477
letter-naming task with threatening & nonthreatening word conditions, blocked vs mixed presentation effects & order effects & hemispheric facilitation, right-handed 19–28 yr olds, 20157
pairs of melodies & register & piano vs trumpet timbre, discrimination of simultaneous melodies, 1st vs 3rd vs 5th graders, 33616
preexposure to auditory target stimulus, disruption of overshadowing response to conditioned inhibition treatment, rats, 33054
reading ability & auditory vs visual stimulus presentation modality, echoic memory, college students, 6918
relational processing & recognition of faces viewed as photographic negatives, 18–46 yr olds, 23034
reversed order of usual premise-conclusion presentation, conditioned reasoning, adults, 3540
Simon- vs Stroop-like stimuli in isolation & factorial combinations of irrelevant vs relevant stimuli, time course, 19–25 yr olds, 19731
spatial & temporal cues, response to lever vs food in conditioning, rats, 3669
spatial working memory in delayed-response variants of peek-a-boo procedure, 9 mo olds, 10794
stimulus presentation & preexposure & extinction conditions & mechanisms of odor-mediated taste augmentation, rats, 23186
target absent & feature trials & bihemispheric vs unihemispheric presentation of CVC words, error rates in recognition paradigm & interword illusory conjunctions, college students, 19816
temporal &/vs spatial contiguity & visual &/vs auditory modality of multimedia instruction, learning measured by retention & transfer & matching, college students, 28940
time delay before target stimulus & context-related vs -neutral vs -unrelated vs traditional stimulus sentence presentation, speech perception, 19–87 yr olds with severe to profound hearing impairment, 24880
tone intensity & presentation order, amplitude & consistency of auditory EPs from frontocentral vs temporal sites, 18–23 yr old students, 29892
value transfer in simultaneous instrumental discrimination task, pigeons, 23194
visual vs auditory target vs probe modality, attentional blink, 17–33 yr olds , 19697
Windows 95 Object Relocation program for designing & performing spatial memory experiments, 36085

Stimulus Presentation Methods [See Also Stereoscopic Presentation, Tachistoscopic Presentation]—Chapters
Efficiency in acquisition and short-term memory: Study–Test–rest presentation programs and learning difficulty, 16678

Stimulus Salience—Serials
category salience & focus, judgments of set size & frequency of occurrence during recall tasks, college students, 13266
causal status hypothesis & natural vs artifactual category feature interaction effect, feature centrality in relational structure, college students, 6832
changes in viewpoint, recognitional distinctive vs typical faces, 19780
computational model of attention & intention & salience in posterior parietal cortex & saccadic eye movements in visual target selection, 29504
degree of feature salience & value ascription, identification of previously seen face, test of Catch model, 16412
detection of salient contours in densely populated visual space, Os, 16471
distinctiveness of auditory irrelevant sequences, serial recall of visually presented verbal sequences, college students, 10196
distractor-stimulus memorability or salience, metacognition & memory for nonoccurrence, college students, 10137
early vision, detecting form & metric attributes in impossible objects as defined by relations between line elements, Ss, 23023
explicit memory bias for threatening stimuli, adults with generalized anxiety disorder vs social phobia vs panic disorder with agoraphobia, 11456
exposure to schedule-correlated stimuli vs observing response providing brief access to stimuli vs contingency reinforcement, vigilance to stimuli, 20–31 yr old college students, 19884
eye movement registration as continuous index of attention deployment toward emotionally relevant pictorial material, spider anxious college students , 26453
familiarity, human face recognition in poor-quality security surveillance video, university students & police officers, 23019
feature-based selection vs object-based selection in visual selective attention, visual search, adults, 13212
group salience, in-group favoritism & numerical representation, Caucasian vs Asians, 37048
mortality salience, terror management & desire to avoid self-awareness in self-focused state, college students, 1278
perceptual salience of oriented elements that form smooth contour & role of classical receptive field in visual responses, 16505
presentation of target lines at oblique orientation & orthogonal background elements with various onset delays, performance in pop-out target detection, Ss, 16529
psychophysical determination of spatial connectivity function in visual cortical-based computational model of contour salience, human Ss, 29754
regular vs randomized sentences & nouns vs prepositions & assimilation in salience, recall, 18–22 yr olds, 23140
role of local & relational information in distinctiveness of upright & inverted faces & internal face features, university students, 3473
salience of attribute, attentional persistence vs contrast as competing attentional mechanisms in category learning, college students, 304
similarity & salience of top vs bottom of objects, college students, 23022
Stroop & Garner interference effects in selective attention & comparative judgment of semantic vs physical size of number, college students , 6779
target knowledge & orientation & salience, override of stimulus-driven interference in simple vs compound search tasks, 19–33 yr olds, 10228
temporal & spatial interactions between top-down control of attention & bottom-up interference from salient distractor in visual search, 21–54 yr olds, 32999
threshold model of factors affecting salience of social categorizations & relation to accessibility & fit, 15–31 yr olds, 11148
type of stimulus object & lateral position & direction & type of motion & time for exploratory motion, haptic perception of linear extent, 18–54 yr olds, 32777
value transfer during simultaneous discrimination, pigeons, 3649
visual salience vs stimulus-driven attentional capture, 18–23 yr olds, 19762
word learning in context of adult referential & salience cues, 18 vs 24 mo olds, 7417

Stimulus Salience—Chapters
Highlighting important words leads to poorer comprehension, 265

Stimulus Similarity—Serials
amount & type of change to previously experienced event, generalization of event knowledge, 29–30 mo olds, 7378
association with common delay or food reinforcement probability, functional equivalence of perceptually dissimilar stimuli, pigeons, 33051
asymmetries in judgment comparisons of stimuli, adults, 29530
attentive texture features across sets of natural textures in photographs, college students , 10032
category size & similarity to category prototypes, perceptually based false recognition of novel objects, 39–77 yr olds with amnesia, 24822
conceptual differences in 3 theoretical treatises in analysis of stimulus equivalence, 13021
degree of visual similarity & semantic relatedness, picture & word categorization, Os, 32919
discrimination analysis of training-structure effects on stimulus equivalence outcomes, 26488
domain differences in absolute judgment of category membership vs typicality gradients of animals vs artifacts, college students, 29546
exemplar similarity, automaticity development measured by RT in random pattern numerosity judgments, college students, commentary, 10211
exemplar similarity, automaticity development measured by RT in random pattern numerosity judgments, college students, commentary reply, 10206
illusory conjunctions & discrimination between errors of feature binding & target-nontarget confusion, Os, 32801
impact of perceptual similarity & cognitive distraction & retrieval context on source monitoring, cryptomnesia, college students, 37113
increased specificity of ethanol's discriminative stimulus effects in ethanol vs pentobarbital vs water discrimination task, male rats, 23491
location of feature in evidence vs hypotheses & similarity of evidence & hypotheses & disjunctive hypotheses, likelihood judgment, 13307
memorization of phonologically similar vs dissimilar letters in auditory vs visual input modalities, ERPs, 23–43 yr olds, test of phonological similarity effect on working memory , 557
memory psychophysics & fundamental measurement applied to similarity/dissimilarity comparisons with remembered & perceived visual magnitudes, graduate students, 287
moderating role of consumer familiarity & product category representation in effectiveness of positioning strategies based on similarity vs dissimilarity of brands, college students, 22711
parametric manipulation of interstimulus shape-space proximity, 3-dimensional object categorization, Os, 16481
position of linguistic norms, direction of similarity vs difference comparison asymmetries in relational judgments, college students, 243
proximity & similarity & uniform connectedness of objects, RT to discriminate global letters & orientation of grouped letters & letters composed of separate local elements, college students, 23032
proximity vs similarity in stimulus pattern color & luminance & size & shape, apparent motion & perceptual grouping, graduate students, 32835
reversal of phonological similarity effect, adults, 10204
roles of perceptual & categorical similarity in color pop-out, adults (mean age 28.3 yrs) & 3 mo olds, 32807
semantic similarity, irrelevant speech disruption of immediate serial recall, adults , 10205
semantic similarity, short-term ordered recall, volunteers, 19862
similarity & salience of top vs bottom of objects, college students, 23022
similarity judgements & style categorization of classic & romantic piano exemplars, novice listeners, 6871
stimulus shape similarity & duration & sequence, mathematical modeling of visual working memory organization, adult Os, 3591
stimulus similarity & practice, speeded classification & RTs, adults, 10125
stimulus similarity, frequency judgments of presented vs nonpresented words, undergraduates, 29653
superordinate & basic-level categorization & identification of specific instances of familiar categories in approach to study of visual representation, comments & reply included, 3461
use of artificial neural network to quantify patterns of bioacoustic similarity of killer whale calls, 19499
visual evaluative conditioning with perceptually similar CS–UCS pairs, 18–52 yr olds, test of associative vs artifactual effects, 10188
visual shape & semantic label similarities, exacerbation of deficits during category specific object identification task, 65–85 yr olds with dementia of the Alzheimer type, 21551

visual similarity, sensitivity of visual short term memory, college students, 13345
Stimulus Variability—Serials
change in token identity & intensity of irrelevant sound effect, serial recall, Os, 26373
changes in apparent shape & size of sectors & parallel lines in rotated stimuli, 30–63 yr olds, 16465
choice to switch to less-preferred experiences or options for sake of variety, college students, 29184
constant vs variable supplementary food supply, dusk vs dawn song output, free-living male European robins, 2-wk study, test of stochastic dynamic programming model of daily singing routines in birds, 13478
criterion-based vs alternate processing account of perceptual mixing costs in identifying noise-degraded vs segment-deleted perceptual stimuli in mixed blocks of trials, college students, 6773
effects of stimulus information & number of stimuli on sequential dependencies in absolute identification, college students, 3432
face inversion, human fusiform face area in fusiform gyrus, 3471
lateral-masking flanker types & target eccentricity & spacing, recognition performance for target letter embedded in character string, 22–33 yr old Os, test of feature interaction account of vision, 10034
nodal distance in 5-member equivalence classes, response times & accuracy & latencies during testing for emergent relations, college students , 13265
orthogonal stimulus variation, attention during visual discrimination task, homing pigeons, 23197
pattern reversal & photic stimuli, 2 dimensional visual EPs, healthy 18–46 yr olds vs 21 & 72 yr old patients with left posterior brain lesions, 24795
prototype effects for feature shifts vs head angle vs feature-location variations in face recognition, adults, 10181
proximity vs similarity in stimulus pattern color & luminance & size & shape, apparent motion & perceptual grouping, graduate students, 32835
quantitative vs qualitative shape features, object recognition across changes of view, undergraduates, 169
scaling grip configurations to displace objects that systematically vary in length & mass & density, 22–49 yr olds, 26378
spaced vs massed repetition vs single presentation of stimulus words, explicit & implicit memory, undergraduates, 3590
speaker vs speech rate vs amplitude variation, memory for spoken words, college students, 13346
stimulus movement & attention, peripheral stimulus localization, 8–26 wk old infants, 7402
tactual equivalence class formation in conditional discrimination & tactual-to-visual cross-modal transfer, 28–67 yr old deaf-blind vs hearing-sighted blindfolded adults, 13264
target stimulus variability & probability during attention to counting task of varying complexity with closed vs open eyes, EEG spectral & auditory evoked potential characteristics, undergraduates, 13627
type of stimulus object & lateral position & direction & type of motion & time for exploratory motion, haptic perception of linear extent, 18–54 yr olds, 32777
variability in pleasant mood & job beliefs, job satisfaction, managerial personnel, 19424
variability of reward, risk-sensitive foraging preferences, male wild rufous hummingbirds, 26505
variation in retinal eccentricity, discrimination of heading from optic flow & importance of acuity, Os (mean age 22.7 yrs) , 19710
visual input, reaching & grasping for illuminated vs darkened object, 5 vs 7 vs 9 mo olds vs adults, 20510
Stipends [See Educational Financial Assistance]
Stochastic Modeling [See Also Markov Chains]—Serials
age & water-level task performance stability vs change stochastically modeled, 8–16 yr olds, 3 yr study, 23725
application of extended generalized context model for categorization of partial objects during time pressure, Os, 26399
applications of process models in assessment psychology, 6551
common themes in process model applications to psychological assessment, 6540
complexity issues in natural gradient descent method for training multilayer perceptrons, 3216
constant vs variable supplementary food supply, dusk vs dawn song output, free-living male European robins, 2-wk study, test of stochastic dynamic programming model of daily singing routines in birds, 13478
development & porting of stochastic vs rule-based component for natural language understanding in human–machine communication, 3205
experience, dissociation between judgment & response processes in statement verification, college students, test of stochastic judgment model, 6875
gradient descent learning theorem for neural networks defined by stochastic differential equations, 6465
mate value & finite breeding time, sperm allocation, males, application of stochastic model , 6946
model for dynamic stochastic synapses, 26031
multiattribute decision field theory, violations of stochastic dominance principle of decision making & response time distributions, college students, 29545
predictive model-based compensation schemes for automated robust speech recognition, 6432
stochastic component for spoken natural language understanding using Hidden Markov Models in the domain of train travel information retrieval in French, 23628
stochastic model of persuasion & preference change, application to 1992 presidential election panel data, 19671
stochastic model with phonetic & phonological knowledge sources for human speech recognition, 6431
stochastic process models & applications to assessment psychology, introduction to special section, 6541
stochastic simulation model of spread of HIV in social networks, injecting drug users, 5268
stocking density & feeding rate, stochasticity & probability of time on specific vs same vs transition between swimming & feeding & aggressive & hiding behaviors, aquarium-kept brook trout , 23220
theories of decision making, tests of cumulative & interval independence & stochastic dominance & transitivity, gambling, 12912
Stochastic Modeling [See Also Markov Chains]—Chapters
Variance explained: Why size does not (always) matter, 26279
Stomach—Serials
heritability of pre-meal stomach-content effects, total & meal food-energy & macronutrient intakes, identical & fraternal same- & mixed-sex twin pairs, 20060
personality traits, health related quality of life without regard to disease type, stomach cancer vs non-cancer patients, 5283
prostacyclin analog beraprost, stress induced expression of immediate early genes & gastric mucosal erosion in stomach, male rats, 23472
recurrent abdominal pain & stomachaches & psychological & physical & environmental factors & stress & coping skills, children's health, commentary, 37744
research criteria & methodology for identification of recurrent abdominal pain & stomachaches & psychological & physical & environmental factors & stress & coping skills, children's health, 37737
Storytelling—Serials
analysis of narratives of chronic pain in later life & conventions of storytelling, adults' stories of pain experiences, 14078
clinician modeling of & practice with specific structures, use of complex sentence structures in story retelling, 8–9 yr olds with vs without language impairments, 21440
cognitive approach to human leadership & special challenges confronting contemporary leaders & story as vehicle of leadership & assumption of leadership by cultural artifacts & inventions, 11119
defense mechanisms & narrative strategies in life stories, 7922
emotional content & other properties of storytelling & co-narration of past events, working- vs middle-class 2.5 yr olds & their families, 6 mo followup, 17237
exposure to rhyming vs prose stories, retention & recall of setting & attempt & outcome information, preschoolers, 30167
generative concern & moral reasoning stage level as predictors of value-socialization in storytelling, 18–26 vs 28–50 vs 60–75 yr olds, 30132
history of psychoanalysis & analytical psychology & interpretation of stories from different cultures from theoretical perspectives of Freud & Jung & J. Lacan & J. Derrida, 1372
listening to Mozart & Schubert vs narrative story, spatial-temporal task performance, college students, experimental replication & extension, 29462
macrostructural vs microstructural narrative abilities during story retelling & story generation tasks, 6–12 yr old stuttering children, 34526
mutual storytelling writing game as technique for engaging counseling resistant children in interview process, 18531
narratives of aging & life as a story, 14080
passage length & scriptedness & story completion & relation to attachment representations, 4.5 yr olds, 7337
psychoanalytic perspective of symbolic processes in story making or narrative of geological rock formations , 14366
recall of relative importance of ideas in stories, elderly patients with Alzheimer's disease vs neuropsychiatric disorders, 11912
social story intervention, social behavior & social interaction, 8 yr old female with autism, 37970
source-memory salience of 1st- vs 3rd-person vs non-narrator character agents vs text features in literary short story reading comprehension & recall, college students, 26390
stories about their husband's death, 50+ yr old widows, 14104
stories as narrative maps of HIV community & identity & selfhood & citizenship, adults with HIV, 11841
story causal structure, listening comprehension & recall of story events, 7–11 yr olds with ADHD, 27931
textual & contextual & cross cultural & particularistic aspects of oral storytelling performances from Greece, 7289
therapeutic principles of play therapy & the therapeutic use of story, 6 yr old boy with behavioral problems, 34773
therapeutic storytelling & behavioral parent training, intensity & frequency of noncompliance & story recall & generalization & parent satisfaction & adherence, parents & 5–6 yr old noncompliant boys, 34876
therapeutic use of reminiscence & storytelling & spirituality in bereavement process of adult children adjusting to death of a parent, 8711
utility of & representational consistency in family doll play & storytelling interpretation in revealing family relations among family member dyads & emotional climate, 4 yr olds, 1 mo study, 19578
Storytelling—Books
Artificial intelligence and literary creativity: Inside the mind of BRUTUS, a storytelling machine, 35794
Codependent forevermore: The invention of self in a Twelve Step group, 31748
Deciphering violence: The cognitive structure of right and wrong, 1746
Making meaning of narratives, 22964
The witch must die: How fairy tales shape our lives, 25266
Women's untold stories: Breaking silence, talking back, voicing complexity, 33825
Storytelling—Chapters
Fictional absorption: Emotional responses to make-believe, 17208
Narratives that Finnish families tell themselves about themselves, 21819
Nursery rhymes and socialization, 36719
Storytelling techniques in the teaching of mathematics and computer science, 25755
Strabismus—Serials
metabolic mapping of suppression scotomas in striate cortex, monkeys with experimental strabismus, 29810
review of primate studies of neurophysiological & human psychophysical neural basis of amblyopia & strabismus & anisometropia, 33344
spatial localization & visual representation, 19–35 yr olds with acquired strabismus vs 5–14 yr olds with congenital strabismus, 21624
stimulus bandwidth, orientation discrimination, individuals with strabismic amblyopia, 37944
texture element orientation & luminance contrast & positional jitter & undersampling, texture segmentation thresholds, strabismic amblyopes, 15065
topographical jitter & undersampling, contrast thresholds for orientation identification & detection of E-pattern in foveal & peripheral & strabismic amblyopic vision, 22–40 yr olds, 15063
Strain Differences (Animal) [See Animal Strain Differences]
Stranger Reactions—Serials
early temperament & stranger wariness, social inhibition, 2 yr olds, 2 yr study, 33641
ethnic hatred & xenophobia, Jewish adults, Israel, 20702
indiscriminate friendliness & terror reactions to strangers, 17 mo old male & 18 mo old female foster children, 14647
Stranger Reactions—Chapters
Xenophobia and violence by adolescent skinheads, 37542
Strategies [See Also Learning Strategies]—Serials
acquisition & development of cognitive skills & strategies underlying preperformance facilitative anxiety, 19–27 yr old male elite swimmers, 16167
adaptive strategy & retention capacity, spatial & temporal learning & retention, deaffernated 47-yr-old female , 24798
age & strategy generation, problem solving, young (mean age 20.9 yrs) vs older adults (mean age 72.9 yrs), 33694
age differences in strategies & generalizations with number patterns, 7–11 yr olds, 871
alternative- vs dimensionwise information presentation, strategies & adaptive decision making & accuracy, college students, 10140
analysis of prevention policy priorities & strategies for overcoming barriers to implementation of risk & harm reduction & alcohol problem prevention policies aimed at 18–29 yr olds, 19071
associative & dissociative cognitive strategies in exercise & running, comment, 25953

boundaries to & strategies of communicating social identity to their community members, 13–21 yr old street persons , 1220
change management vs traditional organizational development & intervention strategies for organizatinal change, 32391
church culture as strategy of action, African American neighborhood, 7637
classification of deliberate strategies used for improving unpleasant affect, 17–55 yr olds, 20933
client & cost–benefit assessment & strategy choices, attorneys defending socially & economically deprived mentally ill offenders in court, 6486
communications framework for evaluation of sales promotion strategies, managers, 6400
competition & defensive value added & value recovery strategies in service industry, consumer satisfaction & loyalty, business students, 9677
conversational repair strategies in response to communication breakdown, profoundly deaf vs hearing 4–7.5 yr olds, 5441
coping strategies & self-esteem, male vs female 7–12th graders, 27035
coping strategies with medical procedures on injuries, 8 yr olds, 11805
customer satisfaction in marketing & model of strategic decisions & price elasticity, 6382
development & validity & reliability & association with social cognitive measures of strategy coding instrument, assessment of personal strategies for HIV prevention & risk behaviors, college students, 32705
development of coding system for & use of communication accommodation strategies in conversation, male vs female Chinese vs Anglo-Australian university students vs Anglo-Australian faculty, 20834
dispositional need for cognitive closure & use of heuristics in negotiation, college students, 11110
drug treatment strategies for resistant depression, 2371
educational strategies & HIV/AIDS prevention education programs, older adults, 2540
effective vs ineffective aggression reduction strategies for dealing with school violence, students, 15964
effectiveness of instruction for planning strategies to improve writing, 10.4–11.8 yr olds with learning disabilities, 9559
effectiveness of using CEOs as sole informants in business strategy research, CEOs & other managers, 132
emotion regulation strategies & personality characteristics & heterotypic continuity of self control of emotions, 35–36 yr olds followed from age 8, 30505
emotion- & problem-focused coping strategies, 4–7 yr old Iranian children & their parents living in Sweden for more than 3 yrs of exile, 20679
environmental arrangements vs child specific vs peer mediated vs comprehensive intervention strategies, promotion of peer-related social competence, preschool age children with disabilities, 29030
escalating & de-escalating strategy use in agonistic strategy set conceptualization of adaptive role of mood change & appearance of psychopathology, 8077
explanations facilitating generalization strategies in tic-tac-toe game, kindergarten vs 1st vs 2nd grade students, 17243
facilitators of & barriers to & strategies for exercise, 35–50 yr old females, implications for nursing interventions aimed at decreasing sedentary behavior, 5804
factor analytic approach to types of interview tactics used to elicit confessions of serious crimes & likelihood of court ruling of inadmissibility, police officers, 39097
factors that influence incumbent response strategies & new product introduction & the role of multimarket contact in these strategies, physicians' perception of prescription drug markets, 35721
family literacy development strategies, literacy perspectives & understanding of literacy learning & inclusion of literacy in professional practice, female community service providers, 6018
food distribution & consumption & taboos & strategies to alleviate nutritional stress during hunger season, rural Lese horticulturalist females, Democratic Republic of Congo, 14137
generation & utilization of verbal & visuospatial mnemonic strategies, IQ-preserved schizophrenic Ss, 1593
goal setting & strategy use, essay writing & self-efficacy, 12–15 yr old 7th–8th graders with writing & learning disabilities, 27957
goals & strategies in friendship conflict as predictive of friendship adjustment & role of peer acceptance, male vs female 4th & 5th graders, 7539
group intervention strategy to facilitate work team effectiveness, case study of semigovernmental health & social service organization in Central America, 12862
handedness & strategic planning in object grasping & use, 9 & 14 & 19 mo olds, 23710
human interactive personal contact vs passive video presentation vs interactive kinetic model, motivation to use correctly positioned head restraints, drivers, 3199
individual & organizational effects of & strategies for management of vicarious traumatization, therapists & counselors working with trauma survivors, 32146
individual changes in learning strategies in higher education, freshman & advanced university students tested after the 1st & 3rd semesters, 28974
individual differences in writing behavior & relationship between writing strategies & success, undergraduates, 28973
integrated social & cognitive strategy instruction, mathematics achievement, 7th graders, 25727
internal vs external locus of control & cooperative vs competitive strategy in prisoner's dilemma game, college students, 27273
intervention strategies to increase compliance with outpatient aftercare, patients referred to psychiatric emergency department, 5865
intervention to promote regulatory strategies over a range of activities, 13–16 yr olds with moderate learning disabilities, 9554
Level 1 research strategies for treatment of serious mental & physical health problems, cases of 14 yr old girl with emotional & behavioral instability & 12 yr old boy with nocturnal eneuresis, 24918
local vs regional vs global vs combined approaches to advertising decision-making, Asian marketing directors, 3180
longevity of homelessness, strategies of identity maintenance, shelter users, 27120
maintenance of mixed evolutionarily stable alternative reproductive strategies, male ruffs, 3784
market characteristics & social relational direct selling strategies, success of foreign companies, cosmetic industry sales managers & sales women, China, 35733
microgenetic approach to unconscious & conscious strategy discoveries in arithmetic insight problem, 2nd graders, Germany , 887
mitigators & mitigation strategies, 23970
model of antecedents & consequences of marketing strategy making process in firm performance, 22716
neuroticism & coping strategies & negative well-being, 50–86 yr old female family caregivers of adult child with chronic disability, 22217
New York's "zero-tolerance" vs San Diego's community policing strategy, crime rates & citizen complaints, 22805
parametric & nonparametric strategies of EEG description as piecewise stationary process & segmental EEG descriptions, 16971
participants of everyday use & effectiveness of meta-coping strategies & association with state & trait measures of anger & curiosity & anxiety & emotional states & cognitive performance, adult Ss, 14294
peer-mediated procedures for use in inclusion of children with special needs in preschool education, 29025
perspectives of children's recovery from anorexia nervosa, parents of recovered anorexic daughters, 21430
picture vs text writing tasks & strategies used in writing process & narratives, 12 yr olds, 13956
preferred conflict resolution strategies for interpersonal conflict with same-sex friends vs fathers vs teachers, male vs female adolescents, Germany vs Indonesia, 36805
presentation of names of typical vs atypical category instances to left vs right visual field, strategies of semantic categorization in cerebral hemispheres, college students, 16591
prevalence vs quantity vs harm reduction strategies & integrative model for dealing with harmful consequences of drug use & other risky behaviors & U.S. drug control policy, commentary, 35147
prevalence vs quantity vs harm reduction strategies & integrative model for dealing with harmful consequences of drug use & other risky behaviors, commentary reply, 35136
prevalence vs quantity vs harm reduction strategies & integrative model for dealing with harmful consequences of drug use & other risky behaviors, commentary, 35119
product vs relationship drivers, direct selling effectiveness, company representatives, China vs Australia, 35734
promotion of functional vision use & connections between sensory & motor systems, children with visual & motor impairment, 24680
qualitative career assessment strategies in career counseling, 3046
racial & ethnic differences in job search strategies & outcomes, Blacks vs Whites vs Hispanics vs Asians, 29079
realization of various components of work–family strategies as mediator of relationship between work hours & burnout, 30–65 yr old married physicians, 35414
recollection of early stress (environmental risk & uncertainty), individual differences in attachment behavior & time preference & sexual behavior & reproductive strategies, female college students, 17655
reliance on cooperation vs competition as success strategy, college students, US vs China, 28970
respite experience as coping strategy, 47–82 yr family caregivers of dementia patients, 31983
risk factors of & methods for dealing with potential difficulties associated with school transitions, children who transfer to new schools, 9533
rival variables, covariance between selection & optimization & compensation strategies for life management & its successful aging outcomes, adults (mean age 79.7 yrs), 7598
role of memorization strategies & imagery ability in recall of gymnastics routine, skilled vs less skilled 8–13 yr old female gymnasts, 30169
saccadic strategies, 5–16 yr olds with hemianopia, 1944
saccadic strategies, 5–16 yr olds with hemianopia, commentary reply, 31069
saccadic strategies, 5–16 yr olds with hemianopia, commentary, 31043
scope of difficulties with & errors & solution strategies generated during modeling & solving nonroutine additive word problems, 5th & 6th graders, 22521
search strategies & differentiation of features of traffic environment relevant to crossing road safely, 5 vs 7 vs 9 vs 11 yr olds vs adults, 30163
self-deception strategies in moral hypocrisy, college students, 30451
self-talk strategy designed to improve volleying skill, tennis performance, collegiate tennis players, 35704
sentence comprehension strategies, 6.8–7.9 yr olds with expressive &/vs expressive–receptive specific language impairments, 27987
sex & acute stressors experienced during competition, use of coping strategies, male vs female 15.8–20.3 yr old skilled competitive athletes, 9651
sex & power & social norms, use & quality of verbal strategies in seeking help & impression of help seeker in organizations, undergraduates & hospital personnel, 33895
sex roles & romance initiation strategies & mate selection & relationship goals, 16–29 yr old males vs females, 20787
social exclusion, self-esteem & coping strategies, 13–15 yr old females, 4500
space where speech production task is specified & perceptual aspects & strategies adopted to reach intended vowel, 19–46 yr olds, 26369
strategic imperatives & core competences for future organizations, managers, 29139
strategic interaction opportunities & diversionary use of force, leaders of democratic vs autocratic regimes, 20770
strategic types & distinctive marketing competencies & organizational performance, 27–58 yr old managers of Finnish enterprises, 32431
strategies for community mediation, village vs religious leaders, Malaysia, 20705
strategies for preventing loss of control & maintaining mental health, patients with chronic mental illness, implications for nursing, 2546
strategies for preventing sexual offenses at institutions of higher learning, 22110
strategies for replication research, examples of replications of Z. M. Istomina Study of children's memory, 9997
strategies for treating multi-problem high stress families, practitioners, 5564
strategies for victim management of sexual assault case processing, prosecutors , 6484
strategies used to combine seriated cups, chimpanzees & bonobos vs capuchins, 19941
strategies used to cope with auditory hallucinations, psychiatric patients, 17914
strategy for detection & evaluation of unprofessionalism behavior, medical students , 38743
strategy for research on family violence, 24447
stress & stress management strategies, lesbian vs heterosexual females (aged 19–67 yrs), 31819
success of respondent retention strategies in drug use study, African American & Puerto Rican 13–22 yr olds & parents, 8 yr study, 8359
syllable stress & vowel quality factors, metrical segmentation strategy in Dutch, college students, 4372
syntactic trace deletion & use of default strategy in sentence-picture matching task, 22–63 yr olds with agrammatic Broca's aphasia, test of Trace Deletion Hypothesis , 8608
tacit knowledge & intuition & collective mind & model of strategic decision making process, top management teams, 6293
treatment strategies for antidepressant related sexual side effects, 18675

triadic vs dyadic methods of personal construct elicitation & constructs elicited by both, 21–39 yr old counseling psychology postgraduate students, 24002
union campaign strategies, self-efficacy & activism after campaigns end, workers , 6349
use & effectiveness of & factors affecting team cohesion strategies, sport coaches, US vs Australia, 39015
use & effectiveness of & satisfaction with Biala communication strategy in Guardianship Board hearings, Board members & clients with intellectual & communication disabilities , 9741
use gaming in research on & analysis of effects of strategies & culture on organizational processes & developments in labor relations, simulated construction company, 9638
use of multiple goal strategies, performance on soccer task, participants, 35698
use of netwar strategies in Russo-Chechen War, 1994–1996, 36910
variability & duration of explicit counting strategy during time-intervals discrimination task, 16–45 yr olds, 26392
Strategies [See Also Learning Strategies]—Books
The construction of mental representations during reading, 6881
Effective school interventions: Strategies for enhancing academic achievement and social competence, 12675
Entertainment-education: A communication strategy for social change, 30285
Ethical risk management: Guidelines for practice, 35444
The practical art of suicide assessment: A guide for mental health professionals and substance abuse counselors, 30863
Strategies [See Also Learning Strategies]—Chapters
Basic principles and strategies of harm reduction, 2708
Changing tactics: Embedding inclusion reforms within general education restructuring efforts, 2977
Emergence of strategies in a selective play environment with geographic mobility: A computer simulation, 30447
In search of the self-led soldier: Army leadership in the twenty-first century, 16188
Knowable secrets: Transference and countertransference manifestations in eating disordered patients, 19146
Leaders coaching across borders, 32368
A life task perspective on personality coherence: Stability versus change in tasks, goals, strategies, and outcomes, 17717
Prevention aimed at individuals: An integrative transactional perspective, 35344
Prevention aimed at the environment, 35336
Reducing procrastination in the workplace, 6292
The social nature of private speech of preschoolers during problem solving, 7353
Structuring and management strategies for children and youths with autism, 16023
Union strategies for revival: A conceptual framework and literature review, 29087
Using systematic thinking to choose and evaluate evidence, 17176
Strategies (Learning) [See Learning Strategies]
Strength (Physical) [See Physical Strength]
Stress [See Also Environmental Stress, Occupational Stress, Physiological Stress, Psychological Stress, Social Stress, Stress Reactions]—Serials
academic ability & family legacy status & stress perceptions & self-perceived social alienation, college attrition, 16–23 yr old male eventual college graduates vs dropouts, 4 yr study, 35523
acamprosate, morphine-induced sensitization & heroin self administration & relapse induced by heroin or stress, rats , 751
acculturation related vs nonspecific daily hassles, psychological distress & depression, 19–34 yr old Vietnamese college student immigrants, Canada, 4878
acculturative stress & depression & suicidal ideation, immigrant Mexican-American adolescents, implications for development of suicide prevention programs in schools, 4844
acute & chronic stress responses & lipid responsivity, airline pilots, 17013
acute & chronic stress, serotonin 1A messenger RNA expression in hippocampus, rats, 17004
acute stressors & persistent stressful situations & major life change events, differential immune system changes, 18–45 yr old females, 23452
acute vs chronic fluoxetine, forced swimming test vs elevated plus-maze behaviors, male Wistar–Kyoto rats, validity test of animal model, 33410
acute vs chronic predator stress induced by rat sensory stimuli, sucrose intake & plus-maze anxiety, male mice, animal model & housing implications, 33101
acute vs chronic stress as predictors of cancer relapse, female patient with breast cancer, 31156
ad lib feeding vs food deprivation & cage-switching-induced stress, body temperature, female Ames dwarf mice, implications for thyroid-hormone thermogenesis &/vs longevity hypotheses, 33340
adjustment, patients with multiple sclerosis, 1 yr study, application of stress & coping model, 24835
adrenoceptor agonists vs antagonists vs methoxamine vs WB-4101, ether stress-induced release of corticotropin & beta-endorphin, male rats, 10684
affect & depression & coping & parenting stress & marital adjustment, mothers & fathers 1 mo postpartum, 11380
age & gender, experience & consequences of life stress, 8–12 vs 13–18 yr olds, 23783
age & sex & patterns of depressed mood & stressful life events & family support & perceived control, 11–15 yr olds, Northern Ireland, 17330
alcohol coffee & tea drinking & motives associated with stress, anxious vs positive mood, teachers & nurses, 11083
alcohol expectancies & social anxiety & stress, alcohol consumption, male vs female college students, 20805
anandamide vs methanandamide vs WIN 55212-2, serum hormones & respiration rate & pain sensitivity, castrated male calves, implications for cannabinoid receptor role in stress response, 26866
appraisal & coping responses to pain & stress, female migraine headache sufferers, 34551
approach & avoidance coping styles in response to acute stressors during competition, 19–45 yr old US vs Australian basketball referees, implications for psychological interventions, 25954
assertiveness, threat & challenge reactions to potential stress, undergraduate women, 20952
assessment & categorization & conceptualization of stress & anxiety disorders & need for eclectic treatment approach, 27731
association of behavior problems with family responsibilities & parental stress, siblings of 4.5–7.5 & 12.5–15.5 yr olds with Down syndrome, 1876
autoimmune disease & chronic stress in shift of corticotropin- releasing factor to vasopressin ratio, autoimmune male mouse brains, 16887
behavior & level of subjective stress & objective strain during work vs leisure time, blue vs white collar workers (mean ages 50 & 51 yrs), 22617
bidirectional communication between brain & immune system, implications for regulation of behavior & understanding of stress, 16880
biological & behavioral influences on lipid responses to acute & chronic stress, airline pilots, 17012
biological role of stress response in neural connectivity & adaptive self-organization & relation between stress & brain development during early childhood, 4432
biopsychosocial model for perceived racism as a stressor, African Americans, 33742
brain N-acetyl-aspartate concentration reduction during perinatal period, adult male rat offspring subjected to stress, implications for neurodevelopmental disorders, 11926
caregiver stress & burden & satisfaction & mental health, 49–90 yr old mothers vs fathers of children with chronic disabilities, 38548
caregiver's age & level of education & health & stress & anger, sleep complaints, 49–82 yr old female caregivers of adults with dementia, 25479
caregiving stressors & well-being measured by depression, caregivers of disabled 79–101 yr olds, 18997
causal structure of appraisals & coping & stress, 50 yr old & older females undergoing breast cancer screening, test of predictive power of cognitive-appraisal model, longitudinal study, 37801
causes of stress, foster parents, implications for counseling, 11038
central adiposity & cardiovascular reactivity & mental-stress induced BP & heart rate & body composition & metabolic syndrome & health practices, 52–79 yr old African Americans, 17015
central GABA A & B receptors, modulation of basal & stress- induced plasma interleukin-6 levels, male mice, 750
child attachment security & parenting stress, parents of 6–32 mo olds with recurrent otitis media, 6 mo study, 37948
child characteristics & family income & cohesion & support, child-related &/vs parenting stress at child's 3rd & 5th birthdays, mothers of developmentally disabled children, 11703
chronic diazepam, stress-induced brain levels of 3 alpha,5 alpha- tetrahydroprogesterone & corticosterone, male vs female & orchidectomized vs ovariectomized rats, 20389
chronic mild stress, consumption of sucrose solution, male rats, 4019
chronic social isolation stress, immunoreactivity, nucleus basalis magnocellularis-lesioned male rats, 36511
chronic strain & neighborhood deterioration & religious coping mechanisms, changes in health, 65 yr olds & older , 7604
chronic strain & perceived mastery & ruminative coping, vulnerability to depressive symptoms, male vs female 25–75 yr olds, 1 yr study, implications for women's perceived environmental control, 37325
chronic stress & imipramine, spleen mononuclear cell proliferative response & blood corticosterone & hippocampus & hypothalamus norepinephrine levels, male rats, 12142
chronic stress, hypothalamo-pituitary-adrenal axis, adrenalectomized male rats, 13675
chronic stress, L-selectin expression on peripheral lymphocytes, elderly caregivers (mean age 73.5 yrs) of Alzheimer's disease patients, 15566
chronic stressors & life events & social support, postnatal depression symptoms, low vs high socioeconomic status women followed from 30th wk of pregnancy to 9th wk postpartum , 27628
chronic unpredictable stress vs corticosterone vs dexamethasone, regulation of G-protein-signaling protein type 4 regulator, male rats, 20125
cognitive appraisal biases & psychological adjustment to stressful divorce-related events, 9–12 yr olds, 14159
competitive vs noncompetitive NMDA blockers vs prazosin in amygdala, NMDA receptor mediation of anxiety-like behavior induced by predator stress, male rats exposed to cat, animal model of PTSD, 13686
concepts of unitary sympathoadrenal system & unitary stress response in chronically painful conditions such as fibromyalgia, 1932
construct validity & internal consistency of a Chinese Chronic Illness-Related Stress Inventory, primary care patients with chronic illness, 26204
contribution of neuroticism & extraversion & daily hassles & uplifts in work & nonwork domains & job & nonjob satisfaction to overall life satisfaction, 20–57 yr old police officers, 32374
coping mechanisms & stress perception & motivation to have children, fertile vs sub-fertile males (mean age 35 yrs), 31056
coping strategies, stress & anxiety & depression & marital maladjustment, 31–80 yr old spouses of clinically depressed patients, 21109
coronary prone type II type of coping in interpersonal relations & other risk factors as predictors of ischemic heart disease, 19–92 yr olds, 34597
correlates of resilient outcomes, highly stressed poor inner-city African American vs White 4th–6th graders , 27062
corticosterone or testosterone, corticotropin-releasing hormone & arginine vasopressin mRNA expression & stress-induced adrenocorticotropic hormone release, male rats with adrenalectomy vs gonadectomy, 26649
corticotropin-releasing hormone receptor agonist, sleep deprivation & stress induced paradoxical sleep rebound, male rats, 7180
cortisol activity before & after public speaking stressor & positively activating & humorous video & during resting condition, healthy 20–30 yr old males, 10507
cross cultural validity of stress & adjustment measures, adjustment & stress & family life, 15–16 yr olds, Canada vs Britain vs Hong Kong vs India vs Pakistan vs Philippines, 35887
culture & primary vs secondary goals in development of overt vs covert stress coping style, 6–14 yr olds, US vs Thailand, 27064
daily associations between exercise & stressor experience & mood, 5810
daily financial stress & chronic financial strain & perceived levels of understanding & control & psychological well-being, university students, 7912
daily stress as moderator between disease activity & education & pain as predictors of anxiety & depression, Ss with rheumatoid arthritis, 3 mo study, 5190
daily vs retrospective accounts of coping during exams, undergraduates, 20943
decision theoretic model of stress arousal & coping propensity in stress expectancies, college students, 26713
defensiveness & hostility & BP-assessed cardiovascular reactivity to stress, 18–45 yr old males, 27384
degree of family stress & level of risk, normative vs low SES vs recently divorced families vs families in therapy for child's antisocial behavior, 4609
degree of social support & patient's & support giver's perceptions of illness etiology, patient's mood & stress, 27–73 yr olds with chronic fatigue syndrome, 14906
demographics & family & stressor events & coping behavior to adolescence adaptation, 13–18 yr old males vs females from rural & ranch families, 17365
development & confirmatory factor analysis & validity of Rhode Island Stress & Coping Inventory, 18–74 yr old smokers who successfully quit vs relapsers, 6658
development & reliability & validity & factor structure of Hassles Assessment Scale for Students in College, assessment of stress, college students, 35908

development & reliability & validity of About My Asthma questionnaire, stress levels & health related quality of life, 6–12 yr olds with moderate–severe asthma, 1945
developmental mechanisms & role of heat shock protein system in autoinduced myocardium tolerance to ischemia & preconditioning as adaptive response to stress, 18336
diagnosis & psychosocial stressors & adaptive functioning, 18–79 yr old suicide attempters, 34294
diagnosis of acute stress disorder & symptoms as predictors of later diagnosis of PTSD, victims of violent assault assessed at 1 mo & 6 mo after crime, 14600
diagnostic tool for differentiation between stress & infection/inflammation related leukocytosis, 12–93 yr old emergency room patients, 31875
diathesis-stress models & depression in pediatric chronic illness, 11356
diazepam vs tandospirone, hyperglycemia elicited by immobilization-induced stress, normal male mice, 4276
differential item functioning of Perceived Stress Scale, adults (mean age 42 yrs), 20900
dimensional structure & correlates of translated Driver Behaviour Inventory, individual differences in vulnerability to driver stress, 18–79 yr old Japanese drivers, comparison with British drivers, 9816
dimensionality of male role variables of psychological agency & traditional male role attitudes & masculine gender role stress, 25–53 yr old males vs females, 4661
disclosure sessions, cognitive & affective processing & stressor resolution, college students, 30411
discrete stress of negative life events & family environment, behavioral adjustment, 8–16 yr olds with chronic diabetes, 28027
dual process model of adaptive coping with bereavement in relation to loss- vs restoration-oriented stressors, 17691
dynamic properties aligned with temporal interactions of stress & coping & related variables, 20928
dysphoria, primary & secondary appraisal & coping & psychological & physical adjustment, college students, 8092
early loss of mother or father & personality traits & acute losses & long-term stress, late-onset depression, older adults, 5 yr study, 4911
economic pressure & mediating role of spousal interactional characteristics, emotional–marital distress, married couples, implications for family stress model, 11004
economic variables & stress, married 19–60 yr old employed women with children, 17646
effect of chronic restraint stress on non-spatial memory during object recognition task & modulating role of food deprivation & role of monoamines & amino acids, male rats, 29947
effect of stress caused by cystourethrogram vs pediatric assessment & props on recall of event, 3.1–5.6 yr olds, 18810
effects of stress on serotonin innervation & nerve cell firing & synthesis/metabolism & 5-HT1A receptors, 26541
emotional self-management program, stress & emotions & heart rate variability & dehydroepiandrosterone & cortisol, adults, 5799
environmental events & personality mediators & emotional responses as stress components, prediction of 7 aspects of sleep & dreaming, 18–35 yr old college students, 29667
ethnicity & organizational stress & quality of student life, African American & Caribbean & African college students , 9534
examination of conflict with parents & mood disruptions & risk behavior in reconsideration of G. S. Hall's views on adolescent period of storm-and-stress, 17316
exercise & cold pressor test stressors, somatosensory evoked potentials, 25–35 yr old healthy males, 13678
experienced stress & trait negative affectivity & depression & anxiety & somatization, headache & quality of life, adolescents, commentary, 11801
experienced stress & trait negative affectivity, headache & quality of life, 12–18 yr olds, 11797
experimentally activated interpersonal expectations, affect & support-seeking & coping responses to hypothetical unplanned pregnancy, female college students, 7815
extent & severity of marital & interpersonal relationship & family circumstance & stressful life event problems not attributable to mental disorder, adult psychiatric outpatients, Netherlands, 12044
extent of daily living assistance & patient behavior problems & caregiver stress, risk of hypertension, spousal caregivers of Alzheimer's disease patients, 11936
facets that may be perceived as stressful, fisheries graduate students, 35528
family conflict stress interactions, systolic & diastolic blood pressure & heart rate & concordance of physiologic response, African American hypertensive vs normotensive mother-daughter dyads, 10517
financial & parenting & global stress & social support & employment status, punitive & nonnurturant parenting behavior, 14–19 yr old Caucasian vs Mexican American mothers, 976
financial adequacy & perceived economic well-being or stress & own vs partner's job instability & job insecurity, individual & family well being, 18–65 yr olds, 1116
financial strain & social relations & psychological distress, older adults (mean age 70.24 yrs), Fiji vs Republic of Korea vs Malaysia vs Philippines, 17405
finding meaning in response to an HIV-related stressor & changes in immune status & health, HIV-seropositive men aged 27–50 yrs, 2- to 3-yr follow-up, 8551
forced swim stress, NADPH-diaphorase histochemical activity in paraventricular nucleus of hypothalamus, male rats, 23349
gender & isolation & work patterns & stress, old age psychiatrists, 38707
gender differences in sympathoadrenal activity during rest & in response to foot shock stress, rats, 4012
general stress & physiological & psychological stress symptoms & intraocular pressure in eye, 21–68 yr old ethnic Chinese, 24883
genetic factors & past-year stressful life events, trajectory of & liability for depression, prepubertal & pubertal male vs female twins, 14502
global self-perceived stress, effects of stressful daily events on mood states, 27–57 yr old male white collar workers, 7951
grandchild behavior & grandmother socioeconomic factors & health status, burden & stress & satisfaction, 38–77 yr old full-time vs part-time vs non-caregiving grandmothers, 27199
identification & factors & consequences of discontent & problems & stress, 20 yr olds & younger vs 21–40 yr old college students , 28993
immobilization stress, hypothalamo-pituitary-adrenal axis reactivity & sleep–wakefulness cycles, male rats, 3792
immobilization stress, transcription of enzymes involved in norepinephrine biosynthesis in locus coeruleus, rats, 17010
impact of locus of control & perceived social support & their interaction on depression & immunological & neurochemical indicators of stress in response to receiving breast biopsy results, females, 13665
individual differences in interaction of need for & ability to achieve cognitive structure in moderation of stress on information processing, adults, 27349
individual differences in personality & appraisals of stressor severity & coping strategy with stressful events, 35–55 yr old males, 17657
induced success or failure, self-esteem & free cortisol stress response, adults, 20936
interpersonal/marital stress, disease activity, married females with rheumatoid arthritis, 5255
IQ & SES & life stressors & academic achievement, employment & educational attainment level & living arrangements, 28–35 yr olds with learning disabilities, 20 yr study, 16014
job involvement as mediator of effects of role-relevant stressors on job-related worrying & mental health complaints, dairy-farming husbands vs wives, implications for Dutch farming crisis, 25907
kainic acid induced ventromedial nucleus of the hypothalamus lesions, excessive running & stomach ulceration under activity–stress paradigm, 6 wk old male rats, 26707
ketoconazole, stressor-induced reinstatement of extinguished cocaine seeking behavior & generalization of discriminative stimulus to cocaine, male rats, 17061
laughter, stress & positive affect in daily life, 17–79 yr olds , 4785
length of exposure & digit-scan & cold-pressor, intertask consistency of BP responses, 18–22 yr old males, 23430
levels of Fos immunoreactivity after repeated handling & injection stress, inbred strains of mice, 20247
Life Chart assessment of family & other adversity exposure in childhood & adolescence, 8–12 yr olds, 7 & 10 yr followups, 13042
life events & stress & illness onset, adult females with anorexia vs bulimia, 11753
life stress & coping styles & social support & personality factors, eating disturbances, 31015
maternal stress & low baby birth weight, inner city mothers, 1956
maze stress, ACTH levels, male Wistar rats, 36399
measurement & nature & consequences of stressful life events, homosexual HIV-positive males, 18312
mediator & moderator role of social support, perceived stress & symptom patterns, 12–14 yr olds, 36833
melatonin, behavioral alterations & emotion induced by chronic mild stress under light/dark choice test, mice, 13766
meta-analysis of effects of stressful life events on breast cancer, 11852
metabolic syndrome levels, caregivers with vs without coronary heart disease who cared for spouses with Alzheimers disease, 15–18-mo follow-up, 1999
mild vs severe vs no time limitations, reading comprehension & motivation, college freshmen, 13314
Mississippi Scale for Desert Storm War Zone Personnel, assessment of long-term psychological effects of war-related stress, Marine reservists, 3 yr study, 6663
model of relationship between stress & negative life events & suicidal behavior, adolescents, 5052
model of stress & coping dynamics applied to parenting adjustment & infant development, primiparous mothers at 1 vs 6 vs 12 mo postpartum, 1145
mood states & urinary stress hormone output in psychosocial stress, menstrual cycle adequacy, human females (mean age 31.6 yrs), 33329
naloxone vs beta-endorphin, NE release in amygdala after footshock, male rats, 734
nature & perceptions of stressful life events, adults with mild or moderate intellectual disability, 18159
needs & feelings of stress & social supports, urban & poor family members with developmentally delayed or at risk child in early intervention program, 12 mo followup, 38471
neighborhood, experience of life stress, urban 14–17 yr olds, 27023
neural mechanisms in relationship between anxiety & fear & stressor controllability, implications for understanding of learned helplessness, 8188
nicotine dependence & withdrawal, stress level, adolescent & adult regular smokers, 33854
nicotine with vs without immobilization stress, acoustic startle reflex & prepulse inhibition, male vs female Sprague-Dawley vs Long-Evans rats, 13724
nonevaluative social support & presence of friend or stranger, cardiovascular reactivity during stressful tasks, females, 13663
novel situation, stress & event related potentials, 27–43 yr olds, 560
obstetric complications & other prenatal & perinatal risk factors in & vulnerability stress models of schizophrenia, 4945
odor exposure & stress inhibition in granule neuron proliferation of dentate gyrus during postnatal period, neural development, rat pups, 3926
organizing framework for relating cohesion to stress & strain & disintegration & performance, implications for military psychology, 17570
overlap in categorization of chronic stressors & daily hassles, hospital employees, implications for stressor measurement, 31761
overseas peacekeeping duties, mental health & health & stress before & after deployment, Defence Force personnel, New Zealand, 6372
parent training program about ADHD & behavior management, parental stress & severity of child's behavior problems, parents, 28263
parent-child relationship qualities & child adjustment, poor highly stressed African-American vs White parents & their 2nd-6th grade children , 11012
parental stress & maternal social support, mothers of 7-yr-olds born at very low birthweight, 4632
parenting stress & coping behaviors & child abuse or neglect, mothers of children under age 4 prenatally exposed to cocaine, 5081
parenting stress & depression & parenting, 38–88 yr old grandmothers raising their grandchildren, 20758
parenting stress & instructional strategies for promoting peer relations, low income African American mothers (aged 19–45 yrs) of 2–3.5 yr old children, 36975
pathways to aggression in highly stressed urban 2nd & 3rd grade children, 2-yr followup, 27079
patterns of & changes in maternal support & conflict, prenatal vs postnatal stress & self esteem & health & knowledge of infant development, pregnant 12–20 yr olds, 902
perceived family stressors & prediction of child physical abuse potential in immediate postpartum period, mothers mean age 26.6 yrs of newborns, 7 mo follow up, 37444
perceived level of stress & attitudes toward parenting & family functioning & economic well-being & social support, 15–50 yr old parents of newborns, 4618
perceived parenting styles in childhood & sex & age & symptoms, stress coping strategies, outpatients (mean age 38.5 yrs) in remission from major depression, 30689
perceived stress & prenatal care utilization & major life events & adequacy of prenatal care, mothers, implications for social work practice, 22149
perceived stress from work & family & personal life & alcohol & drug use & smoking, active duty military male vs females, 20798
perception of social support & social network sufficiency & role of stressful life events & depression severity, adult patients with treatment-refractory depression, 17882
perfectionism, stress & psychological symptoms & hopelessness & adjustment, college students, 37149

poor vs enriched rearing conditions, behavioral & developmental & physiological reactions to social & other stress, pigs (aged 14–17 wks), 33137
postnatal maternal separation during stress hyporesponsive period, adrenocortical response to novelty, adult rats, 3681
postpartum maternal behavior & stress as assessed by urinary cortisol levels, captive lowland gorillas & their 0–14 day old infants, 4018
pre-administration information about relaxant vs stimulant drug effects, subjective stress & arousal, healthy 19–33 yr olds, implications for placebo response, 600
prediction of source & recency & degree of stress & suicide ideation, 14–18 yr old high school students, implications for prevention & intervention, 17995
prenatal caffeine exposure, fearfulness & hypoactivity & exaggerated stress,l animals & humans , 20361
prenatal exposure to alcohol &/or stress, dimorphic nuclei in lumbar spinal cord & relation to impaired ejaculation, male rats, 23278
prenatal stress & alcohol exposure, adult neurosteroid & catecholaminergic stress responses, rats, 4306
prenatal stress & brain biogenic amine levels & response to social separation, rhesus monkeys, 3798
prenatal stress, glucocorticoid secretion & hippocampal development in postnatal period, 3924
prenatal stress, plasma corticosterone & catecholamines in response to footshock, 4.5–5 mo old male offspring of stressed & unstressed rats, 4084
prenatal stress, serotonergic system & induction of synaptic loss in hippocampus & developmental disabilites, rat offspring, implications for learning ability, 3850
prenatal stress, ultrasonic vocalization & myoclonic twitching in response to separation, rat pups, 16843
preoperative clinical & demographic characteristics & life stressors & social support & surgery outcome, depressive syptomatology, coronary artery bypass graft patients (mean age 65.3 yrs), 35102
protective & damaging effects of stress hormones on body, 10518
protective family relations, psychosocial development & child stress & adjustment & social skills & anxiety & acting out & timidity, 11–14 yr old African Americans, 20587
psychological distress & parenting stress, mothers of high vs low risk very low birth weight infants, 1 & 8 mo & 1 & 2 & 3 yr followups, 11046
psychological risk factors, mental & physical health related impairments in stressful situation, college students, 4853
psychometric characteristics of Norwegian versions of Impact of Event Scale & Post Traumatic Stress Scale & General Coping Questionnaire, medical students under stress, 24330
psychosocial resource loss vs gain & change in life events & depressive symptoms in structural equation modeling of stress & coping dynamic processes, adults, 10 yr study, 30501
psychosocial stress & coping & regimen adherence, chronic vs transient metabolic control, adults with Type 1 vs Type 2 diabetes mellitus, 28042
psychosocial stress, sexual behavior & wet dog shakes, 5-HT agonist treated vs not treated male rats vs adrenalectomized vs sham-adrenalectomized female rats treated with estrogen &/vs progesterone , 671
quality of life & strain on family members, severely brain injured 12–39 yr olds & their closest relatives, 10 yr follow up, 5365
quantity & types & timing of stressful life events & perception of causality on current life situation, homeless adults, 10867
ranking of stressfulness of life events, college students, Germany vs India vs South Africa vs US, 1333
rating of stressors, 20–61+ yr old missionaries, 8 yr study, implications for missionary care, 27359
rationale behind & evaluation of measurement techniques of stress-related immune dysfunction in psychoneuroimmunology, 29972
receptor specific cholecystokinin agonists & antagonists, anxiety- & stress- & panic-related behavior, implications for treatment of attention &/or memory disorders, 648
recollection of early stress (environmental risk & uncertainty), individual differences in attachment behavior & time preference & sexual behavior & reproductive strategies, female college students, 17655
reinstatement of some maternal nurturance behaviors vs dexamethasone, reversal of elevations of ACTH & corticosterone & other neural stress markers, maternally deprived rat pups , 7158
relationship between social support & physical & mental health & moderating effect of social support on adverse consequences of traumatic stress exposure, 22–91 yr old male veterans, 28570
relative importance of caregiver & child & family & environmental characteristics & responses, caregiver stress, caregivers of emotionally disordered 4–12 yr olds, 11694
reliability & validity of Appraisal of Life Events scale, adults, 19593
repeated stressor exposure, behavior & endocrine adaptation & altered expression of neuropeptide Y in amygdala, male rats, 36466
repetition of word vs non-words & expressive language skills & influence of lexical stress on repetition skills, 5-yr-olds with language impairment, 27937
resource loss vs gain in conservation of resources theory as stress, depressive mood & anger, 22–40 yr old females during pregnancy & postpartum, 34004
role & context of corticosteroids & mineralocorticoid & glucocorticoid receptors, ability to cope with stress & cognition & memory performance, humans, 36408
role capacity & overload as subjective & patient behavior problems as objective stress, risk for & prediction of depression, 23–82 yr old caregivers for relative with Alzheimer's or other dementias, 14993
role of nociceptive/orphanin FQ in lateral & central amygdala, rats, implications for reduction of fear responsiveness & stress, 497
role of stress in Parkinson's & Alzheimer's disease, 15039
role of tetrahydrobiopterin as neurotransmitter biosynthesizer & nitric oxide as neuroendocrine modulator in neuronal control of depression & stress & immune system regulation, 14511
salt restriction vs potassium supplementation, cardiovascular responses during rest vs stress, 22–48 yr olds on high salt-low potassium diet, 17018
SCH23390 vs raclopride, stress induced anxietylike behaviors & locomotor activity, male rats, 13823
secure vs fearful vs preoccupied vs dismissing attachment styles, coping with stress & psychological symptoms & distress, male vs female college students, 24023
selegiline, long term changes in dopamine efflux & stress immobility following opiate withdrawal, male Wistar rats, 4160
self esteem & coping, valuation of salient roles during stressful life events, older adults (mean age 73.8 yrs), 14094
self-esteem & problem-solving coping skills vs social activities & support, daily hassles & depression, well adjusted vs resilient vs vulnerable adolescents , 27040
self-reported stress, change in sleep patterns, young adults with long vs short vs variable sleep patterns, 4069
self-reported vs co-worker ratings of negative affectivity & self-reported stressors & strains, 24–56 yr old full-time employees pursuing graduate degrees, 6314
serotonin 1A receptor agonists & stressful & anxiogenic conditions, cortical cholecystokinin like material release in frontal cortex, free moving adult male rats, 23292
severe stress & clinical levels of depression & anxiety, male vs female strictly orthodox Jews, commentary, 8054
severe stress & clinical levels of depression & anxiety, male vs female strictly-orthodox Jews, 8065
severity & timing of stressful life events & onset of depression, outpatients with no previous vs 1 vs multiple lifetime episodes of depression, 11361
sex & acute stressors experienced during competition, use of coping strategies, male vs female 15.8–20.3 yr old skilled competitive athletes, 9651
sex attitudes & depressed mood & stress, prediction of suicide ideation, 14–17 yr olds, 37513
shopping stress, 22–79 yr old males & females, 12927
short-term career-related & psychosocial mentoring in academic setting by experienced peers & multiple aspects of socialization & stress, MBA students, 22561
shortcomings & recommendations in mathematical & statistical covariance structure modeling applied to stress research, 26271
simulated open field, stress-induced hyperthermia & thermoregulation, male vs female guinea pigs, 13660
sleep disturbances & their behavioral & maternal stress associations, children with Down's syndrome, 8457
small platform stress, diazepam withdrawal induced behavioral changes, mice, 7241
social skills & stressful life events & loneliness & anxiety & depression, college students, 17834
social support & coping style, stress & alcohol use & problems, adults in their 20s vs 30s, test of alcohol reduction hypothesis, 8364
socially & spatially restricted housing, ethological measures of excitement & aggression & uncertainty, beagles, animal model of chronic stress, 19963
socially & spatially restricted housing, hormonal & immunological reactivity, beagles, animal model of chronic stress, 20225
socioeconomic & demographic factors & somatic health problems & negative life events & chronic strain & social support, symptoms of anxiety & depression, 19–46 yr old mothers of toddlers, 17676
sociotropy vs autonomy personality styles & perceived stress associated with interpersonal or achievement focused hypothetical life events & vulnerability to dysphoria, 18–48 yr olds, 12-wk study, 4913
sources of stress for daughters of nursing home residents, 38545
strategies for coping with stress & participation in family Al-Anon groups, wives of alcoholics in support Alcoholics Anonymous groups, 2683
stress & challenge of psychiatric nursing clinical experiences, students in associate or baccalaureate nursing programs, 19161
stress & coping & academic & psychosocial adjustment, children with a chronic disease, 34539
stress & coping & moderating role of families' friends, families of children (mean age 8.35 yrs) with Smith–Magenis syndrome, 1394
stress & coping resources & perception of family life, mothers of children with Down syndrome vs spina bifida vs no disability, 1388
stress & coping skills & relationships with normal vs problematic grandchildren, custodial grandparents, 20749
stress & coping strategies & self esteem & health outcomes of depression & drug use & sexual risk behaviors, impoverished 18–65 yr old male vs female African Americans or Latinos, 8016
stress & dysregulation of brain reward pathways & drug dependence, 4188
stress & experience of making do not resuscitate decisions for an incompetent terminally ill family member, families, 16277
stress & food intake vs handling during feeding vs maternal deprivation vs maternal–pup interaction, hypothalamic & amygdalal expression of corticotropin-releasing factor receptor type 2, rat pups, 20230
stress & glucocorticoids & excitatory amino acid neurotransmitters & NMDA receptors, hippocampal plasticity & atrophy & related disorders, 21580
stress & health, military service members deployed on medical humanitarian assistance mission to Kazakstan, 25974
stress & learning strategies & test anxiety & attributions, college students, 2910
stress & perceptive signals & immune responses & conditioning & CNS active drugs & adrenergic system & ACTH & endogenous opiates & body temperature & natural killer cell activity, 29952
stress & psychological morbidity, caregivers of patients with Alzheimers disease, 38543
stress & psychosocial environment, children with hyperphagic short stature, 34548
stress & sertraline, regulation of cholecystokinin mRNA expression in the hippocampus & cerebral cortex, rats, 23507
stress & social support & depressive symptoms, progression of infection, HIV-infected gay males (mean age 30.3 yrs), 21503
stress & social support & recent traumatic life events, sense of coherence, 20–60+ yr olds, 20957
stress & spinal cholecystokinin processes, morphine's antinociceptive potency, rats, 23514
stress & tumor cell inoculation & immunomodulators, lung cell activity, male mice , 29954
stress level & attribution of stress to caring for patients & subjective burden & attitudes toward continuing care, 17–70 yr old caregivers of 15–58 yr old patients with obsessive-compulsive disorder, 37405
stress levels, memory of natural disasters, 3–4 yr olds & their mothers, 7376
stress mediated vs cognitive affective models of burnout, 22–65 yr old male high school athletic directors, 38779
stress of maltreatment experiences in childhood & adverse brain development, maltreated 6.7–17 yr olds with PTSD, 24327
stress of political uncertainty, hardiness & coping & perceived gender differences, 25–53 yr old Israeli social workers & educational psychologists in West Bank during Intifada, 15792
stress, reinstatement of nicotine vs sucrose seeking behavior, male rats, 29982
stress-coping factors & cigarette & alcohol & marijuana use, urban African American vs Hispanic vs White & male vs female 6th–9th graders, 1807
stress-level cortisol, decreased memory performance, 18–30 yr olds, 23559
stress-moderator role of intrinsic religiousness, dysphoria, churchgoers of liberal vs conservative Protestant denominations, 1322
stress-related brain damage, 18351
stress-related perceptions of life events, 7–13 yr olds in Wales & Ireland & England, 980
stressful life events & maturity of defense mechanisms, 11–18 yr old female psychiatry patients, 37255
stressful life events 12 mo prior to incarceration, psychological well being, 19–49 yr old incarcerated female offenders, implications for nursing, 11669

stressful negative life events & pessimism & natural killer cell cytotoxicity & T cytotoxic/suppressor cell percentage, Black HIV-positive females at risk for cervical cancer, 8491
stressful parent–adolescent disagreements & internalizing symptoms & 1st onset of depressive or anxiety disorder, 12–13 yr olds, 7 yr study, 30633
stressors & cognitive appraisal of stressor & social support & coping strategies & well-being, family caregivers of institutionalized elders with vs without dementia, 31992
stressors & morphine, locomotor effects, rats, 33489
stressors & social support & academic performance, urban & low-income Mexican-American high school sophomores, 25768
structural equation modeling of effects of economic stress on marital quality, 36 yr old men vs women in married vs cohabiting relationships, 1120
subchronic methamphetamine vs restraint stress, stereotypy sensitization & cliff avoidance reaction, Fischer 344/N vs Lewis/N male rats, 4303
sustained stress, acquisition & performance of delayed alternation task & food intake, adult male rats, 4020
temporal evolution of stress & difficult life events in year prior to onset, 17–64 yr olds with depressive disorders, 27607
test of cognitive-affective stress propensity model, graduate students working in organizations (mean age 30.5 yrs) and their colleagues (mean age 34.3 yrs), 35868
time management & perceived control of time & work–family conflict & strain outcomes of job dissatisfaction & health complaints, 19–74 yr old workers, 9617
training stress vs final examination stress, reactivation of herpesviruses, cadets 18 yrs old & older, 35720
tryptophan, restraint-stress-induced anorexia & growth rate, male rats, 4164
uncontrollable stress situation with carbohydrate rich vs poor & protein poor food, deterioration of mood & cognitive performance, 18–25 yr olds with high vs low stress-proneness , 4056
violence exposure & life stress & family support & self concept & behavior problems, 10–19 yr olds receiving mental health services from school vs community programs, 12426
work & family stressors, work & family & life distress & physical health & turnover intentions, university professors, application of Conservation of Resources Theory, 19414
writing about stressful experiences, symptom severity, patients with asthma or rheumatoid arthritis, 2 wk & 2 & 4 mo followups, 18803

Stress [See Also Environmental Stress, Occupational Stress, Physiological Stress, Psychological Stress, Social Stress, Stress Reactions]—Books

Making decisions under stress: Implications for individual and team training, 3152
The psychology of well being, 25378
Stress and emotion: A new synthesis, 14343

Stress [See Also Environmental Stress, Occupational Stress, Physiological Stress, Psychological Stress, Social Stress, Stress Reactions]—Chapters

Adolescent development: Implications for the adolescents alone, 30154
Assessment and treatment of retirement stress, 15114
Behavioral medicine interventions with older adults, 5814
Cognitive task analysis and modeling of decision making in complex environments, 3169
Conflicting mindscapes and the inevitability of stress in teaching, 22644
Critical thinking skills in tactical decision making: A model and a training strategy, 3157
Cross-training and team performance, 3153
Decision making under stress: Creating a research methodology, 3159
Differential effects of psychological and immunological challenge on the hypothalamo-pituitary-adrenal axis function in adjuvant-induced arthritis, 26728
Environments and stress reduction, 20471
Evaluation of child factors related to early stuttering: A descriptive study, 18228
Family environment, stress, and health during childhood, 7350
Family structure and processes, 17496
Feedback augmentation and part-task practice in training dynamic decision-making skills, 3161
Field research on the relationship between stress and disease activity in rheumatoid arthritis, 28063
Impact of mental illness on the family, 30643
Improving decision-making skills through on-the-job training: A roadmap for training shipboard trainers, 3164
Individual and team decision making under stress: Theoretical underpinnings, 3156
Life-course perspectives on mental health, 30592
"Looking for the Rosetta Stone": An essay on crying, soothing, and stress, 20466
Mapping resilience as process among adults with childhood adversities, 30537
Measuring team-related expertise in complex environments, 3166
Mental disorder in late life: Exploring the influence of stress and socioeconomic status, 30597
The nature of stressors, 17702
Outcomes of the stress process, 17696
Pain and stress: A new perspective, 14950
Perspectives on the family and stress in late life, 1027
Prenatal and perinatal stress: Implications for neonatal soothing and integrity, 20644
Psychosocial aspects of growth retardation in Turner's syndrome: Preliminary results, 24738
Psychosocial short stature: Follow-up to adolescence and adulthood, 24623
Self, identity, stress, and mental health, 30539

Social stratification and inequality, 30286
Social stressors in childhood and adolescence, 17395
Stress and illness, 1365
Stress and immune dysfunction in Gulf War veterans, 27500
Stress exposure training, 3060
Stress, resources and psychosocial adaptation to short stature in childhood: A study in pathological growth disorders, 24739
The stresses of poverty and the comfort of spirituality, 38139
Team coordination training, 3165
Toward a temporal–spatial model of cumulative life stress: Placing late-life stress effects in a life-course perspective, 1023
Training and developing adaptive teams: Theory, principles, and research, 3162
Work and hormonal variation in subsistence and industrial contexts, 9616
Work and unemployment as stressors, 17699

Stress Management—Serials

analysis of organizational level stress interventions, 38931
application of transtheoretical model of behavior change to smoking cessation & stress management, 5547
bereavement support groups & stress management training & coping style, anxiety & depression, HIV-1 seropositive vs seronegative homosexual 18–65 yr old males who had lost a loved one to AIDS , 12309
bereavement support groups & stress management training & coping style, anxiety & depression, HIV-1 seropositive vs seronegative homosexual 18–65 yr old males who had lost a loved one to AIDS, erratum, 31768
community based services, stress relief & delay or prevention of institutionalization, caregivers of demented elderly, commentary, 18960
community based services, stress relief & delay or prevention of institutionalization, caregivers of demented elderly, 18983
community based services, stress relief & delay or prevention of institutionalization, caregivers of demented elderly, commentary, 18979
coping strategies & situational stressors as predictors of employee stress & turnover after organizational consolidation, hospital nurses & clinicians , 9347
crisis & critical incident stress management interventions & group debriefing, 38480
exposure therapy vs stress inoculation training vs their combination, female assault victims (mean age 34.9 yrs) with PTSD, 12-mo study, 15078
family satisfaction & stress reduction & other service needs in outdoor camp program, 17–41 yr old homeless mothers , 25444
generalization effects of coping skills training to stress management & self-defense training, college students, 6 mo follow-up, 37975
group cognitive behavioral stress management & changes in mood & perceived stress, plasma dehydroepiandrosterone sulfate level & ratio to cortisol level, HIV-seropositive males, 10-wk study, 25289
group music therapy improvisation as nonverbal communication & application to address & alleviate personal & interpersonal stress & enhance group relations, high functioning adults, South Africa, 28558
group process & treatment outcomes in cognitive behavioral stress management intervention, 25–55 yr olds, 34891
group-based cognitive-behavioral stress management intervention for treatment & secondary prevention of HIV/AIDS, HIV+ homosexual males & poor African American females, 22036
health education & stress management programs, cardiac rehabilitation, coronary heart disease patients, 35289
high vs low hope, problem solving ability & coping with stressful academic & interpersonal situations, college students, 2935
intervention & management of stress & psychological dysfunctioning, mental health professionals, 25697
meditation-based stress reduction intervention, anxiety & depression & empathy & spiritual experiences, medical & premedical students, 9339
peer-led stress inoculation, state anxiety & heart rate & BP & perceived severity of symptoms, college students (mean age 18.75 yrs), 22093
perceived sources of support & critical incident stress management & exposure level in rescue/recovery efforts after bombing, 21–60 yr old firefighters, 18881
psychological support intervention & debriefing & stress-inoculation training, stress reactions & trauma, Canadian military personnel deployed on humanitarian peacekeeping operations in Rwanda, 6373
relaxation training & stress management, death anxiety & depression & ability to communicate with dying, 20–44 yr old student nurses, 9362
reliability & stability of home vs work self-measured vs clinic measured true BP pre- & poststress management intervention, 26–69 yr old males with hypertension, 2 mo study, 18329
sociodemographic characteristics, 18–65 yr old self-referrals vs referrals with mental health problems made by psychology service to stress workshops open to general public, 30605
stress & stress management strategies, lesbian vs heterosexual females (aged 19–67 yrs), 31819
stress inoculation training program, impulsive behaviors, 20–30 yr old males with traumatic brain injury, 18558
stress management program, well-being & anxiety & depression & work performance, direct care staff working in group homes, 6058

Stress Management—Books

Stress reduction for caregivers, 28722

Stress Management—Chapters

Alcohol and tension reduction, 23944
Environments and stress reduction, 20471
The *Estonia* **disaster: National interventions, outcomes, and personal impacts, 12465**
Innovative stress management for financial service organizations, 25867
Social context and depression: An integrative stress and coping framework, 11395
Sucking and massage therapy reduce stress during infancy, 20463

Stress Reactions—Serials

acute & chronic stress responses & lipid responsivity, airline pilots, 17013
acute psychological stress, craving and stress reactivity & changes in sadness & anger & heart rate & salivary cortisol & anxiety & joy & fear & physiological responses, cocaine abusers , 18078
acute smoking & oral contraceptive use, cardiovascular & lipid & fibrinogen stress responses, 18–33 yr old female smokers & nonsmokers, 10557
acute stress reactions & early intervention implications, victims of violence, 24419
acute stress response patterns to accidental injury, 15–69 yr olds assessed before & during & after the accident, implications for treatment of trauma victims, 1953
acute vs repeated restraint stress, preferred vs nonpreferred solution intake, male rats vs hamsters, 13669
administration of antalarmin for 1 vs 8 wks, hypothalamic pituitary adrenal function & response to stress as measured with ACTH & corticosterone concentrations, animals, 26701
adverse psychological reactions to ECT, ECT recipients ages 20–67, 18759
affective disturbance & cognitive distortion & errors, functional impairment & response to stress of illness, adults with heart disorders before vs after outpatient cardiac rehabilitation, 25507
age & gender, experience & consequences of life stress, 8–12 vs 13–18 yr olds, 23783
age, subjective experience of stress & workload & bodily discomfort during data entry vs information retrieval vs accounts balancing computer work, 20–75 yr olds, 6414
alprazolam, ethanol consumption induced by unpredictable social isolation stress, aged female rats, 20353
anxiety sensitivity & reassurance seeking & perceived vulnerability as cognitive risk factors, prediction of stress-related anxiety & mood symptoms, military cadets (mean age 18 yrs) in basic training, 34070
assertiveness, threat & challenge reactions to potential stress, undergraduate women, 20952
association between psychological distress & personality variables, victims of Boeing 737 crash, England, 20898
attachment & anger in anxiety-provoking situation, dating couples, 20842
behavioral & neuroendocrine response to stress & to psychostimulant effects of acute & repeated amphetamine, SSN vs HAN lines of Lewis rats, 23277
biological & behavioral influences on lipid responses to acute & chronic stress, airline pilots, 17012

biological role of stress response in neural connectivity & adaptive self-organization & relation between stress & brain development during early childhood, 4432
Ca2+ channel blockade with nifedipine, amphetamine sensitivity & neurochemical consequences of immobilization stress, male rats, 10610
cardiovascular & cortisol responses to standardized stress test, Lithuanian vs Swedish 50-yr-old men , 13674
causal relationship between stressful life events & onset of major depression, female twins, 1 yr study , 24205
change in college environment & psychological problems & therapeutic process, college therapists & students, 3001
chronic burnout & somatic arousal & salivary cortisol levels, 20–64 yr old blue-collar workers, 29118
clinical needs assessment following 1995 Oklahoma City bombing, middle & high school students in need of formal evaluation for posttraumatic response symptoms, 28647
comorbidity & distinctness of PTSD & disorders of extreme stress not otherwise specified, 28–67 yr old military veterans assessed after exposure to war-zone military trauma, 11463
corticosteroids & stress responses & sex & intracellular receptors, 7233
corticotropin-releasing hormone, mediation of neuroendocrine & behavioral alterations after restraint stress, male rats, 29973
course & prediction by acute stress reactions, posttraumatic symptom formation, traffic accident victims, prospective 1 yr followup study, 14612
course & predictors of stress-specific & general symptomatic distress after critical incident exposure, emergency services personnel, 3.5 yr study, 12625
daily associations between exercise & stressor experience & mood, 5810
daily naltrindole during preweanling period, basal & post-stress corticosterone levels, young male vs female rats, 10569
daily repeated social separation, temporal changes in the pituitary adrenocortical & sympathoadrenomedullar axes & heart rate & behavior, 6 mo old castrated male pigs , 26721
defensive burying & stress gastric erosions, alcohol-preferring AA vs alcohol-avoiding ANA male rats, 7015
desipramine vs morphine after early chronic variable stress, effect of inescapable shock on active avoidance behavior, male rats, 13841
development & validation of child self-report & parent report measures of children's posttraumatic stress symptoms, 3rd–8th graders & their parents, 6613
developmental patterns of brain polyamine-stress-response in neuronal changes & development, rat pups, 3995
diagnosis reactions & adaptation processes & challenges of 30–49 yr old parents of 3–7 yr old long term HIV survivors, longitudinal study, 24748
discriminant & convergent construct validity of rating scale for negativism independent of stress–strain relations & comparison to other scales, 18–46 yr olds, 9835
dysregulation of endogenous opioid system as mediator of association between repressive/defensive coping styles & enhanced stress responsivity & reduced immune system competence, male vs female adults, 13670
early exposure to painful stimuli & maternal deprivation & long-term changes in stress responses, neonatal rats, implications for development of fibromyalgia syndrome, 605
early life events & innate factors, behavioral & hormonal responses to stressors, mice, 3808
early parental loss & poor quality family relationships, long-term cardiovascular & cortisol reactivity to stress, 18–27 yr olds, 7151
ECS, stress responses in forced swim test & prepro-thyrotropin releasing hormone-derived peptides in brain regions, male rats , 13577
education with vs without psychological debriefing, psychological reactions to criminal victimization, 18–76 yr olds, 6 or 11 mo followup, 34297
effect of blockade of 5-hydroxytrytamine receptors on immobilization-induced prolactin release, male rats, 23337
electroacupuncture, physiological stress correlates of toothpulp stimulation, female rats, 20237
emotional stability & anxiety, natural killer cell activity in response to examination stress, 19–27 yr old military academic cadets, 23449
environmental enrichment, social behavior & physiological responses to stress, pigs from 4–27 wks old, 4031
escapable vs inescapable tailshock stress, gene product Fos-characterized activation of serotonin-immunoreactive cells in dorsal raphe nucleus, male rats, 23458
ethanol pretreatment, expression of NGFI-A mRNA in brain following stress test, male rats, 30063
ethanol, endogenous opioid vs nonopioid stress-induced analgesia, male mice, 4103
exposure to intact vs altered biting vs nonbiting flies, NMDA & naloxone involvement in expression of nociception & analgesic conditioning, fly naive vs exposed male deer mice, 10249
financial giving to organized place of worship & acute psychological stress response, adults, 17455
frequency of stress-induced hyperphagia vs hypophagia & snack vs meal-type food intake & effect of dieting status, male vs female college students, 29960
functional impact & predictions of difficulties in rates of postdisaster psychopathology, 18 yr old & older survivors of bombing of Alfred P. Murrah Federal Building in Oklahoma City, 34123
gastrointestinal symptomatology & plasma prolactin & cortisol levels & patterns during neutral & stress interviews, 24–50 yr olds with functional dyspepsia, 21466
gender & loss of family members & perceived deprivation, development of posttraumatic stress symptoms, 7–15 yr olds in war & siege conditions, Bosnia, 8181
gender differences in sympathoadrenal activity during rest & in response to foot shock stress, rats, 4012
gene mutations in extension of life span & stress resistance, Drosophila melanogaster, 702
general stress & physiological & psychological stress symptoms & intraocular pressure in eye, 21–68 yr old ethnic Chinese, 24883
harassment, cardiovascular and salivary cortisol stress reactivity and recovery, 18–33 yr old males vs females, 10512
immobilization stress & carbon dioxide asphyxiation vs pentobarbital sodium injection, skin mast cell degranulation, male rats , 33354
immobilization stress, hypothalamo-pituitary-adrenal axis reactivity & sleep–wakefulness cycles, male rats, 3792
increased basal activity of hypothalamo-pituitary-adrenal axis during pregnancy, rats bred for high vs low anxiety-related behavior, implications for fetuses, 4061
increased sensitivity to stress associated with noradrenergic hyperactivity & vulnerability to spontaneous recurrences of methamphetamine psychosis, female inmates, 34197
individual differences in & factors confounding effects of laboratory & real-life psychological stress on neuroendocrine functioning in healthy humans, 20226
individual differences in neuroendocrine immune system responses to chronic & acute stress & relationship to coping behavior & depression & psychological intervention, 13572
individual differences in quality of attachment & emotional expressions, adrenocortical stress reactivity in strange situation, 11–13 mo olds, 7335
individual differences in social competence & salivary cortisol response measured before vs 20 vs 35 min after self presentation task, 7 yr olds, implications for socio-emotional development , 17374
inhibited & disinhibited temperament & autonomic stress reactivity, middle aged men, 36509
intermittent vs continuous cold vs foot shock stress, sensitization of extracellular norepinephrine release in medial prefrontal cortex, male rats, 26708
involvement of natural killer cell activity & cell subsets, 36–51 yr old male workers with a tendency to burnout, 29121
lab-induced mental stress, relationship between high vs low emotional responsivity & transient myocardial ischemia, 36–74 yr olds with coronary artery disease , 28106
lesions of epiphysis &/vs hippocampus, stress response to conflict & forced swimming, male rats, 7021
level of exposure & proximity to event, stress reactions & PTSD symptomatology in response to Oklahoma City bombing, community members, 11477
life stressors & alcohol drinking behavior, late-middle-aged & older females vs males, 4 yr followup, 24514
lipid & cardiovascular responses to acute stressor, 18–30 yr old men with vs without parental history of myocardial infarction, 28111
long term administration of rubidium or lithium, reactivity to stress & dopamine output in the nucleus accumbens, male rats, 20290
long-term behavioral & neuroendocrine changes after neonatal handling, emotional reactivity & coping style, Roman high- vs low-avoidance rats, 3919
maternal licking & grooming & nursing during infancy, adult hippocampal glucocorticoid receptor activity & hypothalamic-pituitary-adrenal development & stress response, rats vs mice vs rabbits, 10405
maternal soothing & everyday distress, cortisol & behavioral stress responses, infants, 13895
medical concerns & physical & mental health issues in planned human mission to Mars, 11969
menstrual cycle phase & task effect, BP recovery from acute stress, normotensive Black vs White females (mean age 33 yrs), 20244
negative affectivity, emotional dissonance & job satisfaction & emotional exhaustion, customer service representatives, 12833
neuroendocrine responses to psychological workload of instrument flying, 19–21 yr old male student pilots in Finnish Air Force, 20242
neuroticism & exposure to & appraisals of & distress & coping choice & effectiveness in relation to interpersonal & other daily stressors & resulting mood, undergraduates, 14 day diary study, 37156
novel open field environment vs restraint stress, scent marking & cortisol levels, male bushbabies, 23268
novel shock-prod stress with vs without footshock pretreatment, colonic spike burst frequency & defensive burying, male rats, animal model of intestinal reactivity to stress, 13681
objective stressors & perceived stress & coping & resourses during Lebanese War, adolescents & their parents, Beruit, 33799
oral contraceptive use, appraisal of stress & locus of control & self-integration & negative affect, women ages 18–48 yrs, 20363
organizing framework for relating cohesion to stress & strain & disintegration & performance, implications for military psychology, 17570
patient background & physical & medical history & symptoms & perceptions, 69-yr-old male with angina pectoris triggered by stress, panel discussion, 34601
perceived stress & cognitive & emotional differences, 24–64 yr old beginning vs advanced Buddhist meditators, 7889
physical vs psychological stressors, electrocardiogram readings vs pulse when measuring heart rate & reactivity, 18–35 yr old Ss, 26722
pivagabine, stress reaction & antagonistic change in GABA receptor & corticotropin releasing factor & neurosteroid binding function, intact vs adrenalectomized-castrated male rats, 10658
plasma corticosterone elevation in successive negative contrast in consummatory behavior of sucrose, male rats, 4059
poor vs enriched rearing conditions, behavioral & developmental & physiological reactions to social & other stress, pigs (aged 14–17 wks), 33137
post-traumatic stress responses & dissociation symptoms, 7–16 yr olds with liver transplantation, 15435
posttrauma incidence of acute stress disorder & PTSD symptoms, 16–65 yr olds with vs without traumatic brain injury following motor vehicle accidents, 14999
posttraumatic stress reactions, 6–11 yr old Palestinian children who experienced war, Gaza Strip , 14627
potential adverse effects of glucocorticoids on brain/hippocampal functions, humans & animals, implications for PTSD, 23523
predator odor exposure, locomotor activity & ACTH & corticosterone plasma levels, rats, 23468
prenatal ethanol exposure, hypothalamic-pituitary-adrenal responses to chronic cold stress, male vs female rats, 10597
prepubertal salivary cortisol reactivity to anticipated stressor & subsequent drug use behavior during adolescence, 10–12 yr old sons of fathers with substance abuse disorder, 4 yr followup, 24530
presence of supportive male vs female, cardiovascular responses to stressor, male vs female 18–25 yr olds, 13666
proestrus vs metestrus vs diestrus vs estrus cycle & single vs group stress, cold-restraint induced stress ulcers, female rats, 33349
proximity of heterosexual pairmate, physiological & behavioral stress reactions to novel housing, marmosets, 6951
psychological & physiological stress responses to work & family, 28–61 yr old white-collar workers in insurance company, 12899
psychological factor of salivary cortisol secretion & stress reactions, unemployed individuals, 6285
psychological stress of academic examination, serum prolyl endopeptidase & dipeptidyl peptidase IV activity, undergraduates, 4053
psychological support intervention & debriefing & stress-inoculation training, stress reactions & trauma, Canadian military personnel deployed on humanitarian peacekeeping operations in Rwanda, 6373
psychological workload & neuroendocrine responses associated with psychomotor test performance, 18–22 yr old males participating in Air Force pilot selection, 20243
psychophysiological correlates & endocrine & pituitary hormone secretion & insulin & melatonin & blood pressure as stress reactions during adaptation to cold in Antarctica, healthy males, 23456
quality of threatening life events vs individual differences, variations in PTSD & other posttraumatic conditions & relation to DSM-IV model, 11458
reactions to & school counseling strategies, students whose grandparents have Alzheimers disease, 19370
reactions to missile attacks, 20–65 yr old patients with panic disorder, 24341

recurrent abdominal pain & stomachaches & psychological & physical & environmental factors & stress & coping skills, children's health, commentary, 37744
regulation of stress responses at level of medial prefrontal cortex output neurons, male rats, 20251
relationship between stress-related personality variables & academic performance, 1st yr medical students, 2 yr study, 25782
risk & protective processes for posttraumatic stress reactions & negative sequelae following Northridge earthquake, 8–18 yr olds with pre-earthquake psychopathology, 30770
role of corticotropin releasing factor system as mediator in development of stress response & major depression & PTSD, rodents & nonhuman primates & humans , 33408
role of individual differences in cognitive expectancies & coping in time course of psychoendocrine & psychophysiologic & psychoimmune stress responses & implications for health, 13661
role of stress-induced activation of Fos in subregions of prefrontal cortex during acquisition of aversive memory, rats, 26556
school examinations, cognitive appraisal & state anxiety & coping, high school students, 25800
secure vs fearful vs preoccupied vs dismissing attachment styles, coping with stress & psychological symptoms & distress, male vs female college students, 24023
self perception & ability to control impression one makes on others & social stressor, cardiovascular response patterns, male 18–35 yr olds, 16998
sense of humor & humorous vs nonhomorous videotape as intervention, anxiety & affect in response to external stressor, undergraduate students, 27358
skin thickening as predictor of appearance esteem & effect of appearance esteem on reaction to stress of disease-caused physical change & psychosocial adjustment, adults with systemic sclerosis, 24709
sleep deprivation vs constant exposure to light vs repeated restraint overnight, immune & inflammatory responses, influenza-infected C57BL/6J & Swiss-Webster mice, 4077
sleep inducing peptide, stress reactions following disruption of limbic structure of brain, male rats, 13765
social stress & personality traits, stress reactions & chronic pain coping behavior, 42–75 yr old females with osteoarthritis vs 50–78 yr old females reporting fibromyalgia syndrome, 24732
starvation & sand substrate, cardiac & ventilatory behavior, disturbed vs settled ovigerous vs non-ovigerous female crabs, 29938
strengths & vulnerabilities via life experiences prior to assault & factors influencing recovery, 18–40 yr old sexually assaulted females with high vs low distress response, 30838
stress & decreased fear conditioning, spatial learning, male handled vs unhandled pretrained vs untrained rats, implications for long term potentiation involvement, 13404
stress or inherent chemical changes, prefrontal cortex dysfunction & related behavioral problems, children, implications for differential diagnosis of ADHD, 11507
stress reactions & emotional adaptation in isolation conditions after bone marrow transplantation, 8–12 yr olds, 7-wk prospective study, 11790
stress sensitivity associated with noradrenergic hyperactivity & dopaminergic change, spontaneous recurrence of methamphetamine-induced paranoid-hallucinatory states, female inmates , 21357
stress-reaction process & adaptive modification & reorganization of neuronal networks, 33216
swim stress, corticotropin-releasing factor & locus ceruleus sensitization, male adult rats, implications for pathophysiology of depression, 23453
tachykinin NK-1 receptor agonist RP-67580, stress-induced analgesia, male rats, 23484
traditional vs flexible assembly line work, psychological & physiological stress responses, male vs female workers, 12901
transactional appraisal approach & cognitive & emotional components & coping in organizational stress process, commentary, 38988
transactional appraisal approach & cognitive & emotional components & coping in organizational stress process, 38993
transactional appraisal approach & cognitive & emotional components & coping in organizational stress process, commentary, 38995
trauma & acute stress disorder, 16–65 yr old survivors of motor vehicle accidents vs severe burns vs industrial accidents vs nonsexual assaults, 27728
Trauma cue, neuroendocrine & psychophysiologic responses, veterans with posttraumatic stress disorder, 24335
validity & reliability of rating scale of pain coping behavior & stress reactions & psychological vulnerability & sensitivity to cognitive intervention, adults with rheumatoid arthritis, 22878
worry & autonomic & immune response to phobic fear, college students, 23473

Stress Reactions—Books

Police trauma: Psychological aftermath of civilian combat, 29287
Soothing and stress, 20447
Trauma and fulfillment therapy: A wholist framework, 8748

Stress Reactions—Chapters

Animal aggression: A model for stress and coping, 36521
Coping through meaning: The community response to the earthquake in Armenia, 12963
The effects of trauma: Dynamics and treatment of PTSD in the elderly, 31492
Gender and mental health: Do women have more psychopathology, men more, or both the same (and why)?, 17802
Getting specific about coping: Effortful and invluontary responses to stress in development, 20460
The great Hanshin-Awaji earthquake: Adapted strategies for survival, 12964
How to master workplace stress, 5539
Incident response and recovery management, 29176
The Kempsey bus disaster: The effects on Australian community rescuers, 12468
Modulation of anxiety by reproductive hormones, 23481
Post-traumatic stress disorders in children and adolescents, 21215
Re-visiting the validity of the construct of resilience, 36870
Rheumatoid arthritis, personality, stress response style, and coping with illness: A preliminary survey, 27503
Risk factors for the acute biological and psychological response to trauma, 24354
The role of neurobehavioral organization in stress responses: A polyvagal model, 20461
The significance of unforeseen death in a community on the brink, 11250
Strategies to study risk for the development of PTSD, 24352
Stress and soothing: An endocrine perspective, 20254
Stress, corticotropin-releasing hormone, glucocorticoids, and the immune/inflammatory response: Acute and chronic effects, 28091
The terrorist bombing in Oklahoma City, 12466
Twins with special needs, 34051
Women, stress, and depression: Sex differences in hypothalamic-pituitary-adrenal axis regulation, 24236
Work control and employee well-being: A decade review, 16133

Striate Cortex [See Visual Cortex]

Strikes—Serials

gendered nature of & participation in labor strike, male vs female workers , 9625
strike tactics, judgments & support of the 1994-95 Major League Baseball player's strike, 14–59 yr old baseball fans, multilevel analysis, 19456

Stroboscopic Movement [See Apparent Movement]

Stroke (Cerebrum) [See Cerebrovascular Accidents]

Strong Vocational Interest Blank—Serials

effectiveness of Strong Interest Inventory &/vs Myers-Briggs Type Indicator in career counseling, 16–52 yr old community college students, 32718

Stroop Color Word Test—Serials

brain activation & pupil response as selective visual attention & speech-related motor program selection & cognitive load indicators during overt & covert performance of Stroop Color-Word task, adults, 20078
color-word matching, semantic vs response competition as source of Stroop interference, college students, 10117
controlled processing & response inhibition & set adoption in vocal RT version of Stroop task, HIV positive adults, 18306
distraction caused by alcohol-related vs emotional words on Stroop task, alcohol abusers vs (mean age 43.5 yrs) nonabusers, 1758
ERPs during Stroop Color Word test of word or color naming or color/word for locus of Stroop effect, females, 26613
functional connectivity of neural systems that subserve attention & impulse control during performance on Stroop Word-Color Interference Task, 18–57 yr olds, 23105
Goldman-Fristoe-Woodcock Test of Auditory Discrimination vs Stoop Color and Word Test, psychodiagnosis, 18–72 yr olds with ADHD, 16337
hypnotizability, verbal RTs & ERPs during performance of Stroop color naming task, 19–30 yr olds, 29665
lapses of intention measured by intrusion errors in Stroop task, older vs younger adults, 17418
lexical & semantic relatedness & semantic relevance & response set membership in manual & vocal Stroop tasks, college students, 244
negative-prime Stroop task & directed-forgetting memory task as tests of cognitive inhibitory ability, 8–15 yr olds with ADHD, 27920
presence of audience & forced social comparison with coactor, performance on & recognition memory for Stroop task, undergraduates, implications for attention & cue utilization in social facilitation, 36220
traditional interpretation of color naming latencies in noncolor word Stroop task & associative priming, college students, 19799

Stroop Effect—Serials

anterior cingulate affective division activation during presentation of negative words in emotional counting Stroop task, adults, 7130
automatic vs controlled attentional processing in Stroop negative priming, college students, 36228
cognitive stress on Stroop Test vs rest condition & emotional factors of depression vs anxiety vs phobic avoidance, balance, 25–69 yr olds with vs without Meniere's disease vs dizziness, 21626
color-word matching, semantic vs response competition as source of Stroop interference, college students, 10117
cross-modal priming effects between olfaction & vision using modified Stroop test, undergraduates, 29472
differences across patients & response to depression & anxiety stimuli, Stroop Tests, patients with posttraumatic stress disorder or obsessive compulsive disorder or major depressive disorder, 30625
effects of alcohol-related picture cues on cognitive processing of Stroop task using alcohol vs control words, college students classified as heavy vs social drinkers, 23497
emotional state & cognitive & disease characteristics, Emotional Stroop task performance, 37–96 yr olds with Parkinson's disease , 11935
ERPs during Stroop Color Word test of word or color naming or color/word for locus of Stroop effect, females, 26613
interhemispheric interaction, global vs local interstimulus interference & selective attention, college students, 29611
lexical & semantic relatedness & semantic relevance & response set membership in manual & vocal Stroop tasks, college students, 244
manual vs vocal response to color or word flanked by Stroop stimulus, college students, 6766
mechanisms of Stroop interference in number counting task, college students, 3534
modulation in experimental variables speed vs regularity in masking task presentation, latent inhibition, 22–44 yr olds with high vs low schizotypal traits, 17668
narrowing of spatial attention, word recognition process involved in Stroop effect, college students, 16686
nature of increased interference found in performance on card version of Stroop task, patients with schizophrenia, 14535
positive affect & intention memory, removal of Stroop interference & volitional facilitation, college students (mean age 24.7 yrs), application of personality systems theory, 29575
response latency & RT in visuospatial priming & Stroop tasks, individuals (mean age 33.4 yrs) with obsessive compulsive disorder, 24332
reverse Stroop effect in Japanese kanji vs kana, college students, 3555
sentence interference in Stroop task, error rates & RT in word processing, college students, 36210
Stroop & Garner interference effects in selective attention & comparative judgment of semantic vs physical size of number, college students , 6779
Stroop effect & RT & ERP by EEG analysis, 20–30 yr old males, 33302
stroop effect in processing of emotional information, 9–17 yr olds with PTSD, 17940
symbolic distance from enumeration response, Stroop-like interference in digit identity, undergraduates, 23104

Structural Equation Modeling—Serials

actor-partner interdependence & common fate & dyadic feedback models of interdependence, spouses, applications to prestest-posttest data for marital therapy outcome evaluations, 8822
aggregation levels in confirmatory factor analysis, goodness of fit measures & higher order parameter estimates of academic self concept, college freshmen at risk for academic difficulty, 6696
application of growth curve analysis to data comparing 3 counseling & testing methods for prevention of HIV infection & other sexually transmitted diseases, males vs females, 1 yr study, 38454
attitude-based models for binary choices using an innovation, entrepreneurs, 36213
coefficient alpha & estimation of composite reliability with interrelated nonhomogeneous items using structural equation modeling, 6719
comparison of structural models representing turnover cognitions, sales personnel, 3090

competing values framework constructs of rating scale of organizational effectiveness & validity & reliability using structural equation modeling, hospital managers & supervisors (mean age 40 yrs), 9815
desirability of parsimony in structural equation modeling selection, 32742
development of sense of coherence concept using structural equation modeling & factor analysis, 15–75 yr olds, 10862
developments in structural equation modeling & implications for counseling psychology, 25003
empirical fit as an indicator of theoretic fit & performance of maximum likelihood vs generalized least squares estimation in structural equation models, 16411
fitting ARMA time series model as structural equations model using lagged data, commentary, 13027
Friedman method of ranks for model comparison in structural equation modeling, 32744
hierarchical regression analysis in structural equation modeling, 13128
impact of quadratic terms on probability of type II error in testing for multicollinearity for interaction effects, 13132
indeterminacy of manifest & latent & mixed variables in structural equation modeling, 6708
individual & group change in structural equation modeling methodology, 6717
integrated conceptual dimensions in structural equation model of self-reported current affect, college students, 30534
Lagrange multiplier methods used in specification searches for addition of parameters to models, sampling errors & misspecification of model, 9965
latent variable modeling approach that permits estimation of individual latent change scores & relationship of ability change scores to other variables, 19670
longitudinal structural equation models of sexual harassment & job & psychological outcomes, adult females, 2 yr study, 12843
maximum likelihood estimator & asymptotically distribution free based test statistics, structural equation modeling of nonnormal multivariate data with small sample sizes & distribution conditions , 32731
measurement error corrections in structural equation models, 6692
method for detection of equivalence in structural equation models with parameter value variation, application to models of educational attainment or aspiration, 32743
Monte Carlo investigation of standard approach & Bonferroni approach & simultaneous test procedure to control Type 1 errors with specification search in structural equation modeling, 6695
multitrait-multioccasion measurement model, application to 4-wave data on family support & alcohol involvement among adolescents, 6693
sample size & estimation method & model specification, structural equation modeling fit indexes, 9964
sequential Scheffé-type respecification procedure for controlling Type I error in exploratory structural equation model modification, 13133
shortcomings & recommendations in mathematical & statistical covariance structure modeling applied to stress research, 26271
structural equation analysis of factorial model best fit of date for California Verbal Learning Test—Children's Version in standardization sample, 20493
structural equation analysis of Wide Range Assessment of Memory and Learning Test, clinical population of 5–17 yr olds, 13090
structural equation modeling for models using principal components analysis, 32734
structural equation modeling in occupational therapy research, 9269
structural equation modeling of attitudes towards computers, university lecturers & administrative staff & accountants, 22405
structural equation modeling of effects of economic stress on marital quality, 36 yr old men vs women in married vs cohabiting relationships, 1120
structural modeling analysis of anxiety & depression & personality & background factors, 28–78 yr old patients undergoing coronary artery bypass graft surgery, longitudinal study, 12321
use of Gibbs sampler in Bayesian approach to compute posterior distribution over parameters of structural equation model given covariance data & prior distribution, 13142

Structural Equation Modeling—Books
An introduction to latent variable growth curve modeling: Concepts, issues, and applications, 9981

Structuralism—Serials
feminist post-structuralist position as framework for understanding female friendships & relationships, 27237
feminist post-structuralist position as framework for understanding female friendships & relationships, commentary, 27238

Structuralism—Chapters
Culture and development in our postcultural age, 13983

Structured Overview [See Advance Organizers]

Strychnine—Serials
anticonvulsant milacemide, strychnine-induced allodynia & normal nociception, rats, 4180
flavor avoidance learning & reduction of strychnine baiting hazards to nontarget animals, squirrels & gophers & chipmunks, 3650

Student Activism—Serials
physical & mental health consequences of hunger strikes, 18–22 yr old college students, implications for prevention of harm, 38363

Student Adjustment [See School Adjustment]

Student Admission Criteria—Serials
effects of differently weighting interview scores, acceptance vs rejection of admission, minority medical student applicants, 15722
evaluations & impression from recommendation letters, medical school admission committee members, 2754
inclusion & exclusion criteria for internship selection, training directors of graduate psychology programs, 25618
selection criteria used by postdoctoral fellowship programs in clinical neuropsychology, 6024
student reasons for studying medicine & perceived importance of academic vs other student characteristics as basis for medical school admission, students & faculty & counselors, 28853
surface vs strategic vs deep learning styles, admission data, incoming medical students, 15707

Student Admission Criteria—Chapters
Racial and ethnic preferences in college admissions, 2827

Student Attitudes—Serials
abstinence-based sex education program, pregnancy prevention knowledge & beliefs, middle school students, 9418
accuracy of academic gender stereotypes, male vs female college students, 30353
achievement goals in mathematics & negative affect about making mistakes & self-regulatory beliefs & behaviors, 5th–6th graders, 9532
achievement motivation & conceptualizations of education & opportunity & future, Black 11th grade students, South Africa, 32277
action-control beliefs about school performance, actual school performance, children & adolescents, Russia, 33622
affirmational journal writing, scientific literacy, 8th graders, 35484
age & major, attitudes toward elderly persons & perceptions of self at age 75, 19–54 yr old college students, 15980
age & teaching influences, astronomical explanations of seasonal changes, 3rd–9th graders, 9384
age, perceptions of challenges & obstacles to academic success, 20–58 yr old male vs female college students, 6233
AIDS knowledge & attitudes & sources of information, students from academic vs vocational vs religious high schools (mean age 15.82 yrs), 25791
attitude toward & developmental trends in reading motivation, 1st- vs 2nd-graders vs Finland, 38872
attitude toward behavior & subjective norm & race/ethnicity & sex & SES & grade & attitudes toward science, intentions to perform science learning activities, 4th–8th graders, 19294
attitudes & beliefs regarding job market, approach to career decision making, arts undergraduates, 6284
attitudes & perceptions & expectations & cognitive & normative influences on binge-drinking & nonbinge-drinking alternative activities, binge-drinking tendencies, college students, 33858
attitudes & reactions to replacing lectures with multimedia computer based learning, college students, 2875
attitudes toward & views of psychiatry, 3rd yr medical students, implications for understanding of recruitment decline, 15710
attitudes toward academic brilliance & studiousness & athleticism, 13–14 yr old secondary school students, 38878
attitudes toward informed consent & confidentiality & substitute treatment decision making based on Western culture ethical principles, biomedical science students, Zimbabwe, 35423
attitudes toward mathematics & mathematics teaching, Mexican-American high school students, 22543
attitudes toward pedagogical aids in textbooks, 1st-semester & advanced psychology students, 12662
attitudes toward psychiatry as prospective career, freshmen medical students, 35389
attitudes toward science & environment, 9th graders, implications for science & environmental education, 38869
attitudes toward science, Northern Irish 13–16 yr old students attending Protestant vs Catholic grammar schools, 32285
attitudes toward spirituality & religion & professional training & clinical practice, marriage & family graduate students, 12600
attitudes toward teacher ethnicity & bilinguality & gender, 9–17 yr old multi-ethnic students in English-only or bilingual & English language development classes, 2944
attribution error & halo effect in evaluation of instructor's racism & sexism, college students, 2939
beliefs about role of schools in cultural diversity & multiculturalism curriculum, preservice teachers, 25722
beliefs regarding appropriate physical education activities for elementary school children, junior & senior preservice elementary education generalists, 9403
camp-based & overnight environmental education programs, positive wildlife attitudes, 5th & 6th graders, 38793
CD-ROM vs lecture based instruction & instructor facilitation, course achievement & attitudes, college students in course on health professions, 6168
changes in perceptions of supervisory alliance & changes in self-efficacy expectations & satisfaction with supervision, counseling trainees, 38689
changing children's attitudes toward the aging population by teaching aging education in elementary school classrooms, 38803
civic education teaching/learning program, attitudes toward democracy & market economic system, 14–15 yr olds, Poland, 9445
classroom environment, perceptions of science education project, 14–15 yr old secondary students vs science teachers, 6248
coach–athlete compatibility & perception of coaching behaviors & trait & state anxiety & state self-confidence, female collegiate basketball players, 25966
cognitive mediation & instructional design & metacognitive & instructional knowledge, college students, 19243
collaborative teaching model, consumer perspectives & satisfaction, students with vs without learning disabilities & their parents, 34457
collaborative writing in same- vs different-ability pairs, quality of & attitudes toward creative writing, 8-yr-old students, 32239
college year status & sex & career education courses, career beliefs & career decision making, college students, 25854
computer-aided personalized system of instruction in undergraduate psychology course, student ratings & performance & success of course, college students, 25736
conceptions about greenhouse effect, 11 & 12 yr olds, teaching implications, 32222
conflicting parental & teacher & pupil perspectives on challenging student behavior, implications for educational policy-making & home–school relationships, 32294
construction of pre & postlab concept maps, understanding of chemistry concepts in chemistry labs & achievement, 1st yr college students, 2915
controlled vs autonomous motivations & beliefs in self-determination theory outcomes in medical education, 38701
cooperative learning vs interactive video instruction, academic achievement & attitudes, college students learning basic German, 35494
correlation of philosophical dualism with belief in ESP & psychokinesis & life after death, 16–51 yr old college students, 27403
course level & developmental aspects of selection & postcourse ratings of teaching, college students, 12701
cultural context & attitudes & motivation for learning Hebrew as 2nd language, reading comprehension, Arab 8th-graders, Israel, 2900
daily financial stress & chronic financial strain & perceived levels of understanding & control & psychological well-being, university students, 7912
data & attitudes & perceptions regarding University of North Dakota Institutional Review Board, activities regarding human Ss research proposals, university faculty & graduate students, 19683
demographic characteristics & risky sexual activity & HIV test expectations & results, 17–61 yr old students who voluntarily sought HIV testing at university health center, 35115
development & construction of Attitudes Toward Career Counseling Scale, 18–30 yr old & older college students, 16052
development & psychometric properties of Washington Primary Care Interest Inventory, measure of attitudes about appropriate psychosocial concerns for family physicians, medical students, 6549
development & validity & reliability of Survey of Environmental Issue Attitudes, community college students, 19476
development & validity of questionnaire to assess cultural learning environment in relation to science attitudes & teacher–student interactions, secondary science students, 32284
development of rating scale to measure readiness for shared learning activities, undergraduates in health care professions, 13109

developmental pattern of attitudes & beliefs of toward school subject competency & gender stereotypes & parent/child attitude relationship, male vs female K–6th grade students, 35500
discourse analysis of section of Spanish Ministerial Directive regulating requests' for revision of University Entrance Examination markings, students, 9387
disgust sensitivity & preference for environmental education activities that involve manipulation of organic materials, middle school students, 19471
dysfunctional attitudes & depressive & anxious cognitions, depressive symptoms before & after midterm examinations & midterm outcome, 17–29 yr old college students, 30503
effectiveness & reactions to use of newspaper advice column letters as case problems in developmental psychology, 23–49 yr olds in master's program in counseling, 22327
effectiveness of alternative education program, school-related attitudes & academic performance & self-reported delinquency, 6th–8th graders, 1 yr followup, 29285
effects of dual intervention program to enhance moral reasoning & perceived efficacy, 5th & 6th graders, 15966
environmental science course, environmental knowledge & attitudes, high school students, 19472
estimation of annual deaths from tobacco & cocaine use & homicide, college students, 18046
ethics components in curriculum, perceptions of & ethical responses to whistleblowing scenario, college accounting vs psychology majors, 6320
ethnocultural resistance & emotional reactions to diversity courses in mental health training programs, students of color, 12592
evaluation of museum design of Yad Vashem Israeli memorial Holocaust museum, Holocaust attitudes & knowledge, high school students, 6136
evaluation of survey questions with scale variations, college students, 19214
exit interview to promote attitudes of self competence & celebrate transition to professional status, master's level marriage & family therapy students, 38687
expectations & perceptions of fairness of grading distributions & grading procedures, evaluations of instructors, college students, 20872
experience with & perspectives on doctor–patient communication & patient-centered consultations, 3rd yr medical students in general practice vs hospital ward attachments, 38699
experiences & views on importance of mentoring, graduate students, 2952
exposure to feminism through women's studies course, feminist consciousness, female college students, 12706
expression of their relationship to & place & understanding of prenatal testing in human genetics class, female high school sophomores, 2949
factors influencing self-perceptions of physical competence & congruence with teachers' perceptions, college students in beginning physical education classes, 15960
fellows' perspectives on didactic curriculum of Department of Defense Psychopharmacology Demonstration Project, 35388
fieldwork, attitudes toward & understanding of concepts & principles of ecology & defense of studied ecosystem, 14–16 yr old students, 19301
format & content of & attitudes toward seminar class about racism & psychological theories of its occurrence, college students, 12661
gambling habits and reasons, 17–62 yr old college students, implications for college counselors, 6227
gender & discipline & level, views on the use of animals in research, undergraduate students, 38865
gender role & attitudes toward deterministic vs humanistic & systems counseling theories, male vs female college students in counseling theories class, 9511
genetic course, change in conceptions of genes from epistemological & ontological & social/affective perspectives, grade 10 students, 2878
group discussion, presentation of arguments & modification of previous attitudes toward masculinity & femininity, college students, 14241
history & impact of fragmented educational reform on issues of exclusion & inclusion & teacher & student views of counseling in schools, 12752
ideas about & attitudes toward aging before vs after 6-wk integrated instruction unit featuring intergenerational activities & non-ageist literature, 1st & 2nd graders, 38759
images of competency to give informed consent, medical students vs law students vs mental health professionals vs lawyers, Japan, 16276
implementation & evaluation of foreign language education computer programs with cultural content, college students in level 1 French, 38789
implementation of & attitudes toward teacher-based comprehensive AIDS education program, 7–27 yr old students, Uganda, 38922
individualized teaching practices in rural classrooms, intellectual challenge & topics of interest & social & emotional satisfaction, rural & economically disadvantaged gifted 5th graders, 32310
information about subsidies provided by public vs private colleges, estimates of total cost & judgment of cost reasonableness, college students & elementary & secondary teachers, 38778
instructor & student gender & instructor verbal & nonverbal immediacy behaviors, perceived learning & willingness to talk in class, college students, 15979
instructor's ethnicity & gender, ratings of credibility of African American vs White instructors, college students, 28995
intensity & appropriateness perceptions of professional/academic vs business/financial vs personal/counseling vs social/friendship vs sexual/dating relationships between students & faculty, students, 19328
intervention based on changing attitudes toward education with vs without paired reading program at home, socially disadvantaged primary school children with low reading test scores, 16007
judgments about seriousness of incidents & reporting of suspected maltreatment, 21–51 yr old graduate social work students, 25655
knowledge & attitudes & behaviors regarding organ/tissue donation, 17–55+ yr old college students, implications for campus based donation education, 6104
knowledge & perceptions of need for further training about breast cancer screening, medical students at entry & exit from medical school, 6022
knowledge about & attitudes toward writing process instruction approach, students in Grades 4–8 with learning &/or language disabilities, 35552
knowledge base preferences during & after degree program, Finnish nursing students from different specialty groups, 3-yr study, 32292
knowledge level & bias about aging, students in grades 3 & 6 & 9 & 12 in West Virginia & Texas, 15 yr study, 36889
learning & grade orientation & accomplice's motive in aiding cheater, peer judgements of cheater vs accomplice 18–34 yr old college students, 29007
linguistic tools of social & math attitudes toward classroom culture & mathematics discussion, 17-yr-old male students, 28979
listening to varied speech intelligibility, evaluation of speaker's personal qualities & attitudes toward deafness, 16–17 yr olds with vs without contact with students with hearing impairments, 28233
locus of control & coping styles & self-esteem & their relationship to school attitudes, 14–18 yr olds, 30224
main influences on decisions & perceptions of extent of their preparation for transitions & career education & guidance, 16–17 yr olds who have switch once vs multiple times, 32290
motivation & dimensionality of measurement instruments & student approaches to learning, Asian students, 36038
motivation to learn to use computers & experience with computers, computer anxiety & attitudes & self efficacy, college students enrolled in computer programming, 28982
motivational beliefs about personal academic success, Aboriginal vs Anglo vs immigrant Australian 7th–11th graders, 9523
motivations surrounding cheating behavior, male vs female undergraduate students, 28990
no decision aid vs pro/con or computer program decision aid for choosing a college, satisfaction with college choice, high school seniors, 35527
opinions about mental illness, prediction of attitudes towards seeking professional psychological help, male vs female undergraduate students, 12751
opinions of economics & declared level of interest, male vs female high school & college students , 28978
participation in human diversity course, change in attitudes regarding diversity, undergraduate social work students, 9344
participation in service learning with autistic children & other populations, perception of knowledge attainment in course material & attitudes toward those being served, college students , 22435
participation in service learning, perceptions of academic & personal & civic development, college students in service learning courses, 22449
passing rates & interest & motivation in accounting & attitudes toward reading & math, business vs nonbusiness college students, 5 yr study, 32267
past behavior, intention & future studying behavior & test of theories of reasoned action vs planned behavior vs self-regulation, 18–29 yr old undergraduates, 15976
peer interventions, improved self-concepts & attitudes & school attendance & grades & reduced discipline referrals, 6th grade students with problem behaviors, 38928
peer-assessed problem behaviors & social network prominence, 4th–6th graders with vs without disabilities, 29022
perceived challenge of learning environment & perceived control, academic achievement motivation, at risk 12–16 yr olds in nontraditional school environment, 19295
perceived importance of college services, male vs female college students, 32319
perceived influences on attitudes towards foreign language & culture, grammar vs secondary school male vs female pupils in 5th year of studying French, 29006
perceived reasons for classroom help-avoidance & help-seeking behaviors in math class, 10–12 yr olds, 9509
perceived teacher humor orientation & immediacy & communicative style & student humor orientation & learning, college students, 15989
perception of teacher's immediacy & verbal aggression & homophily & interpersonal attraction, college students, 38877
perceptions & sensitivity & recognition of domestic violence via responses to performance art portrayal of victim experience & Q methodology, mediation trainees, 22447
perceptions & use of instructional materials placed on the World Wide Web as classroom supplement, college economics students, 6228
perceptions of & satisfaction with & similarities between & developmental aspects of 2 academic advising programs, business college juniors & their assigned advisors, 9570
perceptions of appropriate science courses for oneself & opposite gender, 9–13 yr old males vs females, 9513
perceptions of at-risk youth, college students, implications for collaboration between education & human services, 25795
perceptions of career advising, psychology student graduates , 16031
perceptions of classroom instruction & learning environment, resilient vs nonresilient disadvantaged predominantly Hispanic 4th & 5th graders, 15983
perceptions of coeducational vs same-sex physical education classes, male vs female 6–8th graders, 2956
perceptions of creativity level of classroom climate, students & teachers , 9515
perceptions of culture & construction of mathematics curriculum & classroom & learning, teacher & 13 yr old students, 3 yr study, 28927
perceptions of ethical issues facing employees vs managers of businesses, undergraduate business majors & MBA students, 32378
perceptions of ethicality in third party vs immediate negotiation behaviors, 21–48 yr old graduate business students, US vs Brazil, 22576
perceptions of grouping formats in reading instruction, 3rd & 4th & 5th graders with & without learning disabilties, 15997
perceptions of influence of race on professor credibility, college students in courses taught by Black professors, 6234
perceptions of instructor verbal & nonverbal immediacy, undergraduate students enrolled in conventional vs distributed learning classrooms, 2943
perceptions of interpersonal behavior of in-service teachers in whole class vs individual setting, students vs judges, 6250
perceptions of nature of science, final year undergraduate science students, 19310
perceptions of parents' job insecurity, academic performance, 17–21 yr old undergraduates, 22505
perceptions of power in relationship with mentor teacher, 21-yr-old male secondary English student teacher, 32187
perceptions of school belonging & classroom & social goals, changes in achievement goal orientations after transition middle school, 5th graders followed to 6th grade, 9466
perceptions of school climate & satisfaction with school, 11 vs 13 vs 15 yr olds, Finland vs Latvia vs Norway vs Slovakia, implications for improved health & educational outcomes, 6245
perceptions of school to work transition & school integration & development of & strategies needed to reach & hindrances to future goals, adolescents with acquired brain injury & their parents, 35539
perceptions of service-learning outcomes, faculty vs college students, 22461
perceptions of student affinity-seeking strategies, college students vs teachers, 2957
perceptions of therapeutic qualities of counselor with disabilities, college students, 15787
perceptions of using writing as component of science learning, students, 4 yr study, 15984
perceptions of values of counseling & psychological services on campus, college students, comparison with APA's public opinion survey, 25848
perceptions of White vs Black faculty, male vs female Black students at historically Black colleges, 4586

perfectionism as multidimensional construct in statistics anxiety, 22–55 yr old graduate students, 19308
personal attributes & self & family sport participation & significant other influence on occupational choice, university students planning career in health promotion, 6353
personal frameworks for science learning & cognitive engagement with peers during collaborative knowledge-building tasks in science classrooms, 8th graders, 9479
perspectives on problem-based learning in occupational therapy curriculum, 19–47 yr old college students, 15968
philosophical beliefs & advocacy for school music programs, undergraduate preservice music education teachers, 22527
preferred characteristics of potential school based adult helpers & perceived barriers to seeking help, White 9th graders, 2951
presence of irrational decision-making bias in medical treatment conditions & nonmedical everyday behaviors, 18–45 yr old medical residents vs college students, 32278
prior mathematics conceptions & approaches to learning & perceptions of present studies & course grade, students in 1st yr university mathematics course, 2905
private vs public self consciousness, differentiation & casual attributions & perceptions of interactions with patients, 4th vs 6th yr medical students, 15784
problem-based community-oriented curriculum vs traditional lecture-based curriculum, attitudes toward community medicine, first vs final year medical students, 35433
professor vs student perceptions of student propensity to cheat in academic cheating & other moral situations, college professors & students, 6105
programming & marketing strategies based on perceptions of & willingness to use & awareness of services of college counseling centers, college students, 38921
rape attitudes, 21–40 yr old male vs female medical students, 15766
ratings of familiarity with & probability of use of & value of textbook pedagogical aids, university vs community college vs high school students, 12670
reading intervention program, attitude & reading strategies & improvements, elementary school students in New Zealand, longitudinal study, 9449
reading preferences & attitudes & achievement & access to reading materials & gender & SES, 6th graders, 19273
reasons for dropping out of school & role of school counselor as multicultural advocate, 16–24 yr old Chicano & Latino dropouts, 38863
relationship between cognitive styles & instructional preferences, 18–58 yr old business studies students, 38879
relationship between perceptions of campus climate & cognitive development, female students through the 2nd & 3rd years of college, 19341
relationship of expectations for teacher nonverbal immediacy & enrollment in distance learning course, 18–66 yr old community college students in telecourse vs on-site class, 22545
research apprenticeships views of the culture and practice of science, high school students in summer research program, 35449
responses to & amount of & time spent assisting with homework, gifted kindergarten–6th grade students & their parents, 25803
school & family environment & attitudes toward science, 17–24 yr old students, South Africa, 2937
school adjustment & reactions of teachers & classmates, 14–18 yr olds with diabetes, implications for counselors, 5208
secondary agenda in classroom activities to increase students' awareness of their assumptions & biases, 32235
self- & peer- & teacher-rated cognitive & physical & social & academic competence in 1st-yr inclusive-education program evaluation, K–5th graders with vs without disabilities, 29038
self-reported use of cognitive study strategies, high school vs university students, 9536
sex & academic self concept & attitudes & expectations & values & goals in goal vs expectancy-value theories, effort & science achievement, 15–16 yr old males vs females, 15935
sex & teachers' beliefs regarding mathematics education, male vs female student achievement & beliefs & behaviors, 22409
sex, faculty-student interactions & perceptions of classroom environment & interaction patterns, male vs female college students & instructors, 12703
sex, motivation for going to medical school, students (mean age 22.1 yrs) after 1 mo of classes, 25802
sex, performance of hands-on activities & science attitudes over the school year, 5–8th graders in performance-based science classrooms, 2950
sexual behavior & safer sex practices, 18–57 yr old college students attending commuter university, 4680
sexual harassment & assault, perception of academic climate & educational outcome, female college students, 2940
social work educators & teaching social group work & role of students' opinions, 9314
state public speaking anxiety & perceived competence & audience congeniality, 18–64 yr old undergraduate students, 1259
stereotypes about the Canadian Innu of Davis Inlet, Labrador & images published in daily Newfoundland newspaper, 18–23 yr old college students, 17464
student–faculty out-of-class communication, perceived instructor verbal & nonverbal immediacy & trust & student motivation, 18–60 yr old college students, 15973
student–teacher relationships & tensions & perceived racism & effect of tracking & teacher turnover, Latino immigrant middle school students & their teachers, 32289
subjective impressions of ability to achieve personal goals & life skills training program, 10–15 yr old 6th graders, 25798
subjective perceptions of learning & satisfaction & quality & length of report, computer-mediated learning networks, individual vs group & individual problem-solving, student instructors, 35474
sudden death of classmate & friend & perception of school support, 8th grade students, 1 mo & 9 mo followup, 20560
supervisor ethical behavior & violations & working alliance & supervisee satisfaction & reactions, psychologists in training & their supervisors, 19155
support for & perception of awarding degrees with honors as motivation for learning, medical students, 35431
teacher characteristics affecting choice of best & worst instructor, graduate education students, 9514
teacher immediacy & misbehaviors, perceptions of credibility, undergraduate students, 2955
teacher training in proactive classroom management & interactive teaching & cooperative learning, student's classroom involvement & achievement & bonding to school, 5th & 6th grade teachers, 2843
themes in empirical literature on fraternity alcohol use/drinking patterns & risk factors & attitudes, male college students, 33848
theoretical & methodological research issues in childrens' perspectives & expectations from their parents on their education, 11–12 yr olds , 3399
traditional vs group earth science instruction, science achievement & student attitudes, 15 yr-olds, Taiwan, 35477
understanding & perception of role & function of teachers in guidance, secondary school students vs teachers, 6273
use of & attitudes toward personal psychotherapy, former vs current psychiatry residents,, 15765
use of additional interspersed mathematics word problems in assignments, perception of difficulty & homework assignment preference & accuracy, high school mathematics students, 25744
use of ethnicity in lesson planning & implementation, female Mexican-American student teachers, 32198
use of genetic algorithms in analysis of questionnaire data concerning attitudes toward courses, college students, 26263
users' perceptions of the General Certificate of Secondary Education, teachers & further education lecturers & students & parents & school & college governors & employers, 22506
validity & training & user attitudes of a computer self-efficacy scale, business undergraduates, 32615
validity concerns & usefulness of student ratings of instruction, commentary reply, 22920
validity concerns & usefulness of student ratings of instruction, commentary reply, 22912
validity concerns & usefulness of student ratings of instruction, commentary reply, 22916
validity of University of Michigan Global Rating Scale & SFDP26 Clinical Teaching Effectiveness Instrument for measuring clinical teacher effectiveness, third-year medical students, 113
value of learning outcomes, students in ambulatory primary care clerkship, 25612
views of adolescence, college students, US vs Turkey, 2942
views toward active learning in basic education, teachers & adult female immigrant students, 25797
volunteer motivations & comparison to adult & college student volunteers, male vs female medical school student, 22342
volunteer motives & mandatory vs non-mandatory volunteerism, college student volunteers & experimental & clinical psychologists who volunteer , 22531
volunteer motives before vs after participation in service-learning programs, male vs female college students, 22529
volunteerism, self knowledge & academics & social awareness & commitment to service, college student volunteers, 22539
world view & field of action view of occupational therapy during introductory week, 19–41 yr old occupational therapy students, 19101

Student Attitudes—Books

Learning through children's eyes: Social constructivism and the desire to learn, 28916

Student Attitudes—Chapters

Disengagement from school and problem behavior in adolescence: A developmental-contextual analysis of the influences of family and part-time work, 6258
The effects of gender and academic program on learning styles and attitudes of undergraduate students using multimedia, web-based anatomy labs, 25787
"I used to be good with kids." Encounters between speech-language pathology students and children with pervasive developmental disorders (PDD), 19145
Student responses to architecture schools, 29010
To be a native or non-native speaker: Perceptions of "non-native" students in a graduate TESOL program, 15992

Student Attrition—Serials

academic ability & family legacy status & stress perceptions & self-perceived social alienation, college attrition, 16–23 yr old male eventual college graduates vs dropouts, 4 yr study, 35523
factors affecting attrition, female doctoral candidates & recent graduates (aged 21–57 yrs), 38876
reasons for attrition from predominantly Euro-American university, Black college students, 6242
reasons for attrition, college students, 32298

Student Characteristics [See Also Student Attitudes]—Serials

academic & personal criteria used & actual & projected changes in process used to select residents, hospital program directors, 15764
accuracy of perceptions of performance & talent & effort based on student's demographic group membership, junior high school teachers , 7853
achievement goals for reading & writing, 3rd–5th graders, longitudinal study, 25774
alternatives to traditional teaching approaches to motivate student responsibility for learning in accounting courses, student performance, graduate level business majors, 6169
attitudes toward & grading practices for students with disabilities, 6th–8th grade regular physical education teachers, 2830
characteristics & abilities of children attending language units in England, 7 yr olds with specific language impairment, 38887
characteristics & faculty assumptions & systems approach to instructional design of inclusive foreign language courses, college students with learning disabilities, 22549
demographic & academic variables related to Master's comprehensive examination performance, graduate students, 2914
demographic & attitudinal & behavioral differences, at-risk middle school students (mean age 12.13 yrs) with vs without parental active consent for school gang prevention program, longitudinal study, 30919
developmental & cultural analysis on children's attributions & affects & willingness to help in achievement contexts, Anglo vs Chinese American 3rd–4th vs 6th–8th graders, 9503
effect of achievement goal on self reported cognitive style & motivational study strategy & study strategy as mediator of relationship between achievement goal & performance, college students, 32257
factor structure & construct validity, hierarchical & multidimensional assessment of academic self-concept constructs, commercial students, 36043
family environment & teacher perceptions of social skills & student characteristics, academic achievement, African American 4th–6th graders, 6217
generality vs specificity of creativity & statistical reanalyses of responses to creativity checklists, high school seniors & college freshman, 35536
guidelines for inferences about student cognitive & affective & psychomotor domains derived from large-scale educational assessments, 36039
individual characteristics & previous computer access & training, computer attitudes, 19–51 yr old early childhood education & care prospective practitioners, 28925
level of anticipatory public speaking state & trait anxiety at pre-performance milestones or significant events, college students, 22528
motivational & cognitive predictors, text comprehension & reading amount, 3rd–5th & 8th & 10th graders, 25770
motives for communication with instructors, college students, 22538
participation in peer mediation program, self esteem & empathy & perspectives taking & cognitive abilities & mediation performance, 3rd & 5th & 7th & 8th graders, 6495

perceptions of student affinity-seeking strategies, college students vs teachers, 2957
personal attributes & self & family sport participation & significant other influence on occupational choice, university students planning career in health promotion, 6353
personality & behavioral outcomes related to religiosity & spirituality, 18–25 yr old college students, 1328
predictive utility of traditional vs teacher-defined concepts of creative personality as related to creative performance, 3rd & 4th graders & their teachers, 32283
predictive validity for Medical College Admissions Test alone & with other preadmission data, medical students grouped by race/ethnicity & gender, 2755
relationship among individual & environmental characteristics & odds of violent victimization in or around school, elementary vs junior high vs high school students, 37594
relationship between cognitive styles & instructional preferences, 18–58 yr old business studies students, 38879
relationship between stress-related personality variables & academic performance, 1st yr medical students, 2 yr study, 25782
relevance of triarchic theory of human intelligence for understanding & assessment of intelligence, multicultural student populations, 25701
role of achievement goals & perceptions of school emphasis on task & ego goals & personal goals, expression of psychological well-being, 6th graders, 38868
school-related variables relating to substance abuse, elementary & middle & high school students, 14729
schoolmate family structure & racial concentration & socioeconomic status, academic achievement, Black vs White 10th-graders, 6194
severity of disability & classroom composition, peer acceptance, students with disabilities, 19346
sex & fraternity-sorority affiliation & classification & religion & academic major, victim blaming tendency toward individuals with AIDS, college students, 28073
sex & self-efficacy & learning goal orientation & self-regulation & worry, high-stakes mathematics achievement, gifted 10–12th graders, 32312
sociodemographic & environmental characteristics & problem behaviors & exposure to school crime & violence & absence from school due to fear, 9th–12th graders who carry weapons to school vs elsewhere, 22540
student characteristics & school environment, therapeutic alliance, school counselor & clients, 19367
student personality self-reports & school achievement & teacher perceptions of student behaviors & attitudes, 8th graders & their teachers, 28977
student vs classroom level opportunity to learn, science achievement, 8th graders, 2924
student vs family vs school characteristics, school attendance & absenteeism, high school students, 2941
teachers & self concept & activities with parents & reading & sex & ethnicity & social class, school achievement, secondary school students, 3 yr study, New Zealand, 9486
use of Infant Index/Baseline-PLUS to assess baseline reading & writing & spelling & math ability & behavior, 4–5 yr olds, England, implications for policy making, 16374
youth characteristics & interactive vs non-interactive program type, effectiveness of school-based drug prevention programs in the US, 12759

Student Characteristics [See Also Student Attitudes]—Chapters

Assessment for curriculum planning, 16021
Key factors that differentiate nontraditional from traditional students, 22566
Learner profiles: Valuing individual differences within classroom communities, 12717
The world of the so-called ''learning disabled'' student, 22560

Student Personnel Services—Serials

Baltimore model of school-based mental health services, 35570
beliefs & experiences, decision making concerning utilization of school based professional services, undergraduate elementary education majors & their mentor teachers, 9399
child behavioral assessment & cognitive–behavioral interventions in treatment of school refusal in schools, 35574
development & models of & impact of school counseling on & by school-community partnerships, school counselors , 25849
ecologically oriented school-based mental health services, implications for service system reform, 35573
effectiveness of short term treatment at university counseling center, college students, 38929
evolution of legal climate for school mental health services under Individuals with Disabilities Education Act, 35577
factors influencing development of interagency systems of care for children's mental health including role of school-based mental health services, 35575
federal Student Support Services program, retention, participant vs nonparticipant disadvantaged college students, 3 yr study, 2999
for-profit managed care organizations & not-for-profit school mental health programs that are affiliated with school based health centers, 12737
guidelines & criteria for denial of campus mental health services, college students , 32318
historical trends in & strategies for overcoming tension between staff of various disciplines during development of comprehensive mental health services in schools, 12761
overview of & emerging trends in & systemic changes for school based mental health services, 12736
perceived importance of college services, male vs female college students, 32319
problems criteria & guidelines for denial of psychological services, college students, commentary, 32324
professional & ethical practices, guidelines for denial of campus mental health services, college students, commentary, 32321
programming & marketing strategies based on perceptions of & willingness to use & awareness of services of college counseling centers, college students, 38921
psychopharmacological treatment of diagnostic entities & behavioral symptomatology & school-based mental health services, 35569
rationale & organization & operation & problems encountered in development of cooperative effort to bring mental health services for children & families into elementary schools, 35568
risk factors for & prevention of osteoporosis, college students, implications for college health personnel, 38456
services for students with learning disabilities, medical schools, US & Canada, 1991 vs 1997, 9546
trends & developments in & empirical support for expansion of psychological practice to include school based treatment & psychologists collaboration with primary health care providers, 12747
use of psychoanalytic model of development in psychoanalyst's work in medical school's student health psychiatric service, 21689
utilization & effectiveness of & consent for school based behavioral health programs, 12742
value & utility of school based mental health services, Latino children & families, 12744
variables & criteria that influenced decisions to refer student clients for outside psychological counseling services , 38017

Student Personnel Services—Books

Diversity in college settings: Directives for helping professionals, 22564

Student Personnel Services—Chapters

Key factors that differentiate nontraditional from traditional students, 22566
The Native American Indian client: A tale of two cultures, 21681
The world of the so-called ''learning disabled'' student, 22560

Student Records—Serials

review of discipline referrals in school records, prediction of & screening for violent behavior & chronic discipline problems & high school failure, 6th graders, 6-yr study, 25801

Student Records—Chapters

Electronic portfolios: Applications in student assessment, 25751

Student Teachers—Serials

beliefs & experiences, decision making concerning utilization of school based professional services, undergraduate elementary education majors & their mentor teachers, 9399
beliefs & practices regarding cultural diversity, student teachers in urban vs suburban field placements, 9524
general characteristics of learning how to teach history using primary sources, student teachers, 6129
motivation to learn or become a teacher of English, 14–15 yr olds & student teachers in Slovenia, 2815
pedagogical practice & role attitudes & relationship, student teachers & their mentors, 6120
primary school teacher training, nature & acquisition & use of teachers' subject matter knowledge in mathematics & science & religion, teacher mentors & student teachers, 2831
role as instructional change agent in teaching of inquiry during practicum, student teachers, 32194
self-regulation strategies, mood awareness & improvement, 18–43 yr old trainee teachers, 25069
theories of race in context of learning to teach, student & preservice teachers & teacher educators, 32183

Students [See Also Business Students, Classmates, College Students, Elementary School Students, Foreign Students, Graduate Students, High School Students, Junior High School Students, Kindergarten Students, Law Students, Medical Students, Postgraduate Students, Preschool Students, Reentry Students, Seminarians, Special Education Students]—Serials

action-control beliefs about school performance, actual school performance, children & adolescents, Russia, 33622
computer-based assessment of student problem solving in technology environments, 26219
development & use of alternate assessments for students with disabilities, implications for state policy making, 6669
effects of managed care on service delivery in schools, implications for speech-language pathology, 2971
experiences of school as meeting ground & conflicts between groups, 25 yr old recounting early days as quiet student Sweden , 2819
large-scale computer-based testing programs using multimedia for assessment of student problem solving & other performance tasks, 26221
motivation to learn or become a teacher of English, 14–15 yr olds & student teachers in Slovenia, 2815
practicality of head-mounted vision devices, visually impaired students (aged 12–21 yrs), 35290
provision & use of self-help intervention programs for school-age children, school psychologists, 16030
psychosocial issues in weapon-carrying in school, implications for psychiatric interviews, 1722
quality assurance for expanded school-based mental health services, students & their families, 38923
recommendations for improving communication between teachers & parents concerning homework for students with disabilities, 22–65 yr old special education teachers, 35542
school counseling model for identification & assessment of therapy for school children from dysfunctional families, 19366
service learning experience, awareness of reciprocity of benefits to self & to other, occupational therapy students & nursing home residents & community dwelling disabled, 6146
students' science concepts, promotion of teachers' professional growth & science knowledge, teachers, 32189
teacher perceptions as predictor of student mathematics achievement, 6th–12 graders, test of accumulation vs dissipation vs stability hypotheses of self-fulfilling prophesy, 32268

Students [See Also Business Students, Classmates, College Students, Elementary School Students, Foreign Students, Graduate Students, High School Students, Junior High School Students, Kindergarten Students, Law Students, Medical Students, Postgraduate Students, Preschool Students, Reentry Students, Seminarians, Special Education Students]—Books

Interventions for students with learning disabilities: A meta-analysis of treatment outcomes, 22559

Students [See Also Business Students, Classmates, College Students, Elementary School Students, Foreign Students, Graduate Students, High School Students, Junior High School Students, Kindergarten Students, Law Students, Medical Students, Postgraduate Students, Preschool Students, Reentry Students, Seminarians, Special Education Students]—Chapters

Personality Inventory for Children, Second Edition (PIC–2), Personality Inventory for Youth (PIY), and Student Behavior Survey (SBS), 26093

Students T Test [See T Test]

Studies (Followup) [See Followup Studies]

Studies (Longitudinal) [See Longitudinal Studies]

Study Habits—Serials

comparison of theories of reasoned action & planned behavior to explain student study behavior during final exams, 17–25 yr old freshman students, 9530
directed thinking about reasons or actions to make studying enjoyable, intentions to study, college students, implications for other beneficial activities, 29590
effect of achievement goal on self reported cognitive style & motivational study strategy & study strategy as mediator of relationship between achievement goal & performance, college students, 32257
elaborative interrogation vs self study learning strategy & unfamiliarity vs familiarity with subject & individual vs paired study, learning & memory, 10-12 vs 14-16 yr olds vs college students, 32243
individual study practices & interaction with learning environment & study success, high-achieving advanced medical students, 12688
intuition-analysis style & process-based & cognitive approaches to studying & validity of short form approaches & Studying Inventory, undergraduates, 32976

lecture-based vs computer based courses, pre-test study time distributions, college students, implications for designing computer-based courses, 25742
past behavior, intention & future studying behavior & test of theories of reasoned action vs planned behavior vs self-regulation, 18–29 yr old undergraduates, 15976
perception of learning difficulty of task, item selection vs increase of self-regulated study time, undergraduates, 25784
predictive validity of Basic Language Morningness Scale measured by morning vs night study time, college students, 36022
preparation for & perceptions of Examination in Marital & Family Therapy, marriage & family therapists , 9332
self-reported use of cognitive study strategies, high school vs university students, 9536
study strategies in computer assisted study environment, learning outcomes, college students with deep vs surface learning styles, 19292
test anxiety vs study habits vs maths skill, test performance in statistics exam, undergraduates, implications for interference vs deficit models of academic performance, 19306
Testbusters study-skills & test-taking training program with behavior contracting, test anxiety & test-taking distress & GPA, 4th–7th graders with moderate-to-severe test anxiety, 38787
utility of Learning and Study Strategies Inventory, usage of learning & study strategies & performance anxiety, college students with learning disabilities, 22919
validity & reliability & conceptual design of Revised Approaches to Studying Inventory & creation of interval level scale, undergraduates, 16383

Study Habits—Books

Handbook of college reading and study strategy research, 38852
Learning and studying: A research perspective, 6222

Study Habits—Chapters

Evaluation of college reading and study strategy programs, 38823
Textbook study reading, 38824

Study Skills [See Study Habits]

Stuttering—Serials

auditory cortical neuron response to monaural tones as indicator of functional organization of the auditory cortex, 22–53 yr old stutterers reading aloud vs silently vs in chorus, 5184
bilateral thalamic infarction, cessation of stuttering & personality regression, 66 yr old male, 37890
clozapine, stuttering, 49-yr-old female with psychotic episode , 38316
concurrent cognitive processes, stuttering & inhalation & speech timing, 23–52 yr olds who stutter, 14883
discovery of cognitive impairment & other neuropsychiatric dimensions through content analysis of speech samples, 20–74 yr olds who stutter, 27990
dysfluency in form vs content word with vs without delaying strategy in spontaneous speech, 2–6 vs 7–9 vs 10–12 vs 13–18 vs 20–40 yr old stutterers vs nonstutterers, 18219
Ease of Speech Production Scale & perturbation tasks, discrimination of mild & recovered stutterers vs nonstutterers, 3282
effectiveness of intensive smooth speech vs parent-home smooth speech vs intensive electromyography feedback, 11–18 yr olds who stutter, 2–6 yr followups, 9278
expressive language abilities, 25–59 mo old preschool recovered stutters vs persistent stutters, 37731
extended exposure to frequency-altered feedback, stuttering frequency & speech rate, 20–50 yr olds, commentary reply, 31025
extended exposure to frequency-altered feedback, stuttering frequency & speech rate, 20–50 yr olds, commentary, 31027
extended exposure to frequency-altered feedback, stuttering frequency & speech rate, 20–50 yr olds, commentary reply, 31033
frequency-shifted feedback, fluency, 9–11 yr old vs 20–24 yr old stutterers, 28799
grammatical characteristics of disfluent conversational utterances & clusters, 4.3 yr olds who stutter vs those who do not, 11765
kinesthetic acuity for jaw movements & stuttering severity, 19–50 yr olds who stutter, 14882
levodopa, stuttering, 44 yr old male with developmental stuttering & Parkinson's disease, 28392
macrostructural vs microstructural narrative abilities during story retelling & story generation tasks, 6–12 yr old stuttering children, 34526
methodological issues in collection & interpretation of data on treatment vs spontaneous recovery from early stuttering & relation to internal validity & speech data & posttrecovery period, commentary, 18222
methodological issues in collection & interpretation of data on treatment vs spontaneous recovery from early stuttering & relation to internal validity & speech data & recovery period, 18221
noise introduced during audio recording, detectability of repetitions & prolongations, 7–12 yr olds who stutter , 8472
normative disfluency data, 2–5 yr olds who stutter, implications for differential diagnosis, 31024
overt phonological errors during part-word repetitions, 25 yr old stutterer, implications for Covert Repair Hypothesis, 27992
persistency vs recovery rates of stuttering, 25–59 mo old preschool children who stutter, 4 yr study, 37734
phonological abilities, 25–59 mo old preschool recovered stutters vs persistent stutters, 37727
phonological encoding & word stress, 15–40 yr old stutterers vs nonstutterers, 27985
sex & attitudes toward verbal communication ability & toward stutterers, 10th & 11th graders, 5185
short- & long-term effects of bullying, members of the British Stammering Assn who are dysfluent, 27989
stuttering adaptation as a result of motor learning, 14–56 yr old native Dutch-speaking males, 8474
stuttering associated with stroke related to damage in dominant hemisphere, 55–68 yr old males with vs without childhood stuttering, 24805
symptoms of anxiety & avoidance & social distress & fear of negative evaluation & agoraphobia, stutterers vs social phobics, 27478
syntactic complexity & utterance length & disfluency, conversational speech, 3.5–5.3 yr olds with normal language formation, 36777
time interval judgment training, real time measurement of stuttering, 20–35 yr olds, 31028
transient paligraphia & severe palilalia & stuttering, male 55 yr old following head injury, 37810
use of noncontingent diaphragmatic breathing in simplified regulated breathing treatment for stuttering, 28 yr old bilingual male, 5186
utterance length & syntactic complexity as predictors for stuttering during free-play with mothers, 3.3–5.5 yr old males who stutter, 18223
verbal disfluency & accessory characteristics in behavioral stuttering, Black vs White 8–12 yr olds, 18220
verbal fluency & grammatical complexity, 5–6 yr olds with vs without language disorders & stuttering vs non-stuttering speech disorders, 37724

Stuttering—Books

Stuttering research and practice: Bridging the gap, 19114

Stuttering—Chapters

The best day to rethink our research agenda is between yesterday and tomorrow, 16440
Bridging the gap between the science and clinical practice, 18226
Clinician–Researcher: A way of thinking, 18232
A conceptual framework for investigating the neurobiology of stuttering, 18229
The effectiveness of stuttering therapy: An issue for science?, 16447
Epidemiologic factors and stuttering research, 18236
Evaluation of child factors related to early stuttering: A descriptive study, 18228
Family communication patterns and stuttering development: An analysis of the research literature, 18225
Integrating affective, behavioral, and cognitive factors in stuttering, 18234
The Lidcombe Program of early stuttering intervention, 19119
On watching a discipline shoot itself in the foot: Some observations on current trends in stuttering treatment research, 19116
A preliminary look at shame, guilt, and stuttering, 18230
Progress under the surface and over time, 19118
Stuttering: A neurophysiological perspective, 18224
Stuttering: A unified approach to a multifactorial, dynamic disorder, 18235

Subconscious—Serials

organization of projections of amygdaloid body & ventral tegmental area & substantia nigra to medial & lateral nucleus accumbens, adult mongrel dogs, 7048
role of deconstruction for psychologists, 36638
role of preconscious in psychoanalysis & patient–analyst resonance of intrapsychic structures, 18645

Subcortical Lesions [See Brain Lesions]

Subculture (Anthropological)—Serials

corporate culture of gay & lesbian congregation, church members & leaders, 4579
cultural aspects & social relations & assimilation processes of the gay scene, 19–27 yr old Southeast Asian gay men who migrated to Australia , 17581
issues in police sub-culture, 22807
official school structure of solidarity & equality & student subculture of equality & subjectivity, secondary school students, Mexico, 6238
use of schizoid dilemma construct in understanding punk phenomena in clinical practice, young adult punk rockers, 12035

Subculture (Anthropological)—Chapters

The circuits of subjectivity in education and popular culture, 17741
Cultural and subcultural theories of homicide, 8412
The sword of reform has two sharp edges: Normalcy, normalization, and the destruction of the social group, 35207
Xenophobia and violence by adolescent skinheads, 37542

Subjectivity—Serials

anorexia as plural collectivity of embodied subjectivity & experiences & body-management practices embedded in practices of postmodern culture & gender power relations, women with anorexia, 21420
commodity form & value in Marxist ideology & commodification of subjectivity in capitalism, implications for psychological practice, 23831
concept of & methods for & psychological significance of investigating subjective experiences, 37165
frequency of self-reports, intensity of subjective pain ratings, 18–21 yr olds, 3444
illustration of potential biases in subjective interpretation of projective tests, implications for psychology education , 12672
intersubjectivity in psychotherapeutic process in organized psychoanalysis, 12120
issues in postmodernism subjectivity experiences, 9775
issues in postmodernism subjectivity experiences, commentary , 9776
locus & extent of subjective hunger sensations, college students, 29927
Marxian views of improvisational dances & productive & textual relations & liberated subjectivities, college students, 27265
mediational model of subjective & self-related concepts of quality of life, 29–81 yr old psychiatric inpatients with severe mental health problems, 2658
need for cultural & historical diversity & subjectivity in psychoanalytic conceptions of sexuality for lesbians & heterosexual females , 4803
official school structure of solidarity & equality & student subculture of equality & subjectivity, secondary school students, Mexico, 6238
post-modern self investigation of egalitarianism & group dynamics & intimacy & empathy & power & subjectivity during feminist research, adult female survivors of child sexual abuse, 14671
post-modern self investigation of egalitarianism & group dynamics & intimacy & empathy & power & subjectivity during feminist research, adult survivors of childhood sexual abuse, commentary, 14202
relationship between organizational control & employment identity & subjectivity & resistance, 12842
role of personality traits for subjective well-being, Ss (mean age 53.2 yrs), 33959
subject-oriented understanding of ideology in critical psychology & individual–society dichotomy, 23836
subjective & behavioral effects of oral delta^9-tetrahydrocannabinol, frequent vs infrequent marijuana users, 20309
subjective experiences, reports of attitude certainty & intensity & importance, college students, 24019
subjective unity of streams of conscious experience in William James' theory of the mind, 16694
subjective vs objective awareness of private mental & physical objects in consciousness, argument against physicalism, 318
subjective vs objective vividness-of-imagery indices & disposition toward hallucination, college students, 26456
subjectivity & aggression death instincts as result of Freud's investigation of that which lies beyond pleasure principle, 24069
subjectivity & body–mind medicine, 25274
subjectivity of all observable phenomena & implications for empirical method in scientific research, commentary on articles exploring first-person experiences of consciousness, 16726
unique vs combined influence of individual & illness & functional & milieu variables, self-esteem & distress & life satisfaction, adults with schizophrenia or schizoaffective disorder, 17898
Winnicottian-based object relations conceptualization of psychoanalytic boundaries & transitional space & process & relation to psychoanalyst's subjectivity, 31 yr old regressed female, 12132

Subjectivity—Books

Changing the subject: Psychology, social regulation and subjectivity, 4704
The power of feelings: Personal meaning in psychoanalysis, gender, and culture, 33866

Subjectivity—Chapters

The circuits of subjectivity in education and popular culture, 17741

The culture of the mathematics classroom: Negotiating the mathematical meaning of empirical phenomena, 6259
Higher mental activity and basic physiology: Subjective difference and reaction time, 4088
Knowing one's own mind, 4340
On "being faceless": Selfhood and facial embodiment, 21013
Social–cognitive development in the first year, 17223
Subject and object, 19900
Teaching career: Between burnout and fading away? Reflections from a narrative and biographical perspective, 22634

Subliminal Perception—Serials

affective neutrality of anagrams as stimuli in subliminal psychodynamic activation & suitability of controls in experimentation & A. G. Greenwald's 2 word challenge, 29662
subliminal presentations, skin conductance responses, female children (aged 9–14 yrs) with spider phobia, 37408
subliminal visual processing of positive vs negative emotional cues, eating, female college students, 16453

Subliminal Stimulation—Serials

affective neutrality of anagrams as stimuli in subliminal psychodynamic activation & suitability of controls in experimentation & A. G. Greenwald's 2 word challenge, 29662
psychodynamic & cognitive & folk psychology views of unconscious processes & subliminal perception & stimulation & modern research on emotion & psychopathological anxiety, 24153
self-esteem & body-shape & -weight concerns assessed in subliminal vs supraliminal lexical decision tasks, female high-restrained eaters, 18182
subjective thresholds & subliminal psychodynamic stimuli, anxiety & heart rate, male vs female college students, commentary reply, 4054
validity of facial EMGs, prediction of subliminal conditioning, adult males, 23271

Submarines—Serials

18-hr duty schedules & knowledge of clock time & exposure to 24-hr social schedules, circadian rhythms, 20–40 yr old male submarine crew members, 22689
simulated distressed submarine & low-level rations & temperature, choice RT & short-term memory performance, male Royal Navy personnel , 19832

Submarines—Chapters

User-oriented design analysis of a virtual environment training system, 22734

Submissiveness [See Obedience]

Substance Abuse [See Drug Abuse]

Substance Abuse Prevention [See Drug Abuse Prevention]

Substance P—Serials

changes in substance P & calcitonin gene-related peptide binding in dorsal horn of spinal cord after sciatic nerve poisoning with pronase, rats, implications for sensory processing in neuropathic pain, 16918
glial cell line derived neurotrophic factor, regulation of capsaicin sensitivity/VR1 & substance P in cultured spinal sensory neurons, rats, 29835
intracerebroventricular administration of substance P, feeding & drinking behavior, food and water deprived male rats, 29990
monoamine releaser p-chloroamphetamine, preprotachykinin & preproenkephalin mRNA expression in anterior vs posterior striatum, rat pups, 10537
neurokinin-1 receptor in anxiolytic action of intrabasalis substance P injection, male rats, 33462
spinal substance P receptor expression & internalization in dorsal horns in acute vs short-term vs long-term inflammatory pain states, rats, 33215
substance P & fibromyalgia syndrome, 1949
substance P & other neurokinins in CNS development & neurodegenerative or psychiatric disorders, 506
Substance P antagonists & neurokinins as possible mediators of emotional distress, implications for novel psychotropics in treatment of depression & anxiety & schizophrenia, 17106
tachykinin NK-1 receptor agonist RP-67580, stress-induced analgesia, male rats, 23484

Substantia Nigra—Serials

acute & chronic administration of olanzapine vs clozapine & haloperidol, firing rate of substantia nigra reticulata neurons, male rat brains , 26857
benztropine & haloperidol, substantia nigra dopamine neuron electrophysiological activity, male rats, implications for treatment of antipsychotic drug-induced movement disorders, 17112
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65 yr old female, commentary, 35093
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65-yr-old female, commentary, 22075
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65-yr-old female, 22039
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease & pallidotomy surgery, 65-yr-old female, commentary, 35073
induction of transient acute depression by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65 yr old female, commentary reply, 35072
induction of transient acute depression vs laughter by continuous high-frequency stimulation to left substantia nigra in treatment of Parkinson's disease, 65 yr old female, commentary, 35092
lesion of A8 cells in retrorubral area, functioning of substantia nigra pars reticulata, cats, 33184
local vs systemic amphetamine, acetylcholinesterase release in substantia nigra & simultaneous amphetamine-induced circling, male rats, 10589
pertussis toxin lesions, inhibitory effects of S(-)3-amino-1-hydroxypyrrolidone-2 on nigral dopamine & possible mediation by GABA-B, male rats, 36459
role of enkephalinic brain structures in regulating motivation behaviors, male rats with lesioned serotoninergic neurons, 4270
ultrastructure of synaptic contacts in immunocytochemically identified dopaminergic neurons in substantia nigra, patients with schizophrenia (aged 66–75 yrs at time of death), 21142

Subtests—Serials

correlates of Myers-Briggs Type Indicator-Expanded Analysis Report subscale scores with independent observer ratings & behavioral descriptors, adults, 22847
cross gender group test reliability, revised Eysenck Personality Questionnaire subscales, males vs females, application of bootstrapping methodology , 11218
intercorrelations between & criterion validity of MMPI-2 subtle-obvious subscales & association with crime history, male prison inmates, 16348
internal consistency of 3 tests from Halstead-Reitan Neuropsychological Battery for Older Children, 9–14 yr olds referred to special services cooperative due to academic & behavioral concerns, 13094
interscorer reliability of hand-scoring MMPI-2 protocols True Response Inconsistency Scale & Variable Response Inconsistency Scale, assessment of malingering, male prison inmates, 11209
IQ differences & precision ranges for levels of confidence for use with seven-subtest short forms of WAIS-III, 29321
level of self-concern assessed by & effect of associated psychological pathology on Rorschach Egocentricity Index, 18–38 yr olds with intellectual disability, 1874
order of item difficulty on WAIS-R Picture Arrangement subtest, alcohol dependent patients (mean age 46.4 yrs), 30906
professional & research bases for use of Arithmetic & Coding & Information & Digit Span subtests of Wechsler Intelligence tests toassess pupils with specific learning problems, commentary, 29421
professional & research bases for use of Arithmetic & Coding & Information & Digit Span subtests of Wechsler Intelligence testing series to identify & assess pupils with specific learning problems, 22915
psychometrics of revised Spanish version of Psychoticism scale of Eysenck Personality Questionnaire, 16–77 yr olds, 32610
psychopathology & learning disabilities & WISC-III subtest scatter, year 9 & 10 students, 9888
renorming & rescaling of raw scores of Luria-Nebraska Neuropsychological Battery-Form I, 19–90 yr old medical patients, 13095
structure & diagnostic benefits of subset taxonomy from WISC-III standardization sample, 6–16 yr olds, 9842
supplementary WAIS-III tables for determining subtest strengths, 3285
test standardization & local norms of Test of Adolescent/Adult Language-3 subtests, 18.3–20.2 yr olds, 22841
validity of Myers-Briggs Type Indicator-Expanded Analysis Report subscale scores, adults, 22853

Suburban Environments—Serials

beliefs & practices regarding cultural diversity, student teachers in urban vs suburban field placements, 9524
individual/family household characteristics & SES & immigration & geographical location & assimilation, suburban vs city residency, minority groups & Whites in 1980 vs 1990, 27117
risk behaviors, rural vs urban vs suburban adolescents, late 1980s to 1996, 24410

Suburban Environments—Chapters

Educative physical planning: Housing and the emergence of suburbia in Sweden, 29219
Image is more important than experience: A case study of hi-tech home building in response to shifting home identities, 29222

Success [See Achievement]

Successive Contrast [See Afterimage]

Sucking—Serials

abundance & quality of food resources & fluctuating population density, mother–lamb relationship & nursing behavior, mouflons on subantarctic Kerguelen archipelago, 36360
discrimination of own vs other cry, facial behavior & nonnutritive sucking rate, 1–3 day olds, 10767
experience with nipple & milk & expression of oral grasping, sustained attachment to empty surrogate nipple, newborn rats, 10342
oxytocin vs antagonist at early vs middle vs late meal phase event, milk ejection & suckling bout length, cow–calf pairs, 4213
suckling behavior, milk & energy intake, horses, 16786

Sucking—Chapters

Sucking and massage therapy reduce stress during infancy, 20463

Sudan—Serials

suicidal ideation, female college students vs displaced persons, Sudan, 14669
symptoms & structure & nature of febrile onset psychosis associated with malaria, Sudan, diagnostic implications, 1563

Sudden Infant Death—Serials

long-term impact on affect & life experiences & understanding of sudden infant death syndrome, 33–55 yr old parents, 12–15 yr follow-up study, 37152

Sudden Infant Death—Chapters

Environmental aspects of infant health and illness, 11828

Suffering—Serials

experience of meaning in suffering in narratives of Holocaust survivors & Auschwitz survivor Victor Frankl, 25010
intensity of pain & suffering & nociceptive processes & pain feeling & cognitive processing & affective-motivation processes, adult rheumatology inpatients, 1939
relationship between concepts of enduring & suffering & uncertainty & hope, 24032
suffering & dialectical self in Buddhism & relational psychoanalysis, gay male with suicidal depression, 14363
therapeutic application of Pictorial Representation of Illness & Self Measure to measure burden of suffering & facilitate clinician-patient communication & monitor changes with treatment, patients, 26202

Suffering—Chapters

Anxiety sensitivity and chronic pain: Empirical findings, clinical implications, and future directions, 11485
Reasons, rationality, and ways of life, 11578
Spirituality, suffering, and beliefs: The soul of healing with families, 38183

Suffocation [See Anoxia]

Sugars [See Also Glucose]—Serials

2,5-anhydro-D-mannitol, Fos like immunoreactivity in brainstem & forebrain structures, chronic decerebrate vs neurological intact male rats, 4171
absolute vs relative rewarding properties of fructose vs glucose vs saccharin mixtures, effectiveness in producing anticipatory contrast, rats, 26467
acute vs chronic predator stress induced by rat sensory stimuli, sucrose intake & plus-maze anxiety, male mice, animal model & housing implications, 33101
bremazocine, unrestricted free-choice ethanol self-administration without affecting sucrose preference, rats, implications for clinical management of ethanol addiction, 17076
chocolate pudding sugar & fat content, perception of sweetness intensity & pleasantness & caloric density & fillingness & hedonic responses, females , 3437
chronic dietary inositol, locomotor activity & brain inositol levels, rats, 694
chronic mild stress, consumption of sucrose solution, male rats, 4019
concentrations of sucrose in water & orange drink & foods, perceived sweetness, male vs female 8–9 yr olds vs adults, 26984
consumption of & preference for sweets & excessive alcohol intake, animals & humans, 26790
developmentally sensitive behavior interventions & sucrose, pain relief, very low birth weight neonates, 12344
effects of microinjection of D2 dopamine antagonist raclopride into ventral tegmental area, ethanol & sucrose self-administration, male Long-Evans rats, 13809
emotion-induced eating & sucrose intake & adiposity, 9–10 yr old Black vs White females, 18193
flavor conditioning effects of intragastric infusions of maltose vs sucrose, female rats, 3642

galactose & glucose & fructose postingestive flavor conditioning & satiation, food-restricted female rats, lactose intolerance implications, 33037
individual differences in sucrose consumption, anxious behaviors in elevated plus maze & acoustic startle reflex paradigms, male rats, animal model of anxiety, 4033
lithium vs sucrose vs morphine vs cocaine UCS, caloric intake of sucrose CS, food-deprived male rats, test of reward vs aversion hypotheses of appetite suppression by drugs of abuse, 33404
neuropeptide Y vs glucose antimetabolite 5-thio-d-glucose icv, appetitive conditioned responding to CS for peanut oil vs for sucrose pellets, food-sated male rats, 13690
operant responding on progressive ratio schedule for intravenous cocaine & sucrose reinforcement during reproductive process, female rats, 33416
peptide 1-27 vs cholecystokinin, intraoral vs independent intake of sucrose & milk solutions, adult male Sprague-Dawley rats, 36614
responding maintained by sucrose & ethanol reinforcement & lever-press responses, rats, 13393
stress, reinstatement of nicotine vs sucrose seeking behavior, male rats, 29982
sucrose, acute tobacco withdrawal, female smokers, 678
sucrose–quinine solution acclimation, sucrose–quinine vs ethanol intake, male rats, 748
sweetness of intraoral sucrose, calming & mouthing & hand-mouth contact, crying newborns, 30118
taste difference thresholds for sucrose, frugivorous spider monkeys vs omnivorous baboons, 20003
water deprivation, morphine- vs lithium-induced suppression of sucrose intake, male rats, 33411

Sugars [See Also Glucose]—Chapters

A two-phase model of the soothing taste response: Implications for a taste probe of temperament and emotion regulation, 20453

Suggestibility—Serials

accuracy & suggestibility following witnessing of criminal vs neutral event, 1st graders, implications for assessing children's memory performance in criminal eyewitness situations, 13012
alcohol, interrogative suggestibility & mood states, 19–28 yr olds, 13014
behavioral &/vs verbal response to question asked & suggestion given before vs during vs after hypnosis, high hypnotizable college students, 26458
changing beliefs & memories about past events through dream interpretation with highly personalized suggestion, college students, 19856
cognitive load, hypnotic responding, high vs low suggestible college students, 26460
conservation & self-rated social desirability & teacher-rated assertive social skills & shyness-anxiousness & acting out & individual differences in susceptibility to leading questions, 1st graders, 841
developmental perspective on suggestibility of memory in childhood, 13932
dissociative experiences & reality monitoring disruptions & false positive confabulations & fantasy proneness, 16–43 yr old college students, implications for retrospective study of trauma, 36269
experienced vs never experienced medical procedure, memory & forgetting & suggestibility & emotions, 3–13 yr olds, 13951
false suggestions, recollective quality of memory for item source using self-generated or self-referenced information vs word lists, college students, 10202
imagery vividness & interrogative vs hypnotic suggestibility & dissociativity, inflation of likelihood of judging imagined childhood events as real, college students, 29635
individual differences in hypnotizability vs imaginative suggestibility, 17–29 yr old college students, 30484
interrogative suggestibility & anxiety & drug/alcohol withdrawal & memory disturbance, coerced false confessions to robbery, 21 yr old male & 22 yr old female, 37507
interviewer distorted details, responses to questions during investigative interview, 3–14 yr old alleged victims of child abuse, 13013
level of suggestibility, recovery of false memories of childhood sexual trauma in treatment, female psychiatric patients, 37479
memory &suggestive questioning & recall of final occurrence of repeated events with fixed vs variable items, 3–8 yr olds, 36759
misleading narrative stimulus & written vs pictorial stimulus modality in testing procedure, suggestibility & misinformation effects in memory retrieval & object recognition, 17–58 yr olds, 32953
perceptually based vs suggested eyewitness memories & misled witnesses invention of false descriptions, college students, 36273
question format & other situational factors, memory & suggestibility, 4–7 yr olds, 10769
question type & brief preinterview training with instructions & practice, responses to questions in structured interview, 9–13.9 yr olds, 10772
source credibility & time delay, memory suggestibility, undergraduates, 295
story set at home vs away school, processing of unsupported assertions, college students, 16608
strength of original vs misleading information, memory for an event, 3–5 yr olds, 17270
warning about hypnotic false memory, suggestibility & false memories, highly hypnotizable undergraduate students, 314
yes/no recognition vs source monitoring test format, source-memory performance & eyewitness suggestibility, Ss ages 63–82 yrs, 16655

Suggestibility—Books

Clinical hypnosis and self-regulation: Cognitive-behavioral perspectives, 8976
Recollection, testimony, and lying in early childhood, 20450

Suggestibility—Chapters

The Carleton Skill Training Program for modifying hypnotic suggestibility: Original version and variations, 8977
Hypnosis and response expectancies, 29669
Self-regulation therapy: Suggestion without hypnosis, 8799
Suggestion, imagination, and the transformation of reality, 36106

Suicidal Ideation—Serials

acculturative stress & depression & suicidal ideation, immigrant Mexican-American adolescents, implications for development of suicide prevention programs in schools, 4844
age, suicidal ideation, 50+ yr old depressed inpatient suicide attempters vs nonattempters, 37457
aggression & self injury & suicidal behavior & impulsivity, male vs female adolescent psychiatric inpatients, 24428
anxiety & depression & suicidal ideation within 4–6 wks of revelation of HIV-seropositive status, 20–40 yr old heterosexuals in India, 1974
attachment patterns & suicidal ideation, 10–17 yr old psychiatric patients, 5027
attempted suicide & suicidal thoughts, 9–16 yr olds, 24411
base rates for suicide items of MMPI-2, adults, 35961
changes in projective identification & symbolization, 5 yr old suicidal male undergoing psychoanalysis, 5589
Chronological Assessment of Suicide Events interviewing strategy for elicitation of suicidal ideation in mental health & primary care settings, 6633
cluster of suicide & suicide attempts & ideation, Manitoba First Nations community, Canada, 1741
cognitive vulnerability & hopelessness & suicidality, college students, 2.5 yr study, 5004
depression & anxiety & aggression & death concepts, suicidality & suicidal behavior, 12–19 yr old suicidal vs nonsuicidal inpatients vs emergency room suicidal patients, 8260
depression & anxiety & suicidality, temporal course of suicidal ideation or suicide attempts, 14–45 yr olds with recent onset schizophrenia, 1 yr study, 8162
depressive symptoms & suicidality, 12–18 yr old incarcerated juvenile delinquents, 27908
developmental & familial & other correlates of suicidal ideation & plans & attempts & completions, child siblings with mothers with major depression vs bipolar disorder, longitudinal study, 24434
discriminant validity of Geriatric Depression Scale, identification of suicidal ideation, 60–95 yr old male patients in psychiatric hospital & nursing home, 1734
efficacy of treatment approach involving remediation of suicide ideation & behavior, 17–77 yr olds in crisis intervention program, 31956
epidemiology & genetics of suicidality, 27–89 yr old monozygotic twin pairs, 5055
estimates of prevalence of mental disorders & diagnosis & treatment & referral approaches & perceived obstacles to care provision, 30–80 yr old primary care physicians of different specialties, 35425
exposure to suicide of others & depression & parent perception & attitudes about life & death, suicidality, parentally bereaved 13.4–19.6 yr olds, 21240
exposure to violence, suicidal ideation & depression & PTSD symptomatology, inner city 11–15 yr olds, 27479
factor structure & validity of Adult Suicidal Ideation Questionnaire & Linehan Reasons for Living Inventory, assessment of suicidal thoughts & behavior, adult psychiatric patients, 19627
family rigidity & adolescent problem-solving deficits & suicidal ideation, 18–20 yr olds, 5008
history of sexual or physical or emotional abuse &/or neglect, risk of suicide attempts or ideation or self-mutilation, psychiatrically hospitalized 12–18 yr olds, 11540
hopelessness & optimism & suicidal ideation, college students, US vs Ghana, 27364
impact of comorbid affective & alcohol use disorders, suicidal ideation & attempts, 23–78 yr old veterans with unipolar depression vs bipolar I disorder with vs without alcohol use disorder, 22691
incidence of suicidal ideation & planning & attempts & sublethal precursor behaviors, US, 1994, 27766
inpatient psychoanalytically oriented treatment program, treatment compliance & recurrence of attempts,16–21 yr olds with history of suicide attempts or thoughts of suicide, 25498
level of hopelessness, geriatric outpatients with major depression who responded to drug treatment & with/vs without history of suicide attempts or suicide ideation, 1732
life history & satisfaction & suicidal intent, older women, 1696
link between childhood sexual &/or physical abuse & adult self-harm & suicidal ideation & attempt, 1726
major risk factors of suicidal ideation among the US drinking population, 18+ yr olds, 21239
maternal depression & family functioning & suicidal symptoms, children (mean age 11.8 yrs), 1-yr study, 5019
mentalistic perspective on suicide & psychache, 1729
methodological factors affecting screening for suicidal ideation, children & adolescents of depressed vs well mothers, 5025
model of & increased risk for suicidal behaviors, physically abused 12–18 yr olds, 37476
model of relationship between stress & negative life events & suicidal behavior, adolescents, 5052
nature & origins of patients' internal & external object relationships, psychodynamic psychotherapists working with suicidal patients, 11558
number of suicidal communications prior to attempt & lethality of suicide attempt, 10–18 yr olds in residential group home, 5021
object relations perspective on self injurious acts as expression of latency age suicidal intentions, 8 & 12 yr old males from abusive homes, case report, commentary, 30849
panic attacks & suicidal ideation & suicide attempts, 13–14 yr olds, 37497
pathological narcissism & sudden suicide-related collapse, 22–29 yr old males who survived suicide attempts, 1725
patients' perceptions of therapeutic & nontherapeutic aspects of constant observation, hospitalized suicidal patients, 32002
perceptions of female suicidality & separation individuation conflict, 8259
personal experiences of suicidal healing, 27–57 yr olds who had been suicidal, suicide prevention & treatment implications, 34275
personality dimensions of 5-factor model as predictors of suicidal ideation, undergraduates, 30855
personality disorders in adolescence, Axis I disorders & suicidality in early adulthood, 9–19 yr olds, 1983–1993, 34240
physiological reaction to suicide film, suicide attempters vs suicide ideators vs nonsuicidal psychiatric inpatients, 1685
prediction of source & recency & degree of stress & suicide ideation, 14–18 yr old high school students, implications for prevention & intervention, 17995
presence of anxiety, 8–11 yr olds with suicidal ideation, 1672
prevalence & detection of malingering, patients (mean age 35.7 yrs) hospitalized for suicdal ideation or attempt, 27811
prevalence & detection of malingering, patients hospitalized for suicidal ideation or attempt, 1723
prevalence of & risk factors for lifetime attempted suicide, National Comorbidity Survey respondents aged 15–54 yrs, 27788
prevalence of mood disorder, children & adolescents who commit or attempt or consider suicide, 14664
prevalence of suicidal ideation & attempted suicide & method of attempt & sociodemographic correlates, city residents aged 15 yrs & over, Ethiopia, 34281
prevalence rates of & factors affecting suicide ideation & attempts, 18–64 yr olds, 9 countries, 11570
psychiatric sequale & risk factors for suicidal ideation, male vs female friends of suicide victims, 6.3 yr followup, 11557
psychoanalytic reading of notes that were final letters or wills & testaments, male volunteers for dangerous or suicidal missions involving regional Middle East conflicts, 17730
psychosocial factors & suicide attitudes, suicidal ideation, Caucasian vs African American vs Hispanic 16 yr olds from low income neighborhoods, application of developmental perspective, 14684
psychosocial risk factors, suicidal vs nonsuicidal 14–19 yr olds, Slovenia, 24469
rates of suicidal ideation & self-harm assessed in school vs at home, 13–14 yr olds, 5045

recurrent suicidality & acute symptom remission, inpatients with mixed vs pure bipolar disorder, 8098
relationship between insight into mental disorder & suicidality, 18–70 yr old patients with schizophrenia, 24285
relationship between specific MMPI-Adolescent profile patterns & endorsement of items related to suicidal ideation, adolescents with depression or conduct disorder or other psychiatric disorders, 13056
relationships among substance abuse & suicidal ideation & suicide & other drug related deaths & requests for treatment, 24446
reliability & validity, Suicidal Ideation Questionnaire-JR, 11–15 yr old inner-city parochial school students, 16350
religiosity & vulnerability to suicide attempt or plans, depressed outpatient Afghan refugees, Pakistan , 14128
risk factors for suicide attempts, 19–63 yr old women with history of alcohol problems, 27789
risk of psychiatric disorders & suicidal ideation & suicide attempt, 21 yr old gays & lesbians & bisexuals, longitudinal study, 37461
scales for measuring current & worst suicide ideation & Beck Hopelessness Scale, prediction of suicide risk, psychiatric outpatients, 10 yr study, 19608
self esteem & loneliness & fatalism & pessimism & depression, risk of suicidal thinking & ideation, 10–17 yr olds with vs without history of suicide attempts, 8286
self- vs clinician-rated suicide assessment & discrepancies, young adults referred for suicidal ideation or behavior (mean age 22 yrs), 14676
self-esteem & locus of control & stress & social support & perceived health & drug & alcohol use & not depression, suicidal ideation, male vs female 12–18 yr old French vs English Canadians, 10839
setoperone positron emission tomography, assessment of prefrontal cortex serotonin receptor binding, 18–45 yr olds with depression & suicidal ideation, 27614
sex attitudes & depressed mood & stress, prediction of suicide ideation, 14–17 yr olds, 37513
sex, depression & self-defeating & self-destructive behaviors as predictors of suicidal ideation, 18–60 yr olds, 17994
sexual orientation, suicidal ideation & attempts, 21 yr old gays & lesbians & bisexuals & middle aged veteran male twins in which 1 member reported having male sex partners in adulthood, commentary, 37463
sexual orientation, suicidal ideation & attempts, 21 yr old gays & lesbians & bisexuals & middle aged veteran male twins in which 1 member reported having male sex partners in adulthood, commentary, 37436
